PREAMBLE

WHEREAS, the Union recognizes that the Employer, under law, has the final responsibility for establishing policies for the district: and

WHEREAS, the Employer recognizes that teaching is a profession; and

Membership, Fees, and Payroll Deduction

- A. From the date of ratification and during the remainder of the term of this contract, all employees as a condition of continued employment shall:
1. Execute assignments authorizing deduction of membership dues and assessments of the Union (including the National Education Association, the Michigan Education Association, and the Local Association) from said employees' salaries; or
 2. Execute assignments authorizing deduction of a nonmember service fee equivalent to the dues of the Union (including the National Education Association, the Michigan Education Association, and the Local Association) from said employees' salaries; or
 3. Pay said membership dues and assessments or nonmember service fee directly to the Local Association in accordance with the Constitution and By-Laws of the Local Association, and the WC/MEA/NEA.
- B. Said assignments shall be executed by the individual employee and will provide that said authorization shall continue in effect from year to year unless revoked in writing between June 1 and September 1 of any given year.
- C. Said assignments shall be delivered by the individual employee to the Local Association on or before September 20 of each year or within twenty (20) days of the beginning of an employee's employment.

ARTICLE II, Membership, Fees, and Payroll Deductions (continued)

- F. In the event membership dues and assessments and/or the nonmember service fee shall not be paid, the Employer, upon receiving a signed statement from the Union indicating the employee has failed to comply with this condition, and has either refused to follow the internal appellate procedures of the Union, or has failed to comply with the final decision rendered in said appellate procedure, shall immediately notify said employee his/her services shall be discontinued at the end of the school year and forward a copy of said notification to the Local Association within ten (10) days. The Union agrees to save and hold harmless the Employer from any and all liability and expense whatsoever in the termination of any employee's services pursuant to the provisions of this paragraph, provided that the Union has the right to select the attorney representing the Employer, and that the Union shall have the right to settle all monetary claims which may result from enforcement of this paragraph. The Board reserves the right at its expense to counsel with the school attorney on the proceedings and on any proposed settlements.
- G. It is specifically understood the nonmember service fee assignments and membership dues and assessment assignments are separate entities and that the illegality of any agency shop provision relative to nonmember service fees shall have no effect upon the membership assignments or the membership dues and assessments for members of the Local Association.
- H. The Employer agrees to provide payroll services for Trenton Governmental Credit Union, annuities, hospitalization, membership dues, PAC, and United Way deductions.
- I. The Administrative Intern shall not be subject to Union dues or fees during the term of internship.
- J. The Employer and the Union recognize that the language of the Agency Shop provisions of this Article are adopted from Act #379 of the Public Act of 1965, and that neither party waives any rights whatsoever to pursue the interpretation of the Public Act in the State Courts.

ARTICLE III

Negotiations Procedures

- A. In the year of termination of this Agreement, either party may submit a letter indicating a desire to arrange a meeting for purposes of discussing negotiations. Such a meeting shall be arranged for a mutually satisfactory time and place and shall be held no later than 60 days in advance of the termination date.

- B. In any negotiation, neither party shall have any control over the selection of the negotiating or bargaining representatives of the other party and each party may select its representatives from within or outside the school district. It is recognized that no final agreement between the parties may be executed without ratification by the Board of Education and by the membership of the Association, but the parties mutually pledge that representatives selected by each shall be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations or bargaining, subject only to such ultimate ratification.

ARTICLE IV

Minimal Professional Qualifications

- A. New employees employed by the Board of Education for a regular teaching assignment will hold a bachelor's degree from a college or university, and a provisional, permanent, life, professional or continuing certificate from the State of Michigan, except as noted in Paragraph B.
- B. The employment of employees by the Board of Education by individual contract based on special permits is to be condoned only in cases of emergency or where the teacher has outstanding credentials.
- C. Excluded from this article are those employees for whom special permits are being processed while they are awaiting full certification from the State of Michigan, or teachers of vocational subjects who possess a vocational certificate or permit.
- D. The responsibility for being certified to teach in the Trenton Public Schools, State of Michigan, rests solely with the individual employee. The Employer will continue its present practice of informing the employees of this responsibility and the manner in which it may be fulfilled.
- E. The employee recognizes his/her responsibility to the educational process for children. In order to maximize the development of learned skills on the part of the student the teacher will maintain his/her level of knowledgeable expertise in his/her respective teaching area.

