PREAMBLE

This Agreement is entered into by and between the Board of Education of the Boyne City School District, hereinafter called the "Board" and the Northern Michigan Education Association, hereinafter called the "Association."

WITNESSETH

WHEREAS, the Board and the Association recognize and declare that providing an ever-improving quality education for the children of the Boyne City School District is their mutual aim and that the character of such education depends predominately upon the quality and morale of the teaching service, and

WHEREAS, the Board has a statutory obligation, pursuant to Act 379 of the Michigan Public Acts of 1965, to bargain with the Association as the representative of its teaching personnel with respect to hours, wages, terms and conditions of employment, and

WHEREAS, the parties, following extended and deliberate professional negotiation, have reached certain understandings which they desire to record.

In consideration of the following mutual covenants, it is hereby agreed as follows:

SECTION ONE

CONTRACTUAL PROVISIONS

Section 1.1 RECOGNITION.

The Board hereby recognizes the Association as the exclusive bargaining representative, as defined in Section II of Act 379, Public Acts of 1965, as amended, for teachers both on tenure and probation, employed or to be employed by the Board but excluding supervisory, administrative, executive and any person engaged not less than 1/3 of the time in the administration or supervision of teachers. The term "Teacher", when used hereinafter in this Agreement, shall refer to all employees represented by the Association in the bargaining or negotiating unit as above defined. When applicable, pronoun and relative words shall be read as plural, feminine or neuter, respectively.

Section 1.2 EXCLUSIVE AGREEMENT.

The Board agrees not to negotiate with any teachers' organization other than the Association for the duration of this Agreement.

Section 1.3 CONDITION OF EMPLOYMENT.

A. The Board agrees that it shall be a condition of employment that all teachers who are presently members of the bargaining unit represented by the Association, all teachers who hereafter are represented by the Association, and all other teachers employed after the effective date of this contract shall either:

- (1) Sign and deliver to the Board an assignment authorizing deduction of member's dues of the Association and such authorization shall continue in effect from year to year unless revoked in writing.

or

- (2) Cause to be paid to the Association a representation fee not to exceed the dues of the Association (including the National and Michigan Education Associations) within 60 days after the commencement of employment. In the event the representation fee shall not be paid, the Board, upon receiving a written and signed com-

plaint from the Association, indicating the teacher has failed to comply with this condition, the Board shall immediately notify said teacher his services shall be discontinued at the end of the then current semester unless prior to employing a replacement teacher, the Board of Education shall receive written notification from the Association and the teacher that said dues have been paid in full and said complaint is withdrawn.

- B. It is expressly understood that in the event the Board of Education shall hire a new teacher to replace a probationary teacher under the terms of this section, then and in that event neither the Association nor the teacher shall have a right to withdraw said complaint, it being recognized by the Association and any teacher employed under the terms of this contract that the Board has a reasonable right to proceed to replace a teacher against whom charges have been filed hereunder. The refusal of said teacher to contribute fairly to the cost of negotiation and administration of this and subsequent agreements is recognized as just and reasonable cause for the Board of Education to replace a teacher.
- C. The Board and Association recognize certain persons covered within the provisions of Section 1.1 may include individuals whose religious persuasions prohibit membership in any Association including but not limited to the following denominations: Seventh Day Adventist, Mennonite, Plymouth Brethren IV, Amish, National Association of Evangelicals, Christian Missionary Alliance and German Baptist and as to these and like religious denominations membership in the Association is waived subject to the following conditions:
- (1) The teacher shall furnish written evidence of membership in a religious group whose convictions oppose membership in the Association.
 - (2) The teacher shall furnish for examination a true copy of the by-laws, discipline, regulations, laws or comparable documentation of the denomination evidencing the prohibition of membership.
 - (3) The teacher agrees to pay and have deducted from wages due, the regular Association dues and the Association shall allocate against the total sum paid those dues which are costs to the Association for obtaining teacher contracts, negotiations, improvements and the maintenance of teaching conditions and like professional requirements all pursuant to formula established by the Association. The remainder of the usual and regular membership assessment shall be retained by the Association and pursuant to its usual and established

policy shall be paid or donated to a non-religious, charitable, non-profit organization selected by the Association pursuant to its by-laws.

