Nothing herein shall require any teacher to be a member of, or participate in the activities of the Association.

When a request for such representation is made, no action shall be taken with respect to the teacher until

such representative of the Association is present. Responsibility for such request rests solely with the teacher.

- G. No teacher shall be disciplined, reduced in rank or compensation without just cause. Any such action against a teacher shall be subject to the grievance procedure, except where the matter involves the non-renewal of a probationary teacher in accordance with the procedures of Article II, Section 3 of the Teacher Tenure Act, MCL 38.83, or where the discharge/demotion procedures of the Teacher Tenure Act are invoked as prescribed. ARTICLE V
ASSOCIATION DUES AND PAYROLL DEDUCTIONS

- A. Teachers may at any time sign and deliver to the Board an assignment authorizing deduction of membership dues of the Association (including the National Education Association and the Michigan Education Association). Such authorization shall continue in effect until formally revoked by the teacher in writing and copies thereof are delivered to the Association and the Board. (This pertains to continuing memberships).
- B. The deduction of membership dues or fees shall be made from each regular paycheck, beginning in September and ending in June of each year and the Board agrees to remit to the respective Associations all monies so deducted, accompanied by a list of teachers from whom the deductions have been made. The Association will indemnify and save harmless the Board of Education for all sums improperly checked off and remitted to the teacher organization.
- C. 1. During the term of this Agreement all teachers shall pay either the monthly membership dues of the Association or the appropriate representation service fee of the Association, not to exceed the amount of the dues uniformly required of members of the Association. The teacher may pay such dues or fees directly to the Association or authorize payment through payroll deduction.
2. The Association shall certify to the Board at the beginning of the school year, the membership of the Association subject to deduction of membership dues and the amount of the monthly Association dues to be deducted. The Association shall also certify to the Board as soon as the amount is known, the amount of monthly representation service fees to be deducted. These amounts so certified and deducted shall be forwarded to the Association, provided that when a teacher objects to the appropriate amount of the representation service fee, the amount of the deduction contested shall be placed in an escrow account as required by law until the appropriate amount of the deduction has been determined. A teacher contesting the appropriate amount of the representation service fee to be deducted, must exhaust the internal administrative procedures of the Association.
3. The remedies of such procedures shall be exclusive, and unless and until such procedures, including any administrative or judicial review thereof, shall have been exhausted, no dispute, claim or complaint by an objecting employee concerning the application and interpretation to this Article shall be subject to the grievance procedure set forth in this Agreement, or to any other administrative or judicial procedure.
4. Due to certain requirements established in recent court decisions, the parties acknowledge that the amount of this fee charged to non-members along with other required information may not be available and transmitted to non-members until mid school year. Consequently, the parties agree that the procedures in this Article relating to the payment or non-payment of the

representation fee by non-members shall be activated thirty (30) days following the Association's notification to non-members of the fee for that given school year. In such event, it is agreed that the teacher remains obligated for the entire annual representation fee.

5. In the event that a teacher shall not pay such representation service fee directly to the Association, or authorize payment through payroll deduction, the Board shall, upon completion of the procedures contained herein, at the request of the Association and pursuant to MCLA 408.477; deduct the representation service fee from the teacher's wages and remit same to the Association. Payroll deductions made pursuant to this provision shall be made as provided in section B above.
6. The Association in all cases of mandatory fee deduction pursuant to MCLA 408.477; shall notify the teacher of non-compliance by certified mail, return receipt requested. Said notice shall detail the non-compliance and shall provide ten (10) days for compliance, and shall further advise the teacher that a request for wage deduction may be filed with the Board in the event compliance is not effected. If the teacher fails to remit the service fee or authorize deduction for same, the Association may request the Board to make the deduction. The Board upon receipt of the request for involuntary deduction shall provide the employee with an opportunity for a due process hearing limited to the question of whether or not the teacher has remitted the service fee to the Association or authorized payroll deduction for same.
7. A teacher shall cease to be subject to payment of dues or the representation service fees beginning with the month immediately following the month in which he/she is no longer a member of the bargaining unit. The Association will be notified by the Board of the names of such teachers following the end of each month which the termination took place. The Board agrees to advise the Association in writing of all additions, deletions or change in status of members of the bargaining unit.
8. In the event of any legal action brought against the Board in any court or administrative agency because of its compliance with section C. of this Article, the Association agrees to defend against such action, at its own expense and through its own counsel. The Association shall consult with the Board regarding the appointment of counsel and agrees that its legal counsel shall consult with the Board's legal counsel regarding defense of the action and litigation strategy.
9. The Association agrees to indemnify and hold the Board, including each individual school board member and its agents, harmless against any and all claims, demands, costs, suits, damages, awards, judgments, or other forms of liability and expense, including but not limited to back pay damages and all court or administrative agency costs that may arise out of or by reason of any action or legal stance taken by the Board for the purpose of complying with this Article. It is specifically and expressly agreed that any payment for these specified reasons shall be made directly from the Association to the demanding party and at no time shall the Board be

