ARTICLE VII  
TEACHING CONDITIONS

The parties recognize that the availability of optimum school facilities for both student and teacher is desirable to ensure the high quality of education that is the goal of both the teacher and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at ensuring that the energy of the teacher is primarily utilized to this end.

A. The Mason Board of Education recognizes that the average-regular classroom teacher ratio should be approximately 30-1. (All possible attempts will be made to keep the grades K-2 at 28-1) (73/74) The Board, in good faith, as it has in the past, shall attempt to keep class loads below this level. To determine regular classroom teachers you shall not count librarians, guidance counselors, diagnosticians, remedial teachers, principals, superintendents, or any special area teachers at the elementary level. (Kindergarten teachers will count as two (2) units when she teaches two (2) sections.) Combination classes only when necessary and then only limited to twenty-four pupils.

B. The Board shall furnish without charge gym uniforms and tank suits for all physical education teachers, laboratory coats or smocks for art, business education, home economics, industrial arts, and science teachers, and shall provide without charge laundering service therefore if the wearing of such garments is required by the administration.

C. The Board recognizes that appropriate texts, library reference facilities, maps and globes, laboratory equipment, audio-

visual equipment, art supplies, athletic equipment, current periodicals standard tests and questionnaires, and similar materials are the tools of the teaching profession. The parties will confer from time to time for the purpose of improving the selection and use of such educational tools and the Board shall undertake promptly to implement all joint decisions thereon made by the Board representative and the Association. The Board agrees at all times to keep the schools reasonably and properly equipped and maintained, if funds are available.

D. Under no conditions shall a teacher be required or permitted to drive a school bus as part of his regular assignment.

E. The Board shall make available in each school lunchroom, restroom and lavatory facilities exclusively for teacher and other adult use and at least one room (except for Luna Pier because of limited physical facilities), appropriately furnished, which shall be reserved for use as a faculty lounge in which smoking shall be permitted. At no time will students be permitted in this room.

F. Present telephone facilities shall be made available to teachers for their reasonable use, but teachers are to pay for all personal long distance calls. Permission for long distance calls should be obtained from the principals' offices.

G. A vending machine for beverages and snacks shall be installed in teachers' lounges at the responsibility of the Association, the profits to be used for the existing Mason Teacher's Scholarship Fund.

H. Faculty members shall be provided parking spaces in a designated area. The Board shall take reasonable steps to remove snow and ice.

I. Notwithstanding their employment, teachers shall be entitled to full rights of citizenship, and no religious or political activities of any teacher or the lack thereof shall be grounds for

any discipline or discrimination with respect to the professional employment of such teacher.

J. The provisions of this Agreement and the wages, hours, terms and conditions of employment shall be applied without regard to race, creed, religion, color, national origin, age, sex, or marital status, or membership in or association with the lawful activities of any employee organization. The Board and the Association pledge themselves to seek to extend the advantages of public education to every student without regard to race, creed, religion, sex, color or national origin and to seek to achieve full equality of education opportunity to all pupils.

K. A joint effort between teachers and principals shall be made to correct any problems in the areas of weekly schedules and general announcements.

L. Teachers who cannot use their classroom for conference periods should make arrangements with the building principal for available work areas.

M. An extra person will be added whenever a study hall is scheduled for 100 or more students or a second teacher will be added when a proven problem exists; to be handled by a committee of the high school principal, a teacher representative, the teacher involved and the superintendent. (Senior High School only.)

N. All possible attempts will be made by the Mason Board of Education to provide a guard to be on duty at the Senior High, Junior High and Central Elementary Campus. He will be under the direction of the building principal. (72/73)

ARTICLE VIII  
PROMOTION AND REDUCTION OF STAFF

A. Whenever any vacancy in any professional position, or newly created professional position in the district shall occur, the Board shall publicize the same by giving written notice of such vacancy to the officers of the Association and provide for appropriate posting in every school building. No vacancy shall be filled, except in case of emergency on a temporary basis, until such vacancy shall have been posted in the staff bulletin. Any vacancy or opening that occurs between September 1 through June 10 shall be filled at the discretion of administration except in the cases of promotion which will be posted.

B. Any qualified teacher may apply for such vacancy. In filling such vacancy, the Board agrees to give due weight to the professional background and attainments of all applicants, the length of time each has been in the school system of the district, and other relevant factors. An applicant with less service in the system shall not be awarded such position unless his qualifications therefore shall be superior to applicants with greater service. The Board declares its support of a policy of promotions from within its own teaching staff, including promotions to supervisory and executive levels. "Service" in the system, for purposes of this agreement, shall mean continuous employment in a school of the district, including substitute service, irrespective of tenure status but shall exclude all periods when the teacher was on leave of absence for any cause.

