THE NEXT GOVERNOR OF NEW YORK IS HERE—If you like, you may exercise your political sagacity by picking the winner from the pair. Democracy has picked on Gov. Al Smith, at the left, in the hope of sending him to Albany for still another term; and his Republican opponent is Rep. Ogden L. Mills, at the right.

The table shown here is the Junior Grand

Perhaps Magnesia Would Do Likewise for YOU!

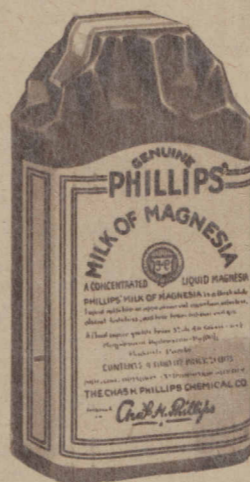

MR. P., WHILE ONLY in his forties, would belch after a hearty meal. One cigar too many, and his breath betrayed it. Strong perspiration—first sign of auto-intoxication. Then an older man persuaded him to take a pleasant spoonful of pure milk of magnesia. Every day for a time, now only on occasions. Mr. P. today can eat anything—and does! Smokes incessantly—with no noticeable harm.

When millions of Americans have taken to milk of magnesia, there must be something back of it. There is! The medical profession frankly proclaims it the swift and safe corrective of over-acidity—of the stomach, and whole system. It tones and strengthens women; it brings back men—with a bang!

A WASHINGTON FAMILY in which burning doses of bicarbonate of soda had become almost a part of each meal, now enjoys immunity from indigestion and heartburn—through milk of magnesia. Nothing so quickly relieves distress, and it is at the same time corrective of the acid-condition that causes it. So milk of magnesia users do actually "outgrow" poor digestion.

LITTLE ETHEL B. was a drooping child until, in her fourth year, she got her thrice-weekly milk of magnesia. A bundle of health ever since. Nor has she had a purgative from the time magnesia began sweetening and strengthening her system.

PHILLIPS is the original and real milk of magnesia endorsed by physicians and dentists. The same product they use in their regular practice, and recommend for your own use. So, familiarize yourself with the wrapper—and remember the name Phillips.
