ARTICLE 3

RECOGNITION OF THE UNION

SECTION 1. Definition of the Bargaining Unit. Pursuant to and in accordance with all applicable provisions of Act No. 336, Public Acts of Michigan, 1947, as amended, the City does hereby recognize the Union as the exclusive representative, for the

SECTION 3. Union Security.

A. Maintenance of Membership. An employee who is a member of the Union on the effective date of this Agreement or who becomes a member during its term shall, as a condition of continuing employment, continue his/her membership in the Union for the duration of this agreement, to the extent of paying an initiation fee, if any is required, and the membership dues uniformly required as a condition of acquiring or retaining membership in the Union.

B. Modified Union Shop. Newly hired employees covered hereby shall, as a condition of continuing employment,

become members of the Union within ten (10) days after their thirtieth (30th) day of employment by the City, and shall maintain their membership in the Union for the duration of this Agreement, to the extent of paying an initiation fee, if any is required, and the membership dues uniformly required; all other employees of such unit shall pay to the Union a sum equivalent to the initiation fee and membership dues as a charge for the representation.

1. Employees who do not comply with the above requirements within thirty (30) days after written notice is served to the Employer by the Union, shall be issued a voluntary resignation by the City.
2. This section shall not be interpreted as negating the terms of this agreement regarding probation, as found in Article 5, Section 3 and elsewhere in the agreement.

C. Indemnification. The Union shall indemnify and save the City harmless from any and all legal claims, demands, suits or any other forms of liability arising from this section.

SECTION 4. Checkoff.

- A. The City agrees to deduct from the pay of employees covered hereby, the Union's initiation fee and dues and/or service fee owed pursuant to Section 3 above, once each month for the duration of this Agreement. Such deduction and any other deduction pursuant to this Agreement will not be made from pay for the same pay period. This duty to checkoff shall be subject to the following subsections.
- B. The Union shall furnish and obtain from each of its members and shall deliver to the City's Labor Relations Administrator, a signed copy of a written authorization for the above deduction of money owed the Union, on the Union's standard form for this purpose. Such form shall comply with the requirements of any State or Federal law, as interpreted by the U.S. Department of Justice.
 1. Any deduction authorization form, furnished by the Union, which the City believes to be incomplete or in error, will be returned to the Union Secretary with written notation of the reason(s) for its return, and no checkoff shall be made under such form until the deficiency is corrected.

2. Any dispute about a Union deduction authorization form shall be discussed between the City's Labor Relations Administrator and the Union's Secretary. If they are unable to resolve the matter, the Union shall submit it in Step 4 of the grievance procedure.
- C. The City shall checkoff only obligations which come due at the time of checkoff, and will make checkoff deduction only if the employee has enough pay due to cover such obligation, and will not be responsible for refund to the employee if he/she has duplicated a checkoff deduction by direct payment to the Union.
- D. The City will send to the Union's Treasurer a check in the amount of each deduction made, with a list and a 3.5 computer diskette indicating the name, address, social security number, and amount of dues deducted from each member no later than two (2) weeks after the pay day in which dues were deducted.
- E. The City's remittance will be deemed correct if the Union does not give written notice to the City's Finance Director, within two (2) calendar weeks after a remittance is sent, of its belief, with reason(s) stated therefore, that the remittance is incorrect.
- F. The Union agrees to indemnify and save the City harmless against any and all claims, suits or other forms of liability arising out of its deduction from an employee's pay of Union initiation fee and/or dues and/or service fees. The Union assumes full responsibility for the disposition of the deductions so made, once they have been sent to the Union.
- G. The Union shall send to the City's Labor Relations Administrator a list of all City employees who pay dues and/or service fees direct to the Union and of any changes thereafter.
- H. The City will provide each newly hired employee within the bargaining unit with a letter of introduction from the UAW Local 2256. The letter of introduction shall be furnished to the City by the Union. The City retains the right to review the letter of introduction and any revisions prior to any obligation to distribute the same. The City's failure to distribute the letter of introduction shall not be a grievable matter under this Agreement.

Further, the Union agrees to do its utmost to see that its members perform their respective duties loyally and continuously under the terms of this Agreement, and will use its best endeavors to protect the interest of the City, to conserve property, protect the public and give service of the highest quality. The Union and the City consider themselves mutually responsible to improve the public service through the creation of improved employee morale and efficiency. In this connection, the parties shall encourage employees to conduct themselves on the job in a workerlike manner.

SECTION 4. Notice to the City of Union's Representatives. The President of the Union shall advise the City's Labor Relations Administrator in writing, of the names of the stewards, the chief steward and the Union President and of the group which each represents. No Union steward, chief steward or Union President will be granted time off from his/her job for any reason unless the City is properly notified according to this Section.

ARTICLE 5

SENIORITY

SECTION 1. Definition. An employee's seniority shall be his/her continuous length of service with the City determined from the date he/she was hired as a regular, full-time employee if there was no prior service as a seasonal/part-time employee, or it shall be determined from the date he/she was hired as a seasonal/part-time employee if there was continuous service as a seasonal/part-time employee prior to the date he/she was promoted to the status of a regular, full-time employee. The amount of continuous service as heretofore provided shall be applied to an employee's probationary period hereinafter set forth. Seniority shall not accumulate during any leave of absence (unless specifically provided herein) or layoff. Seniority shall be applied only as specifically set forth in this Agreement. The City will record the seniority dates for the employees in each department on departmental seniority lists, however, except as otherwise provided, seniority shall be bargaining unit wide.

Every six (6) months (January and July) after the initial posting, the City will post on the bulletin boards and will furnish to the Union Secretary these seniority lists revised up to one (1) week prior to the date of their posting.

Part-time employees shall acquire seniority as provided in Article 13, Section 5.

Seasonal employees shall acquire seniority as provided in Article 14, Section 5.

SECTION 2. Temporary Employees. Temporary employees have been renamed seasonal employees and are now included in the bargaining unit and represented by this Union, subject to Article 14.

SECTION 3. Probationary Employees. An employee covered hereby shall be considered a probationary employee for the first one hundred twenty (120) calendar days.

There shall be no seniority among probationary employees.

The City shall have no obligation to re-employ an employee who is laid off or discharged during his/her probationary period.

The Union reserves the right to represent a probationary employee who, in its opinion, has been disciplined or discharged for Union activity, but the Union has no right to represent a probationary employee for any other reason.

SECTION 4. Seniority Status. If a regular, full-time employee completes his/her probationary period within the nine(9) months from his/her first day of work, he/she shall be entered on the seniority list as of that first day of work.

As between any two (2) or more employees who have the same seniority date, seniority shall be determined by the alphabetical order of the last names they bore on the date they were placed on the seniority list.

SECTION 5. Seniority of Union Representatives and Union Officers. Notwithstanding his/her position on the seniority list, a steward shall, in the event of a layoff, be continued at work as long as there is a job in the group which he/she represents which he/she is qualified to perform, and, if he/she is laid off, shall be recalled to work on the first open job in his/her group, which he/she is qualified to perform.

Notwithstanding their position on the seniority list the Union President, Vice President, Union Secretary, Union Treasurer, and Chief Steward of the Union in that order, shall, in the event of a layoff, be continued to work as long as there is a job covered by this Agreement which he/she is qualified to perform, and, if any of the foregoing are laid off, they shall be recalled to work, in the foregoing order, on the first open jobs which they are qualified to perform.

SECTION 6. Loss of Seniority. An employee shall lose his/her seniority if: he/she resigns or quits, he/she is discharged and the discharge is not reversed through the grievance procedure,

he/she retires by voluntary, deferred, compulsory, duty or non-duty disability retirement or for any other reason for his/her termination except a layoff in which case the provisions of Article 6 of this contract shall apply.

ARTICLE 6

APPLICATION OF SENIORITY

SECTION 1. Out of Class Assignments. If there is a temporary surplus or deficiency of employees in any permanent full-time classification covered by this Agreement, for other than overtime purposes, the City may adjust the situation by assigning employees to other work within their classification or within another classification for which the City deems them qualified.

- A. Full Time to Full Time. When there is more than one (1) employee within the classification and within the division and/or section from which or in which the temporary assignment is to be made, and if a permanent full-time employee is to be selected, the least senior employee will be selected, provided he/she has the present ability to perform the work required, unless the assignment is an upgrade to a higher paid classification, in which case the senior employee so qualified will be assigned.

During the period of out of classification assignment to another job, a permanent full-time employee shall be paid the rate of his/her regular job or the rate of the job to which he/she is assigned, whichever is the higher rate.

- B. Seasonal/Part Time to Full Time. If a permanent full-time employee is not qualified or otherwise available for the out of classification assignment, a seasonal or part-time employee may be selected. A seasonal or part-time employee may be temporarily assigned outside his/her classification pursuant to Article 12, Section 3 (Back-up Solid Waste Operators) or the most senior seasonal or part-time employee in the division and/or section qualified to perform the duties of the permanent full-time position (or, as applicable, the senior employee who meets the training eligibility requirements). Where it is necessary to train a seasonal or part-time employee to perform a temporary assignment, such employee will be paid at his/her regular rate for a training period not to exceed eighty (80) work hours. Thereafter during the period of out of classification assignment to a permanent, full-time job, not previously performed by a

seasonal or part-time employee, the employee will be paid at the base rate of the job to which he/she is assigned.

- C. Notice of Assignment. If an employee is assigned out of classification for a continuous period of thirty (30) or more calendar days, the Department shall submit notice of the assignment to the Personnel Services Department for placement in the employee's personnel file. Notice shall be sent to the Union President.

SECTION 2. Permanent Transfers. All open or vacated jobs shall be posted within thirty (30) calendar days of the time the job becomes open or vacated. Notice of job vacancies shall be posted on the bulletin boards by the City for six (6) calendar days, setting forth the minimum requirements and the date it is posted for the vacant position. If the position is not posted within thirty (30) calendar days, the City will send the Union written notice of the reason(s) why. An employee desiring to fill a posted job vacancy shall sign the posting. If the employee would be off work for any reason during the six (6) day posting period, and such time can be documented through the official absence records, the employee shall be allowed to bid on the position. In any other case, after the end of the posting period an employee may not bid regardless of his/her reason for failure to bid during the posting period. If there are qualified bidders, the job shall be awarded within forty-five (45) calendar days after the posting period. The Employer shall furnish the Union President a copy of each job posting at the same time the postings are posted on the bulletin board. If a job is awarded after eighty-five (85) days from the date it became open or vacated and it is an upgrade to a higher paid classification, the employee, if he/she was solely assigned to the position during the time of the vacancy, shall have his/her change of status adjusted as if he/she had been permanently transferred as of the first day of the out of class assignment.

Full-time regular bargaining unit members shall be selected in seniority order for posted job openings provided that the bidder has the necessary qualifications. A bidder's work record may be considered if it has a direct correlation to the ability to perform the job. Additionally, Article 16, Section 3 shall be applicable.

During his/her first thirty (30) calendar days in a new city job (within or outside the bargaining unit), an employee may elect to return to his/her former job in the bargaining unit without loss of seniority, if he/she gives a sensible reason(s) for his/her desire to do so. The City may transfer him/her back from the new job (within or outside the bargaining unit) to his/her former job within that thirty (30) day period. If a job within the bargaining unit is thus vacated the City may, at its option, select another bidder from the posting or repost the job. After such thirty (30) calendar day period on the job within the bargaining unit, the placement shall be considered permanent.

After an employee's successful transfer to a job in response to his/her bid for it, he/she shall be ineligible to bid for another posted job until he/she has served on that job for six (6) months. However, if the job for which he/she desires to again bid is a higher paying job, he/she shall be eligible to bid again after working one (1) month on the job.

Seniority shall be applied on a unit-wide basis.

Seasonal and part-time employees shall be considered pursuant to Article 14, Section 6 and Article 13, Section 6, respectively.