obligated to pay out any monies for any reason associated with the provisions of this Article.

10. In the event that sub-section 9 above should be held illegal by a court of final jurisdiction the Association agrees that no settlement or compromise shall be agreed upon which imposes any detriment to the Board without its consent and prior consultation.
- D. Upon signed authorization of the teacher, the Board agrees to deduct from the wages of that teacher and make appropriate remittance for any MESSA, MEA-FS, or MEA sponsored programs including MEA-FS tax-deferred annuities. Payroll deduction shall also be available for United Way, Muskegon County School Employees Credit Union, and any other programs jointly approved by the Association and the Board.

ARTICLE VI SENIORITY

- A. For the purposes of this Agreement, seniority shall be defined as follows:
1. For those bargaining unit members employed prior to the 1987-88 school year, seniority shall be defined as the number of years of service to the district as a bargaining unit member.
 2. For those bargaining unit members employed by the district commencing with the 1987-88 school year through the 1990-91 school year, seniority shall be defined as the number of years of consecutive service as a member of the bargaining unit in the Orchard View School District.
 3. For those bargaining unit members employed commencing with the 1991-92 school year, seniority shall be defined to mean the amount of time continuously employed as a member of the bargaining unit beginning with the employee's first day of work.
 4. Employees accreted to the bargaining unit shall accumulate seniority within the bargaining unit starting from the effective date of the accretion.
- B. Accompanying the name of each teacher on the seniority list shall be years of service credit or the first day of work where applicable, the teacher's certification, the teacher's majors, minors, and other endorsements.
- C. All seniority shall be lost by severance of employment from the Orchard View School District. Should a teacher subsequently be rehired, seniority accumulation shall begin anew from the date of rehire.
- D. The parties agree that less than full time service shall equate to full time seniority.
- E. The District shall prepare and present to the Association a current seniority list of bargaining unit members, including each member's certification and endorsement codes, prior to the first of October each year. The order of the names on the list shall be from most to least senior. The seniority list shall be published and posted conspicuously in all buildings of the District. The list will be posted for a period of thirty (30) calendar days. Bargaining unit members will have an opportunity to review and correct if necessary, information on the list. At the end of the thirty (30) day period the parties will meet to agree upon the official seniority list.
- F. Time spent on leave or on layoff shall not be construed as a break in service and seniority shall continue to accrue.
- G. No person other than a teacher shall possess, or exercise seniority within the bargaining unit. However, a teacher who returns to a bargaining unit position after serving the Orchard View School District in an administrative position shall retain all previously accumulated service credit as seniority in the bargaining unit.

**ARTICLE VII
LEAD TEACHER**

- A. It is agreed that the Board may, in each building where appropriate, establish the position of Lead Teacher.
1. The position of Lead Teacher shall be assumed only on those days where the building principal is absent on a pre-scheduled basis (i.e., conferences and/or camp; not sick leave.)
 2. The Lead Teacher shall have the responsibility for the building insofar as student discipline, dealing with parents, and building safety. The Lead Teacher shall in no instance evaluate or discipline staff nor in any way become involved in same.
 3. Compensation for Lead Teacher shall be an additional twenty-five percent (25%) of that teacher's base salary paid on a per diem basis.
 4. The Lead Teacher shall be expected to work the same hours as the building administrator on those days.
 5. The Lead Teacher shall be given at least twenty-four (24) hours notice prior to assuming the Lead Teacher position.
 6. Job performance as a Lead Teacher shall not be subject to evaluation.
 7. The person appointed in a building must be a tenured teacher in that building.
 8. On days when the role of the Lead Teacher is activated within a building the Orchard View Education Association President shall be notified in advance.
 9. The Superintendent, upon recommendation of the affected Principal, shall place the teacher in the role of Lead Teacher.
 10. In no case will the superintendent be obliged to continue the teacher in the role of Lead Teacher.

