MANAGEMENT RIGHTS

Consistent with the express terms of this Agreement:

- A. The Union recognizes the prerogatives of the City to operate and manage its affairs in all respects in accordance with its responsibilities and powers of authority, except as specifically abridged, delegated, granted or modified by this Agreement or any supplementary agreements. All remaining rights, powers, and authority the City had prior to the signing of this Agreement, and all other rights normally, usually and customarily retained by management, are retained by the City and remain exclusively and without limitations within the rights of the City. Except as specifically limited by this Agreement, the City may exercise these retained rights, and those rights specifically enumerated in Section B hereof, without previously bargaining the same with the Union; provided, however, that such actions shall not conflict with the terms of this Agreement.
- B. Among the rights, powers and authority provided the City by law, including by way of example and not in limitation of the foregoing, the City hereby retains and reserves unto itself the right:

MANAGEMENT RIGHTS - Continued

1. To manage its affairs efficiently and economically, including the determination of quality and quantity of services to be rendered, the control of materials, tools and equipment to be used and the discontinuance of any services, materials, processes or methods of operation.
 2. To establish, determine and redetermine the method or processes by which the work is to be performed and to introduce new equipment, methods, machinery or processes, change or eliminate existing equipment or methods and institute technological changes, decide on materials, supplies, equipment and tools to be used.

 10. To layoff for lack of work or funds, or where such continuation of work would be wasteful and unproductive, but in such case, the City shall not be arbitrary and capricious.
- C. The Union recognizes that the City has the right to contract or subcontract its services.

The City recognizes that it has a moral obligation to make a reasonable effort to secure reemployment for those persons who will be displaced in the event the City determines to contract or subcontract its services.

In recognition of this, the City agrees to meet with the Union prior to contracting or subcontracting its services for the purpose of attempting to make a diligent effort in securing reemployment for said employees in an equal job in another department in the City at the same rate of pay or attempt to secure for said employees outside employment at the same rate of pay.

MANAGEMENT RIGHTS - Continued

In no event shall the City's right to contract or subcontract its services be used for the purpose or intention of undermining the Union nor to discriminate against any of its members.

The City agrees that it will not lockout any employee during the term of this Agreement. However, if any employee is unable to work because equipment or facilities are not available due to a strike, work stoppage, slowdown, or other interference by employees of another employer, such inability to work shall not be declared a lockout, or a slowdown or stoppage of work by the employees or the Union. At no time shall employees be required to cross the picket line of another union when crossing the line would impair the safety of employees.

ARTICLE 7

UNION SECURITY

Employees who fail to comply with this requirement shall be discharged by the Employer within ten (10) working days after receipt of written notice to the Employer from the Union.

The Union agrees that in the event of litigation against the City, its agents or employees arising out of this provision, it will co-defend and indemnify and hold harmless the City, its agents or employees from any monetary award arising out of such litigation.

ARTICLE 8

DEDUCTION OF UNION DUES

The Employer hereby agrees to deduct initiation fees, dues, and/or assessments of the individual employee to the Union to the extent and as authorized by the laws of the State of Michigan and by such employee by signing the Authorization for Payroll Deduction form. The City will submit to each employee a union membership card and an Authorization for Payroll Deduction form upon employment into the bargaining unit. - F. The Union Secretary and Treasurer will be allowed to perform union business during work hours without loss of time or pay, with their supervisor's permission. ARTICLE 10

GRIEVANCE PROCEDURE - PRESENTING A GRIEVANCE

Should any grievance or dispute arise between the parties including the application, meaning or interpretation of this Agreement, the employee and/or the Union may present a grievance to the City. An earnest effort shall be made to resolve such differences promptly and the following procedure shall be adhered to:

Step 1 (a)

An employee who believes he has a grievance because any provision of this Agreement has not been properly applied or interpreted towards him may discuss his complaint with his supervisor, or may secure his district steward to represent him in the matter. The employee may call his steward or ask his supervisor to assist him in securing his steward.

The steward will notify his supervisor that he has to process a potential grievance and will inform him where the complaint exists. The supervisor shall release the steward from his regular job in accordance with Article 9, Section E.

The supervisor shall make arrangements for the employee to be off his job to discuss his complaint with his steward before any discussion with the supervisor. The discussion between the employee and/or his steward and the supervisor shall be carried on in an orderly manner and every effort will be made to reach a satisfactory settlement at this point.

Step 1 (b)

If the matter is not satisfactorily settled by discussion with the supervisor at Step 1 (a), a grievance may be submitted in written form to the supervisor by the district steward. The written grievance shall set forth the nature of the grievance, the date of the matter complained of, identify and be signed by the grievant or grievants involved, so far as diligent effort will allow, and the provisions of this Agreement, if any, that the Union claims the City has violated. The supervisor shall answer the grievance completely and fully. His written answer shall be presented to the steward within three (3) working days of its presentation.

Step 2

If the supervisor's answer is not acceptable to the Union, it may appeal the decision to the division head, if any, in writing within three (3) working days after the decision rendered in Step 1. A meeting between the division head, or his designated representative, and other representatives of the City and the grievant, steward, and chief steward for the Union, plus pertinent witnesses, shall take place within three (3) working days from the date such meeting is requested by the Union. The union representatives may meet at a place designated by management on the City's property immediately preceding a meeting with the representatives of the City. If the grievance is not resolved at this meeting and a disposition given in writing, the division head shall give his written answer within three (3) working days from the date of the second (2nd) step meeting.

Step 3

If the answer given by the division head at Step 2, where applicable, is not acceptable to the Union, it may appeal the grievance in writing to the department head within three (3) working days after the decision rendered at Step 2. In departments having no division heads, the Union must appeal the

supervisor's answer to the department head in writing within three (3) working days after the receipt of the supervisor's answer. A meeting between the department head, or his designated representative, and other representatives of the City and the grievant, the steward, the chief steward, and the vice-president for the Union, plus pertinent witnesses, shall take place within three (3) working days from the date such meeting is requested by the Union. The union representatives may meet at a place designated by the City on the City's property immediately preceding a meeting with the representatives of the City. If the grievance is not resolved at this meeting and a disposition given in writing, the department head shall give his written answer within five (5) working days from the date of the third (3rd) step meeting.

Step 4

In the event the department head's answer is not satisfactory to the Union, it may appeal the grievance in writing to the Labor Relations Director within five (5) working days of the receipt of the decision rendered in Step 3. A meeting between the Labor Relations Director, or his designated representative, and other representatives of the City and the grievant, the steward, the chief steward, the vice-president, and the president, plus pertinent witnesses, for the Union shall take place within seven (7) calendar days after receipt of the appeal and request for such a meeting. The Union may include a representative of the Union Council and/or the International Union. If the grievance is not resolved and a disposition given in writing at this meeting, the Labor Relations Director shall give his written answer within ten (10) working days from the date of the fourth (4th) step meeting.

