- A. Pursuant to the Michigan Public Employment Relations Act, the Board hereby agrees that every employee of the Board shall have the right to freely organize, join, and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under color of law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by the Act or other laws of Michigan or the Constitutions of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his membership in the Association, his participation in any activities of the Association, or collective professional negotiations with the Board, or his institution of any grievance, complaint, or proceeding under the Agreement or otherwise with respect to any terms or conditions of employment.
- B. Nothing contained herein shall be construed to deny or restrict to any teacher rights he may have under the Michigan General School Laws or other applicable laws and regulations. The rights granted to teachers hereunder shall be deemed to be in addition to those provided elsewhere.
- C. The Association and its representatives shall have the right to use school buildings at all reasonable hours for meetings, upon notification of the Superintendent or his designated representative.
- D. Duly authorized representatives of the Association and their respective affiliates shall be permitted to transact official.
- Association business on school property at all reasonable times provided that this shall not interfere with or interrupt normal school operations.
- E. The Association shall have the right to use school facilities and equipment, including typewriters, mimeographing machines, other duplicating equipment, calculating machines, audio-visual equipment and instructional computers at reasonable times, when such equipment is not otherwise in use, upon notification of the Superintendent or his designated representative.
- F. The Association shall have the right to post notices of activities and matters of Association concern on teacher bulletin boards, at least one (1) of which shall be provided in each school building. The Association may use teacher mail boxes for communication to teachers.

- G. The Board agrees to make available to the Association in response to reasonable requests all matters of public information concerning the financial resources of the District, and any other information as will assist the Association in developing intelligent, accurate, informed and constructive programs on behalf of the teachers and their students, together with information which may be necessary for the Association to process any grievance or complaint.
- H. The Concord Education Association shall be given an opportunity to review proposed Board policy and present statements regarding the policy to the Board prior to a final vote on said policy.
- I. The teacher shall be entitled to full rights of citizenship and no religious or political activities of any teacher or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher, so long as it does not impair the ability to perform their teaching responsibility.
- J. Neither party shall unlawfully discriminate against any teacher or applicant for employment because of his/her religion, race, color, national origin, age, sex, height, weight, marital status or handicap and neither party shall unlawfully discriminate against any employee or applicant for employment because of his/her membership or nonmembership in the Association.
- K. The Association may appear on the printed agenda of a Board meeting for the purpose of addressing the Board by filing a written statement of such intention and appropriate informational materials with the Superintendent of Schools not later than five (5) days prior to the date of the meeting.
- L. The private life of a teacher is his own affair unless his conduct should adversely affect his relations with students or the discharge of his teaching and other school related duties.

**ARTICLE 4: PROFESSIONAL DUES OR FEES AND PAYROLL DEDUCTIONS**

- A. All employees, as a condition of continued employment shall:
  - 1. Sign and deliver to the Board an assignment authorizing deduction of membership dues and assessments of the Association and such authorization shall continue in effect from year to year unless revoked in writing in August of a given year as provided for on the membership form to the Concord Education Association. (It is expressly understood that the specific amount of dues may vary from member to member.)
  - 2. The parties recognize that the Michigan Employment Relations Commission, through its rulings and those of the Michigan courts, has made certain

determinations relative to the amount and handling of agency fees, as well as necessary appeals processes relative to same. The parties pledge to recognize those rulings and precedents as controlling in the interpretation of this Article.