- F. Upon written authorization by a bargaining unit member or pursuant to this section, the Employer will deduct the authorized amount of the dues or representation fees from the bargaining unit member's wages each month, from September through June. The Association shall provide the Board with an alphabetical list of names of all employees from whom deductions are to be made, and the amount of the monthly deduction, and the members' written authorization. Authorizations provided pursuant to this section shall continue from year to year unless revoked in writing by the member. The names and full or part time status of all new hires within the bargaining unit shall be provided by the Board to the Association. In the event the bargaining unit member shall not pay such amount directly to the Association or authorize payment through payroll deduction, the employer shall, pursuant to MCLA 408.477, and at the written request of the Association, deduct the authorized fee from the members wages. Each employee and the Association authorize the employer to rely upon the written representations of the Association regarding the amount to be deducted each month. Monies so deducted will be transmitted to the Association, or its designee, no later than twenty (20) days following deduction.

Section 1.4 INDEMNIFICATION.

The Association agrees to indemnify and save the Board, including each individual school board member, harmless from any and all claims, demands, costs, suits or other forms of liability including back pay and all court or administrative agency costs that may arise out of or by reason of, action by the Board for the purpose of complying with this Agreement.

The Board hereby designates the principal of each building to act as its representative at Level One as hereinafter described and the superintendent or his designated representative to act at Level Two as hereinafter described.

unsatisfactory to the grievant and the association, the grievant shall within five (5) days appeal same to the Board of Education by filing such written grievance with the officer of the Board in charge of drawing up the agenda for the Board's next regularly scheduled board meeting along with the decision of the Superintendent, if available.

2. Neither party may raise a new defense or ground at Level Five not previously raised or disclosed at other written levels.
3. The decision of the arbitrator shall be final and conclusive and binding upon employees, the board and the association. Subject to the right of the board or the association to judicial review, any lawful decision of the arbitrator shall be forthwith placed into effect.

- c. He shall have no power to change any practice, policy or rules of the board nor substitute his judgment for that of the board as to the reasonableness of any such practice, policy, rule or any action taken by the board. This exclusion shall not bar the arbitrator from determining if such practice, policy, rule or action has resulted in a violation of the Agreement.
- d. He shall have no power to decide any question which, under this agreement, is within the responsibility of the management to decide. In rendering decisions, an arbitrator shall give due regard to the responsibility of management and shall so construe the agreement that there will be no interference with such responsibilities, except as they may be specifically conditioned by this agreement.

- h. More than one grievance may not be considered by the arbitrator at the same time except upon expressed written mutual consent and then only if they are of similar nature.
- i. Where no wage loss has been caused by the action of the board complained of, the board shall be under no obligation to make monetary adjustments and the arbitrator shall have no power to order one.

- j. Arbitration awards or grievance settlements will not be made retroactive beyond the date of the occurrence or non-occurrence of the event upon which the grievance is based. In no event, however, shall the settlement be earlier than thirty (30) days prior to the date on which the grievance is filed unless a monetary issue is the result of the settlement, but in no event earlier than September 1st, 1981.
- F. The fees and expenses of the arbitrator shall be shared at the rate of 50% for the Association and 50% for the Board.
- G. Should a teacher fail to institute a grievance within the time limits specified, the grievance will not be processed. Should a teacher fail to appeal a decision within the time limits specified, or leave the employ of the board, (except a claim involving a remedy directly benefiting the grievant regardless of his employment), all further proceedings on a previously instituted grievance shall be barred.
- H. The Association shall have no right to initiate a grievance involving the right of a teacher or group of teachers without his or their express approval in writing thereon.
- I. All preparation, filing, presentation or consideration of grievances shall be held at times other than when a teacher or a participating association representative are to be at their assigned duty stations.
- J. The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year, the board shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible.
- K. Notwithstanding the expiration of this Agreement, any claim or grievance arising thereunder may be processed through the Grievance Procedure until resolution.
- L. If the grievance is satisfactorily resolved at any level, action on the grievance shall terminate.

Section 1.6 NEGOTIATION PROCEDURES.

- A. It is contemplated that matters not specifically covered by this agreement but of common concern to the parties shall be subject to professional negotiations between them from time to time during the period of this agreement, upon request by either party to the other. The parties undertake to cooper-

ate in arranging meetings within 30 days of receipt of notice, setting forth generally the subject not specifically covered, selecting representatives for such discussions, furnishing necessary information and otherwise constructively considering and resolving any such matters.

- B. Contract negotiations shall commence each year hereafter by a notice mailed or delivered by the Association to the Board on or before March 1st setting forth, without limitation, the request of the Association for items to be negotiated.
- C. In any negotiations described in this section, neither party shall have any control over the selection of the negotiation or bargaining representatives of the other party. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the Board of Education and by a majority of the membership of the Association, but the parties mutually pledge that representatives selected by each shall be clothed with all necessary power and authority to make proposals, consider proposals and make concessions in the course of negotiations or bargaining, subject only to such ultimate ratification.
- D. If the parties fail to reach an agreement in any such negotiations, either party may invoke the mediation machinery of the Michigan Employment Relations Commission or take any other lawful measures it may deem appropriate.

