**SOUTHFIELD MICHIGAN EDUCATIONAL SUPPORT
PERSONNEL ASSOCIATION AGREEMENT**

PREAMBLE

Agreement entered into this 10th day of June, 1997, by and between the Board of Education of the Southfield Public Schools and the Southfield Michigan Educational Support Personnel Association, hereinafter referred to as "Association."

PURPOSE AND INTENT

It is agreed by all parties that providing a high quality education for the children of the Southfield Public Schools is the paramount aim of this school district. The Board, administrative staff, and the Association employees have definite responsibilities in providing such services and education, we hereby declare:

WHEREAS, Southfield Michigan Educational Support Personnel Association was selected as the duly authorized bargaining agent by virtue of an election by employees in the unit, as defined in the "recognition" paragraph of this agreement, conducted by the Michigan Employment Relations Commission of the State of Michigan on May 1, 1981; and

WHEREAS, the Board and Association have a statutory obligation to bargain one with the other, as representatives of the public and members of the bargaining unit, with respect to hours, wages, terms and conditions of employment; and

WHEREAS, the parties, following extended and deliberate negotiations, have reached certain understandings which they desire to put into the form of an agreement; and

In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I

RECOGNITION

- A. The Board hereby recognizes the Association as the exclusive bargaining representative as defined in Section II of Act 336, Public Acts of 1947 as amended, for the following unit:
- B. The members of the unit represented by the Association include: bus drivers, mechanics, custodians, regular substitute custodians, and head custodians, utility, central stores, food service, maintenance, teacher assistants, bus assistants, hall monitors, security specialists, paraprofessionals, media technicians, site technician coordinators, dispatcher, dispatcher assistant, and regular substitute drivers and custodians. Secretaries, accountants, substitutes, graphic services, data processing employees, and supervisors of: transportation, custodians, central stores, maintenance and cafeterias, and any other supervisor(s) are excluded, as defined by Act 336 Public Acts of 1965.
- C. The term "employee" when used herein shall refer to employees included in the unit for bargaining as set forth in this Agreement. The term "Board" or "employer" when used herein shall refer to the Board of Education. The Superintendent, and other central office administrators, principals, assistant principals, and all other supervisory personnel are considered agents of the Board within the meaning of Act 379.
- D. The Board agrees not to aid, promote or finance any labor group or organization which purports to engage in collective bargaining for the employees as defined in C above or to make any agreement with any such group for the purpose of undermining the Association.

ARTICLE II
AGENCY SHOP

- A. Employees covered by this Agreement shall maintain membership in the Association during the term of the Agreement or pay a service fee to the Association.
- B. Employees who do not wish to be members of the Association shall sign and deliver to the Board written authorization for the deduction of a service charge constituting no more than the total dues payable by members, that being the amount of money equal to the Association's cost for administration of the collective bargaining Agreement.
- C. The Board shall deduct dues, service charges, assessments, and/or contributions from any employee from whom they have written authorization.
- D. The authorized deduction of dues, service charges, assessments, and/or contributions shall be made from a regular paycheck each month from September to June of each school year.

The Board agrees to remit to the Association all monies so deducted, accompanied by a list of employees from whom deductions have been made, within twenty (20) calendar days. In cases when a deduction is made that duplicates a payment that an employee has already made to the Association, or in any other situation where a refund is demanded, said refunds are not the responsibility of the Board.

- E. Each bargaining unit member shall, as a condition of employment, (1) on or before thirty (30) days from the date of commencement of duties or the effective date of this Agreement, whichever is later, join the Association/Union, or (2) pay a service fee to the Association, pursuant to the Association's "policy regarding objections to political-ideological expenditures" and the administrative procedures adopted pursuant to that policy. The service fee shall not exceed the amount of Association dues collected from Association members. The bargaining unit member may authorize payroll deduction for such fee. In the event that the bargaining unit member shall not pay such service fee directly to the Association, or authorize payment through payroll deduction, the employer shall, pursuant to MCLA 408.477; MSA 17.277 (7) and at the request of the Association, deduct the service fee from the bargaining unit member's wages and remit same to the Association. Payroll deductions made pursuant to the provision shall be made in equal amounts, as nearly as may be, from the paycheck of each bargaining unit member.
- F. Pursuant to Chicago Teachers Union V Hudson, 106 S CT 1066 (1986), the union has established a "policy regarding objections to political-ideological expenditures." The policy, and the administrative procedures (including the timetable for payment) pursuant thereto, applies only to non-union bargaining unit members. The remedies set forth in that policy shall be exclusive, and unless and until such procedures, including any administrative or judicial review thereof, shall have been availed of and exhausted, no dispute, claim, or complaint by an objecting bargaining unit member concerning the application and

interpretation of this Article shall be subject to the grievance procedure set forth in this Agreement, or any other administrative or judicial procedure.

G. In the event of any legal action against the employer brought in a court or administrative agency because of its compliance with this Article, the Association agrees to defend such action, at its own expense and through its own counsel, provided:

(A) The employer gives timely notice of such action to the Association and permits the Association intervention as a party if it so desires, and

(B) The employer gives full and complete cooperation to the Association and its counsel in securing and giving evidence, obtaining witnesses, and making relevant information available at both trial and appellate levels.

The Association agrees that in any action so defended, it will indemnify and hold harmless the employer from any and all claims, demands, suits, damages, costs, or other forms of liability of whatsoever kind imposed by a judgment of a court or administrative agency as a direct consequence of the employer's compliance with this Article II, deductions for professional dues. Accordingly, this provision shall not become operative until such time as the S-MESPA and the Michigan Education Association executive and deliver to the Board an Agreement under which the S-MESPA and the Michigan Education Association jointly and severally certify to the conditions of this provision.

H. Any bargaining unit member who is a member of the Association, or who has applied for membership, may sign and deliver to the employer an assignment authorizing deduction of dues, assessments, and contributions in the Association as established by the Association. Such authorization shall continue in effect from year-to-year unless revoked according to the procedures outlined in the MEA Constitution, Bylaws, and administrative procedures.

I. Due to certain requirements established in recent court decisions, the parties acknowledge that the amount of the fee charged to non-members along with other required information may not be available and transmitted to non-members until mid school year (December, January, or February). Consequently, the parties agree that the procedures in this Article relating to the payment or non-payment of the representation fee by non-members shall be activated thirty (30) days following the Association's notification to non-members of the fee for that given school year.

J. The Association will continue to admit all eligible employees to membership and will represent these employees without discrimination by reason of race, creed, color, national origin, age, sex, marital status, or disability. Further, the Association will continue to recognize full citizenship rights of the members of the bargaining unit.