ARTICLE V

Management Rights

- A. The Employer, on its own behalf and on behalf of the electors of the district, hereby retains and reserves unto itself, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan, and/or the United States.

- B. The exercise of these powers, rights, authority, duties and responsibilities by the Employer, and the adoption of such rules, regulations and policies as it may deem necessary shall be limited only by the specific and express terms of this Agreement.

ARTICLE VI

Academic Freedom

- A. The Employer respects the academic freedom inherent in the teaching profession, and to that end, employees have the right to use learning materials and to structure learning activities within the approved curriculum policies of the Board of Education.

ARTICLE VII

Teachers' Rights

- A. An employee shall be entitled to all rights he/she may have under the Michigan General School Laws, the Michigan Public Employment Relations Act, the laws of the State of Michigan and the United States, the Constitutions of Michigan and the United States and other applicable rules and regulations.
- B. Employees shall have the right to rely on the Employer's maintaining reasonable programs for the prevention of and correction of hazardous conditions that may occur in the schools in order to protect the health, welfare, and safety of employees.
- C. An employee shall at all times be entitled to request the building association representative or a member of the Local Association employed by the Board of Education to be present when he/she is being reprimanded, warned, or disciplined.

At no time shall an administrator conduct a conference with an employee, the results of which shall be a letter of reprimand, warning, or disciplinary action which will be filed in said employee's personnel file without first informing said employee of the nature of the conference and allowing said employee the right to request the building representative or a member of the Local Association, employed by the Board of Education, to be present at the conference.

- D. An employee has the right to refuse to contribute time and/or work which would constitute a deviation from the regular hours of the work day or which would not be considered part of the employee's duties.
- E. The employee shall be entitled to full rights of citizenship. Employees shall be protected by the Employer in the exercise of said rights to be free from and without fear of discrimination or discipline in their professional employment with the Employer. The Employer agrees to continue its policies of encouraging respect for the private and personal life of employees.
- F. The Employer and the Union agree that there shall be no reprisals of any kind as a result of the negotiations of this Agreement and the activities connected therewith.
- G. The provisions of this Agreement shall be applied without regard to race, creed, religion, color, national origin, age, sex, marital status, or handicap.

ARTICLE VIII

Vacancies, Promotion, and Transfers

- A. Since the quality of education is determined by the capability of the teaching staff, the Employer is pledged to seek the most competent persons, utilizing all courses for whatever positions may exist.
- B. A promotion is an upward change in position which results in additional compensation for additional duties or responsibilities performed during the regular work day. Promotions are not meant to include the taking on of additional duties in connection with extra-curricular or extra duty activities.
- C. Whenever a vacancy in a professional position in the district shall occur during the school year, the Employer shall publicize the same by giving written notice of such vacancy to the Association and providing for a proper posting in every school building. No such vacancy shall be filled, except on a temporary basis, until such vacancy shall be posted for ten work days.

The District Director of the Local Association shall be advised in writing of the official appointment filling the vacancy immediately after such appointment has been confirmed.

- D. Notwithstanding the provisions of Section C., in the event that a position could be filled by a teacher on lay-off who is qualified and certified to fill said position, posting of the position shall not be required. Should there be no teacher on lay-off who is qualified and certified for said position, the position will then be posted in compliance with Section C.
- E. Any employee may apply for such vacancy. In filling such vacancy, the Employer agrees to give due weight to the professional background, training, and attainment of all applicants, the length of time each has been in the school system of the district, and other relevant factors. The policy of the school district is to promote from within its staff whenever candidates from within the system meet the criteria established by the Board for the position. If an employee denied a transfer inquires of an appropriate administrator the reasons for denial, said employee shall receive such reasons.
- F. The parties agree that unrequested transfers of teachers from one building to another, one subject to another, or one grade level to another, are the prerogative of the Employer but are to be minimized and avoided whenever possible. When the Board or an Administrator decides that a transfer is to be made, the affected teacher(s) will be notified as soon as possible in an informal conference by an appropriate administrator after student dismissal time.

ARTICLE VIII, Vacancies, Promotion, and Transfers (continued)

- G. Prior to March 1, of each year, teachers may request transfers from one building, grade or subject area to another for the ensuing school year commencing and following September. All requests for the transfers must be in writing and received in the Office of the Director of Human Resources no later than March 1.

