COLLECTIVE BARGAINING AGREEMENT

CONTRACT

This contract entered into June 2ND, 1997, effective January 1, 1996, between the Charter Township of West Bloomfield, Michigan, a Michigan Township, hereinafter called the "Township" and Local No. 1721 of the International Association of Firefighters, hereinafter called the "Union", and ending December 31, 1999.

WHEREAS, the Union was certified on March 7, 1968, by the Michigan Labor Mediation Board as the representatives for the purpose of collective bargaining for certain employees of the Township, to wit: All full time Firefighters.

WHEREAS, the Township and the Union have bargained collectively as such term is defined in Section 15 of Act 336 of the Public Acts of 1947 as amended and have reached certain agreements with respect to wages, hours, and other terms and conditions of employment with respect to the bargaining unit, and,

WHEREAS, the Township and the Union now desire to execute a written contract reincorporating these agreements,

NOW THEREFORE, the Township agrees that the employment of the employees included within the bargaining unit as of the date hereof and during the life of this contract, and the Union, on behalf of such employees, agrees that they shall be employed in accordance with the terms of this Contract as hereinafter set forth.

ARTICLE I

SCOPE OF CONTRACT

1. This Contract shall be applicable to all full time Firefighters employed by the Township of West Bloomfield. The word "employee", as used in this Contract shall be deemed to mean full time Firefighters unless the context in which the word is used clearly indicates otherwise.
2. Union Sole Bargaining Agent.
3. Nothing herein contained shall be held to restrict or impair the right of the Township, as employer, to direct the work of its employees and to establish reasonable rules and regulations relating to the performance of the work while on duty, not inconsistent with the terms of this contract.
4. Nothing in this Contract shall be held to conflict with the laws of the United States or the State of Michigan relating to veterans' preferences, wage and hour laws, workers' compensation, or unemployment compensation laws, laws regulating the employment of Firefighters or other similar laws, it not being intended hereunder to limit the rights of employees afforded by such laws in any way.
5. All full time Fire Department personnel may, but are not required to become affiliated with Local 1721, International Association of Firefighters.
6. The parties acknowledge that during the negotiations which resulted in this agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this agreement. Therefore, the Township and the Union, for the life of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated to, bargain collectively with respect to any subject or matter referred to or covered by this Agreement and with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subject or matter may not have been within the knowledge and contemplation of either or both of the parties at the time that they negotiated or signed this Agreement.

ARTICLE II

UNION ACTIVITIES

1. Employees shall be represented by the Local Union president, or in his absence, the Local Union vice-president, or elected steward.
2. Employees shall not spend time on Union business during regular working hours except when the same involves a grievance or problem arising out of this Contract the nature of which is such that it cannot be conveniently disposed of outside of regular working hours and it does not interfere with the work of the Township Fire Department.
3. The Union shall be permitted to erect suitable bulletin boards including one at each Fire Station for the purpose of posting Union notices or other materials. This bulletin board will be provided by the Township. Such boards shall be identified with the name of the Union and the Union shall designate the persons responsible therefor. Such boards shall be kept in proper order and shall not be allowed to become an eyesore. The bulletin board shall not be used by the Union or any member of the bargaining unit for advertising or for posting or distributing pamphlets or political matters of any kind whatsoever.
4. The Union, upon approval of the Fire Chief, may schedule meetings on Fire Department property, insofar as such meetings are not disruptive of the duties of the employees or the efficient operation of the Department. A fixed time, date and place for Union meetings will be as agreed by the Fire Chief and Union president.

ARTICLE III

GENERAL PROVISIONS

2. General orders shall be posted on the bulletin board of each Fire Station with respect to housecleaning, maintenance of equipment, personal appearance, etc.
3. Orders shall be posted at each Fire Station in regard to the dispatch of fire trucks on all types of fires.

agreement with any other organization which in any way conflicts with the provisions of this Contract.

5. Other Organizations: Employees may belong to other organizations, but such other organizations shall not represent any employee with respect to wages, hours, or conditions of employment or in derogation of the exclusive bargaining agency of this Union.
6. Mechanical work may be performed by non-bargaining unit employees. The Department may assign unit members to perform mechanical work as necessary to meet the needs of the operation.

