But, if the said new Rules and Regulations are adopted by your Board, it is recommended that to assure equitable assignment of overtime, the following policy be adhered to in filling future temporary vacancies.

"When a temporary vacancy occurs in a position, said vacancy may be filled by using either an employee with the same classification, or by moving up an employee or employees holding dual classifications.

"When employees are available in the classification in which the vacancy occurs, the dual class move up plan will not be resorted to if, at the time the assignment is made, it is apparent that it will necessitate payment of overtime to one in a lower classification."

Section 11. Work Schedules.

(a) Management will prepare and post for selection of positions written work schedules for certain classified groups. Before posting same, they will be made available to the union committee for discussion.

(b) Such schedules will indicate when and where work begins for each position and when it will terminate. If off days are not consecutive, the schedules will indicate which is the sixth (6th) and seventh (7th) day.

(c) Work schedules will be placed into effect on the first (1st) day of payroll period except in emergencies.

(d) If the revision of a work schedule necessitates that an employee work more than five (5) consecutive days, weekly overtime will be paid only for time in excess of eighty (80) hours in the pay period.

(e) If the changing of an employee's off days in an emergency necessitates his working six (6) or seven (7) consecutive days, weekly overtime payment will be made pursuant to Section 8.

(d) To be recommended for a dual classification, each employee must be able to qualify for the higher classification, and in such case shall be interviewed by a superior in his division, who will explain all of the conditions as set forth above after which the employee shall be required to indicate in writing his acceptance or rejection

of the dual class status, such acceptance or rejection will be recorded in the Personnel Office of the Department.

(e) When, in the discretion of Management, it is necessary to use dual class Transportation Equipment Operators to fill temporary vacancies in salaried positions in the Transportation Division, said operators will be used only as Yard Men and Cash Clerks, but their use as Cash Clerks shall be limited to those instances when no salaried employees from that district are available from the Yard Man group for use on a straight time basis as Cash Clerks.

Chapter 15

SECTION 2. All officers and employees of the City of Detroit, except those otherwise provided for by charter, contractual employees and those who shall not have completed six (6) months of continuous service, may be granted sick leave with full pay of one (1) eight-hour service day or straight time for each period of service equal to the departmental service month. Such sick leave days shall accrue monthly and shall be computed on the basis of not less than eighteen (18) normal service days per month. Such time shall first be computed from the date of appointment and thereafter from the beginning of each fiscal year. Sick leave shall accrue in terms of full days only and shall not exceed twelve (12) service days in any one (1) fiscal year. Part time, seasonal, temporary and intermittent (those failing to work at least eighteen (18) service days in each month of the fiscal year) employees may be entitled to sick leave at their regular rate of pay on the basis of one (1) day for each period equivalent to twenty-one (21) normal service days. Sick leave as above provided shall accrue from date of appointment but only after the officer or employee shall have become eligible for sick leave according to the provisions of this Ordinance.

(a) As of July 1, 1944, every officer and employee may be credited for unused sick leave for all prior service as far back as July 1, 1941. Such unused sick leave to be computed according to the provisions of the Ordinance then governing; provided, that no officer or employee shall be credited with less than five (5) days of accrued sick leave as of July 1, 1944; provided, further, that any employee who shall not yet have been eligible for sick leave under the terms of Ordinance 114-D shall be eligible as of July 1, 1944, for such sick leave from the date of appointment in accordance with the provisions of this Ordinance.

(b) Unused sick leave may be accumulated for each officer and employee to the extent of one hundred (100) working days except as herein otherwise provided.

(c) Sick leave, or absences for any reason

specified in sub-division (i) hereof, shall first be deducted from current sick leave heretofore provided for under Section 2 and sub-divisions (a) and (b).

(d) Additional sick leave may be granted for each full year of service herein defined, of five (5) eight-hour service days, including prior service to July 1, 1941, and subsequent to July 1, 1944, but not exceeding a total of one hundred (100) days. Such sick leave shall be granted on the basis of length of service free from any interruptions; provided, further, that continuous absences in excess of four (4) years shall be deemed to terminate any rights accruing under the provisions of this subsection. It is the intent of this sub-section to provide a reserve based upon length of service in addition to but not a part of current sick leave as herein otherwise provided.

(e) Sick leave may not be granted in anticipation of future service.

(f) The following holidays falling within a period of sick leave shall not be counted as service days: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.