ARTICLE III

RIGHTS AND RESPONSIBILITIES OF THE ASSOCIATION

- A. The Association and its members will have the right to use school building facilities for meetings in accordance with school policy.
- B. The Association shall, to the limit of its ability, assist individual members in honoring Board policies and administrative regulations.
- C. Once a year, as required by the school district, and every five years as required by state law, bus drivers employed by the school district must take and pass a physical examination paid for at Board expense. This amount is paid directly to the health clinic at a cost determined by the district. All employees must complete and submit a general medical examination report as well as a tuberculin test upon initial employment at the employee's expense. Tuberculin tests must be periodically resubmitted as required by law at the employee's expense. Other than the above tests, should the district direct an employee to be examined by a Board appointed physician, such examination and reports shall be paid for by the Board.
- D. Duly authorized Association representatives may be permitted to transact official Association business on school property provided that it shall not interfere with or interrupt normal school operation.
- E. Nothing in the Agreement shall be construed to deny or restrict an employee's rights under the Michigan General School Laws or applicable civil laws.
- F. The employer will provide bulletin board space in each building which may be used by the Association for posting official Association notices.
- G. If an employee makes any suggestions that will make a substantial improvement in time and money, then a commendation from the appropriate administrator will be placed in the personnel file.
- H. Minutes, agendas, and reports of all School Board Meetings will be sent to the Association office, Association officers, and Association representatives, as they appear in the files of the Board.
- I. The Association and the Board will continue their policy of non-discrimination against any employee by reason of his/her race, creed, color, national origin, age, sex, marital status, disability, religious belief, or membership or non-membership in, or association with or lack of association with, the activities of any employee organization. Further, the Association and the Board will continue to recognize full citizenship rights of employees. Further, the Association will continue to admit all eligible employees to membership and will represent these employees without discrimination by reason of race, creed, color, national origin, age, sex, marital status, or disability.

- J.** The Association shall be granted one hundred (100) days per contract year, to be used for Association business. Application for use of these days will be made through regular attendance channels and the Association President must authorize the application of the use of these days twenty-four hours in advance. Application will be sent and received by the department from which the Association member will be absent. There shall be no denial of the President's use of days. Association days will be not denied, unless under extreme circumstances. The Association president shall provide to the Director of Personnel/Employee Relations a monthly log of scheduled activities of Association days. Such log shall include who used the days and when the days were taken.

Further, the Association President shall be released up to a maximum of one half of his/her regular work hours/work days each contract year of this agreement for the performance of Association business. Such release shall be at the employee's normal rate of pay with all benefits provided under this agreement, at no cost to the President or Association. The President shall arrange such release time through the regular attendance channels.

- K.** The Board shall furnish to the Association, upon its request, information and materials necessary for the Association to process a grievance or complaint and to negotiate successor Agreements.

ARTICLE IV

RIGHTS AND RESPONSIBILITIES OF THE BOARD

- A. Subject to the provisions of this Agreement and except as expressly provided otherwise by the terms of this Agreement, the Board and the Superintendent of Schools reserve and retain rights vested in the Board or in the Superintendent under governing law, ordinances, rules, and regulations as set forth in the Constitution, and laws of the State of Michigan and the United States, including but without limiting the generality of the foregoing, the right:
1. To the executive management and administrative control of the school system and its properties and facilities, and the activities of its employees on the job;
 2. To hire all employees and subject to the provisions of law, to determine their qualifications and the conditions for their continued employment, or their dismissal or demotion; and to promote, and transfer all such employees;
 3. To establish courses of instruction, including special programs, and to approve the means and methods of instruction;
 4. To provide for athletic, recreational, and social events for students, all as deemed necessary or advisable by the Board, and to determine the duties, responsibilities, and assignments of all employees;
 5. To adopt reasonable rules and regulations which are not in conflict with this Agreement;
 6. To develop and control the budget of the school district;
 7. To determine the structure and responsibilities of its school management organization;
 8. To determine the number and location of its facilities.
- B. The Board recognizes that this Agreement sets forth limitations on the above named powers, rights, authorities, duties, and responsibilities, and hereby agrees to be bound by such limitations. Likewise the listing of specific management rights in this Agreement is not intended to be, nor shall it be restrictive of, or a waiver of, any rights of management not listed and specifically surrendered herein, whether or not such rights have been exercised by the Board in the past.

ARTICLE V

NO STRIKE CLAUSE

- A. During the term of this Agreement the Association will not authorize, sanction, condone or acquiesce in, nor will any member of the bargaining unit take part in any strike. As used in this Article, the word "strike" shall mean the concerted failure to report for duty, the willful absence from one's position, the stoppage of work, or the abstinence in whole or in part from the full, faithful and proper performance of the duties of employment, for purpose of inducing, influencing or coercing a change in the conditions, or compensation, or the rights, privileges or obligations of employment. In the event of any strike in violation of this Agreement, the Association will post notices immediately at any or all schools affected, advising that such strike is unlawful, in violation of this Agreement and unauthorized by the Association, and the Association shall advise the striking employees to return forthwith to their regular duties. The Association shall further take any and all other action reasonably within its power to bring the strike to an end. If the Association takes the foregoing steps and has not acted in violation of its obligation under this Article, it shall not be liable in any way for such strike.
- B. The Board of Education, in the event of violation of this Article, will have the right, in addition to the foregoing, to any other remedies available under the laws of the State of Michigan.

ARTICLE VI
GRIEVANCE PROCEDURE

- A. A grievance is a complaint by an employee in the bargaining unit submitted as a grievance concerning an alleged violation, misapplication, or misinterpretation of this Agreement.
- B. The employee shall, within ten (10) work days of the alleged occurrence, discuss his/her problem informally with his/her immediate supervisor. An Association representative may be present at this conference.

The specific supervisor for each department covered in this Agreement will be identified by the Board and made known to the Association and its members for the purpose of expediting the grievance process.

An employee not satisfied with a personal conference with his/her supervisor may take his/her problem to the Southfield Michigan Educational Support Personnel Association for consultation.

The Association representative may visit the supervisor in the further effort to resolve the grievance; such visits shall occur within ten (10) work days after the event giving rise to the problem.

- C. All grievances must be handled by the following procedure:

Step 1

If the problem is not resolved in the informal conference it shall be reduced to writing, clearly stating by Article(s) and Section(s) the claimed basis for the grievance and shall be signed by the employee and presented to the supervisor by the Association within fifteen (15) work days after the incident giving rise to the problem.

The written grievance may be presented to and discussed with the supervisor by no more than two (2) Association representatives accompanied by the employee at the discretion of the Association. Within five (5) work days after receiving the written grievance, the supervisor shall communicate his/her decision in writing, together with the supporting reasons, to the Association.

Step 2

Within ten (10) work days after delivery of the supervisor's decision, the grievance may be appealed to the Superintendent or his/her designee. The appeal shall be in writing and shall set forth specifically the act or condition and the grounds on which the grievance is based and shall be accompanied by a copy of the decision of Step 1. Within five (5) work days after delivery of the appeal, the Superintendent or his/her designee, or appropriate administrator shall investigate the grievance and conduct a hearing. Witnesses and cross-examinations may occur on the part of either party at such hearing. The decision, in writing, together with the

supporting reasons shall be made to the Association and to the supervisor within five (5) work days following the hearing on the matter.

Step 3

If the grievance remains unresolved at the conclusion of Step 2, it may be submitted to binding arbitration at the request of the Association, provided written notice of the request for submission to arbitration is delivered to the Superintendent or his/her designee within twenty (20) work days after the date of the Superintendent's or his/her designee's written communication of his/her decision under Step 2.

The arbitrator shall be selected according to the rules of the American Arbitration Association. The Arbitrator shall render his/her opinion only with respect to the particular grievance submitted to him/her, and such opinion shall be binding upon the Board and the Association.