3. **Agency Shop**

- a. Each bargaining unit member shall, as a condition of employment, (1) on or before thirty (30) days of commencement of duties or the effective date of this agreement, whichever is later, join the Association, or (2) pay a service fee to the Association, pursuant to the Association's "Policy Regarding Objections to Political-Ideological Expenditures" and the administrative procedures adopted pursuant to that policy. The service fee shall not exceed the amount of Association dues collected from Association members. The bargaining unit member may authorize payroll deduction for such fee. In the event that the bargaining unit member shall not pay such fee directly to the Association or authorize payment through payroll deduction, the Employer shall, pursuant to MCLA 408.477; MSA 17.277(7) and at the request of the Association, deduct the service fee from the bargaining unit member's wages and remit same to the Association. Payroll deductions made pursuant to this provision shall be made in equal amounts, as nearly as may be, from the pay checks of each bargaining unit member. Monies so deducted shall be remitted to the Association, or its designee, no later than twenty (20) days following deduction.
- b. Due to certain requirements established in recent court decisions, the parties acknowledge that the amount of the fee charged to non members along with other required information may not be available and transmitted to non members until mid school year (December, January, February). Consequently, the parties agree that the procedures in this article relating to the payment or non payment of the representation fee by non members shall be activated thirty (30) days following the Association's notification to non members of the fee for that given school year.
- c. In the event of any legal action against the Employer brought in a court or administrative agency because of its compliance with this Article, the Association agrees to defend such action, at its own expense and through its own counsel, provided:
  - (1) The Employer give reasonable notice of such action to the Association and permit the Association intervention as a party if it so desires, and

- (2) The Employer gives cooperation to the Association and its counsel in securing and giving evidence, obtaining witnesses, and making relevant information available at both trial and appellate levels.
- d. Association shall have complete authority to compromise and settle all claims which it defends under this section.
  - e. The Association agrees that in any action so defended, it will indemnify and hold harmless the Employer from any liability for damages and costs imposed by a final judgment of a court or administrative agency as a direct consequence of the Employer's compliance with this Article V.
  - f. Any bargaining unit member who is a member of the Association, or who has applied for membership, may sign and deliver to the Employer an assignment authorizing deduction of dues, assessments and contributions, in the Association as established by the Association. such authorization shall continues in effect from year to year unless revoked according to the procedures outlined in the MEA Constitution, Bylaws and administrative procedures. Pursuant to such authorization, the Employer shall deduct one twentieth (1/20) of such dues for the first twenty (20) paychecks beginning in September.
- B. The Association agrees promptly to advise the Board of all members of the bargaining unit who have not fulfilled the provisions of Paragraph A above and to furnish any other information needed by the Board to fulfill the provisions of this Article. The Board agrees promptly to advise the Association of all additions, deletions, or change in status of members of the bargaining unit.
- C. The Board shall also make payroll deduction upon written authorization from employees for deductions or any other plans or programs jointly approved by the Association and the Board. A list of these plans/programs may be secured through the payroll office.
- D. The Board will use its best efforts to make the aforesaid deductions in the manner set forth, but assumes no responsibility for any errors in making such deductions, other than to correct such errors. In the event of overpayment, the Association agrees to promptly refund such money as soon as is practical. In the event of underpayment, the Board agrees to promptly submit such money to the Association as soon as practical.

#### **ARTICLE 5: WORKING CONDITIONS**

- A. Teachers shall be required to report to work twenty (20) minutes before classes are scheduled to begin. Teachers shall be required to report to their teaching station (classroom) ten (10) minutes before the opening of the pupils' regular school day in the morning. The pupil day begins with the first bell of the day. Teachers shall be permitted

to leave their teaching station or building fifteen (15) minutes after the close of the pupils' regular school day. Teachers are encouraged to remain for a sufficient period after the close of the pupils' school day to attend to those matters which properly require attention at that time, including consultations with parents when scheduled directly with the teachers.

1. The normal weekly teaching load in the middle and senior high schools will be twenty-five (25) clock hours and five (5) unassigned preparation periods. Should the school deviate from standard six (6) period day, a teacher may not be assigned to more than twenty-six (26) clock hours of pupil contact per week. Assignment to a supervised study period shall be considered a teaching period for purposes of this Article. The normal teaching load in the elementary schools shall not exceed twenty-six (26) hours of pupil contact per week. Teachers shall be expected to remain on duty as long as needed in the event of emergency situations similar to, but not limited to, severe weather warnings.
2. All teachers shall have a duty-free uninterrupted lunch period of no less than thirty (30) minutes duration for the secondary teachers and thirty-five (35) for the elementary teachers. Secondary teachers may be assigned lunch supervision in lieu of a teaching period when it can be demonstrated that no classroom teaching assignment is available. Implementation of this provision will be to insure the fullest workday possible for the affected teachers.
3. Each elementary teacher (K-5) shall receive a minimum of two hundred and fifty (250) minutes of preparation time per week. Only recess and all time in which an elementary classroom teacher's class is being instructed by a special activities teacher shall be counted as recognized preparation time in accordance with the foregoing. In the event of inclement weather one (1) teacher per grade can be expected to furnish supervision for the children during recess periods. No teacher will be expected to supervise more than three (3) indoor recesses per year. The principal will post a schedule one (1) week in advance indicating teachers that will supervise indoor recess in the event of inclement weather.
4. It is expressly understood that the teacher preparation/conference period is subject to the total school program; and, as a result, such things as special events, field trips, testing programs, emergency class needs, and assemblies, etc., may from time to time be substituted for preparation/conference time.

