*British Lounge Model**

The Worsted-tex Suit

{Lined with Super Celanese}

The British Lounge Model* — of English origin — represents a new trend in men's clothing. It combines shapeliness with complete comfort and is flattering to the figure of almost every type of man.

The photograph above shows you the slightly longer jacket — lower waistline — extra fullness of fabric at the chest — tapered sleeves — and lapels which are broader and more sharply angled forming a triangular line from chest to waist. These details create a slender hip

line — add phantom inches to the height of short men and breadth to the shoulders and chests of tall men. The British Lounge Model* actually brings out the good points of your figure and subdues the bad points. All this is achieved with gentlemanly restraint and good taste.

Worsted-tex Suits are also made in other models — conservative and semi-conservative, and in a variety of colors and patterns to please every type of man. See them in any of the stores listed in the columns at the left.
