MASTER AGREEMENT, 1969-70

This Agreement, made and entered into this _____ day of _____, 1969, by and between the School District of Holt, (hereinafter referred to as the Board) and the Holt Education Association (hereinafter referred to as the Association).

SECTION I

PURPOSE AND INTENT

The Board and the Association recognize: That their joint objective is to provide a quality education to the students of the School District, and that the quality of education provided depends upon the dedication, preparation, and morale of the teaching staff and upon the effectiveness and efficiency of the administration to maintain a desirable educational atmosphere.

Being engaged in a mutual endeavor in the public interest the Board and the Association encourage fair and harmonious relations between their respective representatives at all levels.

In the above spirit and pursuant to the requirements of Act 336 of the Michigan Public Acts of 1947 as amended by Act 379 of the Michigan Public Acts of 1965, the Board and Association herein set forth their Agreement with respect to rates of pay, wages, hours and other terms and conditions of employment of all individuals included in the Bargaining Unit as defined in Section II who are covered hereby, insofar as such matters are not controlled by applicable Michigan Laws, such Laws superseding anything which may be contained herein.

SECTION II

RECOGNITION

The Board hereby recognizes the Holt Education Association as the exclusive bargaining representative, as defined in Section II of Act 379, PA of 1965, for all certificated personnel or professional personnel employed by the Board, whether on contract, or on a per diem, hourly or a class rate basis, but excluding substitutes and adult education personnel, supervisory and executive personnel, office, clerical, and maintenance and operating employees.

(a) The term "teacher" when used hereinafter in this Agreement shall refer to all employees represented by the name of the employee organization in the bargaining or negotiating unit as above defined.

(b) The term "Board" shall include its officers and agents.

The Board agrees not to negotiate with any organization other than that designated as the representative pursuant to Act 379, PA of 1965, for the duration of this Agreement.

SECTION III
TEACHER RIGHTS

Article I - Teachers may have access to their personnel files to review any document prepared by the teacher himself, college transcripts, progress evaluation forms prepared by the principal or supervisor and information which is not received as privileged or confidential, which at the present time are restricted to letters of reference and teacher credentials.

Article II - Complaints directed toward a teacher shall be called to the teacher's attention at the earliest possible time if a permanent record is to be made of such complaint.

Article III - Teachers may request the presence of an Association Representative when being reprimanded, warned or disciplined subject to the following procedure:

- (1) Nothing contained herein shall prevent verbal communication between administrators and teachers without the presence of an Association Representative. The Association recognizes need for a building principal to carry out responsibilities relating to Board policy, terms of the Master Agreement and the exercise of good judgement by teachers. (These functions of the principal are entirely separate from the teacher evaluation process.) Thus, the Building Principal confers with teachers. Such contacts including commendation, praise, questioning, suggesting, directing, reminding and correcting shall be termed casual and will not include the presence of an Association member.
- (2) If any verbal communication is intended by the Administrator to be an oral reprimand which will be the basis for further disciplinary action, or if a written reprimand is to be issued in connection with the verbal communication, this intent shall be expressly stated as such, and the teacher shall be given a reasonable opportunity to request the presence of an Association representative. No written reprimands shall be issued without preceding verbal communication regarding the incident which will be the subject of the written reprimand.
- (3) Before being placed into the teacher's permanent record, the teacher will be provided with a copy of the written reprimand signed by the administrator issuing it and the teacher may submit any written statement he wishes, signed by the teacher, which the teacher wishes included in the record.
- (4) Reprimands issued under this Article may be the subject of a grievance within the terms and conditions of the professional grievance procedure set forth elsewhere in this Agreement.

Article IV -

A. The Board recognizes its responsibility to continue to give administrative backing and support to its teachers leading to the attainment of an environment in the classroom which will enable the teacher best to perform his primary responsibility the offering of desirable learning experiences. The teacher shall report to the principal the names of students who seem to need particular assistance of skilled personnel. The situation will be studied by school officials and an effort made to alleviate the situation.

The teacher shall also report to the principal names of students who are disruptive to the classroom environment which prevents the teacher from offering desirable learning experiences. The teacher will submit a written statement of the nature of the problem, including the facts causing the teacher to file the report as well as a summary of the action of the teacher to correct the situation. These situations shall be studied by school officials and an effort will be made to alleviate the situation. In these cases the teacher will be given a written report of the action taken as soon as practical.

Article V -

A. Any case of assault upon a teacher which had its inception in a school centered problem shall be reported immediately in writing to the superintendent or his designated representative. In the event of such an assault, the Board will provide legal advice if the teacher requests it.

B. No charge shall be made against a teacher's salary or leave time in case of time lost because of court appearances involving incidents stated in Paragraph A above.