ARTICLE VIII TEACHING HOURS

- A. If a change in the school day becomes necessary, the Board and the Association agree to discuss the change. Mutual agreement of the parties shall be necessary to implement the change. It is the intent of the parties that the mutual agreement not restrict the Board's right to determine programs.
- B. Teachers will be available and responsible during the school year for the following:
1. His/Her teaching assignment.
 2. Individual conference(s) with parents and/or students.
 3. Staff meetings shall be no longer than one hour and fifteen (75) minutes in length. If a deviation from the established time is necessary, the building principal will contact the Association President and/or chief Negotiator through the Association Representative to reach agreement on the deviation. Reasonable notification (one week notice, except in case of an emergency) of the extended time of the staff meeting will be given to the affected building staff. Accommodations will be made for those staff members that, because of prior commitments, cannot attend the extended staff meeting.
 4. In-service programs and meetings scheduled within the school day and/or school calendar or as otherwise agreed to between Association and the Board.
 5. Annual open house.
 6. Parent/teacher conferences. Any individual deviations from the scheduled dates must be approved by the principal and the conference(s) rescheduled.
 7. Any situation warranting their presence which is either mutually agreed upon in advance or considered an extreme emergency by the administration.
- C. Teachers shall report for work no later than ten (10) minutes prior to the start of the student instruction day and shall leave work no earlier than five (5) minutes after the end of the student instruction day. Arrival time in the event of a delayed start shall be ten (10) minutes before the delayed starting time. The regularly scheduled teacher work day at school, excluding the time before and after the student day and the lunch period, shall be six (6) hours and fifteen (15) minutes. Any increase over six (6) hours and fifteen (15) minutes will be paid at the per diem rate. Reporting and leaving time for a teacher work day when students are not present will be the same as on a student instruction day, unless otherwise scheduled.

Teachers may leave for the monthly Board of Directors and General Membership meeting when the last class of that particular building has been dismissed for the school day.

- D. All teachers in all buildings will have a duty-free lunch period during which they may leave the building. This period shall conform to individual building schedules mutually agreed upon by the teachers and administrators of such buildings but in no event shall the lunch period be less than 30 minutes exclusive of passing time. Students who remain at a school during the lunch period or after school for transportation will be supervised by personnel other than professional personnel as covered by this Agreement.
- E. The Association agrees that teachers in the elementary schools recognize that recess is a necessary part of the educational program of this age group and will readily be on hand to protect the safety of all children at all recess duties that are assigned in a reasonable and nondiscriminatory manner on a building by building basis. No teacher shall be assigned recess duty more than twice per week.
- F. When elementary teachers' classes are being taught by Certified-Specialists (library, gym/physical education, art, music or any other Special classes), the teachers (excluding sixth grade teachers in a middle school setting) may use such time for the purposes of individual planning, preparation, conferences, and any other professional duties within the building. Departure from the building during these times requires approval from the building principal.
- G. The District will provide elementary teachers with approximately 240/250 minutes of planning time per week, exclusive of recess and a duty free lunch. To accomplish providing this time, special teachers (library, physical education, music, art and depending on the district finances or available grants a fifth special) will be employed. Either teachers will have four 60 minute classes or with a fifth special, five 50 minute classes. Primary teachers may have this time divided into 30/25 minute blocks. No special class or specials teachers planning time shall be less than 30/25 minutes. The parties agree to review this article annually to determine which option will be implemented for the next school year.
- H. The Board and the Association recognize the school instructional program and related matters need continuing study and improvement. It is further agreed that the parties shall cooperate in an on-going study to assist the Board whereby it may bring about desirable changes and innovations in the teaching methods and techniques, class composition, coordinated K-12 curriculum, facilities and building programs and any other matters to improve the quality of education. Therefore, the necessary committee structure shall be instituted.
1. Committee membership will be mutually agreed upon between the Board and the Association.
 2. Release time as needed and agreed upon will be provided for bargaining unit members to carry out the functions of said committees.

I. School Improvement

It is the intent of the parties to this agreement not to abrogate the Collective Bargaining Agreement by the process of school improvement.

Recommendations from School Improvement Committees that change or alter the existing collective bargaining agreement shall be approved by both the Superintendent and the Association President through the regular contract modification/ratification procedures of the parties.