- D. The arbitrator shall have no authority except to pass upon alleged violations of the express provisions of this Agreement and to determine disputes involving the application or interpretation of the express provisions of this Agreement.
- E. The arbitrator shall have no power or authority to add to, subtract from, or modify any of the terms of this Agreement. The arbitrator shall not render any decision which would require or permit an action in violation of the Michigan School Laws. The termination of probationary employees shall not be subject to arbitration.
- F. The arbitrator's fees and expenses shall be shared equally by the Board and the Association. The expense and compensation of any witness or participant in the arbitration shall be paid by the party calling such witness or requesting such participant.
- G. Failure at any step of the grievance procedure to communicate the decision on a grievance within the specific time limit shall permit lodging an appeal at the next step of the procedure within the time which would have been allotted had the decision been given. Failure to file a grievance within the time specified shall bar the grievance. Failure to appeal a decision within the specified time limits shall be deemed an acceptance of the decision and shall bar future appeal. Time limits may be extended in any specific instance by mutual agreement in writing.
- H. If a grievance arises from an alleged action of authority higher than the supervisor, the grievance may be originally presented at the appropriate step of the grievance procedure.
- I. Nothing herein shall be construed to prevent an individual employee from presenting a grievance, and having the grievance adjusted without intervention of the Association, if the adjustment is not inconsistent with the terms of this Agreement, provided that the Association has been informed of such grievance, provided an opportunity to participate in hearings beyond step 1, and given opportunity to be present during all meetings held with the grievant

to discuss such grievance and to copies of all correspondence and documents related to the grievance.

- J.** In the case of an individual employee electing to represent himself/herself in a grievance, without the direct involvement or support of the Association, he/she may pursue such grievance to, but not including, step 3 of the procedure.

- K.** It is understood that if any employee files a charge with a governmental agency such as the Equal Employment Opportunity Commission, the Michigan Civil Rights Commission, the Michigan Employment Relations Commission, the Michigan Employment Security Commission, the Michigan Department of Labor Bureau of Workers' Disability, and/or a similar state or federal agency, said charge shall not be subject to arbitration under this Agreement. It is further understood that the employer reserves the right to set aside the findings and conclusions of any arbitration award where the employee files with the aforementioned governmental agencies on a charge previously determined by arbitration within a twelve (12) month period, except that if related issues were raised in the petition for arbitration, the findings and conclusions of said issues shall continue to be binding.

The Board shall provide notice to the Association of an employee filing action in another forum as specified above within ten (10) work days of the Board's receipt of notice of such filing.

ARTICLE VII
SENIORITY

A. Definition:

1. System Seniority - System seniority shall commence on the date the employee commences regular employment as a bargaining unit member with the School District.
2. Department Seniority - Department seniority shall commence on the first work day following the expiration of the bid to a particular department as defined in Section C of this Article.

B. A current master system seniority list and departmental seniority list shall be compiled and posted each year on appropriate bulletin boards and copies given or mailed to the president and officers of the Association by October 31. New employees shall be added to these lists.

C. For purposes of identifying departmental seniority, the following departments will be in effect:

1. Custodian (regular/permanent unassigned/regular substitute custodian)
2. Food Service (includes all eligible cafeteria employees)
3. Hall Monitor
4. Head Custodian (Pool Attendant)
5. Instructional (Assistants/Paraprofessionals/Technicians other than District Media)
6. Maintenance
7. Mechanics
8. Transportation (includes regular substitute drivers/dispatchers)
9. Utility
10. Warehouse
11. Bus Assistants
12. Security Specialists
13. District Media Technicians
14. Site Technician Coordinators

D. For the purpose of both system and departmental seniority the following shall apply:

1. In the event two (2) or more employees are assigned to a department or begin work on the same day, the date and time of the job application from which they were hired shall determine the position on the list. In the event the job application dates are the same, position on the seniority list shall be determined by lottery, except for regular substitute custodians whose position shall be determined by original hire date by the district. In the event these dates are the same for R.S.C.s, a lottery shall be used to determine the most senior.

2. If an employee is awarded a position in another department, then said employee's seniority into the new department shall commence the first work day after the expiration of the bid. The employee's seniority in his/her original department shall be frozen at the time of making the change.
3. Employees who work less than eight (8) hours per day but four (4) or more hours per day shall receive credit for the full seniority. Employees who work less than four (4) hours per day will receive one-half (1/2) day seniority.
4. Seniority for purpose of vacations, retirement, holidays or other fringe benefits shall be from the date of last permanent hire into the Southfield School District.
5. Department seniority is to provide job security within a department; system seniority is to provide job security in the District.

E. Seniority shall be broken and/or employees removed from the seniority list for the following reasons only:

1. If he/she resigns or is retired.
2. If he/she is discharged and the discharge is not reversed.
3. If he/she fails to return to work from layoff when recalled as set forth in the layoff procedure.
4. If he/she is on authorized unpaid leave of absence, seniority shall be frozen, as provided in Article XXIII.

ARTICLE VIII

DISPLACEMENT, REDUCTION IN WORK HOURS LAYOFF AND RECALL

Notification Requirements:

- A. In the event the Board determines that it is necessary to displace personnel, reduce hours, or layoff employees, the Association shall be notified, in writing, at least sixty (60) calendar days in advance of the scheduled displacement. The purpose of the notification is to provide the opportunity, at the request of the Association, to meet on the scheduled displacement, reduction, or layoff, its necessity and possible alternatives. Employees whose positions are to be eliminated or reduced in hours, shall be so informed, in writing, at least twenty (20) calendar days in advance of the scheduled elimination or reduction.

Employees to be laid off shall be so informed, in writing, at least twenty (20) calendar days prior to the effective date of action. The Board shall make reasonable efforts to keep individuals displaced, bumped, or reassigned through the displacement process informed of their assignment status.

- B. In the event that positions held by less than twelve (12) month employees are to be reduced or eliminated, the Board will normally begin the displacement, reduction, or layoff process in the spring of the preceding school year. All notice requirements will be calculated as though the last teacher work day for the year was the effective date of the reduction, displacement, or layoff. All reassignments, displacement, reductions, or layoff shall take effect at or near the beginning of the ensuing school year. However, in the event that a financial emergency occurs, the Board shall be free to implement a reduction, reorganization, or consolidation at such time, notwithstanding the language contained in this paragraph or the notice requirements contained in A. above. The notice requirement shall be the same as for general education classroom aides.

However, general classroom aides shall be subject to reduction, displacement, or layoff at any time during the school year. The time lines for notification of displacement or layoff noted above shall be modified to provide a minimum thirty (30) calendar day notification, in writing, to the Association and to general education classroom aides and to the individuals who shall be laid off when reductions are necessary during the school year. The Board shall make reasonable efforts to keep individuals displaced, bumped, or reassigned through the displacement and layoff processes informed of their assignment status.

Displacement Procedures:

- A. The following procedures shall be adhered to should it be necessary to reassign personnel who may be displaced by consolidation or reorganization.

