THIS PLAN

This Plan is provided by Osceola County for their Employees and their Eligible Dependents. The Benefits described in these pages take precedence over, and replace any previous literature furnished.

Requests for benefits other than those to which an Employee is entitled in accordance with this Plan cannot be accepted.

WHEN COVERAGE BEGINS AND ENDS

WHEN AN EMPLOYEE'S COVERAGE BEGINS:

BECOMING ELIGIBLE

1. New Employees are eligible on the first day of the month following completion of thirty (30) days employment.
2. Must be a Full-Time Employee working at least thirty-five (35) hours per week.

BECOMING COVERED

If an Employee enrolls for coverage within thirty-one (31) days following the day they become eligible, they will be covered on the day that they become eligible.

If an Employee enrolls for coverage more than 31 days after the date they become eligible, they will be covered on the first day of the month following approval of their application.

An Employee must be actively at work on the day that their coverage is to become effective. If they are absent from work because of bodily injury or sickness on that day, they will be covered on the day they return to active work. To be considered actively at work for coverage purposes, they must be physically able to perform their normal duties for a regularly scheduled work day at the time they report to work.

RETIRED EMPLOYEES

Certain Retired Employees are covered under this Plan. Please see Health Insurance Coverage for Capital Area Transportation Authority's Retirees.

WHEN DEPENDENTS' COVERAGE BEGINS

DEPENDENTS DEFINED

If an Employee becomes covered the Plan provides coverage for eligible, enrolled family dependents. This includes the Employee's spouse and unmarried children until the end of the year in which they reach age 19. A Covered Person may apply for coverage for dependents after the end of the year in which they become 19. To be eligible these dependents must be: unmarried, dependent on the Employee for more than half their support as defined by the U.S. Internal Revenue Code and as such have been reported on the Employee's most recent Federal Income Tax return. In addition these dependents must reside with the Employee or be in temporary residence at school or summer camp.

Eligible children include the Employee's own children, legally adopted children, step-children, foster children and other children living with the Employee and dependent on the Employee for support. Sponsored dependents are also covered (see below for definition).

A sponsored dependent is a member of a family, either by blood or --- resides in the Employee's household. Such dependents --- Employee for more than half their support --- on the Employee's most ---

For dependents covered until they reach age 25, due proof that the dependent child continues to qualify as an eligible dependent must be furnished to the Plan Supervisor as it reasonably requires.

NOTE: If an Employee's child is mentally retarded or physically handicapped when coverage would terminate due to his/her age, coverage may be continued by submitting to the Plan Supervisor within thirty-one (31) days prior to termination, written proof that their child is incapable of self sustaining employment by reason of mental retardation or physical handicap and the child is chiefly dependent upon the Employee for support and maintenance. The coverage on the child may be continued, but not beyond the termination of such incapacity and such dependence.

BECOMING ELIGIBLE

Each dependent spouse or child will be eligible for coverage on the later of these dates:

1. the date on which the Employee's coverage begins,
2. the date he/she becomes an eligible dependent.

Any dependent confined to a hospital or other medical facility (by reason other than his/her birth therein) when she/he could normally become eligible for coverage, will become eligible only upon discharge from the hospital or other medical facility.

BECOMING COVERED

If dependents are enrolled for coverage on or before their date of eligibility or within thirty-one (31) days of such date, they will be covered on their date of eligibility.

An Employee should enroll their dependents promptly. If enrollment is more than thirty-one (31) days after their date of eligibility, their coverage will be effective on the first day of the month following approval of their application for the dependent's coverage.

WHEN COVERAGE TERMINATES

Benefits cease on the first day of the calendar month in which a Covered Person becomes age 65 and is entitled to Medicare. If, however, an Employee continues active employment with their employer beyond age 65 and elects continuation of this Plan as their primary health coverage, the Plan benefit will cease on the first day of the calendar month following the month in which (1) they retire, or, (2) Medicare is elected as his/her primary health coverage.

An Employee's coverage terminates when they leave their Employer's employment, when they are no longer eligible for coverage, upon cessation of contributions for the cost of their coverage, or upon termination of their Employer's participation under this Plan, whichever occurs first.