The Union may file through its president, or a designated representative, policy grievances (interpretation and application of agreement) at the fourth step of the grievance procedure.

Step 5 - Arbitration

Any unresolved grievance which has been fully processed through the fourth (4th) step of the grievance procedure may be submitted to arbitration in strict accordance with the following:

1. Arbitration shall be invoked by either party by filing of a Demand for Arbitration with the American Arbitration Association within one hundred twenty (120) days from the date of the fourth step answer. The selection of an impartial arbitrator and determination of the dispute outlined in the grievance shall be in accordance with all applicable rules of the American Arbitration Association.
2. The arbitrator shall limit his decision strictly to the interpretation, application or enforcement of this Agreement and he shall be without power and authority to make any decision:
 - a. Contrary to, or inconsistent with, or modifying or varying in any way, the terms of this Agreement.

- b. Granting any wage increases or decreases.
- c. Granting any right or relief for any period of time whatsoever prior to the execution date of this Agreement.
- 3. The arbitrator shall be without authority to require the City to delegate, alienate or relinquish any powers, duties, responsibilities, obligations or discretions which by state law or city charter the City cannot delegate, alienate or relinquish.
- 4. No settlement at any stage of the grievance procedure, except an arbitration decision, shall be precedent in any arbitration and shall not be admissible in evidence in any future arbitration proceeding.
- 5. The decision of the arbitrator in a case shall not require a retroactive wage adjustment in another case, except by express agreement of the parties.
- 6. There shall be no appeal from the arbitrator's decision, if made in accordance with his jurisdiction and authority under this Agreement. The arbitrator's decision shall be final and binding on the City, on the employee or employees, and on the Union.
- 7. In the event a case is appealed to an arbitrator and he finds that he has no power to rule on such case, the matter shall be referred back to the parties without decision or recommendations on the merits of the case.
- 8. The expenses of the arbitrator shall be shared equally by the parties. The aggrieved, his local representatives and witnesses shall not lose pay for the time off the job while attending the arbitration proceedings.

Arbitration, whenever possible, shall be conducted on the location where the grievance originated.

- 9. Except as provided herein by letter or agreement between the parties, the parties understand and agree that in making this contract they have resolved for its term all bargaining issues which were or which could have been made the subject of discussion. The arbitral forum here established is intended to resolve disputes between the parties only over the interpretation or application of the matters which are specifically covered in this contract and any supplemental agreements which are or may become part of this Agreement and which are not excluded from arbitration.

ARTICLE 11

GRIEVANCE PROCEDURE - LIMITATIONS

- A. Any grievance settlement shall be made in accordance with the terms and spirit of this Agreement.

- B. Any grievance under this Agreement which is not filed in writing within ten (10) working days after the grievance arises, or knowledge of the grievance, shall not be considered a grievance.
- C. The time elements in the first four (4) steps can be shortened or extended by mutual agreement in writing at the time the agreement is reached.
- D. The Union may withdraw any grievance without prejudice at any step up to and including the fifth step prior to the arbitration hearing. However, the grievance once withdrawn may not be reinstated.
- E. Any grievance not answered by the City within the time limits established in the grievance procedure or extended by mutual agreement may be advanced to the next step by the Union by written appeal within the proper time limit after the answer is due.
- F. Any grievance not appealed by the Union in writing within the time limits established in the grievance procedure shall be considered settled on the basis of the last answer.
- G. Either party shall have the right at any time to refer a grievance to a higher step of the grievance procedure for disposition instead of hearing it at a lower step.
- H. The City shall not be required to pay back wages more than five (5) working days prior to the date a written grievance is filed.
- I. All claims for back wages shall be limited to the amount of wages that the employee otherwise would have earned less any compensation received from temporary employment obtained subsequent to his removal from the city payroll.
- J. In accordance with Section 11 of Act 336 of the Michigan Public Acts of 1947, as amended, individual employees within the bargaining unit, whether or not they are members of the Union, shall retain the right to present grievances individually to the Employer.

ARTICLE 12

DISCHARGE OR SUSPENSION

- A. The Employer agrees immediately, unless otherwise impossible, upon the discharge or suspension of any employee to notify in writing the employee and the union representative in the district of the discharge or suspension. If the steward cannot be reached, the following order shall be followed (1) alternate steward, (2) chief steward, (3) vice-president, and (4) president.
- B. The discharged or suspended employee will be allowed to discuss his discharge or suspension with his union representative and the Employer will make available an area where he may do so

DISCHARGE OR SUSPENSION - Continued

before he is required to leave the property of the Employer. Upon request, the Employer or its designated representative will discuss the discharge or suspension with the employee and his union representative.

The discharged or suspended employee may not thereafter enter upon those areas of the premises of the Employer from which the general public may be excluded, except by specific permission of the Employer. However, this does not take away any rights as specified in Article 44.

- C. Should the discharged or suspended employee or the steward consider the discharge or suspension to be improper, a complaint shall be presented in writing through the union representative to the department head within three (3) regularly scheduled working days of the discharge or suspension. The department head will review the discharge or suspension and give his answer within three (3) regularly scheduled working days after receiving the complaint. If a meeting with the department head is requested in the complaint, it shall take place within three (3) regularly scheduled working days after such complaint is received. This meeting will be attended by the president, vice-president, chief steward, district steward, and the employee. If the grievance is not resolved and a disposition given in writing at this meeting, the department head shall give his written answer within three (3) working days from the date of the meeting. If the decision is not satisfactory to the Union, the matter shall be referred to the grievance procedure beginning with STEP 4. Except where authority is granted under This Contract, the Civil Service Commission shall not have jurisdiction to hear any appeal or case where the issue involves any term or condition of employment specifically covered by this Agreement.
- D. In imposing any discipline on a current charge, management will not take into account any prior infractions in the course of his employment with the City of Warren which occurred more than eighteen (18) months previously.
- E. The Employer agrees to supply the employee and the union steward with a copy of any reprimand placed into his record and also guarantees the employee the right to review his personnel and civil service record upon request.

ARTICLE 13

SPECIAL CONFERENCES

- A. Special conferences will be arranged between the Local Union President, or his designated representative, and the Labor Relations Director, or his designated representative, upon the request of either party. Such meeting shall be between representatives of the City and the Negotiation Committee of the Union and the Union President. Upon mutual agreement, witnesses for the Union may attend this meeting.