1. Displacement shall be made by specific position within each department of position classification covered by this Agreement. The Administration shall determine and designate the specific positions to be eliminated. If vacancies exist at this time, or are to be created as a result of consolidation or reorganization, they shall not be posted, but shall be filled by qualified employees using these procedures as set forth in Article XII.
2. Employees whose positions are to be eliminated shall be placed on a list of displaced employees ranked in order by department seniority. Such a list shall be prepared for each department where eliminations have been designated.
3. Employees who are notified of elimination of their positions may exercise their department seniority, as defined in Article VII, to seek reassignment within the same department by bumping the least senior individual in the department working the same number of hours and having the same length of work year. Known vacancies will be treated as positions held by the least senior department members (zero seniority). The employee who is bumped shall then be placed on the department displacement list in department seniority order. This procedure shall be followed until all personnel are assigned to the extent that positions are available.

However, in departments where employees are assigned to more than one shift, individuals shall bump the least senior individuals in the department working the same hours, length of work year, and shift where possible. Also, in departments where the Board employs individuals on a 'permanent unassigned' basis, individuals displaced from a regular assignment shall first bump the least senior individual in the department with the same hours, length of work year, and shift (where applicable) who holds a regular assignment.

4. If a reduction occurs in the Food Service Department, an equal number of positions in each position and hour classification held by the least senior employee(s), "department" shall become open. The higher seniority employee(s) who are displaced, shall select from the vacated positions in department seniority order until all such personnel are assigned. Those employees who remain unassigned may follow the same procedure into a position and hour classification which is lower within the Food Service Department.
- B.** Employees who are displaced from their present department through the procedures delineated above may be reassigned to another department provided they are qualified. Such possible reassignment shall be made according to the following procedures:
1. Reassignment shall first be based upon any department seniority held in other departments. An employee may, at his/her option, bump the least senior member in another department if the employee has greater department seniority and is qualified for the position. If the employee holds seniority in more than one other department, the employee shall select the one (1) department into which they may bump.

2. If the employee does not possess seniority in other departments or has insufficient seniority to claim a position as detailed in #1 above, the employee may be reassigned to another department based upon his/her system seniority. Such an employee shall displace the least senior employee who has less system seniority and who holds a position for which the employee is qualified as defined on the job description as contained in Appendix B of this agreement. If the employee is considered 'full time' in his/her present position, then such employee shall first bump a 'full time' employee in other departments without regard to actual hours assigned. In the event that no less senior employee works an equal number of hours, the employee may displace the least senior employee working the next closest number of hours. An employee may not increase the number of hours worked under this provision except as provided for 'full time' employment.

C. In all cases of displacement or layoff, the following shall apply:

1. The affected employee may elect to be placed on layoff status instead of exercising any rights provided under these provisions for reassignment.
2. An employee who has been displaced from a position that is eliminated shall have the first opportunity to return to the same position without the necessity of bidding if such position is reestablished within one (1) year of its elimination.
3. In the event a question arises concerning the employee's ability and qualifications, a trial period of thirty (30) days will be granted to the employee by the Administration. At the end of thirty (30) work days, he/she will be given the position on a regular basis or placed on the seniority/recall list.
4. In the event the notification requirement results in a temporary surplus of staff, such individuals shall be classified as 'permanent unassigned' in the department from which they are being displaced or laid off until such time as proper notification is provided.
5. No employee shall be required to accept a position of less hours under these procedures. However, employees may elect to accept such positions and maintain their rights to recall to a position of equal hours to the position from which they were displaced pursuant to the procedures of B.2.
6. No employee shall be required to accept reassignment into another department in which they do not have department seniority.
7. Employees placed on layoff status shall have the right to available substitute work in the bargaining unit before the employment of non unit substitutes. Employees who indicate their desire for such work will be offered such work based upon their system seniority and will be compensated for all such work at their hourly rate of pay at the time of

layoff. Refusal to apply for and accept such work shall not be deemed to disqualify the employee for unemployment compensation.

Employees on layoff shall have the first right to such work before actively employed less than twelve (12) month employees.

8. The Board shall not eliminate existing full time positions or reduce hours of existing positions solely for the purpose of creating additional part time positions. When reducing hours, the Board shall combine resultant part time positions to create full time positions to the extent feasible.

D. Upon ratification of this Agreement, both the Administration and the Association shall inform all employees of the necessity of contacting the Personnel Office to ensure that the frozen seniority dates are correctly recorded in the district's records. The Personnel Office shall double check records and make adjustments where necessary. The district shall then publish a listing of all such frozen seniority dates. All such dates shall be considered accurate after ten (10) working days of publication unless challenged.

Furthermore, seniority lists shall be prepared by the Personnel Department and revised annually. A copy of such lists shall be given to the union and copies thereof posted on employee bulletin boards. Each list shall include the employees' current department seniority dates, system seniority dates, and other appropriate information as determined by the Personnel Department. Each employee shall have the right to challenge the accuracy of such posted lists and department seniority status for thirty (30) days subsequent to its posting. If the accuracy of the list is not challenged within this period, it shall be considered correct until the next annual posting.

Recall:

A. Employees laid off through the procedures delineated above, shall be maintained on a seniority recall list.

B. When a vacancy arises (unless it is a position deleted through this process within the last twelve months), it shall be posted in accordance with the provisions of the Agreement. However, if there are individuals on the recall list who have seniority in the department in question, bids shall only be accepted from active employees who hold department seniority for the position. Vacancies which are not filled by this process shall be filled by first recalling the employee on the recall list who holds the most department seniority and is qualified for the position. If no employee on the recall list has department seniority and is qualified for the position, the employee with the most system seniority who is qualified for the position shall be recalled. If no such individual exists, the district shall fill the vacancy with a new hire.

- C. Should an employee be offered a position in accordance with the above for which he/she is qualified and refuses such appointment, he/she shall lose his/her rights to recall. Seniority rights while unemployed, shall not be interpreted as gaining experience credit on the salary schedule. When an employee is recalled and there is a question concerning his/her ability and qualifications, a trial period of thirty (30) work days shall be granted to the employee by the Administration. At the end of the thirty (30) work days, he/she will be given the position on a regular basis or placed back on the seniority/recall list.
- D. No new employee shall be hired by the Board until all laid off employees eligible and qualified under the provisions of this article for that position have been recalled or have declined the opening.
- E. An employee shall retain recall rights for a period equal to his/her systemwide seniority or for five years, whichever is more.

Reduction in Work Hours:

- A. Where a reduction in hours of an active individual employee is anticipated, a meeting will be held with the Administration and the Association. Factors to be explained will include: Cause of reduction, personnel involved, and other issues relating to the new work schedule.
- B. Where there is a reduction of an active individual employee's hours worked, the employee shall be displaced unless the employee volunteers to accept the reduction in hours. Such displaced employee shall be reassigned in accordance with the displacement procedures specified in this Article.

ARTICLE IX

PROMOTIONS WITHIN THE BARGAINING UNIT AND TRANSFERS TO ANOTHER DEPARTMENT

- A. Promotions shall be defined as assignment of an employee to a position with a greater hourly wage, an increase in the number of daily work hours, or an increase in the number of days worked during the work year. Transfers shall be defined as assignment to a different position in the bargaining unit which is not defined as a promotion.
- B. Promotional and transfer opportunities shall be posted in accordance to the procedure outlined in Article X and XI.

