

CARRANZA SAYS HE WILL FIGHT; VILLA IN CAPITAL

Latter Enters Mexico City After Escaping Train Wreck and Mined Railway.

Washington, D. C., Dec. 1.—Gen. Carranza's determination to "end the present struggle by force of arms" was asserted in a telegram from him made public tonight by Rafael Zubaran Capmany, head of the local Mexican Constitutional agency. The telegram denied the rumor that Gen. Blanco had been imprisoned, and said further:

"The report that Gen. Gonzales has declared himself president of the republic is untrue. He is at Pachuca with part of his troops and remains steadfast in his loyalty to the first chief.

"Also deny the reports published in the American press stating that Gen. Caballero has joined the convention forces; he continues loyal to the Constitutional cause. I have ordered Gen. Lopez de Lara to join him with a reinforcement of 2,000 men."

Predicts Great Triumph.
"I am visiting the states of Vera Cruz and Puebla; all the people are with us. The reactionaries today, as in the times of Huerta, are using falsehood as a weapon against us, and are willing, like Huerta, to go to the lengths of provoking intervention. We shall triumph more gloriously over the reactionaries than even in 1850.

"You may deny the reports of any compromising agreements with me. I am determined to end the present struggle by force of arms."

U. S. Gets Good Reports.
Optimistic reports showing that the Villa-Zapata coalition supporting the provisional government of Bullo Gutierrez was maintaining order in Mexico City and restoring normal conditions there were made public today at the state department.

Two dispatches from American Consul Silliman and the Brazilian minister at Mexico City which were read to President Wilson and his cabinet by Secretary Bryan were given out in paraphrase tonight. They show that while Gen. Zapata has been in Mexico City, he has declined to go to the national palace, keeping his headquarters in the suburbs.

The official dispatches gave a much more hopeful and optimistic review of conditions than the American government has received in many weeks.

Villa Enters Mexico City.
Mexico City, Nov. 30.—[Delayed.]—Gen. Villa entered the capital today at the head of about 25,000 troops. He arrived during the afternoon in the suburbs, where he remained during the evening, receiving delegations and foreign consuls. Villa will not enter the main part of the city until the arrival of Provisional President Gutierrez.

Gen. Villa issued the following statement: "My only mission is to restore order in Mexico, and not to take personal revenge on any one. I promise that order will be restored at once. I am acting as the subordinate of Provisional President Gutierrez and the national convention.

"The provisional president is now the supreme power in Mexico and I am merely acting as head commander of the armies. All foreigners and foreign property will be protected."

Villa Forces Win Victory.
Villa left Tula this morning after receiving news of the capture of Pachuca, the cavalry brigade of Gen. Raul and the Carranza troops retired a skirmish between outposts.

"I came here as a friendless prisoner of Huerta," remarked Gen. Villa at his arrival.

Gen. Villa had a narrow escape from death just before his entry into the city. His train collided with the train of Gen. Chao above Tula. Thirty-two persons were killed and forty injured.

One mile below the site of the wreck six mines were found, connected with a battery concealed in a ravine. The general's train passed over these mines, which were not discovered until the next morning.

More Hit on American Side.
Naco, Ariz., Dec. 1.—Stray bullets from the siege guns at Naco, Sonora, wounded two more persons on the American side today, making a total of forty-three dead and wounded here during the two months of the siege.

FOSS WANTS BIG NAVY PEACE
Says Some Nations Will Not Recognize Honor Unless Backed by Guns.

Congressman George E. Foss of the Tenth Illinois district made an address at the "United States Navy" at the first of a series of fellowship banquets last night at the Illinois club.

"I maintain that in this age the need of a big navy is urgent," he said. "What are the ideals and honor of a nation if it has not the power to maintain them? These ideals? We all believe in peace, but there are nations in this world of ours that will not recognize virtue and honor unless it is backed up with men and guns.

"International agreements mean nothing unless we can enforce them with our arms. Wars come quick when they do come, and we must ever be ready for war. A nation that cannot protect its citizens does not deserve the name of a nation."

HONOR FOR YOUNG ATTORNEY
Louis J. Behan, Made Master in Chancery, Youngest to Fill Post.

Attorney Louis J. Behan was appointed master in chancery of the Circuit court yesterday by Judge Fred A. Smith.

Mr. Behan was born in New Orleans thirty-six years ago, has been a resident of Chicago for twenty years, and is said to be the youngest man ever named to fill the post of master.

Dance Minuet in Powdered Wigs and Laces.