- J. Non-teaching time is not to be used as recreational, social, or leisure time. Abuse of such time shall be considered a violation of the contract.
- K. All teachers shall attend one (1) monthly staff meeting unless prior arrangements have been made with the administration. These meetings will be held on the same day each month unless a change of the day is agreed to by mutual consent of the staff and the appropriate administrator.
- L. All teachers are encouraged to be on the school improvement committee on a rotating basis.

**ARTICLE IX
CLASS SIZE**

A. Pupil-teacher ratio is an important aspect of an effective educational program, hence, the parties agree that class size should be lowered whenever practical.

B. The following numbers shall be used for student placement:

Grade Level

Early Kindergarten 16 pupils per class

Kindergarten and First 23 pupils per class

Second and Third 25 pupils per class

Fourth and Fifth 27 pupils per class

Grades 6 through 12 29 pupils per class

Efforts shall be made to balance special education students within a grade level or course subject to the extent possible at the beginning of the school year, or as special education students enroll or leave the district during the school year. However, a teacher may agree to take additional special education students.

C. Exceptions to the guidelines in B above:

1. Classroom areas are designed to accommodate a specific number of students because of limited facilities or a limited number of students for safety reasons should not exceed that number. (These numbers shall be determined by equal representation of the Board and the Association.)

2. "Grace" Period:

A period of ten (10) instructional days shall be allowed to correct any condition that exceeds these numbers. The ten (10)-day period begins upon the actual appearance of the student. A student shall not be placed or retained into a grade/class after the tenth instructional day, if such additional student creates an excess of greater than the class size number. The Association President will be notified each time the class size number is exceeded and the situation will be reviewed to decide whether overload will begin or whether a new class/section needs to be created. Overload compensation will be retroactive to the first day of the overload if not resolved within the 10-day period for resolution.

3. Split Classes

The Board and the Association agree that elementary split classes are not to the academic benefit of students and therefore shall not be scheduled except as a last resort.

4. Inclusive Education Guidelines:

- a. An Elementary inclusive classroom (K-5) shall be defined as a classroom in which both a regular education teacher and a special education teacher are assigned to that classroom. The special education teacher shall be assigned in that classroom for a minimum of four hours/ten minutes a day with at least 3 hours in core subject areas per the IEP of students and have at least 120 minutes of the 240 minutes of elementary planning time with the regular education inclusion teacher. The remaining two hours could be in a resource push in or pull out program.
 - b. A secondary (6-12) inclusive class period shall be defined as a single class period to which both a regular education teacher and a special education teacher are assigned for the full period.
 - c. Participation in inclusive classrooms shall be strictly optional, and any teacher employed in this capacity during a school year may opt-out for the following year by informing the Board in writing by May 1 of each school year. If the conditions of inclusive classrooms change in any way this deadline is waived and the teacher will be given the opportunity to opt-out with twenty (20) days notice (except that if the teacher's "opting-out" is sufficient to preclude the assignment of a particular student or students, inclusive classroom assignment shall be made in reverse seniority order).
 - d. Changes to the guidelines for class size in inclusive classrooms may only occur with the consent of the affected teachers, the Association and the Administration.
5. The guideline for Reading/Writing Lab classes shall be set at a maximum of twenty (20) students per class.
 6. Receiving teachers of mainstreamed students shall be invited to participate in I.E.P.C. meetings.
 7. Special Education and Vocational Education classes shall not exceed the rules and regulations established by the Special Education Code and the State Department of Education.
 8. Large sized classes (physical education, band and vocal music) are exceptions to the guidelines set in Section B.

9. Nothing in Article IX shall restrict the association, administration and affected teachers from reaching a mutually agreed upon alternative solution to a specific class size "problem" and such agreement shall not set any precedence.
10. The District shall compensate teachers for any unresolved overages of student class size limits according to the formula below: Overage compensation will be paid in accordance with the compensation formula below and retroactive to the first day of overload per Article IX(C)(2) for all overloads that remain unresolved within the ten (10) day period. Overage compensation will be paid at the end of each semester for the elementary and middle school levels, and at the end of each trimester at the high school level. In subsequent years, class size requirements in the master agreement shall be strictly adhered to.