ARTICLE IX

Emergency Closing of Schools

- A. It shall be the responsibility of the school district to determine when it is necessary to close school. Every effort will be made to communicate announcements of emergency school closing to appropriate radio stations as early in the morning as possible. Stations WJR and WWJ will be given first priority. When the schools are closed to students, due to the above conditions, employees shall not be required to report for duty.
- B. In order to meet student instruction requirements for receipt of the foundation grant, scheduled student instruction days that are canceled due to inclement weather or other conditions which make it necessary to cancel student instruction will be rescheduled for another day.

The student instruction days to be rescheduled will be rescheduled as one-half (1/2) instruction days unless more time is needed to meet the yearly hours of required instruction. The days shall be rescheduled first on scheduled records days, if available. Otherwise, the canceled student instruction day will be rescheduled by the addition of one weekday date of student instruction for each canceled student instruction day to be rescheduled following the last scheduled day of school. The Employer and Union may consult and mutually agree to vary from the rescheduling arrangements set forth herein.

Rescheduled student instruction days worked pursuant to this provision shall be worked by teachers without additional compensation beyond their annual scheduled salaries for the school year, unless the rescheduled day is one that is rescheduled because of insufficient attendance of students on a previous rescheduled student instruction day.

- C. In the event that during this agreement it becomes lawful to reduce or eliminate the rescheduling of any or all of the canceled student instruction days without affecting the foundation grant, only those canceled student instruction days necessary for the foundation grant will be rescheduled as required to ensure receipt of the foundation grant.

ARTICLE X

Reduction in Personnel

- A. When the School District has conditions that warrant a reduction of staff, the Employer shall determine the number of positions to be eliminated. The teacher shall be notified of said lay-off at least forty-five (45) calendar days before the date of lay-off. Lay-offs shall only occur at the end of a semester.
- B. The Board agrees that the order of reduction shall be:
1. Nontenure teachers assigned to a position which an employed teacher shall fill who has greater seniority with the District and has qualifications for placement in that position as determined by a valid State teaching certificate (certificates) or license (licenses) currently held by the teacher with the District and accredited by the North Central Association of Schools and Colleges (1990). It is understood that teachers exempted from the North Central Accreditation requirements shall acquire such and be reimbursed for such in accordance with Paragraph C of this article.
 2. Tenure teachers assigned to a position which an employed tenure teacher shall fill who has greater seniority with the District and has qualifications for placement in that position as determined by a valid State teaching certificate (certificates) or license (licenses) currently held by the teacher with the District and accredited by the North Central Association of Schools and Colleges (1990). It is understood that teachers exempted from the North Central Accreditation requirements shall acquire such and be reimbursed for such in accordance with Paragraph C of this article.
- C. The Board agrees that teachers whose services have been terminated because of necessary reduction in personnel shall be appointed in reverse order of dismissal to the first vacancy in the Trenton Public Schools for which the teacher has the qualifications, certification, and is accredited by the North Central Association of Schools and Colleges for placement in that position. Qualifications and certification placement shall be determined by a valid State teaching certificate (certificates) or license (licenses) held by the teacher, subject to the following additional requisite: In the position of a high school teacher, a middle school teacher, and an elementary school teacher, the teacher shall have accreditation by the North Central Association of Schools and Colleges (1990). The accreditation qualifications for teaching at the middle and elementary school shall not apply to a teacher that has been employed by the district as of September 15, 1991, provided, said teacher becomes accredited for the teaching position within two years of the assignment. Failure to complete work for accreditation within two (2) years may result in termination. The Employer agrees to reimburse the teacher the cost of tuition and fees for the successful completion of only those courses required to achieve the necessary accreditation.
- D. For the purpose of this contract, seniority shall be defined as the total length of service from the date of employment in the Trenton Public Schools providing said service was in a professional capacity (teaching or administrative) under the professional agreement, or appointed by the Board of Education for an annual salary and providing further that at the same time of said service the professional employee possesses a teaching certificate recognized by the State of Michigan.