Preparation/Conference periods shall be used for such things as thorough preparation, conferences with parents, teachers, and administrators, and special assistance to students.

Preparation/Conference time shall not be used or spent on any unconnected or non-school activity, except in emergency situations and with the permission of the principal or his designee.

In addition, it is expressly understood that teachers will not leave their buildings during preparation time on personal errands or the like, without permission of the principal or designee.

5. Daily preparation for effective teaching, correcting papers, themes, attending faculty meetings, and similar activities require many hours of application outside the classroom and add to the professional responsibilities of the teacher. In addition, attendance at staff conferences, parent-teacher conferences, PTA meetings, and the like, are encouraged as a professional responsibility of the teacher. It is recognized that these demands may be considered excessive. It is accordingly agreed that such extra-curricular activities shall not exceed two (2) hours per week, or six (6) hours per month with the exception of two (2) formal parent-teacher conferences per school year. When teachers are required to participate in night parent-teacher conferences they shall be granted released time on the same day equal to the time scheduled for the conferences.
6. A teacher engaged during the school day in negotiating on behalf of the Association with any representative for the Board or participating in any formal professional grievance negotiation, including arbitration, shall be released from regular duties without loss of salary.
7. Any classroom teaching assignments in addition to the normal teaching schedule during the regular school day or year, including adult education courses, driver education courses, extra duties enumerated in Appendix B, and summer school courses, shall not be obligatory but shall be with the consent of the teacher. Preference in making such assignments will be given to tenure teachers of equal qualifications regularly employed in the District.
8. Where a secondary teacher is assigned to an extra class above the normal class teaching load, he shall be paid extra for that hour. If the total scheduled hours in the day are seven (7), he shall be paid one-seventh (1/7th) of his base salary; if the total scheduled hours in the day are six (6), he shall be paid one-sixth (1/6th) of his base salary, etc. When a secondary teacher is assigned a load reduction, he shall receive a pro-rated contract based upon the reduction. If the total scheduled hours are seven(7) his base salary and benefits shall be reduced by one-seventh (1/7th) for each scheduled hour reduced, if the total scheduled hours are six (6) his base salary and benefits shall be reduced by one-sixth (1/6th) for each schedule hour reduced. If a teacher teaches more than 1/2 time they will receive full benefits. Teachers teaching 1/2 time or less will receive pro-rated benefits. Such pro-rated benefits shall only apply to teachers hired after September 1, 1982 and those teachers who voluntarily reduce their teaching load. Teachers currently employed for one (1) hour per day shall continue under their present (September 1, 1982) benefit level or choose to be covered for fringe benefits on the pro-rata basis established in this provision, and shall not be grandfathered.

9. Because of the nature of the counselor's and librarian's work, if the Board requires a counselor's or librarian's length of employment to precede the regular teacher's contract year by at least one (1) week and extend beyond the regular teacher's contract by at least one (1) week, such additional weeks are to be pro-rated on the annual contract salary as set forth in Schedule A.

**B. Class Size**

Because the pupil-teacher ratio is an important aspect of an effective educational program, the parties agree that class size should be lowered whenever possible. In no event shall it exceed the following standards by more than five (5) except in traditional large group instruction or in classes where the teacher has agreed in writing to exceed these standards by more than five (5).