If an open job is not filled through the methods above provided, the City may either select an employee and train him/her for the job, or hire in an employee for it, at its option.

SECTION 3. Transfer Out of and Back into the Bargaining Unit. If an employee covered by this Agreement transfers to another City position outside the bargaining unit, and thereafter returns to a position covered by this Agreement within one (1) year, that employee shall retain bargaining unit seniority accrued prior to the transfer outside the bargaining unit.

SECTION 4. Shift Preference. Prior to January 1, and July 1, of each year, employees having seniority may make written application on City forms for transfer to another shift in the same classification as they are working in at the time of application. Such application for shift preference shall be made in writing to the supervisor and the employee will receive a copy signed by the supervisor.

Employees will be given preference of shifts within a division or section based on their seniority, classifications, and the necessary ability to perform the work required. The most senior employee within the division or section shall have the opportunity to select their choice of shifts within the division or section, provided there are adequate numbers of qualified employees on jobs on such shifts.

If a division or section makes changes in the shifts for its employees, it shall declare the changes five (5) working days before so that employees affected by that change will make application for shift preference before those changes are effected.

If shift changes are to be made that will last for thirty (30) calendar days or more, employees shall be granted ten (10) working days notice before such shifts are effectuated so that they may make application for shift preference before the changes are effected.

At the Wastewater Treatment Plant where a seven (7) day around the clock operation is necessary, the Union representative and the

division head have been afforded the opportunity to negotiate shift preference and scheduling within the division. Copies of the agreements negotiated which address overtime issues at the Wastewater Treatment Plant, and which shall remain in effect during the term of this agreement, are attached to this agreement, as Appendices K and L.

SECTION 5. Layoffs and Recalls. The word "layoff" means a reduction in the working force due to a decrease of work. If it becomes necessary to have a layoff, the following procedures will be mandatory. Within the positions affected by the decrease of work, probationary employees will be laid off first, and then seniority employees in inverse order of seniority according to the following:

A. General Provisions.

1. At least thirty (30) days before implementation of a layoff, the Union will be notified.
2. Within five (5) calendar days of written notification to the Union of a pending layoff, the Union may meet with the City to discuss the implementation of the layoff procedure, to identify the positions anticipated to be affected by the layoff, and to discuss special issues, if any, which were not anticipated when the layoff procedure was negotiated.
3. Employees to be laid off for an indefinite period of time will have at least fourteen (14) calendar days' notice of the layoff.
4. The Union's Secretary shall be notified by the City of the names and positions of employees being laid off on the same date the notices are issued to the affected employees.
5. Probationary employees within the affected positions will be laid off first, followed by seniority employees in inverse order of seniority.
6. The City and the Union agree to bumping, layoff and recall procedures for bargaining unit employees which shall be governed in accordance with the contract including, but not limited to, Article 5, Seniority; Article 6, Application of Seniority; Article 11, Leaves of Absence and Article 18, Grievance Procedure. Layoffs shall never occur for punitive or disciplinary purposes.

7. The City and the Union agree that for purposes of layoffs and bumping, seniority shall be determined according to Article 5, Seniority and Article 6, Application of Seniority.
8. The City and the Union agree that for purposes of layoffs and bumping, it shall be assumed that an employee is capable and qualified to perform the duties of a position if the classification and level of the position is equal to or lower than the classification and level of the position currently held by the employee being laid off and, either: (1) the employee had previously successfully held the position, or (2) the employee has training, education or prior experience that initially demonstrates that he/she can perform the work of the position within a trial period of no less than eighty (80) work hours. An employee shall not be entitled to bump into a position if he/she is not capable as defined above.
9. An employee shall have the opportunity to review the job specification, update his/her personnel file and meet with the Personnel Services Department prior to bumping into a position in order to determine if the employee is qualified to perform the duties of the new position. If the employee bumps into a position and ultimately is found not capable of performing the duties, the City shall have the right to lay him/her off without bumping right. If there is a dispute over an employee's qualifications to bump into a position, it shall be discussed by a joint committee comprised of an equal number of Union and City representatives. If the joint committee cannot agree within three (3) days, the matter may be subject to the grievance procedure as provided in Section 15, below.
10. Employees subject to layoff or on layoff status shall have the right to bid on vacant positions according to Article 6, Section 2.
11. An employee scheduled for layoff who fails or is unable in accordance with this Agreement to exercise the option to bump into the position held by the least senior employee, as provided under Section B, Layoff and Bumping Procedures, for which he/she is qualified, or to accept a temporary transfer if one is offered, shall be laid off.

12. An employee who is bumped out of his/her position by a more senior employee will be considered as having been laid off and will be subject to the provisions set forth in this Agreement.
13. An employee may bump only once after receiving a layoff notice or after being displaced. However, an employee shall have the right to again exercise his/her bumping rights each time he/she is subsequently displaced as a result of another employee exercising his/her bumping rights in a subsequent layoff.
14. The City and the Union agree that there may be an exceptional case when the City may wish to retain or transfer an employee or recall a laid off employee regardless of seniority when and if the position is vital to the City and where the position involves state mandated licensing requirements which cannot be performed except by such a licensed individual. If the City intends to invoke this provision, the City shall notify the Union and the employee to be bumped fourteen (14) calendar days in advance of initiation or implementation of such action.
15. Any grievance regarding the layoff, reassignment, bumping, transfer (temporarily or otherwise), any reducing personnel action, recall, and/or abolition or non-filling of a position shall be presented to the City of Lansing Labor Relations Administrator at Step 3 of the grievance procedure contained in Article 18 of the contract.
16. The City and the Union agree that in the event an employee is improperly laid off or not recalled in accordance with his/her seniority rights, said employee is entitled to retroactivity.

B. Layoff and Bumping Procedures.

1. Within five (5) working days of receipt of the notification of layoff, the employee scheduled for layoff shall notify the Personnel Services Director of his/her decision to either accept layoff or bump in accordance with the procedures described herein.
2. An employee who becomes subject to layoff and/or bumping shall be entitled to exercise bumping rights in the order enumerated each time he/she becomes subject to layoff and/or bumping until such

employee is placed in a vacant position, bumps into a position occupied by the least senior employee as provided below, exhausts his/her seniority, or accepts a temporary transfer as provided below.

(a) Vacancy: The employee shall exercise his/her seniority and accept placement into a vacant position in his/her current salary level, for which he/she is qualified, according to Article 6, Section 5.

(b) Bumping:

(1) Should an employee be unable to be placed into a vacant position as provided in (a), he/she may meet with representatives of the Personnel Services Department to review the classifications and job specifications of positions to which the employee may exercise bumping rights. An employee must exercise bumping rights at the first available step, as enumerated below.

(2) The employee shall exercise his/her seniority and bump the least senior employee in a position for which he/she is qualified, according to the General Provisions of this Section, to perform the work with the same classification and salary level.

(3) Should an employee be unable to bump into a position within his/her same classification and salary level, the employee shall exercise seniority by bumping into a position held by the least senior employee for which he/she is qualified, according to the General Provisions of this Section, to perform the work within any classification at the same salary level.

(4) If a full-time seniority employee is laid off while a seasonal employee is working, the laid off full-time employee may bump the seasonal employee, and, in addition, the full-time employee:

(i) will remain at his/her pre-layoff hourly rate and will retain full-time fringe benefits as long as he/she occupies the seasonal position and;

- (ii) will head the seniority list of seasonal/part-time employees for purposes of layoff from the seasonal position and;
- (iii) will retain the full-time classification (recall rights) from which he/she was laid off and;
- (iv) will be entitled to anniversary contract increases if applicable and;
- (v) will be recalled pursuant to Article 6, Section 5.

(5) Should an employee be unable to bump into a position within any classification at his/her same salary level, the employee may accept a demotion to any occupied position by bumping the least senior employee in the next lower salary level, provided the employee is qualified according to the General Provisions of this Section. If no position is available based on the employee's seniority and qualifications, the employee may continue to exercise his/her bumping rights, as described above, in the next lower salary level (or levels) until the employee can claim a position which he/she is qualified to perform or exhausts his/her seniority. Alternatively, an employee may accept a demotion to a vacant position for which he/she is qualified at any lower salary level.

(c) Temporary Transfer:

(1) Should an employee be unable to exercise bumping rights, prioritized above, the City shall offer a temporary transfer to a position where the incumbent is off work due to an injury or extended illness of thirty (30) days or more, and where the employee being laid off has the qualifications according to the General Provision of this Section.

(2) If an employee scheduled for layoff is unable to transfer to a vacant position as provided in (a), or bump into another position as provided in (b), and if a temporary transfer to a position at the same or equivalent classification or salary level is offered, the employee shall accept the temporary transfer. Similarly, if a temporary

transfer is offered, but the position is at a lower classification level than that previously held by the employee, acceptance of the transfer shall be at the option of the employee.

(3) Should the incumbent return to active status, the employee temporarily transferred will be laid off and be eligible to exercise the provisions of this Article, including bumping rights. Should the incumbent be unable to return to work and the position declared vacant, the employee temporarily transferred will be transferred to the position on a permanent basis if the position is the same as or equal to the classification or salary level previously held by the employee. Should the position be of a lower salary level than that previously held by the employee, the employee will be given the option to accept the permanent transfer or be laid off and be eligible to exercise the provisions of this Article, including bumping rights.

C. Recall. When the working force is increased after a layoff, employees shall be recalled in order of seniority and shall be subject to the same conditions of layoff. An employee on layoff will be recalled to a position with the same classification. An employee may elect to be recalled to the first available position that they are qualified to perform rather than waiting to be recalled to their original classification. The following general rules shall apply:

1. Notice of recall may be given by telegram, or by registered or certified mail. In case of notice given by telegram or mail, the employee's last address of record with the City shall be used.
2. An employee who fails to report for work when notified to do so by telegram or mail, by the starting time of his/her shift on the sixteenth (16th) calendar day after the date such notice is received, or by the starting time of his/her shift, on any later day on which he/she was instructed to report, shall likewise be deemed to have quit and shall lose seniority. However, if an employee's failure to report for work is on account of illness or injury or other serious reason beyond his/her control, he/she may retain his/her seniority if he/she has notified the City's Personnel Services

Director of such reasons by telegram or by registered or receipted mail, received prior to the deadline for his/her reporting for work. It is recognized that the City may require substantiation of the reason given by an employee. If it is not substantiated promptly upon request of the Personnel Services Director, the Personnel Services Director may determine that the employee's loss of seniority shall stand.

3. An employee who is laid off for a period equal to his/her seniority at time of layoff, or for a period of five (5) years, which ever is the shorter period, shall cease to have seniority and his/her name shall be removed from the seniority list.

SECTION 6. Layoffs and Recalls/Seasonal and Part-Time Employees. Seasonal and part-time employees shall be governed, for purposes of layoff and recall, by Article 14, Section 6 and Article 13, Section 6, respectively.

ARTICLE 7

SUBCONTRACTING

SECTION 1. Subcontracting. In the event the City proposes that an operation being performed by this bargaining unit be turned over to an authority or non-profit corporation or any subcontracting of bargaining unit work shall be the subject of advance notice to the Union. The Union shall receive advance notice which may include, where appropriate, a copy of the Invitation for Bids (I.F.B.) to enable it to have full opportunity to engage in discussions with the City which may include, but need not be limited to, the following topics:

- A. The reason for the City's interest in subcontracting.
- B. Alternatives to subcontracting.
- C. The placement or transfer of affected employees into other City jobs.
- D. Other relevant topics.

In no event shall any seniority employees who perform the work in question be laid off as the result of work being subcontracted.

SECTION 2. Joint Committee on Outsourcing. The City and the Union will engage in cooperative discussions to establish a procedure to review work being outsourced and discuss possible alternatives thereto.

ARTICLE 8

CLASSIFICATIONS

SECTION 1. New Positions. The City agrees that in the event a new classification is established the Union shall be notified within a reasonable time period.