A dependent's coverage terminates when an Employee's coverage terminates (unless continued in accordance with provisions of DEFRA) or when he/she is no longer an eligible dependent, whichever occurs first. (If an Employee ceases active work or leaves the Employer's employment, see Continuation of Health Insurance Coverage under the "COBRA" Act.)

PRE-EXISTING CONDITIONS

No benefits are payable for expenses incurred due to an injury or sickness or any related conditions for which advice or treatment was received within three (3) months prior to the date a person becomes a Covered Person until expiration of the earliest of:

1. A period of three (3) consecutive months ending on or after the effective date of a person's coverage during which time the Covered Person did not incur any expenses, received no medical treatment or services, including prescribed drugs or medicines, in connection with such injury, sickness or any related conditions;
2. A period of six (6) consecutive months during which time the Covered Person has been continuously covered and actively at work;
3. A period of twelve (12) consecutive months during which time the Covered Person was continuously covered, except if at the end of such period such person is (a) not actively at work -- in the case of an Employee, or (b) confined to a hospital or any other medical facility -- in the case of a dependent, then such period shall be extended until such Employee returns to active work or such dependent is not confined to a hospital or any other medical facility.

EXCEPTION TO THE PRE-EXISTING CONDITION

The exclusion of coverage due to the above Pre-Existing Condition provision of this Plan shall be modified to the following extent for those persons covered on the Effective Date of this Plan and covered on the immediately preceding day under the policy this Plan replaced, whether such policy replaced was written by an insurer or under a similar but not insured plan:

1. If the Covered Person incurs expenses which would be eligible for payment hereunder except for the Pre-Existing Conditions provision and such expense would have been eligible for payment under the policy replaced had that policy been continued in force rather than replaced by this Plan, the Plan agrees to pay the lesser of the amount thus payable for such expenses under:
 - a. The policy replaced, and
 - b. This Plan disregarding the Pre-Existing Condition provision.
2. In no event shall the total amount payable hereunder because of this exception exceed the maximum amounts payable under this Plan if the Pre-Existing Conditions provision were not present.
3. No item of expense incurred before the Effective Date of this Plan shall be payable under this Plan.
4. In no event shall the term "this Plan" be construed as referring to the policy replaced.

PRE-ADMISSION TESTING & PRE-CERTIFICATION & EXTENDED STAY REVIEW

PRE-ADMISSION TESTING

Pre-Admission Testing, when performed on an outpatient basis will be included as a Covered Expense, and will be payable at 100% not subject to any deductible or co-payments. Such testing must be performed within seven (7) days of a scheduled hospital confinement and must be performed at the same hospital where such confinement is to occur.

PRE-CERTIFICATION & EXTENDED STAY REVIEW

All non-emergency hospital admissions require pre-certification, by Intracorp, regarding the medical necessity of inpatient hospitalization. Pre-certification can be obtained by having the Covered Person or admitting physician call Intracorp at 1-800 592 5922. Intracorp will notify the Plan Supervisor, physician, hospital and patient of the approved number of hospital days. Intracorp will maintain contact with the hospital and admitting physician to authorize extended length of stay days if medically necessary.

Pre-Certification Review will never stand in the way if a Covered Person needs emergency treatment. In an urgent situation, a Covered Person gets the care they need. Then, they have their physician call for immediate authorization over the phone. This call must be made within two business days of the Covered Person's admission.

If the above procedure is not followed, the Covered Person shall be responsible for the payment of a deductible amount of \$500.00. This \$500.00 shall be imposed each time the above procedure is not followed.

MANDATORY SECOND SURGICAL OPINION EXPENSE BENEFIT

FOR NON-EMERGENCY SURGERY

This benefit is designed to supplement the Medical Expense Benefits and therefore is not subject to any co-payments. The Plan will pay 100% of the charges for a second opinion on certain elective non-emergency surgeries. Not every proposed surgery requires a second surgical opinion --- only 14 specific operations.

