## Bay Port State Bank breaks ground in Pigeon

More than two dozen local leaders, governmental persons, bank officials and other friends were on hand last Wednesday for the official ground-breaking for the new Pigeon branch office of Bay Port State Bank.

The office, at 1 Caseville Road, at the corner of M-142, is now under construction by R. Hogan Contractors, Bad Axe.

Shown here doing "shovel duty" during brief ceremonies are, from left center, Huron County Commissioner Bruce Kuhl, Bank President James Foster and Commissioner Calvin Reibling.

Standing in and observing during ceremonies were County Commissioner Jean Talaski, Register of Deeds Francis Holdwick, Clerk Helen Lemanski, Pigeon Village Clerk Joe McArdle, Council member Ken Licht, Village Assessor Roy Lawrence, Winsor Township Supervisor Bob Armbruster, Bob Finkbeiner of Huron County Sheriff's Department, Cong. Robert Traxler's representative Ruben Hewitt of Saginaw, Laker School Supt. Harry Brunet, Business Manager Robert Drury, Contractor Robert Hogan and Pigeon Chamber of Commerce representative June Kretzschmer.

Bank officials included Directors Albert Spaeth, Betty Spaeth, Robert Drury, Vice President and Cashier Lynn See, Assistant Cashiers Kay Fortsch and Karen Richmond, Teller Rachel Zoellner, and neighbors or friends Ira Buschlen, Clara Buerker, Lois Drury and Darlene Guza of Century 21 Real Estate.

## Yawn! Early Bird Sale here!

Set your alarm clock for 6 a.m. tomorrow (Thursday) morning!  
If you get up before it's

light outside, you can harvest savings during Pigeon's first Early Bird Sale from 6 a.m. to 9 a.m.

Thursday, as sponsored by the Pigeon Chamber of Commerce.

An Early Bird Sale is the reverse of Pigeon's popular Moonlight Madness Sales -- but smart shoppers get bigger bargains by shopping earlier in the day!

Many stores will be offering free coffee, donuts and other treats along with special low prices for customers. The Pigeon District Library will have an "Early Bird Story Hour" for youngsters whose parents shop between 6 and 9 a.m. Orange juice and stories will be featured, as will kids' movies to keep the "little peepers" content while you shop, according to Librarian Roberta Richmond.

There's another special Chamber of Commerce event this weekend, too.

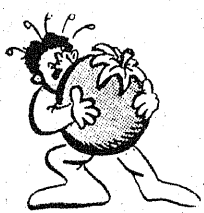

Old-fashioned times are recalled during the first Pigeon Box Social and Dinner evening of fun this Saturday, Oct. 8, to benefit the annual children's Christmas drawings.

The Box Social at Scenic Golf and Country Club features social time at 6 p.m. and the dinner auction starting at 6:30 p.m.

For an admission price, a couple gets a ticket which admits them for the evening. The lady of the group should bring a surprise (to the husband) picnic-type dinner for two. Each lady's box lunch will be auctioned off, with proceeds to the children's drawing.

In a minor change, persons may eat with their own guest, after purchasing a meal, planners say.

Home-grown  
goodies include  
zucchini, big  
tomato plants...

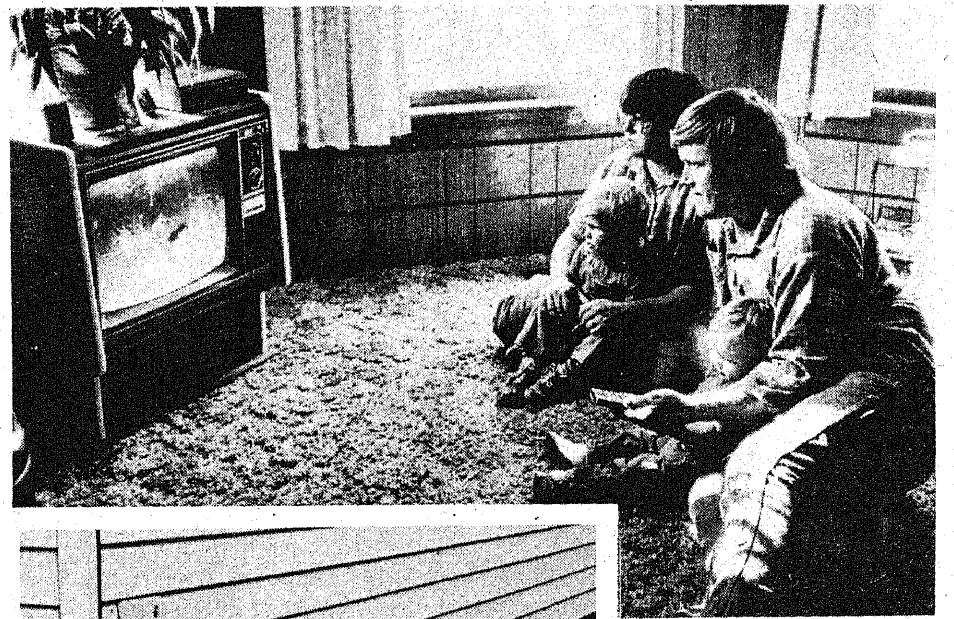

**BIG ZUCCHINI:** This week's listing of The Progress-Advance's second-annual "Home-Grown Contest" features a huge zucchini squash and a large tomato plant.

ABOVE, Omar Shetler of Pigeon grew this 28" long, 11 lb. zucchini, thanks to the "good fertilizer in my garden," he said. It's one of many big ones he's harvesting now.

**TOMATO PLANT:** Howard Maxwell of Filion Road, Pigeon, told us about his tomato plant that's "the size of a bushel basket" -- but it hasn't got one tomato fruit on it at all!

Let us know about your garden goodies. Call or stop in at The Progress-Advance. We'll take photos of selected entries, and we'll publish an honor roll soon in various fields!

### Cable TV hook-ups start

Cable television service began officially this week in the Western Thumb, as Pioneer Cablevision hooked up its first customers in Pigeon.

Susan and Randy Heilig of Leipprandt Street, Pigeon, were the first local cable TV customers, and service began Sept. 28. Susan's cousins, Jacob Heck and Cory McCain, are watching TV with their relatives, above. Randy Heilig holds a remote control unit, available with the cable TV converter boxes.

AT LEFT, Tim Ratza of Midwest Telecommunications Services, Pioneer Cablevision's cable contractor, wires the Heilig house. Door-to-door visits are being made, offering service and information.

## GOP leader comes here on Oct. 12

Michigan State House Minority Leader J. Michael Busch is featured speaker at the Huron County Republican Fall Dinner, planned Wednesday, Oct. 12 at Verona Hills Country Club, Bad Axe.

The annual event begins with a social hour at 6:30 to 7:30 p.m., with dinner at 7:30 p.m. Tickets are available from any party leader or by calling 269-9238, according to County Treasurer Arnold Schweitzer.

Busch, 37, is 100th-District State Representative from Saginaw. He was elected Republican Leader earlier this year, and is serving his fifth term as State Rep. He was Republican Floor Leader for both the 1979-80 and 1981-82 terms and was Whip for the 1977-78 term.

J. MICHAEL BUSCH

He received his B.S. degree in marketing from Ferris State College in 1968 and attended Detroit College of Law. He's been listed in Outstanding Young Men of America, Who's Who in America and Who's Who in American Politics.

Busch was a member of the Michigan Legislature's goodwill delegation to the Republic of China in 1979 and has earned several awards, from the Police Officers Association of Michigan and the Michigan Association of Landlords. He and his wife Barbara have two sons, Douglas and Andrew. They reside in Saginaw and attend St. Stephen's Catholic Church.

## Computer users meet

Members of the Thumb Area Computer Club held its organizational meeting on Thursday, Sept. 29 at Future Directions Computer Showcase, Bad Axe.

The following officers were elected: President Rev. Dale Bird, Vice President/Librarian James Rich, Jr., and Secretary/Treasurer Paul Schuette.

The club is open to all computer owners and enthusiasts.

TACC meets every second and fourth Thursday at 7:30 p.m. at Future Directions, three miles north of Bad Axe.

Interested persons are invited to attend the next meeting on Thursday, Oct. 13.