SPECIAL CONFERENCES - Continued

Arrangements for such special conferences shall be made in advance and an agenda of the matters to be taken up at the meeting shall be presented at the time the conference is requested. Such conferences shall be held within seven (7) workdays after the request is made.

Conferences shall be held between the hours of 9:00 a.m. and 3:00 p.m. The members of the Union shall not lose time nor pay for the time spent in such special conferences. This meeting may be attended by representatives of Michigan Council #25 and/or legal counsel.

- B. The union representatives may meet at a place designated by the City on the City's property for at least one (1) hour immediately preceding a meeting with the representatives of the City for which a written request has been made.
- C. Problems of health and safety shall be proper subject matter for discussion at special conferences, or proper subject matter for the grievance procedure.
- D. The City shall designate place of meeting for special conferences.
- E. The Negotiation Committee shall have the right to investigate during regular working hours any matters which are to be brought to a special conference, without loss of time or pay. This privilege shall not be abused.

ARTICLE 14

SENIORITY

- A. A new employee hired into the bargaining unit shall be considered a probationary employee for the first ninety (90) calendar days of his employment. A probationary employee shall become a seniority employee by working ninety (90) calendar days during a period of one year. Thereafter, he shall rank for seniority from the ninetieth (90th) day prior to the day he acquired seniority. Employees who were in the E.E.A. Participant Group and who have moved into permanent city-funded positions as of July 1, 1977 will be maintained on the regular seniority list with their seniority beginning from the first day they were hired under the E.E.A. grant. Any change in such seniority must be made subject to Section F of this Article. There shall be no seniority among probationary employees.
- B. The Union shall represent probationary employees for the purpose of collective bargaining and in respect to rates of pay, wages, hours of employment and other conditions of employment, except discharged, disciplined, dismissed or laid-off probationary employees for other than union activity.
- C. Temporary employees may be hired into bargaining unit positions from time to time on a seasonal basis or when otherwise required. No employee shall work in a bargaining unit position on a

SENIORITY - Continued

full-time temporary or part-time temporary basis for longer than ninety (90) consecutive days, except that the Employer and the Union may mutually agree to extend such employment for an additional ninety (90) day period. Temporary employees shall not be considered to have seniority, shall receive no fringe benefits, and shall not share in equalization of overtime. This provision shall not be interpreted to prevent the assignment of a temporary employee to overtime on his own job; provided, however, that no full-time employee in that classification shall be denied the opportunity to work such overtime first.

- D. If an employee is transferred or promoted to a position under the Employer not included in the bargaining unit and thereafter returns to a position within the bargaining unit, he shall have his accumulated seniority while working in the position he held outside the bargaining unit.

Employees transferred or promoted under the above circumstances shall retain all rights accrued for the purpose of any benefits provided for in this Agreement. Upon return from such a transfer or promotion, the employee shall be returned to the bargaining unit in his former classification, seniority permitting. If he cannot be placed in his former classification, he will be placed into work generally similar to that which he did last prior to his transfer or promotion out of the bargaining unit.

- E. An employee shall lose his seniority and his employment under the following circumstances:

1. If he resigns.
2. If he is discharged and such discharge is not reversed through the grievance procedure or the courts.
3. If he is absent for six (6) consecutive working days or fails to return to work within six (6) consecutive working days of the expiration of any type of leave of absence without properly notifying the Employer, unless he has a reasonable explanation for failing to notify. Exceptions may be made in proper cases. If the explanation is not accepted by the City, the Union may appeal the decision to the fourth step of the grievance procedure.
4. If he fails to return to work within ten (10) working days after being recalled from a layoff as set forth in the recall procedure.
5. If he is laid off for a continuous period equal to his length of seniority or of one (1) year, whichever is greater, as set forth in the recall procedure.
6. If he retires.

- F. The Employer shall furnish the Union an up-to-date seniority list at least every four (4) months. Such list shall include the names of all bargaining unit employees, their job classifications and seniority dates.

SENIORITY - Continued

Changes in an employee's seniority date shall be by mutual agreement of the parties.

All former C.E.T.A. employees who were employed continuously shall have their seniority date changed to correspond with their benefit date.

- G. Ties in seniority of employees hired into the Sanitation Division on September 1, 1969 shall be broken by the order of their hire by the private contractor previously responsible for refuse pickup.
- H. The term benefit date as used in this Agreement is arrived at by subtracting gaps in service time from the employee's date of hire. Service time includes actual time worked plus periods of paid time off, such as sick leave and vacation.

ARTICLE 15

LAYOFF

- A. In accordance with Article 5, the Employer may reduce its working force in a given classification in any division or department.
- B. The Union shall be notified in advance of any anticipated layoff to allow them to work closely with management and a special conference may be called.
- C. Whenever possible, employees being laid off shall be given at least fourteen (14) calendar days notice of layoff. In cases of emergency, no less than seven (7) calendar days notice shall be given. The Employer shall furnish a copy of such notice to the Union immediately.
- D. When a reduction in work force occurs in a given classification in a given division or department or when an employee returns from a leave of absence resulting in a layoff, the order of layoff for such classification in such division or department shall be as follows:
 - 1. Temporary employees, as defined in Article 14, shall be laid off first.
 - 2. Probationary employees, as defined in Article 14, shall be laid off in order of their date of hire. Such employees may displace other probationary employees in the same classification with a later date of hire. Once laid off they shall have no reemployment rights, except that they may be placed in the order of their date of hire on a preferred eligible list.
 - 3. Seniority employees serving trial periods in the classification being reduced shall be laid off in order of their date of entry into the classification and shall be reduced to their permanent classification, seniority permitting.

4. Seniority employees who have completed the trial period for the classification being reduced shall be laid off in order of their city seniority and may elect to displace lower seniority employees in the same classification in another division of their department, or, if none, in another department; provided, however, that a greater seniority employee shall not displace a younger seniority employee from a position unless he is able to perform the work of that position.
 5. Seniority employees who have completed the trial period for the classification which is being reduced and which is part of a promotional series as hereinafter provided may, if laid off, elect to displace lower seniority employees in a lower class of that series in their own division, or, if none, in their own department, or, if none, in another department; provided, however, that a greater seniority employee shall not displace a younger seniority employee from a position unless he is able to perform the work of that position. Should the application of the above procedure result in a lower seniority employee being placed into a higher paying position than a higher seniority employee, the higher seniority employee may choose to be placed in such higher paying position provided he is able to perform the work of that position.
 6. In the event that any D.P.W. Service Specialist, W.W.T.P. Building and Grounds Specialist or Technician, or Sanitation Operator Specialist or Technician is involuntarily removed from their division as a result of a reduction in work force, and has bumping rights into one of the other aforementioned classifications, said movement shall be made without a trial period being required.
- E. An employee who cannot be placed in another position in his classification or in his classification series in accordance with the above procedure may elect to displace a lower seniority employee in an equal or lower paying classification in his own division, or, if none, in his own department, or, if none, in another department; provided, however, that a greater seniority employee shall not displace a younger seniority employee from a position unless he is able to perform the work of that position. It shall be presumed that an employee who passed his probationary period in another classification is able to perform the work of that classification. An employee may displace a lower seniority employee in a higher paying classification only if he completed his trial period in such higher paying classification or has previously performed in the higher classification and is able to perform work of the higher classification without a trial period. Should the application of the above procedure result in a lower seniority employee being placed into a higher paying position than a higher seniority employee, the higher seniority employee may choose to be placed into such higher paying position provided he is able to perform the work of that position.