Left to Right—Miss GILLETTE BARNES, Mrs. EDWIN EARL, Miss MARCIA M. WARREN, Miss HELEN WARREN, Miss SUE CHATFIELD

Forty girls will take part in the annual entertainment to be given under the auspices of the Colony of New England Women at the Blackstone hotel next Tuesday afternoon. Powdered wigs and laces like those of colonial times will be worn. The minuet and other stately old dances are on the program. The proceeds will be divided between the club's philanthropies and the various city charities.

REACHES LONDON TO FURTHER PLAN TO AID ORPHANS

"Tribune" Agent Will Discuss Proposal with Relief Workers in Warring Nations.

[SPECIAL CABLE TO THE TRIBUNE.]
LONDON, Dec. 1.—Charles N. Wheeler, special representative of The Tribune, arrived in London today to investigate the war orphan situation, with a view to making arrangements, if possible, for some of the orphans to go to American homes.

He will work in cooperation with the American consular agents in the countries involved in the great struggle, and will be assisted by the various relief societies formed in England. The American state department and the child welfare bureau of the federal government also will lend their support toward clarifying the situation.

London Support to Plan.
The proposal has received an enthusiastic support by persons of prominence in all classes and creeds in London. The Dowager Queen Alexandra has sent a message showing her interest in the work, and Sir William Treloar, former lord mayor of London and leader in the work of protecting crippled children in England, has given public praise of the effort.

Smaller views have been expressed by leaders in the religious life of London. Among those who have commended the plan are the Very Rev. Dr. Joseph Herman Hertz, chief rabbi of England, and Mrs. de Wichter, auxiliary bishop of Cardinal Mercier, the primate of Belgium.

PUBLIC EAGER TO HELP.
The proposal to bring over the war orphans first received public notice in an article printed in The Tribune on Nov. 7. It instantly met with the approval of the public, and within a few days there were nearly a thousand homes offered, mainly in the district of which Chicago is the center. Many other persons volunteered to give financial assistance to the plan. In all there were homes offered in twenty-six states in direct response to The Tribune's appeal.

It was after making sure that American homes would be open to the children in generous number that Mr. Wheeler was dispatched to Europe to take up the matter from this side. This he has now begun to do.

CO-EDS INITIATE; NO PADDLES
Northwestern Epsilon Mu Sorority Girls Perfectly Ladylike in Taking In 115 New Members.

One hundred and fifteen senior co-eds in Northwestern University were initiated into the Epsilon Mu sorority last night without so much as the loss of a single hairpin or a solitary shirtwaist button.

Last year and the years before that so long as the sorority has been in existence ladylike conduct was frowned upon in Epsilon Mu initiation. The thirteen "nuclear" members were wont to exercise their privilege to ply paddles on the persons of the novices. Also there were other stunts of which only faint, shocked whispers were heard.

But this year a new order obtained. There were no paddles and there were no undesirable "stunts." The novices just sat around and drank tea while the thirteen poured—and at the first sip they were Epsilon Mus.

Held as Swindler.
Louis Regal of 5129 Fifth street was released in bonds of \$2,000 by Judge Genmill yesterday on a charge of obtaining money under false pretenses. The police received a telegram from Philadelphia saying he had defrauded Louis Luback, a painter of that city, of \$100.

Got a Job for Any of These Women?

MEMBERS of the Chicago Woman's club working for the success of the club's employment center for women and girls in the Stevens building are seeking positions for the following:

- 8 typists.
- 30 girls for general office work.
- 16 stenographers.
- 15 factory workers.
- 12 cooks.
- 10 experienced dressmakers.
- 30 women for plain sewing.
- 16 practical nurses.
- 30 salesgirls.
- 14 waitresses and hotel workers.
- 225 women for laundry work or cleaning.

The bureau officials asserted that persons or firms wanting to employ any of these applicants would have to give twenty-four hours' notice, as it would be impossible for the bureau to reach the women or girls in less time. Miss Katherine Jones of the Chicago Woman's club announced that the bureau held applications of particularly efficient stenographers and cooks.

Miss Jones said that the plan, started yesterday of interviewing only seventy-five applicants proved successful. The bureau was able to take care of that number without difficulty.

1,000 SOLDIERS OF BRITAIN MUST HAVE FEET CUT OFF.

Fifteen Hundred Officers and Men in Hospitals in France with Extremities Frozen.

[BY CABLE TO THE CHICAGO TRIBUNE.]
LONDON, Dec. 1.—Officers invalided home from the front say there are at present about 1,500 British officers and men suffering from frozen feet in the base hospitals in and about Boulogne-sur-Mer, France. Fully 1,000 of this number must have one or both feet severed owing to the desquamation of the nerves, which makes futile all attempts at treatment. Chilblains and frost bites have been depleting the ranks worse than bullets and shrapnel, and once a man's foot is frozen he is through as far as fighting is concerned for the rest of the war.