When an attending physician recommends one of these procedures, a Covered Person selects a specialist in their area and arranges for a consultation. The physician rendering the second opinion regarding medical necessity of such surgery must be qualified to render such a service, either through experience, specialized training or education, or similar criteria, and must not be affiliated in any way with the attending physician. The consulting physician must fill out a Surgical Opinion Statement and mail it to the Plan Supervisor.

If a Covered Person receives conflicting opinions (the specialist disagrees with the attending physician) the Plan will pay for a third consultation at 100%. This third physician must be qualified to render such a service, and must not be affiliated in any way with the attending physician or the consulting physician. The physician rendering the third opinion must, also, fill out a Surgical Opinion statement and mail it to the Plan Supervisor.

This Second Surgical Opinion on the 14 surgeries, listed below is Mandatory and if Second Surgical Opinion is not used or if the Covered Person elects to have surgery completed in conflict with the third opinion, then co-payment is paid at 50% on surgery performed and includes physician and hospital reflected charges. Charges are not subject to out-of-pocket stop-loss.

If a surgical procedure listed on the Outpatient Surgical Procedures Table cannot be performed on an outpatient basis due to:

- A. the medical condition of the Covered Person; or

such services will be payable under the Plan in accordance with all Plan conditions, exclusions and limitations, however, if a surgical procedure can be performed as an outpatient and is done on an inpatient basis (non-Intracorp Certified Inpatient Surgery) all related benefits are paid at 50% and not subject to the stop-loss.

MAIL SERVICE PRESCRIPTION DRUG PROGRAM
(Maintenance Drug)

Mail Service Prescription Drug is a Covered Benefit under this Plan. If a Covered Person or their Eligible Dependents take medication on an ongoing basis (maintenance medication), they can receive prescription drugs, via mail service at no extra cost and have them delivered to their home.

WHAT IS THE MAIL SERVICE PRESCRIPTION DRUG PROGRAM?

The Mail Service Prescription Drug Program is ideal for those persons who take prescription medication on an ongoing basis.

WHAT IS COVERED?

Prescription medications as presently covered by the Plan.

WHO IS ELIGIBLE?

All Employees and their Eligible Dependents.

HOW TO USE THIS PROGRAM

1. A Covered Person should ask their physician to prescribe needed medication for a 90 day supply, plus refills. If they are presently taking medication, they should ask their doctor for a new prescription.
2. There will be a supply of mail order forms in the Personnel Office. The Covered Person should complete the attached Patient Profile Questionnaire with their first order only. They should be sure to answer all the questions, and make certain they include their Social Security Number on the form.
3. They should send the completed Patient Profile Questionnaire and their original prescription to National Rx Services, Inc.
4. National Rx Services, Inc. will process the order and return the medications to the Covered Person, via First Class Mail or UPS, along with re-order instructions for future prescriptions.

Please remember this program is to be used only for a 90 day supply of drugs.

GENERIC DRUGS

The generic name of a drug is its chemical name. The brand name is the trade name under which the drug is advertised and sold. By law, generic and brand name drugs must meet the same standards for safety, purity, strength and effectiveness. When a doctor authorizes generic substitution, it permits the Pharmacy to dispense a generic drug. This saves the Plan money. So whenever possible, a Covered Person should ask their doctor to prescribe generic drugs.

HEALTH COVERAGE RIGHTS UNDER THE DEFICIT REDUCTION ACT OF 1984 (DEFRA)

Health coverage under this Plan is available to employees age 65 and older under the same conditions as coverage is available to employees under age 65; coverage is available to spouses age 65 and older of employees of any age under the same conditions as coverage is available to spouses under age 65 of employees of any age; and persons age 65 or older are entitled to select Medicare for their primary health coverage in lieu of any group health plan offered by the employer.

When an employee or spouse of an employee who is covered by an employer's group health plan reaches age 65, that person shall continue to be covered by the health plan unless and until he/she notifies the employer, in writing, that he/she does not want such coverage to continue, or otherwise ceases to be eligible for such coverage for a reason that would also make an employee or a spouse of an employee under age 65 ineligible for coverage.

