PREAMBLE

WHEREAS The Board and the Association recognize and declare that providing a quality education for the children of Alpena is their mutual purpose, and

WHEREAS Achievement of this purpose cannot be fully realized without capable and dedicated teachers who recognize their professional responsibilities to the school district and whose rights and aspirations are likewise recognized by the Board and community, and

WHEREAS The Board has a statutory obligation, pursuant to the Public Employment Relations Act, Act 379 of the Michigan Public Acts of 1965, to bargain with the legally designated representative of its teaching personnel with respect to hours, wages, and conditions of employment, and having arrived at certain understandings:

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

ARTICLE I  
AGREEMENT

A. THIS AGREEMENT, entered into by and between the Board of Education Alpena Public Schools, Alpena and Presque Isle Counties, Michigan, hereinafter called the "Board" and the Alpena Education Association, hereinafter called the "Association" affiliated with the Michigan Education Association, hereinafter called the "M.E.A." and the National Education Association, hereinafter called the "N.E.A."

This Agreement will be effective as of September 1, 2013 and will continue in effect until August 31, 2016. This Agreement will not be extended orally and it is expressly understood that it will expire on the date indicated.

B. This Agreement will constitute the full and complete commitment between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in written and signed amendment to this Agreement.

C. This Agreement will supersede any rules, regulations or practices of the Board regarding mandatory subjects that will be contrary to or inconsistent with its terms.

D. If any provision of this Agreement or any application of the Agreement to any employee or group of employees will be found contrary to law, then such provision or application will not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.

E. The Employer and the Association recognize that an Emergency Manager may be appointed under the Local Government and School District Fiscal Accountability Act to reject, modify, or terminate this collective bargaining agreement as provided in Public Act 4 of 2011. This clause is included in this agreement because it is legally required by state law. The parties did not agree to this provision. By signing this agreement, the Association does not agree or acknowledge that this provision is binding either on the Association or the Employer. The Association reserves all rights to assert that this clause is unenforceable.

F. Any individual contract of salary and/or supplemental contractual assignment compensation between the Board and an individual teacher heretofore and hereafter executed will be subject to and consistent with the terms and conditions of this Agreement. If any individual contract of salary and/or supplemental contractual assignment compensation contains any language inconsistent with this Agreement, this Agreement during its duration will be controlling. The Association will immediately be provided a copy of any such statement at the time such contract is issued to a new employee.

G. In the event of a desired change in program and/or personnel that involves a change in the negotiated agreement, the Superintendent or his/ her designee will invite the Association in writing to reopen the necessary section of the contract. This invitation will include the section to be opened, plus the additions and/or changes. If the Association agrees to the proposed changes, they may respond affirmatively in writing and no meeting will be necessary; if rationale and/or discussion are needed, a meeting will be scheduled and the changes discussed. All correspondence concerning contract reopeners will be answered within thirty (30) days. In the event the Association wishes to invite the Superintendent to reopen a section of the contract, the same procedure may be followed. All agreements reached by this process are tentative pending final approval by the Board and the Association. This statement does not in any way imply that either party must agree to the contract being reopened.

H. In recognition of the importance of ongoing school improvement planning, the parties agree that Article I., Paragraph G. shall not apply to requests involving a proposed school improvement plan. When changes in wages, hours, terms and condition of employment are being sought by the Board or Association, in such instances, the parties agree to reopen negotiations. The parties' bargaining obligations in such instances shall be consistent with the provisions and obligations under the Public Employment Relations Act.

I. Where the District-wide or building-level school improvement teams wish to request consideration for change in the wages, hours, terms and conditions of the master contract, a written request will be submitted to the Superintendent with a copy to the A.E.A. President. In the event either the Superintendent or the A.E.A. President wishes to pursue the request, the procedures of Article I., Paragraph G. shall apply.

J. Subject to the provisions of Article I., Paragraph G. any provision(s) of a school improvement plan or application thereof that violates, contradicts or is inconsistent with the collective bargaining agreement, the collective bargaining agreement shall prevail.

K. Teacher participation in school improvement planning focused grade level/department meetings shall be required when scheduled during contract work time.

L. After the implementation of a plan or project, the Board agrees to meet upon request with the Association to review the plans in relationship to its impact on wages, hours and other terms and conditions of employment.

M. Copies of the Agreement titled "The Alpena Board of Education and the Alpena Education Association, MEA-NEA" will be produced at the expense of the Board. It will be made available to Alpena Public Schools employees on the staff link of the APS website. ## ARTICLE VII

### GRIEVANCE PROCEDURE

#### A. Definitions:

1. A "grievance" is a claim by a teacher or the Association that there has been a violation, misinterpretation, or misapplication of any provision of this Agreement and may be processed as hereinafter provided. All disputes over decisions regarding hiring, probation, and tenure are to be handled under the terms of the Tenure Law and are not to be made a matter of Grievance (this sentence is not intended to circumvent any other part of the Agreement). Excluded from the grievance procedure is the non-reappointment of any coach who is not otherwise a member of the unit as a teacher and the non-reappointment of any other person in an extracurricular position who is not otherwise a member of the unit as a teacher.