- A. Before any position in the bargaining unit is filled by transfer or recruitment, a notice shall be posted of the position and general qualifications, if any, on each teachers' bulletin board in each school for a period of five days; provided however, in the event less than five school days constitute posted notice, an officer of the Association shall be personally notified of the posted notice contemporaneously with posting. All applications pursuant to Paragraph (B) hereinabove shall be filed by the teacher by personally delivering the request to the Superintendent or at the election of the teacher by mailing the request to the office of the Superintendent by first class certified mail with return receipt requested in which latter event the date of delivery shall be deemed the date application for transfer is made.
- D. Extra duty assignments such as, but not limited to, ticket taking, chaperoning, score keeping and the like, shall not be considered within the contemplation of this Section as regards to the filling, employment or recruitment of employees for extra duty assignments. The Board may employ any person deemed qualified to perform such extra duty assignments and shall not be prevented from employing any teachers to fulfill said duties.
- E. Assignment to teaching vacancies shall be based on ability

to perform and seniority.

- F. The responsibility of determining qualifications of the teacher shall be an Administrative function. If the Association disagrees, the assignment to the vacancy may be brought up through the grievance procedures.

Section 2.2 ASSOCIATION AND TEACHER RIGHTS.

Pursuant to Act 379 of the Public Acts of 1965, the Board hereby agrees that every teacher shall have the right freely to organize, join and support an Association for the purpose of engaging in collective bargaining or negotiations and other concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under color of law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by Act 379 or other laws of Michigan or the Constitution of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his membership in the Association or collective professional negotiations with the Board, or his institution of any grievance, complaint or proceeding under this agreement or otherwise with respect to any terms or conditions of employment and the Association will not discriminate against any teacher with respect to hours, wages or terms and conditions of employment shall not be deemed discriminatory.

The private and personal life of any teacher is not within the appropriate concern or the attention of the Board unless it interferes or affects the job performance of the teacher.

Section 2.6 QUALIFICATIONS AND ASSIGNMENTS.

- A. Since pupils are entitled to be taught by teachers who are certified and qualified to be working within their area of certification, teachers shall not be assigned, except temporarily and for good cause, outside the scope of their teaching certificates or their major or minor field of study. The term "qualified" means the teacher is able to perform all of the needed duties for the position, and has appropriate certification with either a major or minor endorsement in the area to which the staff member is assigned. Further, the teacher shall have taught a subject at least one full school year within the previous five years or

in the alternative for teaching assignment to such subject area shall satisfactorily complete two such subject area credit classes at an accredited college or university in each of two successive years, the first of said years to be prior to the commencement of the teaching assignment. The Superintendent may waive qualifications for not to exceed one year.

- B. Tentative teaching schedules shall be posted before June 1st of every year.

Section 2.7 TEACHER EVALUATION.

- A. The performance of all teachers shall be evaluated in writing, as provided below:

- B. PROBATIONARY TEACHER

- 1. If a probationary teacher is employed for at least one (1) full year:

- a. By November 15, the teacher will be provided with an individualized development plan (IDP) developed by appropriate administrative personnel in consultation with the individual teacher; and

- b. The teacher will be provided with at least an annual year-end performance evaluation each year during the teacher's probationary period. The administrative personnel may perform an evaluation more often if they so desire.

- (1) The annual year end performance evaluation shall be based on, but is not limited to, at least 2 classroom observations held at least 60 days apart, unless a shorter interval between the 2 classroom observations is mutually agreed upon by the teacher and the administration.

- (2) The performance evaluation shall include at least an assessment of the teacher's progress in meeting the goals of his or her individualized development plan (IDP), which will include the Appraisal report.

- (3) The final written recommendation to continue or discontinue the services of a probationary teacher will be furnished the School Board covering each probationary teacher. A copy of final recommendations shall be furnished to the teacher. If the report contains any information

not previously made known to and discussed with the probationary teacher, the teacher shall have an opportunity to submit additional information to the School Board.

C. TENURED TEACHER

1. Tenured teachers shall be provided with a performance evaluation at least once every three (3) years. The administration may perform an evaluation more often if they so desire; and

2. If the teacher has received a less than overall satisfactory performance evaluation, the teacher will be provided with an individualized development plan (IDP) developed by appropriate administrative personnel in consultation with the individual teacher; and

3. The performance evaluation required every three (3) years shall be based on, but is not limited to, at least two (2) classroom observations conducted during the period covered by the evaluation and, if the teacher has an individualized development plan, shall include at least an assessment of the teacher's progress in meeting the goals of his or her individualized development plan.

