The Board reserves the option to apply the statutory premium health insurance elective for a medical benefit plan coverage year.

The Board agrees to provide the above-mentioned insurance subsidies for programs within the underwriting rules and regulations as set forth by the carrier in the Master Contract held by the Policyholder.

Any medical insurance expenditures in excess of the employer's 80% contribution for all attributed medical insurance expenditures as permitted by the Publicly Funded Health Insurance Contribution Act shall be subject to payroll deduction.

Individuals employed on a part-time basis will be eligible for the above-mentioned insurance benefits on a prorated basis; e.g., a half-time teacher will be eligible for one-half (1/2) of the Board contribution for health insurance, provided the employee works at least ½ time, and subject to written application and payment of the balance through authorized payroll deduction.

The Board subsidy is terminated when an employee is covered under another group health care program or terminates his or her position through resignation, discharge or retirement, or is on any type of unpaid leave of absence and not on the payroll of the Employer. Employees who have worked the full school year will be covered with this health care program for a full twelve (12) month period. Retirement insurance plans become effective on date of retirement.

The intent of the wording “The Board subsidy is terminated when an employee is covered under another group health care program” is for the purpose of administering the contract clarified as follows:

It is not acceptable for a double enrollment, double premium for the same persons in the same or similar program. This could occur in the same school system or in two different school systems. It might also occur between a business and school system. Example: Husband has full family Blue Cross.

It is not the intent of the Board to decrease health coverage available to employees or their families by eliminating their insurance option if they have any other health insurance coverage.

A committee of Association members and administrators will be formed each spring to review insurance costs, coverages, and options.

- B. Upon submission of written application, the Board will provide forty-thousand dollars (\$40,000) Life Insurance with AD&D coverage for each teacher.
- C. Upon submission of written application, the Board will provide sixty-six and two-thirds (66 2/3%) LTD salary protection insurance 90 calendar days modified fill, pre-existing condition waiver.
- D. Upon submission of written application, the Board will provide BCBSM Blue Dental PPO 100/80/60/50 dental insurance coverage including sealants including \$1,500 ortho coverage for dependents 18 or under. The Board will name the carrier and coverage will include internal and external coordination of benefits.
- E. Vision coverage equivalent to SET/United Health Care Plan 2 with the Board naming the carrier and coverage will include internal and external coordination of benefits.
- F. Those teachers who do not select health insurance may apply (the actual health single rate) a subsidy two hundred twenty dollars (\$220) towards a Tax Sheltered Annuity, carrier to be mutually determined.

The Board will provide an IRS approved Section 125 Plan that will at least provide a premium conversion option for employees who choose health insurance coverage and a cash option for those employees who do not choose health insurance coverage.

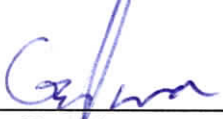

- G. During a leave of absence such teacher shall receive no insurance benefits at Board expense, except as required by law, but may elect to continue insurance benefits by paying the premiums at the payroll office. This section is contingent upon approval by the respective insurance carrier.