2. The term "days" shall mean calendar days.

3. Procedure:

The number of days indicated at each step should be considered a maximum and every effort should be made to expedite the process. The time limits may be extended by mutual consent. If the grievance is filed on or after June 1, the time limits may be reduced in order to affect a solution prior to the end of the school year or as soon thereafter as practical.

#### B. Purpose:

The primary purpose of this procedure is to secure, as near to the initial step as possible, equitable solutions to the problems of the parties. Both parties agree that these proceedings will be kept as confidential as may be appropriate at each level of the procedure. Nothing herein contained will be construed as limiting the right of any teacher with a grievance to discuss the matter informally with the appropriate member of the administration provided that it is done in compliance with Article VII, Paragraph C. (1)(a).

#### C. Structure:

The Association will establish a committee to process grievances of the personnel it represents. When a teacher is not represented by the Association, the Association will have the right to be present and to state its views at all stages of the grievance process.

##### 1. Step One/Informal

- a. The Grievance will be discussed with the immediate supervisor or principal within fourteen (14) days of the alleged violation individually or with an Association Representative, with the objective of resolving the matter informally.
- b. The immediate supervisor or principal will have fourteen (14) days following discussion of the alleged violation to see a solution to the matter informally.
- c. If the matter is not resolved or no response has been provided the Association by the conclusion of the fourteen (14) day period, the Association will have fourteen (14) days to submit the grievance in writing and initiate Step Two of the grievance process.

2. Step Two/Written

- a. In the event the matter is not resolved informally, the grievance, stated in writing, may be submitted to the supervisor or principal within fourteen (14) days following the first meeting with the supervisor or principal.
- b. A grievance may be lodged and thereafter discussed with the principal or supervisor,
  - (1) By a teacher accompanied by an Association Representative;
  - (2) Through an Association Representative if the teacher so requests;
  - (3) By an Association Representative in the name of the Association.
- c. The written grievance(s) should be specific. They should name and be signed by the employee(s) involved. They should contain a statement of the facts upon which the grievance(s) is/are based, with respect to wages, hours, and other terms and conditions of employment, and should state the remedy requested. (Appendix D)
- d. Within fourteen (14) days after receiving the grievance, the principal or supervisor will state his/her decision in writing, together with the supporting reasons, and will furnish one (1) copy to the teacher(s) and two (2) copies to the Association Committee.

3. Step Three/Superintendent of Schools

In the event the grievance is not satisfied it may within fourteen (14) days of receipt of the decision, be processed with the Superintendent/designee. Within fourteen (14) days from the receipt of the grievance, the Superintendent/designee will meet with the Association in an effort to resolve the grievance and within fourteen (14) days following the meeting will render a decision as to the solution.

4. Step Four/Binding Arbitration

- a. In the event the Association is not satisfied with the disposition of the grievance at Step Three, or if no decision has been rendered within fourteen (14) days following the meeting held in Step Three, the Association only (not an individual) may refer the grievance to binding arbitration. Either party may submit the grievance to final and binding arbitration under the rules of the American Arbitration Association which will act as administrator of the proceedings. If neither party files a Demand for Arbitration within thirty (30) days of the date of disposition of the grievance at Step Three or the date the Step Three time limit expires without action, whichever date is later, then the grievance will be deemed withdrawn.
- b. Neither the Board nor the Association will be permitted to assert any grounds or evidence not previously disclosed to the other party.
- c. The arbitrator will have no power to alter, add to, or subtract from the

terms of this Agreement. He shall have no power to change any practice, policy, or rule of the district, nor to substitute his judgment for that of the District as to the reasonableness of any such practice, policy, rule or any action taken by the District. His power shall be limited to deciding whether the District has violated the express articles or sections of this Agreement. He shall not imply obligations and conditions binding upon the District from this Agreement, it being understood that any matter not specifically set forth herein remains within the reserved rights of the District. Each party will bear the full costs for its side of the arbitration, and will pay one-half (1/2) of the costs for the arbitrator. The arbitrator's award is final and binding on both parties.

D. Miscellaneous:

1. A grievance may be withdrawn at any step without prejudice.
2. No reprisals will be taken by or against any party of interest or any participant in the grievance procedure by reason of such participation.
3. All documents, communications and records dealing with a grievance will be filed separately from the personnel files of the participants.
4. Where no monetary loss has been caused by the action of the Board complained of, the Board shall be under no obligation to make monetary adjustments, and the arbitrator shall have no power to order one.
5. All step 1 and step 2 matters may be submitted electronically by either party with a typed signature accepted by both parties as official.

ARTICLE VIII

CONDITIONS OF EMPLOYMENT

A. Health Examinations:

1. The Board of Education reserves the right to request a health examination upon written request. Health is defined as physical and/or mental.
2. When a special examination is requested by the Board of Education, the expense will be paid by the Board. In the event of a second opinion being requested, a neutral third party doctor will be selected by the District's medical evaluator and the member's medical doctor.