4. The Appraisal Report used to evaluate teaching personnel shall be jointly formulated by the Board and the Boyne City Education Association and is attached as an Appendix.

D. Evaluations shall be conducted by the school administration.

E. All monitoring or observation of the performance of a teacher shall be conducted with full knowledge of the teacher.

F. A personal meeting will be held within fifteen (15) days after the written performance evaluation is completed to review the evaluation of the teacher, if requested by the teacher in writing. The evaluation shall be executed in triplicate by the evaluator and returned in duplicate signed by the teacher for filing in each of the teacher's personnel files. In the event that the teacher feels that his evaluation was incomplete or unjust, he may put his objections in writing within thirty (30) days of receipt of the evaluation and have them attached to the evaluation report to be placed in his evaluation file. Thereafter the substance of the evaluation shall be considered conclusive and final.

- G. If the evaluation is "NOT SATISFACTORY", the reasons therefore shall be set forth in specific terms as a recommendation of the ways in which the teacher should improve his/her performance. In subsequent evaluation reports, failure to again note a specific deficiency shall be interpreted to mean that adequate improvement has taken place unless the evaluator indicated the opportunity for forming an opinion on the earlier deficiencies did not present itself.

Section 2.8 PERSONNEL FILES AND RECORDS.

- A. Each teacher shall have the right to review the contents of their own personnel file with a second party present. Each teacher's personnel file shall contain the following minimum items of information when available:
- required medical information
 - teacher evaluation reports
 - copies of annual contracts
 - record of teacher's certificate
 - tenure recommendation
 - letter of recommendation
- B. No statement concerning competence of a teacher may be placed in a personnel file without allowing the teacher an opportunity to file a response thereto, and said response shall become a part of said file.

Section 2.9 REDUCTION AND RECALL OF PERSONNEL.

- A. In the event it becomes necessary to reduce the number of teachers due to program elimination or reduction, or to reduce the number of teachers in a given subject area, field or program or eliminate or consolidate positions, the Board shall notify the teacher to be laid off thirty (30) calendar days in advance of implementation, and thereafter the Board shall follow the procedures listed below:
1. Teachers not holding a regular Michigan provisional, permanent, life, continuing or qualified certificate will be laid off first, provided there are fully qualified, fully certified teachers to replace and perform all of the needed duties of the laid off teachers.
 2. If reduction is still necessary, then probationary teachers with the least number of continuous years of

teaching in the Boyne City School District will be laid off first, provided there are fully qualified, fully certificated teachers to replace and perform all of the needed duties of the laid off teachers.

3. If further reduction is still necessary, then tenure teachers with the least number of years of continuous teaching experience in the former Twin Valley or in the Boyne City School District will be laid off first, provided there are fully qualified, fully certificated teachers to replace and perform all the needed duties of the laid off teachers.
- B. For purposes of this article, Sections A 1, 2, 3 and D: Fully qualified and fully certificated teachers shall be defined as teachers who have earned an appropriate provisional, continuing, life, permanent, or professional teaching certificate with a major or minor endorsement in the subject area to which the staff member is assigned; and is able to perform all of the needed duties for the position.
- C. Seniority is defined as unbroken service as a teacher in the Boyne City School District including continuous unbroken service as a teacher in the former Twin Valley, Boyne City and East Jordan School Districts. Leaves of absence, with or without pay, and absences due to layoff are not to be considered a break in service. Time spent on leave or laid off status will not count toward continuous service time and seniority.

Seniority will be calculated on a yearly basis. The base year shall be the here-to-for agreed upon 1986-87 seniority list dated November, 1987. The annual calculation for yearly seniority will be based upon the number of days paid for the percentage of a day worked (i.e. # of days worked/ # of total yearly workdays X the percentage of a contracted work day). Any day or part of a work day that a person does not receive school district contract salary for will result in the loss of seniority (i.e. if an otherwise full time teacher takes one unpaid day during a school year the resulting yearly seniority would be 0.995 year (183/184). Yearly seniority will be rounded to three decimal places. No person can gain more than one (1.000) year of seniority in any given school year.

A seniority list shall be maintained by the school district. Teachers shall be ranked in order of seniority. Accompanying the name of each teacher shall be listed the teacher's certification and endorsements.