The Board will make every effort to insure that in classrooms involving work stations, the number of students assigned will not exceed the number who could reasonably be expected to work at such stations. (e.g. Workteams) This language is not intended to supersede the maximum class size language of this Article.

**C. Qualifications and Assignments**

No new teacher shall be employed by the Board for a regular teaching assignment who does not have a bachelor's degree from an accredited college or university, and a

---

provisional or permanent certificate. Professionally competent craftsmen such as plumbers, carpenters, etc., may be used to assist in teaching crafts under the direction of a qualified teacher.

1. For the purpose of this Article, "qualified" shall be defined as having a major or minor endorsement which requires the showing of training or experience in the area to be taught or prior instructional experience of at least one (1) full semester in the area to be taught. For the purposes of such qualifications, grades K-6 shall be deemed to be one (1) subject area. Teachers who do not meet the requirements of this provision in order to be placed in the 7-8 grades, must agree to take and satisfactorily complete a minimum of six semester hours or its equivalent of academic training in that specific subject area within twelve months of placement, in order to be qualified for the position.

2. **Outside Experience:**

All qualified teachers as defined above may be given credit for a maximum of ten (10) years of outside teaching experience in any recognized school system in Michigan or elsewhere. Changes in assignments shall be only by teacher consent if proposed later than one month prior to the opening of the new school year, except when made pursuant to implementation of Article 12: Reductions in Personnel.

Teachers shall report their unavailability at the earliest possible time, but not later than 6:30 a.m. Once a teacher has reported unavailability it shall be the responsibility of the administration to arrange for a substitute teacher. Only in emergency cases will regular teachers be asked to substitute for an absent teacher for whom the administration has been unable to secure a substitute teacher. In such cases the teacher doing the substitute teaching will receive 0.000632 times the BA Base for each class or hour taught in excess of his/her normal load. This provision does not apply in case of professional courtesy as outlined in Article 5, C, 8.

All teachers shall have their lesson plans in order and prepared at least one week in advance (defined as the Friday before or the Monday of the dated week of the plans, if requested) so that, in the event of a teacher's illness, a substitute teacher will be able to continue the plan with a minimum of interruption. The counselor's employment is further subject to the working conditions as set forth for the teachers in this agreement. - D. Involuntary transfers involving a layoff situation may be made if such will prevent the layoff of another teacher or will expedite the recall of a laid off teacher. Such involuntary transfer when made, will be in keeping with the seniority concept of this contract, that is, the least senior teacher by certification and qualification will be transferred first.
- E. Should an involuntary transfer become necessary not involving layoff, the Board will endeavor to transfer the least senior teacher certified and qualified for the position. Should reason be given for not transferring the least senior teacher representatives will meet to mutually discuss the most appropriate method for reassignment.
- F. Any teacher(s) desiring to voluntarily trade or exchange his/her assignment for one (1) year may do so with administration approval. Such transfers may be granted to expand the individual teacher(s) teaching experiences or to facilitate scheduling. Such exchange may, at the request of the teachers involved, be extended. - D. Within five (5) calendar days of receipt of the grievance, the principal shall meet with the Association in an effort to resolve the grievance. The principal shall indicate his disposition of the grievance in writing within five (5) calendar days of such meeting, and shall furnish a copy thereof to the Association.

- B. All evaluations shall be reduced to writing and a copy given to the teacher within five (5) days of evaluation. If an evaluator finds a teacher lacking, the reasons shall be set forth in specific terms as well as a specific suggestion for improvement. If the teacher disagrees with the evaluation, she/he may submit a written answer which shall be attached to the file copy of the evaluation in question.

The teacher evaluation process will involve the following elements:

- E. Each evaluation report of a teacher shall be followed by a personal conference between the teacher and the evaluator within one (1) week of the formal evaluation, for the purpose of clarifying the written report.
- F. Formal evaluation reports will be completed and given to the teacher being evaluated no later than May 1.

