The Saxon-weave Suit \$35

OF WEARLONG WORSTED

"The Suit that Requires Fewer Pressings"

The upkeep of a suit of clothes is usually quite an expense over the course of a year in pressing bills alone. If you find this expense a burden, you will be interested in "this suit that requires fewer pressings"—because it holds its shape and crease longer.

There is no mystery to this. Saxon-weave is tailored from a cloth called "Wearlong Worsted" which derives its shape-holding and wrinkle-resisting qualities from the unusual

grade of wool that is used in its spinning and the special cable twist construction. For the same reason it wears longer and resists "shine."

As to the appearance of the suit, the photograph above was taken on an average man. Please note carefully the fine texture of the fabric, the perfect fit, the high quality of workmanship obvious in every line of the garment. It is made by the makers of the famous Worsted-tex Suit.
