ARTICLE 4

ASSOCIATION AND TEACHER RESPONSIBILITIES

- A. A teacher who is off duty for more than five (5) consecutive days may be required to present a statement of ableness to the principal upon return to work. This statement shall be made out by a physician authorized to practice medicine under laws of the State. Medical verification of disability may be required where a teacher's attendance record shows frequent absences. In such cases, the teacher shall be notified in writing of the need for such verification prior to the absence for which the verification is required.
- B. Teachers recognize that their responsibility to students and their profession may require the expenditure of time beyond the normal working day such as grading assignments, analyzing data for the purpose of preparing lessons and assessments.
- C. Duly authorized officials of the Association shall report their presence in a building to the building principal before their conference with any teacher.
- D. No teacher will engage in Association activities during regular working hours.
- E. Teachers shall be at their work station for days contracted. Any unexcused absence will result in an entry to that effect in the teacher's personnel file with notice thereof to the teacher and it, or a combination of these, may be cause for disciplinary action up to and including dismissal.
- F. No teacher on continuing tenure shall discontinue service with the Board except by mutual consent, without giving a written notice to said Board at least sixty (60) days before September 1 of the ensuing school year. Any teacher discontinuing services in any other manner than as provided in this section shall forfeit, in accordance with the Act, the rights to continuing tenure previously acquired under the Tenure Act.

Any teachers knowing on or before February 15 that they will not return the following school year shall file a notice of such intent with the Superintendent on or before such date. Teachers determining after such date that they will not return the following school year will immediately upon knowing file a notice of such intent with the Superintendent.

ARTICLE 4 (Continued)

J. Parent/Teacher Conferences

Parent/Teacher conferences are required. Conferences shall not exceed twelve (12) hours per school year.

Teachers who are not able to complete conferences due to an emergency during scheduled times will be responsible for scheduling conferences for each student on their own time within one week of regularly scheduled conferences. Time allotted for the make-up conferences shall be equal to the amount of time originally scheduled.

K. Teachers must report their unavailability for work prior to 6:30am on the given day. Teachers are required to file the absences through electronic reporting or a phone call to the building principal. It is the responsibility of the administration to arrange for a substitute teacher. It is the responsibility of the teacher to have lesson plans available unless the absence is an emergency.

ARTICLE 5

SCHOOL DAY AND CALENDAR

- A. High school, middle school, and elementary school teachers will stay the same length of time, but may have a different beginning time and closing time.
- B. Teachers shall be required to work seven (7) hours in their assigned place of work.
- C. It is agreed by the Association and the Board that good public relations are necessary in all community activities and, therefore, recognize that attendance at school activities be encouraged. It is further agreed that teachers will be required to attend an annual open house type of meeting and evening parent-teacher conferences. Other meetings will be at the option of the teachers. Teachers who attend volunteer, after-school training sessions, as arranged by the building principal, shall receive \$15.00 per hour in compensation.

Parent-teacher conferences will take place on two weekdays between the hours of 3pm and 8pm for 3 hours each day. The specific times will be agreed upon annually through the approval of the school calendar.

The day following all parent-teacher conferences shall be a teacher work or day off as agreed upon according to school calendar.

- D. Except in cases of emergency all regular teachers shall have a duty free period for lunch that begins between the hours of 10:30 A.M. and 12:30 P.M. for at least thirty (30) minutes duration.
- E. Teachers at the elementary and junior/senior high schools will, in addition to duty free lunch periods, have at least one (1) preparation period each day of fifty (50) continuous minutes during which time they will not be assigned any other duties without mutual agreement. Alternative education teachers will have an equivalent yet perhaps not continuous amount of preparation time each week.

Recognizing that different grade levels and the alternative education program have different needs and operate under different schedules, it is the intent to mutually explore options for providing more equal amounts of planning time to all instructional staff. Reasonable efforts shall be made to make this planning time as uninterrupted as possible. It is further understood that teachers who service multiple district buildings will be afforded at least the established district minimum (50) minutes.

ARTICLE 5 (Continued)

- F. Secondary (7-12) teachers will teach six periods and have one assigned preparation period per day equal in length to an academic period. (Maximum length of periods will be fifty-five minutes.)

Alternative education periods may be less than seventy-five minutes. Assigned teaching time cannot exceed the equivalent for regular education teachers.

- G. Elementary staff hours shall be from 7:35 a.m. to 3:05 p.m. daily, with student hours to occur from 8:00 a.m. until 3:00 p.m.

