### RECOGNITION

A. The Board hereby recognizes the Alcona Education Association as the exclusive bargaining representative as defined in section 11 of the Michigan Public Employment Relations Act, (PERA), as amended, for all certified teaching personnel and non-certified teachers employed by the Board under contract or on leave as hereinafter defined. Such representation shall cover all personnel assigned to newly created professional positions unless the parties agree in advance that such positions are principally supervisory and administrative. If the parties cannot agree whether a position is supervisory, the issue will be resolved by the Michigan Employment Relations Commission. Such representation shall exclude: substitute teachers; superintendent; assistant superintendents; principals; assistant principals; Athletic Director (unless such duties are performed on a part-time basis by a bargaining unit employee); directors of Title I programs, and adult, basic or community education programs (unless such duties are performed on a part-time basis by a bargaining unit employee); business managers; or any other positions which are supervisory within the meaning of the Michigan Public Employment Relations Act.

B. The term "Teacher" when used in this Agreement shall refer to all employees represented by the Association in the bargaining unit, as such representation is defined above. The term "Board" shall include its officers and agents.

C. The Board will not negotiate with any teachers' organization other than that designated as the exclusive bargaining representative pursuant to the Michigan Public Employment Relations, as amended, for the duration of this Agreement.

## ARTICLE 2

### DURATION OF AGREEMENT

A. This Agreement shall be effective as of the date of ratification by both parties and shall continue in effect through June 30, 2021. Beginning not later than April 1 of the calendar year in which this Agreement expires, the Association and Board will negotiate over a successor Agreement in accordance with the procedures set forth herein in a good faith effort to reach agreement concerning teachers' wages, hours, and other terms and conditions of their employment. Any agreement so negotiated and ratified shall be reduced to writing and signed by representatives of the Board and the Association. If, pursuant to such negotiations, an agreement on the renewal or modification is not reached before the expiration date, this Agreement shall expire at such expiration date unless extended for a specific period or periods by mutual agreement of the parties.

B. Copies of this Agreement shall be printed at the expense of the Board within thirty (30) days after the Agreement is signed, and presented to all teachers now employed or hereafter employed by the Board. All school district personnel policies, and any changes in said policies, shall be distributed to the Association President within 10 days following formal adoption of such change by the Board.

C. This Agreement shall be binding on both present and future Boards. If this District is combined with one or more other districts, in the negotiations before such merger the Board will use its best efforts to assure the continued employment of its teachers in such consolidated district.

### ARTICLE 3

#### BOARD RIGHTS

A. The Board, on its own behalf and on behalf of the electors of the District, hereby retains and reserves unto itself, without limitation except as herein specified, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan and of the United States.

B. The management of the District and the direction of the working forces are vested exclusively in the Board. All rights which ordinarily vest in and have been exercised by the Board, except those which are clearly and expressly relinquished herein by the Board, shall continue to vest exclusively in and be exercised exclusively by the Board without prior negotiations with the Association either as to the taking of action under such rights or as to the consequence of such action during the term of this Agreement.

## ARTICLE 4

### TEACHER AND ASSOCIATION RIGHTS

A. The Board agrees that every teacher employed by the Board shall have the right freely to organize, join and support the Association for the purpose of engaging in collective bargaining or negotiations. As a duly elected body exercising governmental powers under the Michigan law, the Board will not directly or indirectly discourage or deprive or coerce any teacher in the employment of any rights conferred by the Michigan Public Employment Relations Act; will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of membership in the Association, participation in any activities of the Association or collective negotiations with the Board, or the institution of any grievance, complaint or proceeding under this Agreement, or otherwise as to any terms or conditions of employment.

B. Nothing contained in this Agreement shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted without intervention of the Association, if the adjustment is not inconsistent with the terms of this Agreement, provided the Association has been given opportunity to have a representative present at such adjustment.

C. Teachers shall be entitled to full rights of citizenship and no religious or political activities of any teacher, or the lack thereof, shall be grounds for any discrimination as to the professional employment of such teachers. This shall not be construed to sanction a teacher's unauthorized absence for religious or political activities. Actions of any teacher that are private and personal are not within the appropriate concern or attention of the Board.

D. The provisions of this Agreement shall be applied without regard to race, religion, color, national origin, age, sex, (including sexual orientation and transgender identity), disability, height, weight, military status, ancestry, or marital or family status, genetic information or any other legally protected category

E. The Association and its members shall have the right to use school building facilities free of charge at all reasonable hours for meetings, provided such use does not interfere with educational functions for students or with other activities as permitted by the Board. General membership activities will require a building use form submitted to the District Office.

F. Duly elected representatives of the Association and its respective affiliates shall be permitted to transact official Association business on school property at all reasonable times, provided that this activity does not interfere with or interrupt normal school operations. Association representatives not affiliated with the Alcona Community Schools will not be allowed to conduct Association business when school is in session unless such representative has first reported to the school office.

G. The Association shall have the right to use school facilities and equipment, including duplicating equipment, calculating machines, audio-visual equipment, and district

technology, including computers, at reasonable times, when such equipment is not otherwise in use.

H. The Association shall have the right to post notices of activities and matters of Association concern on teacher bulletin boards, at least one of which shall be provided in each school building. The Association may use the District mail and email service and teacher mailboxes for communications to teachers.

I. The Board will provide to the Association in response to reasonable requests, available information concerning the District's financial resources, including tentative budgetary requirements and allocations (with the understanding that such are tentative and therefore subject to change.)

J. The Association shall be given the opportunity to advise the Board on any new or modified fiscal, budgetary or tax programs, construction programs, or major revisions of educational policy, or any proposals for additional operating or building millage, which are proposed or under consideration, before their adoption and/or general publication.

K. The parties recognize that teachers can make a significant contribution to the improvement of the District's educational programs through participation in the process of school improvement and site-based decision making. It is recognized that such participation promotes professional improvement and should be considered part of the professional responsibilities of each teacher. The parties express their mutual desire that teachers will participate in such activities consistent with the professional objectives specified.