#### ARTICLE IV

##### GRIEVANCE PROCEDURES

1. Nothing in this Article shall prevent any individual employee from exercising the rights granted to him under Section 11 of Act 336 of the Public Acts of 1947 as amended.
2. For the purpose of this Contract, a grievance is defined as an alleged violation of this Contract.
3. The following procedures shall apply in presenting a grievance to the Township:
  - A. The steward or the Union President shall present the grievance in writing to the Fire Chief. A grievance must be presented in writing within seven (7) calendar days after the employee has knowledge of its occurrence or it shall be considered waived. For purposes of this Section, a "regularly scheduled calendar working day" is Monday through Friday excluding Saturday, Sunday and observed holidays.
  - B. The grievance shall be answered in writing by the Fire Chief within five (5) days after the grievance is presented to him.
  - C. If no further action is taken within five (5) days after service of the written answer upon the Steward, or the Union President, the answer will be considered to be accepted and no further action may be taken upon the grievance.
  - D. If, within five (5) days after service of the answer, the answer is not accepted by the steward, or the Union President, the Union President may demand that the grievance be submitted to the Supervisor. In such event, the Fire Chief shall furnish copies of the grievance and of his reply to the Supervisor. The Supervisor

- shall schedule a hearing upon such grievance within ten (10) days thereafter. The Supervisor shall represent the Township and the Union may be represented by not more than three (3) representatives who shall be designated by the Union President.
- E. If the matter is not resolved by the Supervisor and the representatives of the Union, within five (5) days, a hearing will be scheduled before the Personnel Practices Committee of the Township Board. The Personnel Practices Committee will establish a hearing of such grievance within ten (10) days thereafter. The Union may be represented by not more than four (4) representatives who will be designated by the Union President.
  - F. If the matter is not resolved by the Supervisor, or the Personnel Practices Committee and the representatives of the Union within thirty (30) days, either the Township or the Union may request the assistance of a mediator in accordance with the provisions of Act No. 336 of the Public Acts of 1947 as amended.
  - G. If the matter cannot be resolved by the foregoing procedure, with or without mediation, the matter shall be submitted to arbitration by an arbitrator to be chosen by agreement of the Township and the Union. In the event that the Township and the Union are not able to agree upon the identity of the arbitrator, the matter shall be submitted to the American Arbitration Association for selection of an arbitrator.
  - H. Should the matter be submitted to arbitration, arbitration shall proceed in accordance with the rules of the American Arbitration Association and the decision of the arbitrator shall be final and binding upon both the Township and the Union.
4. In the event of a grievance being presented, the Township and the Union shall each bear its own expenses. In the event of submission to arbitration, the Township and the Union will share the expenses of arbitration equally.
5. A. Any agreement reached between management and Union representative(s) is binding on all employees affected and cannot be changed by any individual. For purposes of this Article, the term Union "representatives" refers to the Union President or Steward.
- B. The sole remedy available to any employee for any alleged breach of this Agreement or any alleged violation of his rights hereunder will be pursuant to the Grievance Procedure.
- C. Any grievance that either (a) is not processed or (b) is disposed of in accordance with this Grievance Procedure shall be considered settled, and such settlement shall be final and binding upon the

Township, the employee or employees involved, the Union and its members.

6. No claim for back wages involved in any grievance shall exceed the amount of wages the employee would have otherwise earned at this regular rate of pay.
7. The arbitrator shall have no power to add to, subtract from or modify any of the terms of this Agreement or any supplement or amendment thereto or to go beyond the scope of the grievance as filed in writing. The arbitrator shall have no power to substitute his discretion in cases where the Township is given sole discretion to act by this Agreement or by any supplement or amendment thereto. In the event the arbitrator decides he has no power to decide or rule on an issue, he shall so rule and the matter shall be referred back to the parties.
8. The sole remedy available to any employee for any alleged breach of this Agreement or any alleged violation of his rights hereunder will be pursuant to the Grievance Procedure.

##### FOOD ALLOWANCE

- 1. A food allowance of \$500.00 will be paid to each employee on February 15th of each year. To be eligible for this food allowance, each employee must have been paid for 80% of the time in each month that comprises the preceding calendar year. In the event an employee leaves prior to this date, or starts employment during the preceding calendar year, or has not been paid for 80% of the time in any month during the preceding calendar year, a proration of this amount will be made.

#### ARTICLE VII

##### LONGEVITY PAY

- 1. In addition to the pay provided for in Article V, the employee shall receive, with the next pay after the anniversary date of hire, a sum equal to the percentage of his annual base rate of pay then in effect based upon his length of service at that time. The payment will be based upon the employee's date of hire and the amount of time actually

worked in the preceding calendar year (i.e., anniversary date to anniversary date).