GENERAL CONDITIONS APPLICABLE TO THE PLAN

RELEASE OF INFORMATION

Each Covered Person hereby authorizes physicians, hospitals, and other providers of services to furnish to the Plan Supervisor, upon its request, information relating to services to which the Covered Person is or may be entitled under this Plan. Physicians, hospitals, and other providers of services are hereby authorized to permit the Plan Supervisor to examine their records with respect to the services and to submit to the Plan Supervisor reports of the services in the detail that the Plan Supervisor requests. All information related to treatment of the Covered Person will remain confidential except for the purpose of determining rights and liabilities arising under this Plan.

CONTEST

A Covered Person seeking payment from the Plan directly or indirectly will be furnished the specific reason or reasons for denial of a claim with reference to the applicable provisions of this Plan and an explanation of additional information required from or on behalf of the Covered Person for reconsideration of the claim in accordance with the Plan's review procedure. No action or suit at law may be commenced upon or under this Plan until thirty (30) days after notice by the Covered Person has been given to the Plan that the reconsidered decision of the Plan under its claim review procedure is unacceptable, nor may such action be brought at all later than two (2) years after such claim has arisen.

GENERAL INFORMATION APPLICABLE TO THE PLAN

COORDINATION OF BENEFITS

If a Covered Person is entitled to any group medical, dental care or major medical benefits or services from another source, including any other certificate issued under this Plan, or any other arrangement of coverage for individuals in a group, such benefits under this Plan may be reduced to an amount which, together with all other such benefits, will not exceed 100% of any necessary, reasonable and customary item of expense covered under this Plan or any other such plan. Any item of expense covered under another plan will be considered in calculating benefits only if a portion of the cost of this item is also covered under this Plan. These provisions shall apply to any government or tax-supported program and Medicare. These provisions shall also apply to automobile no-fault insurance coverage and to benefits or services provided by group student health programs. Except for such automobile no-fault insurance coverage and group student health programs these provisions shall not apply to any individual policy or franchise plan purchased directly.

The following rules are used in determining which plan is primary (pays its normal benefits) and which is secondary (pays the balance of allowable expenses incurred):

1. If a plan does not have "coordination of benefits" provision, than that plan is always primary.
2. The plan covering the patient as an employee is primary, while the plan covering the patient as a dependent is secondary.
3. The plan covering a dependent child of an employee whose birthday anniversary occurs earlier in the calendar year is primary, while the plan covering a dependent child of an employee whose birthday anniversary occurs later in the calendar year is secondary, however:
 - (a) If the parents birthday anniversaries are the same, the plan covering the dependent child for the longer period is primary.
 - (b) If either plan does not have a provision regarding birthday anniversaries than that plan shall determine the order of benefits.

Exception:

If the child is a dependent child of divorced or separated parents, the order of benefit determination will be as follows:

- (a) If the parent with custody has not remarried, his/her plan will be primary, while the plan of the parent without custody is secondary.
- (b) If the parent with custody has remarried, his/her plan will be primary, while the plan of the step-parent will be secondary over the plan of the parent without custody, and the plan of the natural parent without custody is secondary.

However, if the parents of the child are divorced and there is a divorce decree which sets forth a financial duty for the health care expenses of the child, the plan of the parent with such financial duty is primary.

Whenever payments have been made in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, the Plan shall have the right to recover such payments, to the extent of such excess, from among one or more of the following, as the Plan shall determine: any persons to, or for, or with respect to whom such payments were made, any other companies, any other organizations.

SUBROGATION

This Plan may withhold payment of benefits when a party other than the Covered Person or the Plan may be liable for expenses until such liability is legally determined.

In the event of any payment for services under the Plan, the Plan Administrator shall, to the extent of such payment, be subrogated to all the rights of recovery of the Covered Person arising out of any claim or cause of action which may accrue because of the alleged negligent conduct of a third party. Any such Covered Person hereby agrees to reimburse the Plan, for any benefits so paid hereunder, out of monies recovered from such third party as the result of judgment, settlement or otherwise; and such Covered Person hereby agrees to take such action to furnish such information and assistance and to execute and deliver all necessary instruments as the Plan Administrator may require to facilitate the enforcement of their rights. This provision shall not apply, however, to a recovery obtained by a Covered Person from an insurance company on a policy under which such Covered Person is entitled to indemnity as a named insured person.