1. Participation of teachers in school improvement outside the contracted day is voluntary.
2. School improvement plans, goals, etc. that are to be implemented will be communicated to all teachers as soon as practicable.
3. If any provision of a school improvement plan, or application thereof, violates, contradicts or is inconsistent with this Agreement, the Agreement shall prevail.
4. School improvement committee decisions that require a deviation from the Agreement will be permitted only after a properly executed Letter of Agreement between the Association and Board.

L. The parties agree that mutual respect between and among administrators, teachers, co-workers, supervisors, and support staff is integral to the efficient conduct of the District's business. Treating others politely and courteously is the expectation of all staff in their interactions with each other. Should staff members find themselves in conflicting situations, they should seek the counsel of an administrator, supervisor, Association representative, or other impartial third party to preserve the professional integrity of the District's workplace. If such counsel should not be effective in resolving the disagreement, the individuals will be encouraged to seek assistance through Community Mediation Services. The cost of these services will be shared equally by the individuals involved.

## ARTICLE 5

### PROFESSIONAL COMPENSATION

A. The salaries of certified teachers covered by this Agreement are set forth in Schedule A which is attached to and incorporated in this Agreement. This salary schedule shall remain in effect for the term indicated on such Schedule A. Non-certified teachers will be paid at eighty-five (85) percent of the BA base salary.

B. The salary schedule is based on the regular school calendar set forth in Schedule B and the Appendix which is attached to and incorporated in this Agreement, and on the normal teaching assignment as defined in this Agreement. For teaching assignments in excess of the regular school calendar, teachers will be compensated at their regular daily rate of pay as defined in this Agreement, except for days rescheduled to meet the minimum number of days/hours in session required by state law, if any, as outlined elsewhere in this Agreement. For overload teaching assignments in excess of the normal teaching load during the school day, zero hour or extended year contracts, teachers will be compensated at their current hourly rate of pay based on a seven (7) hour day for each additional class taught. If an excess teaching assignment is for less than the normal school year under Schedule B, the compensation for the excess assignment shall be prorated. The acceptance of an additional teaching assignment by a full-time teacher within this section will not accrue additional contractual preparation compensation.

C. Any teacher providing additional classroom instruction outside the regular school day including, but not limited to, coverage of a class during the teacher's plan time, summer school instruction, before and after school tutoring as part of a non-regularly scheduled class, or detention coverage, as defined in this Agreement, shall be compensated at the rate of thirty dollars (\$30) per hour.

D. Teachers involved in voluntary extra-curricular duty assignments as set forth in Schedule C of this Agreement shall be compensated in accordance with the provisions of that Schedule which is attached to and incorporated in this Agreement.

E. Those teachers who, in the daily discharge of their teaching duties are required to drive personal automobiles from one school building to another, shall receive a mileage reimbursement at the current IRS rate. The Board will continue its practice of providing transportation or an acceptable substitute to those teachers whose satisfactory performance of their duties, curricular or extra-curricular, require travel outside the district with approval of the building principal.

F. The salary of an employee shall begin at the time he/she reports for duty or date of contract. The salary shall be paid bi-weekly on such calendar dates as established by the Board. The Board will spread contractual salaries in such a manner that full payment of earned salary will be completed by June 30, or by August 31 at the option of the individual teacher. The period of salary payment spread shall be elected by each teacher before the close of the first pay period of the school year.

G. In recognition of service to the District, a terminal leave payment for unused sick days shall be paid to the teacher, having at least ten (10) years of service within the

District. Payments shall be made as a non-elective employer contribution and be paid directly by the District into an account through a district approved vendor from the Michigan Investment Retirement Consortium (MIRC) in the first regular pay date of the subsequent July or subsequent January. If the date of payment is not specified by the teacher, payment will be made the first subsequent date from among the two alternative dates outlined above. Such payment shall be computed by multiplying one-fourth (1/4) the number of unused sick days not to exceed a maximum accumulation of 180 days by the teacher's daily rate of pay.

H. In the case of a teacher's (teacher having ten (10) years of service within the District) death, one-fourth (1/4) of the teacher's unused sick leave not to exceed a maximum accumulation of 180 days will be paid in a lump sum to the survivor named by that teacher. Such payment shall be computed by multiplying the applicable number of unused sick days by the teacher's daily rate of pay at the time of death.

I. A teacher's per diem or daily rate of pay shall be computed by dividing the total of the teacher's base salary for the contractual year in which the computation is made by the number of teacher work days in the contract year. For the purposes of Sections G and H above, such computation shall be made on the basis of the school calendar year in which separation or death occurs or for the immediately preceding school calendar year if death or separation occurs during the summer months.

J. Extra-curricular duty pay will be paid in full at the conclusion of each assignment. In the case of a teacher's death or separation, the Board and the Association will meet to determine the amount of extra duty work completed by said teacher, and payment will be made on their findings.

K. The District will reimburse teachers up to half of tuition costs per fiscal year for no more than 12 credit hours of District pre-approved graduate courses. Tuition reimbursement will be made upon course completion with a minimum of a 3.0 GPA. Approval of courses will be granted by a committee comprised of members of the administration and the Association.

## ARTICLE 6

### TEACHING HOURS

A. A teacher's normal teaching hours shall be those which require the teacher's presence at the assigned place of duty at a specified time before the start of the regular school day and remaining on the premises for a specified period of time. The regular school day for any given school building shall be the period of time commencing with the start of the first class period scheduled for the majority of the students within that building and ending with the last class period so scheduled.

B. In all cases the starting time for teachers in each individual school shall be not less than ten (10) minutes before the student starting time in that school and the departure time for teacher shall not be less than ten (10) minutes after the student departure time. The Association team and administration may mutually agree to vary the aforementioned ten (10) minutes. All full time teachers will maintain a work day required to receive full student state aid funding as determined by the mutually agreed upon school calendar and state law. The parties agree that flexibility in scheduling is important in the delivery of educational programs. If it is mutually agreeable between an individual staff member and the building principal, alternative starting and departure times may be established.

