FRINGE BENEFITS

20.01

Hospitalization

The district will fund health insurance costs for eligible bargaining unit members, as described above, during the 1999-2000, 2000-2001, and 2001-2002 fiscal years, subject to the limitations described below.

The July 1, 1999, through June 30, 2000, bargaining unit's total cost of health care benefits will be used as the baseline cost for purposes of determining potential cost sharing. This cost will be funded by the District. For the July 1, 2000, through June 30, 2001 contract year, the District will fund the cost of the bargaining unit's total health care insurance up to a seven percent (7%) increase. If the increase in the bargaining unit's total cost of health care insurance for 2000/2001 exceeds seven (7%), the Board and the Union will meet to determine the means, coverage, and/or member cost sharing to continue providing health care benefits. Further, the parties will reach an agreement on coverage and cost of health insurance before additional funds are paid above the seven percent (7%) increase. The same conditions apply for the 2001-2002 contract year with the total percent increase covered by the district to not exceed twenty-one percent (21%) for the three years.

If the cost of health care insurance increases by five percent (5%) or less, the difference between the actual cost of the increase and a five percent (5%) increase will be calculated at the end of the fiscal year and will be refunded to the eligible bargaining unit members. This refund, if any, will be equally divided between eligible bargaining unit members who are covered by the district's health insurance policy as of June 30, 2001, and will be added to the third paycheck of the 2000-2001 contract year. The refund will be reduced by the district's applicable FICA and retirement costs. This refund is non-cumulative and will not be added to the pay schedule. If the increase in health care insurance costs exceed 5%, no refund will be paid.