The Union shall have the right to negotiate wages, hours and work conditions for new classifications. If the parties are unable to reach agreement, the rate of pay shall be subject to the grievance procedure, set forth in Article 18, beginning at Step 3, and may be referred to arbitration in accordance with the terms thereof.

SECTION 2. Classification Reviews. The City and the Union agree that the positions covered by this Agreement will be evaluated and the salary level established under a job evaluation method consistent with the objectives established by the parties. During the life of this Agreement a full-time employee, or either party, that believes there has been a significant change in the job content of an existing position may request in writing that the City proceed with a classification review in accordance with the provision of Section 3.

In the event that the classification review determines that the position should be reclassified upward, the reclassification will be effective the beginning of the next pay period following the decision of the Job Content Committee. The employee will be placed in the new classification at the next step increment which affords the employee a salary increase.

If the classification review determines that the position shall be classified downward, salary adjustments for downgraded positions shall be implemented as follows: the incumbent employee will continue to receive his/her present wage rate plus any wage adjustment and step increases under this Agreement provided he/she remains in the same position. When the position is vacated, if posted, it will be reclassified at the appropriate level.

At least ten (10) bargaining unit members will be trained to evaluate positions with the classification methodology. One (1) trained bargaining unit representative may attend all meetings of the Job Content Evaluation Committee and the Appeal Board that

consider reclassification of bargaining unit members and have a reasonable opportunity to present information and take part in the discussions.

SECTION 3. Procedures for Classification Review.
Classification review may be requested by any City employee, the Union, supervisor, division head or department head according to the following procedure:

- A. Employee obtains reclassification position questionnaire from department head or designee.
- B. Incumbent forwards completed questionnaire to supervisor, who shall give the incumbent a dated receipt for same. The supervisor shall review and complete the supervisor's section. A reclassification request for a position with multiple incumbents who desire to have their positions evaluated jointly, must have mutual agreement and sign-off by all incumbents on a single position questionnaire, prior to submitting the questionnaire to the supervisor for review and comment.
- C. Supervisor and division head forward completed questionnaire form to department head within fifteen (15) working days of receipt from incumbent.
- D. Completed position questionnaire is forwarded to the Personnel Services Department within ten (10) working days from the time the questionnaire is submitted to the department head.
- E. Personnel Services Department logs and prioritizes position questionnaires by date of receipt.
- F. Personnel Services Department staff representative conducts desk audits by interviewing the incumbent and appropriate supervisor and prepares the desk audit summary within fifteen (15) working days. For multiple incumbent positions, the Personnel Services Department shall conduct the desk audit with one (1) incumbent selected by the incumbents. The desk audit will be reviewed by each of the incumbents, with mutual agreement and sign-off by all incumbents prior to the Personnel Services Department submitting the questionnaire to the UAW Job Content Committee.
- G. The Job Content Committee shall review and evaluate the position questionnaire and desk audit summary within fifteen (15) working days of the completion of the desk audit by the Personnel Services Department.

- H. Once a classification review has been acted upon by the Job Content Committee, the decision will be forwarded to the department head, incumbent, Labor Relations Office and Budget Division within five (5) working days of the date of the decision being rendered by the Job Content Committee.
- I. Job Content Committee decisions to reclassify a position upward shall be effective the beginning of the next pay period following the review and approval by the Committee. Where the classification review by the Job Content Committee indicates a downward reclassification of the incumbent's position, the reclassification will not become effective until the incumbent vacates the position.
- J. Once a classification decision is finalized regarding a position, that position will not be eligible for consideration again by the UAW Job Content Committee until one (1) year from the date of the initial decision of the UAW Job Content Committee.
- K. Incumbents in a position resulting in a downward change in the classification level shall be notified that no change to the current classification level is being recommended, as the change will be effected when the incumbent vacates the position. Employees requesting a meeting with the Personnel Services Department to review the evaluation of the UAW Job Content Committee, shall be advised of the downward change.

If at any step in the process, the scheduled time frame cannot be met by the responding party for good reason, an extension of not more than one equal time period can be utilized by informing the next level in writing with copy to the requesting individuals.

Each classification study which comes before the Committee may result in any of the following decisions: upward change, no change, downward change after the incumbent vacates, change in title.

SECTION 4. Reclassification Appeal Procedure. Employees may appeal reclassification decisions made by the Job Content Committee. All such appeals must be processed in accordance with the following steps:

Step 1.

The employee, or either party must file a written appeal on forms furnished by the City, with the Personnel Services Department, within ten (10) working days of written notification of

the Committee's decision. The appeal form must include the specific reasons for the basis of the appeal.

Step 2.

The appeal will be discussed in the order of receipt at the meeting of the Job Content Committee. The employee may attend to present additional information.

Step 3.

The Committee will provide the employee with a written answer to the appeal within thirty (30) calendar days of the meeting.

ARTICLE 9

HOURS OF WORK AND WAGE RATES

SECTION 1. Hours of Work.

- A. The Normal Work Week and Work Day. Forty (40) hours shall constitute a normal work week and eight (8) hours a normal work day, for which the regular hourly rate shall be paid as set forth in Appendix A of this Agreement. No employee shall have his/her work week schedule altered for the purpose of avoiding the payment of overtime. No employee shall be required to work on his/her scheduled day off in lieu of his/her scheduled work day. Nothing herein shall be construed as meaning that any employee shall receive overtime pay for Saturday and Sunday work unless such work is performed according to B and/or C of this Section. PROVIDED, this Section shall not be construed to prevent the implementation of special shift arrangements in operational units different from the above, which incorporates the concepts of core time, compressed time or flexible work schedules, where the change is initiated by the Labor Relations Administrator in writing and approved by the Union President.
- B. Overtime - Time and One-Half. Time worked in excess of eight (8) hours per day or forty (40) hours per week, or on a holiday recognized in this Agreement (in addition to holiday pay therefore), shall be compensated for at the rate of one and one-half (computed at one hundred fifty-two [152%] percent) times the employee's regular hourly rate of pay, exclusive of shift or premium pay. Employees working on six (6) continuous day operations will receive one and one-half (computed at one hundred

fifty-two [152%] percent) times the employee's regular hourly rate of pay for all hours worked on the sixth (6th) day, if he/she has worked forty (40) hours on the previous five (5) days of the employee's work week.

C. Overtime - Double Time. Double time will be paid for all hours worked on Sunday, except for employees working on seven (7) continuous day operations who will receive double time for all hours worked on the seventh (7th) day of the employee's work week.

D. Computation of Overtime. For the purpose of computing overtime, holidays as defined in this Agreement, paid sick leave days, paid personal leave days and paid vacation leave days shall be considered as days worked. For the purpose of computing overtime work on Saturday or sixth (6th) day, and Sunday or seventh (7th) day, the normal starting time of each employee's regular shift shall be used for the twenty-four (24) hour period on Saturday or sixth (6th) day, and the twenty-four (24) hour period on Sunday or seventh (7th) day, to define B and C of Article 9. In no case shall any employee be paid for any time not actually worked.

E. Distribution of Overtime. When overtime is required, it shall be approved by the employee's immediate supervisor, and it shall be equalized as nearly as practical among employees holding like job classifications within a single departmental division, or among employees holding classifications within a negotiated division or section equalization group. An up-to-date equalization chart showing overtime hours (recorded in a manner to reflect the applicable time and a half or double time rate) will be posted weekly in a prominent place in each Departmental Division. This equalization chart shall be kept on a continuous basis and may be jointly reviewed from time to time as necessary by special conference as provided by Article 16, Section 9 of this agreement. This chart may be replaced monthly, but when it is, the accumulated number of overtime hours will be carried forward to the chart next posted.

Whenever overtime is required, the person with the least number of overtime hours in that classification within a single departmental division or negotiated equalization group will be called first, and so on down the list in an attempt to equalize the overtime hours. For the purpose of this clause, time not worked because the employee was unavailable, or did not choose to work will be charged the average number of overtime hours of the employees working during that period, excluding employees on vacation or sick leave. Employees newly entered in a

group as a new hire, a transferred or a promoted employee shall be credited with the highest number of hours of the equalization group which he/she enters.

F. Work Breaks. An employee shall receive a twenty (20) minute break in the first half and a twenty (20) minute break in the second half of his/her regular shift, at times scheduled by his/her immediate supervisor, consistent with current practices.

G. Night Premium. Employees who work between 6:00 p.m. and 6:00 a.m. shall receive, in addition to their regular rate of pay, seventy five (.75) cents per hour night premium effective April 26, 1993. This shift premium does not apply to employees working overtime.

Employees at the Wastewater Treatment Plant are eligible for shift differential for their entire shift provided that at least part of their shift occurs between the hours of 6:00 p.m. and 6:00 a.m. This does not include any hours that the employee receives overtime.

Employees outside the Wastewater Treatment Plant shall also be eligible for shift differential for their entire shift, provided that at least four (4) hours of their shift occurs between the hours of 6:00 p.m. and 6:00 a.m. This does not include any hours that the employee receives overtime.

H. Pyramiding. Premium payments shall not be duplicated for the same hours worked nor shall overtime or premium hours be included in the computation of a forty (40) hour work week under any of the terms of this Section. It is the intent of the parties through this provision to ensure that an employee is paid the single, best applicable wage premium. For example, an employee working overtime on the night shift shall be paid the applicable overtime rate but not the night shift premium.

I. General. The foregoing provisions of this Section 1 are intended to indicate the usual hours of work and shall not be construed as a guarantee of hours of work.

J. Computation of Pay. Employees who report late for work or who leave work early, or who work overtime shall have all such hours computed for pay purposes to the nearest one tenth of an hour including any fraction thereof.

K. Bargaining Unit Work.

1. General Standards. Supervisory employees or non-bargaining unit members shall not be permitted to

perform work within the bargaining unit if in doing so it would reduce the size of the bargaining unit or circumvent the overtime provision. A standard of reasonableness shall be used in evaluating situations.

A. Standard of reasonableness shall be determined by the Labor Relations Administrator and the Union.

B. Should resolution not be possible the dispute shall be subject to the step 4 provision of the grievance procedure.

2. Special Program(s). Green Thumb, Neighborhood Youth Corp, Diversion Programs, volunteer handicapped parking enforcement or their successor programs, that may perform bargaining unit work, shall be the subject of advance notice to the Union. Upon receipt of such notice, the Union shall be granted full opportunity to engage in discussions with the City which may address, but need not be limited to, the following topics:

A. The reason for the City's interest in said program;

B. Alternatives to the program;

C. Anticipated impact upon the bargaining unit; and

D. Other relevant topics.

Disputes under this paragraph, K. 2, shall be subject to paragraph K.1.

In no event shall any seniority employees who perform work impacted by such programs be laid off as the result of bargaining unit work being performed by participants of such special program(s).

L. Clean-up Time. Each department has established its own policy for clean-up time before lunch and before quitting time for employees covered under this collective bargaining agreement. However, in no event shall employees covered hereby be provided less than five (5) minutes clean-up time before lunch and before quitting time.

- M. Compensatory Time. In lieu of receiving pay for overtime which is worked, an employee may, with prior approval of the department representative, request to receive compensatory time off earned at the rate of one and one-half (1 1/2) hours compensatory time off for one (1) hour of overtime worked. Compensatory time earned hereunder shall be cumulative up to a maximum total of forty (40) hours. Employees may not use compensatory time in excess of their balance; employees that exceed their compensatory balances will be subject to docked pay. Accrued compensatory time will be paid at the employee's authorized regular rate of pay on the date it is used or paid. Accrued compensatory time shall not be paid upon an employee's retirement; however, accrued compensatory time, up to the maximum of forty (40) hours may be taken prior to the employee's last scheduled work day.