HOW TO APPEAL A CLAIM DENIAL (ERISA)

If a Covered Person does not agree with a claim denial, they may request that a review be made of their claim. They should submit a written request for review of their claim within sixty (60) days after receiving notice of denial. The request should be addressed to the attention of the Plan Supervisor.

A Covered Person may submit additional information with their request for review. They may request and receive copies of pertinent documents, although in some cases authorization may be needed for the release of confidential information, such as medical records. A Covered Person should submit the facts and any supporting comments in writing. A decision will be made by the Plan within sixty (60) days following receipt of request for review or the date all information required of the Covered Person is furnished, whichever date is later. Notification of the decision on review will be written in a manner calculated to be understood by the Covered Person and will specify the reasons for the decision.

STATE OF MICHIGAN LICENSURE BILL STATEMENT

The individuals covered by this Plan are not insured, and in the event that the Plan does not ultimately pay medical expenses which are eligible for payment under the Plan for any reason; the individuals covered by the Plan may be liable for those expenses.

The Supervisor merely processes claims and does not insure that any medical expenses of individuals covered by the Plan will be paid. Complete and proper claims for benefits made by individuals covered by the Plan will be promptly processed, but in the event there are delays in processing claims,

the individuals covered by the Plan shall have no greater rights to interest of other remedies against the Supervisor than as otherwise afforded them by law.

Wherever this Plan is non-conforming with State Mandated Coverages or law, it is the intention, unless specifically excluded elsewhere in this Plan Document, to comply with the State Laws and Mandated Coverages.

PROCEDURE FOR CLAIMING BENEFITS UNDER THE PLAN

MEDICAL

Generally speaking, a claim form is not required to file for medical benefits under the Plan. All itemized bills (doctor, hospital, etc.) for services received should be submitted directly to the Plan Supervisor. These itemized bills should list:

- (a) Name of Patient
- (b) Date of Service
- (c) Type of Service
- (d) Charge for Same
- (e) Name of Group (Osceola County) or Group No. 1114

Please Note: If a Covered Person wishes to have benefit payments paid directly to their doctor, or hospital, etc., they must complete the assignment of benefits portion of their bill, or if there isn't one, sign their name on the bill requesting that the bill be paid directly to the doctor, hospital, etc. If this is not done, then the reimbursement will come directly to the Covered Person and could cause delay in paying their claims.

DENTAL

Dental forms are available at the Personnel Office. Though it is not necessary to use any special form, for charges in excess of \$200.00 a Covered Person should use the advance predetermination of benefits. Many dentists require that a person agree to the proposed treatment and charges before treatment begins. Therefore, it is valuable for a Covered Person to know what the dental benefit will pay before they make a financial commitment to the dentist. Have the dentist complete a dental claim form, showing the proposed treatment and charges. The claim form will then be returned to the dentist showing the amount that the Plan will cover. These benefits will be paid only if a person remains covered at the time they receive the treatment.

CONTINUATION OF HEALTH INSURANCE COVERAGE UNDER THE "COBRA" ACT

The United States Congress recently passed the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). EFFECTIVE July 1, 1986 the COBRA Private Health Insurance provision now requires employers of TWENTY or more employees to offer continuation group health and medical coverage at group rates to certain employees, their spouses and their dependent children in the event that the employee is no longer covered under the plan.

WHEN AND TO WHOM CONTINUATION COVERAGE MUST BE OFFERED

Group health continuation coverage must be offered to an employee's spouse and dependent children if the employee dies, becomes divorced or legally separated from his or her spouse, becomes entitled to Medicare, or is terminated (or has his hours reduced) for reasons other than gross misconduct. In the event of the termination (other than by reasons of gross misconduct) or reduction of hours of the covered employee, the covered employee must also be offered group health continuation coverage. Finally, group health continuation coverage must be offered to any dependent child of a covered employee when that child ceases to be a dependent child under the generally applicable requirements of the Plan.