C. The teaching load will be such that teachers will have adequate time to perform their duties effectively. The teacher-student contact time per day is determined by the total number of hours and days required by the State for full per pupil funding. Because of the nature of their assignment, counselors will not be assigned preparation periods. Included within teacher/student contact time, teachers will be scheduled for no less than two hundred seventy-five (275) minutes of preparation per week with a minimum of thirty (30) minutes per day. Teachers may, unless otherwise directed by the administrator, use for preparation all time during which their entire classes are receiving instruction from various teaching specialists. The primary use of preparation time shall be for student and parent conferences, grading of student work, lesson preparations, research and related educational activities

D. Also included in the above teacher/student contact time, all teachers shall have a 35-minute duty free lunch period except in emergency situations such as tornado warnings, fires, and serious accidents. Parents or administrative conferences with teachers will not be scheduled during a teacher's lunch periods. When a teacher's continuous contact time with students exceeds a two (2) hour block, other teachers may provide coverage so the teacher will be allowed a break of five (5) minutes.

E. When a teacher is not on school grounds and on field trips, class trips, etc. approved by the school administration which might relieve a teacher of his or her normal assignment, it will be the administration's responsibility to provide substitute teachers, if deemed necessary, to maintain the normal class day of that teacher. However, the teacher will not be provided with a regular preparation or duty free lunch time due to the additional student supervisory duties that come with such off campus activities.

F. A teacher who is engaged during the school day in professional negotiation or grievance procedures scheduled by mutual consent of the Board and Association shall be released from regular duties without loss of pay or other penalty. The Association President or designee shall meet once per month as provided in Article 15, Section E, of this Agreement to address other non-personal business benefiting the District as a whole. The Association shall reimburse the District on a current basis those sums paid to the Office of Retirement Service for Association release time as required by law.

G. Teachers shall be required to attend all contracted professional development meetings. Other building staff meetings shall be limited to one per month with a written notification of at least five (5) school days except in emergency situations.

H. No departure from the provisions of this Article, except for an emergency, shall be made without the mutual consent of the Board and Association.

I. If time needs to be rescheduled to comply with state law and regulations, including laws and regulations dealing with required days and hours of student instruction, or for the District to receive full state aid, the Board may, in its discretion, reschedule such days/hours. Teachers will receive their regular pay for days/hours which are canceled but shall work on any rescheduled days with no additional compensation.

## ARTICLE 7

### TEACHING CONDITIONS

A. The number of teachers employed by the District shall be adequate to provide effective instruction, direction of extra classroom activities, counseling, and other educational services as determined by the Board.

B. To ensure that high quality education is the goal of the Association, the administration, and the Board, it is acknowledged that the primary duty and responsibility of the teachers is to teach, and that the organization of the school and the school day should be directed to ensuring that the energy of the teachers is primarily utilized to this end.

The Board realizes that the pupil-teacher ratio is important to the District's academic success. The Board also recognizes that this ratio can fluctuate depending on the classroom size, teacher aide time, preparation time, etc. and will consider teacher input regarding class size.

C. Recognizing that split classes mean additional preparation, every effort will be made to ensure that split class(es) will be composed of students who will be appropriately placed as determined by former teachers, receiving teachers and the building principal.

D. The Board recognizes that appropriate texts, library reference facilities, maps and globes, laboratory equipment, audio-visual equipment, art supplies, current periodicals, standard tests and questionnaires, and similar materials are the tools of the teaching profession. The parties will confer from time to time at the request of either party for the purpose of improving the selection and use of such educational tools, and the Board shall implement all joint decisions thereon made by its representatives and the Association when funds become available. Because of the critical importance of such educational tools, the Board will maintain a reasonable degree of consistency from year to year in the amounts expended per grade, class, or department for such materials, the amounts to be expressed as a per-pupil percentage of the total annual budget.

E. The Board shall attempt, whenever possible, to make available in each school adequate lunchroom, restroom and lavatory facilities exclusively for teacher use.

F. Telephone facilities shall be made available for teachers for their reasonable use.

G. The Board shall provide adequate parking facilities for teacher use.

H. Students shall be as equally distributed among the teachers assigned to that grade level as practicable without regard to race, color, national origin, or religious affiliation. Such equal distribution shall be accomplished before the official state count date if possible.

I. Upon receipt of reports or other related information from the Michigan Department of Education on student growth data derived from performance on state assessments which assigns each student to the various teachers in a building, each teacher will be provided adequate opportunity to review the data for accuracy of the roster of students listed before

any use of the information by the District. Should a discrepancy be noted, the teacher shall have the right to provide reasons for the exclusion of the student information as part of the District's student growth data.

## ARTICLE 8

### VACANCIES, PROMOTIONS, TRANSFERS, RETIREMENT AND JOB SHARING

A. A position within the District shall be considered as vacant when the employee holding the position has resigned or retired, is discharged, demoted, promoted, transferred, on extended leaves of one (1) year or more in duration or when it is a newly created position. A position shall not be considered as vacant when such vacancy is caused by a reduction in the total teaching or administrative staff.

B. Any teacher may apply for any position within the District at any time it appears such position may become vacant. Such applications shall be in writing, addressed to the Superintendent. All teachers will maintain all certifications held at the time of employment for the duration of employment with the District.

C. In filling promotional vacancies to administrative positions the Board may consider the professional qualifications, background, attainments, and other relevant factors, including service in the District, of all applicants from within the District as well as of applicants from outside the District. The parties recognize, however, that the filling of vacancies at the supervisory and administrative levels and the filling of newly created supervisory and administrative positions is a prerogative of the Board, and the decision of the Board as to such matters shall be final.

D. The Board shall provide written notice of vacancies, and new assignments to the Association President.

E. The Association recognizes that when vacancies occur during the school year it may be difficult to fill them from within the District without undue disruption of the existing educational program. The Board has the right to fill such positions in the most expedient manner.

F. Teachers with specific interest in possible vacancies shall notify the Superintendent and/or his designee of their interest in writing.

G. Teachers must file new endorsements and/or certifications with the District for consideration for new or vacant positions.

H. The parties recognize that changes in grade assignments in the elementary school, changes in subject assignments in the secondary school grades, and transfers between schools may be advisable. When such transfers or changes are made, the teacher will meet with the principal to discuss reasonable support and in-service that may be mutually agreeable to the teacher and the principal in assuming these responsibilities. The principal will submit such assistance for consideration by the Superintendent and the Board.