<u>Length of Service</u>	<u>Percentage of Annual Pay</u>
5 years	2%
10 years	4%
15 years	6%
20 years	8%
25 years	10%

2. Longevity pay is earned in the calendar year (anniversary date to anniversary date, inclusive) prior to the date on which the payment is made. Longevity pay credit is earned according to the schedule set forth above and the employees seniority on his anniversary.
3. The foregoing longevity payments are based on a full twelve (12) months of service. An eligible employee must be paid for eighty (80%) percent of the scheduled work time within a given calendar month to earn longevity payment credit under the above schedule. If an employee retires under the provisions of the West Bloomfield Township Employee Retirement System or voluntarily resigns with at least two (2) weeks advance written notice to the Township, the employee will receive a pro-rated longevity payment based on the number of months of service in that anniversary year.

#### ARTICLE VIII

##### OVERTIME PAY

1. Overtime pay under this Agreement, with the exception of Section 3 below, shall be paid in accordance with applicable State and Federal legislation. Subject to Article VIII, Section 5 below, the Department will continue to schedule unit members on a fifty-six (56) hour average work week basis. The Township will continue to calculate overtime in conformance with current practice, provided that: The hourly and daily rate will continue to be computed as follows: Annual base salary divided by 2912, except that for purposes of calculation of overtime pay, the hourly rate will be computed as follows: Annual base salary and longevity divided by 2912. Paid absent time shall be counted as time worked for the purpose of computing overtime payments both under the contract and for statutory overtime.
2. The Fire Chief may, in a case of emergency, require an employee to work overtime or to call an employee back to work on a period when he would otherwise be off work, subject to the provision of Act 125 of the Public Acts of 1925 as amended.

3. If an employee is required by his supervisor to work longer than twenty-four (24) hours on any regular working day, he will be compensated at an hourly rate equal to one and one-half (1-1/2) times his average hourly rate. In the event that an employee is called back for duty by his supervisor on a day when he would not normally be on duty because of an emergency or other circumstances, he will be compensated at an hourly rate equal to one and one-half (1-1/2) times his average hourly rate, and he will be entitled to not less than two (2) hours pay at overtime rates, regardless of the time actually spent on duty. Should an employee be subpoenaed to appear as a witness in court for matters that have arisen from and as a direct result of his employment with the Township, and in which the Township is not a defendant, at a time when he is not normally on duty, he will be paid for that time actually spent in court, provided prior written notification has been given to the chief of the department, at an hourly rate equal to one and one-half (1-1/2) times his average hourly rate and he will be entitled to not less than two (2) hours pay at time and one-half (1-1/2), regardless of the time actually spent in court. The employee must be off duty at the time of testifying and any subpoena fees received will be turned into the Township Treasurer.
4. Overtime permit sheets when applicable and time sheets for each work period forwarded to the Accounting Department. Overtime is to be paid on the next practicable pay period.
5. It is understood that during the life of this Agreement, The Township shall have the right to schedule firefighters on the basis of 216 hours in each 28 day cycle. The Fire Chief may schedule the hours off in each cycle in order to obtain the 216 hours. In the event such a schedule is implemented, the salaries set forth in the Agreement shall continue to be paid for 54 hours of work instead of the current 56 hours. In other words, if the 216 hour schedule is adopted, the hourly rate will be based on the annual salary divided by 2808 (as opposed to current 2912) and time and one-half (1-1/2) will be paid for hours worked beyond 54 hours in a week. In the alternative, during the life of this Agreement, the Township may elect to give an additional day off on a periodic basis in lieu and instead of paying any additional overtime rates for those hours in excess of 54 hours each week.
6. In the event the Township requires an employee with an advanced EMT license to attend training programs and/or classes during the employee's non-work hours for the purpose of maintaining the employee's EMT license, the Township will pay for such approved course contact hours (no travel time) at the rate of time and one-half (1-1/2) of the employee's normal straight time rate. The training programs and/or classes must be approved in advance, in writing, by the Township.
7. The provisions of this Article shall remain in effect for that period, and to the extent, required by State and/or Federal Legislation.