B. The Board of Education will pay for all costs associated with fingerprinting.

C. Pupil to Teacher Ratio:

1. The Superintendent of Schools' recommendation for limits on pupil to teacher ratio will consist of the best professional knowledge as to desirable pupil to teacher ratio, tempered by the District's ability to provide sufficient staff for such loads. The desired maximum for teaching ratio at any level will be consistent with the philosophy of the school system that states that it is the objective of the schools to provide opportunities and experiences for each individual to develop within the limits of his/her capacity.
2. The pupil to teacher ratio in a building shall be defined as the total number of students assigned to regular education classes within the building divided by the number of regular education classroom teachers in that building. As a guide, the pupil to teacher ratio will be in accord with the following figures:

Elementary	27: 1
Secondary	28: 1

3. Elementary Class Size:

- a. Elementary class size shall follow the following guidelines:

Preschool – State and/or Federal Preschool Regulations	
Kindergarten	26
Grades 1 – 3	28
Grades 4 – 5	29

- b. Should individual class size at the elementary level exceed the number above, the teacher involved shall receive one hour of instructional assistant time per extra pupil until such time as that teacher has a full-time instructional assistant. The teachers and administrator will continuously collaborate to create a workable schedule for instructional assistant use. No elementary class size shall exceed the recommended ratio by more than six (6) students unless it is reasonably necessary or an emergency.
4. Split Classes: Shall be defined as classes with more than one grade level (elementary) or subject (secondary) within a classroom. Each elementary split classroom will receive two hours of instructional assistant time. In addition, one

hour of instructional assistant time will be assigned for each pupil over the recommended class size for the lower grade level of the split until such time as a full-time instructional assistant is assigned to that class. Secondary teachers may volunteer to accept a split class assignment.

6. Teachers who wish to deviate from normal classroom procedures/schedules will submit to their building principal for approval of their plan for the classroom setup that will make for the most workable and manageable situation for both teacher and students; adaptation of the curriculum may also be included. The principal in consultation with the teacher (when possible) will select students for placement.

D. Teacher Work Schedule:

1. The regular work schedule will be in accordance with the annual calendar that is included in the Master Contract. The length of the work day and the length of the work year will be scheduled in a manner that will allow the District to ensure that the minimum number of hours of pupil instruction in a school year is as required by law.
2. The Board and the Association recognize and agree that a teacher's responsibility to the students, community and profession generally entails the performance of duties and the expenditure of time and service beyond classroom duty hours. Such time and service beyond classroom duty hours and professional meetings will be contained within the forty (40) hour week. Teachers shall participate in IEPC meetings that may be held outside the teachers' workday consistent with past practice. Teachers shall also participate in one (1) evening building activity involving parents in addition to parent-teacher conferences and one (1) monthly staff meeting. Teachers with split building assignments will be assigned a home-base school. Said teachers will participate in the home-base school's staff meetings and evening activities. Said teachers will attend the open house for each building assigned provided that they are not held at the same time. Time spent at the open house(s) of the lesser assignment(s) will be paid at the hourly rate of pay (.00093 x base salary).
3. Teachers shall also participate on an equitable basis in preparing building bulletin boards consistent with past practice.
4. Teacher's schedule
  - a. All teachers shall be on duty and responsible for student supervision fifteen (15) minutes prior to the beginning of student instructional time and may leave fifteen (15) minutes after the end of student instructional time each day.
  - b. Secondary teachers who travel between schools will be assigned a "home" school based on the number of sections taught in each school for the school year.
  - c. ACES Work Experience: Activities which allow students credit toward a high school diploma and qualify the student for pupil membership, including monitoring student work experience, developing a written student training

agreement, developing a student training plan and visiting student worksites, will be considered part of the member's regular/overload schedule.

5. All special area teachers, counselors, librarians, and other specialists are to observe the work schedule prepared in collaboration with the administration.
6. Elementary teachers will be provided with a minimum of two hundred and fifty minutes (250) per week for preparation and planning time during the school day. Planning time will be provided during those times when special area instruction (i.e. music physical education, health and art) is given to students and during duty-free recess. Building administrators and teachers shall work together in developing a schedule for preparation and planning time with the intent of scheduling this time in blocks of fifteen (15) minutes or more. Every effort will be made to provide a daily 35 minute "special" in addition to a fifteen minute (15) duty-free recess. Travel/transition time shall not be included in a teacher's planning time or duty-free lunch time. A teacher's allotted travel time from building to building will equal the number of miles plus 10 minutes.
7. Elementary Special Area Teachers
  - a. Elementary music, physical education, health, and art teachers shall be provided with a minimum of two hundred fifty (250) minutes per week of preparation and planning time during the school day. Five minutes will be scheduled between classes for the purpose of transition, clean-up and set-up. Any deviation in transition time will be mutually agreed upon by the building staff and administration.
  - b. Except with the consent of the special area teacher, the students from only one section/grade level will be regularly assigned for class.
8. Secondary teachers will be provided one class period per day for preparation, planning and conference time.
9. Adult/alternative education teachers shall be provided with two hundred fifty (250) minutes per week planning time. The daily schedule for adult/alternative education teachers will be determined by the building school improvement team.
10. Preschool: Article VIII, Sections C. 1. and h, and Appendix B, may not apply to preschool teachers. Preschool teachers will have their own work schedule, calendar, and conference and home visitation schedules developed annually by the administration with input from the preschool teachers.
11. When the state mandates training related to implementation of a curriculum model (i.e., health education model) and this training necessitates requiring teachers to work additional days or fraction (minimum of 1/2 day) beyond the contracted work days, the teacher will be paid on a per diem basis.
12. Teacher Lunch Period:

All teachers will be entitled to a thirty (30) minute duty-free lunch period, except in emergency situations. Elementary and preschool teachers are expected to be on duty five (5) minutes prior to the return of students.

13. Elementary Recess Supervision:

The Board and teachers recognize the concept and value of elementary preparation time during the regular school day. Building administrators and teachers are to work closely in developing the use of planning/preparation time. When realistically possible, certified supervision of students in attendance during the day is desirable. K-5 teachers will be guaranteed duty-free recess. This provision does not obviate individual teachers' rights to supervise their own students during recess on a voluntary basis or the necessity of individual teacher supervision during emergencies.

14. For all teachers, electronic grade reports are due by 4:00 p.m. of the last teacher work day. Elementary teachers may send report cards home with students on the last student day.

E. Professional Development

1. Teachers may elect to utilize in-service time for qualified planning activities according to Michigan Department of Education Guidelines. Teachers shall notify their administrator via email of their topic and location at least ten (10) days in advance of the in-service day. The Administration will notify teachers of the in-service programming fifteen (15) days prior to the in-service day. This may be done on any scheduled in-service day with the exception of state and district mandated sessions.

2. All teachers are required to log and submit an annual list of professional development activities in which they have participated to the Human Resources Office by June 8 or the last teacher work day, whichever comes first, for reporting to the Department of Education. Failure to maintain and submit this report may result in disciplinary actions.

3. The District will support teachers pursuing online professional development that will conform to any policies or provisions of the Michigan Department of Education regarding quality of teacher professional development.

4. Online professional development may be completed on either equipment furnished by the District or the teacher. Upon completion of the professional development, the teacher will provide the District with written verification that the professional development has been completed.

F. Placement of Student Teachers:

1. Acceptance of a student teacher is voluntary on the part of the tenured supervising teacher and the student teacher must be pre-approved by Human Resources and the administrator of the school.

2. Supervising teachers will have no more than one (1) student teacher per semester.

3. Supervising teachers will have tenure, except that experienced non-tenure teachers new to the system may have a student teacher upon approval of the building administrator.

G. Notification of Address Change:

It will be the responsibility of each teacher to notify the Board in writing of any change in contact information (phone, mailing address, and email address). The teacher's mailing address as it appears on the Board's records will be conclusive when used in connection with any written notification to the teacher.

H. Personnel Files:

1. A teacher will have the right to review the contents of his/her personnel file. A representative of the Association may accompany the teacher in such a review at the request of the teacher. Confidential credentials and related personal references normally obtained at the time of employment are specifically exempt from such review and will be removed prior to the review of the file. No document will be placed in a teacher's personnel file regarding his or her employment unless the teacher is given an opportunity to review it. A copy of said material marked "Personnel File" given to the teacher will serve as notice. The teacher may include a written response. Staff members may request that other materials be placed in their personnel file. All provisions of P.A. 397 of 1978 will apply.
2. After six (6) years, an employee may make a written request to the Director of Human Resources to remove derogatory information, excluding documents pertaining to unprofessional conduct, from his/her personnel file. (This does not include formal evaluation.) The Director of Human Resources will respond to the employee in writing regarding the request.

I. Parent-Teacher Conferences:

1. There will be a fall parent-teacher conference according to the following schedule:  
  
Day 1 - All buildings will have students in the morning and the afternoon will be for planning for evening parent/teacher conferences. The three hour evening conferences will have staggered start times to be announced.  
  
Day 2 – Students will not attend this day. Morning 3 hour parent/teacher conferences will have staggered start times to be announced. (Afternoon – teachers off)
2. Spring informal conferences may be held during conference and planning time in the designated month. A formal three (3) hour evening conference time will be a "schedule as needed" format per calendar designation.
3. In addition to the parent-teacher conference time set forth in Section 1 above, an elementary teacher with more than twenty-four (24) students' parents scheduled for conferences will be entitled upon request to the building principal, fifteen (15) minutes of paid time to facilitate the scheduling of each additional conference.
4. The teacher and building principal will mutually schedule conferences of concern so that both will be present. Building administrators will be on duty during scheduled conferences or will announce to staff the designated "stand in" during their absence.