LAYOFF - Continued

- F. Employees who are laid off from their permanent classification, in accordance with the above procedure, shall have their names listed on a reemployment list for that classification in the order of their seniority.

RECALL

- A. Recall rights for an employee shall expire if he is laid off for a continuous period equal to his length of seniority or of one (1) year, whichever is greater.
- B. When an increase in work force occurs and there are employees on layoff, the following rules shall apply:
1. A notice of all job openings will be sent to laid-off employees and the Union President.
 2. Insofar as possible, employees will be returned to the division or department where they were working prior to layoff.
 3. Employees whose names appear on the reemployment list for the classification being increased shall be reappointed to that classification according to seniority.
 4. Laid-off employees who are not recalled after the completion of the above procedure may elect to accept employment in a vacant position in a lower classification of the series to which their classification belongs.
 5. Laid-off employees who are not recalled after the completion of the above procedure will be granted an opportunity, in accordance with seniority, to be appointed in preference to any civil service residents list to vacancies in classifications within the Local 1250 bargaining unit if they possess the basic qualifications for the classification and are able to pass the required examination, if such is required of Local 1250 employees under Article 29. Employees appointed under this section shall be granted up to an eight (8) week trial period to determine their ability to perform the job.
 6. Notice of recall shall be sent by certified mail (receipt requested) to those on the reemployment list at their last known address. It shall be the employee's responsibility to notify the Employer of any change of address.
 7. No laid-off employee shall be required to take a temporary position if he has obtained interim employment elsewhere. Should the temporary position become permanent, the employee shall be notified again and be given first preference to that position.
 8. Should a person fail to answer within eleven (11) working days after notice is sent or fails to give a satisfactory explanation for not answering, he will be considered as having voluntarily resigned.

9. Should an employee have accepted interim employment elsewhere during his layoff and should said employee respond as required in Section 8 above, he shall be allowed to give his interim employer a two (2) week notice of his resignation before returning to the city employment. Notice shall be given to the interim employer on his next regular business day.
10. In instances where employees do not report for work within the required time limit, the next employee in seniority may be recalled. If such next employee has resigned from other employment to accept a position in lieu of an employee who failed to report for work within the required time limit, he shall not thereafter be displaced by such older seniority employee.
11. Independent of any recall rights as defined by this section, laid-off employees shall have promotive rights under Article 29.
12. Any dispute between union and management shall be subject to immediate negotiation under the provisions of special conferences and are proper subject for the grievance procedure starting at Step 4.

ARTICLE 16

UNEMPLOYMENT COMPENSATION

The City agrees to pay hospitalization coverage to those employees who have been laid off under Article 15 and are drawing unemployment compensation under the State of Michigan unemployment compensation plan for the first thirty (30) days of layoff if the employee has sufficient benefit weeks accrued to qualify for this length of coverage. Likewise, the City will pay life insurance coverage through the total benefit weeks that the employee has accumulated to a maximum of twenty-six (26) weeks. It is understood that although employees may be entitled to unemployment compensation under the State plan for separations other than layoffs, the above benefits apply only to employees who have been laid off. The City will permit seniority laid-off employees to remain in group hospitalization plans at the employee's expense for as long as the hospitalization plans will allow up to the limit of their seniority.

ARTICLE 17

SHIFT PREFERENCE

In instances where employees within the same classification and the same division or department are employed on different shifts, the greater seniority employees shall be placed on the shift of their preference in accordance with the following procedure. It is understood that for purposes of this Article the word "shift" means either the day shift, afternoon shift, or midnight shift and does not refer to different starting times within each shift.

SHIFT PREFERENCE - Continued

- A. An employee may register his shift preference choice with his division or department head, whichever is applicable, twice a year from August 15th to September 1st and from February 15th to March 1st.
- B. Employees with the greatest seniority will be placed on the shift of their preference as soon as arrangements can be made. However, arrangements will be made by October 1st and April 1st.
- C. If a vacancy occurs during the year, the department or division will poll the employees for the purpose of filling the vacancy with the senior eligible employee.

ARTICLE 18

SHIFT DIFFERENTIAL PAY

- A. Premium pay for afternoon and midnight work is to be paid as follows:
 - 1. Premium pay of five percent (5%) of base pay per hour for the afternoon shift.
 - 2. Premium pay of seven percent (7%) of base pay per hour for the midnight shift.
 - 3. W.W.T.P. Relief Operator Technicians and Laboratory Technicians on the swing shift shall receive premium pay of seven percent (7%) of base pay per hour.
 - 4. Employees whose regular shift begins at 11:30 a.m. or later shall receive one half (1/2) the afternoon shift premium for all hours worked.
- B. For the purpose of this section, "shifts" are defined as follows:
 - 1. Afternoon Shift: Afternoon shift is hereby defined as any full-time shift commencing at the hour of 2:00 p.m. or between the hours of 2:00 p.m. and 6:00 p.m., which terminates not later than two (2) hours after midnight.
 - 2. Midnight Shift: Midnight shift is hereby defined as any full-time shift commencing at the hour of 10:00 p.m. or between the hours of 10:00 p.m. and 4:00 a.m., which terminates not more than twelve (12) hours after the hour of 12:00 midnight.

ARTICLE 19

WORKING HOURS AND OVERTIME

- A. The normal workday and workweek for salaried employees shall be seven and one half (7-1/2) hours per day, five (5) days per week, for a total of thirty-seven and one half (37-1/2) hours per week. The normal workday and workweek for hourly employees shall be eight (8) hours per day, five (5) days per week, for a total of forty (40) hours per week.

- B. It is not the City's intent that library employees will be alone in the libraries beyond 2:00 p.m. All library employees will have a regularly scheduled lunch period. When employees are left to work alone during their break periods or lunch periods, they will be permitted to close the library to provide themselves with these reliefs.