- D. Recall - In the event of layoff, the Board will institute a recall procedure which will be in inverse order of the above

are fully certified and fully qualified for the restored or vacant positions. The right to be recalled shall be limited to a term of three (3) teaching calendar years including the current calendar year described in 2.10 A. above, provided however, upon written request a teacher may request on or before August 31st of the third and successive years, and the Board shall grant additional yearly extensions to said three year termination date. It shall be the duty of the teacher on layoff to provide their current mailing address to the Board.

- E. Seniority right shall be lost by the teacher if the teacher does not return within ten (10) working days when he is recalled from layoff.
- F. Any layoff pursuant to this Agreement shall automatically terminate the individual's employment contract and all benefits allowed under this Master Agreement. However, immediately after notification of layoff, a laid off employee may, upon written request and if available, extend health insurance coverage for a period of up to eighteen (18) months provided the employee pays the requisite insurance premiums. All benefits shall be reinstated in full upon re-employment.
- G. It is intended that this Section take precedence over and governs the individual teaching contracts; and the individual teaching contract is expressly conditioned by this Section.
- H. The seniority list shall be published and mailed or delivered to the Association by November 1 of each school year. Challenges or revisions to the list must be filed by the Association by December 1; otherwise, the seniority list will be considered final for that school year. The board shall use the seniority list, including any new hires, from the previous school year to determine layoffs prior to November 1.

Section 2.10 BOARD AND ADMINISTRATIVE RIGHTS.

The Northern Michigan Education Association recognizes that the Board on its own behalf and on behalf of the electors of the District, hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the Constitution and by the statutes of the State of Michigan, particularly the Michigan School Code, and by the Constitution of the United States, including, but without limiting the generality of the

States, including, but without limiting the generality of the right to establish policy for the executive management and administrative control of the school system, its properties, its facilities and its personnel, as well as the methods and means necessary to the proper execution of the foregoing obligations, provided that such rights shall be exercised in conformity with the provisions of this Agreement.

Nothing contained herein shall be considered to deny or restrict the Board of its rights, responsibilities and authority under the Michigan General School laws or any other national, state, county, district or local laws or regulations as they pertain to education.

Section 2.11 PROFESSIONAL STAFF, CURRICULUM DEVELOPMENT AND THE SCHOOL IMPROVEMENT PROCESS

A. Staff and Community Involvement:

The involvement of professional staff members in the development and articulation of curriculum and in the school improvement process is recognized by the Association and Board as important to the overall effectiveness of the educational programs for the children of the community. Further, the parties recognize that the involvement of members of the community, in conjunction with professional staff, is important and necessary.

B: District-Wide Curriculum Council:

The Board and Association agree that it is important for the school district to establish a District-Wide Curriculum Council to coordinate the development, articulation and maintenance of the curriculum and courses of study the community desires for its children, and further recognize the following:

1. There will be minimum of nine (9) grade level and/or subject area professional staff members appointed to the Curriculum Council, and involved in its activities. Eight (8) community members (inclusive of any Board Members appointed) shall further comprise the Curriculum Council along with up to five (5) administrative representatives, for a total of twenty-two voting members.
2. Professional staff member appointments shall be made from recommendations submitted by their peers from within the grade levels and/or subject areas deemed appropriate by the curriculum council from time to time.

3. Professional staff member participation or non-participation on the Curriculum Council shall be voluntary and shall not be used as a criterion for evaluation, discipline or discharge.

C. SCHOOL IMPROVEMENT PLANNING:

It is recognized by the parties that school improvement is best facilitated at the local school building level through the participation and involvement of staff and community. The parties further recognize the following:

1. Each school building level shall have an Outcome Based Education (OBE) Building Core Team (BCT) which shall also function as the school improvement planning (SIP) team. It shall be made up of professional and support staff members, community members, administrators and students (if appropriate).
2. Professional staff members interested in serving on a building's Outcome Based Education (OBE) Building Core Team (BCT) shall annually submit their names. The majority of professional staff members needed to serve on the Outcome Based Education (OBE) Building Core Team (BCT) shall be elected by their building peers from the names submitted. The remainder shall be administratively appointed from the building names submitted. At the discretion of the administration, administrative appointments may be made by other nonprecedent setting means.
3. Participation or non-participation on a school building Outcome Based Education (OBE) Building Core Team (BCT) is voluntary and shall not be used as a criterion for evaluation, discipline or discharge.
4. School improvement plans shall be submitted to the District-Wide Curriculum Council for review prior to being recommended to the Budget Planning Committee for consideration in the budget, or to the superintendent of schools for recommendation to the Board of Education for approval.
5. School improvement plans shall not violate the terms and conditions of this contract.

