Millions Soon to See in Movies

the Great Battle of Waterloo.

If Your Teeth Are Bad, Fix Them
by Getting Yourself a New Job.

When you are good at
to do something, no amount of
money can make up for it. 

The average dentist has been
practicing for about a year, and
his patients have been
improving steadily ever since.

He is not likely to get any
better than he is now, and
the only way for a man to
do better is to get another
job.

If you want to make a
success of your dental
business, you must have
a good job.

In the summer months,
when there are more
patients, the dentist has
more work to do.

This is why he is able
to make more money than
the average person, and
why he is able to live on
his earnings.

But in the winter months,
when there are fewer
patients, the dentist has
less work to do.

This is why he is not able
to make as much money
as the average person,
and why he is not able to
live on his earnings.

If you are good at
something, you must have
a good job.

If you want to learn
how to be good at
something, you must
get a good job.

If you want to
make a success of
your dental business,
you must have
a good job.