Promotions and transfers to a different department to all vacancies and new positions shall be made on the following priority basis:

1. The candidate is able to meet the posted qualifications for the position.
2. The employee with the greatest departmental seniority, who meets the posted qualifications, shall be awarded the position over all other applicants. Should no candidate meet the posted qualifications, the District shall hire a new employee.
3. Should two candidates meet the posted qualifications but possess equal department seniority, selection shall be made on the basis of system seniority. The only exception shall be when no head custodian applies for a head custodial vacancy; the qualified employee with the greatest custodial seniority (if any apply) shall be awarded the position.

The Association shall be notified of the individual appointed to a vacancy and the names of all internal applicants. Written notification shall be given to employees who applied and were not selected. Upon request, the Association shall be notified as to the reason an individual was appointed to fill a vacancy, which shall directly relate to the job description, posted qualifications, and seniority. The job description and posted qualifications shall reasonably relate to the major responsibilities of the posted position or function.

In the event an employee's qualifications for a new position are questioned, the specific deficiencies shall be identified by the Board and the employee shall be given an opportunity to demonstrate that he/she is qualified. Such demonstration may be through appropriate documentation, testing, application of skill(s) or appropriate related method. A reasonable period of time shall be allotted for such purpose but not to exceed three (3) work days after the employee receives the written turn down letter. The position in question shall not be permanently staffed in these instances until these activities are concluded.

- C. An employee may refuse to accept a promotional opportunity.

- D. When an employee has been promoted, said employee shall be placed at the first step which provides an increase in wages if available. An increase in wages shall be defined as a greater hourly wage rate. However, his/her total system seniority shall apply to vacations, leaves of absence rights, and to any retirement pay pursuant to this Agreement.

ARTICLE X

PROMOTIONS TO SUPERVISORY POSITIONS

- A. The Board shall have the sole responsibility of promoting employees to positions outside the bargaining unit. The selection and promotion to supervisory levels shall not be subject to the provisions of this Agreement, however, the Board will give full consideration to employees within the unit in promoting to supervisory positions. The Board agrees to post vacancies in such supervisory positions. A list of supervisory personnel shall be made available to the Association.
- B. Individuals promoted from the bargaining unit to supervisory positions shall retain their seniority gained prior to such promotion. So long as they are supervisors, they shall retain that amount of seniority. Should a supervisor return to a unit job, he/she shall be entitled to a job commensurate with his/her seniority gained prior to promotion to the supervisory position, if a vacancy exists.

ARTICLE XI

TRANSFERS WITHIN A DEPARTMENT

- A. Transfers within a department shall be defined as assignment to a different bargaining unit position in the department in which the employee is currently assigned and which is not defined as a promotion. - B. Employees may request a transfer in accordance with procedures outlined in Article XII of this Agreement. Where two (2) or more employees request a transfer, departmental seniority shall be the deciding factor.
- C. No employee may voluntarily transfer more than once per year (July 1 - June 30). An employee shall be permitted to refuse a voluntary transfer only once within a given school year (July 1 - June 30).
- D. If no vacancy exists, two (2) employees may voluntarily exchange positions, provided that they are in the same department and classification. Such transfers shall be made only if there is concurrence by the employees, Association, and the Board.
- E. Involuntary transfers shall be minimized. However, it may become necessary to make involuntary transfers due to concerns of interpersonal relations between school district staff. In the event of a necessary involuntary transfer, the Board shall meet with the affected employee(s) and an Association Representative prior to the involuntary transfer in order to discuss the reasons for such action. Involuntary transfers shall not be made for the purpose of discipline or on the basis of job performance. The employee who has been involuntarily transferred may not bid back to his/her previous position for a period of one (1) year; after one (1) year, the employee who has been involuntarily transferred may bid back only with the agreement of all parties involved - the Administration and the Association. In all cases of involuntary transfers, the Association will be notified, in writing at least five (5) work days prior to the effective date of such transfer. All involuntary transfers are subject to the grievance procedure.

Changes in the route (all runs) of a Bus Driver shall be considered an involuntary transfer and applicable under provisions of this Article. Changes in a run for reasons other than timing,

ARTICLE XII VACANCIES

Preference shall be given to the employee having the greatest department seniority. Active employees, those who have notified the Board that they wish to return from leave of absence and are available for work, and those who are on lay-off status shall be allowed to bid on all posted positions. If employees who bid on a posted position do not have departmental seniority, the employee with the greatest system-wide seniority shall be awarded the position prior to hiring a new employee provided the employee meets the qualifications.

In the event the most senior employee refuses or can not assume the posted position, the next most senior applicant shall be awarded the position.

Postings shall be provided on designated bulletin boards in custodial offices, staff lounges, and kitchens of each building.

- C. Selection of employees to posted vacancies that are considered "transfers" or "promotions" shall be in accordance with Article IX and XI of this Agreement.
- D. Each position posted must include the following:

9. Minimum Qualifications

Postings making reference to "other duties as assigned" shall also indicate that such duties shall be related to the major responsibilities of the posted position or function.

- E. Within five (5) work days after a position becomes vacant, the Board may eliminate such vacancy, or, subject to the terms of this agreement, change its duties and hours of work. All eligible vacancies shall be posted within five (5) work days after the position becomes vacant. Once a job is posted, the job title, job description, type of work, location, starting date, rate of pay, hours to be worked, department and classification, and minimum requirements shall not be changed without the mutual consent of the Association.

The Board reserves the right to withdraw and/or not fill a posted position if unforeseen circumstances warrant such action. It is understood, however, that the withdrawal of a posting and/or not filling a vacancy shall not be used under any circumstances to block qualified candidates access to such positions. Such decision to withdraw and/or not fill a posted position shall be communicated to the Association, with the reasons no later than 12:00 noon of the last day of the posting period. Vacancies to be staffed, shall be staffed within five (5) work days after the expiration of the posting period.

Employees accepting or declining transfer/promotion must sign the award book in the personnel office within 24 hours after the position has been offered to the employee, unless unusual circumstances are communicated to and accepted by Personnel Office administration. Positions may not be accepted or declined by the employee with only verbal communication. Failure to follow this procedure shall result in another candidate being awarded the position.

- F. An employee promoted or transferred to a new position shall be allowed to return to his/her previous position until noon of the last day of the posting of such position.

In the event an employee's qualifications for a new position are questioned, the specific deficiencies shall be identified by the Board and the employee shall be given an opportunity to demonstrate that he/she is qualified. Such demonstration shall include up to thirty (30) days in the new position as determined by the administration in consultation with the Association during which time their previous position shall not be posted and shall be filled

by a substitute. If an employee declines a transfer by this provision, such transfer counts toward the one allowed transfer per year.

- G. The Association President shall receive copies of all postings and shall be informed of the result of each posting including the names of all applicants and of the employee selected to staff the vacancy. Copies of postings shall also be sent to the designated Association representatives and the Association office.

- H. A newly hired employee who has had past experience in the same job classification for which he/she has been hired, may use two (2) years of his/her experience as accepted by the Administration for pay purposes only. An employee who is rehired by the Board shall receive full credit for prior experience in the department for which he/she has been reemployed for pay purposes only.

ARTICLE XIII

TEMPORARY ASSIGNMENTS

- A. Employees may be temporarily reassigned to relieve other employees using leave days, sick bank days, or on a short-term leave of absence. Any employee shall have the right to refuse temporary reassignment without prejudice. The reassigned employee shall immediately receive the higher rate of pay for the classification of reassignment. The higher rate of pay during this period shall be for the actual hours worked.