Compensatory time off shall be scheduled in advance, upon written request from the employee submitted not later than the end of the employee's previously scheduled work shift. In unusual or emergency situations, a written request to use compensatory time submitted to the department head or designee later than the end of the employee's previously scheduled work shift shall not be unreasonably denied. Compensatory time use will not be approved in cases where it will be necessary to pay another employee at overtime rates to cover the employee's time off.

SECTION 2. Wage Rates. Full-time employees in the bargaining unit shall receive a 2.5% wage increase effective the pay period beginning or immediately following October 2, 1994; an additional 1% wage increase effective the pay period beginning or immediately following October 1, 1995; and an additional 2% wage increase effective the pay period beginning or immediately following October 1, 1996. (Note: Full-time employees making more than the rate negotiated for their classification in the new system shall be paid the rates applicable on November 30, 1989 plus the negotiated wage rate increases.

SECTION 3. Implementation of Step Increase

- A. All employees hired on or before December 4, 1989, are eligible for a Step Increase on an annual basis. (The next Step Increase eligibility date for these employees will be December 4, 1990 and annually thereafter.)
- B. Employees hired after December 4, 1989, are eligible for a Step Increase one (1) year from the date of hire and annually thereafter.

- C. Employees who are promoted are eligible for the first Step Increase six (6) months from the date of the promotion and annually thereafter.
- D. All Step Increases are effective the beginning of the pay period following the eligibility date.

ARTICLE 10

At the time of death of a spouse, child, step-child, parent, step-parent, and parent of a current spouse, an employee will be entitled to use a maximum of the next five (5) work days with pay, not to be deducted from the accumulated sick leave, to arrange for and/or attend the funeral.

The City may require verification of the death and/or of the relationship of the employee to the deceased, at its discretion, following the leave and before making payment for the bereavement time. The City may withhold payment if the employee did not make proper request for leave, prior to taking the time off, so that his/her work could be covered in his/her absence.

In the event of the death of a member of the immediate family, including spouse, child, step-child, parent, step-parent and parent of current spouse, additional time may be taken off, with the approval of the department head. This time off may be charged to vacation, personal leave, or sick leave time earned.

An employee who works any of the holidays designated above shall receive time and one-half (1-1/2) the employee's hourly rate of pay for all hours worked in addition to holiday pay. However, if the employee works on a holiday, which is also his/her seventh work day, the employee shall receive double (2) the employee's hourly rate for all hours worked in addition to holiday pay.

Employees working in a twenty-four (24) hour continuous operation and who are not scheduled to work on the date the designated holidays are celebrated shall have the option to receive the holiday pay or receive an additional eight (8) hour day off.

Employees working in operations run on a seven (7) day schedule shall observe the holidays on the actual day that the holiday falls as listed in this Agreement.

Those employees who are eligible to, and do "save holidays," must use the holiday time saved within one (1) year of the date accrued.

SECTION 3. Group Insurances.

A. Hospital, Medical, Surgical Insurance. The City will continue to make available to an employee covered hereby, a Blue Cross/Blue Shield (MVF-2 with Master Medical Option II, with \$150.00 deductible per individual (\$300.00 per family), FAE-RC, routine mammogram, routine pap smears, hospice care, individual case management, mail order prescription drug program and preferred RX \$5.00 prescription drug rider) plan of hospital, medical and surgical insurance. Such Health Central coverage shall include "Plan 7" with an optical rider and a \$5.00 prescription co-pay. As a closed panel or individual practice, the City shall provide as an option, coverage through Physicians Health Plan. SECTION 10. Sick Leave. During the period of his/her absence from work due to his/her illness, injury or pregnancy, or serious illness of a child and/or spouse, an employee will be paid from his/her sick leave credit hereinafter provided for.

A. Notification. An employee who falls ill or is injured and who expects to be off work so as to use his/her sick leave with pay credit, must notify a supervisor in his/her department or designated location as promptly as is practicable under the circumstances but, in any event, not later than one (1) hour after his/her starting time. An employee working in a 24 hour operation must notify a supervisor in his/her department or designated location as promptly as is practicable under the circumstances but, in any event not less than prior to the time he/she is scheduled to report for work. In exceptional circumstances the City may waive this requirement. His/her failure to do so may result in denial of his/her claim against sick leave.

B. Worker's Compensation Waiting Period. An employee's sick leave credit may be used to cover his/her "waiting period" under the Worker's Compensation Act and, thereafter, to make up the difference between his/her worker's compensation payments and his/her regular wage.

C. Physician's Certificate. The City may require a physician's certificate to confirm the reason for an absence from work for which an employee makes an illness or injury claim against his/her sick leave credit, if the absence occurs the day before or

after a holiday, the day before or after a vacation period, or the day before or after his/her scheduled day(s) off.

D. Increments. Sick leave may be used in one (1) hour blocks.

SECTION 11. Sick Leave Credit. An employee shall be credited with one (1) day [eight (8) hours] of sick leave with pay, upon completion of each calendar month of service to a maximum accumulation of one hundred and seventy (170) days, which he/she may use as set forth in Sections 1, 10, and 15 of this Article. No sick leave credit shall be accrued by an employee during an unpaid leave of absence.

An employee or his/her beneficiary will be paid for one-half (1/2) of his/her unused accrued sick leave credit at the date of his/her retirement or death, not exceeding eighty-five (85) days. An employee who otherwise leaves the City's service may not cash in any part of his/her unused sick leave accrual when he/she leaves.

SECTION 12. Sick Leave Donation. Whenever an employee shall have exhausted all of his/her sick leave, vacation leave, accrued vacation leave, personal leave and compensatory time, the Union may make a written request to have its members donate sick time to the sick employees. All such requests shall be subject to the approval of the department head and the Personnel Services Director. In general, the following conditions apply:

- A. Donations to an employee shall be limited to sixty (60) work days restricted to bargaining unit employees who have a non-occupational illness or injury.
- B. If a determination is made that the illness or injury is of a permanent disability, the other provisions of this Agreement, including retirement, shall take effect and the employee shall not be entitled to further donations.
- C. Donation of sick leave will not be considered as a sick leave occurrence by the donating employee for discipline purposes.

SECTION 13. Vacation Leave.

- A. Eligibility and Allowances. A regular, full-time employee shall be eligible for a vacation, with pay, as follows:

Seniority

1 to 5 years

Vacation With Pay

10 work days

One additional day per each year of additional full-time service, not to exceed a maximum vacation leave of twenty (20) work days. Vacation leave beyond the basic ten (10) work day allotment, must be earned by the completion of full additional years of seniority based upon each employee's seniority date. An employee whose vacation period includes an authorized holiday shall have equivalent time added to his/her vacation period. No vacation leave shall be accrued by an employee during an unpaid leave of absence.

- B. Scheduling. Vacations will be scheduled at a time mutually agreeable to the employee and his/her department head at such time(s) as will least interfere with the efficient operation of the department and with due regard for the expressed preference of the employee.

A maximum of ten (10) vacation days, if unused, may be carried over to the following year.

Vacation leave is expressed in work days so that an employee who desires to take one or two days at a time may do so. Vacation leave must be taken in minimum increments of one (1) hour.

If two (2) or more employees request the same vacation period, or vacation periods which would overlap, and cannot be so scheduled consistent with the City's performance of its services, choice of vacation period shall be granted in seniority order of the employees involved.

- C. Payment. Vacation pay shall be computed at the employee's regular, straight time rate of pay at the time the vacation is taken.

If an employee leaves the City's service before completing one (1) full year of service, no accrued vacation will be allowed. An employee who has served one (1) year or more shall be paid for any accrued vacation due, on leaving the City's service, at his/her regular, straight time rate of pay during his/her last pay period of active service for the City.

SECTION 14. Personal Leave. Each member of the bargaining unit, at the beginning of each calendar year, shall be entitled to time off with pay for two (2) personal leave days per calendar year provided that such employee shall submit a written request to his/her department head or his/her designee not later than the end of the employee's previously scheduled work shift.

In unusual or emergency situations, a written request to the department head or designee later than the end of the employee's previously scheduled work shift, shall not be unreasonably denied. When an employee requests personal leave and it is denied because of the operating needs of the City, such personal leave can be carried over to the next calendar year.

Personal leave may be taken in one (1) hour increments.

SECTION 15. Worker's Compensation. Pursuant to Michigan law, the City provides, at its sole expense, worker's compensation coverage for each employee covered by this Agreement.

A. Leave Time Usage for Wage Offset. An employee may use his/her accrued sick leave, vacation, or personal leave to cover the waiting period applicable under the Workers' Disability Compensation Act if any, and to offset the difference between his/her regular weekly wages and the Workers' Compensation payment. Authorization for this use of leave benefits shall be granted, to the extent of accrued leave time, upon written notification of the employee's supervisor.

B. Leave Time Accrual. Any employee that is placed on Workers' Compensation Leave status following the effective date of this contract shall not accrue sick leave, vacation leave or personal leave after 104 weeks on Workers' Compensation.

C. Wage Service Credits. Employees on workers' compensation status shall continue to earn service credit toward step wage increases for the first thirty (30) calendar days of such leave; however, beginning on the thirty-first (31) calendar day, service credit accrual shall be interrupted until the employee's return to active service.

SECTION 16. Uniforms. The City shall provide uniforms for bargaining unit members that may include shirts (summer and winter), pants, and/or coveralls to fit specific operational needs or other factors. The City and the Union shall jointly determine the vendor who will supply the uniforms in order to ensure fitness and quality of the uniforms and service. Selection of the vendor shall be in compliance with the City's adopted purchasing ordinance and procedures. Either party may initiate a special conference to discuss variations in the uniform; but changes shall not be made without advance notice to the Union President and an opportunity for the Union's input.

All employees that are provided uniforms shall wear them unless excused by the appropriate supervisor. Employees provided uniforms shall be responsible for their reasonable care. Upon termination or transfer, uniforms shall be turned in, or the employee shall be responsible for the cost of replacement through

payroll deduction. Employees shall not be held responsible for uniforms lost or misplaced by the vendor. However, if employees do not report a shortage by the end of the work day following the employee's receipt of delivery, it shall be assumed that the employee received the correct number of uniforms.

SECTION 17. Deferred Compensation Plan. The City shall provide an IRS Deferred Compensation Plan approved by the City Council to bargaining unit members, under the following terms and conditions.

The City shall have sole discretion and responsibility in selecting a vendor(s) of the Deferred Compensation Plan to be offered. The City agrees to implement a Deferred Compensation Plan which is made available to other City employees.

The City shall have the sole discretion in changing vendors, changing administration of the Plan itself and may change the Deferred Compensation Plan at any time without notification to or negotiation with the Union. The City may, in its sole discretion, discontinue the Deferred Compensation Plan after fifteen (15) days notice to the Union.

Employees may participate in such a Deferred Compensation Plan on a voluntary basis. Contribution shall be made through payroll deduction.

The only costs relative to the Deferred Compensation Plan to be incurred by the City shall be those associated with the modification of the existing City payroll plan. All other costs shall be borne by the employees participating in the Deferred Compensation Plan.

SECTION 18. Sickness and Accident Insurance. The City will initially implement a twenty-six (26) week sickness and accident policy proposed by the UAW Local 2256 (with a fifteen [15] month guaranteed premium) as soon as practicable after February 1, 1987, subject to possible change of carrier but changes limited to comparable terms. There will be no retirement service credit, sick leave, vacation leave or personal leave accrual while on Sickness and Accident Leave status.

As soon as reasonably possible after December 1, 1989, the City shall provide, a twenty-six (26) week sickness and accident policy, the terms of which shall include a benefit beginning on the eighth (8) day following accidents and the fifteenth (15) day following illnesses. The weekly benefit shall be 66 2/3's percent of the employee's weekly wage, maximum weekly benefit \$500.00.

