COUNTY PUSHES
ROUTE STUDY ON
SUPERHIGHWAY

Must Submit Proposal to
State March 1.

Aid Cook county is planning a
supernovas project which will be
begun this month. The purpose
of the study is to determine
whether or not the county
will be able to afford the
construction of a superhighway
along the north central Ioca-
Cohi avenue, thirty-five possible
Wacker drive and Oak street. North-
to six possible connections with the
Higgins road, Algonquin road, North-
and extending in a northwesterly di-
finding into the city from downstate and
encountered in designing and con-

Safeguards Are Set Up
for Motorists.

Highway officials have made use of
highways for future traffic. They
are working on the possibilities of
highways which will be used in the
near future to accommodate the
driver's convenience. The
will be made on the
possibility of highways which will be
used in the near future to accommodate
the driver's convenience. The

Motorists of Chicago and Illinois
are insisting that the state highway
be small enough to fit into the trunk
of the car, which is now an
accustomed part of the car. It
is the only way to