NOTICE AND ELECTION PROCEDURES

The above events which give rise to the group health continuation coverage requirements are known as "qualifying events." Those persons who are entitled to continuation coverage upon the occurrence of a qualifying event are known as "qualified beneficiaries." Once a qualifying event occurs, certain notice requirements arise with respect to the employer, the plan administrator, the employee and certain qualified beneficiaries.

In the event of the death of a covered employee, the termination of employment (other than for gross misconduct) or the reduction of hours of a covered employee, or a covered employee's entitlement to Medicare benefits, the employer must notify the plan administrator of such qualifying event within thirty (30) days after the date of such qualifying event. If the covered employee becomes divorced or legally separated from his or her spouse, the covered employee and/or any qualified beneficiary is responsible for notifying the plan administrator of the occurrence of such qualifying event. Where the dependent child of a covered employee ceases to be a dependent child under the generally applicable requirements of the plan, the employee and/or the dependent child is responsible for notifying the plan administrator of the occurrence of such qualifying event.

Within fourteen (14) days after the plan administrator has received notice of any of the above qualifying events, the plan administrator must notify each qualified beneficiary of that beneficiary's rights to group health continuation coverage. Any notice which is provided to the spouse of a covered employee will be treated as notification to all other qualified beneficiaries who reside with that spouse.

Once notified by the plan administrator, the qualified beneficiaries must determine within the applicable election period whether or not they wish to purchase group health continuation coverage. This election period begins on the date on which coverage terminates by reasons of a qualifying event and ends no earlier than 60 days after the later of: (a) the day on which coverage terminates by reason of a qualifying event, or (b) the date on which the qualified

beneficiary receives notice of his or her continuation coverage rights from the plan administrator.

Any election by a covered employee or by the spouse of a covered employee shall be deemed to include an election of continuation coverage on behalf of any other qualified beneficiary (i.e. dependent children) who would otherwise lose coverage under the plan by reason of the qualifying event.

THE SUBSTANTIVE REQUIREMENTS OF CONTINUATION COVERAGE

The coverage which is offered to qualified beneficiaries must be identical to the coverage provided to similarly situated active employees who are covered under the plan. The length of time for which this continuation coverage must extend depends upon the qualifying event which prompted it. Where the covered employee is terminated other than for gross misconduct or has his hours reduced, the continuation coverage must extend for a period of eighteen (18) months. With respect to any other qualifying event, continuation coverage must be extended for at least thirty-six (36) months.

Under certain circumstances, the employer can terminate the continuation coverage before the end of these periods. The employer may terminate continuation coverage as of: (1) the date on which the employer terminates all of its group health plans, (2) the date on which a qualified beneficiary fails to make timely payment of any required premium, (3) the date on which a qualified beneficiary becomes entitled to Medicare benefits, or (4) the date on which a qualified beneficiary becomes covered under another group health plan.

At the end of this 18 month or 36 month period (whichever is applicable), the plan must offer the qualified beneficiary the option of enrollment under any conversion health plan otherwise available under the plan. This conversion option must be offered for 180 day period. Finally, any continuation coverage may not be conditioned upon insurability.

PREMIUMS

A qualified beneficiary may be required by the plan to pay a premium for continuation health insurance coverage. This premium cannot exceed 102% of the "applicable premium" and the qualified beneficiary must be allowed to pay the premium in monthly installments. The term "applicable premium" generally represents the cost to the plan of coverage for similarly situated active employees covered by the plan (without regard to whether such cost is paid by the employer or employee). With respect to those plans which are maintained on an insured basis this computation of "applicable premium" is simple enough. However, with respect to self-insured plans, the "applicable premium" must be determined based on a reasonable estimate of the cost of providing coverage to similarly situated active employees covered by the plan, determined on an actuarial basis and taking into account factors to be prescribed by the Internal Revenue Service.