Without prejudice to the City's right to determine reasonable schedules of work expressed in Article 5, the City will provide two consecutive "off days" for employees of the Library Department.

Libraries will be closed the Saturday before Easter and the Saturday after Thanksgiving.

- C. It is the intent of the City to maintain the Animal Control Officers in the Police Department on a Monday through Friday workweek.
- D. The City shall cause to be posted in each division and department the normal starting time for the employees in that division or department. No change shall be made in the posted starting time unless forty-eight (48) hours written notice is given.
- E. In accordance with Article 5, the Employer may schedule a reasonable amount of overtime work, but when such overtime is scheduled payment shall be in accordance with the following rules:
- 1.a. For the first eight (8) hours worked in excess of an employee's normal workday within a continuous twenty-four (24) hour period beginning with the starting time of the employee's shift, such employee shall be compensated at one and one half (1-1/2) times his normal straight time rate.
 - b. For the time worked in excess of sixteen (16) continuous hours and for hours worked in excess of sixteen (16) hours in a continuous twenty-four (24) hour period beginning with the starting time of the employee's shift, such employee shall be compensated at two (2) times the normal straight time rate.
 - c. Any employee who works sixteen (16) or more hours within a continuous twenty-four (24) hour period commencing with the starting time of the employee's shift will, whenever possible, be released for an eight (8) hour period before he is required to report to work for his next normal workday. If, however, the City is unable to release such employee, he shall continue to receive two (2) times the normal straight time rate for all hours worked in excess of sixteen (16) hours until he is released from work for eight (8) hours. If all or any part of such eight (8) hour period coincides with the employee's next normal workday, he shall suffer no loss of his straight time pay he would ordinarily earn during such period. If in the judgment of the City the employee cannot be gainfully employed during the portion of his normal workday remaining

after the expiration of such eight (8) hour period, such employee may be excused from work for the remainder of his normal shift without loss of his straight time pay.

2. All work performed on a Saturday shall be compensated at one and one half (1-1/2) times the normal rate and all work performed on a Sunday shall be compensated at two (2) times the normal rate, except as hereinafter provided.
3. It is not the City's intent to operate the libraries on Sundays. However, if the City should decide to schedule Sunday library hours, the City acknowledges that those employees who work would receive double time in accordance with Section 2 above.
4. If employees whose work is normally affected by the weather are sent home due to inclement weather, they shall be guaranteed a minimum of four (4) hours pay at the normal rate, providing that such employees shall continue to be available for work during that period of time. This provision shall not apply to instances where city facilities must be shut down as a consequence of a snowstorm, flood, or other severe weather or natural conditions.
5. Employees on continuous or continued service shall be governed by the following rules:
 - a. Time and one half shall be paid for the first regular day off worked in accordance with present and past practices.
 - b. Double time shall be paid for the second regular day off worked in accordance with present and past practices.
 - c. "Continuous service," as used herein, shall mean that city service on a twenty-four (24) hour per day, seven (7) day per week basis.
 - d. "Continued service," as used herein, shall mean that city service which is on a seven (7) day per week basis, but is not a twenty-four (24) hour per day operation.
 - e. Continued and continuous service employees scheduled to work Saturday and Sunday as part of their normal workweek will be paid on a straight time basis.
 - f. Double time shall be paid for overtime worked by continued and continuous service employees on any of the thirteen holidays designated in Article 20 and on Easter Sunday.
6. All work which is performed by Local 1250 bargaining unit employees during their regular workday will be offered to Local 1250 bargaining unit employees in the same classification and in the same department or division first when overtime is necessary.

7. It is not the intent of the City to have bargaining unit work performed by supervisory employees either during regular or overtime hours. Nothing in this section should be construed as preventing intelligent immediate action at the site of an emergency to protect life and property. Furthermore, it is recognized that a foreman has a responsibility to train an individual, by example if need be, to perform a task properly and safely.
8. Any employee who works past his normal quitting time will receive overtime pay based on one tenth (1/10) of an hour intervals.
9. Equalization of Overtime Procedure

Whenever possible, overtime shall be equally distributed among all eligible employees in the same job classification within the same division or department, except at the Waste Water Treatment Plant where the W.W.T.P. Operator Specialists will share their overtime equally by shift. Overtime shall not be equalized between classifications or between departments or divisions. Overtime will be shared equally in the same job classification having "restricted" and "unrestricted" status.

The following overtime procedure is effective as of the contract execution date:

- a. A list of cumulative overtime hours shall be posted and revised daily which shall be kept to the one tenth (1/10) hour.
- b. List shall start with the overtime hours as of the contract execution date and shall run continuously. At the end of one (1) year, the list will be revised by subtracting the lowest person's hours from each classification and restart from there.
- c. New employees and employees changing classifications shall enter with the same number of overtime hours as the employees with the highest number of overtime hours in the same classification.
- d. Employees who are scheduled to work overtime will be given as much advance notice as is practicable so that they can make any personal arrangements that may be necessary. Failure to give the employee the proper notice shall cause an employee who declines the offer not to be charged.

An individual employee's personal problems in connection with working overtime will be given careful consideration and his individual needs will be recognized. The individual employee's request to be excused from an overtime work assignment will receive every possible consideration. When the employee's request is granted, he will be notified as far in advance as possible so that

- the employee can make his personal plans accordingly. Thereafter, any cancellation or change in the arrangements to excuse the employee will only be made with his consent.
- e. An employee will be charged for overtime if he declines the offer, provided sufficient notice has been given as described in Paragraph d. Hours charged shall be equal to those paid to the employee that accepts the overtime. At the Waste Water Treatment Plant when an employee refuses to accept overtime at time and one half or double time, he will be charged at his prevailing rate for that day.
 - f. Overtime refused because of vacation, sick days, personal business days, union business, funeral leave, bonus vacation, and floating holidays shall not be charged.
 - g. Vacation to be from the time the employee leaves (end of regular shift) until he reports back to work (starting time of regular shift).
 - h. Whenever possible within the classification of Construction Specialist, the employee with the least number of overtime hours shall be assigned to the next construction project that becomes available.
 - i. Whenever possible, when the difference in overtime hours between the highest and lowest employee in the Construction Specialist classification exceeds one hundred (100) hours, reassignment of the employee shall be made in an effort to equalize the overtime.
10. If an employee is called into work or allowed to report for work, he will be guaranteed four (4) hours of pay at his normal rate. In the event the time worked by the employee exceeds said minimum guarantee, he shall be compensated at the applicable rate based upon the actual time worked on the calendar day. Provided, however, that this clause shall not apply with respect to subsequent instances of call-in until the time period covered by the previous call-in has expired. Provided further that an employee who has completed his work for the day but has not left the premises and is given an overtime assignment shall not receive call-in pay.
 11. Employees whose normal workweek includes Saturday shall not receive overtime rate for that day.
 12. Employees may elect to be paid for all overtime worked or elect to receive compensatory time. A maximum of one hundred fifty (150) hours shall be placed on the amount of compensatory time that may be accumulated.