J. IDEA and Section 504 Students

1. Application of this article shall apply to students eligible for services under the Individuals with Disabilities Education Act (IDEA) and disabled students under Section 504 of the Rehabilitation Act.
2. Inclusion is defined as the placement of an identified special education student into a regular educational program for any part of the regular school day in order to provide the least restrictive environment that meets the student's educational needs.
3. When a teacher is assigned an IDEA or Section 504 student as set forth above, the teacher shall not be expected to perform routine, scheduled maintenance of an apparatus used by the student to sustain his/her bodily functions nor render routine scheduled care or maintenance of bodily functions (e.g., tracheotomy, custodial care, diabetic testing, etc.) related to the student's impaired condition. The teacher shall be informed and instructed as to emergency measures that may be necessary on occasion due to the student's impaired condition. Otherwise, it shall be the teacher's responsibility to implement the student's Individualized Educational Plan or Section 504 Plan and for attending to the educational needs of the student while in the teacher's class.
4. If any teacher has a reasonable basis to believe that a student's current Individual Education Plan (IEP) or Section 504 Plan is not meeting the student's unique needs as required by law, the teacher will advise his/her principal of that opinion in writing.
5. On a case-by-case basis, the district will seek the teacher's input as to training and to determine what training, if any, will be necessary for the general education teacher who has an included IDEA or Section 504 student as set forth in Section 2 assigned to his/her classroom.
6. In assigning a student as defined in Section 2 to a general education classroom when more than one classroom placement is available within the building to facilitate the implementation of the student's IEP, the Board agrees to consider the severity of the student's condition, the number of other included IDEA or Section 504 students assigned to the class and the overall class sizes within the applicable classrooms.
7. The parties acknowledge that the policy of least restrictive environment is legally mandated. It is also recognized that the extent to which any individual IDEA student should participate in regular education programs and services involves considerations of the student's unique needs as determined by an Individual Education Planning Committee (IEPC). It is agreed that the IDEA student's participation and right to participate in regular education programs and services cannot be affected by this Agreement.
8. The District shall determine the need for a teacher who will be providing instructional or other services to an IDEA student to participate in the IEPC that may initially place (or continue the placement of) the student in a regular education classroom. The district shall provide release time in the event the

district directs or authorizes a teacher to attend an IEPC that is scheduled during the time the teacher is assigned to teach a class.

**K. Special Education**

1. Special education teachers will be provided with the equivalent of two (2) days per trimester (maximum of 6 per year) of release time for the purpose of reporting Medicaid billable activities, IEPC planning, coordination, parent meeting, and management of caseloads. These days are to be taken in full or half-day increments and are to be coordinated with the office of student support services.
2. Special education teachers are required to complete Medicaid billing reports on each release day for each eligible student on their caseload, so that the district receives the full reimbursement that it is entitled. Failure to do so will result in disciplinary action and/or revocation of future release time.
3. Should the amount of funds the district receives from Medicaid be eliminated or reduced below a level that offsets the substitute costs of the release time, the number of days of release time will be adjusted accordingly.

**L. Student Growth Data**

The District and the Association will work collaboratively to meet the requirements of the legislated state laws and MDE rules regarding student growth data.

### JOINT RESPONSIBILITY

#### A. Joint Responsibility:

The Association and Board Representatives accept as their first responsibility the provision of a high quality and continuous educational program for children appropriate to their individual needs and interests in a viable democratic society. Discussion and consultation as a means to achieve this end is encouraged. The practice of free and open discussion between teachers and administrators is to be preserved and the formulation of a Master Agreement is not intended to limit any area of discussion or concern.

## ARTICLE XVI

### PROFESSIONAL COMPENSATION

- A. The purpose of the salary schedule is to secure and retain quality teaching staff, to encourage improvement of teachers while in service, to give credit for training and experience, and to stimulate the continuous growth of all teachers.
- B. Salary Payments
1. Salaries will be paid in twenty-six (26), or when necessary twenty-seven (27), equal payments every other Friday or equal payments every other Friday ending with the payday following the last calendar work day of the school year. Teachers electing to choose a twenty-one (21) payment option must do so in writing to the Human Resources Office before August 15 and will not change this option during the contractual year.
  2. Direct deposits will be required for all payroll and reimbursements to all employees. The employees earned amount will be deposited on the regularly scheduled payday. A paper copy of the paycheck "stub" will be provided until the employee's portal is operational.
  3. Salary payments will be withheld until the requirements concerning professional staff records and reports have been met. Deadlines on these records and reports occur at the end of each trimester.
- C. Non-degree Teacher Salary Schedule:
- Any non-teaching degreed teacher will be paid at eighty-five (85) percent of the BA Base Salary. When the required number of hours is earned that enables the staff member to move into the degreed category, he/she will be placed at the appropriate step warranted by his/her service in the district.
- D. Changes in Salary Category:
1. Changes in salary category occur at the beginning of the school year or at the beginning of each trimester.
    - a. To be considered for a salary category change effective with the start of each trimester, the employee must:
      - (1) Provide the Human Resources Office written intent to qualify for a salary category change 30 days prior to the beginning of the trimester.
      - (2) Complete the work qualifying under Article XVI, E, 4, prior to the start of the next trimester.
      - (3) Provide the appropriate documentation to the Human Resources Office by the next trimester.
    - b. The Human Resources Office will make every effort to provide confirmation of salary placement within 30 days of the start of the school year.