The reassigned employee shall work the full schedule of the absent employee and shall remain in that position for the duration of the absence. Bus drivers shall be excluded from this provision. An employee who is the successful bidder for a posted position may be released from a temporary assignment.

- B. Should the temporary reassignment be to a lower rate classification the employee shall never receive less than his/her former job rate.

- C. 1. Temporary reassignment shall first be made from within a given department in a building. Such temporary reassignment shall be made from a list of volunteers, ranked in department seniority order, on a rotation basis. It shall be the responsibility of the immediate supervisor to organize such lists, except for the custodial and head custodial departments. In those departments, it shall be the responsibility of the afternoon (p.m.) head custodian to post and maintain the listing for temporary reassignment within the building. In the event no head custodian is temporarily reassigned within the building to a head custodial vacancy, temporary reassignment of custodians within the building (by shift) shall be made by department seniority.

2. Next, assuming the position is not filled under the provisions of Section C,1 and the position is available for five (5) days or less, a regular substitute custodian shall be reassigned to the vacancy. If a regular substitute custodian is used to fill a temporary assignment the provisions of Article XIII, Section A shall not apply. If the position is to be of greater than five (5) days duration (eight (8) days maximum if the five (5) days or less temporary vacancy is extended due to extenuating circumstances), then utilization of temporary reassignment from outside the building shall immediately apply. Once all unit members are assigned, the administration shall be permitted to assign non-unit substitutes.

3. Next, temporary reassignment of employees outside the building, within the department, shall be done by department seniority from a list of volunteers. Such list shall be rotated. An exception to this shall be that head custodians shall not be eligible for temporary reassignment outside of their buildings. Prior to awarding temporary head custodian reassignments to employees in other departments, such positions shall be given to custodians who volunteer for such temporary reassignment outside of their buildings on the basis of department seniority. Such list shall also be rotated.

4. Temporary reassignment outside of department - Temporary reassignment of employees outside of their department shall be made from a list of volunteers, ranked by system seniority order, on a rotation basis. Employees shall submit interest for such temporary reassignment, once a year, on forms to be distributed by the Board and by a date to be determined by the Board. Any employee on such lists shall be able to refuse temporary reassignment twice for justifiable reasons. More than two (2) refusals, for any reason, shall cause the employee to be removed from such lists for that year. An employee may voluntarily request removal from the lists at any time.

D. Limitations upon utilization of an employee's temporary reassignment outside of department shall be:

1. Temporary reassignment may be implemented at anytime an employee is absent, but shall not be required until such absence of the regularly reassigned employee is known to be eighteen (18) consecutive work days, at which point the Board shall be required to utilize temporary reassignment procedures. Temporary assignment to head custodian shall be on a first day basis in accordance with C1 and C2 above. If one dispatcher has been covering both dispatcher positions, then after eighteen (18) days a second dispatcher position shall be filled through temporary assignment procedures.
2. Temporary reassignment outside of the department during periods/days when school is in session shall be limited to twelve (12) month employees being temporarily reassigned to other twelve (12) month positions.
3. Temporary reassignment to the position of transportation driver shall require a State driving certificate.
4. Temporary reassignment to dispatcher shall be limited to members of the transportation driver department.
5. Employees temporarily reassigned to the maintenance department and mechanic's department are required to meet qualifications for that particular position as provided in Article XXXII.
6. Temporary reassignment to a head custodian position shall require at least one (1) year seniority as custodian and/or head custodian. Those who have transferred into the custodian department shall have at least six (6) months seniority in the custodian department in order to be eligible for temporary reassignment as a head custodian.
7. Except in emergency, temporary reassignment shall be in lieu of the employee's normal assignment. Such reassignment shall not be combined with the regular assignment to create overtime.

8. An employee on temporary reassignment may be replaced by a substitute employee, except where use of such substitute employee will result in denial of promotional temporary reassignment for regular employees who have volunteered and are willing to work.

E. If an employee is disabled from performing his/her regular job by illness/injury not covered under workers compensation provisions, such employee may be temporarily reassigned to another position for a duration of up to one calendar year providing the following conditions are met:

1. Both the employee's physician and a Board appointed physician concur that the employee cannot perform his/her regular job and agree on the physical limitations under which the employee may work.
2. A vacancy exists which the employee may bid on and for which the employee is qualified by physical condition as defined in 1.
3. Such employee is the only unit bidder on the posted position defined in 2.

Employees placed in temporary positions, as defined above, shall have their regular positions staffed by a substitute up to one year until they either return to their position when released by both physicians as in 1 above, or go on medical leave, retire, or resign. Further, when such employee returns to his/her regular position, the temporary position which he/she held shall be posted and filled according to the vacancy, transfer, and promotion sections of this Agreement.

Finally, employees placed in temporary positions under the terms of this Article, may compensate for a lower salary rate and/or work hours by drawing on their leave banks and/or by applying to the central sick bank for as long as they are placed in the temporary assignment. In no case, however, would such person receive more pay than the posted temporary position calls for. System seniority and departmental seniority would accrue in such temporary assignments, but department seniority would not count or be added to the employee's regular job department seniority unless such temporary assignment was in the same department. A person on temporary assignment shall receive the fringe benefits of the original job.

ARTICLE XIV

- A. Except as may be limited by Michigan statutes, no work which is normally or customarily performed by employees in job classifications covered by this Agreement shall be subcontracted by the Board to any outside source or agency for the purpose of eliminating current employees, avoiding overtime and/or reducing hours, unless services are withheld. - B. All buildings owned by the school district will be maintained by Association members unless a building is leased or rented and such lease or rental agreement calls for the leaser or renter to provide such services.

Shift preference shall be granted to employees regularly assigned to the building on the basis of seniority.

- C.** On occasion, it may be necessary for the Board to employ non-unit substitutes for temporary extra help. Such circumstances shall be limited to a total of twenty (20) work days unless it is mutually agreed by the Association to extend such time. This provision shall not be used to supersede the provisions of overtime, temporary assignment, or summer employment for unit members. Priority for extra work for which they are qualified shall be awarded to regular substitute custodians over non-unit members.
- D.** Substitutes will not be used to close and secure a school building unless a regular employee is not available.

- b. All drivers wanting summer work in transportation will sign one list by June 1. This list will then be posted in the department. They may not sign up for summer work in other departments, if they are on the transportation list.

All bus driving summer work packets must be posted five (5) work days prior to the end of each school year, or sooner if known by that date. Hours worked and length of the packet shall be included. Such packets shall be bid by seniority. Summer packets that are identical to those operated during the school year shall have the same number of hours. There shall be a minimum of 5-1/2 hours for summer packets with an a.m. and p.m. run.

- c. Drivers wishing summer work in other departments other than the transportation will sign one list by June 1. They may not sign on the list for summer transportation work assignment.
 - d. Additional runs that are available after the closing of the posting date will then be posted and awarded to the drives by seniority starting with the most senior driver not awarded a packet with the initial posting. A driver that turns down a packet after bidding will miss his/her turn on the rotation list.
 - e. Additional trips, packages or transportation office work shall be awarded to drives by seniority and to those not currently driving a packet.
 - f. The supervisor shall meet monthly with a driver representative committee for the purposes of insuring equalization practices.
- 6. Employees from other departments in the bargaining unit who drive during their regular work day shall be paid the regular rate for Drivers. Driving outside of their regular day shall be paid at the regular bus driver overtime rate.