The one hundred fifty (150) hour maximum shall apply to overtime worked once converted to straight time hours. The employee has the option of taking compensatory time off or allowing his time to accumulate to a minimum of eight (8) hours and turn it in for cash payment. When converted to pay, compensatory time shall be paid at the rate in effect when payment is made. Upon termination of employment, Local 1250 employees shall receive full payment for their compensatory time.

Compensatory time earned shall be reported to the department and/or division head on forms provided by the City. A record of compensatory time accrued shall be maintained by the department and/or division head. All requests for compensatory time off or payment shall be submitted to the department and/or division head for prior approval.

Employees shall be permitted to utilize compensatory time unless its use would be unduly disruptive to division or department operations. In determining whether undue disruption occurs, the City will utilize as part of its guidelines the elements set forth by the U.S. Department of Labor, which are (1) Normal work schedule; (2) Anticipated work loads; (3) Emergency situations; and (4) Availability of substitute staff. It is understood that in making a decision to allow the use of compensatory time, department and/or division heads will consider all of these factors and make every attempt to accommodate requests for compensatory time use. Requests for compensatory time will be considered in the order made. Compensatory time is not intended to be used for sick leave purposes. An employee's compensatory time use is limited to the number of hours he has accrued in his compensatory time bank.

- F. When an employee agrees to hold himself available for possible emergency call back to work outside his regularly scheduled working hours by remaining at his place of abode or elsewhere and leaving word with a person designated by the City as to where he may be reached, he shall be compensated at the base rate of one (1) hour pay for weekday standby, one and one half (1-1/2) hours pay for Saturday standby, and two (2) hours pay for Sunday and holiday standby. No employee will receive less standby pay rate than under the 1973/75 contract. Refusal of standby will not be considered a refusal of overtime and there will be no charge for overtime not worked.

The City will determine which classifications and the number of employees who will be asked to stand by and will also determine the extent of the standby period which shall not, however, exceed one (1) week in length. Standby opportunity shall be determined in accordance with the posted overtime equalization list, unless some other procedure is agreed upon between the Union and the City.

G. Refuse Removal Incentive Program

1. All employees working as a crew who start their route at the scheduled starting time and finish their assigned route before their scheduled quitting time will be compensated for a full eight (8) hour day. Employees may be required to finish their initial assigned route.
2. All employees working as a crew, upon completion of their assigned route, who volunteer to start an unassigned route shall be paid one and one half (1-1/2) times the regular rate for work hours completed. The driver of the crew shall log the starting time of the route.
3. All employees working as a crew, upon completing their assigned route, and volunteering to start and complete an unassigned full route will be given eight (8) hours at one and one half (1-1/2) times the regular rate, or one and one half (1-1/2) times the regular rate for all hours worked, whichever is greater. The driver of the crew shall log the starting time of the route.
4. All employees working as a crew, upon completing their assigned route, and volunteering to start and complete an unassigned half route will be given four (4) hours at one and one half (1-1/2) times the regular rate, or one and one half (1-1/2) times the regular rate for all hours worked, whichever is greater. The driver of the crew shall log the starting time of the route.
5. All work performed after sixteen (16) hours or two (2) routes shall be compensated at the rate of two (2) times the regular rate.
6. If there are not sufficient volunteers to perform the required work, the Employer may assign crews in accordance with Sections 2, 3, 4 and 5 above, using the overtime equalization method specified in Article 19, Section E.9.
7. Crews who have completed their initially assigned route and are not assigned further routes as provided in Section 6 above shall be released from duty.
8. Sanitation routes, except for the commercial route, will be rotated on an annual basis using the drawing procedure mutually agreed upon by the parties on December 16, 1981. The annual route exchange will take place on the first Monday in May.

Should a member of the crew now on the commercial route wish to be removed or should it become necessary to remove a member, the opening will be posted and qualified employees within the Sanitation Division will be allowed to bid for it. The senior applicant will trade places with the person coming off the route.

- H. Employees who are unable to report for work due to extraordinary severe snow conditions to be allowed to charge their absence to sick bank if they do not have personal business days remaining or to vacation leave.

Payment will be made with the first paycheck following the holiday.
- F. Employees called in for work on a holiday shall be guaranteed a minimum of four (4) hours pay at the premium rate. In the event that the time worked by the employee exceeds said minimum guarantee, he shall be compensated at the applicable rate based upon the actual time worked on the calendar day.

ARTICLE 21

VACATIONS

- A. Vacation periods shall run from January 1st to December 31st each year.
- B. All employees, except continuous and continued service employees at the Waste Water Treatment Plant, who have one (1) year of service are entitled to two (2) weeks paid vacation. Provided, however, that if an employee joins the city service prior to the beginning of the calendar year, he shall be permitted one (1) vacation day for every month of service in the previous calendar year, accumulating to a maximum of ten (10) days, which shall be taken during the following calendar year.
- C. All employees, except continuous and continued service employees at the Waste Water Treatment Plant, with three (3) years of service shall be entitled to one (1) additional day of vacation. All employees, except continuous and continued service employees at the Waste Water Treatment Plant, with four (4) years of service shall be entitled to fourteen (14) days of vacation. All employees, except continuous and continued service employees at the Waste Water Treatment Plant, with five (5) years of service shall be entitled to fifteen (15) days of vacation. Thereafter, employees will receive one (1) additional day of vacation for each additional year of service not to exceed five (5) weeks of vacation (25 working days).

VACATIONS - Continued

D. Employees may take vacations any time of the year and shall be entitled to choose either a split vacation or take their entire vacation at one time, provided that the time chosen is agreeable to the division and/or department head. Seniority shall be the prevailing factor in determining conflicting desires in accordance with the following procedures:

1. Employees may make application to their division or department head for vacation time off, in writing, by April 15th of each year, indicating at least a first and alternate choice. Vacation periods at the Waste Water Treatment Plant shall be split with one half to be taken between April 1st and September 30th and the other half to be taken between October 1st and March 31st. Application for such split vacation at the Waste Water Treatment Plant shall be made within three weeks after the final selection of shifts and positions for that period.
2. In the event that more employees apply for time off than can be spared at a given time, city seniority will be the basis for resolving priority of applications. However, at least one out of every six employees may be on vacation at any given time. It is understood that this refers to present practice as to vacation groupings.
3. Each employee will be given a written disposition of his request within five (5) working days of the vacation application closing date. Approved vacation time off will not thereafter be cancelled or changed without the mutual consent of the Employer and the employee, nor will an employee be called back to work from vacation for regular or overtime work, including emergencies, unless agreed upon by the Employer and the employee and the relevant overtime list has been exhausted first.

