NEW WAY TO RESTFUL SLEEP!

TIRED MUSCLES, TENSE NERVES EASED AS NEVER BEFORE ON FROTHY LATEX FOAM!

REST LIKE THIS IS PRICELESS!

U.S. ROYAL FOAM SPONGE MATTRESS

ONLY 49⁵⁰

FLOATS YOUR BODY ON MILLIONS OF AIR CUSHIONS

Deeper, More Relaxing Sleep! The U. S. Royal Foam Sponge mattress brings you a thrilling restfulness you've never known before. You neither lie on nor sink into it. You float... yes, literally float... buoyed on millions of tiny air cushions that ebb and flow to every contour of your figure.

Ends "Mattress Fighting"! This positive, resilient buoyancy takes the place of mere dead softness. You no longer "fight" smothering layers of padding. You move as easily and naturally as a swimmer in water. And your body is supported as evenly! Your weight—whether 50 or 350 lbs.—is so perfectly distributed you lose all consciousness of a mattress under you!

NOW I CAN SLEEP! The Foam Sponge Mattress lets me Relax... FLOATS ME OFF TO SLEEP!

Years In Use Prove Longer Wear! The U. S. Royal Foam Sponge mattress may be a new comfort thrill to you, but its longer life is an old, proven story. Years of use in Pullmans, hotels, hospitals—and thousands of homes—have proved it sag-proof. No wonder!... it contains no inner parts to break or sag—no padding to pack down or form lumps... only pure latex made permanently resilient by the exclusive "U. S." process. This means your Foam Sponge mattress will hold its brand new shape year after year! It means you never have to turn your Foam Sponge mattress because it smooths itself!

What Is U. S. Foam Sponge? Pure milk of rubber trees (latex) whipped into foam, molded by the "U. S." process that assures permanence. Ask your dealer for a sample... sniff it... it's odorless! Stretch it. Notice the countless silky, microscopic latex filaments with tiny connecting air pores in between. In this light, tough, springy web—alternately imprisoning and releasing millions of air bubbles—lies the secret of buoyant, more restful support and more thorough, hygienic ventilation!

It Breathes! Cooler in Summer... Warmer in Winter! Each time you move on Foam Sponge... ventilating the mattress through-and-through... bathing you in fresh clean air!

Your whole body is gently "fanned" cool in summer. In winter, the same circulating action distributes body warmth more evenly under the