(g) Absences shall not interrupt the accrual of sick leave where the employee's name appears on the payroll and he is actually receiving compensation; provided, that absences without pay, except for employee receiving workmen's compensation, shall stop the accrual of sick leave; provided further, that upon his return to service in good standing, the employee may be granted all sick leave accrued on the basis of his prior service; provided further, that any employee returning from any branch of the Armed Service whether or not he may have resigned to enter such service, shall be granted all sick leave accrued on the basis of his prior service, including service in the Armed Forces, provided, that the accrual of sick leave granted on the basis of length of service as provided in subsection (d) of Section 2 hereof, shall not be affected by these provisions.

(h) An employee transferred or certified to another Department, and otherwise entitled to the benefits of this Ordinance, shall not thereby lose any accumulated and unused sick leave and the department from which he is separated shall certify the amount of such unused sick leave due such employee.

(i) Absences for the purpose of taking City of Detroit examinations, except non-competitive promotional examinations, attending a wedding of an immediate member of the family, consulting the Draft Board, death in the immediate family, attending funerals and other justifiable absences in the judgement of the department head, shall be considered proper charges against current sick leave reserves; provided, that where possible permission for such absence must be secured from the department head; provided, that the department head may permit such absences with pay to the extent of five (5) working days in any one fiscal year.

(j) The term "sick leave" shall be construed to be absence due to illness and also to include absence due to exposure to contagious disease, attendance upon immediate members of the family within the household of the employee, where necessary; provided, that such absence shall not exceed three (3) days in any instance.

(k) The term "immediate family" shall be construed to include husband, wife, children, father, mother, brothers and sisters, and also relatives living in the same household no matter what the degree of relationship.

(l) An employee absent for any reason which may be charged to his sick leave reserve, where permission has not already been granted, must notify his immediate superior within two (2) hours after starting time, or at least within the working hours of the first day of absence if, in the judgement of the department head, no earlier notice was possible. Failure to give proper notice may be used by the department head, as a just reason for the refusal of sick leave with pay.

(m) Evidence of illness must be provided by medical certificate or other suitable proof for all sick leave granted beyond three (3) consecutive days; provided, that the granting of sick leave for not more than three (3) days without the necessity of evidence shall be discretionary with the department head, and all excuses for absences shall be subject to such verification as the department head may see fit to require, including examination by a physician selected by said department head.

(n) Sick leave may be allowed in case of sickness or injury occurring during annual leave.

Evidence of such incapacity from the first day must, however, be provided to the satisfaction of the department head.

(o) An employee sustaining injury or occupational disease arising out of and in the course of city employment shall be continued on the payroll and his time shall be charged to his sick leave reserve; provided, that in the absence of any sick leave reserve, he shall be paid regular wages or salary to the extent of two-thirds ($\frac{2}{3}$) of his daily wage or salary but for a period not to exceed seven (7) days; provided, also, that where the employee has a sick leave reserve, and receives income under the workmen's compensation act, such income shall be supplemented by the City with an amount sufficient to maintain his regular salary or wage for a period not to exceed that of his sick leave reserve, and such reserve shall be charged for all sick leave days, or portions thereof, paid to such employee.

(p) No right of action shall accrue to any officer or employee as a basis for recovery of pay for any unused sick leave. Death or termination of service shall terminate any and all liability under this Ordinance for any such unused sick leave.

(q) Sick leave shall not be charged against the employee's reserve in amounts of less than half-days; provided, that this Rule shall not be construed to excuse absences of less than half days. (Effective August 17, 1944. Ord. 412-D.)

6. Qualified widows or widowers of so-called Option II retirants, according to Title IX, Chapters VI and VII, shall be entitled to the above benefits in the same manner and extent as though the employee had participated under the regular service retirement by choice.

8. Lump-sum payments above provided for shall have no effect upon the amount of pension payments and shall not be subject to deductions, except withholding tax or other legally required deduction beyond City's jurisdiction or authority.

It is incentive pay designed to retain and reward faithful City employees for future service who continue to serve meritoriously despite lack of promotional opportunities.

Section 2. Employees and officers of the City of Detroit who on December 1, 1955 shall have acquired the qualifications hereinafter provided in Section 4 for the first step of Longevity Increment, shall be paid on December 1st, the date of such qualification, and on each December 1st thereafter, such first step of longevity increment of 2 per cent of their base pay at the due date thereof, exclusive of premium and overtime earnings: Provided, that such longevity pay increment shall not exceed

On all subsequent December 1st dates they shall be paid a full longevity increment provided they shall have complied with the terms and conditions of this ordinance.