Secondary staff hours shall be from 7:40 a.m. until 3:10 p.m. daily, with student hours to occur from 8:05 a.m. until 3:05 p.m.

There will be no trainings scheduled from 7:35am-8:00am.

- H. Services to be rendered by teachers include their participation in, up to one general teachers meetings or Professional Learning Community meetings each month conducted outside the regular staff hours designated in Article 5 Section G.

Staff will be given a minimum of 48 hours notice of staff meetings lasting more than 15 minutes, unless an emergency situation arises. The meeting shall begin at the published time. The union, recognizing that administration may have student/school issues to deal with directly after school, will give administration a 10 minute grace period for the beginning of any meeting.

All committee work not covered under Schedule B, shall take place within the designated staff meeting guidelines stated above. Should the need arise for extended committee work beyond the seven (7) hours; administration shall hire subs to complete school related committee work.

Administration acknowledges the importance of continuity and teacher presence in the classroom. Committee work and trainings during the school day will be attempted to be limited to two days each month. When the limit is exceeded the teacher may request a meeting with the building administrator to discuss alternative scheduled in future months.

- I. Part-time and full-time teachers are required to be in the building for preparation and conferences as follows:

Elementary

<u>Contracted</u>	<u>Prep Time</u>
1% - 50%	25 Minutes
51% - 75%	35 Minutes
76%-100%	50 Minutes

ARTICLE 5 (Continued)

- J. Calendars for the following school years will be framed with the following references:
1. The closing of the school year will be agreed upon in the annual school calendar and shall reflect state law and regulation.
 2. Length of School Year
 - a. There shall be one hundred eighty (180) student attendance days. There shall be one hundred eighty-five (185) teacher attendance days. New teachers in their first year of employment shall have one hundred eighty-seven (187) work days. Teacher work days shall be provided for classroom preparation before school begins, room preparation for the summer, and time at the end of each semester for the purposes of preparing report cards and general recordkeeping. Prior to the start of each school year time will be allotted for content/grade level collaboration work.
 - b. Teachers shall not be required to report to school when school is cancelled/delayed due to acts of God. Teachers will receive their regular pay for days which are cancelled/delayed but shall work for any rescheduled student instruction time with no additional compensation. Whether instruction is rescheduled in minutes/hours/days will be discussed with the understanding that instruction will be rescheduled in days if an agreement cannot be reached. Initial discussions shall take place on or before March 15. If the law governing this provision is changed or repealed, this section will be renegotiated. In the event of a weather delay or cancellation, any scheduled PD/Parent Teacher Conferences will still occur for staff providing the Superintendent determines travel conditions are safe for staff to report.

ARTICLE 6
CLASS SIZE

- A. Philosophy: Class load will be kept at a minimum within economic ability of the school district and the availability of space. Twenty-five (25) to thirty (30) pupils is recognized as a desirable class load for effective teaching and learning. In some special classes a lower number of pupils is desirable, while in other classes, a larger number can be accommodated. In the secondary (grades 7-12), the board will create assignments for lead teachers that have no more than 10 preparations per year. Double blocked classes shall be counted as one preparation (i.e. a class and another class in that subject which is remedial in nature shall not be considered as separate preparations). The 10 preparation limit shall not apply to special education, title I and physical education teachers. Any teacher may volunteer to exceed the 10 preparation limit. Lead teachers shall be compensated at the rate of \$350 per preparation in excess of four preparations each semester.

In the event that a Junior/Senior High School teacher's different preparations exceed four per day, the teacher may ask for a special conference to discuss the matter. Present at the conference shall be the building principal, the teacher, the Montabella Education Association President and the Superintendent.

It is further understood though that alternative education teachers operate under a different schedule and are likely to have more than four different preparations per day.

- B. The Board of Education will, within its financial ability, provide facilities, equipment and supplies in order that teachers may do an adequate job of teaching. Teachers will be asked to submit lists and recommendations in the matters of purchasing the above.
- C. The parties recognize that optimum school facilities for both students and teachers are desirable to insure the high quality of education that is the goal of both the Association and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed toward insuring that the energy of the teacher is primarily utilized to this end.
- D. Should elementary class size in grades K-1 exceed twenty-six (26) students, grades 2-3 exceed twenty-eight (28) students, and in grades 4-6 exceed thirty (30) students, the teacher may request a conference with the principal to discuss alternatives including the possibility of paraprofessional support. If the teacher and building principal cannot mutually agree upon paraprofessional support, general education classroom teachers (excluding specials/elective teachers) shall be compensated \$3 per student for each day the limit of 30 is exceeded in grades K-2 and 33 is exceeded in grades 3-6. This will be payable in one lump sum at the conclusion of the school year.