CITY JOLTED BY PACKERS.
Mayor Told Water System Planned for the Stockyards Is Not Needed.

Mayor Harrison had a surprise yesterday. After plans for a high pressure water system for the stockyards had been completed and several conferences held with representatives of the packing interests he was told the system was not needed, as sprinkler systems are being installed in the packing houses. He said he considered the information a trifle late and suggested that further consideration be given the subject. He said the packing house representatives agreed. As the streets in the yards are private property the city is helpless without the co-operation of the owners.

Rudderham Is Better Man.
Ald. C. W. Rudderham was unanimously chosen temporary mayor of Berwyn at a meeting of the council of that suburb last evening to serve until the spring election. He will fill the vacancy caused by the death of Henry S. Rich, who died on Nov. 26 of burns he suffered in an explosion in a Burlington suburban train.

Wilson Hears Proposal That Nation Make Loan of \$100,000,000.

GIVES AID FOR NAVY.

[BY A STAFF CORRESPONDENT.]
Washington, D. C., Dec. 1.—[Special.]—President Wilson and Secretary McAdoo are considering a proposal made by certain individuals that the government loan them money enough to purchase the thirty or more merchant vessels belonging to the Hamburg-American line now interned in United States ports because of the war.

The proposition was submitted by Bernard Baker of Baltimore, president of the Atlantic and Pacific Transport company. It is understood to have the sanction of Paul M. Warburg, member of the federal reserve board, who is the administration's expert on international commerce and finance.

The president indicated today that he is impressed with the necessity for an increase in the American merchant marine. He said the ship ownership bill now before congress will head the program for the coming season.

Bill Provided \$30,000,000 Loan.
Under the terms of the shipping measure which was introduced just prior to the adjournment of the recent session of congress, the government is to appropriate \$30,000,000 to be loaned to a corporation, in which the government will have control, for the purchase, operation, and maintenance of merchant vessels.

Mr. Baker visited the president at the latter's invitation. He submitted a much more comprehensive scheme than that outlined in the administration bill before congress.

The plan proposed by Mr. Baker, it is said, is for the federal government to advance \$100,000,000 in the form of a loan for the purpose of purchasing or building vessels for an American merchant marine. It is his idea that these ships should not be operated by the government, but by a corporation, privately controlled, which should undertake to pay the government 4 per cent for the use of the \$100,000,000.

Whether it will be feasible for this government to purchase the Hamburg-American ships and turn them over to a corporation for operation depends upon the attitude of Great Britain.

TROOPS STAY IN COLORADO.
Wilson So Decides After Discussing Gov. Ammons' Plea for Withdrawal with Secretary Garrison.

Washington, D. C., Dec. 1.—President Wilson, after discussing with Secretary Garrison today the request of Gov. Ammons of Colorado that federal troops be withdrawn from some of the Colorado strike districts, decided that nothing should be done at this time.

780,000 BUSHEL CHICAGO WHEAT FOR THE BELGIANS.

Rockefeller and Relief Association Purchases Great Boom to the Western Market.

Western grain markets were influenced yesterday by the purchase by the Rockefeller Foundation and the Belgian Relief association of 780,000 bushels of wheat.

The Rockefeller Foundation purchased 285,000 bushels for all rail shipment to the seaboard for export within thirty days, and also bought about 300,000 bushels now ready to unload at Buffalo. In addition to these purchases the Belgian Relief association bought 300,000 bushels at Buffalo.

The wheat bought will be shipped free of charge to the Belgians. The purchase of this wheat at full prices and for prompt shipment influenced considerable buying of wheat here, and helped firm the local market. Grain merchants generally regarded the action of the charitable institutions concerned as being of vital importance.

The purchases have helped western farmers in disposing of their surplus, which is still large notwithstanding the enormous exports. There was much praise given the relief associations by board of trade members.

ART COMMISSION BOWS TO VIEWS OF 'MRS. GRUNDY'

New Municipal Body to Pass Up Nudes and Futuristic Paintings.

"Mrs. Grundy" is to have a voice in the selection of the pictures and statuary to be purchased by the new commission for the encouragement of local art. Although she is not a member of the commission, it was decided yesterday that the lady's opinion would have to be considered.

In art circles Mrs. Grundy is well known. She is the person who insists on putting trousers on Apollo and petticoats on Aphrodite. She is a source of much annoyance to artists who paint the nude.

The commission proposes to display its art objects in the city hall and in the schools. Consequently it was informally agreed yesterday to confine the purchases to "good and wholesome" works of art.

Nudes Not Suitable.
Paintings treating nude, savage, or bizarre subjects are not considered suitable by the commission for the purposes they have in mind. However, the commissioners wish to have it understood that they have adopted no rule to this effect.

"That would be too much of a concession to Mrs. Grundy, according to their view. It is probable that the paintings chosen will be 'modern,' though not 'ultra modern,' in spite of the futuristic leanings of some of the members of the commission, notably Arthur J. Eddy.

"Futurism is admittedly an experiment," said W. Victor Higgins, one of the members. "Most of the Chicago painters belong to the modern or impressionistic school. Even post impressionism hasn't made much headway here."

Artists' Aid.
Invitations were sent out yesterday to nearly 200 Chicago artists asking them each to submit two works of art. They will be inspected at the Art Institute next Tuesday by the new commission and the municipal art commission. An appeal was made to the artists to quote the lowest possible price in the interest of civic advancement.

Paintings by Chicago men range in price from \$150 to \$1,500, though they average about \$300, it is said.

The commission has available \$2,500 which must be spent before the close of the year, and the members hope to obtain fifteen or twenty paintings and art objects.

Meet at Cliff Dwellers'.
The meeting yesterday was held at the Cliff Dwellers' club. Mr. Eddy was delegated to investigate the possibilities of exhibiting paintings in the city hall. Some of the members will also appear before the city controller and the finance committee to insure an appropriation of \$5,000 for next year.

"This is not a scheme of first aid for the artists," said Wilson H. Irvine, president of the commission. "It is for the benefit of the taxpayers. We wish to build up an appreciation of good and wholesome art."

SAY CHURCH AID IS SHORT \$30,000

St. Mark's Members Accuse Treasurer David Vollrath of Forgery.

ROBBED, HE ASSERTS.

Detectives armed with a warrant are seeking David Vollrath, formerly a trusted member and treasurer of St. Mark's Evangelical Lutheran church, Twenty-third street and California avenue. The warrant was taken out in Municipal Judge Newcomer's court yesterday, and charges forgery.

Vollrath, officers of the church say, has appropriated close to \$30,000 of the church funds. His alleged admission of the discrepancy and the causes for the disappearance of the money constitute a weird story.

Vollrath has operated a grocery store on the southwest side for twenty-five years and always has been a devout member of St. Mark's. He was elected church treasurer more than fifteen years back.

Members Lend to Church.
There is a custom in German churches by which members lend money to the church, taking notes in return. They are paid 3 per cent interest on the loans and the church invests the funds, deriving an income of 5 or 6 per cent.

This custom was carried out in St. Mark's church and Vollrath had charge of the funds. The notes, however, in addition to being signed by Vollrath, required the signatures of two members of the board of trustees.

Lewis Michaels and Herman Ziemann, trustees, charge Vollrath forged their names to notes aggregating nearly \$30,000.

F. A. Huxhold, a grocer, was elected to the board of trustees a year ago. At that time, it is charged, Vollrath was engaged in a covering up process by trying to substitute good notes for the forged ones. When the notes were presented to Huxhold for his signature, he balked.

Starts Inquiry Despite Fees.
To members of the congregation he made charges against Vollrath. His statements, in the minds of the congregation, amounted almost to heresy. Vollrath stood so well. He continued to fight, however, and a month ago obtained the appointment of a committee to investigate the accounts of the church. This committee alleges it found numerous discrepancies in Vollrath's accounts.

The church officials interviewed Edward R. Litzinger, attorney for the church, who questioned Vollrath about the money. "The alleged forgeries have been going on for a period of ten years, Mr. Litzinger said."

Thrice Victim of Robbers.
"Vollrath confessed he was short about \$18,000," Attorney Litzinger asserted. "He said that ten years ago he drew \$7,000 from the bank and left it in his grocery store. When he returned to the store the next morning the money was gone. He said it had been stolen. On another occasion he deposited the drawn \$2,500 from the bank and started back to his store with it. His pockets were picked on the car.

"Again, he insisted he started downtown with \$3,300 and his pockets were picked once more. He explained he didn't report these robberies to the police because he thought he could replace the money. He had some hand deals in the south and the money may have gone into some of them, but further than that we have been unable to trace the money."

Hart Children Get \$500,000.
Two daughters and a son will share the \$500,000 estate left by Ed S. Hart, who died at his home, 3022 Prairie avenue, on Nov. 25. Mr. Hart died intestate. The heirs are J. Stillson Hart, son, who is administrator; George W. Hart, and Mrs. Pauline H. Evans, daughters, all of 2922 Prairie avenue.