Article VI - Teachers are required to comply with rules, regulations and directions from time to time adopted by the Board or its representatives which are not inconsistent with the provisions of this Agreement. The appropriate school administrator shall be informed of any situation where compliance with such rules, regulations and directions would create an imminent hazard to health or safety and the administrator shall take any action necessary.

Article VII - A teacher shall not be reprimanded, disciplined or evaluated for activities as a member of the Association except that the Board through the superintendent of schools may institute a complaint within the provisions of the "Code of Ethics of the Education Profession" in the Michigan Education Ass'n booklet Constitution and Standing Rules.

Article VIII - In case of reduction of staff under contract with the Board, it is recognized that the Board may reduce its staff, provided, however, that in connection with any such reduction the Board shall release the teachers with the lowest seniority within the certification group being reduced.

1. To the executive management and administrative control of the school system and its properties and facilities and the activities of its employees;
2. To hire all employees and subject to the provisions of law, to determine their qualifications, and the conditions for their continued employment, or their dismissal or demotion to reduce the number of teachers employed; and to promote, and transfer all such employees;
3. To establish grades and courses of instruction, including special programs, and to provide for athletic, recreational and social events for students, all as deemed necessary or advisable by the Board;
4. To decide upon the means and methods of instruction, the selection of textbooks and other teaching materials, and the use of teaching aids of every kind and nature;
5. To determine class schedules, the hours of instruction, and the duties, responsibilities, and assignments of teachers and other employees with respect thereto, and non-teaching activities, and the terms and conditions of employment.

The exercise of the foregoing powers, rights, authority, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgement and discretion in connection therewith shall be limited to and subject to the specific and express terms of this Agreement.

SECTION VI

Each teacher may elect not to join the Association but to pay it a representation fee in an amount equal to its dues (Local-Michigan-National Education Association) by authorizing the deduction of such amounts from his salary.

If any teacher to whom the foregoing provisions apply fails to comply therewith and the Association certifies such fact to the Board and requests it to institute dismissal proceedings, the Board shall give such teacher notice that his employment will not be continued after the end of the current school year. If the teacher challenges that decision before an agency or court of competent jurisdiction, such teacher's employment will be continued in normal fashion until the end of the school year following the time when there is a final decision by an agency or Court of competent jurisdiction (which has not been appealed by any party to the action) upholding such termination.

It is agreed that with respect to any teacher to whom the foregoing provisions apply, failure or refusal to comply with such provisions constitutes just cause for dismissal.

In the event the Board, acting on the request of the Association, discharges or attempts to discharge a teacher for failure to comply with these provisions, the Association agrees to indemnify and hold the Board harmless from any and all damages and judgments which may result from such action except for loss which may be caused by the Board's negligence.

If a teacher with a letter of interest on file is not transferred to fill the vacancy, a written notice of the reasons for the Board's decision shall be given to the teacher.

2. In case of positions within the bargaining unit known by the Board to become vacant in the next school year, the Board will post notice of such vacancies as may be known at the beginning of February, March, April and May for a period of the first ten days of each month. The Board will award such position to any qualified member of the staff who applies during such posting period. If no staff member who is qualified applies for the position, the Board will employ outside applicants during the balance of each month.

After May 10, the Board will consult letters of interest on file before employing outside applicants but shall not post.

Teachers applying but not awarded the position shall be given written notice of the reasons for the Board's decision.

In case of openings for positions in administration outside the scope of the bargaining unit, the Board shall post for ten days during the months specified above and shall consult letters of interest outside such period of time before making a decision.

Any teacher who applies in response to the posting or who has a letter of interest on file who is rejected for an administrative position opening will be given written reasons by the Superintendent for not being promoted to the position on making written application for same.

Article VII - The schedule for the 1969-70 school year shall be that presently implemented excepting however that the schedule for the second semester in Junior High School shall be that which is recommended by the Secondary Curriculum Coordinating Council and which shall make its recommendations by December 1, 1969.

SECTION X

The principal shall endorse the card. The Board reserves the right at such time to require a physical or mental examination of a teacher at the Board's expense by a doctor of its choice should this seem in the best interests of the school. A written statement may be required from the attending physician in cases of an injury or illness that keeps a teacher from work for five or more consecutive working days.

B. Illness in Employee's Household¹

One day per period of illness of a member of the employee's family shall be granted. The intent of this provision is to provide the employee time to make arrangements for the care of the sick members of his household; otherwise the school does not assume responsibility for family illness. Use of personal leave time may be subject to verification by the Board, upon the return of the teacher to school.

The purpose for which such leave time may be used shall be sound, pressing, unavoidable causes which cannot be handled during the normal school day. Article V - Weather or Mechanical conditions which force the closing of schools.

1. Notification of such closing by radio or telephone will include teachers.
2. Teachers are encouraged but not required to use such time for a work day at their school.

