

Announcing TWO ALL-NEW TRAINS to FLORIDA!

The "DIXIE FLYER"

Parthenon, Nashville, Tenn., Replica of Ancient Greek Bldg.

Moccasin Bend from Lookout Mountain, Chattanooga, Tenn.

Tuesday, January 1st, at 10:30 p. m., the all-new, all-steel "Dixie Flyer" will leave Chicago on its initial trip to Florida via the scenic, historic Dixie Flyer Route, carrying through sleeping cars to Palm Beach, Miami, Tampa, Sarasota and St. Petersburg. An innovation in modern passenger car service will be the smart Club-Lounge car of this luxurious train. Located midway in the train, this unique arrangement eliminates your having to "walk a mile" for a chance to read, chat or observe the scenery en route. Roomy movable chairs and movable tables offer an opportunity to form your own little group or to enjoy seclusion—as you wish. Added to this new Club-Lounge car, used only on the "Dixie Flyer," will be the regular Observation-sleeping car, eight section Drawing Room Compartment sleeping cars and Drawing Room open section sleeping cars with permanent head boards—the latter offering privacy at all times. Dining Car for all meals. Coach service is included. Florida-bound passengers who use the new "Dixie Flyer" are assured the convenience of their favorite club, the luxury of their own home, combined with the service of a great hostelry.

The All-Pullman "DIXIE LIMITED"

Another of the famous Dixie Flyer Route trains to Florida is the all-new all-Pullman "Dixie Limited," leaving Chicago at 2:00 p. m. daily. Its equipment includes Observation, Drawing Room, Compartment open section sleeping cars—all-Pullman all the way to Palm Beach and Miami, with through sleeping cars to Tampa, Sarasota and St. Petersburg. Club Car and Dining Car for all meals. The trains of the Dixie Flyer Route are noted for their fine old Southern cooking and Southern service.

ALONG THE DIXIE FLYER ROUTE

Experienced travelers say that the trip along the Dixie Flyer Route is "mile for mile America's most interesting trip." Leaving Chicago, you enter the Southland at Evansville, passing through the famous Bluegrass section of Kentucky into Nashville, delightfully situated in the midst of Tennessee's beautiful mountains. Thence through this interesting mountain country—the home of quaint mountain folk—to Chattanooga, famous in American tradition. Here are historic Lookout Mountain, Chickamauga National Park and the graceful Moccasin Bend of the Tennessee River. The latter you cross and recross many times on your journey South. Onward to Atlanta, along the exact route of Sherman's famous march to the sea. And at the end of this fascinating trip lies Florida—land of sunshine and pleasure—only a few days from home. If you've decided to see Florida this year don't miss the opportunity to go there via the fine trains of the scenic, historic Dixie Flyer Route. You will have a new appreciation of travel in America.