Section 2.12 NON-DISCRIMINATION.

The provisions of this agreement and the wages, hours, terms and conditions of employment shall be applied without regard to race, creed, religion, color, national origin, sex or marital status or membership in, or association with the activities of any employee organization. The Board and the Association pledge themselves to extend the advantages of public education to every student without regard to race, creed, religion, sex, color or national origin, and to seek to achieve full equality of educational opportunity for all pupils.

Section 2.13 STUDENT TEACHING ASSIGNMENTS.

Supervision by a teacher of a student teacher shall be voluntary. A teacher shall receive special compensation for such efforts equal to the amount which the school is reimbursed by the sponsoring university. Student teachers shall not be used as substitute teachers.

SECTION THREE

TEACHING CONDITIONS

Section 3.1 ACADEMIC OBJECTIVITY.

The parties recognize that the availability of optimum school facilities for both student and teacher is desirable to insure the high quality of education that is the goal of both teacher and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach, and that the organization of the school, and the school day should be directed at insuring that the energy of the teacher is primarily utilized to this end.

Section 3.2 STUDENT DISCIPLINE AND TEACHER PROTECTION.

- A. Teachers shall be responsible for creating and maintaining conditions conducive to learning and discipline, both in the classroom and in the performance of other duties. The Board will give all reasonable support and backing of teachers with respect to the maintenance of control and discipline when teachers conform to the School Code and Board policy. Whenever it appears as a result of a student's behavior that he/she requires the attention of a counselors, social workers, or law enforcement officials, etc, the administration shall coordinate such help in accordance with board policy. In cases where such help does not appear to remedy the situation, the administration shall work with the teacher to relieve the situation through appropriate means according to board policy. This provision subject to such limitations or restrictions as may be imposed by Statute or regulations adopted or promulgated by the Michigan Department of Education or its Superintendent.
- B. Teachers shall exercise reasonable care with respect to the safety of pupils and property and shall follow the School Code and Board Policy as to Corporal Punishment. The Board will provide liability insurance protection to cover both Board and teachers.
- C. Time lost by a teacher in connection with any incident mentioned in this article shall not be charged against the teacher; provided, the Board in its exclusive discretionary determination concludes that said incident is not attributable due to the neglect, act or omission of such teacher.

- D. Serious complaints by a parent, guardian or a student concerning the professional competence of an individual teacher shall within five (5) school days be called to the said teacher's attention. A record of complaint shall not be placed in the teacher's personnel file unless the actual complaint contains the name of the informant.
- E. A written statement by the Board governing procedure for suspension of students from school shall be distributed to students, teachers, and parents no later than the first week of the school year.
- F. A teacher may direct a pupil to report to the Building Principal's office when the grossness of the offense, the persistence of the misbehavior or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable.

In such cases, the teacher will furnish the principal, as promptly as his/her teaching obligations will allow, full particulars of the incident. Based on the particulars of the incident as reported and the administrative investigation of the matter, the building principal shall deal with the student in accordance with board policy.

Further, the teacher may request a meeting with the building principal and/or other professional staff members to discuss the elements of a plan to be implemented by the teacher to successfully work with the student in the classroom setting. The teacher and principal will work together for its implementation.

Section 3.3 INSTRUCTIONAL MATERIALS.

The Board recognizes that appropriate texts, library facilities, maps, globes, laboratory equipment, current periodicals, standard tests, questionnaires, and similar materials are the tools of the teaching profession. The parties will confer from time to time (As set forth in Section 2.11, B) for the purpose of improving the selection and use of such educational tools. The Board will consider implementation of the recommendations of the District-Wide Curriculum Council, subject to the financial constraints and limitations of the school district.

Section 3.4 TEACHING HOURS

- A. The teacher school day, inclusive of the student instructional day, for the 1993/94 school year consisted of seven (7) hours and fifteen (15) minutes consecutively. This time shall be adjusted for the 1994/95 school year and beyond as structured under sections A, B, and C below.

The teacher school day shall include:

1. Ten (10) minutes of assignable duty time immediately prior to the first reporting time for students.
2. Ten (10) minutes of assignable duty time immediately after the last dismissal time for students.
3. On Fridays and days before a scheduled legal holiday the teacher school duty day terminates with the departure of the last bus leaving the teacher's assigned building.
4. The equivalent of thirty (30) minutes of Total Quality Meeting (TQM) time per day scheduled immediately prior to the duty time before school.

It is understood that the equivalent of the Total Quality Meeting time shall be scheduled either thirty (30) minutes before the instructional school day each day or fifty (50) minutes before the instructional school day on Tuesdays, Wednesdays and Thursdays based upon a simple majority decision of the teachers within a specific school building.