**ARTICLE XXI
NEGOTIATION PROCEDURES**

- A. It is contemplated that matters not specifically covered by this Agreement but of common concern to the parties shall be subject to professional negotiations between them from time to time during the period of this Agreement upon request by either party to the other with the consent of the second part. The parties undertake to cooperate in arranging meetings, selecting representatives for such discussions, furnishing necessary information and otherwise constructively considering and resolving any such matters.
- B. At least ninety (90) days prior to the expiration of this Agreement, the parties will likewise begin negotiations for a new agreement.
- C. In any negotiations described in this Article, neither party shall have any control over the selection of the bargaining representatives of the other party, and each party may select its representatives from within or outside the school district. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the Board of Education and by a majority of those voting in the Association, but the parties mutually pledge that representatives selected by each shall be clothed with all necessary power and authority to make proposals, and make concessions in the course of negotiations or bargaining subject to such ultimate ratification.
- D. If the parties fail to reach an agreement in any such negotiation, either party may invoke the mediation service of the Michigan Employment Relations Commission.

ARTICLE XXII GRIEVANCE PROCEDURE

- A. 1. A "grievance" is a claim based upon an event or condition which affects the hours, wages, terms or conditions of employment of a teacher or group of teachers and/or which draws into question the interpretation, application or meaning of the provisions of this Agreement.
2. "Days" shall be defined to mean teaching days or business days during the summer recess.
- B. The Board hereby designates as its representative for such purpose the principal in each school building and the Superintendent of Schools when the particular grievance arises in more than one school building. The Board may change the designated representative by giving ten (10) days prior written notice to the President and designated representative of the Association. Such change shall not affect any grievance in process.
- C. The designated representative of the Association shall be the grievance chairperson of the Association. The president of the association must, in writing, supply the name of this party to the Board before the Board has a duty to deal with him/her. The Association may change or add a designated representative by giving ten (10) days prior written notice to the Board.
- D. Designated Alternate. Either party may designate an alternate representative to act in the temporary absence of the regular representative. Such designation shall not affect any grievance in process.
- E. The purpose of this procedure is to secure, as soon as possible, resolution of disputes regarding the hours, wages and/or working conditions of a teacher or teachers or problems which draw into question the interpretation or meaning of the provision of this Agreement. To better effectuate these policies, both parties agree that all proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.
- F. It is important that grievances be processed through the steps as rapidly as possible. The number of days indicated at each step should be considered as maximum and every effort should be made to expedite the process. If the Association as the moving party fails to comply with the time limit, the grievance shall be considered settled on the basis of the Board's last written answer to the grievance. If the Board as the responding party fails to comply with any time limit at any step, the grievance shall automatically pass to the next step in the grievance procedure. The parties may, however, agree in writing to extend the time limits at any step.
- G. Nothing herein contained shall be construed as limiting the right of any individual teacher to present grievance to school officials and/or the Board and to have those grievances adjusted without the intervention of the Association, except that the adjustment shall not be inconsistent with this Agreement and the Association shall be given the opportunity to be represented at such adjustment.

- H. A grievance must be filed with the building principal within fifteen (15) days of the event forming the basis of the grievance or discover of the facts forming the basis of the grievance if unknown by the grievant and/or Association at the time of the event.

Within five (5) days of receipt of the grievance by the designated representative of the Board, he/she shall meet with the Association representative(s) in an effort to resolve the grievance. Affected teachers may or may not be present at such meetings. If the meeting is with the school principal and the parties cannot agree, the grievance shall within five (5) days of the conclusion of the meeting be transmitted to the Superintendent.

The Superintendent shall meet with the Association representative(s) within fifteen (15) days of the receipt of the grievance or the Superintendent with the Board may hold a hearing. The Board may designate one or more of its members to hold a hearing or otherwise investigate the grievance, or prescribe such procedure as it may deem appropriate for consideration of the grievance, provided however, that in no event, except with the express written consent of the Association, shall final determination of the grievance be made by the Superintendent. Notification and scheduling of such meeting shall be made with the Association's choice of representative. Affected teachers may or may not be present at such meetings. Upon conclusion of the final meeting/hearing regarding the grievance, the Superintendent shall have five (5) days to respond in writing. If the grievance is denied the written response shall state the reasons.