Employees on sickness and accident leave status shall continue to earn service credit toward wage step increases for the first thirty (30) days of such leave; however, beginning on the thirty-

first (31) calendar day, service credit accrual for wage increases shall be interrupted until the employee's return to active service.

LEAVES OF ABSENCE

SECTION 1. Military Service Leave. Application for military service leave shall be made to the department head. Such leave shall be without pay.

SECTION 2. Personal Business Leave. An employee shall have the right to make application, in writing, to the department head for a leave of absence of one (1) calendar month or less, for reasons of persuasive nature which he/she shall state in his/her application. Granting of such leave shall be in the City's discretion, subject to appeal of a denial beginning at Step 3 of the grievance procedure.

Extension of a personal business leave of absence may be granted, in the City's discretion, subject to appeal of a denial to the grievance procedure at Step 3, for a further period or periods, to a total period of leave of not to exceed three (3) calendar months if:

The reason is illness or injury in the employee's immediate family (spouse, child, or other family member residing in the same household and dependent to the extent that a Federal income tax exemption, in the most recent year of filing, was claimed by a member of the household). The employee furnishes to the department head a physician's written opinion that it would be advisable for the employee to be at home to attend the ill or injured family member.

During a personal business leave (including any extension or extensions of a personal business leave), seniority shall be retained and shall be accumulated. An employee shall be paid from, and to the extent of, his/her sick leave credit, for any period of personal business leave due to illness or injury in his/her immediate family, but an employee shall not otherwise be paid during a personal business leave.

There shall be no fringe benefit entitlement after the first thirty (30) days of such leave, except that health insurance

coverage shall continue at the City's expense for the first ninety (90) days of such leave. Health insurance may be continued thereafter by the employee by making arrangements with the Finance Department to make payment therefor. Service credit toward wage step increases shall not accrue after the first thirty (30) days of such leave.

SECTION 3. Special Sick Leave Without Pay. A regular full-time employee with at least two (2) years of seniority who is ill or suffers an injury and who has exhausted his/her sick leave, personal leave, and vacation, shall be granted a special sick leave of absence. Application for special sick leave shall be made to the department head, and shall be supported by evidence from the employee's physician that is satisfactory to the City that the employee is incapable of performing his/her customary duties or other duties that are available and the anticipated length of disability.

If illness continues beyond one hundred twenty (120) days, extension(s) of special sick leave shall be granted on the employee's application similarly supported by a physician statement, in increments of one hundred twenty (120) days.

All special sick leaves of absence are without pay and benefits, except that hospital, medical and surgical insurance as provided in Article 10, Section 3, shall be continued during the period of special sick leave. Seniority does not accrue after the first thirty (30) days of such absence. Employees may pay to continue life insurance coverage throughout the Special Sick Leave of Absence by making appropriate arrangements through the Finance Department.

An employee who is on special sick leave for a total of one (1) year shall be terminated as a voluntary resignation.

An employee desiring to return to work from a special sick leave of absence shall be required by the City to furnish a statement from the City physician that he/she has adequately recuperated and is fit to return to the work to which he/she will be assigned, if he/she underwent surgery while on special sick leave or if he/she was on special sick leave more than one (1) month.

SECTION 4. Union Business Leave.

- A. An employee covered by this Agreement who is elected or appointed to a full-time office in the Union, the fulfillment of the duties of which requires a leave of absence, shall be granted a leave of absence, without pay, for his/her term of office and any subsequent terms, but not more than two (2) years. Request for such leave

shall be submitted to the Labor Relations Administrator by any officer of the Union.

A request for such leave for Union business shall be in writing, shall be submitted by the President of the Union to the City's Labor Relations Administrator and shall state the specific purpose for which leave is requested. A total of not more than ten (10) days of such Union business leave(s) time shall be paid by the City per year (July 1 through June 30 of the following calendar year); Union business leave shall otherwise be without pay.

SECTION 5. Leaves of Absence and Loss of Seniority-General.

An employee who gives false reason for obtaining a leave of absence, or who accepts employment elsewhere while on a leave of absence (other than a Union business, or military reserve or service leave), or who is self-employed for the purpose of making a profit during a leave, shall cease to have seniority and his/her name shall be removed from the seniority list.

An employee who fails to report for work at his/her starting time on his/her first work day after expiration of a leave of absence shall cease to have seniority and his/her name shall be removed from the seniority list. However, if the employee's failure to report is on account of illness or injury or other serious reason beyond his/her control, he/she may retain his/her seniority if he/she has notified the City's Personnel Services Director by telegram or by registered or receipted mail, received prior to the above deadline. It is recognized that the City may require substantiation of the reason given by an employee. If it is not substantiated upon request of the Personnel Services Director, to his/her satisfaction, the City may determine that the employee's loss of seniority shall stand, and the employee may appeal the City's determination to the grievance procedure, beginning at Step 3.

A representative of the City may discipline an employee for just cause. Disciplinary action may range from written reprimand through discharge, depending upon the nature of the employee's offense, the circumstances under which and the manner in which it was committed, and the employee's record during the immediately preceding two (2) years of service.

Within thirty (30) calendar days of the date of the alleged offense which may subject an employee to disciplinary action, a representative of the City shall give the employee either:

(1) a written and signed statement of the nature of the employee's offense, of its date and time, of the penalty assessed, and of the date and time the penalty becomes effective; or

(2) a written notice of predetermination hearing, its date, time and location, and the nature of the employee's offense.

In either case, as immediately as is practicable thereafter, the City's representative shall provide the employee's steward, or in the steward's absence another Union representative, with a copy of the above notice. If a predetermination hearing is held, and disciplinary action is deemed appropriate by the City representative, the statement described in (1) above, will be provided to the affected employee and Union representative within five (5) work days after the hearing. PROVIDED, the thirty (30) calendar day time limit shall not preclude the issuance of disciplinary action against an employee who has deliberately acted to circumvent the provisions of this Section.

An employee who is disciplined by time off or discharge shall, after such action is taken and before leaving the City's premises, have the right to confer with his/her steward, or in his/her absence, another Union representative, at such place on the City's premises (but away from the working or public areas) as the City's representative may designate.

No later than the end of the third (3rd) working day following the day on which disciplinary action was taken, the employee may submit a written grievance. If not so entered within this three (3) day time limit, the employee shall be deemed to have accepted the discipline, without recourse.

Under circumstances where he/she deems it appropriate to do so, a representative of the City may suspend an employee pending investigation to determine whether or not disciplinary action is warranted and, if so, the penalty to be assessed. A period of suspension shall not last longer than the end of the seventh (7) day following the suspension. If no penalty has been assessed within that period, the employee shall return to work and shall be paid for time lost during suspension. If disciplinary action is taken within the suspension period, it shall be effective from the time of suspension. The employee's steward, or in his/her absence, another Union representative shall be given a copy of the notice of discipline, and the employee's right shall arise to pursue the procedures above provided for the situation where disciplinary action is taken initially, without a period of suspension.

ARTICLE 18

GRIEVANCE PROCEDURE

SECTION 1. Definition of a Grievance. A grievance is defined as a claim as it relates to the interpretation and/or application of this Agreement. In order to be a proper matter for the grievance procedure, the grievance must be submitted within thirty (30) calendar days from date of knowledge of its occurrence and/or the date of its occurrence. Any grievance filed shall refer to the provision or provisions alleged to have been violated, and shall adequately set forth the facts pertaining to the alleged violation.

- A. For the purpose of the grievance procedure, a day shall mean Monday through Friday, and shall not include the date on which the grievance is presented or appealed by the Union, or is returned to it by the City. The representatives of the City and the Union shall acknowledge receipt of the grievance by signing and dating the grievance when presented, or received.
- B. The grievance not advanced to the next higher level within the time limits provided shall be deemed permanently withdrawn, and as having been settled on the basis of the answer most recently given it. A grievance not answered within the time limits provided shall be automatically advanced to the next higher level. The time limits at any step of the grievance procedure may be extended by mutual agreement by the parties' representatives at that step in writing.
- C. For working time necessarily spent in investigating a grievance already submitted in the grievance procedure, or in discussion of such a grievance with the City's representative(s), a Union representative employed by the City shall be paid, at his/her regular, straight time rate for those hours during which he/she would otherwise have been at work for the City, from his/her report station including not more than one-half (1/2) hour before and after a meeting with the respective designated management representative, it being agreed that such investigation or discussion shall be performed without undue loss of working time.
- D. In no event shall any Union representative leave his/her work for grievance purposes, above, without first notifying and obtaining the approval of his/her immediate supervisor, which must be granted as promptly as is practicable under the circumstances.

- E. The City recognizes that the Union reserves the right to grieve, in accordance with the procedure hereinafter provided, when action taken by the City may be claimed to be contrary to a specific limitation, set forth in this Agreement, of the rights of the City.
- F. The parties mutually agree that an employee covered by this Agreement shall immediately proceed to carry out any order or instruction given him/her by the City (unless his/her doing so would obviously jeopardize the health or safety of himself/herself or others). He/she shall raise any question he/she has as to the City's right to give his/her the order or instruction, and his/her question must be based on a reasonable and sensible reading of a specific provision, or specific provisions, of this Agreement.

SECTION 2. Steps in the Grievance Procedure. Any employee, at any time, may present a grievance to his/her immediate supervisor and have the grievance adjusted without intervention of the employee's steward. If the adjustment is not inconsistent with the terms of this Agreement, provided that the employee's steward has been given an opportunity to be present at such adjustment, the employee shall suffer no loss of pay for the time spent with his/her first line supervisor to discuss the grievance. If the issue is unresolved, the employee may contact his/her steward who shall then reduce the grievance to writing on a form provided by the Union, and then present it according to the following procedure as above defined. Failure to comply with all of the requirements as set forth in the following grievance procedure, or to the rules of the grievance procedure, may be used by management representatives at any step as a basis of permanent grievance denial.

Step 1

A steward within the appropriate departmental division, no later than five (5) days following the employee's contact, shall present the grievance to the following authorized management representative, or his/her designated representative:

Public Service Department

Transportation Engineer
Superintendent of O & M
City Engineer
Waste Water Treatment Plant Superintendent

Parks and Recreation Department

Manager of Oak Park Garage

Manager of Leisure and Special Recreation Services
Manager of Potter Park/Zoo
Manager of Forestry
Manager of Grounds and Landscape Maintenance
Manager of Golf/Washington Ice Rink

Central Garage

Superintendent of Central Garage

The management representative, as listed above, no more than two (2) days later, shall write his/her answer on the form and return it to the steward.

Step 2

If the supervisor's answer in Step 1, denying a grievance, is not satisfactory to the grievant, the chief steward may, within five (5) days thereafter, present to the employee's department executive officer who shall answer it in writing on the form no more than two (2) days later.

Step 3

If the answer of the department executive officer in Step 2 is not considered satisfactory by the employee, the Union President may, within five (5) days thereafter, present it to the City's Labor Relations Administrator. The City's Labor Relations Administrator shall answer the grievance in writing no later than five (5) days after it is presented to him/her.

Step 4

a. Appeal Board. If the answer of the Labor Relations Administrator in Step 3 is not considered satisfactory by the employee, the Union President within seven (7) days thereafter, shall give the Labor Relations Administrator notice of desire for consideration of the grievance by the Appeal Board. The Appeal Board shall consist of the Labor Relations Administrator and one other member of the City's administrative staff, and the Union's President and one (1) other member of the Union. The Appeals Board shall meet within seven (7) days of the Union's appeal to it, unless the parties mutually extend this time limit. Upon receipt of the aforementioned request from the Union President, the Labor Relations Administrator shall designate the time, date, and location of the meetings(s) and shall notify the Union in writing at least two (2) days prior to the meeting(s). A quorum shall consist of all four (4) Appeal Board members. At this meeting the Appeal Board will review facts as they relate to the interpretation and application of the contract.

b. Arbitration. If, at the end of thirty (30) days, the Appeal Board is unable to resolve the issue, and the Union wishes to carry it further, the parties shall attempt to mutually select an arbitrator. If the parties cannot mutually agree upon an arbitrator within seven (7) days, the Union shall initially file a demand for arbitration with the Federal Mediation and Conciliation Service ("FMCS"). If the parties are unable to designate an arbitrator from the FMCS list within seven (7) days, the Union shall file a demand to the American Arbitration Association and thereafter it shall be handled in accordance with the Association's rules. Grievances appealed to arbitration shall be appealed within sixty (60) calendar days of the date of the Appeal Board Hearing, otherwise they shall not be eligible for further appeal to arbitration.

