This New, Improved Turpo Electric Vaporizer Breaks a COLD **RIGHT UP!**

The new, 1930 Model of the sensational Turpo Electric Vaporizer is now being featured by druggists everywhere. Just plug the cord into a light socket. In two minutes you have a warm, healing vapor that spells quick relief to head and chest colds, asthma, congestion and similar complaints.

This new, improved Turpo Electric Vaporizer is so simple, so amazingly effective that thousands are forsaking old-fashioned, haphazard cold treatments, and hundreds are replacing the original vaporizers that last year gave them a new conception of cold relief.

See for Yourself

You can feel this Turpo vapor reach the spot. The first breath will convince you that finally you have found real help for colds. You will inhale a vapor so potent, so profuse, so ideally adapted to its purpose that each breath carries the true essence of Turpentine, Menthol and Camphor direct to the sore, inflamed, congested membranes of the nose, throat and chest. Improvement is immediate. Your head clears, congestion is relieved, breathing becomes free, and shortly the cold breaks up.

So Simple—So Easy—So Quick

Consider the convenience of this new cold aid. No

fuss or trouble. No greasy hands or soiled linen. No nasty-tasting mixtures or messy salves.

Just fill the vaporizer with water to the line on the jar. Add one teaspoonful of Turpo. Plug cord into light socket—that's all. In two minutes, quicker than you can boil water over a stove, vapor will form and continue to form for twenty-five minutes. New jar of scientific design prevents boiling over, eliminates breakage.