C. The Board of Education will attempt to advise staff members of openings brought about by grants given to the district by the Federal Government. Because of deadlines to get projects started,

the Administration will fill openings at its discretion. Such positions may be such that higher salaries will be paid because of the type of project funded.

D. When reorganization requiring reduction of staff is necessary due to loss of revenue, the Board of Education will determine the number of personnel to be maintained in grade and subject matter areas. In reducing staff, non-tenure teachers and teachers with the shortest service in Mason Schools will be first terminated. Tenure teachers with long service will not be terminated before tenure teachers with shorter service or probationary teachers except in cases in which the teacher with the longer service is not certified or qualified to teach in the specific areas required by the Board of Education.

#### ARTICLE IX TRANSFERS

A. Since the frequent transfers of teachers from one school to another is disruptive of the educational process and interferes with optimum teacher performance, the parties agree that unrequested transfers of teachers are to be minimized and avoided whenever possible.

B. In the event that transfers of teachers appear to be necessary, lists of available positions in other schools shall be posted in the staff bulletin.

C. Any teacher who shall be transferred to a Supervisory or executive position and shall later return to a teacher status shall be entitled to retain such rights as he may have had under this Agreement prior to such transfer to supervisory or executive status.

C. In any negotiations described in this Article, neither party shall have any control over the selection of the negotiating or bargaining representatives of the other party and each party may

select its representatives from within or outside the school district. ARTICLE XV  
PROFESSIONAL GRIEVANCE NEGOTIATION PROCEDURE

A. Definitions

1. A "grievance" is a claim based upon an event or condition which affects the conditions or circumstances under which a teacher works, allegedly caused by misinterpretation or inequitable application of established law, written board policy or the express terms of this agreement.
2. The term "teacher" may include any individual group of teachers who are certified and who are members of the bargaining unit.
3. A "party of interest" is the person or persons making the claim and any person or persons who might be required to take action or against whom action might be taken in order to resolve the grievance.
4. The term "days" when used in this section shall, except where otherwise indicated, mean working school days.
5. The "grievant" is the person or persons making the claim.

B. The primary purpose of the procedure set forth in this Article is to secure in the lowest level possible, equitable solutions to the problems of the parties. Both parties agree that these proceedings shall be kept as confidential as may be appropriate at any level of such procedure. Nothing contained herein shall be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration.

It is expressly understood by the Association and the Board that the Grievance Procedure beyond Level Four (4) shall not apply to areas of discharge and demotion and that should a dispute arise in such areas the teacher or group of teachers shall have as their remedy the first four levels of the Grievance Procedure and those procedures provided under the Tenure Act.

C. Structure

1. There shall be one or more association representatives for each school building to be selected in a manner determined by the Association. The Association shall inform the principal of each school building and the superintendent not later than the second week of school of the name or names of the designated Association representatives of each school building and their designated alternates in case of absence.
2. The association shall establish a grievance (PR & R) committee and an appeal committee. No member of the grievance committee shall be a member of the appeal committee. In the event any representative or member of these committees is a party in interest to any grievance brought, he shall disqualify himself and shall be replaced by the Association.
3. The building principal or such other person, as designated by the board prior to the commencement of the next ensuing school year and after designation of such other person is communicated to the Association's Board of Directors and the building staff, shall be the administration representative when a particular grievance arises in one building for the purpose of Level Two hereinafter specified.

4. The Board hereby designates as its representative the Superintendent when a particular grievance arises in more than one school building.

D. Procedure

In the event a grievance is filed on or after the first of June, it shall be resolved prior to the beginning of the next ensuing school year. In this case, the term "days" shall mean calendar days. A number of days indicated at each level should be considered a maximum and every effort should be made to expedite the process. The time limits may be extended by mutual consent.

1. Level One

The teacher with an alleged grievance shall first discuss the matter with his Association representative. If the Association representative concurs that a grievance exists, the teacher and/or the Association representative shall process the grievance in accordance with Level Two within five (5) days of the alleged violation. If the Association representative does not feel a grievance exists, the grievant may appeal the Association representative's decision to the appeal committee within three (3) days of the initial discussion with the Association representative. The appeal committee shall render its decision within five (5) days of the appeal by the grievant as to whether a grievance exists. If the appeal committee feels a grievance exists, the grievant and/or the Association representative shall process the grievance to Level Two, within three (3) days from the decision of the appeal committee. If the appeal committee does not feel a grievance exists, then the grievant may process the grievance to Level Two within three (3) days of the appeal committee's decision at his own initiative and without the Association's support.