ARTICLE X, Reduction in Personnel (continued)

- E. A teacher's seniority shall continue to accumulate when on sabbatical, child care, health, military, and study leaves granted by the Board of Education. However, a teacher returning from a granted leave mentioned above shall have seniority ranking adjusted so that the teacher is placed at the bottom of all those teachers of comparable status.
- F. In the circumstances of more than one individual teacher beginning employment, all individuals so affected will participate in a drawing, by lot, to determine position on the seniority list. The Association shall be notified in writing of the date, place, and time of the drawing.
- G. All seniority is lost when there is both a severance of employment and a break in service; however, seniority is retained if a severance of employment and a break in service is due to lay-off. In such cases, teachers so affected shall retain all seniority that has been accrued as of the effective day of lay-off.
- H. A laid-off teacher shall be considered laid-off until reinstated in the District. After the effective date of termination, the period of lay-off will not exceed five (5) years for the tenured teacher and three (3) years for the probationary teacher. If a teacher refuses an offer from the Board of a position for which the teacher is qualified, or fails to respond within ten (10) days of its receipt, to a written offer of a position made by the Board, this shall result in termination of the laid-off teacher.
- I. Notwithstanding the provisions of Section H, teachers whose services have been terminated due to a reduction in personnel will not lose their rights to future recall if they refuse to accept a position which is less than full-time or less than one semester in duration. The teacher shall be required to inform the Board of such refusal within ten (10) days of receipt of the offer of the position.
- J. Notification of a recall shall be in writing with a copy to the Association. The notification shall be sent certified mail to the teacher's last known address.

ARTICLE XI

Teacher Evaluation

- A. Evaluation of the work performance of a teacher shall be conducted openly and with full knowledge of the teacher. The Board agrees to continue the policy of using no mechanical and/or electronic devices without prior written approval of the teacher.
- B. The Board agrees that in the evaluation process, its administrative staff will include the following:
 - 1. After each observation, the evaluator and the teacher will have a personal conference.
 - 2. The teacher will be given a copy of the evaluation signed by the evaluator.
 - 3. In the event a teacher disagrees with the evaluation, the teacher may make written request to the evaluator for another observation to be completed within a thirty-day period, and/or make written response which shall also be included in the personnel file with the above evaluation.
 - 4. The evaluation process for probationary teachers will include a minimum of two evaluations during the school year. The evaluator will give advance notice of no less than twenty-four hours and no more than ninety-six hours prior to the first observation. Tenure teachers, upon their request, or at the discretion of the administration, shall be observed for evaluation.
 - 5. A teacher may request of the administrative staff one observation to be made by a second administrator.
 - 6. The Board agrees that the concept of evaluation is to help teachers improve instruction and to that end will attempt to identify problem areas and provide assistance in improvement.
- C. Each teacher shall have the right by appointment to examine the contents of his/her own personnel file relating to evaluation reports of the Trenton School District, commendations, and copies of correspondence related to the teacher and initiated by the school district after employment. Privileged information such as confidential credentials, reports and related personnel references normally sought at the time of employment are specifically exempted from examination. The examination shall be made in the presence of the administrator responsible for the safekeeping of these files, which the parties acknowledge are the property of the school district and not to be removed from the office of the administrator. In this examination, the teacher may be accompanied by a representative delegated by the Association, provided the teacher gives his written consent to the third party's presence to the administrator.

ARTICLE XI, Teacher Evaluation (continued)

The material examined may be copied by the teacher. If the teacher requests electronic copies of the material, he/she shall pay a reasonable cost as determined by the Business Manager.

- D. Commendation of an employee's competency or performance in the education field from within or without the school system, whether as individuals, departments, or total staff, are appropriate materials for inclusion in the employee's personnel file. The employee shall have the sole responsibility to present said materials to the Office of the Director of Human Resources for inclusion in the employee's file.
- E. Whenever a teacher has a conference (Paragraph B., 1, above) with an administrator, the results of which are a reprimand, warning, or disciplinary action, for any infraction of discipline or delinquency in professional performance, the findings and decisions of the administrator shall be reduced to writing, filed in the teacher's personnel file and a copy thereof given to the teacher, provided, however, that the teacher may reply in writing within thirty (30) calendar days from receipt of the decision to said reprimand, warning, or disciplinary action, and such reply shall be filed in the teacher's personnel file. The evaluation reports referred to in Paragraph B above shall remain in the teacher's personnel file and shall be specifically exempted from the grievance procedure; provided however, that in the event such reports are used as a basis for any discipline or discharge of an employee, then the issue of whether such reports are arbitrary or capricious shall be considered within the grievance procedure.