I. Job Sharing

Employment conditions for participants in the Job Sharing Program are as follows:

1. The Job Sharing Agreement will be for a contractual year (as noted below). To continue in the program, the employee(s) must reapply for the next contractual year.
  2. The employee reserves the right to return to full-time service the following year.
  3. The District and the employee(s) shall establish the daily work schedule.
  4. Reimbursement shall consist of the prorated payment of salary, retirement and insurance premiums. Proration of salary and benefits shall be at the same fraction as that worked.
  5. The District, the employee(s) participating in job sharing, and the Association President shall sign the Agreement as provided in Schedule F.
- J. The Board shall contribute to the Public School Employees Retirement System only those amounts it is required to contribute by law.

## ARTICLE 9

### SENIORITY AND EMPLOYMENT STATUS

- A. The parties recognize that education, curriculum and staff to a large part depend on the resources available to the Board as provided by the public and the State of Michigan, and in accordance with this realization understand that in some instances it may be necessary to reduce the educational program, curriculum and staff. Therefore, it is recognized that it is within the discretion of the Board to reduce the educational program and curriculum.
- B. The Board of Education may reassign teaching duties as needed, in the opinion of the Board, to retain the most effective teachers. However, teachers will perform duties within the scope of their teaching certificate.
- C. A teacher returning to employment will be granted the same status regarding probation, tenure, and salary schedule placement at the time of layoff. However, additional K-12 teaching experience and additional credit hours acquired during such layoff will apply toward placement on the salary schedule.
- D. It will be the responsibility of each teacher to notify the Board in writing of any change in contact information (phone, mailing address, and email address). The teacher's mailing address as it appears on the Board's records will be used in connection with any written notification to the teacher.
- E. Changes in a teacher's certification or qualification status will take effect immediately on receipt in the Superintendent's office of proof of such changes.
- F. Definitions:
1. Seniority is defined as total length of continuous service within the District, including credit for leaves of absence during which seniority accrues, or layoff periods, computed from the first calendar day of the school year as specified in Schedule B; or in the case of a teacher whose employment begins after the first calendar day of the school year, from the first assigned working day during the school year as specified-in Schedule B of this Agreement. Relative seniority of teachers having identical seniority will be as determined by a lottery conducted by the Board held at the time and place mutually agreed on by the Board and Association.
  2. Non-certificated teachers employed pursuant to the Revised School Code will not accrue seniority until such time said teacher becomes certified.
  3. Certified is defined as holding a Michigan continuing, provisional, standard, professional, advanced, or permanent teaching certificate applicable to specific grade levels and/or teaching areas.
  4. Qualified is defined as state endorsed and authorized to teach a particular subject area, grade, or discipline; elementary certification means the qualification

of teaching all grades K6 except programs requiring specialized training; and "highly qualified" is as defined by the Michigan Department of Education where applicable to the position.

G. The Board will issue a seniority list yearly of all teachers in the District that includes a separate list of non-certified teachers hired by the District. This list shall be prepared within thirty (30) days after teachers report to work. One (1) copy of this list will be transmitted to the Association President. Objections to such seniority list shall be made in writing by the Association within thirty (30) days of the date the list is transmitted to the Association President.

H. Teachers shall keep their certification records current. It shall be the teacher's responsibility to submit credentials affecting certification to the office of the Superintendent.

I. In the event that a teacher separates from District employment, all seniority rights are terminated as of the date of separation.

L. Seniority, and the rights and privileges thereof under this Agreement, apply and accrue exclusively to teachers, as defined in Article 1, Section A of this Agreement.

## ARTICLE 10

### LEAVES OF ABSENCE

#### A. Illness and Disability Leave:

Upon employment, a teacher shall receive a bank of twenty-four (24) days of leave, to be used as necessary during the first two (2) years of employment in the District. Commencing with the third year, additional leave days will be granted at the rate of twelve (12) days per year at the beginning of each school year. The unused portion of such leave is cumulative from year to year, but shall not accumulate to exceed one hundred eighty (180) days. The leave days so granted may be used by a teacher for the following reasons and subject to the following conditions:

1. The teacher may use all or any portion of his/her leave to recover from his/ her own illness or disability, including disabilities caused or contributed to by pregnancy, miscarriage, abortion, childbirth, and recovery which shall be treated on the same terms and conditions as are applied to other temporary disabilities, without exception.

A teacher may use any portion of this leave for an illness or short term medical needs of the teacher's immediate family.

- a. Leave shall also be granted for attendance at the funeral of a person other than immediate family and such use shall be limited to one (1) day per death and shall be deductible from illness and disability leave.
2. If a teacher leaves the District at the conclusion of one (1) year, compensation for leave taken in excess of twelve (12) days, provided the excess has not been replenished by the leave bank, shall be deducted from the teacher's final salary payment, based on the teacher's daily rate of pay.
3. A common leave bank is established and will be administered by the Association. A teacher, to be eligible for use of this bank, shall donate a minimum of three (3) days of personal illness or disability leave to the bank. To remain in the bank after the initial donation of leave days, each eligible teacher must donate at least one (1) leave day per school year until such time as the Association's Executive Committee, which shall administer the leave bank, determines that the bank contains an adequate balance of leave days. Future replenishment of the bank balance shall be at the discretion of the Association's Executive Committee, and shall be accomplished by requiring additional donations of leave days from eligible teachers to maintain their eligibility, provided however, that such additional donation requirements shall not discriminate among eligible teachers, but shall require equal donations from all eligible teachers. Any eligible teacher whose personal illness or disability extends beyond the compensation period provided to him or her personally under Section A above may draw on the leave bank for a period not to exceed forty-five (45) additional leave days, under such regulations as may be established from time to time by the Association's Executive Committee.

4. The District may, at its discretion, request a statement from a licensed medical professional, to verify that the teacher should be excused from the workplace for medical reasons.
5. Absence due to injury or illness incurred in the discharge of a teacher's duties will be covered by the Workers' Compensation Act. Such absence shall not be charged against the teacher's illness and disability leave days, except when the teacher elects to have a prorated charge made against illness and disability days to make up the difference between his salary and any benefits received by him/her under the Workers' Compensation Act. The District's obligation to the teacher for compensation shall end when illness and disability days are exhausted.