## Traxler aide to meet constituents

A staff aide to U.S. Rep. Bob Traxler (D-Bay City) will hold office hours in Caseville, Pigeon and Bad Axe this Thursday, Oct. 6 to discuss problems and concerns of constituents in those areas.

## Service news

Pvt. Lucinda M. Snider, daughter of Ronald L. and Marybeth Snider of 6116 Pigeon Road, Pigeon, has completed an Army food specialist course at Fort Dix, N.J.

**CASEVILLE:** 10 a.m. to 12 noon at the Caseville Village Hall, 6767 Main Street.  
**PIGEON:** 1 to 2 p.m., Pigeon Village Hall, 29 Main Street.  
**BAD AXE:** 3 to 5 p.m., Huron County Courthouse.

## Historical group meets

The annual meeting of the Huron County Historical Society is scheduled for Thursday, Oct. 13 at 7:30 p.m.

The White Rock School Museum chapter will host the meeting at the schoolhouse on White Rock Road, just off M-25. Election of officers will be held in place of having a guest speaker.

Anyone interested in meeting for a 6 p.m. dinner at Klump's Restaurant may call 864-3043 or 864-5465.

## David Wichert is new Pigeon policeman

By RICH SWARTZENDRUBER

Tire-squealers should beware, because "the law" will soon be back in Pigeon.

David Wichert, a Michigan Department of Natural Resources enforcement officer at the Holland State Park, will take over duties as Pigeon Village Marshal Oct. 10, after his selection by Village Council members last Wednesday.

Wichert, a former area resident, will assume the position formerly held by Mark Nieschulz, who resigned Aug. 12. Wichert was among four candidates interviewed by council members, after extensive background checks by the Huron County Sheriff's Department which narrowed the field from the 12 persons who originally applied for the post.

Wichert, 25, grew up in Sebawaing and feels that experience is an asset in taking over law enforcement in Pigeon. "I know what it's like to grow up in a small town," he said at the meeting. "A lot of names and faces are familiar (in Pigeon), but I don't think I'm that well-known," he replied to a query about problems of being a "local boy."

He graduated from college with a Natural Resources background and a goal of becoming a state conservation officer. That goal never materialized, he says, and the seasonal employment of the State Park job isn't acceptable now that he's out of college with the responsibilities of marriage.

He is the son of Don and Dulcia Wichert of Pigeon

and is married to the former Janet Ulrich, daughter of Ed and Pearl Ulrich of the Bay Port area.

"I don't mind going to court (to possibly defend tickets written) because I don't write bad tickets," Wichert said Wednesday, in response to a question from Village Attorney Michael Dennis. Dennis wondered about Wichert's willingness to follow through in cases that come to trial.

"If there's a benefit of the doubt, I'll give that person the benefit of the doubt," Wichert added.

"I'm young and I'm ambitious. I want to go out there and do a good job, so whatever it takes I'll put it in," Wichert said about the time required to police the village.

Council hired Wichert at a rate of \$7.25 per hour and authorized a 44-hour work week, for an estimated yearly figure of about \$17,430 including overtime.

**BUSINESS EXPANSION:** The construction of a new car facility for McCormick Motors, Inc., was encouraged by Council members by their unanimous approval of the application for a Commercial Development District at the corner of M-142 (Pigeon Road) and Caseville Road.

Creation of such a district cuts in half property valuations on which local taxes are paid for up to 12 years, according to the state law to encourage economic development.

**PARADE OKAYED:** A parade permit for the Laker

David Wichert

High School Homecoming Parade through Pigeon was approved. Parade time is 6:30 p.m. on Friday, Oct. 14. The parade rotates among Elkton, Pigeon and Bay Port each year and this is Pigeon's second turn in four years.

**ZONING NEEDED:** The need to update the village's zoning ordinances was discussed, due to recent changes in state laws and codes, according to Dennis. "If your zoning ordinance is over 10 years old, it's outdated," he added. Major changes haven't been made in Pigeon's ordinances in nearly 30 years, although partial updates have been done in recent years.

Action on an overall rezoning plan was tabled until the Oct. 10 meeting or later.

**HIGHWAY CLOSED:** Use of M-142 (Pigeon Road) just west of Pigeon was stopped all day Monday and part of Tuesday, as a Chesapeake and Ohio Railway "Crossing Crew" removed decaying rail ties at the crossing and replaced them.

Crew members, from the Ludington area, say their full responsibility is traveling the state to repair such crossings. Specially-treated wood replaced the non-treated wood. A well-repaired crossing should last 10 to 12 years, they said.

## Caseville Airport still in discussion stages

Caseville Township Board members fielded questions and complaints from about 150 people who attended the Board's monthly meeting Monday night, but maintained their support for the proposed Caseville Township Airport now seeking state funding.

Most of the persons attending showed support for the "Concerned Citizens of Caseville," a group being formed to oppose the airport planned in the two-square-mile area bounded by Caseville Road on the east, Crescent Beach Road on the north, M-25 on the west and Dunn Road on the south.

Supervisor Jim Reeves read the petition presented to the Board last month and signed by 14 people. He had gotten a legal opinion from Pigeon attorney David Clabuesch on whether or not past board actions had been proper. The group had asked for a general vote on the proposed airport at a special board meeting, but Clabuesch's opinion said, in part, "it is not appropriate for business conducted at a special meeting..."

The Concerned Citizens group's petition had also asked for a public vote on abolishment of the Township Aeronautical Board. This too, is not an issue to be voted upon by electors, Clabuesch's opinion said, since the Township Board had created it and other such boards, a "...power which is specifically reserved to the board of trustees."

The final petition issue asked that all township residents be given 60 days' written notice "before proceeding with any matter concerning the establishment or enlargement of an airport."

Clabuesch's opinion said such procedure of notification is not a normal procedure, but added that all legal actions have been properly followed by the township board.

Board members then voted to deny the request for a special meeting, based on legal counsel's opinion. The Board, in a roll-call vote, unanimously reaffirmed Township Ordinance 80-2, which created the Caseville Township Aeronautical Board and set possible air-

port creation into existence. Board members agreed that any land acquisition matters, which normally would be considered only at the annual meeting in April, won't be voted upon before May 1 or after Nov. 1 in future years, to allow winter s o u t h e r n - b o u n d "snowbirds" access to the decision.

Sup. Reeves, Airport Board head Lowell Kraft and Concerned Citizen leaders met Monday afternoon to keep "lines of communication open," Reeves said.

"We are doing this because we understand the problem (some citizens believe exists) and we're trying to do anything not plainly visible," Reeves said.

Some in attendance asked for another legal opinion on the airport program, since Clabuesch had helped draft the original Ordinance 80-2. Board members said they would consider the action, but noted it will cost more which is not a wise use of township money.

Some in attendance asked if the \$1.1 million being sought from the state would have to be returned if the airport would not be constructed. No one can answer at this time, but Reeves said the Township has spent \$921 at this time, mostly in fees needed to adopt Ordinance 80-2.

Some asked if township money would be used in operating the airport in future years. Reeves said minor funding may be needed from the general budget, but doubted it would be enough to raise township taxes, if funding is needed at all.

He emphatically noted the Aeronautical Board must come to the Board if and when it needs such funds in future years. "They'd have to prove their case (of needing funds)," Reeves said.

## County bowlers feted

Thumb Area Women's Bowling Association has chosen outstanding bowlers for weekly honors during this season.

Winners thus far include: Sept. 15-21, Pat McIntosh at Charmont, Cass City, with an actual series of 600 and games of 223, 199 and 178. Her average last year was 159.

Series of 550 and higher included Bea Harwood with a 574 and Helen Guster a 569 and Marilyn Smith a 568, all at Biff's in Kinde.

Another weekly winner is Marge Tyll of Tyll's Huron Inn, Uby. She bowls at Crazy Horse, Uby, and had an actual series of 574 with games of 170, 222 and 182.

## Final aging class set Oct. 11

The final class in the series, "Coping With Aging," will be held Tuesday, Oct. 11 in the Huron Memorial Hospital Conference Room from 7 to 9 p.m.

