

Give Her a Thor For Christmas

THERE could be no better gift for Christmas than a Thor Electric Washing Machine. It is practical and sensible. It will save you more money than you pay for it and will relieve your wife of the hardships of washday.

It solves the servant problem. Any woman who cannot get help is able to do her own washing with a Thor in an hour at a cost of three cents for electricity.

The Thor brings down laundry costs. Clothes last six times longer than when washed by hand.

Thor

Manufactured and guaranteed by the
HURLEY MACHINE CO.,
 oldest and largest manufacturers of exclusively electric washing machines in the world. Manufacturers also of the Thor Electric Vacuum Cleaner and the Thor Electric Ironer.

Electric Washing Machine

400,000* Women Use It

The great army of women now using the Thor Electric Washing Machine is proof of its superiority and leadership. It has undergone 13 years of tests. Good Housekeeping Institute has given the Thor its unqualified approval.

It is the only machine with the atalog. It has the "no wear" revolving wooden cylinder. All of its mechanism is enclosed, there being no belts or chains to catch your clothes. It is self-cleanable—no need to lift out the cylinder.

\$10 a Month Buys the Thor

Only a small payment down—then \$10 a month. We have made it easy for every family to own a Thor. Any Thor dealer will sell you a machine on these terms.
