When involuntary transfers and/or reassignments are necessary, said reassignments or transfers shall be made with the following considerations:

- F. Reassignment shall be viewed as a new preparation from the preceding year.

ARTICLE XI

REDUCTION OF STAFF

A. When a reduction of staff is necessary, the Board of Education shall determine the areas or departments where staff will be laid off. After that determination is made, the following guidelines will be followed:

1. No tenure teacher shall be dismissed due to ROS until all probationary teachers in that area or department have been dismissed.
2. Dismissal due to ROS will be based on length of service within the district. In the event that more than one teacher has the same experience and date of hire *, the affected teachers shall participate in a drawing to determine their position on the seniority list.

B. Teachers dismissed due to ROS may relocate in other departments in accordance with the following guidelines:

1. Tenure teachers shall have the first priority based on seniority.
2. Tenure teachers so affected shall bump other teachers.
3. Bumping order for High School, Middle School and Elementary Art, Music and Physical Education teachers will be:
 - a. First bump must be the lowest seniority person in the teacher's major.
 - b. Second bump is lowest seniority person in the teacher's minor.
 - c. Third bump is lowest seniority person in the teacher's certification. If the third bump is in effect then the teacher will be required to take six (6) hours of course work each year after bumping into an area for which no major or minor is held. One half of the tuition will be paid by the District.

* Date of hire is determined to be the first day an employee reports to work for all employees hired after 9/15/81.

- D. In the event it becomes necessary to reduce the number of teachers through layoff of employment or to reduce the number of teachers in a given subject area, field, or program or eliminate or consolidate positions, the order of lay-off shall be determined by the agreed upon seniority list. However, such action shall not be contrary to Section A. The Board shall give notice at the earliest time possible.
- E. Any teacher on lay-off shall be recalled in inverse order of lay-off provided they are certified and qualified for the vacancy. No new teacher shall be employed by the Board while there are teachers who are laid-off unless there are no laid-off teachers with the proper certification and qualifications to fill any vacancy which may arise.
- F. The Board shall give written notice of recall from a layoff by sending a registered or certified letter to said teacher at their last known address. It shall be the responsibility of each teacher to notify the Board of any change of address. The teacher's address as it appears on the Board's records shall be conclusive when used in connection with layoffs, recalls, or other notice to the teacher. Failure to accept a position within ten (10) days of notice will terminate all recall rights to that position.
- G. Teachers who are laid off under this Article shall be given priority in teaching substitute assignments.
- H. A seniority list shall be provided each fall, to be certified by the Association. Teachers shall be ranked in order of their last date of hire into a bargaining unit position. Seniority shall be broken if a teacher resigns, retires, refuses recall, is dismissed for cause or accepts employment in a district which is outside the bargaining unit. If two or more teachers are hired on the same day, seniority will be determined at the time of hire for position of seniority by a drawing.

The Board of Education reserves the right to request a second opinion from a physician of the Board's choice.

- I. Duty days shall mean those days when pupils are in attendance, teacher orientation days, conference and curriculum days and record days which may occur at mid year and the close of the school year.

ARTICLE XX

PROFESSIONAL DEVELOPMENT

The Board of Education agrees to establish a fund of professional development monies. It is understood that each teacher is guaranteed but not limited to \$135.00 per year to pursue his or her professional development. These monies are to be used for registration fees, travel, food and lodging. It is also understood that the Board is open to investing even more monies should the fund become depleted.

In order to access this money, the teacher must go through the established procedures of requesting to go to conferences, seminars, work sessions, visitations or classes. This function must be directly related to the teacher's current or proposed teaching assignment. The Board of Education will solicit staff input on how the Professional Development funds are to be spent. After the input is received, a district focus will be determined. A teacher, with the approval of their principal and the Superintendent, can deviate from the agreed upon district focus as specified needs arise.

A Professional Development Advisory Committee composed of one teacher from each building will work with the Superintendent or his representative to review applications for the use of Professional Development funds. This committee will establish procedures and necessary timelines to award these funds, monitor their use and insure that all teachers have equal access to the funds. This committee will make every effort to insure that funds not being used because some teachers may choose not to use them will be used to provide even greater amounts to those teachers who have conferences, etc., which cost more than the minimum provided by this agreement. It is understood that the Superintendent will have final authority within the limits of Paragraph 1.

Both the MEA and the Board urge each and every teacher to make good use of these funds by updating his or her professional skills. The students, individual teachers, and the school district will gain from teachers who are up-to-date, enthused and aware of the most current methods and procedures. Principals are directed to encourage teachers to take advantage of any opportunity for professional growth that will be of help in current or proposed teaching assignments.

It is further understood that teachers who participate in these professional activities will share what they have learned with their colleagues, with students or with the administration as appropriate.

During the 2001-02 school year, it is agreed that four (4) days be included in the calendar with (1) additional day available for professional development during the school year.

The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Board and the Association, for the life of this Agreement, each voluntarily and unqualifiedly waives the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement upon mutual agreement, any issue may be reopened for negotiation.

CODE OF ETHICS OF THE EDUCATION PROFESSION

PREAMBLE

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence and the nurture of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the MEA and/or its affiliates for the violation of any provision of this code shall be exclusive, and no such provision shall be enforceable in any form other than once specifically designated by the NEA or its affiliates.

PRINCIPLE I - COMMITMENT TO THE STUDENT

6. Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, or family, social or cultural background, or sexual orientation, unfairly:
 - a. Exclude any student from participation in any program:
 - b. Deny benefits to any student:
 - c. Grant any advantage to any student:
7. Shall not use professional relationships with students for private advantage.
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

PRINCIPLE II - COMMITMENT TO THE PROFESSION

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education and to assist in preventing the practice of the profession by unqualified persons.