- c. The Human Resources Office will provide confirmation of salary placement within 30 days of eligible advancement for those staff changing categories.
2. An up-to-date transcript of credits showing total number of hours earned from each institution attended is required. Thereafter it will be necessary to present a credit slip that will be reproduced and attached to the transcript until such time as the next degree is earned, at which time a new transcript is required showing the granting of the degree.
3. Payment for credits earned toward placement on the salary schedule will be retroactive thirty (30) days from the receipt of satisfactory evidence, but in no case earlier than the completion date of the course(s).
4. The following will qualify for placement on the salary schedule:
  - a. Graduate level course work related to the instructional program.
  - b. With prior approval of the Curriculum and Staff Development Office, undergraduate credit related to the employee's instructional field.
  - c. Undergraduate credit in a course of study established and/or approved as a planned program by an approved teacher education institution.
  - d. Each non-credit course or workshop related to the employee's instructional field will be the equivalent to one (1) semester hour with a maximum of five (5) semester credits lifetime limit accepted for placement on the salary schedule. (Related credit courses, non-credit courses or workshops must be approved when prior notice is given.)
5. All credits used for placement on the BA+15, BA+30, MA+15, MA+30 salary categories must be earned after completion of that appropriate degree. At least one-half of the semester credits counted toward placement on the appropriate salary schedule must be graduate level credit. If working on two (2) degrees simultaneously, all credits will count toward advancement on the salary schedule.
6. It is understood and agreed that the provisions of Article XVI, E, 4, are prospective only and not retroactive. Teachers will retain all points previously granted through the 1982-83 year under the provisions of Article XVI, E, 4, in the Agreement that expired August 31, 1982.
7. It is understood, according to the provisions of PA 54, that additional changes in salary will not be added to a teacher's compensation if this Agreement expires prior to the settlement of a successor contract. Then, changes in compensation will occur prospectively, from the date of ratification of the successor contract forward.

E. Salary Schedule Placement:

New employees (including rehires) may be given credit for purposes of placement on the salary schedule at the discretion of the Board for prior teaching experience, appropriate industrial or business experience, and military experience.

F. Advanced Training:

1. Teachers who earn graduate credit up to a maximum of six (6) semester hours per year and teachers who earn undergraduate credit up to a maximum of five (5) semester hours per year toward a graduate degree or planned program from an accredited institution will be given expense money amounting to fifty dollars (\$50.00) per semester credit hour for undergraduate credit and two hundred dollars (\$200.00) per semester credit for graduate credit. To qualify for this expense money, the teacher must complete the *Application for Payment of Advanced Training Form* (Appendix G) and provide evidence that the coursework has been completed.
2. Upon completion of the documentation, payment will be made within 30 days.

G. Paid Extracurricular Duties:

1. Teachers carrying a full teaching load will receive extra pay for the assignments listed herein. Teachers receiving such pay are also expected to perform their share of the extracurricular duties for which no pay is given.
2. The extra pay is to be based on the step of the salary schedule corresponding to the number of years of experience the individual has in that specific duty.
3. Assignment of extracurricular duties is the responsibility of the building administrator and will be carried out with careful consideration being given to the teacher-pupil ratio and the experience, interests and abilities of the individual.
4. Teachers assigned extracurricular duties will not be required to transport students.
5. It is recognized that changing conditions and circumstances may require the installation of new wage rates or adjustment of existing wage rates, because of the creation of new jobs or changes in the duties of existing jobs. When a new job is established, or when changes in an existing job have resulted in a substantial change in the duties of same, the Board will set a temporary rate and put it into effect, such rate being subject to review by the A.E.A. as provided below.
6. At the time of putting such temporary rates into effect, the Board will notify the A.E.A. of its action. If the A.E.A. wishes to negotiate for a revision of such rate, it will notify the Director of Human Resources within fourteen (14) days after the notice was given. If, after a meeting of the parties, no agreement is reached, the A.E.A. may file a grievance within fourteen (14) days after such meeting, the basis of such grievance being only the fairness of the rate to be established.
7. The rate determined at the conclusion of negotiations or grievance procedure will be retroactive to the time the temporary rate was put into effect. If the A.E.A. fails to take the required action within the time limits specified in the previous paragraph, the temporary rate will become permanent and not subject to change for the term of this contract.

H. If a teacher substitutes during his/her preparation period, acts as subject area coordinator, teaches in an overload situation or instructs driver education students, the teacher will receive in addition to his/her regular pay, prorated hourly pay based upon .00093 of the BA base salary or otherwise previously grandfathered rate.

I. If the Board determines to hold Kindergarten orientation just prior to a new school year, Kindergarten teachers will participate and will also receive .00093 of the BA base salary per hour.

9. Any extracurricular position not filled by an Association member will be posted, minimally, every two (2) years.

10. Mentoring:	(Percentage of MA, Step 1)

Staff members who must acquire additional certification, in order to teach vocational courses, will receive compensation based on a formula of One Hundred Fifty (150) Dollars per year for each year of business or industrial experience required for vocational certification, or the appropriate prorated amount for less than full load vocational instruction.

13. Teachers who chaperone at specific assigned responsibilities in connection with activities conducted after school hours that are sponsored by the school but not directly related to the instructional program will be paid a total of Ten (10) Dollars per event if greater than two and one-half (2 1/2) hours are required to discharge these duties. For

events less than two and one-half (2 1/2) hours duration, the Three (3) Dollars per hour rate will be paid. The funds for payment of this activity will not be paid by the Board, but must be absorbed by the supporting group or agency.

K. Career and Technical Education (CTE):

1. The Career and Technical Education (CTE) Follow-Up Survey will be assigned to a member. Upon satisfactory completion of the survey and presentation to the Board of Education, a monetary stipend of \$1500 or \$25 per student, whichever is greater, will be paid to the member provided this assignment continues to be eligible for funding under the Carl T. Perkins grant.

2. Extra CTE activities

- a. Every state recognized CTE program is to have evidence of student leadership. The student organization or leadership activity is an intra-curricular component of each program and meetings and preparations for events are integrated into curriculum and can be completed during class time.
- b. Student leadership may be any one or more of the following:
  - (1) Participation in a state recognized CTSO (membership roster, dues, entrance in regional and state-wide competitions.) (see list from OCTE for "state approved" CTSO's)
  - (2) Community service
  - (3) Student led meetings with elected officers
  - (4) Competitive event(s) with at least another school or another class (ex. A.M. & P.M. class).
- c. If a CTE program becomes associated with a state recognized CTSO and participates fully in CTSO activities, (pays membership dues, participates in regional competition, performs community service, etc...) the district agrees to pay a stipend of seven hundred dollars (\$700.00) to each CTE CTSO advisor. Staff members qualifying for this stipend must submit a letter of intent at the beginning of each school year and submit required documentation needed in the CIP self review report at the conclusion of the school year to generate payment.
- d. Staff members who accompany students to regional, state, and national competitive events recognized by the CTSO, held on non-work days, shall be paid an additional stipend of two hundred dollars (\$200.00) per event, up to three events for each CTSO per year. Only one advisor per program will be paid for each competition.
- e. Programs that provide leadership activities (other than the state recognized CTSO), such as those listed in b. 2, 3, and 4 above, will not be granted the stipend listed in c, but may, with prior approval of the CTE director, be paid a stipend of two hundred dollars (\$200.00) for a competitive student event on a non-work day.

L. Travel Payment:

Teachers authorized, in the course of their work, including split-building assignment, to drive their personal vehicles will receive the current allowable U.S. Internal Revenue mileage rate per mile. Mileage for split building assignments will be reimbursed from the first building assignment of the day to the last building assignment of the day. Input from traveling teachers will be considered when developing schedules.

M. Contracted Part-Time Professional Employees:

All part-time teachers will receive prorated salary and fringe benefits where coverage is available through the insurance carrier.

N. Preschool:

1. Preschool teachers shall be placed on the teacher salary schedule according to their degree status up to and including the fourth (4th) step. Preschool teachers shall be paid a prorated portion of their salary placement step according to the percentage of full time equivalency of a K-12 teacher.

2. Preschool teachers shall be granted prorated sick leave days per year based on the full time equated (FTE) percentage of a full-time teacher accumulative to sixty (60) days.

3. When a preschool teacher is assigned to a regular education position, he/she shall be placed on the next appropriate step based on the previous year's position on the salary scale.

O. Counselor Summer Work

1. Counselors at the secondary level will have work assigned to them during the "summer" months. The days that they are assigned to work will be flexible and they will be paid at their per diem rate for the days they do work. This payment will be made in a timely manner as the days are worked.

2. The counseling staff is agreeable that they will "cover" for a counselor that is unable to work the assigned time because of severe extenuating circumstances. (The determination of the situation will be made at the building level with the administration and the counselors.) This will entitle the counselor with the circumstance to collect their pay as if they worked, and the other counselors will not expect extra compensation for this scenario.

3. The regular counseling staff will do counselor summer responsibilities. Should there be a need for assistance or additional members to help with the "summer" work, administration will consider those members who are certified counselors.

P. Per Diem Rate:

This rate will be defined as equal to 1/183<sup>rd</sup> of the individual teacher's applicable wage scale rate (see Appendix A).