Section 3. It shall be the duty of all department heads and commissions on November 15th of each year, including 1955, to furnish the City Controller a list of employees who will have become eligible for longevity increment pay on December 1st of each year. He shall indicate, in the manner prescribed by the Controller, the amount of longevity pay due each such employee, and the Controller may then authorize payment as of each year, including 1955.

Section 4. Employees and officer may qualify for the first step of longevity pay as of December 1st of each year, or thereafter, as hereinbefore stated, provided they shall have served as City employees for an accumulated period of 11 years of which a minimum of 6 years shall have been accumulated in the same basic class prior thereto, provided that employees and officers may qualify for the second longevity step inclusive of the first,

and as of December 1, 1956, or December 1st of each year thereafter, in the amount and manner stipulated in Section 2 above, provided they shall have served as City employees for an accumulated period of sixteen (16) years of which a minimum of six (6) years shall have been accumulated in the same basic class prior thereto, and provided further, that the conduct or work performance of such employees in the judgment of a department head or commission meets the requirements of the service, and the department head or commission recommends payment thereof: Provided, That employees and officers, in addition to the aforesaid qualifications, must on due dates of payment of longevity increment be in the service of the City. After December 1, 1955, employees and officers who retire on a full service retirement between December 1st dates shall be paid a prorated longevity increment for time served (since the date of their last longevity payment) on a full calendar month basis provided each month shall contain at least 18 days of service. (24 calendar days for fire fighters.)

Section 5. The term "service" within the meaning of this ordinance shall be construed to mean payroll time exclusive of overtime or premium time. It shall include military leaves, but shall not include absence due to lay-off or leaves of absence requiring approval of the Civil Service Commission nor time served prior to any resignation or discharge. For the purpose of this ordinance, service while under the status of seasonal or part-time provisional employment may be credited and accumulated only if and when an employee or officer shall have become a permanent employee.

Section 6. The years of required service as provided in Section 4 of this ordinance need not be consecutive or uninterrupted. Service for the purpose of qualifying for longevity pay may be accumulated in terms of years equivalent to 365 service days, as defined in Section 5, according to the best City records available: Provided, That during the said years of required service there shall have been accumulated an average of 216 days per year of paid time (292 calendar days for fire fighters), exclusive of overtime and premium time.

Section 7. Employees and officers who have qualified for longevity pay must accumulate at least 216 days of paid time (292 calendar days for fire fighters), exclusive of overtime or premium time, during the year immediately preceding any December 1st date or other date of payment as provided in Section 2, before they shall be eligible to receive longevity pay for such year.

Section 8. The term "same basic class" as applied to employees and officers experiencing a change in classification while qualifying for longevity pay, shall include all classes held by such employees and officers, the maximum rates of pay for which classes, as of any December 1st date in question, do not vary beyond the amount of longevity increment computed on the maximum of the lowest class held at any time.

When employees already enjoying longevity, are promoted or transferred into another basic class which provides them with a new basic payroll rate less than their former base pay, plus longevity, they shall receive an amount in the form of longevity increment over and above the new basic payroll rate to insure them a pay equal to the former base pay, plus longevity, until such time as they shall receive regular scheduled step increments equal to or in excess of such amount.

In case of a demotion, except for disciplinary measures, employees and officers may be given credit for any time previously served in titles with higher or equal maximum rates of pay, according to the established rates on any December 1st date in question, for the purpose of qualifying for longevity pay in the position to which they are demoted.

Section 9. In any given year prior to the effective date of longevity payment, employees and officers having dual or multiple titles shall be required to qualify for longevity pay on the basis of the highest title in which they shall have been paid for at least 216 days (292 calendar days for fire fighters): Provided, That where such employees or officers shall have previously qualified for longevity pay in any of their titles they may be granted a longevity increment based on that title if they have 216 days of service (292 calendar days for fire fighters) over all of the titles: Provided, That where they shall fail to qualify under either of the above provisions they may in accordance with the provisions of this ordinance, qualify in their lowest title with 216 days of service (292 calendar days for fire fighters) over all titles.

Section 10. When converting hourly rates to salary, or vice versa in the application of the provisions of this ordinance, the conversion shall be computed on a 2080-hour basis.

Section 11. When the provisions of this or-

dinance would cause grave injustice or violate the general intent thereof, in the opinion of the department head or commission, a longevity increment may be paid upon the recommendation of the department head or commission, and the approval of the Common Council.

Section 14. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 15. This ordinance is declared necessary for the preservation of the public peace, health, safety and welfare of the people of the City of Detroit and is hereby given immediate effect.

All ordinances or parts of ordinances in conflict herewith are hereby repealed only to the extent necessary to give this ordinance full force and effect.