 - 8. The Board shall pay for all licenses required for unit members as part of their work responsibilities.
 - 9. Drivers who accumulate more than six (6) points on their driver's licenses shall be removed from their positions as drivers and be placed on an unpaid Leave of Absence. While on such Leave of Absence, such driver shall be allowed to avail themselves of the provisions of Article XIII, Section E. for the entire length of time required to attain the deletion of all points from their record. Drivers must bid back to the transportation department after the deletion of all points.

The employee shall notify, in writing, the transportation and personnel offices of his/her desire to return from such leave. Such employee shall be awarded a position in accordance

with the return from leave provisions contained in this Agreement. Should a driver accumulate a second instance of more than six points on his/her driver's license any time within his/her tenure as a driver, he/she shall be placed on unpaid leave of absence with no right to bid on any transportation job in the future. Any return to active employment with the district will be governed by the return from leave provisions contained in this Agreement.

10. The current field trip committee provision for equalizing overtime hours will be implemented. The objective of the committee is to try to keep the overtime differential among drivers to approximately 5 to 10 hours. (The composition of the committee is to be determined at a later date.)

Work coordinators shall be paid at \$0.75 per hour differential over the highest paid mechanic on any and all shifts.
 4. The Board will pay the cost for training, licenses, and taking tests.
 5. Vacancies - For one (1) year, a current mechanic having at least fifty percent (50%) of the requirements for a posted vacancy and being the most senior shall have priority for awarding of bids over individuals not in the bargaining unit. In such case the mechanic shall meet the qualifications within 120 work days. During such qualification period the mechanics shall be paid at the rate of pay for which he/she is qualified. Upon completion of additional qualifications, the higher rate of pay shall be paid retro-active to the first date of assuming the higher classification position.

The Board agrees to maintain three (3) regular substitute driver positions, whose wages, hours and working conditions shall be defined by this section as follows:

1. Their rate of pay shall be \$11.82 per hour for each year of this Agreement. They shall be guaranteed a minimum of twenty four (24) hours of employment per week. They shall be assigned as and when needed.
2. They shall receive Board paid single subscriber health coverage.
3. They shall receive five (5) days of vacation after they have completed one (1) year. After the second year the regular vacation allotment as defined in Article XXV, Section F shall apply. 4. They shall be afforded all other contractual rights as defined in this Agreement.

2. Winter jackets and gloves will be made available to all utility employees for use while on duty.
3. Utility employees shall continue to accrue departmental seniority in Transportation as well as Utility.
4. Once a utility employee picks his/her hours of work they shall not be changed unless an emergency situation arises. For the purpose of this paragraph an emergency situation shall not be interpreted to mean that the Board can change working hours to avoid paying overtime rate of pay.
5. The Board shall make available, while on duty, one (1) rainsuit to each utility employee.
6. Utility employees shall be paid at the warehouse wage level one during summer months only.
7. Utility drivers shall only take vacation time during periods when school is not in session.

WAREHOUSE

1. Each warehouse employee will be provided with six (6) uniforms per week to be maintained by the Board.
2. Winter jackets shall be made available for warehouse employees who are required to work in and out of the Food Service freezer.
3. Employees classified as Warehouse I shall be reclassified after a minimum of thirty (30) work days or no longer than one (1) calendar year.
4. Overtime driving of Board owned trucks for transporting equipment, supplies, property or materials shall be assigned to warehouse employees who volunteer, on a rotation by seniority basis. Actual driving time shall be paid at normal overtime rates, except lay over time shall be paid at straight time.

TEACHER ASSISTANTS

1. Assistants and Paraprofessionals are to be considered to be within the same department.
2. If a teacher assistant/paraprofessional is asked to report to work on a day when students are dismissed early, they shall be paid a minimum of one-half (1/2) of their regular work day.
3. In-service for members of this department is highly desirable. The Board shall undertake to institute such in-service sessions and members shall receive their regular compensation for attending such activities.
4. Teacher assistants/paraprofessionals shall be reimbursed for classes that are job-related and have prior approval of their supervisors.
5. The work year for teacher assistants and paraprofessionals shall at least include all student days, records and preparation days of teachers, and any school day which is reduced for the purpose of in-service or parent-teacher conferences. Bussey Center teacher assistants and paraprofessionals shall work on days of student screening.

If the beginning and ending of the identified work year for assistants/paraprofessionals is other than the regularly established school year, the dates for such work year shall be made known to the affected assistants/paraprofessionals at least thirty (30) calendar days prior to the date of such work year.

6. Once the work year is defined as in item #5 it shall not be changed for that given year unless an emergency occurs. If such an emergency occurs that requires a change, the Association and assistants/paraprofessionals shall be notified and consulted at least five (5) work days in advance.
7. To be classified as a paraprofessional an employee must either:
 - a. Have a minimum of thirty (30) semester hours or forty-five (45) credit hours in allied or related classes.
 - b. Five (5) years of service with the Southfield Public Schools in the area of responsibility and a minimum of five (5) related classes (15) credit hours or (10) semester hours.

8. The normal work day for paraprofessionals and teacher assistants shall be seven (7) hours per day, except for the E.S.L. and Preprimary programs. Half time paraprofessionals and teacher assistants shall work fifty percent (50%) of the normal work day for full time employees in the same type position.
9. When evening conferences or building orientations are scheduled, the Administration shall determine if teacher assistants and paraprofessionals will work, and, together with the teacher, shall determine the nature of their assignments. Customary job duties as delineated in the employees' job descriptions may be modified as determined by the teacher and Administration.
10. A uniform allowance of \$75.00 per year will be provided by the district to paraprofessional/teacher assistants when they are required.
11. Hours and Utilization of Assistants/Paraprofessionals:
 - a. The basic function is to provide instructional assistance under the direct supervision of the teacher such as individual and small group instruction.
 - b. Time shall be provided for the assistant/paraprofessional to perform functions to assist the teacher (i.e. dittos, correcting papers, etc.).
 - c. Time shall be allocated for joint communication, planning, preparation and exchange of ideas between the teacher and assistant/paraprofessional. Periodically a greater block of time should be provided for more intensive planning.
 - d. Teacher assistants/paraprofessionals shall work the same calendar and essentially the same schedule as the teacher to whom they are assigned.

Teacher assistants/paraprofessionals will not be assigned lunchroom or playground duties, but may be assigned instructional duties outside their assigned teachers' classrooms, where students to whom they customarily provide instructional support are in need of assistance. Further, where teachers are teaming together or working as an instructional support team during a non-instructional time and one or more of the teachers has a teacher assistant/paraprofessional, the team (including the assistant/paraprofessional/s) may decide, and the aides' supervising teacher may direct, the aide/aides to work with or observe any of the children assigned to the team. The scheduling of the aide/aides in this case is situational and instructionally driven and is not to be part of a pre-determined long term assignment.