B. Temporary Leave:

1. At the beginning of every school year each teacher shall be credited with three (3) days leave to be used for the teacher's personal business. A teacher planning to use a personal leave day or days shall notify his/her principal or supervisor at least twenty-four (24) hours in advance, except in an emergency. Personal business leave days are not intended for the day preceding or following a holiday or recess, nor for the first or last days of the school year. Unused personal leave days will be added to the teacher's personal illness days at the end of the school year. The teacher's combined total unused personal illness days and unused personal leave days shall not accumulate to exceed one hundred eighty (180) days.
2. Emergency leave, not to exceed five (5) days per occurrence and ten (10) days per school year, shall be granted by the immediate supervisor for any of the following reasons--death or critical illness in the teacher's immediate family; required appearance in court of law involving no moral turpitude on the part of the teacher.
  - a. The teacher's immediate family shall be considered as grandparents, mother, father, spouse, child, sister, brother, grandchild, mother-in-law, father-in-law, son-in-law, daughter-in-law, sister-in-law, brother-in-law, or any other members of the family unit living in the same household, no matter what the degree of relationship.
  - b. The use of such days for death or critical illness purposes shall be deductible from personal illness or disability leave beginning with the sixth (6<sup>th</sup>) day.
3. A leave of absence shall be granted a teacher called for jury service. The Board shall pay an amount equal to the difference between the teacher's daily salary and the daily jury duty fee paid by the court (not including travel allowances or reimbursement for expenses) for each day on which the teacher reports for or performs jury duty on which he/she otherwise would have been scheduled to work.

4. A leave of absence with pay shall be granted to any teacher who is required by law to appear in any legal proceedings connected with the teacher's employment with the District, or who is subpoenaed to testify during school hours in any judicial or administrative matter, or who is asked to testify in any arbitration or fact-finding procedure.
5. The Board shall encourage teachers to actively participate in meetings of professional organizations of an educational nature, and shall grant leaves for this purpose. The number of teachers to be allowed leave for this purpose at any one time shall be within the discretion of the administration. The payment of teachers' expenses incurred in attendance and of the salary of substitutes shall be carried in the budget as an in-service educational expense item.
6. Members of the Association shall be released to attend Association related activities without loss of pay, provided a qualified substitute teacher can be obtained. The Association shall reimburse the District for the Association member's retirement costs as required by law. This released time shall be limited to a total of ten (10) days per school year to be distributed among the staff at the discretion of the Association. If the total of ten (10) days is exceeded, the Association shall also pay for the substitutes required.
7. Involuntary absence of a teacher due to an act of God, including but not limited to snowstorm, tornado, or flood, shall not be charged against any teacher's personal illness and disability leave or personal business leave. This should not be construed to mean that a teacher will not be required to provide the circumstances and advance notice (if possible) of such absence.
8. Personal Use Days (PUD) shall be available to teachers in accordance with the following condition:
  - a. Personal use days shall be available to teachers at a ratio of one (1) day for every block of five (5) days of unused sick leave accumulated in excess of 180 days. Thereafter, personal use days shall be available to teachers at the beginning of the school year at a rate of two-tenths (.2) day for every day of unused sick days accumulated in excess of 180 days, based on unused sick days remaining at the end of the previous year.
  - b. Such days will accumulate to a total of six (6) days, with no more than three (3) days to be used in one school year. Days must be used in full-day increments. Unused Personal Use Days will not be computed as part of the teacher's accumulated sick leave.

  - d. Such leave shall not be granted the first or last day of the school year or on scheduled parent-teacher conference days.

Personal Use Days will be granted on a "first come" basis; with requests accepted beginning with the first work day for teachers of the school year. All requests received during regular working hours on a day shall be considered as equal in determining "first come" status. If more than four (4) teachers request the same Personal Use Day(s), a lottery will be the means of determination; and, if more than four (4) teachers make requests for Personal Use Day(s) for like day(s) in a subsequent year, the unsuccessful bidders for Personal Use Day(s) from the previous year will be given priority over those who "won" such lottery the previous year.

The initial leave period shall be for the balance of the semester in which the leave was granted, if applicable, plus two (2) consecutive semesters excluding any summer semester. ### LEAST RESTRICTIVE ENVIRONMENT/MEDICALLY FRAGILE

#### A. Least Restrictive Environment

1. The parties acknowledge that the standard of least restrictive environment is legally mandated. The extent to which any individual student should participate in regular education programs and services involves considerations of the student's unique needs as determined by the student's Individualized Education Program (IEP) Team. Student's participation and right to participate in regular education programs and services cannot be affected by this Agreement. The District, however, will consider how the student's placement affects teachers when determining the student's placement. The student's placement decision is made by the student's IEP Team or, as applicable, in the sole discretion of the Superintendent or designee.
2. The District shall determine the need for a teacher who will provide instructional or other services to a student to participate in the IEP Team meeting which may initially place (or continue the placement of) the student in a regular education classroom. The District shall provide release time in the event the District directs or authorizes a regular education teacher to attend an IEP Team meeting which is scheduled during a time the teacher is assigned to teach a class.
3. If any teacher has a reasonable basis to believe that a student's current Individualized Educational Program (IEP) is not meeting the student's unique needs as required by law, the teacher will advise his/her principal in writing.
4. On a case-by-case basis, the District will determine what training and other support should be provided to a teacher who will be providing instructional or other services to a student.
5. Teachers, excluding specially trained personnel, shall not be required to provide ongoing, repetitive medical or hygienic services for students except in an emergency situation.

#### B. Medically Fragile Students

1. If a teacher will be providing instructional or other services to a medically fragile student, the teacher or another adult who will be present when the instruction or other services are being provided will be advised of the steps to be taken in the event an emergency arises relating to the student's medical condition.
2. No teacher will be required to provide services of a medical nature to a medically fragile student without being trained to provide the services, unless the services are necessitated by emergency.
3. On a case-by-case basis, the District will determine what training and other support should be provided to a teacher who will be providing instructional or other services to a medically fragile student.