If no written disposition is received by the employee within the time limit, vacation will be considered approved.

4. All requests for vacation made after April 15th will be handled on a first come first served basis and seniority will not be a prevailing factor.
 5. An employee will be considered on vacation from the end of the shift on the last regular workday worked until he reports for work on the first regular workday after his vacation.
 6. Any vacation time off, or vacation bonus day selection not scheduled by an employee by October 1 of each year shall be scheduled by the City.
- E. No employee shall be permitted to bank his vacation from one year to the next (except any employee who is off due to illness of any nature or funeral leave during his regularly scheduled vacation may carry over a maximum of two (2) weeks if he cannot reschedule his vacation),

VACATIONS - Continued

and December 31st of each year shall be considered as the end of vacation opportunity for the year. All vacation periods will be paid under the same provisions and in the same manner as though the employee had worked his normal workweek. Employees must take vacations. However, vacation time accruing on or after December 1st may be applied to vacation accruing the following year.

- F. Continued and continuous service employees at the Waste Water Treatment Plant shall receive two 10-day vacations upon the completion of one year of service. Job vacancies shall be posted for a period of seven (7) calendar days on the bulletin board in the division wherein the vacancy exists or city wide as necessary. Employees interested

shall apply within the seven (7) calendar day posting period. The senior qualified applicant in the series shall be granted up to a four (4) week trial period to determine:

- a. His ability to perform the job.
 - b. His desire to remain on the job.
2. If an employee is returned to his former classification due to an unsuccessful trial period, or in the event that the senior applicant in the series is denied the promotion or demotion, reasons for such denial shall be given in writing to such employee, his steward and the Union within three (3) working days. The employee shall have the right to appeal such denial to the Civil Service Commission, within seven (7) calendar days, which shall hear the appeal in accordance with its hearing procedures at its next regular meeting and/or the matter may be taken up at the fourth (4th) step of the grievance procedure.
 3. During the trial period when an employee is promoted as mentioned in Section A above, he shall advance to a pay step in the higher classification which is immediately above that which he received in his previous classification.

When an employee is demoted as mentioned in Section A above, his present rate shall be reduced to the next lower rate in the lower classification.

B. Promotions and Demotions Not in a Series

1. Promotions and demotions not in a series shall be made on the basis of seniority, qualifications, and examinations where stipulated in Appendix B. Job vacancies shall be posted for a period of seven (7) calendar days on the bulletin board of each work area. Employees interested shall apply within the seven (7) calendar days. The senior qualified applicant shall be granted up to a twelve (12) week trial period to determine:
 - a. His ability to perform the job.

2. If an employee is returned to his former classification due to an unsuccessful trial period, or in the event the senior applicant is denied the promotion or demotion, reasons for such denial shall be given in writing to such employee, his steward and the Union within three (3) calendar days. If the employee is dissatisfied with the reasons given, he shall have the right to appeal such denial to the Civil Service Commission, within seven (7) calendar days, which shall hear the appeal in accordance with its hearing procedures at its next regular meeting and/or the matter may be taken up at the fourth step of the grievance procedure.

3. During the trial period when an employee is promoted as mentioned in Section B above, he shall advance to a pay step in the next higher classification which is immediately above that which he received in his previous classification.

During the trial period when an employee desires to take a lower paying classification as mentioned in Section B above, he shall be placed in a pay rate in the lower classification which is the same or immediately lower to that he received in his previous classification.

C. Temporary Promotions

In situations where a temporary vacancy is caused by sick leave, vacation, leave of absence, or an unforeseen emergency requiring additional help, the senior qualified employee in the next lowest series or, if none, the senior qualified employee in the division or department shall be promoted for the duration of such situation; provided, however, that such temporary promotion shall be limited to a period of ninety (90) days, except that the Employer and the Union may mutually agree to extend such promotion for an additional ninety (90) day period. Such employee shall be paid the maximum rate of the job he is performing for all time worked on such job.

D. Working in a Higher Classification

Employees required to perform work of a higher classification for short periods of time, such as to fill in for an employee who is late or absent for the day, shall be paid the maximum rate of the job they are performing for all time worked on such job if in excess of one (1) hour. It is understood by the parties that job descriptions do not necessarily specify every duty required of an employee and that the same duties may be required of employees in several classifications not necessarily compensated at the same rate.

E. Part-Time or Co-op

Part-time employees, including co-op students, shall not be utilized to deprive a bargaining unit employee of his position. For purposes of this contract, the definition of co-op student shall mean high school or college student. If a part-time employee becomes a permanent employee, with or without a break in his employment, his seniority shall date only from his appointment as a full-time civil service employee.

- F. Reclassifications shall mean any reassignment of job title or work description wherein the duties and responsibilities of a particular position are deemed sufficiently different from other positions in the same classification to warrant such reassignment. A reclassification will not involve a change in the duties and responsibilities of the position.

PROMOTIONS AND DEMOTIONS - Continued

- G. Once an employee is placed on an eligibility list, he shall remain on the eligible list for a period of two (2) years. Insofar as an active employee eligible list exists for a given classification, any vacancies in that classification shall be posted for transfer requests only.
- H. A vacancy in a classification that the City intends to fill shall be posted at least once in each fiscal year.
- I. It is understood that although the civil service clerical employees in both the City Attorney's Office and Labor Relations Department are not members of the Local 1250 bargaining unit, such positions shall be filled in accordance with this Agreement. Furthermore, it is understood that such employees shall be afforded the same transfer, promotion and bumping rights as Local 1250 bargaining unit members. Transfer, promotion and bumping rights shall be afforded these employees based on their city seniority date.

If the new classification is determined to be in the bargaining unit, the Labor Relations Director shall assign the classification to a salary or wage grade, and state the manner in which the classification will be filled and the series, if any, to which it will be assigned, after which he shall notify the Union. In the absence of any appeal by the Union within ten (10) working days of such notice, the classification and the pay rate shall be submitted to the City Council for approval. In the event of an appeal, the parties may negotiate for a suitable rate and manner for filling the classification in accordance with the procedure for special conference. The new classification may be filled pending resolution of the above matters at the pay rate proposed by the City. Should a higher rate be negotiated, such higher rate should be paid retroactive to the date the position was filled. The establishment of a suitable wage rate shall not be subject to arbitration.