The class will feature a panel of resource people from the community, including representatives from the Public Health Department, Department of Social Services, Foster Medical Supplies, Social Security Administration, Sunny Acres Nursing Center and the Huron County Medical Care Facility.

The main purpose of the class is to help people become more effective and knowledgeable about getting the resources needed to assist the elderly. The ser-

vices range from in-home care for the elderly to nursing home placement programs. No fee is charged for the class. Interested individuals may contact Janis Buerker at Scheurer Hospital (453-3223), Carol Corbushley at Huron Memorial Hospital (269-9521) or Colleen Trueman at Huron County Medical Care Facility (269-6425).

## Seat belt law is a must!

Mandatory seat belt usage laws are still in legislative debate as these words are being written, but we know what should happen to such legislation:

Our state (and nation) NEED this type of law, for our own good.

Pure and simply, we don't take adequate care of ourselves and our loved ones when we drive. Requiring seat belt use may sound dictatorial, but it's only for our own good.

How many times have you seen young children roaming around the front or back seat, when the parent "is just driving to the grocery store" or "just downtown for a minute?" The length of the trip doesn't matter - children under age four must be in a approved car seat in the front seat or belted in adequately in the back seat of cars. That's the state law.

If we care that much about our youngsters, why don't we exercise the same care for ourselves? Wearing seat belts is a safety action that's the only one thing: smart.

We abide by state speed limits (for the most part). Why are some folks opposed to a safety feature that takes just a moment when we get into cars? Isn't speed just as dangerous as smashing a person's head against the windshield, in an accident? We think so.

House Bill 4203 is a trial mandatory seat belt law. Seat belts would be required for drivers and front-seat passengers for a three-year period. The law would automatically expire unless the Legislature extended it. Violators could be hit with a maximum \$10 fine, but violations wouldn't carry penalty points on driver licenses or be recorded on a motorist's driving record.

More than 90 groups in Michigan - auto makers, health and medical organizations, insurers, safety groups, government agencies and others - favor the legislation. They believe 300 lives could be saved annually in our state, and 8000 serious injuries could be prevented, too.

A recent Office of Highway Safety Planning survey shows 67% of Michigan's residents

favor mandatory seat belt use. But, the funny part is fewer than 15% of state drivers now use them! Even those supporting the law must change their actions, if they're going to really practice what they preach.

Sometimes our human nature and judgment need some direction. If mandatory seat belt use can be a lifesaver, why wouldn't everyone be in favor of it? Don't even think about it solely for yourself - but how about your loved ones and friends?

We abide by speed laws, stop signs, stop lights and flashing lights on school buses. They're all signals and guidelines for car operators. So is seat belt usage. It's a signal that you're taking an easy precaution which could just save your life.

We'll never forget the words we keep hearing from law enforcement people. They say they've never unbuckled a dead person in fatal accidents. We've provided safety for our little passengers. Why don't we follow through now, with increased safety for adults? It's for our own good.

Pete Progress says:

"Humor is laughing at what you haven't got when you ought to have it!"

## RECOLLECTIONS

of by-gone days

DEAR EDITOR:

On Friday, Sept. 23 at 7:30 p.m. Doug Honaker and my son Wayne and his wife and I started for Goshen, Ind. to attend the annual relief sale.

We stopped once for supper and then drive to Goshen, arriving at 3:30 a.m. We stayed at my nephew, George Keim's house. The next morning he and his wife had to go to the sale early to work at a stand. My brother Alvin Keim was also there. We went to the sale at 7:30 and there were people there by the thousands, all waiting to eat or already eating the best pancakes and sausages you could get anywhere. You could get all you can eat and there were a lot of other places to buy sandwiches, apple fritters, pizza and one place sold only pies. You could buy almost anything from soup to nuts.

There was a big building where quilts were sold. One brought over \$6000. Then the man donated it back and it was re-sold for over \$2500. There were over six auctioneers selling the quilts, and also six auctioneers in the antique building, which was also full of people.

Auctioneers Herb Albrecht

and Dale Wertz were there, and they had one Amish man going. He was really good and I was careful enough not to nod my head because I didn't have a way to get anything home!

I met a lot of people. One man knew where the place was where my father, the late Joe Keim, was born, and another came from Pennsylvania, where my grandfather was born. There were Amish, Mennonites and all other religions represented, maybe even some hypocrites.

The sale took in over \$300,000, which will be used for relief work. In I Corinthians 10:31 it says: "Whichever therefore ye eat or drink or whatever ye do, do it all to the glory of God."

Everybody had a good time and I know nobody was drunk, and only a few people smoked and they stood by themselves.

We came home in good time and stopped at a place where they served a smorgasbord and had a good supper. I saw my oldest brother who is now 92 years old and still drives his own car, so in all, I had a good time.

Sincerely,  
GEORGE KEIM

There is definitely a direct relationship between not doing homework and accomplishing "zilch." Of course, it stands to reason that by not doing your homework, you're not getting anything done. The trouble is, you're doing something when you're not doing homework, and that's when you have to ask yourself, "Just what am I doing?"

That question pops up often when I find myself doing something other than homework. Usually whatever it is I'm doing isn't as important as finishing my homework, but I'm still busy doing that something else just the same.

One evening not too long ago I can recall counting the number of macaroni and cheese boxes I had in the cupboard - I was writing my grocery list at 10 p.m. because at the time, that was more important than my homework.

Another evening I ran the vacuum cleaner over the

rug. I didn't bother to plug the vacuum cleaner though. I just wanted to tell the roommates that I had run the vacuum - and that wasn't lying. Thinking back, it would have been more productive to actually vacuum the rug, since I didn't accomplish a least of all my homework.

It has always been a bear when someone asks you what you did the night before and you have to really think to come up with even one thing you did that was productive. When I really haven't done anything of importance, I usually comment that "I looked at my books." Most people assume you did homework - remember, you should never assume anything!

Well, it's time for something productive. Have to go crack my books, but notice I didn't say I was going to do any reading! Be sure to have a super week!

## Tidbits

Sometimes one sees or hears something and thinks, "I must remember to tell so-and-so about that."

There are several tidbits that I've seen or heard lately that might be worth sharing.

How are parents judged? Are you a good parent if your child jumps every time you speak? If you tell your son to do something and he replies, "Yes, sir," does that make you a good parent? Not if he goes out and does what he feels like doing anyway. Are you a good parent if your child keeps her room neat and clean all the time? Probably not if you threaten to withdraw her allowance if she doesn't. No, the test to determine good parents, according to Sydney Harris, is how the siblings get along. If brothers and sisters enjoy being together, doing things with each other, sharing good times and had and don't fight over the inheritance, that's a sign of good parents.

A funny thing happened the other day. A lady had a busy weekend and on Monday had to bake a cake for a church supper. She mixed up her favorite recipe which she can do with hardly thinking about it. When the batter was well stirred, she scraped it with a spatula into the pan and popped it into the oven. During the cleaning-up process she wondered, "Where is my spoon?" Tired as she was, she decided she must have already washed it and put it away. She had a rest and when evening came, off she went, cake and all, to the church supper. Much to her surprise and dismay, one of the helpers at the supper found the spoon when he tried to cut the cake. She had baked it right in with the batter. I've heard of spoonbread, but could this be called spooncake?

I'm still amazed by the performance of the Air Force jets in salute to our neighbor. How can those machines come zooming out of the clouds, passing directly overhead at precisely the right place and right time. I saw, but I don't understand. A man with a radio (it looked like a walkie-talkie) stood at the edge of the cemetery. I heard him whisper into the box, "We'll be ready for you in 30 seconds." There wasn't sight nor sound of a plane then, but in 30 seconds there they were in perfect formation.

"I was going to tap my way from Toledo!" That is a quote from a leader in the feminist movement. She says show business was the hope of poor girls, just as athletics was the hope of poor boys. A girl who couldn't tap dance always had rich at that, but there was a chance she might marry the boss. That heavens there's more than that kind of outlook for our girls today. Some even have a chance at athletics, at least in golf and tennis.

I'm not getting rich, but I'm doing what I like. So it's off to the golf course. Fore!