8. All overtime must be authorized and approved by the Department.
9. The Township may compute overtime on a 24 day cycle basis, in accordance with standards set by Federal and State Law.
10. There shall be no set-off of contractual overtime pay previously earned against statutory overtime due.
11. Effective January 1, 1988, overtime pay will be calculated and paid as follows:
  - A. Under a 24 day work period: Each employee will receive in addition to his regular base pay --
    - I. An extra half-time pay for all regular scheduled hours in excess of the standard set by Federal/State Law, which is currently 182. e.g. since a firefighter has currently 192 regular scheduled work hours in a 24 day period, he will receive half-time pay for ten (10) hours, or five (5) hours of pay.

The hourly rate for purposes of calculating the half-time pay is annual base salary plus longevity divided by 2912.
    - II. Time-and-one-half pay for all hours worked at times other than on regular scheduled duty hours. The hourly rate for purposes of calculating this time-and-one-half pay is annual base salary plus longevity divided by 2912.
  - B. Under a 28-day work period:

Same as above, except under (I) replace "182" with "212", and replace the second sentence with: "e.g., since a firefighter has either 216 or 240 regular scheduled work hours in a 28 day period, he will receive half-time pay for four (4) hours during a 216 period and for 28 hours during a 240 period".
12. A log shall be kept for all overtime hours, except emergency fire runs, worked by each employee. Emergency fire runs are defined as all non-medical emergency fire department runs. All overtime other than emergency callback or special projects as described in (1) below shall be offered first to those employees having the least number of overtime hours on the log; in the event that two (2) or more employees have the same number of hours on the log, the employee with the highest department seniority will be called first. However, there will be two (2) exceptions to the foregoing:

1. To the extent as is reasonably necessary to accommodate the department's special needs such as mechanics, paramedic coordinator, video operators, arson investigators, photographers and topographers, these persons may be offered overtime out of order, but all overtime hours worked by them will be recorded on the log.
2. If no officer is on duty which requires overtime, the overtime will be offered first to those officers having the least number of overtime hours on the log.

The overtime log will be updated by 6:00 p.m. everyday. Overtime slips must be turned in immediately at the end of the overtime period worked.

NOTE: The log will start at 0 on January 1, 1988 and the initial offering shall be by highest department seniority.

After January 1, 1988, employees who become newly eligible to work overtime will be placed on the log with the then current average of hours of all employees in the log.

In the event of an error, the only remedy shall be to place the aggrieved party at the top of the list until such time as he/she is offered and accepts the next available overtime assignment. (Effective upon ratification and signing of the contract).

In the event the Department is unable to contact an employee by 11:00 p.m. for an overtime work assignment the next day, such employee shall be by-passed and will retain his/her position on the call-in list. (Effective upon ratification and signing of the contract).

13. Nothing contained herein shall be construed as impairing the Departments right to discontinue call-back assignments for AMET's runs.
14. Effective January 1, 1992, in lieu of pay for overtime, an employee shall be entitled, if he/she so elects, to receive compensatory time off. Compensatory time off may be accumulated to a maximum of fifty-six (56) hours outstanding at any one time. The election for compensatory time must be indicated on the day on which it is earned. Compensatory time may be taken, in not less than a four (4) hour minimum, upon Department Approval. Approval will be granted if no more than three (3) unit members, excluding captains, are scheduled off. It is understood that the use of compensatory time shall not cause the payment of overtime. An employee, upon two (2) weeks written notice to the Township may elect to receive the equivalent of his/her accumulated compensatory time in cash in his/her next regular pay.

Effective January 1, 1994, the maximum accumulation shall be increased to one hundred (100) hours outstanding at any one time.

ARTICLE IX

HOLIDAY PAY

1. Holidays Defined: The following calendar days, or calendar days customarily celebrated in lieu thereof, shall be deemed holidays for purposes of this Agreement as Exhibit A.
2. Because the employees in the bargaining unit are required to work their regular shift regardless of the occurrence of a holiday, no additional time off will be authorized for holidays for employees within the bargaining unit. Each employee shall, however, be paid for each such holiday at the rate of one-half (1/2) of his base pay for a twenty-four (24) hour work day. Base pay for a twenty-four (24) hour work day shall be determined by dividing the annual salary of the employee as of the date of the holiday, by the average number of twenty-four (24) hour days normally worked during a full year. The holiday pay beginning with New Year's Day through Christmas shall be added to employee's pay for the period ending on the last day of November. This will be paid in a separate check.