4. When a general education classroom teacher is assigned a student from a special education program for severely impaired students (OHI, SMI), the teacher shall not be expected to perform routine, scheduled maintenance of a medical appliance or apparatus used by the student to sustain his/her bodily functions nor render routine, scheduled care or maintenance of exceptional bodily functions related to the student's impaired condition. The teacher shall be informed and instructed as to emergency measures which may be necessary on occasion due to the student's impaired condition. Otherwise, it shall be the responsibility of the teacher to implement the student's IEP for attending to the educational needs of the student while in the teacher's class.

### NEGOTIATION PROCEDURES

A. Matters not specifically covered by this Agreement in regards to wages, hours, and working conditions shall be subject to professional negotiations on the mutual consent of the parties.

B. Beginning not later than April 1 of the calendar year in which this Agreement expires, the Association and Board will negotiate over a successor Agreement in accordance with the procedures set forth herein in a good faith effort to reach agreement concerning teachers' wages, hours, and other terms and conditions of their employment. Any agreement so negotiated and ratified shall be reduced to writing and signed by the representatives of the Board and the Association.

C. In any negotiations described in this Article, neither party shall have any control over the selection of the representatives of the other party, and each party may select its representatives from within or without the District. No final agreement between the parties may be executed without ratification by a majority of the Board and by a majority of the membership of the Association. The parties mutually pledge that representatives selected by each shall be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of bargaining, subject only to such ultimate ratification.

D. The final agreement shall be ratified by both parties within an agreed upon time frame, that will be set at the time of the tentative agreement. The Board and Association shall exchange written results of their vote on the completion of those votes. There shall be three (3) signed copies of the ratified agreement, one each for the Association, the Board, and the Superintendent's file. Any correspondence and communication between members of the Association and the Board relevant to conditions established by such Agreement shall be conducted directly through the Superintendent and the Association President. Individual contracts will be issued to individual teachers within thirty (30) calendar days after this Agreement is ratified. Signed contracts are to be returned to the immediate supervisor within thirty (30) calendar days from the date of issue. All contracts and riders to be issued shall be signed by the Board before issuance to the teacher, and shall be in accord with the following procedures:

1. Contract Issuance to New Teachers at Any Time

- a. The Board may issue a contract to a new teacher with no salary stated. The contract should state that salary will be in accordance with this Agreement, as determined by the new teacher's education and experience. A verbal commitment may be made by the Board's designee.
- b. Within two (2) business days a copy of the contract so issued shall be submitted to the Association President, together with the Board's proposed salary placement and history affecting such placement.

- c. If the Association agrees with such salary placement, or if no action is taken by the Association within five (5) business days, the Board may issue the contract with the proposed salary stated therein.
- d. If the Association disputes the salary placement proposed by the Board, it shall notify the Board and the affected teacher within five (5) business days after receiving the contract copy. Representatives of the Board and the Association shall meet in an attempt to resolve the dispute. If, within two (2) calendar weeks following receipt of the contract copy by the Association, an agreement has not been reached a firm individual contract will be issued to the affected teacher at the lower of the disputed salary figures.
- e. The teacher and/or the Association reserve the right to grieve the final salary placement if they do not agree with it after the above steps have been completed.
- f. This procedure is meant to refer to salary placement, and shall in no way restrict the Board in its selection of employees. However, it is also agreed that all new teachers employed by the Board shall be considered as probationary employees as prescribed by the Michigan Teachers' Tenure Act, except that teachers who have earned tenure in another Michigan school district may be granted tenure status as prescribed by the Michigan Teachers' Tenure Act.

## 2. Contract Issuance to Returning Teachers

- a. Before the issuance of individual contracts to returning teachers the Superintendent shall provide the Association President with a list of such teachers and of the salary schedule placement and contractual salary of each. The Association President shall, within five (5) business days following his/her receipt of such list, notify the Superintendent of the Association's acceptance or disagreement with the salary placement and contractual salary of each listed individual. Thereafter, contracts not in dispute shall be issued. If such list is received by the Association President before the start of the school year, the five (5) business day examination period begins with the first day of that school year.
- b. If a salary schedule placement or contractual salary of any such listed returning teacher is disputed by the Association, the procedures set forth in Section D.1.d and Section D.1.e of this Article shall be followed.
- c. Signed copies of contracts including Schedule C shall be sent to the Association President within thirty (30) days of issuance.

E. The Superintendent or designee, who shall be a member of the Board or administration, and the Association President or designee, who shall be a member of the bargaining unit, will meet once per month for the purpose of reviewing the administration of this Agreement, and to resolve problems arising thereunder. Such meetings shall not be

intended to bypass the normal grievance procedures. Should such a meeting result in a mutually acceptable amendment to this Agreement, then such amendment shall be subject to ratification by the Board and the Association in the same manner as this Agreement, provided that the bargaining committee here established shall be empowered to effect temporary accommodations to resolve special problems.

## ARTICLE 16

### GRIEVANCE PROCEDURE

A. A claim by a teacher or the Association that there has been a violation, misinterpretation, or misapplication of any provision of this Agreement may be processed as a grievance as hereinafter provided.

B. If an individual teacher has a personal complaint which he/she desires to discuss with a supervisor, he/she is free to do so without recourse to the grievance procedure. However, no grievance shall be adjusted without prior notification to the Association and opportunity for an Association representative to be present, nor shall any adjustment of any complaint or grievance be inconsistent with this Agreement. In the administration of the grievance procedure, the interest of the teachers shall be the sole responsibility of the Association.

C. All time limits herein shall consist of school days except that when a grievance is submitted on or after May 15 time limits shall consist of calendar days so the matter may be resolved before the close of school or as soon thereafter as possible. Time limits may be extended only with the written consent of the Administration and the Association. If time limits as required in this Article are not observed by the grievant or the Association, the grievance must be considered abandoned. If time limits as stated in this Article are not observed by the Board or Administration, the grievant or Association have the right to move the grievance automatically to the next level.