ARTICLE 7

ARTICLE 7 (Continued)

C. Transfers

1. Although the Board and Association recognize that frequent transfers of teachers from one school to another can be disruptive to the educational process and interfere with optimum teacher performance, they also recognize that some transfers may be necessary. Therefore, they agree as follows:

Transfers may be made by the administration at any time for reasons of over and under staffing, revised or new programs, positions created by termination of employment or personality conflicts. Involuntary transfers shall be reviewed by the administration and teacher will be given an opportunity to state, in writing, the reason for their objection to transfer.

Three days per year, with pay, non-accumulative, will be allowed to each teacher for use as personal leave as one of the thirteen (13) Compensable Leave Days. A maximum of two leave days can be used after February 1st. Such leave must be requested, in writing, at least forty-eight (48) hours in advance from the Superintendent. No more than four (4) teachers from the entire district and no more than two (2) teachers from any single building will be on such leave at any one time. Requests will be granted in a first come first serve manner.

Individuals should make every effort to resolve personal business without taking time off from work.

Such leave shall not be granted for the first week or last week of the school year nor on days in which final exams are being administered. Such leave shall not be granted on scheduled professional development days.

ARTICLE 8 (Continued)

3. The Association shall be granted six (6) days each year with pay to be used for necessary business purposes of the Association. The Association will pay for the cost of the substitute. Notice of such leave must be given to the Superintendent at least two (2) days prior to the leave.

D. Non-FMLA Dock Days

Granting of dock days is at the discretion of the Superintendent. Dock days will be calculated using an individual teacher's daily rate and will include fringe benefits (FICA, retirement and insurance). Dock days should not be considered an option in extension of a holiday or vacation.

E. Disability

In the event a teacher is aware of a disability that can be anticipated in advance (e.g., pregnancy related disability, scheduled surgery) the following provisions shall apply:

1. The teacher shall notify the administration of the anticipated disability at least ninety (90) days in advance, if possible. Said notification is to be accompanied by a statement from the attending physician which identifies the date anticipated disability is expected to occur. Said notification shall be filed with the Superintendent of Schools.

ARTICLE 8 (Continued)

The maximum allowance of sick leave to be used for such purposes shall not exceed six weeks.
- G. Medical verification can be requested by administration when a pattern of absences occur, either with the days the absence occurs or with absences in succession. The district shall provide in writing the rationale for the establishment of the absence pattern. Written notice (including email) will be given to the teacher of the need for verification.

All bargaining unit seniority is lost when employment is severed by resignation, retirement or by discharge. Personnel who are promoted out of the bargaining unit shall maintain seniority according to Article 9. A. 4. Seniority will be pro-rated for less than full-time teachers who are hired after July 1, 1980.

B. Seniority Ties

In the event more than one individual has the same seniority, the relative ranking of such persons on the seniority list will be determined by a drawing of lots participated in by all affected bargaining unit members. The notice of the drawing, including date, place and time, will be provided in writing to the Association and all affected bargaining unit members one (1) week before the drawing. The drawing will be conducted openly and at a time and place that reasonably allows all interested bargaining unit members, and particularly those affected, to attend. The President of the Association or his/her designee shall draw for any person unable to be in attendance. All affected bargaining unit members will be notified in writing of the results of the drawing within forty-eight (48) hours of the drawing.

C. Seniority List

No later than thirty (30) days following ratification of this Agreement, and by every September 30 thereafter, the employer shall prepare a seniority list.

D. Posting/Copies/Revision of Seniority List

The seniority list shall be published with notation of the date of hire of each bargaining unit member and placed in the general office of each building for inspection by October 1 of each school year. Updates of the list shall be published as they are made. A copy of the seniority list and all subsequent updates shall be provided to the Association for posting. Errors, omissions, and/or deletions in or to the seniority list will be corrected upon discovery.