3. In order to be eligible to receive the terminal leave benefit, a teacher must notify the Human Resources office by March 1, of the calendar year in which the retirement is to occur and retire at the end of that school year (June 30).
4. Retirement means the teacher must make application for benefits under the Michigan School Employees' Retirement Fund and cannot serve the Alpena Public Schools in any future paying capacity without the approval of the Superintendent.

S. The District, at its sole direction, may modify or create positions which work the assigned preparatory period during the 2015-2016 school year.

1. The Parties recognize that this may include elementary teachers teaching P.E., music, and art, among others, and that this may result in the elimination or reduction of certain positions. Employees may express their interest in working the preparatory period to their supervisor.
2. In identifying the positions to be assigned work during the preparatory period, the District shall consult with an advisory committee of individuals chosen by the Association, which will provide input into the proposed schedule. The consultation shall occur starting at the beginning of the 2014-2015 school year.

**Mediator's Proposed Tentative Agreement**  
Alpena Public Schools and the Alpena Education Association  
July 10, 2014

The Parties agree as follows:

1. This Agreement shall be contingent upon the Michigan Department of Education's willingness to extend the District's Deficit Elimination Plan through the 2015-2016 school year. The ratification process shall not be delayed by the District's submission of an amended Deficit Elimination Plan to the Department of Education, but shall be contingent on the Department of Education's approval.
2. For the 2013-2014 school year there shall be a combined wage reduction of 3.29% from the 2012-2013 school year wages. The total wage reduction shall be spread over the final nine paychecks remaining after April 16, 2014.
3. For the 2014-2015 school year the following shall apply:
  - a. For those hired by the District prior to June 7, 2014, there shall be a further reduction of 6.71% from the 2012-2013 school year wages (for a total of a 10% reduction). Those hired prior to June 7, 2014, shall be considered an "Existing Hire" and shall be grandfathered on the 2014-2015 wage scale step structure. Longevity shall be transferred to the "Existing Hire" wage scale. Longevity shall then be deleted from the contract.
  - b. For those hired on or after June 7, 2014, there shall be a "New Hire" wage scale which includes an additional 6.71% wage reduction from the 2012-2013 school year wages (for a total of a 10% reduction). The "New Hire" wage scale shall have the following structure:
    - i. The first six Steps shall remain.
    - ii. Steps 7-12 shall be split in half and shall become Steps 7-18.
    - iii. Step 19 shall add \$500 to the total of Step 18 in each column.
    - iv. Longevity shall be transferred to the wage scale as Steps 20, 22, 26, and 30.
  - c. There shall be a statement on each wage scale that longevity was added directly to the wage scale during the 2014-2015 school year, and that longevity shall no longer exist outside the wage scale.
  - d. New Hire offer letters shall be amended to reflect the 10% total reduction rather than the 16.71% total reduction.
4. For the 2015-2016 school year, and until a successor agreement is reached or there is a change in the status quo, there shall be no change to the 2014-2015 wage scale except as follows:
  - a. The Collective Bargaining Agreement shall be modified to reflect that the District, at its sole direction, may modify or create positions which work the assigned preparatory period. The Parties recognize that this may include elementary teachers teaching P.E., music, and art, among others, and that this

may result in the elimination or reduction of certain positions. Employees may express their interest in working the preparatory period to their supervisor.

- b. In identifying the positions to be assigned work during the preparatory period, the District shall consult with an advisory committee of individuals chosen by the Association, which will provide input into the proposed schedule. This consultation shall occur starting at the beginning of the 2014-2015 school year.
  - c. Those teachers who teach a regularly scheduled course during their preparatory period shall be placed on a wage scale (Existing Hire or New Hire as applicable) which corresponds to the amounts contained with the 2012-2013 wage scale (as modified for the increased Steps contained in the New Hire wage scale).
  - d. Those teachers who teach a regularly scheduled course during their preparatory period shall work a 30 minute preparatory period either before or after the school day in addition to the pre-existing scheduled 15 minutes before and after the school day. Teachers shall coordinate with their principal in setting their preparatory periods as necessary. Those teachers with extracurricular assignments shall be given latitude in choosing preparatory periods in order to complete their extracurricular assignment.
  - e. Subparagraph K (3) on P.41 of the expired Collective Bargaining Agreement shall be deleted as of the 2015-2016 school year. There shall be a note added to the Collective Bargaining Agreement that states that the language was deleted due to the introduction of a preparatory work period wage redemption beginning the 2015-2016 school year.
  - f. Subparagraphs K on P.41, and Q/R on P.45 shall be modified as follows:
    - i. The hourly rate shall be \$30.50.
    - ii. The per diem rate shall be 1/183<sup>rd</sup> of the individual's wages on the applicable wage scale. The applicable wage scales are attached hereto.
5. Within one (1) week of mutual ratification, the Parties shall take all steps necessary to dismiss all existing grievances, Unfair Labor Practice changes, and court cases, against the opposing Party, including, but not limited to:
- a. Alpena County Circuit Court case number 14-5929-CL; and,
  - b. MERC case number C14 C-042.
6. All prior tentative agreements and language shall be incorporated.