- H. No material originating in the School District after original employment will be placed in his personnel file unless the teacher has been furnished a copy of such material. The teacher may submit a written notation regarding any material and the same shall be attached to the file copy of the material in question. The signature of a teacher on any materials placed in his file not originating from the teacher shall not signify agreement but only the fact that he/she is aware of such material, unless express words of agreement accompany signature. If the teacher believes that material placed in his file is false or in error, such material will be removed or corrected upon conclusive evidence of its invalidity or error.
- I. Each teacher's personnel file shall contain the following minimum of information:

No material may be placed therein without allowing the teacher an opportunity to file a response thereto, and said response shall become part of said file.

## **ARTICLE 12: REDUCTIONS IN PERSONNEL**

- A. In order to promote an orderly reduction in personnel when the educational program, curriculum, and staff is curtailed, the following procedure will be used:
1. Probationary teachers shall be laid off first, according to date of hire. A probationary teacher shall not be laid off unless there is a tenure teacher who is certified and qualified to perform the duties the probationary teacher is vacating, or unless the position that the probationary teacher is vacating is being eliminated altogether.
  2. If the reduction of teaching personnel is still necessary, then tenure teachers shall be laid off on the basis of seniority, provided that those teachers remaining are certified and qualified to fill the remaining positions. Layoffs made pursuant to this section shall be made in the inverse order of seniority, i.e. those teachers with least seniority are to be laid off first.
- B. A teacher who is laid off pursuant to this Article has the right to be placed in a teaching position for which the teacher is certified and qualified to fill and which is occupied by a teacher with less seniority. Senioresd teachers electing to replace a less senior teacher within their certification must, if possible, seek placement so as not to cause unnecessary layoff to another teacher.
- C. "Seniority" shall be defined as the amount of time an individual has been continuously employed in a certified position within the school District. Such seniority shall be measured from the first day of employment scheduled on the job. Should there be ties in employment dates the following procedure shall be followed to break ties:
1. Date of signing of the teacher first contract of employment, then if a tie exists;
  2. Date of formal action of hiring by the Board of Education, then if a tie exists;

3. A drawing shall be held to determine placement on the seniority list. Teachers tied for seniority, as well as a representative of the Board and the Association, shall be present at such drawings.

D. Approved leaves of absence shall not cause an interruption of continuous seniority, although seniority shall not accrue during leaves unless specifically granted in other provisions of this agreement. Seniority shall not accrue for a laid off teacher beyond two (2) years.

E. Within two (2) weeks after a request, the Board shall provide the CEA/JCEA a complete up-to-date seniority list. Said seniority list will rank teachers from the individual with the least amount of service to the individual with the most amount of service. As deletions and additions occur, the Board will notify the Association.

F. "Seniority" shall be credited to administrators only for years in the bargaining unit.

G. For the purpose of this Article, "qualified" shall be defined as having a major or minor or endorsement which requires the showing of training or experience in the area to be taught or prior instructional experience of at least one (1) full semester in the area to be taught. For the purposes of such qualifications, grades K-6 shall be deemed to be one (1) subject area. Teachers who do not meet the requirements of this provision, in order to be placed in the 7-8 grade must agree to take and satisfactorily complete a minimum of six (6) semester hours or its equivalent of academic training in that specific subject area within twelve (12) months of placement in order to be qualified for the position.

H. The teachers involved and the Association will receive at least forty-five (45) days notice of impending layoffs except in cases of large unexpected enrollment decline and/or State Aid reductions. In no case, however, will a teacher receive less than thirty (30) days notice.

I. The Board shall inform the Association of the proposed reduction and afford the Association access to the Administration for discussion.

J. Recall of laid off teachers shall be in the inverse order of layoff; i.e. those laid off last will be recalled first, provided, however, that a teacher in order to be recalled shall be certified and qualified to teach the position available. A certified letter shall be sent to each teacher with a copy to the Association upon recall. Should the teacher not respond to the letter within ten (10) days after receipt of the certified letter, the Board's obligation for further employment to said teacher shall cease.

K. When vacancies occur while teachers are on layoff, laid off teachers shall, if certified for the position, be offered the position prior to any posting. If, however, a position is reinstated that was previously held by a teacher that was displaced from the position and that teacher is not on layoff such teacher shall have the opportunity to return to the reinstated position if the return does not prevent the recall of a laid off teacher.