Each such decision shall be final and binding upon the employee(s) involved, the Union, and the Employer; and there shall be no appeal from any arbitrator's decision. Any fees and expenses of the arbitrator shall be borne equally between the Employer and the Union in any cases in which the award does not simply grant or deny the grievance. In cases where the arbitration award grants or denies the grievance, the losing party shall be responsible for three-quarters (75%) of all fees and expenses, including any fee charged by the arbitration selection service, and the winning party shall assume only one-quarter (25%) of the costs. If there is a dispute between the parties as to their responsibility for payment under this provision, the arbitrator shall assess the fees and expenses as he/she deems appropriate. The arbitrator is specifically prohibited from adding to, subtracting from, or modifying this Agreement in whole or in part; and the arbitrator's decision shall be based only upon a clear interpretation and/or application of the Agreement.

ARTICLE 19

UNION BARGAINING COMMITTEE

SECTION 1. The bargaining committee of the Union will include not more than five (5) City employees plus the Union President, and not more than two (2) non-employee representatives. The Union will furnish the Labor Relations Administrator with a written list of the members of the Union's bargaining committee, prior to the first meeting.

SECTION 2. City employee members of the Union bargaining committee will be paid for the time spent in negotiations with the City, including one (1) hour prior to and one (1) hour after the bargaining meeting is over, but only for the straight time hours they would otherwise have worked had they worked their regular work schedule.

and Lansing Community College adult educational courses, if applicable, in accordance with the following provisions:

- A. Class attendance and homework assignments must be completed on the employee's own time and not during working hours.
- B. Employees must be full-time on active employment rolls at the beginning of the course, during the course, at the completion of the course (probationary employees are excluded from applying and being reimbursed).
- C. Course work must be taken through an accredited college or institution, and must be job related. It is the understanding of the parties that the term "job related" will also encompass course work taken by the employee in order to provide that employee with the necessary academic training to qualify for regular promotional opportunities within the bargaining unit.
- D. Seminars and workshops and other training sessions which do not provide credit are excluded. The only exceptions to this exclusion shall be courses provided by approved colleges or institutions designed to assist employees to obtain an initial or renewal Commercial Driver License or an initial or renewal pesticide license which is a condition of employment for the current job or the job for which the employee has been selected.
- E. Employees must satisfactorily meet academic requirements ("C") or equivalent for all undergraduate course work and "B" or equivalent for all graduate course work.
- F. Reimbursement per employee is limited to two hundred (200.00) dollars per fiscal year for tuition expenses for approved courses. In no instance will a refund exceed the employee's actual expenditures, nor will reimbursement be issued for expenses also being reimbursed through other sources (i.e., scholarships, GI bill, etc.). Fees and payments for books, supplies, transportation, parking, meals, recreational activities, and graduation are excluded. Total reimbursement for Union employees is limited to seventy-five hundred (\$7,500.00) dollars for the fiscal year, effective July 1, 1993. All applications for reimbursement shall be on a first come, first serve basis, in accordance with the date on which the application was received by the Personnel Services Department.

SECTION 2. Special License Reimbursement Terms for CDLs and Pesticide Certification.

- A. Commercial Driver's License. During the term of the agreement, full-time and seasonal employees may also use the education reimbursement benefit to seek reimbursement for costs paid by the employee to obtain and/or maintain a CDL and appropriate endorsements, and to take a CDL skills test. Reimbursement for these costs is subject to the following restrictions: (1) the City will reimburse the employee for the license costs over and above the cost of the basic operator's or chauffeur's license; (2) the City will reimburse the employee for the cost of one (1) successfully completed skills test; and (3) employees remain subject to the overall \$200.00 limit for all education and CDL-related reimbursements in any fiscal year.
- B. Pesticide Licenses. During the term of the agreement, full-time and seasonal employees may also use the education reimbursement benefit to seek reimbursement for costs paid by the employee to obtain and/or maintain a certified pesticide license. Reimbursement for these costs is subject to the following restrictions: 1) the City will reimburse the employee for the cost of one (1) successfully completed certified applicators' minimum standards exam (i.e., the core and a minimum of one category or subcategory exam); and, 2) employees remain subject to the overall \$200.00 limit for all education reimbursements in any fiscal year.

ARTICLE 22

JOINT LABOR-MANAGEMENT COMMITTEE

The Union agrees to participate in a Joint Labor-Management Committee in order to maintain communications between labor and management and to cooperatively discuss, including but not limited to residency for City employees, and resolve matters of mutual concern. The criteria related to the meetings shall be as follows:

- 1) At least quarterly, or more frequently as mutually agreed, the Mayor and/or his/her designees shall meet with the Joint Council of City Unions, of which the bargaining unit president or his/her designee shall be a member.

- 3) Issues submitted for discussion will be mutually agreeable, provide an opportunity to share information and build trust and provide an opportunity to explore innovative alternatives to such matters in a non-confrontational atmosphere. Issues submitted that are not mutually agreeable to all parties will be stricken from the agenda and not discussed at the meeting.
- 4) By so participating in the committee, neither the Union nor the City waives any statutory or contractual right.

ARTICLE 23

CONTRACT TERM

SECTION 1. Ratification. The City's negotiating committee shall submit to the Mayor, who shall then recommend that the City Council ratify this contract only after the Union submits this contract to, and receives ratification by the employees within the bargaining unit, and the City's Labor Relations Administrator receives from the Union, written notification thereof.

SECTION 2. Effective and Termination Dates. This contract shall become effective October 2, 1994, and shall continue in full force and effect until 11:59 p.m., October 1, 1997, and for successive annual periods thereafter unless, not more than ninety (90), but at least sixty (60) days prior to the end of its original term or of any annual period thereafter, either party shall serve upon the other written notice that it desires termination, revision, modification, alteration, renegotiation, change or amendment or any combination thereof, and such written notice shall have the effect of terminating this contract in its entirety on the expiration date in the same manner as a notice of a desire to terminate. APPENDIX C

MEMORANDUM OF UNDERSTANDING

Work Policies

During the 1989 contract negotiations, the City of Lansing and the Union discussed work policies which are not uniformly applied to Union members, including requirements that some employees punch the time clock before and after their lunch period, sign their time clock punch cards, and sign for their weekly pay checks.

For the term of the Agreement commencing in 1989, the parties agree to the following principles:

1. It is necessary and appropriate for Union members to sign for pay checks when an audit is in progress.
2. An employee need not certify the time recorded on a punch card by the time clock, but the employee must certify any handwritten entries on a time clock punch card, or sign a time card upon which entries are made by hand. Further, disputes over time recorded on a time clock punch card shall be resolved between the employee, the supervisor and the payroll clerk, and shall not be subject to the grievance procedure established in Article 18.
3. In cases where a time card does not indicate an employee took an unpaid lunch break, it shall be appropriate to assume that the applicable lunch period was taken unless both the employee and the supervisor indicate on the time card (or punch card) that the employee worked through the lunch period.
4. In cases where an employee punches his/her time card more than three (3) minutes before the start of the shift, it will be appropriate to assume that the employee started work at the scheduled starting time, unless at least the supervisor indicates on the punch card that the employee worked authorized overtime before the start of the shift.

During the course of this Agreement, either party may advise the other party of problems arising out of the implementation of the above terms. Upon such notice, the parties will meet to discuss and resolve the problems noted.

MEMORANDUM OF UNDERSTANDING

Civic Center Department

During the 1989 contract negotiations, the City and the Union discussed deletion of the Civic Center Department from the Definition of the Bargaining Unit.

City's Position. The City's position was that a nonexistent department should not be referred to as a department of the City in the labor agreement.

Union's Position. The City has notified the Union that the Civic Center is no longer the Employer of employees in the Civic Center. However, the Union desires to retain exclusive representative status over bargaining unit work should the City regain/retain Employer status over Civic Center employees or like departments during the duration of this Agreement.

The parties resolved their differences by agreeing, for the term of the 1989 collective bargaining agreement, that should the Civic Center be re-established as a City department, and should City employees again perform bargaining unit work within that operation, the City will not dispute the right of the UAW to represent employees performing said unit work.

MEMORANDUM OF UNDERSTANDING

Unit Placement

The City of Lansing, Local 2256 of the UAW, and Teamsters, Local 580 signed an agreement, the terms of which were effective August 15, 1988, which realigned several positions between the two bargaining units and designated representation for some positions which were formerly unrepresented. The parties' action was intended to eliminate disputes related to whether these positions were in bargaining units with which they shared the same community of interest. This memorandum summarizes the terms of that agreement, as it relates to Local 2256 of the UAW. (For more complete information the actual agreement should be consulted.)

1. All positions realigned by virtue of the cited agreement were to be transferred to the new bargaining unit at such time as the incumbent in the position on August 15, 1988 vacates the position. In the interim, both the identified positions and the incumbents will be represented by the bargaining unit which exerted jurisdiction on and before August 15, 1988.
2. The following positions were represented by the Teamsters on and before August 15, 1988, and are to be transferred to the UAW upon vacation of the incumbents holding the positions on that date:

Parking Maintenance Worker 200 (Meter Collector 21)
Auto Parts Coordinator 25
Lead Parking Equipment Technician 28
Forestry Worker 02/400 (Lead Forestry Worker 28)
Senior Mechanic 28
Wastewater Maintenance Worker 04/600 (Utility Mech 28)

3. The following positions were represented by the UAW on and before August 15, 1988, and are to be transferred to the Teamsters upon vacation of the incumbents holding the positions on that date:

Lead Mechanic IVB
Drafting Assistant IIIA
Program Leader IIIA
Program Recreation Leader IVA
Crafts Instructor IB
Creative Arts Instructor IIIA

4. The position of Helicopter Technician 33, which was previously unrepresented, became affiliated with the UAW, effective August 15, 1988.

5. The Teamsters confirmed that the following positions, which had been disputed, were appropriately placed in the UAW bargaining unit:

Wastewater Plant Operator 400 (Plant Operator IIIAB)
Wastewater Plant Operator 02/400 (Plant Operator IV)
Wastewater Plant Operator 04/500 (Plant Operator IVA)
Wastewater Plant Operator 03/500

6. Several special terms and conditions were negotiated for the laid off Program Leaders IIIA, as well, but those terms have been satisfied as of the date of this memorandum of understanding.

APPENDIX G

MEMORANDUM OF UNDERSTANDING

Regarding Employment of Injured Workers

The City of Lansing ("City") and the City unit of UAW, Local 2256 ("Union") worked together during the period of the last collective bargaining agreement to develop a program which can provide work opportunities for workers injured in the course of their employment, rather than having workers effectively disqualified from employment until they are ready to return to their previous positions with few or no restrictions.

A trial program, commonly referred to as the "relief crew," was developed during 1989. Injured employees were placed in light duty assignments consistent with their physical restrictions. These employees did not displace any bargaining unit employees and placement was mandatory. A job description was developed in conjunction with an occupational therapist, and arrangements were made (as appropriate) to provide training to employees that qualified to participate in the program. A representative of the Union attended the initial orientation session for each employee selected to participate in the relief crew. The parties agreed that most of the terms of the labor agreement should apply to the employees selected for these light duty assignments; however, it was agreed that some of the contract's terms had to be clarified because they were inconsistent with the purpose and intent of the new program.