Article VI - When a teacher has exhausted compensated leave days, the teacher will receive pay during the continuation of such leave on the basis of the difference between the teacher's regular daily rate and the substitute rate for the duration of the leave, or until the substitute begins to receive the full regular daily rate (beginning the substitute's sixteenth consecutive working day), whichever occurs sooner. After this point the teacher on leave will receive no further compensation during the balance of the time of absence.

SECTION XI

RATES OF PAY AND WAGES, FRINGE BENEFITS

Article I - The salaries of teachers are set forth in Schedule A which is incorporated in the Agreement. Such salary schedule shall remain in effect during the period covered by this Agreement, starting July 1, 1969, and ending June 30, 1970.

Article II - Insurance - See Addendum Page 15a

Article III - Upon a teacher's retirement, in accordance with the requirements of the Michigan State Employees Retirement Act a terminal leave pay determined by the greater of (1) or (2) below will be paid if at least ten years continuous employment in this school district has occurred.

- (1) \$50 per year of employment in this school district, or (2) a sum equal to 50% of the current wage for each accumulated leave of absence day. (2) is limited to a sum up to twice the amount calculated by (1).

Article IV - Teachers are covered by Workmen's Compensation benefits for work related injury or illness. In the event of a work related injury or illness the teacher shall be paid at his regular rate but time lost from work is chargeable against the teacher's accumulated bank of sick leave days.

After the five day waiting period the teacher is eligible for Workmen's Compensation benefits, and his pay will be reduced to the difference between said Workmen's Compensation benefits and his regular rate. Sick leave will be charged on a prorata basis computed on the relationship of his differential pay to his regular rate of pay.

Article V - When a regular pay day occurs within a vacation period during the school year, that pay day shall be advanced to the last day prior to the beginning of said vacation period, provided that no more than one pay period shall be advanced with respect to any vacation period.

Article VI - Pay periods shall be every two weeks during the entire year. The pay periods may be based on either a ten or twelve month year at the option of the teacher. Unless the Director of Personnel and Curriculum is notified otherwise by no later than August 1, the teacher will be presumed to have selected the twelve month plan. Those selecting the ten month plan must remain on this plan for the entire school year.

Teachers on the twelve month plan must designate no later than May 15 if they wish a lump sum payment at the end of the school year.

Article VII - Any teacher may pick up at the high school a free ticket for any event except tournaments.

ADDENDUM - SECTION XI, ARTICLE II - INSURANCE

The Board will provide a group life insurance plan with a \$4,000 death benefit and \$40.00 salary protection for each teacher, subject to the terms and conditions of the master policies applicable to such benefits.

Blue Cross - Blue Shield insurance, in accordance with the terms and conditions of the policies, fully paid by the district, will be provided for each teacher at the benefit level in effect at the beginning of the 1969-70 school year. In case of teachers who are principal wage earners, the Board, in addition, will pay the cost of providing full family coverage for dependents.

Once coverage is designated it shall not be altered except as death, birth, or social security eligibility is involved or until the next open enrollment period.

Failure to make use of all or any part of the maximum possible premium coverage available shall not make any funds transferable to cash or other form of benefit for the benefit of the teacher or others.

The district shall begin contributing towards such benefits the first of the month following ratification.

Article V - Procedure - Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered a maximum and every effort should be made to expedite the process. If appropriate action is not taken within the time limits specified, the grievance will be deemed settled on the basis of the disposition at the level being appealed. The time limits specified may, however, be extended by mutual agreement.

Article VI - Formal Grievance Procedure

A. Written grievances shall contain the following information:

1. A statement of the facts alleging the violation.
2. The section of this agreement which is alleged to have been violated.
3. Relief requested.
4. The signature or signatures of the grieving parties.

SECTION XII

GRIEVANCE PROCEDURE

Article I - A "grievance" is a claim, by one or more teachers or Association, of violation or misinterpretation or misapplication of any provision of this Agreement.

Article II - The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to grievances. Both parties agree these proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.

Article III - Nothing contained herein will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the Administration and having the grievance adjusted without intervention of the Association, provided the adjustment is consistent with the terms of this Agreement and provided further, the teacher need not exercise such right.

Article IV - There shall be one Association representative for each building who shall be recognized as official representative of the Association in grievance procedures. The names of such representatives of the Association shall be furnished in writing to the Director of Instructional Personnel and Curriculum as soon as possible after their appointment. No such representative shall act on behalf of the Association until the Director of Instructional Personnel and Curriculum has been advised of his appointment in writing by the officers of the Association. Any changes in such representatives shall be reported to the Director of Instructional Personnel and Curriculum in writing as far in advance as possible.

Article V - Procedure - Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered a maximum, and every effort should be made to expedite the process. If appropriate action is not taken within the time limit specified, the grievance will be deemed settled on the basis of the disposition at the preceding level. The time limits specified may, however, be extended by mutual written agreement.