- L. A laid off teacher shall maintain recall rights for three (3) years. This provision shall be subject to the requirements of the tenure law for tenure teachers.
- M. Reduction of hours: Should reduction in hours take place, senior teachers shall be retained if certified and in compliance with Section A-3, in order to maintain a full contract day or year. Teachers assignments altered in compliance with this clause are not subject to any limitations on the number of preparations.
- N. Laid off teachers shall receive first priority in substituting for the School District.

**ARTICLE 13: STUDENT DISCIPLINE AND TEACHER PROTECTION**

- A. The Board recognizes its responsibility to give all reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom. Whenever it appears that a particular pupil requires the attention of special counselors, social workers, law enforcement personnel, physicians, or other professional persons, or whenever it appears that the presence of a particular student in the class will impede the education of the balance of the class because of disruptions caused by said student, the Board will provide professional assistance for said student.
- B. Each teacher will file a classroom discipline plan with the building principal no later than the second Friday school is in session, if requested. The administration and teacher will sign the plan indicating agreement to its content.
- C. A teacher may exclude a pupil from one (1) class when the grossness of the offense, the persistence of the misbehavior or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable. In such cases, the teacher will furnish the principal, as promptly as his teaching obligations will allow, but no less than twenty-four (24) hours, full particulars of the incident in writing. An administrative form will be maintained for the purpose of reporting the incident. The pupil shall not be returned to the classroom until after consultation by the principal with the teacher and parent.
- D. The Board shall promulgate rules and regulations setting forth the procedures to be utilized in disciplining, suspending, or expelling students for misbehavior. Such rules and regulations shall be distributed to students, teachers, and parents at the commencement of each school year.
- E. Any case of assault upon a teacher shall be promptly reported to the Board or its designated representative. Upon the teacher's written request, the Board will provide legal counsel to advise the teacher of his/her rights and obligations with respect to such assault and shall promptly render all reasonable assistance to the teacher in connection with the handling of the incident by law enforcement and judicial authorities.

- F. If any teacher is complained against or sued as a result of any reasonable action taken by the teacher while in pursuit of his/her employment, the Board will provide legal counsel to advise the teacher of his/her rights and obligations and shall render all reasonable assistance to the teacher in his/her defense. The Board shall also underwrite the cost of legal counsel to defend the teacher to the extent such cost is covered by the Board's liability insurance.
- G. Time lost by a teacher in connection with any incident mentioned in this Article shall not be charged against the teacher, if the teacher is acting within the guidelines of the discipline code.
- H. The Board will reimburse teachers for any loss, damage, or destruction of clothing or personal property of the teacher while on duty in the school or on the school premises, which results from the acts of students or negligence of the Board to properly maintain the premises, as long as the teacher uses preventative measures such as locking rooms or equipment when not in use and exercising due care. The Board's liability for such loss, damage or destruction of personal equipment shall not exceed fifty (50) dollars unless it or its designee is made aware of the property on the school premises and agrees to liability. In no case will the teacher expect double reimbursement for losses.
- I. No disciplinary action shall be taken upon any complaint by a parent or a student directed toward a teacher, nor shall any notice thereof be included in said teacher's personnel file unless such matter is promptly reported in writing to the teacher concerned.
- J. A teacher, in accordance with the Michigan School Code may use reasonable physical force in the following instances:
1. To protect the teacher, a student or others from immediate physical injury,
  2. To obtain possession of a weapon or other dangerous objects upon or within the control of a student, or
  3. To protect property from physical damage.

A teacher shall not threaten to inflict, or cause to be inflicted corporal punishment upon any student. Corporal punishment means the deliberate infliction of physical pain by any means upon the whole or any part of a student's body as a penalty or punishment for a student's offense. Any teacher who violates the prohibition against corporal punishment shall be subject to disciplinary action. The Board agrees to indemnify against any damages, fines, legal fees, or other costs as a consequence of any act or omission by a teacher authorized by the provisions of this paragraph. An act or omission by a teacher in violation of this paragraph frees the Board of any responsibility to indemnify the teacher.

- K. Teachers will be informed of standard rules for student conduct each fall. It is the responsibility of each teacher, with the assistance of the building principal, when necessary, to uniformly enforce said rules.

#### **ARTICLE 14: CONTINUITY OF OPERATIONS**

- A. Both parties recognize the desirability of continuous and uninterrupted operation of the instructional program during the normal school year and the avoidance of disputes which threaten to interfere with such operations. Since the parties are establishing a comprehensive procedure under which unresolved disputes may be settled by an impartial third party, the parties have removed the basic cause of work interruptions during the period of this Agreement. The Concord Education Association accordingly agrees that it will not, during the period of this agreement, directly or indirectly engage in or assist in any strike, as said term is defined by the Public Employment Relations Act.
- B. The Board agrees that it will not, during the period of this Agreement, directly or indirectly engage in or assist in any unfair labor practice as defined by Section 10 of the Public Employment Relations Act.
- C. When weather conditions, mechanical malfunctions and/or other emergencies act to close schools to students, bargaining unit members shall not be required to report to work, provided that teachers may be subject to being called in by the superintendent when conditions permit. Teachers unable to report due to inclement weather shall not be expected to comply.
- When such days are rescheduled, pursuant to the State Aid Act, bargaining unit members shall be required to report to work. Neither the closure of schools due to "Acts of God Days", nor rescheduling of such days, shall act to increase or decrease the number of workdays in the school calendar or the amount of compensation due to a bargaining unit member in accordance with their step and level on the salary schedule.

The rescheduling of such "Act of God Days" shall be as is required by the State Aid Act or other state law.

#### **ARTICLE 15: NEGOTIATIONS PROCEDURES**

- A. The Association shall designate a teacher in each school building as the Association Representative (A.R.) whom shall be the agent of the Association for the purpose of employment relations in the respective school building. The principal and Association Representative may meet at least once each month for the purpose of reviewing the administration of the contract and to resolve problems which may arise. These meetings are not intended to bypass the grievance procedure. Matter of employment relations which concern the school system as a whole shall be addressed by the Association president and the superintendent of schools.
- B. Before March 15th of the final year of this contract, the parties shall initiate negotiation for the purpose of entering into a successor agreement.

- C. Neither party in any negotiations shall have any control over the selection of the negotiating or bargaining representative of the other party. The parties mutually pledge that their representatives will be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations. There shall be three (3) signed copies of any final agreement. One (1) copy shall be retained by the Board, one (1) by the Association, and one (1) by the superintendent.

## **ARTICLE 16: PROFESSIONAL BEHAVIOR**

- A. It is understood and recognized that the teachers shall continue to use the school day for:
1. Planning and preparing for their classes. (Careful daily, weekly and semester preparations.)
  2. Teaching their pupils.
  3. Evaluating pupil progress and discussing with their colleagues the effectiveness of their own planning and implementation of these plans.
  4. Providing professional service to the school and community for the purpose of assisting in the development and implementation of quality education in the system.
  5. Reporting their evaluations of pupil progress to the school administration and to the parents of the children whom they teach at appropriate times during the school year.
- B. A teacher shall at all times be entitled to have present a representative of the Association when he/she is being reprimanded, warned, or disciplined for any infraction of rules or delinquency in professional performance. When a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present.
- C. No teacher shall be disciplined, reprimanded, or reduced in rank or compensation without just cause. Any such action asserted by the Board or representative thereof shall be subject to the professional grievance procedure hereinafter set forth, or if covered under the Tenure Act, the teacher may elect to follow the procedures of either the grievance process or the Tenure Act, but not both. The intent of this provision is that if a teacher files charges before the Michigan Tenure Commission, any pending grievance relative to the same charges shall become inoperative, null and void. All information forming the basis for disciplinary action will be made available to the teacher and the Association.
- D. Teachers are expected to comply with reasonable rules, regulations, and directions from time to time adopted by the Board or its representative which are not inconsistent with the

provisions of this Agreement, provided that any teacher may reasonably refuse to perform duties not ordinarily within the realm of teaching duties and responsibilities.