D. Grievance levels are defined in the following order:

1. The immediate supervisor
2. Superintendent
3. Board of Education
4. Arbitration and/or other legal processes

E. If a teacher (grievant) believes there is a basis for a grievance, he/she shall first discuss the alleged grievance with his/her building principal either individually or accompanied by an Association representative. Such discussion must be held within ten (10) days of the violation, misinterpretation or misapplication, or within ten (10) days of the discovery thereof. If such discussion cannot be held within this time limit due to the extended absence of the teacher, then the time limit at this level only shall come into effect upon the return to duty of the absent teacher. If such discussion cannot be held within this time limit due to the extended absence of the teacher's immediate supervisor, then at the conclusion of such time limit the teacher may proceed to the next level of this grievance procedure.

F. If, as a result of the informal discussion with the immediate supervisor, a grievance still exists, a grievant may invoke the formal grievance procedure on the form set forth in Schedule D, signed by the grievant and a representative of the Association, which form shall be available from the Association representative in each building. A copy of the grievance form shall be delivered to the immediate supervisor within five (5) days after the

informal discussion. If the grievance involves more than one school building, it may be filed with the Superintendent or a designee.

G. Within five (5) days of receipt of the grievance, the immediate supervisor shall meet with the Association in an attempt to resolve the grievance. The immediate supervisor shall provide to the Association two (2) written copies of the disposition of the grievance within five (5) days of such meeting

H. If the grievant or the Association is not satisfied with the disposition of the grievance, or if no disposition has been made within five (5) days of such meeting, the grievance shall be transmitted to the Superintendent within five (5) days. Within five (5) days the Superintendent or designee shall meet with the Association on the grievance, and shall provide to the Association two (2) written copies of the disposition of the grievance within five (5) days of such meeting.

I. If the Association or the grievant is not satisfied with the disposition of the grievance by the Superintendent or designee, or if no disposition has been made within five (5) days of such meeting, the grievance shall be transmitted to the Board by filing written copies thereof with the Secretary of the Board and the Superintendent within five (5) days. The Board, no later than its next regular meeting or two (2) calendar weeks, whichever is later, shall hold a hearing on the grievance or review such grievance in executive session, if allowed under the provisions of Michigan Open Meetings Act, or give such other consideration as it deems appropriate. Disposition of the grievance by the Board in writing shall be made no later than five (5) days thereafter. Two (2) written copies of such disposition shall be furnished to the Association.

J. If the Association is not satisfied with the disposition of the grievance by the Board, or if no disposition has been made within the period above provided, and the grievance concerns an alleged violation of a specific Article or Section of this Agreement, the grievance may be submitted to arbitration by written notice to the Board Secretary given within fifteen (15) calendar days after the above specified period. The Demand for Arbitration shall be filed with the American Arbitration Association within thirty (30) calendar days from the notification to the Board Secretary that arbitration will be pursued. An impartial arbitrator shall be selected by the American Arbitration Association in accordance with its rules, which shall likewise govern the arbitration proceeding. The Board and the Association shall not be permitted to assert in such arbitration proceeding any new allegations or to rely on any evidence not previously disclosed to the other party. The arbitrator shall have no power to alter, add to or subtract from the terms of this Agreement.

Both parties will be bound by the award of the arbitrator, and agree that judgment thereon may be entered in any court of competent jurisdiction. The fees and expenses of the arbitrator shall be shared equally by both parties. All other expenses shall be borne by the party incurring them.

Notwithstanding any other provision in this Agreement, the District shall have no obligation to arbitrate any grievance after the expiration of this Agreement. The District, however, shall arbitrate grievances arising during the term of this Agreement for which a timely grievance was filed before the Agreement's expiration.

K. If the Board refuses to arbitrate a grievance arising under this Agreement, the arbitrator appointed or selected according to the above procedure shall proceed on an ex parte basis.

L. If the Association files a notification of intent to proceed to arbitration concerning a grievance, pursuant to the above procedures, and the Board files an action in any court of competent jurisdiction to stay the arbitration, in the event the Board does not prevail in the ultimate court determination and the alleged grievance is directed to an arbitrator for a ruling on its arbitrability and/or its merits, the Board shall reimburse the Association for any and all costs, including attorney fees incurred as a result of participation in the stay proceedings and appeals therefrom. Under such circumstances, in the event the Board does prevail in the ultimate court determination and the alleged grievance is held to be not arbitratable, the Association shall reimburse the Board for any and all costs including attorney fees.

M. If the Association receives an unfavorable arbitration award and appeals such award to the Circuit Court, in the event the Association does not prevail in the ultimate court determination, the Association shall reimburse the Board for any and all costs, including attorney fees incurred by reason of its participation in the initial appeal proceedings and any appeals therefrom. If the Board receives an unfavorable arbitration award and appeals such award to the Circuit Court, and the Board does not prevail in the ultimate court determination, the Board shall reimburse the Association for any and all costs, including attorney fees incurred by reason of participation in the initial appeal proceedings and any appeals therefrom.

N. If any teacher is found to have been improperly deprived of any professional compensation or advantage, the same or its equivalent in money shall be paid to him/her and his/her record shall be cleansed of any reference to this action as allowed by law.

O. The non-renewal of a probationary teacher in accordance with the Michigan Teachers' Tenure Act when non-renewal is solely because of inadequacies in the teacher's professional work shall not be subject to the grievance procedure including arbitration.

B. If an employee is absent due to illness or injury contracted or incurred in the discharge of the teacher's employment duties, the insurance coverages provided in this Article shall continue to the benefit of said teacher for the full duration of such illness or injury. The employee is still responsible for all premium costs above the cap.

C. The Board shall make payment of insurance premiums for each employee to provide insurance coverage for the full twelve-month period commencing July 1 and ending June 30 of each year for all teachers who complete their contractual obligations. If a teacher terminates his/her employment for reasons other than illness or Family Care leave before to June, said teacher's subsidy shall terminate on the first of the month following. When necessary, premiums on behalf of the teacher shall be paid retroactively or prospectively to ensure uninterrupted participation and coverage, when authorized by the teacher in writing. The Superintendent or designee shall notify the teacher when such authorization is required. Provisions for repayment to the Board when necessary shall be a part of the teacher's written authorization.

D. During the term of the Agreement, representatives of the Board and Association will meet to investigate improvements or plan changes in insurance coverage provided under this Article. It is understood that the changes in benefit patterns and/or carriers which may result from such investigations may be made only by mutual agreement and without the necessity of reopening this Agreement for renegotiation.