During the course of negotiations for the 1989-92 agreement, the parties determined that the trial program had been successful. They also determined that, with some minor amendments, the work relief program for injured workers should be continued into the term of the 1989-92 labor agreement.

A summary of the appropriate clarifications to the labor agreement relative to employees performing light duty work pursuant to this program, follow.

Seniority: Service on a light duty assignment will not impact the accrual of seniority by the impacted employees, including seasonals. Seasonals assigned to light duty shall be laid off in inverse order of seniority from the department originally assigned. They will not be required to serve a new probation period in the new assignment. If it is determined that the new assignment is not appropriate for the employee, consistent with his/her restrictions, he or she will simply be returned to Workers' Compensation status until such time as another placement can be made. As these assignments are temporary, and only for employees with appropriate restrictions, these jobs will not be posted upon vacancy, are not subject to seniority selection, and the bumping process will not

impact upon them. An employee assigned to light duty will be retained on the table of organization of the department employing them at the time of the most recent injury. Employees in these temporary assignments retain their rights to sign postings and be referred based upon their qualifications. These employees also retain the right to seek handicap accommodations in order to qualify for placement in other jobs.

Only one shift is contemplated at this time. If the city proposes to add a second shift to this operation, the parties will meet to discuss seniority rights on this temporary assignment to shift arrangements.

The relief crew workers will be paid the base rate of \$8.51, effective November 30, 1989, plus any wage increases negotiated in the master agreement. (Employees hired on or after December 1, 1989 shall be paid at a rate of pay comparable to what they made prior to the disability, if lower than the base rate of \$8.51 plus negotiated increases). If the employee was compensated at a higher rate prior to the injury, and is eligible for an offset pursuant to the Workers' Compensation provisions, he/she shall receive such offset to bring the total compensation up to the pre-injury rate.

If overtime work becomes available, assignments to perform overtime will be based upon overall qualifications and fitness to perform the work.

Bargaining unit work disputes arising out of the assignments given to these employees will be resolved through special conference, rather than the grievance procedure during the term of this agreement. Management retains the sole right to discontinue this program.

All other provisions of Article 9 of the agreement, insofar as they are consistent with the purpose of this program, apply to the full-time, regular workers and seasonals employed in light duty assignments.

Wage supplements: Generally speaking, it is the intent of the parties that full-time regular employees assigned to this program will receive all economic benefits normally accruing to full-time union members. Seasonal employees assigned to this program will continue to receive the economic benefits negotiated for seasonal workers. (Note that part-time employees will not be eligible to participate in this program until such time as both parties agree that participation by these employees is acceptable, and negotiate the applicable terms and conditions of light duty employment for part-time employees.)

For clarification purposes, full-time regular employees accrue one (1) month of pension service credit for every month in which they work or are paid from a leave bank for ten (10) days. Full-time regular employees performing light duty work pursuant to this program will be eligible for pension credit accrual, if they work in this light duty assignment or are on paid status for at least ten (10) days per month.

All employees assigned to light duty work will be provided uniforms and the parking/transportation subsidies, consistent with the terms of the labor agreement. Employees in this group are also eligible, consistent with the contract's terms, to apply for and receive education reimbursement.

Full-time, regular employees retain the right to request and qualify for leaves of absence, consistent with the terms of the labor agreement; however, employees taking such leaves will not be eligible for Workers' Compensation benefits during such leave periods.

Humanitarian assignments: The spirit of Article 15 will apply to the placements made under this memorandum of agreement; however, as these placements are temporary rather than permanent, Article 15 is not directly applicable. Employees working in the light duty assignments remain eligible to access the handicap accommodation procedure and to seek permanent placements with accommodations.

Grievance procedure: Placement decisions and decisions regarding expansion, reduction or elimination of this program are not subject to the grievance procedure.

Either party may initiate a special conference during the term of the collective bargaining agreement to review this program and/or address questions which arise during the term of the agreement.

96 IN WITNESS WHEREOF, the parties have set their hands this day of June 1990.

APPENDIX H

MEMORANDUM OF UNDERSTANDING

Joint Committee on Substance Abuse

The City of Lansing and the Union express their joint determination to deal cooperatively and constructively with the problem of substance abuse among City workers represented by the UAW.

Excessive use of alcohol or other drugs by workers impairs their ability to function, contributes to increased absenteeism and tardiness and the violation of work rules. This in turn disrupts work schedules with consequent dissatisfaction among the majority of workers who are sincerely trying to do conscientious jobs. The combination of factors is recognized as having a potentially damaging effect on efficiency and endangers the job security of the worker.

The causes of alcoholism and drug dependency are not well understood and cures are difficult. Nonetheless, the City of Lansing and the Union believe that constructive measures are possible to deal with the problem which is a major cause of family breakdown and violence in the community.

Objective

The objective of this joint effort is to help employees who become afflicted with alcoholism or drug dependency. Joint effort by the City of Lansing and the Union is designed to establish a system for early identification of these problems in an employee, referral of the employee for proper treatment, and concerned follow-up.

The City of Lansing and the Union acknowledge that neither the City nor the Union working alone can always provide the level of motivation required by the alcoholic or drug dependent employee. As a result, mutual cooperation is imperative in encouraging the employee to seek treatment, as needed, to respond successfully to treatment, and to maintain a resolve to avoid alcohol or drugs following treatment.

Implementation of objective

The City of Lansing and the Union will engage in a cooperative effort and function administratively in consulting with and seeking the cooperation of City management and Union personnel. In this regard it is important to:

1. Generate a climate at the work level which will eliminate the effects of the social stigma

associated with alcoholism and drug dependency, which act as a barrier to constructive corrective action;

2. Encourage city management and the union at all levels to exercise their best efforts toward the objective or early identification and motivation of the employee to seek treatment and rehabilitation;
3. Assure confidentiality in working with the employee;
4. Assure the employee of a sympathetic understanding of his problem; and
5. Assist in developing educational and informational materials for use at the work level. These may be supplemented by materials which either the City or the UAW may wish to issue separately.

To accomplish this objective the City shall not incur any additional cost. The City and the Union shall jointly determine the nature of accomplishing the foregoing five (5) tasks.

The City and the Union acknowledge that:

1. Nothing in this agreement is to be interpreted as constituting any waiver of the City's responsibility to maintain discipline or the right to invoke disciplinary measures in the case of misconduct which may result from or be associated with the use of alcohol or drugs; the Union may exercise its right to process grievances concerning such matters in accordance with the collective bargaining agreement.
2. During or following treatment the employee should not expect any special privileges or exemptions from the standard personnel practices.

During the 1989 contract negotiations the City and the Union, discussed promotional opportunities for bargaining unit members at the Wastewater Treatment Plant. The issue was revisited during the 1994 contract negotiations with the following agreement being reached.

The job vacancy notices will reflect these terms. The seven (7) positions will be identified and notice given to the Union of the job titles and corresponding job descriptions within sixty (60) days of the ratification of this agreement. These positions will only be filled conditioned upon the present incumbent vacating the position. Management maintains the right to fill or not to fill the positions under the terms of this agreement. The positions shall be subject to Article 8 Classifications.

MEMORANDUM OF UNDERSTANDING

EMERGENCY OVERTIME AGREEMENT

WHEREAS, the City of Lansing ("City") and the Lansing Area Public Employees, Local 2256 UAW, ("Union") are parties to a labor agreement, pursuant to the Public Employment Relations Act, MCLA 423.201 et seq; and

WHEREAS, the City advanced during 1987 contract negotiations a need to address hours worked beyond the normal work day/work week by the members of the Union in certain emergency overtime situations, and

WHEREAS, the City reported difficulty in recent years in getting sufficient numbers of employees to volunteer to work overtime in certain emergency situations, and

WHEREAS, the Union notified the City that the size of the work force has decreased in various operations over the past several years; and

WHEREAS, during that same time period there has been an increase in both the levels of service provided and the City's desire to improve services provided; and

WHEREAS, it is the desire of both the Union and the City to provide a balanced complement of employees, equipment and supplies to undertake the various City services in an effective and efficient manner; and

WHEREAS, it is the desire of both the Union and City to establish a reasonable mechanism to provide necessary services in emergency overtime situations; and

WHEREAS, the parties agreed during 1987 contract negotiations to negotiate a mutually satisfactory resolution of the emergency overtime issues;

The parties agree to establish the following terms and conditions relating to emergency overtime situations:

1. Emergencies for purposes of this agreement are situations arising on less than 24 hours' notice; requiring at least (1/4) one-quarter of the number of employees in the affected department who are qualified and who would be regularly assigned to a certain operation if it were to be pre-scheduled and voluntary; and which would normally include, but not be limited to, snow removal, ice storms, wind storms, floods, fires, broken pipes, wastewater plant equipment malfunctions, or ongoing civil disturbances.

2. At least once each year, in the Fall, each departmental division historically experiencing emergency situations may work through the Personnel and Training Department to post, throughout City work locations, a description of possible emergency overtime assignments, and necessary skills and abilities. All Union members may sign the emergency postings, as qualified, and indicate willingness to be contacted to work in emergency overtime situations. The list(s) will be posted for at least five (5) work days. The posting department or division will screen the names listed on the posting and determine, in advance, if the named employees have the minimum qualifications necessary for emergency assignments. Any employee the department or division does not certify as qualified will be contacted and given an opportunity to prove minimum qualifications to perform the possible emergency assignment(s) indicated, or to obtain the necessary minimum qualifications in a reasonable time frame. From these postings, master emergency call-in lists will be prepared for each type of overtime activity, grouping employees as follows: 1) Employees volunteering from the responsible work group or division will be listed by classification and seniority; 2) Employees volunteering from any other division or department will be listed in order of seniority.

3. Upon determination that an emergency exists (or that an emergency is continuing and mandatory call-backs are required), the Union president or his/her designee will be invited to assist in calling employees on the affected emergency overtime list(s). Employees on the emergency overtime lists shall be contacted first in the following order: 1) from the responsible division or work group, by classification and overtime equalization order; 2) other qualified employees in seniority order. (Note: Emergency overtime hours shall not be reflected on overtime equalization records for employees outside the responsible work group or division).

4. Employees that signed the emergency overtime list(s) may only refuse to work overtime for good cause, which shall initially be determined by the supervisor responsible to contact the employee, in conjunction with the Union president/designee (see paragraph 3, above). Employees known to be on sick leave for eight (8) or more hours immediately preceding the emergency leave, will not be contacted. Employees on vacation or personal leave, if contacted, may initially decline the overtime assignment; however, emergency and manpower conditions may require a subsequent contact and order to report for work. Employees known to be on bereavement leave will not be contacted for work. Any problems experienced by the contacting supervisor with an individual employee, shall be entered on an incident report and submitted to the review committee established in paragraph 13 for review.

5. If insufficient number of employees are able or available to work after exhausting the applicable emergency overtime lists, employees in the affected work group or division who are known to

be qualified, but who did not volunteer for emergency overtime work, will be similarly contacted, and ordered to work the overtime, in the order of overtime equalization. Similar to paragraph 4, above, these employees may only refuse the emergency overtime for good cause.

6. If additional qualified employees are still needed for the emergency overtime operation, the City may use any other qualified individuals on a voluntary (paid) basis, including but not limited to, members in other departments that did not sign the emergency overtime list(s).

7. In any case, the following provisions of the 1989-92 labor agreement, where inconsistent with this agreement, shall not apply under emergency overtime situations:

A. Article 9, Section 1E, Distribution of Overtime.

B. Article 6, Section 1, Out of Class Assignments.

8. The City agrees that employees called back in emergency overtime situations shall be provided, insofar as practical under the circumstances, the same equipment (including truck assignments) that the employee in the classification is assigned during the employee's normal work day or work week.

9. In no case will employees involuntarily be worked more than sixteen (16) hours in a twenty-four (24) hour period (as computed from the employee's normal starting time).

