This matter is pursuant to Public Act 312 of 1969. A pre-hearing conference was held at the MERC offices in Lansing, Michigan on February 27, 1992, at which time preparation was made for a formal hearing. The parties agreed to waive any applicable time limits. On June 30, 1992 the parties met for an Act 312 hearing and achieved a settlement.

The revised contract language is found in Exhibits 1 A through 1 F. These exhibits are fully incorporated into this award. The shaded language represents changes from the old contract: cross-outs represent deletions from the old contract.

The contract revisions have resulted in the creation of a stipulated contract for the period January 1, 1991 through December 31, 1992. This contract is fully incorporated into this award as Exhibit 2.

#### AWARD

The January 1, 1991 through December 31, 1992 contract, attached hereto as Exhibit 2, is hereby awarded as the contract between the parties pursuant to Act 312.