## Letter to the Editor

PTC president thanks community for support

Dear Editor:

Many thanks are due to all the people in the community, the staff at Pigeon Elementary School, parents and students who supported the recent magazine and Progress-Advance sales by the elementary youngsters. A profit of nearly \$2,300 has been earned to be used for field trips and other

educational purposes at Pigeon Elementary School.

Our children are very fortunate to be surrounded by so many caring people who are interested in providing quality education.

Sincerely,  
Elaine Weidman,

**Huron 4-H Clubs  
involve 988  
local young  
people!**

It's 4-H Week all over America, a time to recognize all the efforts being made in Huron County 4-H Youth Programs and the National 4-H Program. Nearly 1000 Huronites are 4-H members, as 611 girls and 377 boys (for a 988 total) are involved in 57 4-H Clubs here.

Another 184 adults serve as 4-H Leaders, while 130 teens are junior 4-H Leaders. Any youths between the ages of 9 and 19 who are interested in joining a 4-H Club or adults who would like to become a 4-H leader should contact the County Extension Service Office by calling 269-9949 or writing 104 County Building, Bad Axe, 49813.

Lee Warschewsky is retiring later this year, after 28 years of Cooperative Extension Service work in the Thumb Area. The Huron and Sanilac Extension Livestock Agent is guest of honor at a Nov. 10 retirement party at Uby Heights Country Club. Friends may make reservations through the Extension Office in Bad Axe at 269-9949.

A native of Sanilac County, Warschewsky earned a B.S. Degree in Agriculture from MSU and a Master's Degree in Ag from MSU. He taught vocational ag in Ithaca and Owendale for five years, before joining the Extension Service. He has served as a County Ag Agent, Extension Director and Extension Livestock Agent, with primary responsibilities to serve the needs of the agricultural community.

He has received the National Distinguished Service Award from the National Association of County Ag Agents in 1980, and other honors. He has been president of the Bad Axe Lions Club and Our Savior Lutheran Church Board.

He assisted in establishing several groups, while working as an Extension official. Some include the Huron Soil Conservation District and County Soil Survey, Huron County Junior Livestock Association, Thumb Cattlemen's Association, East Michigan Producers' Association, Thumb Sheep Breeders' Association and the Huron Corn Improvement Club, according to County Extension Director Bob Johnson.

America's agricultural base is shrinking as farmers receive fewer incentives to continue working the land - and more offers from real estate developers, according to a U of M researcher. That shrinking base and a dwindling number of farmers could spark a worldwide food shortage, says Charles Cares, a professor of landscape agriculture at Michigan's School of Natural Resources.

Cares says the nation is using farmland at the rate of four square miles each day because "many farmers are finding farming so unprofitable that they accept the best offer for their land and retire early."

Lots of soybeans are included in carryovers as of Sept. 1, says the Michigan Ag Reporting Service. Michigan carryover totaled nearly 3.2 million bushels, 55% above last year's level, MARS says. Over half of the soybeans on hand were held in off-farm storage.

The U.S. Sept. 1 carryover is 387 million bushels, 45% above last year and 8% above the previous record high on Sept. 1, 1980.

August milk production for Michigan was 469 million pounds, compared with 479 million pounds in July and 441 million pounds in August, 1981, MARS says. No estimate for August, 1982 was available.

An average of 404,000 cows were surveyed in state dairy herds, down 2000 head from July. Milk production per cow is 1160 pounds, down 20 pounds from July but still 40 pounds above August, 1981. August's hot weather reduced production, MARS says.

Average price received per hundredweight (cwt.) by state dairy farmers for all milk sold in August was \$13.20 per cwt., unchanged from July. Average cull cow price in August is \$38 per cwt., down from \$40.50 in August, 1982. Dairy plants in Michigan produced 3.5 million pounds of butter in July, down from 5 million pounds in June, MARS says.

Augusta wheat is promising for growers, experts say, as the MSU-developed wheat variety has superior characteristics. Those qualities should make Augusta attractive to producers and millers, MSU agronomists believe. It has been available as certified seed since 1981, although less than 10% of the state's acreage is in Augusta now.

"Repeated testing in eight state locations produced yields up to 105 bushels per acre," says MSU crop specialist Larry Copeland. Augusta is rated as the premium soft wheat in the eastern U.S. And like Frankenthum, its popular companion variety, Augusta is very responsive to nitrogen topdressing, Copeland says.

Michigan's first lady Paula Blanchard has launched a nationwide campaign to boost agriculture, the state's second-largest industry, at the recent Michigan Food Dealers Association Annual Convention. "Say YES to the best from Michigan Farms" is the slogan, designed to help consumers identify state-grown food.

A survey shows 51% of residents had difficulty identifying Michigan foods - but 75% would buy them if they were clearly labeled.

**Gypsy moth facts at Pigeon Library**

Planning to move from a state infested with the gypsy moth to one not infested? If so, you need to know about a new regulation to help prevent the interstate spread of this leaf-eating pest.

"Don't Move Gypsy Moth" is the title of an illustrated brochure that explains the new regulation," says Pigeon District Librarian Roberta Richmond. "Anyone planning to move can come by the library and check it out to make sure they don't take an old pest to a new neighborhood."

The regulation, which became effective on Monday, Oct. 3, requires that all outdoor household articles be free of gypsy moth life stages - eggs, caterpillars, cocoons and adults.

State and federal agricultural officials will be checking interstate moves in transit or at destination to make sure they are gypsy moth free.

"People moving from the high risk areas will have to inspect their outdoor

household articles before they move, or hire a USDA-trained commercial expert to do the inspection for them," adds Librarian Richmond. "The brochure explains how to inspect for gypsy moth life stages, how to dispose of them and provides a record of the do-it-yourself inspection."

Most new isolated infestations are started from gypsy moth egg masses on household articles used or stored outdoors during the gypsy moth's egg-laying stage. Each tan-colored, fuzzy egg mass can contain as many as 1,000 eggs - capable of over-wintering to hatch and start a new infestation of the leaf-eating gypsy moth.

**Gina Gaskill to raise standardbred foal**

Gina Gaskill of Owendale has been selected to raise a Standardbred foal for one year as part of the Michigan 4-H Standardbred Horse Production Project.

Gaskill is one of 18 Michigan 4-H members selected to participate in the 1983-84 production project. Qualified 4-Hers were chosen by the 4-H Standardbred Advisory Committee.

Next month, Gaskill will receive a foal born last spring. She will raise the horse until August, 1984, and then will sell the horse at a Standardbred auction. Gaskill will receive one-third of the sale price after expenses, with the remainder going to the breeder who donated the foal.

"The project gives the kids an opportunity to learn the responsibility that comes with caring for a horse," says Robert Johnson, Huron County extension director. "A unique aspect of the Standardbred project is that it also gives young people a rare opportunity to learn about the economics and career possibilities in the harness racing industry."

Gaskill will participate in a number of programs throughout the year through the cooperation of the Michigan Harness Horsemen's Association and Michigan Standardbred Breeders' Association.

**GOLDEN SALAD SANDWICH**

The orange, golden colors of this sandwich are an excellent meal time serving for these crisp fall days.