However, based upon the consensus decision of a seventy-five percent (75%) majority of the staff members within a school building or within the school district, the equivalent of thirty (30) minutes per instructional school day per week (150 minutes per week) of TQM time may be scheduled weekly in a manner determined appropriate by the consensus decision. A school district decision will take precedence over a school building decision. Further, it is hereby stipulated and strictly understood between the parties, that prior to a vote on any such restructuring all teachers within such building(s) shall be available to participate in TQM activities so scheduled. Once 75% majority vote confirms the restructuring then all teachers shall be in attendance.

- B. The instructional school day for teachers shall coincide with the instructional school day for students. The instructional

school day shall begin with the first reporting time for students and shall end with the last dismissal time for students. Within the instructional school day, in conjunction with the school calendar and the parameters and constraints established by the school district's student transportation program, all state required clock hours of student instruction shall be scheduled. The student instructional school day shall include all such time allocations, including EO period, homeroom periods, passing times, student lunch periods, assemblies, etc., as were in effect during the 1993-94 school year. Further, the parties agree that within the instructional school day the following shall apply:

1. Teachers shall have a minimum of a thirty (30) minute duty free lunch time including passing time.
2. Preparatory time for teachers teaching primarily at the high school shall be equal in length to a scheduled class period.
3. Preparatory time for teachers primarily in grades housed in a middle school setting shall be equal in length to a scheduled class period for these grades. If any or part of these grades are taught in a blocked time curriculum or as regular elementary classrooms then elementary preparatory time shall apply.
4. At the elementary level when students are scheduled to be instructed in art, music or gym by a support teacher, regular elementary classroom teachers shall be provided this time for preparation purposes.
5. The board retains the right to alter existing class periods. However, all proposals to alter existing class periods shall be reviewed by a Professional Study Committee prior to a recommendation being made to the board.

The Professional Study Committee shall be composed of one (1) principal and two (2) teacher representatives (appointed by the Association) from each building, the superintendent and two (2) board members, if possible. A meeting shall be scheduled by the Superintendent to review proposals. Teacher representatives shall be elected by their peers as organized by the Association President.

6. In a high school and middle school setting, teachers teaching less than a full schedule of classes each day, based upon the number of periods per day in the respective building, will receive pro-rated prep time.
- C. The District-Wide Curriculum Council, based upon time schedule recommendations from staff and community members at each

school building, shall be responsible for developing the time frame for the above instructional school day(s) to meet all state required days and clock hours of student instruction. The instructional school days shall be developed given the specific parameters provided above. The parties shall meet and review the final recommendation submitted by the District-Wide Curriculum Council to the Board of Education.

In the event that as a school year progresses and adjustments need to be made to meet state required days and clock hours of student instruction, then the above same procedure shall be followed.

It is further understood that restructuring which would cause additional costs through district employee overtime payment may be considered as sufficient reason for the board of education to not approve such a plan.

- D. Given the district's financial ability, the Board may budget additional funds annually to be used to further the competency of teachers through summer professional development training. Said summer training shall be designed, structured, scheduled and recommended as part of the district's school improvement planning process (PA 335) as represented by the District-Wide Curriculum Council (DWCC) and the District's professional development plan. Teacher participation in such district summer professional development activities shall be voluntary.

However, based upon the recommendation of the DWCC and the district's financial ability, the Board may request a block of up to five (5) such summer professional development days be mandatory for all bargaining unit members. Given such a request, the Association shall determine through an anonymous written ballot vote of its membership on a building-by-building basis if the block of days so structured and scheduled shall be mandatory for all members. Such vote shall require at least a seventy-five percent (75%) majority of the total membership to be binding on the membership. Should such vote be affirmative then all bargaining unit members shall be required to attend on the same basis as any other contract day but shall be compensated at the hourly rate paid for driver education. Should such vote be less than 75% then attendance shall be voluntary and unpaid. Said results will be reported to the board on a building-by-building basis to aid the DWCC in planning future training opportunities.

Section 3.5 CLASS SIZE.

- A. Because the pupil-teacher ratio is an important aspect of an effective educational program, the parties agree that class size shall be limited to a reasonable number. Specific limitations are difficult to maintain in a small school, but every effort should be made to hold classes at a level for the maximum educational opportunities for both teacher and student. The normal weekly teaching load will follow the recommendations of the North Central Association of Colleges and Secondary Schools and the University of Michigan.
- B. Any teacher whose professional judgment concludes that that teacher has been or may be assigned a given number of pupils in any given class the total number or unusual circumstances of which may deter from the goal of providing equality education may furnish the Board with a written report with copies of such report to be furnished to the Superintendent and Building Principal.