- I. In the event the answer by the Superintendent is not satisfactory to the Association or if no answer is forthcoming from the Board within the time period, then within fifteen (15) days following the date of receipt of the Board's answer or following the deadline for receipt of the Board's answer, the Association only, and not an individual teacher, may submit the grievance to binding arbitration by filing a demand for arbitration with the American Arbitration Association. The rules of the American Arbitration Association shall apply to the selection of the arbitrator and the arbitration proceedings.

- K. The following rules and conditions shall apply:

1. The grievance shall relate solely to the application and interpretation of the terms and conditions of this Agreement.
2. The arbitrator shall have no authority to add to, subtract from, modify, change, alter or amend the terms and conditions of the Agreement.
3. The arbitrator shall have no authority to hear or rule upon any of the following:
 - a. The termination of or the decision not to renew the employment of any probationary teacher and/or the decision to continue any probationary teacher on probation as defined by the Teacher Tenure Act, MCL 38.71 et seq.;

- b. The termination of or the decision not to renew the employment of a tenured teacher and any other matter which could be brought within the jurisdiction of the Teacher Tenure Act, MCL 38.71 et seq.;
 - c. Any matter involving the Board's discretion in the expenditure of sums for capital outlay;
 - d. The fixing or establishment of any salary schedule;
 - e. Evaluation of teachers, unless it is a claim of failure to follow established procedures;
 - f. In the event the Teacher Tenure Act, MCL 38.71 et seq., is repealed, the above paragraphs (a) and (b) shall be deleted immediately from the Master Agreement.
- 4. The decision of the arbitrator shall be final and binding.
 - 5. Only one grievance shall be heard by an arbitrator at any one appointment, unless otherwise agreed between the parties.
 - 6. The costs and expenses of the arbitrator shall be borne by the party against whom the decision is rendered or as assigned by the arbitrator. The expenses of the witnesses and representatives of the parties shall be borne by the party for whom they appear. Witnesses and representatives of the Association shall be released without loss of pay for hearings pursuant to Article XXI, Section K.
 - 7. Any grievance not taken to arbitration within the above stated time limits shall be deemed settled based upon the Board's last answer.
 - 8. The parties may by mutual agreement, in writing, submit the grievance to expedited arbitration according to the rules of the American Arbitration Association, or as otherwise mutually agreed upon.

**ARTICLE XXIII
REDUCTION IN PERSONNEL**

- A. Should substantial and unforeseen changes in student population or other conditions make necessary a reduction in the number of teachers employed, the Board will first seek input from the Association regarding reductions in programs and staff.

If a layoff is necessary, the Board will retain those teachers with valid teaching certificates having the longest service in the district who are certified and qualified for the available positions. In the event that two or more teachers have the same number of years of service in the district, and if not all of them are to be laid off, the Board shall retain that teacher or teachers on the basis of first, the teacher or teachers not assigned to the building(s) at which the position(s) are being reduced shall be retained, second, the teacher or teachers within the building(s) at which the position(s) are being reduced that are not assigned to the grade level or specialty are being reduced shall be retained and finally the Administration shall decide which teacher or teachers shall be retained.

- B. Exempt from layoff or being bumped shall be the chairpersons of the Association Grievance Committee and Negotiations Committee, and the President and President-Elect of the Association, provided they are qualified and certified for the remaining positions. This transfer will take place within two weeks of layoff notice.
- C. To effect the above order of layoff, teachers may transfer from a position in one building or department to a position in another building or department in which they are certified and qualified by replacing a teacher with the lowest seniority in that building or department.
- D. In the event of layoff, the Board shall institute a recall procedure which shall be in order of seniority. Any teacher on layoff shall be recalled in order of seniority provided he/she is certified and qualified for the vacancy.
- E. 1. For positions at the elementary grade level (EK-6) qualified shall be the possession of a valid elementary certificate.
2. For positions at the secondary grade levels (7-12) qualified shall be the possession of a valid certificate applicable to the grade level(s) to be assigned and for the subject area to be assigned in grade levels 9 through 12. For positions at the secondary grade levels (7-12) teachers must possess a major or minor or credit hours that meet the current North Central Association/State of Michigan accreditation requirement for the subject area(s) to be assigned, provided that if the teacher is appropriately certified, but does not possess a major or minor or credit hours that meets the North Central Association/State of Michigan accreditation requirements, the teacher must agree to obtain the requirements by acquiring at least six (6) semester credit hours towards the requirements each year while in the assignment.