**E. Continuing Education:**

1. The Concord Board of Education recognizes the importance of continuing professional growth for teachers and agrees to pay a lump sum of fifty (\$50) dollars to any teacher successfully completing the equivalent of one (1) semester hour of college or university work beyond the required credits for permanent or continuing certification, not to exceed four (4) hours per semester while teaching, or fourteen (14) hours per year. This is a one-time payment, and the teacher's request for such payment of these completed semester hours must be accompanied by a transcript of his/her grades.
2. To receive payment under this provision, a teacher must make application, including a transcript to verify successful completion of the credit hour, within six (6) months after completion of the course for which reimbursement is requested. Teachers earning hours on a quarterly system rather than a semester system must convert their hours by multiplying the number of hours taken by two-thirds (2/3).

F. The parties support the principle of continuing training of teachers and participation by teachers in professional organizations in the area of their specializations. The Board agrees to provide, upon approving the applications, some of or all the funds for teachers who desire to attend selected professional conferences. Travel, meal, lodging, and registration fees shall be deemed appropriate expenses by the Board, as well as the cost of the substitute teacher needed to relieve the participant. A teacher may reapply to attend the conferences at his own expense. The Board may approve or disapprove applications at its own discretion. In the event the Board requests a teacher attend any conference in connection with this Article, the teacher shall have all pre-approved expenses and fees paid by the Board.

A teacher attending such conferences and meetings shall be granted sufficient leave time to attend without loss of compensation. The teacher will, upon request, submit a report regarding such conferences. Budgeted monies for conferences shall be made known to the staff at the beginning of each school year. Such monies shall be equitably distributed among all requesting staff members.

G. The Board recognizes the educational profession's right and responsibility to insist that, relatively, children must be free to learn and teachers free to teach. Thus, no special limitations shall be placed upon study, investigation, presentation, and interpretation of facts and ideas, except that:

1. The teacher must be acting within his certified area in accordance with accepted courses of study.

2. The teacher must exercise responsibility and prudence, and must realize that teaching in an elementary, Middle or High School places special responsibility upon the teacher to carefully consider the maturity level of the student and the special circumstances that surround the teacher/learning relationship.
  3. The teacher must abide by established Board policy on curriculum.
  4. The teacher shall present and cover the fundamental ideas, concepts, and philosophies contained in the texts provided by the Board.
- H. All communications obtained by a teacher in the course of his/her professional duties and deemed, by said teacher, to be of confidential nature, will not, except with the consent of said teacher, be disclosed to anyone unless said disclosure is required by law.

### **ARTICLE 17: MISCELLANEOUS PROVISIONS**

- A. This Agreement shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from, or modified only through the voluntary, mutual consent of the parties in written and signed amendment to the Agreement.
- B. Any individual contract between the Board and an individual teacher heretofore executed shall be subject to and consistent with the terms and conditions of this Agreement. the Master Agreement to the Association for its use. The expense of printing such copies shall be equally shared by the Board and the Association.

- G. The Board agrees to enforce, as they pertain to a public school district, the laws of the State of Michigan, with specific attention being given to the Michigan School Code.
- H. Each spring all teachers will draw up a list of teaching supplies that are needed for the following year. Supplies will be ordered in accordance with the District wide procedures outlined in Board policy and administrative regulations. Teachers will be informed of funds available for the purchase of teaching supplies upon request.
- I. Prior to the end of the school year every teacher will make a list of repairs and/or improvements that they believe are needed in their rooms or teaching stations. The list shall be given to the building principal who will compile the list and post it in the building and forward a copy to the superintendent for consideration by the Board.

### **ARTICLE 18: ANNEXATION, CONSOLIDATION**

- A. During the life of this Agreement, if annexation, consolidation, or the boundaries of the School District change, the Board agrees to notify the Association in advance so the Association may bargain the effects of that change on its members prior to implementation.

This agreement shall be binding on any successors to the extent permitted by law.