Teacher assistants/paraprofessionals may also be assigned to such general building functions as early entry of the students to the building, student supervision at assemblies, assisting students during passing time, assisting as assigned during extra teacher preparation or conference hours, and assuming non instructional duty

assignments just as all other teaching staff. Furthermore, teacher assistants/paraprofessionals' starting and ending schedules need not be the same as the teachers to whom they are assigned.

- e. In a shared situation, priority shall be given to assign the assistant/paraprofessional to those situations where classroom instruction rather than support services are offered.
- f. Once these basic guidelines are met, it is appropriate to assign teacher assistants/paraprofessionals to other responsibilities provided they do not replace someone else or perform responsibilities normally assigned to other bargaining units or other departments within this bargaining unit.

In accord with the understandings reached by representatives of the Southfield Public Schools and the Southfield-MESPA, the parties agree as follows with respect to the subject of qualifications and job descriptions:

1. All Bargaining Unit Member employed as of this date will be deemed to be fully qualified for the positions which they currently hold.
2. The indication 'high school graduate' on the agreed to job descriptions shall be interpreted as meaning a high school graduate, G.E.D. holder, or having the equivalent in training/experience. The administration shall not bar a transfer on the basis of an employee not possessing a high school diploma or G.E.D., unless it can demonstrate to the Association that the candidate in question has such severe deficiencies in this area so as to make him/her unable to perform the job duties.
3. Where a position requires qualifications which exceed the qualifications required for other positions within the same department, a Bargaining Unit Member must meet the higher qualifications for transfer into that position. This requirement will also apply in situations involving displacement, layoff, and recall.
4. In the event it is necessary to modify any qualification or job description previously agreed to at times other than during the collective negotiations process, the Qualifications Committee shall be reconvened to discuss such changes. The administration shall discuss proposed job descriptions for new positions with the Association. Failing agreement on such new positions, the administration shall implement such additions, while the Association shall have recourse to the grievance procedure for final resolution. Nothing contained herein precludes the administration from implementing such additions prior to final resolution of the issue. Should mutual agreement be reached on the changes or new positions, such modifications or additions shall be submitted to the parties for ratification. If ratified by parties, such changes or new positions shall become attached to and a part of the Board/S-MESPA Agreement.*

* The Board currently reserves the right to eliminate positions for reasons of cost, changing organizational priorities, declining student enrollment, or similar reasons, and nothing contained herein shall abridge such right.

LETTER OF AGREEMENT

This Letter of Agreement hereby confirms that the parties under signed below, have reached the following agreements during the course of negotiations:

 - C. Vacation credit earned to date will be granted as of the anniversary date (August 17, 1987) on a prorated basis.
 - D. Southfield MESPA hereby agrees that there will be no minimum number of regular substitute custodians which must be employed by the District.
2. The parties agree to the application and institution of the Board's absenteeism control program/procedure for all S-MESPA employees in the School District in accordance with the joint understanding "Issue: Attendance/absenteeism" signed by the parties and dated August 19, 1990.
3. The parties agree to the application and institution of the joint understanding "Issues: Return from Leave, Board Right to Have Employee Examined by Board Physician" signed by the parties and dated August 19, 1990.
4. Pursuant to the joint understanding "Issues: Sick Bank, Medical Verification Form, Communicable Diseases, Return from Leave, Board Right to Have Employee Examined by Board Physician", signed and dated August 19, 1990, the parties agree that the issue of employees with communicable diseases which are not known to be spread by casual contact shall be assigned to a joint committee which shall prepare language on the issue to be incorporated in the Agreement. Furthermore, the parties agree that said joint committee shall clarify and revise the existing language dealing with communicable diseases which are known to be spread by casual contact (editorial changes) as such language interrelates with the primary issue.
5. The parties agree to refer the matter of insurance benefits to a joint committee for further study, with specific language regarding the issues and the committee charge to be developed by the parties.

LETTER OF AGREEMENT

In accordance with the discussion held during October, 1992 between the representatives of the Board of Education of Southfield Public Schools (hereinafter referred to as the Board) and the S.E.A., S-MESPA and E.S.O.S (hereinafter referred to as the Union), the parties do stipulate to the following with respect to collective bargaining:

In accord with the agreement reached in recent discussions between representatives of the Board of Education and the S.E.A., S-M.E.S.P.A., and the E.S.O.S., the parties do hereby stipulate to the following with respect to implementation of the Tobacco-Free School Law.

1. The parties agree that smoking in school owned vehicles, on or off school property, is expressly prohibited at all times for bargaining unit members.
2. The parties agree that the Board will offer smoking cessation support, activities within the school district as well as provide information about outside support groups/activities by other organizations to bargaining unit members.
3. The parties agree that any disciplinary action taken by the school district against a bargaining unit member for violating the provisions of the new Tobacco-Free Schools Law (Public Law 459) and/or District Policy on smoking, shall be disciplined in accordance with the provisions in the existing collective bargaining agreements, and such discipline shall comport with the procedures commonly referred to as progressive discipline.
4. It is agreed by the parties that bargaining unit members on "break time" (e.g. employee lunch time, 10 minute S-M.E.S.P.A. rest time, 15 minute E.S.O.S. relief period) shall be allowed to leave school property for purposes of smoking.

It is understood that this Memorandum of Understanding constitutes the entire understanding of the parties in regard to the aforesaid matter, under the conditions so stipulated herein, and as such shall not effect or otherwise modify, or be deemed precedent setting with respect to any or all of the Master Contract now in effect or to be in effect at a future date, or any grievance filed or to be filed at a future date.

MEMORANDUM OF UNDERSTANDING
Between the
Board of Education of the Southfield Public Schools
and the
SEA, S-MESPA, and ESOS

The membership of S.E.A., E.S.O.S., S-M.E.S.P.A. agrees to a 1994-95 salary schedule determined by applying a three (3) percent across the board increase to the 1993-94 salary schedule. The 1995-96 salary schedule shall be implemented according to the specific amounts negotiated in the 1993-96 Master Agreement.

The above salary adjustment shall be null and void if the April 18, 1994 millage election is rejected by the voters of Southfield and Lathrup Village.

Further, the above salary adjustment shall be null and void should any employee group, affiliated or otherwise, fail to ratify and/or agree to a similar concession.

The Southfield Board of Education, in return for this salary adjustment, will agree to the following conditions:

1. Any layoff action taken by the Board prior to the April 18, 1994 millage election shall be rescinded at a special meeting of the Board on April 19, 1994.
2. The Board shall maintain the standards of staffing in effect during the 1993-94 school year as a minimum level for the 1994-95 school year. In other words, there shall be no reduction of staff -- no layoffs and/or reductions by attrition as it impacts program.
3. The Board shall protect the lost retirement benefits of any member electing to retire at a time when the 1994-95 income is used to determine the final average compensation. This may be accomplished through extended employment opportunities and/or an increase in the severance benefit.
4. After seven months of implementation, the Administration agrees that it is time to again review and examine the operational results of the 1993-94 budget reductions, and therefore shall meet with the association(s) in order to re-evaluate the cuts.
5. The Board has every intention of maintaining the standards of staffing in effect for the 1993-94 school year for both the 1994-95 and 1995-96 school years, if existing financial resources and enrollment do not decline and are sufficient to fund and support such staffing.
