ARTICLE 13—PENSION

There exists two (2) retirement plans for employees within the bargaining unit:

1. The Washtenaw County Retirement System; and
2. The Washtenaw County 401 (a) Money Purchase Pension Plan. Employees who were employed on May 31, 1984 will continue to be members of the Washtenaw County Retirement System unless they exercise their option to withdraw from said system and exercise an option to participate in the Washtenaw County 401 (a) Money Purchase Pension Plan.

Employees who are hired on or after June 1, 1984 shall be part of the Washtenaw County 401(a) Money Purchase Pension Plan.

The Washtenaw County Retirement System

Deductions are made each pay day for deposit to the Washtenaw County Retirement System. Deductions start at the beginning of an employee's services with the Employer and equal 3% of the first \$4,200 of his/her annual compensation and 5% of the portion of his/her annual compensation in excess of \$4,200. The Employer also contributes each year an amount that presently is approximately one and one-half (1 1/2) times the employee's contributions.

Benefits are based on salary and length of service, being equal to 1.2% of final average salary up to \$4,200, 1.7% of salary above \$4,200, multiplied by the number of years of service upon retirement. The rest of this computation is the amount of annual retirement benefit.

Final Average Compensation is the average of the compensation paid the employee by the Employer *during the period of five (5) consecutive years of service which produces the highest average.* The five (5) consecutive years must be within your last ten (10) years of credited service.

Benefits are payable upon normal retirement at any time after age 60. Any employee who works until retirement and is over 60 must have eight (8) years of service to qualify for pension. Any employee who leaves before age 60 and has eight (8) years of service credit may leave his/her pension contributions in the fund and begin drawing pension benefits at age 60.

Employees may retire at age 55 with reduced benefits providing he/she has twenty-five (25) or more years of service. Employees must retire at age 70 unless extension of service is granted.

Effective January 1, 1998: Implement "Rule of 75." Employees may retire at age 50 with full benefits providing he/she has twenty-five (25) or more years of service.

In the event employment with the Employer is severed for any reason before an employee qualifies for retirement benefits, a refund of all contributions made by the employee, plus interest compounded annually, will be made upon request.

Deferred retirees will be allowed to participate, at their own expense in the County Blue Cross/Blue Shield program, once they are placed on the County retirement rolls.

The Employer agrees to pay the premium for Blue Cross and Blue Shield hospitalization insurance presently in effect for regular County employees, for retirees from the age of their 62nd birthday until they reach their 65th birthday.

The Employer agrees to pay the premiums for Blue Cross and Blue Shield Medicare Supplement insurance and for \$2,000 of life insurance for employees retiring. Effective January 1, 1993, the life insurance benefit will be \$3,500. The Employer also agrees to pay the Blue Cross and Blue Shield for the retiree's spouse when it pays for the retiree's medical insurance.

A Retirement Commission administers the Retirement System and any questions about retirement should be directed to the Chairman of the Retirement Commission in writing.

If any employee is absent because of illness or off-the-job injury and verifies same to the Employer, the Employer shall continue to make the required contributions to the present Pension Fund under which the employees are covered for a period of four (4) weeks. If an employee is injured on the job, the Employer shall continue to pay the required contributions until such employee returns to work; however, such contributions shall not be paid for a period of more than twelve (12) months.

Effective January 1, 1989: The multiplier will be increased to 1.2% of final average compensation up to \$4,200 and 2% of final average compensation above \$4,200 multiplied by the number of years of service upon retirement. The employee's contribution will be increased to 5% of payroll.

Effective January 1, 1993: The Multiplier will be two (2%) percent of final average compensation multiplied by the number of years of service upon retirement.

The Washtenaw County 401(a) Money Purchase Pension Plan

The provisions of the Washtenaw County 401 (a) Money Purchase Pension Plan as set forth in the "Washtenaw County OPTION C RETIREMENT PLAN Primary Features of 401(a) 'Money Purchase' Pension Plan" and the "Washtenaw County Money Purchase Pension Plan" both adopted by the Washtenaw County Board of Commissioners on December 19, 1984, are incorporated herein and made a part thereof.

Deductions are made each pay period for deposit to the Washtenaw County Money Purchase Pension Plan. Deductions start at the beginning of an employee's service with the employer, or at the time an employee exercises the option to enter the Plan. The employee deduction will equal 6% of total wages, and the employer contributes an equal amount each pay period.

When the employee retires or leaves County employment, he/she receives the employer and employee contributions in the account plus any interest/dividends that the contributions may have earned or minus any losses. Both the employer and the employee contributions are tax-deferred until withdrawal. If the money is withdrawn before age 59 1/2 and not rolled over into an IRA, there will be a tax penalty under law, which is currently 10%, in addition to normal income tax treatment.

The employer will provide medical insurance for retirees starting at age 62 until 65 if employed for 10 years, and age 62 or older, or if employed 12 years and age 60 and over, or if employed 15 years and age 55 or older. Insurance coverage is not provided if the employee or spouse has similar coverage from another source. Any money which was withdrawn from either the WCERS, or the MPPP, for any reason, must be reimbursed to the Washtenaw County Retirement System, at the time the election is made and in no event will the employee be able to draw pension benefits until such sums are repaid.