3. At grades 7-8, teachers who are appropriately certified for the grade level and who were listed on the seniority list as of June 30, 1991, shall be exempt from the requirements of a major and minor or credit hours to comply with North Central Association/State of Michigan accreditation requirements unless and until the school district obtains North Central Association/State of Michigan accreditation for its middle school. Teachers assigned to positions at grades 7 or 8 pursuant to the exemption are encouraged to take additional course work in the subject area assigned to obtain at least a minor in the subject area assigned within a reasonable period of time.
 4. If the position to which the teacher is recalled in Music, Arts, Physical Education, Industrial Arts and/or Home Economics in the seventh or eighth grade, the teacher must have a major or minor certification or related work experience.
 5. These qualifications shall not necessarily apply in the assignment of teachers to alternative education programs.
 6. All teachers shall be highly qualified for the position assigned as provided by federal and state regulations.
- F. Any salary or benefits accrued by a teacher prior to layoff shall not be affected by the layoff.
- G. The Board shall give written notice of recall from layoff by sending a certified letter to the teacher, with a copy sent to the Association President. The teacher shall respond to the notice of recall within fifteen (15) calendar days of receipt or forfeit right to recall. Refusal of acceptance of a position that is less than full time shall not affect a teacher's rights to a full time position.
- H. In recalling teachers from layoff, no teacher will be terminated, lose recall rights, or seniority, if the teacher is, at the time of recall, under contract as a full time teacher with another Michigan public school district. Tenured teachers shall remain on the recall list for five years from layoff.
- I. In the event that all laid off teachers have been recalled, or a vacancy exists for which no laid off teacher is certified and qualified the district shall consider the employment of laid off teachers from other school districts.
- J. Intent to recertify or nullify an area of certification or endorsement shall be given to the Superintendent thirty (30) calendar days prior to the last required work day of the current school year. Changes in a teacher's certification after the required orientation day of the next school year following lay off shall not permit the teacher to be recalled by lay off of any other teacher.

**ARTICLE XXIV
MISCELLANEOUS PROVISIONS**

- A. The Board agrees at all times to maintain an adequate list of substitute teachers. Teachers shall be informed of a telephone number. They should make every effort to call AESOP at least one hour prior to the employees' start time; if the employee is unable to get through to AESOP, the employee shall notify the building office to report unavailability for work. Once a teacher has reported unavailability, it shall be the responsibility of the administration to arrange for a substitute teacher.
- B. No polygraph or lie detector device shall be used in any investigation of any teacher without the consent of the teacher.
- C. This Agreement shall supersede any rules, regulations or practices of the Board which shall be contrary to or inconsistent with the terms contained in any individual teacher contracts heretofore in effect. All future individual teachers contracts shall be made expressly subject to the terms of this Agreement. The provision of this Agreement shall be incorporated into and be considered part of the established policies of the Board.
- D. Copies of this Agreement shall be printed at the expense of the Board and Association and presented to all teachers, newly employed or hereafter employed by the District.
- E. If any article or section of an article of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such article or section of an article or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other articles or sections within an article or application shall continue in full force and effect.
- F. Scheduled student days that are canceled because of conditions not within the control of school authorities such as inclement weather, fires, epidemics, mechanical breakdowns, or health conditions (as defined by city, county, or state health authorities) will be rescheduled as required to comply with the minimum days of students instruction mandated by law and/or State Board of Education rule and to insure receipt of full state aid by the school district. Should a closing because of conditions not within the control of the school authorities require the scheduling of additional days of student instruction to meet the minimum state requirement for State Aid, representatives of the Association and Board will meet the first week in February to determine how such days and/or hours shall be made up if needed at that time. Further, if additional days of student instruction are needed between February and the end of the school year, representatives will meet as soon as the fact is known to determine make up time. Unless otherwise agreed, the canceled student days to be rescheduled will be held by extending the school calendar, including ending dates for marking period by one work day date around holidays and recess periods as originally scheduled. Teachers shall not receive additional compensation for any such rescheduled day(s).

- G. To the full extent permitted by law, this Agreement shall be binding upon the Board and its successor personnel and upon any school district into which or with which this district shall be merged or combined.