10. Employees who work four (4) consecutive hours in an emergency overtime situation, and who are scheduled to work at least two (2) additional hours, shall be granted a one-half (1/2) hour paid break. Additional short breaks, as appropriate and consistent with past practice, may be taken.

11. The City agrees to provide reasonable sleeping facilities for the employees required to work emergency overtime for extended periods. Similarly during emergency overtime situations lasting extended periods of time, the City shall make food available for employees required to work.

12. If an employee has already worked at least sixteen (16) hours on the previous twenty-four (24) hour period, he/she may be excused from all or part of the employee's regularly scheduled shift, and may request and use accrued paid leave to cover the regularly scheduled shift. Sick leave used under these circumstances shall not be considered as an occurrence for purposes of the General Requirements.

13. Disputes arising out of this Agreement, or assignments made hereunder, shall be referred to a review committee comprised

of the Union president (or designee), a management representative from the affected department, and a third person selected by the first two (2). A majority decision of the review committee members shall be final and binding upon the City, employee affected and the Union.

14. The above terms and conditions shall govern emergency overtime operations throughout the term of the 1989-92 labor agreement, or until specifically amended or superceded in writing and executed by the parties. These terms and conditions may also be extended after the expiration of the 1989-92 labor agreement by mutual consent of the parties.

RE: Letter of Agreement Regarding Twelve Hour Shifts at
Wastewater Plant

Dear Mr. Hilton:

It is the desire of both the City of Lansing and the Lansing Area Public Employees to try out a four (4) day work schedule with variable eight (8) and twelve (12) hour shifts for certain employees at the Wastewater Plant. Both parties recognize that this schedule varies from the contractually established normal work week of five (5) days and work day of eight (8) hours, and that this trial change is not being implemented for the purpose of avoiding overtime. Both parties also understand that the negotiation over implementing this variable schedule does not limit or change the rights of the City under the agreement to establish work schedules and make assignments.

The parties agreed to implement four (4) day shifts, as described in the attachment to this document, for an indefinite period for all employees at the Wastewater plant that work in seven (7) day, 24 hour operations. The City will not discontinue this trial schedule without giving the affected employees 28 days' notice.

The parties also agreed to use this opportunity to implement a new method of recording overtime worked in the Wastewater Division, as described more fully below.

The collective bargaining agreement, except as noted herein, will not be changed. Application of certain benefits and employment conditions were discussed, however, and clarification of how those matters will be interpreted and applied as set forth below.

1. A work day, for purposes of scheduling and overtime, will begin and end at 12:00 midnight.
2. Overtime: Overtime compensation shall continue to be due for time worked in excess of the normal, scheduled

12-6-88

work day, which may be either an eight (8) or twelve (12) hour shift (as noted above).

It is the intention of the parties to limit consecutive work hours to a maximum of sixteen (16). In the event that an employee does not work his/her scheduled shift, the City may require an employee to remain on the job, on overtime status, until the earlier of a maximum of sixteen (16) hour shift or until a replacement can be obtained.

When seeking a replacement for a scheduled employee, the City will use both the work schedule (to determine which employees are not otherwise scheduled in the relevant 24 hour period) and the overtime accumulation list (to determine lowest overtime work opportunities). All reasonable attempts will be made to contact the lowest overtime person capable of performing the work on the uncovered shift. Every effort will be made by the City to correct improper overtime assignments during the 28 day shift schedule period. In no case will a differential of 32 or fewer overtime hours earned at the end of a 28 day shift schedule period be considered a contract violation.

If the low overtime employee, not otherwise scheduled to work during the applicable 24 hour period, is contacted and expresses a desire not to work, as needed, the City will make reasonable attempts to find another available employee to work the overtime. However, if no other employee volunteers to work the uncovered hours, the low overtime employee may be recontacted and ordered to work the overtime.

For the first six (6) months of this twelve (12) hour shift trial period, all disagreements or grievances regarding rights to overtime opportunities will be settled or resolved by the City and Union representatives employed at the Wastewater plant.

3. Overtime Records: Overtime will hereafter be recorded on an earned, rather than worked, basis. In other words, an employee working eight (8) hours on time and a half overtime will be recorded as having earned twelve (12) hours of overtime, rather than as having worked eight (8) hours. Similarly, eight (8) hours worked on a double time shift will be recorded as sixteen (16) hours on the equalization chart.

Overtime records will be updated daily and posted at least weekly. Overtime scheduled in advance during the work week will be added to the overtime records at the time the work is scheduled, rather than waiting for the time to be worked.

12-6-89

At the beginning of each 28 day shift schedule, the low number of hours of recorded overtime for the work area will be subtracted from the totals of each employee in the work area.

4. Weekend Overtime: Those employees working twelve (12) hour shifts will be paid time and one-half (1 1/2) for overtime worked on the fifth and sixth days (i.e., first and/or second days off) of an employee's scheduled work week; double time will continue to be paid for overtime worked on the seventh day (i.e., last day off) of the affected employee's schedule.
5. Work Breaks: Employees may take a work break during each four (4) hour segment of a twelve (12) hour shift. Affected employees will continue the current practice of taking meals on duty time, at the work site, as the work load allows.
6. Night Premium: Those employees working twelve (12) hours shifts shall be paid night premium for all hours worked between 4:00 p.m. and 8:00 a.m. The current practice of paying employees working eight (8) hour afternoon and night shifts a premium for the full shift shall continue.
7. Paid Leave: Generally, leave days shall be considered as eight (8) hour leave periods, and shall be both used and accrued on the basis of hours earned. For example, bereavement leaves will be computed as 40 and/or 24 hour periods, as applicable; vacation, personal and sick leaves will be accrued in eight (8) hour increments, rather than work days.

In the cases of jury duty, witness duty and military leaves, scheduled in advance, the City may reschedule the employee on a five (5) day, eight (8) hour work schedule for the applicable period.
8. Holidays: Eligible employees shall continue to be eligible to receive eight (8) hours of (straight time) holiday pay on the applicable date, regardless of scheduled hours of work on the holiday.
9. Other: For any benefits or employment conditions not specifically covered here, but which are impacted by the change in work day and work week resulting from this agreement, it is the parties' understanding and intent that appropriate adjustments will be made consistent with the above examples, and consistent with a philosophy that neither the City nor any employee should be unduly enriched or handicapped by an adjustment based on the schedule change.

R2P
12-6-89

It is also understood by the parties that during an approximately six (6) month start-up period, problems or questions may arise that are not specifically dealt with in this agreement. If that occurs, attempts will first be made by the Union and City management employees at the Wastewater plant to deal with those situations as they arise. Any problem not resolved at that level will be a proper subject for a special conference between the Union and the City.

After the initial six (6) month start-up period, either party may initiate a special conference, in order to review their experiences with the new schedule, and to determine whether the program shall be continued for the duration of the current labor agreement and, if so, whether any changes or refinements are appropriate.

If the above terms represent our agreement, please execute and return a copy of this letter. Thank you for your cooperation.

Sincerely,

Catherine C. McLaughlin

SUBJECT: AMENDMENT TO TWELVE HOUR SHIFT AGREEMENT

As a result of our discussions and review and comment by effected personnel on the twelve hour shift rotation, the following modifications to the agreement were developed. These new paragraphs will replace those in the current agreement and become effective, with your signature of agreement, on September 18, 1989. By implementing this change, we also concur to extend the trial period of the Agreement for six additional months. We will review the Agreement and the shifts no later than the fifth month of the extension to determine its fate and any additional changes that may be required.

- * Article 2, Overtime, Paragraph 3: When seeking a replacement for a scheduled employee, the City will use the low overtime hours list as a basis. Personnel will be contacted for overtime work periods of four (4) hours or more in low overtime order based on the number of hours for which they are available keeping in mind the 16 hour limit. Overtime balance differentials of eight (8) or fewer hours will not be binding upon the City.
- * Article 2, Overtime, Paragraph 4: If the low overtime employee is contacted and expresses a desire not to work the shift or portion thereof, the City will make reasonable attempts to find another available employee to work the overtime. However, if no other employee volunteers to work the uncovered hours, the low overtime employee available for that shift or portion thereof may be recontacted and ordered to work the overtime.
- * Article 3, Overtime Records, Paragraph 3: Overtime hours will be carried forward for the calendar year with all employees going to zero (0) hours on January, 1 of each year. Subtracting at the beginning of each shift change will not be continued.
- * Article 10: This Article will be added to the Agreement in response to issues raised by operators on the D3 shift on Thursday. Although it is within management's rights to make work assignments, we will make an effort to not routinely assign work in another area of the plant to operators on this shift. All D3 operators will be scheduled to work the 8:00 am to 4:30 pm shift on Thursdays, unless otherwise scheduled for special

U.A.W. OVERTIME POLICY
WASTEWATER DIVISION

The following is the general policy of the Wastewater Division for overtime equalization of UAW personnel.

1. The overtime hours of all UAW personnel will be updated and posted at least weekly. Work area supervisors will maintain a daily record of overtime and update their lists accordingly.
2. The updated daily list will be used in determining the low overtime person.
3. Overtime scheduled in advance to be worked during the week of record (Monday through Sunday) will be included in the employee's overtime hours during that week in determining the low overtime person.
4. The overtime hours to be used for the purpose of pre-scheduling will be the hours the employees have on the day that the prescheduling is completed taking into consideration Item 3 above.
5. All overtime hours will be posted on the basis of straight time hours paid. Example: An eight hour overtime shift available at time and a half will be charged 12 hours. Double time would be 16 hours.
6. When an employee has a paid leave, they will be considered on leave and unavailable for overtime from when they depart the plant site at the end of their last scheduled shift of work until they return on the next scheduled work shift. If there are scheduled days off between the last work shift and the first scheduled shift back to work, the days will be considered as part of the leave period. This means you will not be called in low overtime order while off work on paid leave and associated days off and you will not be charged as unavailable during that time. You will be contacted for available overtime during this period when the shift cannot be filled by other personnel. If you refuse or are unavailable for the overtime, it will not be charged. Any hours worked will be charged.
7. The work week will be Monday through Sunday with the work day beginning at midnight for all shifts.
8. Overtime will first be offered to those persons assigned to the work area with the need. Employees of the same classification in other work areas trained in the area of

need will be next, and then other bargaining unit employees trained in the area. Work areas are: North Plant Primary/Sidestream, North Plant Secondary/Tertiary, South Plant, Zimpro, and Dewatering/Incineration. If there is no UAW employee available for the vacant shift we may move working UAW personnel to a different work area to expand the pool of UAW personnel available for the overtime shift.

9. When an employee is asked to work overtime in an area out of their classification, the employee will not be charged for the overtime for equalization purposes if they refuse or are unavailable. All overtime hours worked will be charged.
10. New personnel or transfers into a new area will be assigned overtime hours equal to the highest person in the area when they are designated available to work overtime.
11. Persons on workers' compensation, disability leave, or other leave of absence will not be contacted or charged for the overtime during the period of leave. Upon return to work and being designated available for overtime, the employee will be assigned the overtime hours equal to the low overtime person in the work area.
12. When maintenance personnel are working on a job that must be continued past the end of the shift, those persons working on the job during the straight time hours will have first opportunity to continue the job and work the overtime regardless of overtime hours. If additional personnel is required they will be asked on low overtime hours basis. All hours worked or refused will be charged.
13. Scheduled maintenance overtime work will be done on low overtime hours basis.
14. Relief operators will be equalized with the other operators in the work area.
15. Persons working on rotating shifts will not leave their work area until relieved or authorized by the supervisor.
16. Pump Station crew members will be called in order listed on the emergency call list with the first two having the take home vehicle. The list will be rotated weekly. Completion of a job started on straight time will first be offered to the crew doing the straight time work. With prior notice to the supervisor, crew members can switch scheduled weeks.
