EVERY 90 SECONDS SOMEONE BUYS A

Grunow TELEDIAL!

(PATENT PENDING)

THE OTHER RADIO
WE WERE LOOKING AT
WAS \$117.50—HAD ONLY 9
TUBES AND DIDN'T
HAVE TELEDIAL!

ITS QUALITY and the price of \$99.95 for the "Teledial Twelve" makes it today's outstanding radio value. Here are prices of other 12-tube radios, none of which have the TELEDIAL "self-tuning" feature.

Radio A	\$139.95
Radio B	149.95
Radio C	149.95
Radio D	149.95
Radio E	149.95
Radio F	150.00

FIFTEEN STATIONS IN 12 SECONDS!

As fast as you can flick a finger, TELEDIAL takes you from station to station—no intervening noise or talk—every station, local or distant, perfectly tuned—record time for tuning in all 15 stations on dial, 12 seconds flat.

DIAL IT YOURSELF
Go to your nearby Grunow dealer and demonstrate to your own satisfaction the advantages of TELEDIAL. Bring in stations by a single, careless finger stroke.

Grunow now building 2000 sets a day, and going up. Leading its field because it's a finer radio than any you've heard, at a price that makes it the only radio to buy.

THAT'S
BERLIN—NOW LET'S
JUMP DOWN TO
RIO!

TELEDIAL RECEPTION is true All-World, not merely "long distance". You not only get foreign signals but you get them with ease (on the conventional dial), and with a clarity of tone that not even the most expensive sets surpass. The set illustrated is the new Grunow "Eleven", an All-Wave, All-World, 11-tube set priced at \$69.95.

CHILD TUNES TELEDIAL!

Little children 3, 4 and 5 years of age can get their programs without help from Mother or Daddy. And they cannot harm TELEDIAL mechanism. In a few minutes, blind people can learn location of stations on TELEDIAL and accurately secure favorite programs.