STUDENT DISCIPLINE

- A. The Board will give support and assistance to teachers with respect to the maintenance of control and discipline in the school. Problem students may be temporarily removed from a teacher's classroom by the teacher and building principal. Whenever it appears that a particular pupil's sustained behavioral pattern in the classroom becomes a serious deterrent to the welfare of himself, his classmates, and teacher or teachers, the following procedure will be followed:
1. A complete evaluation of the situation shall be made.
 2. The evaluators shall consist of the teachers involved, building principal, guidance personnel and any other professional persons involved or qualified to assist.
 3. After all available facts and information have been reviewed, the evaluation committee shall recommend to the Board a course of action in light of the following:
 - a. best interest to the student involved
 - b. best interest of other students in the classroom
 - c. the demands made upon the teacher(s) involved.
- B. It is recognized that discipline problems are less likely to occur in classes which are well taught and where a high level of student interest is maintained. It is likewise recognized that when discipline problems occur, they may most constructively be dealt with by encouragement, praise and emphasis upon the child's desirable characteristics. A teacher may use force as is necessary to protect himself from attack or to prevent injury to another student. Discipline problems are much less likely to occur when teachers are in the classroom when rooms are occupied for classes. Teachers are to be in the classroom except for emergencies, while answering phone, etc., and absence for such reasons should be for very short duration.

Transfer of the student to another teacher or other measures short of suspension, will first be exhausted. Every effort will be made to provide a separate room for in-school suspension and/or students who are in the office due to disciplinary reasons.
- D. Any case of assault or assault and battery upon a teacher while in the performance of duties assigned by the school district shall be promptly reported to the Board or its designated representative. Any alleged assault will be promptly investigated by the principal or his designated representative who, with the teacher and Superintendent, will determine a suitable punishment for the assaulting pupil(s). If the assault is by a person

who is not a pupil, the Board will promptly report the incident to the proper law enforcement authorities. In either case (pupil or non-pupil) the Board will render assistance to the teacher in connection with handling of the incident by law enforcement, legal and medical authorities. If the teacher is injured while in the line of duty, medical, surgical or hospital care within the limits of Worker's Compensation will be furnished by the Board. Provided that the teacher is not at fault, he shall not be penalized in loss of salary for a period of one year from the date of disability, the Board making up the difference between contractual salary and Worker's Compensation disability payments.

B. Presentation

At any stage of the Grievance Procedure, a teacher is entitled to have Association representation present.

Nothing contained herein shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted without the intervention of the Association, if the adjustment is not inconsistent with the terms of this Agreement, providing that the Association has been given opportunity to be present at such adjustment. However, only the Association has the authority to carry a grievance to Step Four of the Grievance Procedure.

Should either the Board or the Association wish to terminate the use of the pre-selected panel arrangement for selection of the grievance arbitrators, the party wishing to terminate the panel shall give six (6) months' notice to the other party. Prior to formation and/or after termination of the panel selection arrangement, selection shall be through the American Arbitration Association and subject to its rules.

LAYOFF AND RECALL OF STAFF NOT COVERED BY TENURE LAW

Should substantial and unforeseen changes in student population or other conditions make necessary a layoff of staff not covered by tenure law employed by the Board, the following layoff procedure will be followed:

1. The certification and qualification of a member to be laid off shall be the certification and qualifications on file with the Board at the time the layoff notice is sent. The certification and qualification of a member to be recalled from layoff shall be the certification and qualifications on file with the Board at the time the notice of recall from layoff is sent.
2. In determining the order of layoff, seniority shall determine the order of layoff and recall.
 - a. Any staff on layoff shall be recalled in inverse order of layoff provided he/she is certified and/or qualified for the vacancy. No new staff shall be employed by the Board while there are staff members of the district who are laid off unless none of these staff have the proper certification and qualifications to fill the vacancy.

RECALL RESPONSIBILITIES OF STAFF NOT COVERED BY TENURE LAW

- A. The Board shall give written notice of recall from the layoff by sending a registered, certified letter, hand delivered or email communication to said teacher at his/her last known address. If a staff member fails to respond within fifteen (15) calendar days from the date the notice of recall is delivered via certified mail or personal delivery, this shall constitute the staff member's voluntary resignation.
- B. It shall be the responsibility of each staff member to notify the Board of any change of address. The staff member's address as it appears on the Board's records shall be conclusive when used in connection with layoffs, recall, or other notices to the staff member.
- C. A staff member who is laid off and who is paid unemployment compensation benefits during the summer immediately following the layoff and who is subsequently recalled to a teaching position at the beginning of the next school year will be paid according to an annual salary rate, such that his/her unemployment compensation plus that annual salary rate will be equal to the rate of salary he/she would have earned for the school year had he/she not been laid off.