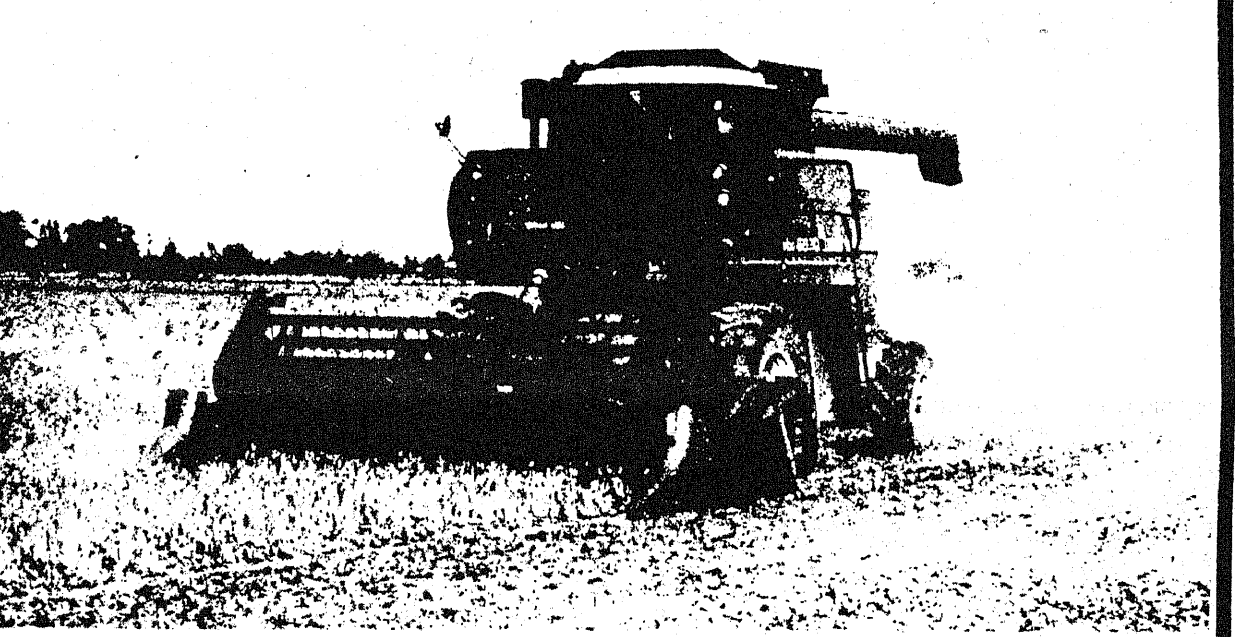

2 hard-cooked eggs, chopped  
2 T. grated carrots  
2 t. chopped pimiento-stuffed olives or pickle relish

2 t. dairy sour cream  
1/8 t. prepared mustard  
Dash pepper  
4 slices bread, buttered  
Lettuce

Combine egg, carrot, olives, sour cream, mustard, salt and pepper. Spread 2 tablespoons filling on each slice of bread. Arrange lettuce on two slices. Close. Makes two servings.

Helpful tip ... A child's game board works as a great lap board when pinning, marking or cutting pattern pieces while sewing.

## Woods & Waters Floating for ducks

Most of my duck hunting is done on the large, sprawling waters of Saginaw Bay. Here, in the comfort of huge, cedar-covered floating blinds or the seclusion of my double-end duck boat, wrapped in wire-grass and nestled at the upwind end of a pothole, I have spent 30-odd years trying to outwit the ducks.

During this time, and besides the two methods already mentioned, I have tried my hand at hunting from a layout boat. These flat, pumpkin-shaped crafts are placed in the center of a large raft of decoys, and the hunter or hunters lie down in the boat for concealment. I have also been involved in sneak shooting. This method allows the hunter to anchor his boat upwind from a decoy rig and after some ducks have landed, the boat is unhooked and a small wooden sail propels the boat and acts as a blind while the hunters approach the unsuspecting ducks. And there has been field shooting, a popular hunting method in this area. Hunters lie concealed in cornfields while ducks in unbelievable numbers swirl above their head, gathering enough courage to land.

Of all the different methods, my favorite has always been pot-hole hunting with a small duck boat and a wrap-around, wiregrass blind. That is, until a few years ago when I was introduced to an unusual duck-hunting style. Now I'm not so sure. This new style is floating a canoe down a river and jump shooting ducks. I guess it was unusual to me because our area is somewhat void of the type of rivers necessary to promote this kind of hunting. However, I have recently found that there are many such rivers close to our county that afford excellent duck hunting opportunities and are grossly under-hunted. These rivers meander through swamps and other uninhabited areas and most important, are near big bodies of water that have heavy gunning pressure. Driven from the open water, puddle ducks, by the hundreds, seek the refuge and safety afforded by the many pools and back waters that are a part of these slow-moving streams.

A few years back, my brother Charlie and I had an occasion to hunt one of these rivers on opening day. That year, the Thumb was still considered to be a part of Zone 3 and had a later opening date than the area north of M-20. Uplifted by the thought of having two opening days in one duck season, I laded my canoe and headed north to meet my brother at a cottage where we would be staying.

That evening, we scouted the stream we would hunt the next day. We picked out the spot where we would post the pick-up car, and then looked for a drop-in point that would give us about a five-hour float. Satisfied that all the details had been taken care of, we snuggled down into sleeping bags and dreamed of the giant mallards and blacks that we hoped to see in the morning.

Arriving at the river at around 6:15 a.m., we unloaded the canoe and began to stash the equipment. Pieces of ensolite were placed on both the seats and the floor of the canoe. A super insulator, it would keep our posteriors warm and dry and also absorb any noise made by our feet or gun butts as we moved about in the craft.

The opening of the 1983 waterfowl season this Saturday was very warm and foggy. While some diehards searched the mist covered marshes in search of ducks, most of the hunting pressure was centered on the Canada goose. Plenty of birds were available and the fog seemed to assist the hunters more than hindering them. The highest concentration of hunters was centered in the northern part of Tuscola County where the Fish Point State Game Area is located. Those duck hunters that reported in found local

mallards and widgeon in good supply. Field shooting for ducks was very poor due to the lack of feed.

The fall color season is in full swing in the Upper Peninsula and the northern part of the lower. It will last for another two weeks in that area and then descend into our region. Many state parks are open on a year-round basis and have special color tours available to campers using their facilities. These same parks offer hiking, horseback riding, boating, hunting, fishing and other outdoor activities for the entire family. State park cam-

pgrounds offer special reservations for camper clubs with 10 or more units. Plan a club outing and attend some of the fall festivals and other events scheduled around the state.

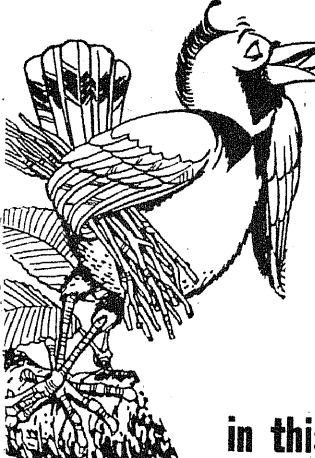

While most of the attention in the state has been centered around the hunting seasons, fishermen have been busy taking part in the excellent salmon and perch fishing that still exist in the Thumb. Chinooks are plentiful in the Harbor Beach area, and the Charity Islands have been producing great perch fishing.

## SOUND-OFF!

Call 453-2323 anytime day or night to record your SOUND-OFF message. Selected statements will appear weekly in The Progress-Advance...so watch for yours!

Last Thursday I heard a lot of parents complaining about starting school late, because of the fog. I think it's better than having a school bus tip over in a ditch and killing children, because a bus driver couldn't see. Thank you.

I don't mind giving recognition to the struggle of blacks and other minorities for equal treatment in America, but Martin Luther King, Jr. was not the type of person who deserves a national holiday. You honestly can't compare his work with Lincoln's or other people.

Let's make it a national "we shall overcome" day or something instead.

Let's give some credit to Gardy's gorillas. Good defense is important too. We're behind you all the way.

Why is it some neighborhoods have to put up with big trucks being parked on the public street? Shouldn't residential areas not include such large trucks and trailers? We hope this is stopped soon. We don't need trucks on our street.

Go Lakers. We have the best teams and the best fans anywhere. I don't care what North Branch or other coaches say. We play fair and (the difference is) we play well, using our abilities.

Hi Redford, we love you. From the Pioneers in J-7.

Can't they make a line down the hall in school so people going one way and other kids start the fourth quarter and put the first team back in if the other team scores.

Happy birthday, Joe K.

I think since SOUND-OFF is such a big success, you people at The Progress-Advance should think about an advice to the lovelorn problem. I've had many problems with my boyfriends, and so have my friends. I think it's a great idea.

Congratulations to the entire Laker football team, coaching staff and loyal fans who showed the Broncos we're number one. My only gripe is why wait until 57 seconds left in the game to play your second string? It seems to me when you have a 35-12 lead, you could let the other kids start the fourth quarter and put the first team back in if the other team scores.

Hi Ronda, from Greg. I love you.

Mr. and Mrs. Donald Roestel entertained Sunday in honor of their son Jim's 15th birthday, his grandparents, Mr. and Mrs. Henry Roestel, Mrs. Evelyn Johnson of Caseville, aunts and uncles Mr. and Mrs. Leon Roestel and family and Mr. and Mrs. Michael Stevenson and family.