**ARTICLE XXV
MENTOR TEACHERS**

- A. A Mentor Teacher shall be defined as a Master Teacher as identified in section 1526 of the School Code and shall perform the duties of a Master Teacher as specified in the code.
- B. For the purpose of this article, a probationary teacher shall be defined as a bargaining unit member in his/her first three (3) years in the classroom. Each probationary teacher shall be assigned a Mentor Teacher by the Administration in consultation with the Association.
- C. The Mentor Teacher shall be available to provide professional support, instruction and guidance. The purpose of the Mentor Assignment is to provide a peer who can offer assistance, resources, information and a voice of experience and insight, in a non-threatening collegial fashion. A mentor teacher shall spend a minimum of twenty hours with the probationary teacher in the first year of the assignment, a minimum of fifteen hours in the second year of assignment and a minimum of ten hours in the third year of assignment with the same probationary teacher.
- D. A Mentor Teacher shall be assigned in accordance with the following:
 - 1. Participation as a Mentor Teacher shall be voluntary.
 - 2. The Mentor teacher shall be a tenured teaching member of the bargaining unit, with ten (10) or more years of teaching experience and satisfactory evaluations for the last five (5) years. There are no guarantees inherent to the selection process for a Mentor Teacher position. Mentor teachers shall be selected from a list of applicants for the position. The association shall review the list in consultation with the administration.

Mentor teacher positions shall be posted no later than May 1 of each school year for the following year. The posting shall be for developing the list of qualified applicants from which all available mentor teacher positions shall be filled.

Mentor teachers shall be selected from the list of qualified applicants within twenty (20) working days from the first day of school or within twenty (20) working days from the date of hire of a probationary teacher entitled to a mentor, whichever is later.

To the extent possible probationary teachers shall be assigned mentors working within their building and area(s) of certification. In the event a vacancy cannot be filled because of a lack of mentor teacher applicants, the board may fill the vacancy from any source, except that the association and the district may contact teachers not on the original list for any teacher hired mid year requiring a Mentor.

3. The Association shall be notified immediately, upon verification by the Board, of all bargaining unit members requiring a mentor assignment. The notification shall include the probationary teacher's teaching assignment.
 4. The Administration shall notify the association when the match of a Mentor Teacher and a probationary teacher has been formalized. The assignment of the Mentor Teacher shall be finalized by the Administration within ten (10) working days after the notification.
 5. A probationary teacher shall only be assigned to one (1) Mentor Teacher at a time. A Mentor Teacher should be matched with not more than two (2) probationary teachers at one time. This limit may only be exceeded if there exist extenuating circumstances and the Association and Administration mutually agree that it is in the best interest of the probationary teacher.
 6. The mentor teacher assignment shall be for one (1) year subject to review by the Mentor Teacher, probationary teacher and Administration after three (3) months. If the Mentor Teacher or Administration feel it would be in the best interest of the probationary teacher to make a change, a new Mentor Teacher shall be named at the end of that semester. At the end of each year, the match will be reviewed and the appointment will only be non-renewed by a mutual agreement of the Mentor Teacher, probationary teacher, Association and Administration.
- E. In addition to the time required in section three above, upon request, the Administration will make available one half day to one full day of release time each month. Such time will be used, by the Mentor Teacher, to observe and work with the probationary teacher in his/her assignment during the regular workday.
- F. The Mentor Teacher will receive as compensation for his/her extra duties and responsibilities, an amount equal to \$1,000.00 for the first year assigned to a probationary teacher, \$750.000 for the second year assigned to the same probationary teacher and \$500.00 for the third year assigned to the same probationary teacher for each mentoring assignment and such release time as is required to receive mentoring training. The District will consider paying all costs involved in classes and other professional development needed to perform in a satisfactory manner as a Mentor Teacher.
- G. Probationary teachers shall be provided with a minimum of fifteen (15) days of professional development induction during their first three- (3) years of classroom teaching. Professional development shall be scheduled within the parameters of the regular work day/year.
- H. Because the purpose of the Mentor/Probationary teacher match is to acclimate the bargaining unit member and to provide necessary assistance toward attaining quality instruction, the Board and the Association agree the relationship shall be confidential and shall not, in any fashion, be a matter included in the evaluation of the Mentor Teacher or the probationary teacher. Neither the Mentor Teacher nor the probationary teacher shall be permitted to participate in any matter related to the evaluation of the other. Further, the Mentor Teacher shall not be called as a

witness in any grievance or administrative hearing involving the probationary teacher nor shall the probationary teacher be called as a witness in any grievance or administrative hearing involving the Mentor Teacher as to teaching responsibilities.
