Healy of the.

School 27,000 Mechanics on '40 CHEVROLETS

Traffic congestion and unauthorized parking have been reduced on Skokie Highway in Skokie, Ill., due to the installation of curbs and a pedestrian crosswalk north of the Ottawa Avenue intersection. The project was undertaken by the Skokie Village Highway Department. The crosswalk, which is designed to a maximum width of 66 inches, has a left turn lane on the road side of the crosswalk.