## Busy summer for area Girl Scouts!

Pigeon area Girl Scouts were busy during the past summer with camping and other special activities, according to local leaders.

Cadet Troop #802 conducted a primitive camping overnight experience in a local woods in early June. Junior Troop #895 planned a 13-mile all day Bike Hike on June 13, which included cooking their noon meal. The two troops cooperated with area leaders in an all-day First Aid Course conducted by Mike Gage, the Huron County Emergency Services Director. The Cadettes participated in volunteer work in the Scheurer Hospital Long-Term Unit during June and July.

During July, six Junior Scouts attended Camp Oak Hills near Harrison. Gina Apley participated in a five-day Junior Gypsy session and Michelle Anklam took part in a five-day Water Fun experience. A 12-day Communicate. Communicate session on computers was attended by Ginger Clabuesch, Christy Damm, Michelle

## Barcia rep meets here

Sal Krygier, district liaison for State Sen. James Barcia (D-Bay City), will meet with interested residents in Pigeon at the Village Hall on Wednesday, Oct. 5 from 2 to 3 p.m., in Caseville at the Village Hall on Friday, Oct. 7 from 11 a.m. to 12 noon and in Bad Axe at the Huron County Building on Wednesday, Oct. 12 from 11 a.m. to 12 noon.

## Monthly meet set

The monthly meeting of the Huron County Community Mental Health Services ACT 258 Board is set for Wednesday, Oct. 5 (today) at 7:30 p.m. in the Mental Health Offices at 1108 S. Van Dyke, Bad Axe.

Gayari and Julie Leppand. In August, Cadette Scouts Kathy Clabuesch and Tammy Damm again participated in the Mackinac Island Honor Guard for a week. Three Cadettes also worked as donor aides at the August Bloodmobile.

It is now registration time for Girl Scouts, leaders say. This year, leaders for Brownie Scouts (grades two and three), Junior Scouts (grades fourth through sixth) and Cadette Scouts (grades seven through nine) have been selected. Older girls plan and make decisions about trips, community projects and career exploration. Participation in scouting gives youngsters an opportunity to learn new skills, meet new people and travel to new places, leaders say.

## Pigeon District Library events

### PAJAMA STORY HOUR

Parents of small children are invited to drop off their children at the library as early as 6 a.m. so that they can shop during the Pigeon Chamber of Commerce "Early Bird Sale" this Thursday, Oct. 6. Children's activities from 6 to 9 a.m. will include filmstrips, games, stories and a play period planned by staff members Peggy Karl, Starla Albrecht and Librarian Roberta Richmond. Children may come in their pajamas and orange juice will be available.

### AMNESTY and FREE BAGS

During the "Early Bird" Sale, all adults coming into the library will receive a free book bag for every four books checked out. The library will also offer an "amnesty" period when anyone having an overdue book may bring it back with no fine charged to them.

### ALL YOURS for the TRADING

In these times of inflation when every penny must be watched, the library has a bargain for you! They don't

cost a cent, it's strictly an exchange.

The Coupon Corner began on Oct. 3 at the library. If you have coupons you'll never use, bring them in and drop them in the box located at the circulation desk. Then look through the box divided into different categories and pick out the coupons you use.

Call 453-2341 with any questions.

Other activities planned by Jane Himmel and Peggy Karl will include exercises, fingerplays, games and songs.

Two sessions are held weekly, one from 9 to 10 a.m. and the second from 10:30 to 11:30 a.m.

### SATURDAY FILM FESTIVAL

A Film Festival is set for Saturday, Oct. 8 with featured films "Mowgli's Brothers," "Sprucin' Up" and "Toymaker."

The Film Festival will begin at 1 p.m. and last for one hour. All early elementary-age children are invited to attend.

### PRESCHOOL STORY HOUR

"Boat Travels" will be the theme of Preschool Story Hour on Tuesday, Oct. 11 at the Pigeon District Library. "Maude and Claude Go

Abroad," "Three Days on a River in a Canoe," and

"Look Out for Pirates" will be featured stories. There will also be a film entitled "Little Toot" and a filmstrip "Serendipity."

## Hayes women plan year

Hayes United Methodist Women met Thursday, Sept. 15 at 7:30 p.m. in the church, with Kathy Dubs as hostess.

Peg Leppand opened the meeting, reading a poem, "Get Somebody Else." Minutes were read and approved. A thank-you was read from the Dennis Halls for the cross given to Jennifer at her baptism. Kathy Dubs thanked the group for the plant. Iva Brown reported a cross was given to Sherry Leppand for her home and Kathy Dubs received a cross at the meeting. Marty Murdoch announced that the church nursery will resume again and that a playpen is needed.

Plans were made to attend the district meeting in Leapeer on Oct. 6. Lillian Leppand moved and Shirley Truelle supported that the women raise their pledge to \$400 for 1984. The club women voted to discontinue ordering pecans this year.

The women plan a "Baking Bee" on Dec. 2 at the church to prepare baked goods for the Laker Christmas Bazaar on Saturday, Dec. 3.

A lesson was given on "Symbols of Unity" by Pastor Fred Cooley. A district officer will be invited to the November meeting, it was reported.

## CHRYSLER-PLYMOUTH DEALERS ANNOUNCE THE 5/50 PLYMOUTH FOR 1984

# Match it! (If you can)

The 5/50 Plymouth Reliant K: America's highest mileage, 6-passenger front-wheel-drive car. Match it if you can, Tempo.

Plymouth Reliant delivers 29 EPA est. mpg.\* Ford Tempo can't match that number. Excellent gas mileage is just one of the reasons over a million K cars have been sold since their introduction.

### The 5 Year/50,000 Mile Protection Plan

Only Chrysler backs all its new American-built cars with limited warranties on engine/power train and outer body rust-through for 5 years or 50,000 miles, whichever comes first. Deductible applies. Excludes leases. SEE DEALER FOR DETAILS.

\*Use EPA estimates for comparison. Your mileage may vary depending on speed, weather and trip length. Highway mileage probably lower. California numbers lower.

The 5/50 Plymouth Horizon. Match it for gas mileage and room, Chevette.

Plymouth Horizon seats five adults comfortably, Chevette only four. In addition to roomy comfort, Horizon gets 32 EPA est. mpg, 49 est. hwy.\* higher gas mileage than Chevy Chevette. Horizon: the original front-wheel-drive Plymouth just keeps getting better.

The 5/50 Plymouth Turismo. Match it for mileage, Mustang.

At 32 EPA est. mpg, 49 est. hwy.\* Turismo leaves Mustang behind at the pump. Plymouth Turismo: for front-wheel-drive, mileage, and a sporty flair, it's tough to match!

## EYE OPENERS

By Dr. Douglas A. Buehler, Optometrist  
20/20 VISION AND SPORTS

Q. Is it necessary to have 20/20 vision to be a good athlete?

A 20/20 vision only means that you can see an object clearly from a distance of 20 feet. A good athlete needs many other visual skills as well, including clear near vision, depth perception, speed of recognition (how fast the visual image is processed by the brain), quick visual reaction time and good peripheral (side) vision.

A recent study of athletes and sports officials has shown that many athletes whose distance vision is clear are deficient in the other visual skills. However, many of these skills can be developed. Some outstanding athletes have done so!

Q. Will wearing glasses interfere with playing baseball and tennis?

A. If you see clearly with your glasses and are comfortable with them, they should not inhibit your sports activities. But, as a safety precaution, make sure that the lenses are either scratch-resistant plastic or impact-resistant glass, in case you accidentally get hit in the eye by a stray ball. Many athletes prefer wearing contact lenses. They don't steam up in hot weather, slip down your nose, or feel heavy. Contact lenses often provide even clearer vision than eyeglasses and, since there is no frame, there is nothing to interfere with peripheral (side) vision. Consider one of the new types of sports goggles for extra protection if you wear contacts or no glasses at all.

### Aid for displaced homemakers

### By MILDRED BALLAGH

Mr. and Mrs. Morgan Ballagh were Friday evening visitors of Mrs. H. Kreh. The Ballaghs just returned from a trip to Ireland, Scotland and England. Mrs. Kreh had been to Ireland 12 years ago so they have a nice visit.