Section 3.6 NON-CLASS SUPERVISION.

Students shall be supervised during noon and recess period by aides provided state attendance requirements are met.

Section 3.7 COMMUNICABLE DISEASES.

In the event that a child with an ongoing or chronic communicable disease is allowed, by policy or by law, to attend school, all bargaining unit members potentially having contact with the student shall be notified in advance of the child's placement and/or return to school. Such notification shall not be in conflict with the Family Educational Right to Privacy Act (FERPA). The employer shall provide in-service instruction in hygienic practices and management to members coming into contact with students having such communicable diseases, unless prevented by state authorities and/or courts.

Section 3.9 DISCIPLINE AND DISCHARGE

- A. No tenure teacher (non-probationary) shall be disciplined or discharged without just cause.

SECTION 3.10 - LEAST RESTRICTIVE ENVIRONMENT

The Board and the Association recognize least restrictive environment for all students is legally mandated and intended in the best educational interest of all students.

For the purpose of this section, special education students participating in a least restrictive educational environment shall be referred to as "mainstreamed students".

- A. Any teacher may request a meeting of all or a portion of the teachers of a specific student. Said meeting may be requested only if a teacher reasonably believes the educational program established for an individual student is not meeting the student's unique needs as required by law. Said request shall be in writing, listing the designated teachers, and signed by the respective teacher.

Additionally, any teacher may request a meeting of all or a portion of the teachers of a specific student to discuss the written IEPC of a student. Said meeting shall be requested in the same manner as noted above.

The Administration shall help the requesting teacher to facilitate such a meeting as requested with the designated teachers. The designated teachers of said student shall be encouraged to attend to discuss the student's educational program needs. The meeting shall be held during non-regularly scheduled instructional times, which may involve holding said requested meeting before or after school. Meetings held before or after the normal work day shall be scheduled with the consensus of the teachers involved.

- B. In regard to IEPC meetings and "mainstreamed students" in general education classrooms:

1. If an IEPC is convened, the Administration shall use all reasonable efforts to include the current regular education teacher most appropriate to the disability of said student in the student's IEPC meeting. All teachers providing instruction to the specific mainstreamed student in a regular classroom setting shall be notified of the IEPC so they have an opportunity to give input to the administrator, special education teacher, regular education teacher, etc. who will be participating in the IEPC meeting. Any teacher so notified may request a meeting, which shall be held outside of regular instructional time, to discuss the appropriateness of the appointment of the regular education teacher who will be attending the IEPC.

2. In instances where it is not possible to identify in advance of an IEPC, the general education teacher(s) of a

specific mainstreamed student, pertinent information in a student's written IEPC which is permissible to be released by law regarding the student will be shared with said student's teacher(s) as soon as reasonably possible.

3. The district shall make every reasonable effort to provide the necessary classroom materials and/or adaptive equipment as outlined in a student's IEPC.

4. The district, in an effort to make all mainstreamed student placements in regular education classrooms successful, will encourage teacher training through the work of it's district-wide curriculum council. Further, teachers may request through the district-wide curriculum council specific training. Such specific training may include but is not limited to instructional and behavioral management, differing educational approaches and techniques to be utilized given varying physical, mental, emotional and behavioral conditions as are likely to be faced by a mainstreamed student's teacher in a regular education classroom. Such request shall be in writing.

If a teacher's written request for specific training is not provided, then said teacher may request a formal oral presentation of said training request to the district-wide curriculum council.

- C. Except in life threatening or extenuating circumstances, no member (except for a school nurse) shall be required to perform medical, or hygienic procedures for or on students such as but not limited to: suctioning, catheterization, diapering or attending to any other personal hygienic or medical need(s) of the student(s). If the delivery of such health services are necessary to maintain the student in a general education classroom, and the teacher agrees to provide such appropriate procedures or services, he/she shall be provided with training appropriate to the situation without need to request same from the district-wide curriculum council.

If the teacher is requested by the district and agrees to provide such services in writing, the Board shall indemnify and hold harmless said teacher, from liability for the performance of such services to the extent permitted by law, as long as the actions of the teacher in providing such services are consistent with board policy, and as long as such actions are reasonable and are not negligent.

SECTION FOUR
LEAVES OF ABSENCE

Section 4.1 PROFESSIONAL, PERSONAL AND ASSOCIATION LEAVE.

Leaves of absence with pay not chargeable against the teacher's sick allowance shall be granted for the following reasons:
