Dictatorship Rolls Down to Rio

1. Across the southern frontier of the nation, bloodshed was rife. After a series of coups, the last dictator of Brazil was overthrown.

2. Local resistance troops present a formidable front during a last-ditch desperate action in 1964. One of the many battles waged in the turbulent history of South America's longest-lived dictatorship.

3. Famous landmark of Rio de Janeiro, Brazil's capital and largest city, the statue of Christ the Redeemer towering over the city and all the land that has been ruled by the president's rule.

4. Brazilian women at the national service set to break traditional taboos and the barriers of society. These women are expected to represent the country's future.

5. Accompanying a much-needed influx of tourists, the United States of America's marketing efforts continue.

Smokers' Technique

1. National habit through history, smoking has both a variety of health benefits and a story of its own. Among aficionados, the practice has continued to evolve.

2. Don of England's famous ecstacy, Sir Henry Boland, pioneers the trend of using a long holder.

3. Harried faces in the midst of the communal struggle with the forces of change, these smokers face a new era.

It's a Fake

1. The latest in a world of deception, the "fake" cigarette is making its mark.

2. The fake was all a trick, claims the man in the black hat.

3. At left, there was nothing fancy to the action photos shown to Max Weil's No. 1, who carried it 30 yards.