E. The insurance protection provided in this Article shall remain in effect until a successor to this Agreement is ratified and signed unless restricted under PERA Section 15b. The Board may, pursuant to the Publicly Funded Health Insurance Contribution Act, elect either a fixed dollar amount or a percentage of premium option to fund the Association health insurance plan, and will make its determination on an annual basis, as soon as practicable before the start of the next medical benefit plan year. The Board will bargain the impact of its decision on teachers.

## ARTICLE 18

### MENTOR TEACHER

- A. Each teacher in his/her first three (3) years in the classroom shall be assigned a Mentor Teacher by the Administration after consultation with the Association as identified in (Section 1526 of the Revised School Code). The Mentor Teacher shall be available to provide professional support, instruction and guidance. The purpose of the mentor assignment is to provide a peer who can offer assistance, resources and information in a non-threatening collegial fashion.
- B. Mentor Teachers shall be assigned in accordance with the following:
1. The ultimate and overriding criteria used in selecting a Mentor Teacher will be the candidate's recognition as a teacher skilled in the art and science of teaching with the capability to communicate these two areas.
  2. The Mentor Teacher shall be a tenured teacher within the bargaining unit whenever possible.
  3. Participation as a Mentor Teacher shall be voluntary.
  4. The District shall notify the Association of those teachers requiring a mentor assignment.
  5. Mentor Teachers and Mentees shall work in the same building and have the same or similar area of certification whenever possible.
  6. The Mentee shall be assigned to only one (1) Mentor Teacher at a time.
  7. The Mentor Teacher assignment shall be for one (1) year, subject to review by the Administration, Mentor Teacher and Mentee after three (3) months. The appointment may be renewed in succeeding years.
  8. Mentor Teachers may have up to two (2) Mentees if mutually desired by the Mentor Teacher and building principal.
- C. Because the purpose of the mentor/mentee match is to acclimate the teacher and to provide necessary assistance toward the end of quality instruction, the Board and the Association agree the relationship shall be confidential.
- D. Upon approval of the building principal, reasonable release time may be made available so the Mentor Teacher may work with the Mentee in his/her assignment during the regular work day and school calendar year. Where possible, the Mentor Teacher and Mentee shall be assigned common preparation time.
- E. Mentees shall be provided with a minimum of fifteen (15) days of professional development activities during their first three (3) years of classroom teaching. Professional

development shall be scheduled within the parameters of Section 1526 of the Revised School Code and Article 6 of this Agreement.

### MISCELLANEOUS PROVISIONS

- A. This Agreement shall constitute the full and complete commitments between the parties, and may be altered, changed, added to, deleted from, or modified only through the voluntary consent of the parties in written and signed amendment to this Agreement.
- B. All teacher contracts shall be made expressly subject to the terms of this Agreement.
- C. If any provisions of this Agreement or any application of this Agreement to any employee or group of employees is found contrary to law, then such provision or application shall be deemed not valid or subsistent except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- D. The Board will maintain a list of substitute teachers at all times. Teachers shall be informed of a telephone number they must call before six thirty (6:30) a.m. to report unavailability to work. Once a teacher has reported unavailability, it shall be the administration's responsibility to arrange for a substitute teacher. It shall be the responsibility of the unavailable teacher to have lesson plans and other helpful material available to the substitute.
- E. The Association shall deal with and enforce ethical problems arising under the current National Education Association Code of Ethics.
- F. Supervisory teachers of student teachers shall be tenured teachers possessing a minimum of five (5) years of classroom teaching experience who voluntarily accept the assignment. They shall be known as "supervisory master teachers". The parties recognize that "supervisory master teachers" are not supervisors under the Public Employment Relations Act. The "supervisory master teacher" shall file a written report and an evaluation of the student teacher for whom he/she is responsible with the university coordinator and the administration, with a copy to the student teacher, each four (4) weeks. The Board shall disclose the amount of money, if any, received from the university placing the student teacher. Monies made available to the District by the placing university, if any, shall be administered monthly by a joint committee composed of the university coordinator, all "supervisory master teachers", and a representative of the Board, in a manner determined by the majority of the committee. The following areas of appropriate expenditure are suggested: in-service training programs, materials and equipment, released time for permanent staff.
- G. The Association agrees to accept student teachers as honorary members during their student teaching period and to include them in all appropriate meetings and activities of the Association.
- H. The parties recognize that teachers can make a significant contribution to the improvement of the educational programs of the District. It is recognized that such participation promotes professional improvement and should be considered part of the

professional responsibilities of each teacher. The parties hereby express their mutual desire that teachers will voluntarily participate in such activities.

I. Electronic communications

1. The Board is committed to the effective use of technology as a tool to:
  - a. Enhance the quality of student learning.
  - b. Enhance communications within the District and between staff and our customers (parents, students).
  - c. Assist the staff to obtain the educational goals of the District.
  - d. Increase efficiency of District operations.
2. Computers, electronic mail, communication devices, voice mail, and Internet access provided by the District are to be used primarily for business and educational purposes. Personal use of such equipment should be limited and should not result in any additional expense to the District. Technology or network systems are not to be abused in any way or used in an illegal or unethical manner.
3. The Board will periodically make determinations on whether specific uses of the electronic resources are consistent with the acceptable-use practice of the District.
4. The District reserves the right to review all electronic data, voice mail, and computer files on District owned equipment.
5. Staff members will appropriately supervise students using the District's technology information systems.

J. To encourage staff to maximize the use of technological tools, the Board will provide reasonable training opportunities for teachers at the District's discretion.

K. The District shall provide electronic and print access to the District's policy and procedures manual, and shall provide the Association President with notification of all updates to the manual within ten (10) days of the formal adoption of any change by the Board.

L. The Employer and the Association recognize that an Emergency Manager may be appointed under the Local Fiscal Stability and Choice Act, MCL 141.541 *et. seq.* to reject, modify, or terminate this collective bargaining agreement. This clause is included in this agreement because it is legally required by state law. The parties did not agree to this provision. By signing this agreement, the Association does not agree or acknowledge that this provision is binding either on the Association or the Employer. The Association reserves the right to challenge this in court.