ARTICLE XII

Grievance Procedure

A. Definition

A claim or complaint by the Union or an employee within the unit for which the Union acts as exclusive bargaining representative which involves the interpretation, meaning, or application of any of the provisions of this agreement. A claim or complaint based on the interpretation, meaning, or application of any of the provisions of this agreement as it relates to all or part of the membership of the bargaining unit shall be filed by the Union and shall commence at Step III of the grievance procedure, provided however, on any claim or complaint that specifically relates to an individual teacher's compensation, assignment, hours of employment, and/or working conditions, the time limitations of the grievance procedure shall be tolled until said teacher shall have completed Step I of the grievance procedure.

B. Step I

When an employee(s) becomes aware of a grievance, said employee(s) shall meet with the building administrator in an informal conference. An employee may be accompanied by a building representative at the informal conference. If an informal conference fails to resolve the problem, the grievant(s) may file a formal grievance.

C. Step II

The grievance shall be reduced to writing, signed, and presented in person to the building administrator. The building administrator will attempt to adjust the grievance and will submit his answer in writing to the aggrieved within five (5) work days, with a copy thereof to the Union. An employee may be accompanied by the building association representative or a member of the Local Association employed by the Employer, if the employee so desires, to present the formal grievance. If an employee does not file a grievance in writing with the building administrator within twenty (20) school days after the occurrence, then the grievance shall be considered as waived.

D. Step III

If the building administrator fails to resolve the grievance or if the Union initiates the grievance, it may be presented in writing to the Director of Human Resources. The Director of Human Resources will attempt to adjust the grievance and will submit his answer in writing to the aggrieved within five (5) work days, with a copy thereof to the building administrator and the Secretary of the Association. An employee may be accompanied and/or represented by the Union, or by a member of the Local Association employed by the Employer, if the employee so desires, to present the formal grievance. Once said grievance reaches Step II, the Superintendent and/or Director of Human Resources may discuss the grievance with the Union.

ARTICLE XII, Grievance Procedure (continued)

E. Step IV

If the Director of Human Resources fails to resolve the grievance, it may be presented in writing to the Office of the Superintendent. The Superintendent will attempt to adjust the grievance and will submit his answer in writing to the aggrieved within eight (8) work days with a copy thereof to the Director of Human Resources, the building administrator and the Secretary of the Association. An employee may be accompanied and/or represented by the Union, or by a member of the Local Association employed by the Employer, if the employee desires, to present the formal grievance.

- F. Conferences may be requested by the employee at any of the steps in the grievance procedure. An employee may be accompanied and/or represented at the conference by the representation permitted at the step in the Grievance Procedure.
- G. In the event the Union is not satisfied with the decision of the Employer, the grievance may be submitted to arbitration by the Union delivering written notice of its desire to arbitrate to the Employer and the American Arbitration Association within twenty (20) work days after the aggrieved's receipt of the decision of the Employer. The arbitrator shall be selected and the arbitration shall be conducted under the rules of the American Arbitration Association. The fees and expenses of the arbitrator shall be shared equally by the Employer and the Association. The arbitrator shall not invade the province of the courts to render opinions on the legality of any of the provisions of the contract, but, rather, the arbitrator shall confine his decision to the sole question of whether or not there has been a violation of this contract. He shall give no opinion with respect to any matter left by this Agreement or by the law to the discretion of the Board. The Arbitrator's decision on any issue properly before him shall be final and binding on the Employer and the Association and any employee involved.
- H. Whenever a grievance submitted to arbitration has as a proposed remedy retroactive pay and/or assignment, the Employer and the Union shall select an arbitrator who shall conduct the hearing within ninety (90) working days from the date of submission of the grievance to arbitration.
- I. Anything herein to the contrary notwithstanding and as provided for in the Teacher Tenure Act, a discharge or demotion of a tenure teacher shall be for just cause. If a teacher timely contests the Board of Education's decision to proceed upon charges, by filing a claim of appeal with the State Tenure Commission, then the teacher and the Union will forever be foreclosed from filing a grievance or requesting arbitration regarding the teacher's discharge or demotion.

The purpose of this election of remedies section is to prohibit a teacher and the Union from contesting the teacher's discharge or demotion under both the proceedings of the Teacher Tenure Act and under the Grievance Procedure.