Article VI - Formal Grievance Procedure

A. Written grievances shall contain the following information:

1. A statement of the facts alleging the violation.
2. The section of this Agreement, which is alleged to have been violated.
3. Relief requested.
4. The signature or signatures of the grieving parties.

- B. 1. Within five (5) days of the filing of the written grievance, the principal shall schedule a meeting thereon with the teacher, and, at the teacher's option, the Building Association Representative, and within five (5) days after said hearing the principal shall submit an oral decision, and file a written report to the grieving party with a copy to the Association.
2. If the decision of the principal is unsatisfactory to the grieving teacher, teachers, or the Association, the Association may file a written appeal to the Director of Instructional Personnel and Curriculum within five days after the decision of the principal. Within ten days of receipt of an appeal, the Director of Instructional Personnel and Curriculum shall schedule a meeting thereon. Within five days of the meeting the Director of Instructional Personnel and Curriculum shall render a decision in writing, transmitting a copy thereof to the Association and file a copy in a permanent file in the superintendent's office.
3. If the decision of the Director of Instructional Personnel and Curriculum is unsatisfactory to the Association, it shall within ten days of the date of said decision file a written appeal to the secretary of the Board. If said appeal is filed within ten days prior to the next regularly scheduled meeting, the same shall be placed on the agenda of the Board and the Association shall be given an opportunity to be heard on said grievance. In the event that the grievance is not filed within ten days of the regularly scheduled Board meeting, then and in that event, the Board shall place the appeal on the agenda for the next succeeding regularly scheduled Board meeting thereafter. The Board shall have the right at their sole discretion to schedule special Board meetings for processing an appeal at any time. Within five days after the hearing on said appeal the Board shall render its decision in writing with a copy transmitted to the Association, and a copy thereof shall be in a permanent file in the superintendent's office.
4. If the decision of the Board of Education is unsatisfactory to the Association, it may file an appeal with the State Labor Mediation Board in accordance with law. Failure to institute a grievance or appeal a decision within the time specified shall be deemed acceptance of the decision at that level. Should the Association withdraw a grievance at any level, or should a teacher or a group of teachers leave the employ of the Board, all further proceedings on said grievance shall be barred. The term day or days used herein shall mean regular school days.
5. It is agreed that at any point in the above proceedings the parties may by mutual agreement submit any grievance to a jointly selected impartial arbitrator for a binding decision, subject to rules and procedures adopted by the parties at the time of submission of the matters to arbitration.

Article VII - Immediately after any adjustment is made the Association will be given an opportunity to meet with the Board's representative to learn of the settlement of the grievance. The Association will indemnify and save harmless the Board from any action taken by a teacher not desiring the Association's involvement.

Article VIII - If any teacher has a complaint regarding any condition of employment covered by the Michigan Tenure Teacher Act, such complaint shall be dealt with exclusively through the provisions of said Act, unless a specific alternative provision is provided under this Agreement and the established procedures thereof.

Article IX - Teachers required to participate in negotiating meetings, grievance meetings, or arbitration hearings, shall suffer no loss of pay in connection with time lost as a result of a teacher's participation in such meetings, when any of such meetings are scheduled by the Board to be held during the teacher's normal working hours.

SECTION XIII

TEACHER QUALIFICATIONS

Article I - The Board normally will require a Bachelors degree and proper certification as the minimum qualification from applicants for employment. The Board will also continue its practice of employing only substitutes who have proper certification to qualify under state law for substitute teaching.

Article II - In cases where the Board varies from its normal practice with respect to the Bachelors or standard certification requirement, the Association will be given notice of the teacher employed. The Association will also be notified if substitutes are employed who do not have the minimum certification or when substitutes are employed for more than fifteen consecutive working days.

SECTION XIV

MISCELLANEOUS PROVISION

Article I - If any provision of this Agreement or any application of the Agreement to the Association, the Board or a member of the Board, shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

Article II - Copies of this Agreement will be printed at the joint expense of the Board and the Association and presented to all teachers now employed or hereafter employed by the Board during the term of the Agreement. Fifty copies of the Agreement shall be furnished to the Association at Association expense.

Article III - Neither party shall have any control over the selection of the negotiating representative of the other and each may select its own representatives. No final agreement between the parties may be executed without ratification by the Board and by the members of the Association, but both parties agree that representatives selected by each shall be empowered with the authority to make proposals, in the courses of negotiations, subject only to such ultimate ratification.

Article IV - This Agreement shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in written and signed amendment to this Agreement.

Article V - Individual contracts between the Board and individual teachers shall be subject to the terms and conditions of the Master Agreement. If any individual contract contains any language inconsistent with this Agreement, this Agreement, during its duration, shall be controlling.