Mr. and Mrs. William McBride, Mr. and Mrs. John McBride and family, Tommy, Joanne, Bill and friend were Sunday guests of Linda McBride in Elkton to help celebrate Timothy's fourth birthday.

Mr. and Mrs. William Ballagh spent a few days at the William Ballagh, Jr. home in New Lothrop.

Mr. and Mrs. Fred McBride were recent visitors of Mr. and Mrs. Byron Groff of Essexville.

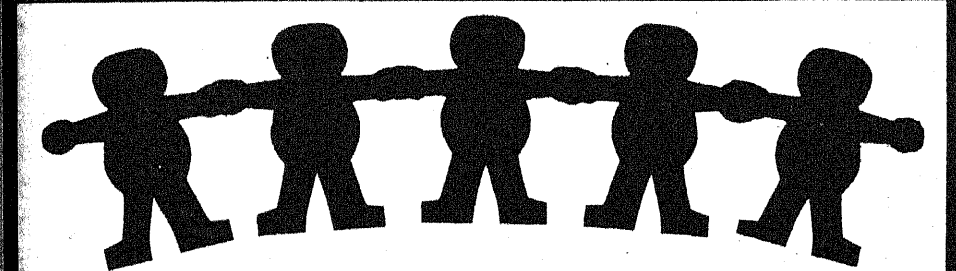

Mr. and Mrs. William McBride spent several days with Mr. and Mrs. Robert McBride of Lapeer and with the Gerald McBride family in Lake Orion.

### Attend convo

Mrs. Linda Clabuesch, Mrs. Mary Jane Voecker, Mrs. Marie Leipprandt and Mrs. Marian Rathje attended the General Federation of Womens' Clubs District Conference in Flushing on Friday.

A representative from the Displaced Homemakers Program will be at the Bad Axe Human Development Commission office on Wednesday, Oct. 12 from 9 a.m. to 3 p.m. to discuss the program, qualifications and to enroll interested people.

The program will be offered free to those who qualify. People who have been homemakers for 10 years, are divorced, separated, widowed, or whose spouse is totally disabled may contact the Human Development Commission at 269-6361 or 1-800-292-3666 for an appointment.

### Nursing head speaks to ex-educators

Mrs. Gwen McLachlan, director of nursing at the Huron County Medical Care Facility, Bad Axe, was guest speaker for the September meeting of the Huron County Association of Retired School Personnel at St. Michael's School, Port Austin on Wednesday.

Morgan Ballagh, president of the organization, introduced Fr. Gerald Balwinski, who gave the invocation for the dinner served to 130 retired educators.

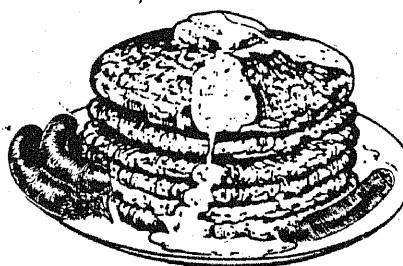

Mr. and Mrs. Ray English directed group singing of "The Spanish Cavalier" and "The Meadows." Program Chairman Charles Ellis of Pigeon introduced Mrs. McLachlan, who presented slides on services provided by the Huron County Medical Care Facilities. She noted that there are 39 similar institutions in the state.

Committee reports were given by George Greene on membership, Harold Rapson

on legislation stressing that retirees write their Congressmen concerning House Bills 4531, 4611, 4757 and Ted Buchholz on a hearing deficiency organization.

The Nov. 16 meeting will be hosted by the Bad Axe Presbyterian Church. The president of the Michigan Association of Retired School Personnel will be keynote speaker.

### TTLM elects 1983-84 officers

Top-of-the-Thumb Leisure Ministries held the annual meeting at Cross Lutheran Church in Pigeon. Those attending were representatives of the member churches, those which sponsor the ecumenical group and its leisure-time Christian programs.

"Burning Bush," a musical group under the direction of Karen Gardener, presented an entertaining program preceding the business meeting.

Committee chairmen gave reports, indicating a variety of services and activities had been conducted by the four summer staff members. Nineteen vesper services were held in Bay Port, Caseville and Huron City.

Election of six members to the TTLM Board of Directors was a highlight of the meeting. Those elected are Nadene Barbret and Pastor Raymond E. Orth of Cross Lutheran Church, Onalee Bendry of Kinde First Presbyterian Church, Leona Filion of Pinnebog United Methodist Church, Irene Gay of St. Mary/St. Edward Catholic Church, Kinde and Jim Swartzendruber of Salem United Methodist Church, Pigeon. Retiring directors are Sister Janet Brown of Kinde, Janis Buerker of St. Roch Church, Caseville and Jerome Kuhn of St. John's Episcopal Church, Caseville.

The board held an organizational meeting to elect officers for the 1983-84 season. Pastor Orth is president with Roy Lawrence of the Bay Port RLDS Church serving as vice president.

Vern Kasserman of Chandler Presbyterian Church is treasurer with Rev. Luke Yoder, Pigeon River Mennonite Church, being the assistant treasurer. Mavis Pechette of St. Felix Catholic Church, Pinnebog, serves as secretary.

TTLM is an ecumenical organization sponsored by 38

churches of 12 denominations in Huron County. The purpose of TTLM is to share the Gospel message with

residents and tourists in an outdoor, leisure-time setting. The group operates year 'round with an emphasis on a summer pro-

gram. Any interested church or individual may contact any of the officers for more information.

### Salem UM welcomes new pastor

Members and friends of Salem United Methodist Church enjoyed a Fellowship Supper at the church on Sunday, Oct. 2.

Although the occasion was to say farewell to those in the congregation who would be leaving for Florida and Arizona this winter, it was also planned as a surprise to welcome Pastor Mark Karls, his wife Sandy and their children to the church and the community.

Dr. Willard Haist acted as chairman for a short program that followed. Mrs. Ortha Geiger sang a solo, accompanied by her daughter, Mrs. Pauline Eichler. Mrs. Ella Mae Diachenko read a poem she composed for those who will leave the congregation for the winter, and also to welcome the Karls.

On behalf of the Salem Church and Sunday School, Dr. Haist presented the

perience taking 10 young people to the Caribbean Island of Dominica for a short-term missionary project in 1979.

The Karls presented a slide show of their ex-

clusive recording agreement with Light Records.

Former Bay Port area resident Tami Cheri Gunden has recorded another singing album entitled "Celebration," which was scheduled to be released this week.

The Christian music singer featured 10 songs from Meadowgreen Music Company on the new record, according to Meadowgreen General Manager Randy Cox.

Gunden, currently residing in Charlotte, N.C., plans to continue performing in concerts and churches. She also recently signed an

### Sebewaing bazaar set

The annual bazaar and bake sale of Immanuel Lutheran Church, Sebewaing, will be held in the Immanuel School gym this Saturday, Oct. 8. Doors will open at 10:30 a.m. and selling will start at 11 a.m.

There will be booths with baked goods, candy, country store items, delicatessen, "Green Thumb," needlework, decorations, surprise and fish pond.

Luncheon service will begin at 10:30 a.m. and menu items include chicken noodle soup, chicken salad, sloppy joes, ground bologna sandwiches, assorted desserts, including homemade pies, relishes and beverages.

I helped her cry

Read Luke 15:25-32.

Jesus wept. John 11:35.

"Mary's doll got broken, and I stopped by to help her," a little girl told her mother.

"What did you do? Did you help her mend her doll?" her mother asked. "Oh, I just helped her cry," her daughter explained.

You, too, can help someone cry - a girl with a broken doll, a boy with a wrecked truck, a divorcee with a fractured marriage, a patient with failing health, a middle-aged person with shattered dreams, an alcoholic become the slave of a relentless master.

Weeping with those who weep can be therapy for them. Our empathic Lord once helped Mary and Martha cry over the broken life of their dead brother Lazarus.

"Jesus wept," we are told in the shortest verse in the Bible.

Not only over fractured things; but also over mended things we can help each other cry "tears of joy."