ARTICLE XII, Grievance Procedure (continued)

- J. Failure on the part of employees or appropriate representatives to appeal a decision within ten (10) work days from date of receipt of answer at any step of the procedure will be considered a withdrawal of the grievance or shall be considered settled on the basis of the decision last made and shall not be eligible for further appeal. To extend the time limits of this article, a letter of intent to continue the grievance at the next step must be filed within the time limits of this paragraph by the aggrieved and in any event the aggrieved must proceed with the next step within a period not to exceed thirty (30) days.
- K. Any employee may withdraw any grievance filed by him through Level II of the procedure. After a grievance has reached Step II, the Union shall have the right to determine if the grievance is to proceed through the remaining levels of the Grievance Procedure.
- L. Any individual employee at any time may present grievances and have the grievances adjusted, without intervention of the Association, if the adjustment is not inconsistent with the terms of this Agreement. The Association will be given an opportunity to have a member of the Local Association, employed by the Employer, present at such hearings and adjustments.
- M. The Employer and the Association will encourage its members not to participate in coercion or reprisals against any persons relative to the grievance procedure.
- N. Forms for submitting grievances will be provided by the Association. Forms for reply will be provided by the Employer.
- O. All documents, communications and records dealing with a grievance shall be filed separately from the personnel files of the aggrieved or any of the participants as otherwise indicated herein to the contrary.
- P. During the pendency of any proceedings and until a determination has been reached, all proceedings shall be considered private, and any preliminary disposition will not be made public without the agreement of all parties.
- Q. The time limits provided in this Article shall be strictly observed and may be extended by written agreement of the parties with the exception of the letter of intent set forth in Section J.
- R. In the event the grievance is filed after June 1st, of any year, and strict adherence to the time limits may result in hardship to any party, the administrative staff will use their best efforts to process such grievances prior to the end of the school term or as soon thereafter as possible.

ARTICLE XIII

Maintenance of Standards

- A. The Employer agrees to maintain the standards of conditions that have existed during the term of the previous agreement except as may be expressly changed in this Agreement.

ARTICLE XIV

Union and Local Association Rights

- A. On any new or modified fiscal, budgetary, tax program, construction program, or major revision of education policy which is proposed or under consideration, the Association may inform the Employer of the Local Association's position with respect to said matters.
- B. The Employer agrees to furnish to the Union upon request all available public information concerning the financial resources of the district and other public information, including but not limited to preliminary budgets and directory of employees.
- C. The District Director of the Local Association shall be furnished with a copy of the approved minutes of each regular or special meeting of the Employer within five (5) working days after the adoption thereof.
- D. A copy of the agenda of each regular or special meeting of the Board shall be sent to the District Director of the Local Association prior to said meeting.
- E. In the event the Union or the Local Association desires to appear on the agenda of a regular Board meeting, the District Director of the Local Association shall make written request no later than the Wednesday immediately preceding said regular Board meeting. The request shall be addressed to the Employer and made to the Superintendent and shall contain as much information as possible on the subject on which the Union or the Local Association desires to appear. Neither the Employer nor the Superintendent shall deny the Union or Local Association's requests to be on the agenda of the meeting.
- F. The Local Association and its members may, upon request to the office of the Business Manager, use the school buildings and facilities for meetings in accordance with Employer policies.
- G. One Union bulletin board shall be provided in each building for the exclusive use of Union notices and matters of concern. The District Director of the Local Association shall be responsible for all material and its contents on the Union bulletin boards.
- H. The Union and Local Association may use the employees' school mail boxes for communications.

ARTICLE XIV, Union and Local Association Rights (continued)

- I. A bank of thirty-five (35) days for each school year will be provided by the Employer for one representative designated by the Local Association to receive release time without loss of pay or fringe benefits to perform Union business. Any one representative, with the exception of the Union's District Director, District Negotiator, Grievance Chairperson, Member of the NEA Board of Directors, Member of the MEA Board of Directors, and elected Executive Committee Representative, shall be limited to no more than ten (10) days in any one school year to receive release time without loss of pay or fringe benefits to perform Union business. On any one day additional representatives not to exceed four (4) as designated by the Local Association shall receive release time without loss of pay or fringe benefits to perform Union business provided however, one day for each said additional representative shall be deducted from the bank. In the event that four (4) representatives of the Local Association are requesting released time for the same day, no more than two staff members per building shall be released for a Local Association Day. Anything herein to the contrary notwithstanding, the term "Union Business" shall not be construed to include participation in any demonstrations involving contractual disputes in any school district.

ARTICLE XV

Protection of Teachers

- A. The Board recognizes its responsibility to give all reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom, on school property, and/or during school sponsored activities.