EXHIBIT A

1. New Year's Day
  2. Memorial Day
  3. Independence Day
  4. Veteran's Day
  5. Washington's Birthday
  6. Lincoln's Birthday
  7. Labor Day
  8. Thanksgiving Day
  9. Christmas Day
  10. Columbus Day
  11. One-half day before Christmas  
One-half day before New Year's Day
  12. Floating Holiday
3. Effective January 1, 1994, subject to the provisions of this Section employees may take up to three twenty-four (24) work days off with regular straight-time pay in lieu of the paid holiday time set forth in this Article. Each day so taken shall be deducted from the days allotted to each employee (i.e. two (2) holidays at one-half day for each twenty-four (24) hour day so taken). The usage of time shall be

consistent with the needs of the operation and shall be at the discretion of the Department. The usage of time shall not cause or result in the payment of overtime to another employee. Days off must be scheduled in advance and the employee must receive advance approval from the Department.

ARTICLE X

VACATIONS

1. Employees will be entitled to annual vacations in accordance with the following schedule:

Vacation leave with pay is earned in the anniversary year prior to the anniversary year in which the vacation leave with pay is to be taken. The employee's anniversary year is measured from the employee's anniversary date (i.e., last date of hire) to the next succeeding anniversary date. Vacation earned in accordance with this Article will be awarded an employee on his anniversary date. An eligible employee will be credited with vacation leave with pay according to his seniority on his anniversary date in accordance with the following schedule:

Seniority

After one (1) year to and including after four (4) years	6 consecutively scheduled 24 hour work days
After five (5) years	7 consecutively scheduled 24 hour work days
After six (6) years to and including after nine (9) years	9 consecutively scheduled 24 hour work days
After ten (10) years	10 consecutively scheduled 24 hour work days

2. Effective January 1, 1989 employees will be entitled to annual vacations in accordance with the following schedule:

Seniority

After fifteen (15) years to and including after nineteen (19) years	11 consecutively scheduled 24 hour work days
After twenty (20) years	12 consecutively scheduled 24 hour work days

3. Vacations will be granted at such times during the employee's anniversary year as are suitable, considering both the wishes of the employee and the efficient operation of the Township. Vacations will be subject to the prior approval of the Fire Chief. Vacations may be split into one or more periods providing such scheduling does not drastically interfere with the operations of the Fire Department. Employees required to take compulsory military training shall be allowed to take their vacation at the time such training must be taken. In emergency situations, vacations may be temporarily suspended. Vacations may not be accrued from year to year.
4. Employee's vacation requests shall be posted on the bulletin board at the main station not later than May 1 of each year. Selection of vacation time shall be based upon seniority --- first by seniority in rank, second by seniority in the department. Each platoon shall select independently of the other.
5. If an employee is laid off or retired, he will receive any unused vacation credit including that accrued in the current year. A recalled employee who received credit at the time of layoff for the current year will have such credit deducted from his vacation in the following year. In the case of resignation from the Fire Department, employee will receive full pay for accumulated vacation time, provided severance is mutual and at least two weeks notice of resignation is given.
6. An employee may extend his/her vacation by use of a personal leave day, upon approval of the Fire Chief.

7. Vacation time may be taken, in not less than a four (4) hour minimum, upon Department approval. Short-term and 24 hour vacation requests (i.e. non-primary picks) will be honored on a first come first served basis. Approval will be granted if no more than three (3) unit members, excluding captains, are scheduled off. It is understood that the use of vacation time will not cause the payment of overtime. (Effective upon ratification and signing of the contract).

## ARTICLE XI

### RETIREMENT

1. Employees included within the bargaining unit shall be entitled as a condition of their employment, to the benefits of the retirement program approved by the West Bloomfield Township Board (the basic plan) and presently in effect which retirement plan is incorporated herein by reference. Effective April 1, 1982, the pension formula will be changed from one percent (1%) of final average earnings to one and one-half percent (1-1/2%) of final average earnings.
2. The mandatory retirement age will be sixty-five (65) years of age and the employee will normally retire on the first day of the month following the employee's sixty-fifth (65th) birthday. Upon written application and good cause shown, the Township Board may, in its sole discretion, grant an exception to this requirement for such periods of time as it deems appropriate. The normal retirement age will be as set forth in the retirement plan, i.e. age 60. Effective December 31, 1989, the normal retirement age will be age fifty-five (55). Effective January 1, 1993, the normal retirement age will be age fifty-three (53). Effective January 1, 1994, the normal retirement age will be age fifty-two (52).
3. The Township will provide a voluntary employee contribution qualified plan for deferred compensation.