PENSION CHANGES

- A. The City agrees to adopt the provisions of the State of Michigan Act 88 State Reciprocal Plan. Employees presently employed and accruing pension benefits under City of Warren Ordinance 19 will be granted the provisions of Act 88 as amended. Employees must have five (5) or more years of credited service in force acquired in the employ of the City of Warren to be eligible.
- B. Employees with thirty (30) years of service may retire with no decrease in benefits, regardless of age.
- C. A member with twenty-five (25) years of credited service may retire at age 50 with no decrease in benefits because of age.
- D. The City will provide members of the City of Warren Employees Retirement System with the alternative of an early retirement provision. Employees will be permitted to retire at age 55 years after completion of ten (10) years of service with an actuarially reduced benefit. The employee's benefits will be actuarially reduced so that the value of the reduced benefit beginning earlier than age 60 will be equal to the value of the unreduced benefit beginning at age 60.
- E. Upon completing ten (10) years of credited service, the City will provide non-duty death benefits to the member's family as follows:
- Widows or widowers to receive seventy-five percent (75%) of the member's accrued pension if not more than five (5) years younger than the deceased member. If more than five (5) years younger than the deceased, the seventy-five percent (75%) to be reduced by one percent (1%) for each year over five (5), minimum of fifty percent (50%). If spouse's benefit terminates or if no spouse, minor children to receive equal share of fifty percent (50%) of member's accrued pension to age 21 (or prior death or marriage). If child is temporarily or permanently disabled, no age 21 restriction. Disability to be determined by the Retirement Board. In no case shall dollar amount of total benefit be less than fifteen percent (15%) of member's final average compensation.
- F. Any member of the bargaining unit may, not earlier than two (2) years prior to eligibility for retirement, move from the City of Warren. Any member of the bargaining unit exercising the right to move from the City of Warren shall notify the City in writing at least ninety (90) days before moving from the City of Warren.
- G. The City agrees to provide a 2.25% annuity factor for pension calculations. Effective October 11, 1991, the 2.25% formula shall be increased to 2.50%.

- H. Final average compensation shall mean the average of the three (3) highest years of annual compensation received by a member. Each year utilized in the computation shall begin and end with the same month. If a member has less than three (3) years of credited service, the member's final average compensation shall be the annual average compensation received by the member during the total years of service. Effective October 11, 1991, members shall have a two (2) year final average compensation for the calculation of their pension benefits.
- I. All new employees joining the service of the City after March 7, 1984 shall not have unused vacation factored into their final average compensation. Any member of the bargaining unit retiring on or after October 11, 1991 shall not have payments for compensatory time and unused or accrued vacation included in final average compensation.
- J. The pension ordinance shall be changed to reflect the agreement of the parties in Article 31, Section D.
- K. Each member of the City of Warren Employees Retirement System shall be allowed to make voluntary contributions, not in excess of five percent (5%) of his earnings nor less than one hundred eighty dollars (\$180.00) annually, to the system in order to provide himself with additional funds upon retirement. Under rules and regulations which the Board of Trustees shall adopt, such contributions may be made by lump sum payments in the month of July in any year and/or by regular payroll deductions. Such authorization forms shall be provided by the Controller's Office and made available to all members of the Employees Retirement System. When made, each member's voluntary contributions shall be separately accounted for in his additional account and accumulated together with annual investment increments or decrements thereon based upon the investment experience of the fund as determined by the Board of Trustees.

When a member becomes a "retirant" as defined by the City of Warren Ordinance 19, a member's voluntary employee contributions shall be applied to provide him with additional benefits in the same form of payment under which he received his pension. Members, if they so choose, upon application for retirement may elect to receive their voluntary employee contributions in a lump sum.

In addition to the times and circumstances otherwise provided herein for the payment of his voluntary employee contributions, a member shall be paid all of his voluntary employee contributions upon his request at any time in writing on a form furnished him by the Controller's Office; provided that such payment shall prohibit such member from making any further voluntary contributions for a period of one (1) year from and after such payment.

PENSION CHANGES - Continued

- L. Optional Annuity Withdrawal: Any member of the bargaining unit who retires may elect, not less than thirty days or greater than ninety days prior to the effective date of retirement, to be paid the total accumulated contributions (excluding interest, military buy back and CETA buy back contributions) in the reserve for employee's contributions. If a member makes such an election, the retiring member's monthly pension shall be reduced by an amount which is the actuarial equivalent of the accumulated contributions paid. The actuarial equivalent shall be determined on the basis of the interest rate established by the Pension Benefit Guarantee Corporation for immediate annuities.
- M. It is understood that all employees in the bargaining unit are covered by Federal Social Security.
- N. Effective July 1, 1989, and ending June 30, 1993, the cost of health insurance for retirees shall be paid by the Retirement System, subject to the provisions of P.A. 201 of 1968, from earnings in excess of the amount needed to credit the actuarially assumed rate of the total reserves, utilizing the same actuarial assumptions that are used to calculate the "Employer contribution requirement," including the reserve for employees' contributions, the reserve for Employer contributions, the reserve for retired benefit payments and the reserve for undistributed investment income. In the event such amounts are insufficient to pay the cost of health insurance for retirees, then the same shall be paid for by the City out of its General Funds, or such other funds as are available to it. Retirees shall continue to receive all health insurance benefits as currently detailed in Article 22.

LETTER OF UNDERSTANDING

The parties agree that by moving language from the letter of intent #7 into the contract under Article 5 there is no intent to change the past interpretations of this Section. This letter should be given the same weight, impact and interpretation as if it were included in the body of the contract. The Union recognizes the extraordinary circumstances involved in waste disposal and concedes the subcontracting of the Transfer Station and withdraws the pending Unfair Labor Practice Charge as it relates to the subcontracting of such Transfer Station. The Union also recognizes the Employer's intent to subcontract the Janitor work for the six Library buildings, the Recreation offices at Warkop, Nine Mile Road and the Fitzgerald Recreation Retiree Center, and the Fire Department offices on Nine Mile Road which the City previously declared its intent to do. There are currently two Janitors assigned to perform such work. The Union will not protest that subcontract. The parties agree to expunge from the records pending grievance numbers 337, 370, 384, and 385 concerning subcontracting, the previous arbitration awards #54 39 1476 81, #54 39 1509 76, and #54 39 0899 76 concerning subcontracting and the transcript and documents concerning subcontracting generated by the pending Unfair Labor Practice Charge. The Employer shall have the same rights under Article 5 that it has had in the past.