2. Level Two

The teacher with a grievance, shall present the matter in writing to his principal, either individually or with his Association representative, in writing with the objective of resolving the matter. The principal shall render his decision in writing within three (3) school days. In the event the grievance is not satisfactorily resolved at Level Two within six (6) days, the grievant or the Association representative shall file the grievance in writing with the Grievance

Committee within five (5) days after the decision at Level Two. The Committee shall within five (5) days make a judgement on the decision. If the Committee decides that the decision at Level Two is in the best interests of the educational system, it shall so notify the teacher and the Association representative; but the grievant may continue the negotiation process on his own if he so desires.

3. Level Three

If the decision at Level Two does not resolve the grievance, the grievant and the committee may appeal the decision at Level Two in writing within three (3) days of said decision to the superintendent and request a meeting. Within five (5) days after the written request is filed with the superintendent he shall have a meeting with the grievant and/or the Association representative concerning the alleged grievance. Within five (5) days after said meeting, the superintendent shall in writing render his decision upon the grievance.

4. Level Four

If the decision at Level Three is unsatisfactory to the grievant or the Association, either may appeal same in writing within five (5) days of the decision of the superintendent to the Board of Education's review committee. The review committee shall be composed solely of board members. Within ten (10) days after receipt of the appeal the review committee shall hold a hearing concerning said appeal with the grievant and/or the grievance committee. Within five (5) days from the date of said hearing the review committee shall render its decision in writing, transmitting a copy of same to the superintendent, the Association (whether or not the Association has been present at any of the hearings held thereon) and to the grievant.

5. Level Five

If the decision at Level Four is not satisfactory to the grievant and/or the Association, either may within five (5) days of the decision at Level Four file notice with the secretary of the Board of Education of its intent to appeal same. Thereafter, the Board and the Association each shall choose a person from the surrounding community who is not a member of the Board of Education or with the Association to act as a mediator on a three-member panel within five (5) days of the filing of the Association's notice to appeal the decision at Level Four. The

mediators so chosen shall agree upon a third member for the panel within fourteen (14) days of the date of their selection. Thereafter, they shall conduct a hearing on said grievance to determine the facts under which the grievance arose and make recommendations based on their findings concerning the solution of the agreement within six (6) days of its hearing. The Board of Education and the Association agree to take into consideration recommendations and findings of the panel. The cost of the third mediator will be borne equally by both parties.

6. Level Six

In the event that a satisfactory solution is not arrived at by the mediation panel in Level Five, the Association or the grievant may file its grievance with the State Labor Mediation Board as provided by law.

E. If any teacher for whom a grievance is sustained shall be found to have been unjustly discharged, he shall be reinstated with full reimbursement of all professional compensation lost. If he shall have been found to have been improperly deprived of any professional compensation or advantage, the same or its equivalent in money shall be paid to him.

F. Each party shall be responsible for its own cost incurred under Article XV.

G. Any party of interest may be represented at all meetings or hearings at any level of the grievance procedure by another teacher or another person. Provided, however, that any teacher may in no event be represented by an officer, agent, or other representative of any organization other than the Association, or its parent organization. Provided further, when a teacher is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance processing.

H. A grievance may be withdrawn at any level without prejudice or record. However, if, in the judgement of the Association Representative or the Pr & R Committee the grievance affects a group of teachers, the PR and R Committee may process the grievance at the appropriate level.

Failure to appeal a decision at any level by either the grievant or the Association within the specified time limits, shall be deemed an acceptance of the decision at that level.

The grievance discussed and the decision rendered at Level One shall both be placed in writing upon request of either party. Decisions rendered at all other levels shall be in writing and shall promptly be transmitted to all parties of interest.

No reprisals of any kind shall be taken by or against any party of interest or any participant in the grievance procedure by reason of such participation.

All documents, communications, and records dealing with a grievance shall be filed separately from the personnel files of the participants.

Forms for filing and processing grievance shall be designed by the superintendent and the PR & R Committee shall be prepared by the superintendent, and shall be given appropriate distribution so as to facilitate the operation of the grievance procedure.

Access shall be made available to all parties of interest, places, and records for all information necessary to the determination and processing of the grievance.

ARTICLE XVI

A. There is hereby established a curriculum study committee (K-12) composed of teachers, Mason Board of Education members, parents, administrators, students and any other interested community members.

B. The committee shall investigate matters of concern to the total School system. Reports and recommendations from this committee will periodically be submitted to the Superintendent and the Board of Education. (73/74)

C. The clerical expenses of such committee shall be borne by the Board.