5. The Township reserves the right to select the carrier(s), to change carrier(s), and to become self insured, provided that the dollar amount and/or benefits of such coverages is not reduced and the eligibility requirements under such contracts are not increased.

6. Effective January 1, 1997, the Township agrees to apply the following benefit formula to those employees who retire at normal retirement age after January 1, 1997. The combined benefits under the plans set forth in paragraphs 1 and 4 above equated to the actuarial equivalent of a straight life annuity for the employee alone will not be less than 2.75% of the employee's final average compensation multiplied by the employee's years of credited service (up to a maximum of eighty (80) percent) at the time of retirement. This minimum benefit shall be payable until the age at which unreduced social security benefits are available.

Upon attaining the age of which unreduced social security benefits are available the combined benefits under the plans set forth in paragraphs 1 and 4 above equated to the actuarial equivalent of a straight life annuity for the employee alone will not be less than 2.25% of the employee's final average compensation multiplied by the employee's years of credited service (up to a maximum of eighty (80%) percent) at the time of retirement. This minimum benefit shall be payable for the remaining lifetime of the employee.

The 2.75% minimum benefit level will be computed as follows: The benefit (1.5% single straight life annuity) payable under the basic plan set forth in paragraph 1, the actuarial equivalent single straight life annuity under the defined contribution pension plan set forth in paragraph 4, and a supplement, if necessary, to bring the benefit level to 2.75%. At the age at which unreduced social security benefits are available, the minimum benefit level shall be revised to be 2.25% and computed on the same basis set forth above.

If an employee withdraws any part or all of his account from the defined contribution pension plan, the benefit payable under this provision shall be reduced by the actuarial equivalent of such withdrawal; the amount of reduction shall be the single straight life annuity which could have been purchased from the amount withdrawn if said amount had remained in the defined contribution pension plan until retirement. In the event the employee's benefits under paragraphs 1 and 4 above equal or exceed 2.75%, or 2.25% as applicable, no additional payments or supplements will be made under this provision. Cost of living adjustments, if any, under the basic plan set forth in paragraph 1 will be paid as set forth in the basic plan irrespective of whether any supplement is paid under this provision.

7. Designated beneficiaries of an employee who dies while in service are entitled to the full vested portion of the employee's multivestor pension monies.

In the event that the employee is found medically able to return to work, the employee shall be returned to active duty, except as provided in D. below.
- D. In the event that the employee disagrees with the findings of the Township appointed doctor, he may, within thirty (30) days of such examination submit evidence from another doctor. The cost of this second opinion shall be borne by the employee. If the Township and the Union do not agree after the second medical opinion, a third opinion will be secured from the Chief of Medical Staff of William Beaumont Hospital, or his designee(s). The findings of such third doctor will be final. The cost of securing such third opinion shall be divided equally by the Township and the Union. If the third doctor determines that the employee is medically able to perform his regular duties, the employee shall be returned to active duty.

The spouse's line of duty death pension benefit shall be sixty-six and two-thirds (66-2/3%) percent of the employee's base wage at the time of death, or the employee's full pension benefit to which the employee is entitled, whichever is greater. This pension shall be subject to set off and reduction by the amount of any workers compensation benefits provided, however, that a pension received under this Section shall not be considered a "like benefit" under 161 of the Workers Compensation Act. Any workers compensation redemption shall be pro-rated and offset against future disability pension payments. 12. Effective January 1, 1997, the joint and survivorship option offered by the retirement plan shall 'pop-up' to the unreduced pension amount if the designated beneficiary dies before the retiree. - d. In the event and to the extent that the Fire Department exceeds the designated AEMT complement under Section B and C above, AEMTs who wish to do so shall be allowed to exit the AEMT complement on the basis of highest department seniority.

3. Prior to advertising for new employees, the Department will advise the Union and during the next forty-five (45) calendar day period an AEMT may file a written request to withdraw from the AEMT complement. Once the forty-five (45) day period expires, the withdrawal request may not be rescinded and once the request is approved and the employee is released from the complement, the employee may not participate in the AEMT program in the future without Department approval. Withdrawal requests will be granted (provided the minimum staffing level is maintained) based upon Department seniority (as compared to other AEMTs).