There can be joyous reconciliations with tears if we include estranged brothers, sisters or other members of the family in approaching Thanksgiving Day dinners and other get-togethers.

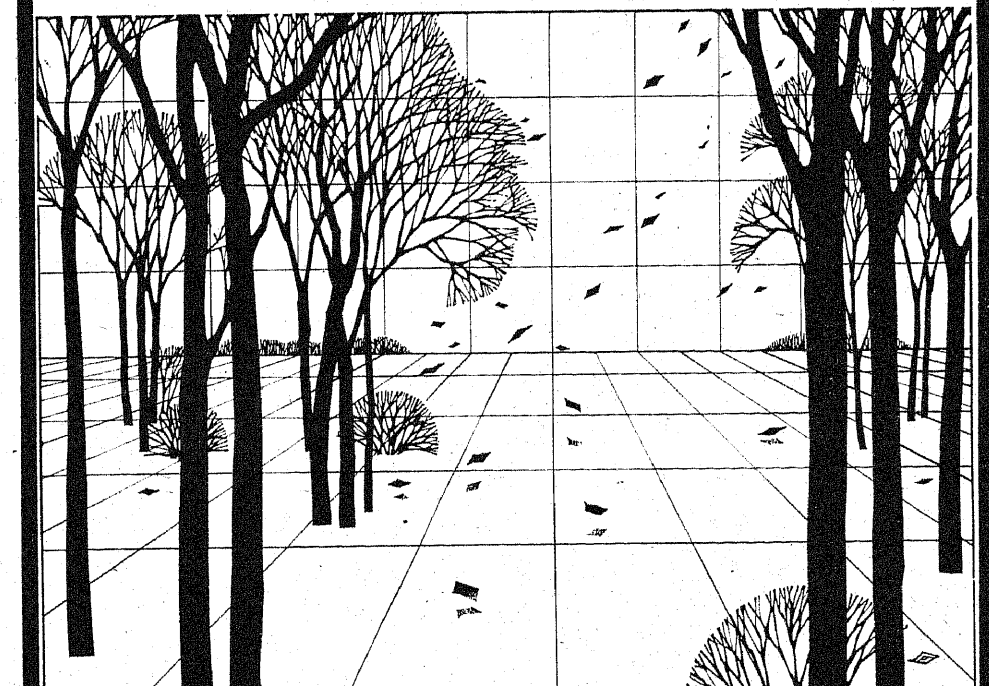

This is in keeping with the blessed truth that "God was in Christ," reconciling the world unto Himself, not imputing their trespasses (and broken relationships) unto them."

Lord, make us sympathetic to one another's problems. Amen.

THE WHITE HOUSE  
WASHINGTON  
NATIONAL 4-H WEEK, 1983

It is a great pleasure to extend warm greetings to all who observe National 4-H Week and to congratulate the nearly five million 4-H youth for their personal accomplishments and their important contributions to American life.

Your national theme, "4-H -- Building on Experience," highlights the educational projects which help our young people to gain practical skills, develop good nutrition and health habits, explore career opportunities, generate leadership capabilities, and become involved as citizens in their local communities and the nation.

Today's 4-H is built on the experience of an impressive past. In providing useful knowledge to help youth develop as leaders of tomorrow, 4-H has enabled many young people to gain insights and experience in careers they would enjoy and, indeed, to develop careers from an early age. It also contributes to international understanding through exchange programs with countries round the world.

I am proud to take this opportunity to commend the large numbers of volunteers who are involved in the 4-H program and committed to its goals. Their efforts serve as an inspiring display of the American spirit.

In agriculture as elsewhere, our country faces unique challenges and opportunities in the future. I am confident that all 4-H'ers, whether from rural or urban backgrounds, will continue to play a part in a more satisfying and rewarding future for all Americans.

*Ronald Reagan*

Rural and Urban

4-H Makes a World of  
Difference

4-H means opportunity. It gives our young people a chance to learn and grow, to make friends and be friends and to have a hand in bettering our community. Now during 4-H Week, we gladly take the opportunity to offer our support and thanks to this outstanding and important organization.

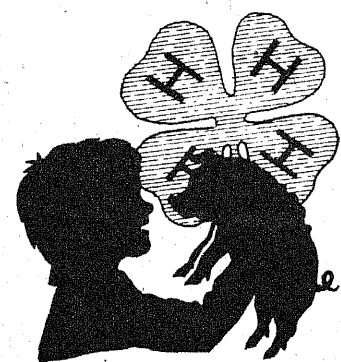

If a youth between the ages of 9 and 19 would like to join a 4-H club or an adult would like to become a 4-H leader, contact the County Extension Service, 104 County Building, Bad Axe, MI 48413, or call 269-9949.

**Ex-resident called to mission work**

Former Pigeon resident Thelma Curtis Smith of Kokomo, Ind. is scheduled to leave Monday, Oct. 10 for a six-month stay in Niamey, Niger, West Africa.

She will serve there as a bookkeeper/secretary for the Niger Field Council of Evangelical Baptist Missions while the regular secretary takes a furlough in the U.S. during that time.

Smith retired in April from her position of executive secretary for Evangelical Baptist Missions, headquartered in Kokomo.

Her son, Harold and his family have been missionaries in Dosso, Niger, West Africa, for about 12 years. The church he serves is represented by six different nationalities and eight different tribes. Translation into at least one other language and sometimes two is necessary during each service because of the congregation's background.

Another son, Thomas, is completing ministerial training for the Baptist Church. He and his family reside in Grand Rapids.

Daughters Cynthia Bristol of Grand Rapids and Patricia Puffer of Elkhart, Ind. are both church organists and also organ and piano instructors.

**Church Ed director named**

Diane Howard of Mishawaka, Ind. was recently named Director of Christian Education at the Elkton Missionary Church, according to Rev. Alan Yerke.

Miss Howard is a graduate of Bethel College and received a masters' degree from Wheaton Graduate School. Since 1981 she has been Christian Education Director at Cedar Road Missionary Church in Osceola, Ind. She has also worked part-time as library secretary at Bethel College.

Her experience includes work with children and teenagers in church and camp-related activities.

In March, she received a restricted ministerial license in the North Central District of the Missionary Church.

**Club News**

**ELKTON SENIOR CITIZENS**

Elkton Senior Citizens enjoyed a travelogue of slides and comments when Neil and Jean Smith took them on a trip to Outer Magnolia. The club gained an insight into how people in the Soviet-controlled country live.

Before the potluck lunch was served to the 58 people in attendance, Bernice Eidt gave the table grace. The Dietzels were welcomed after being absent for awhile due to illness.

"God Bless America" was sung, followed by the pledge to the flag. The Gemmells led in group singing including the theme song. The secretary gave her report and announced the following October committees: Set-up - Eva and Sherman Day and Edith Lackie; Clean-up - Jim and Marie Hoffman, Helen and Max Ritter, Glen Wakefield and Bernice Wilde. Vegetables, fruit and flowers were given to those holding lucky numbers.

Next week will be an open meeting.

LET FAITH CHART YOUR COURSE TO A LIFE OF HAPPINESS

The treacherous, unexplored areas of the world are not in continents or the seas; they are in the minds and hearts of men.

— Allen E. Claxton

"The Lord on high is mightier... than the mighty waves of the sea."

— Psalm 93:4

By way of mountains, lakes and streams Explorers in the days of yore Set forth to realize their dreams Of life upon some distant shore.

To pioneer these unknown lands They had to sail the oceans wide; No maps or charts were in their hands, For only faith was on their side. And so, wherever they would sail They asked the Lord to take command; They knew His guidance would not fail, And soon they would be safe on land. Now He can do the same for you, As you'll discover every day While traveling your whole life through; If you'll but let Him point the way.

— Gloria Nowak

Caseville School in the news!

By JERRY WINKLER and AILEEN SIMET

Caseville Eagles tame the C-PS Tigers, 20-0

The Caseville Eagles upped their record to 4-0 Friday night when they defeated the Carsonville-Pt. Sanilac Tigers, 20-0. Caseville took the early lead on a 20-yard pass from quarterback Dan Osentoski to Ray Johnson. The Eagles scored again in the second quarter when Jerry Winkler hit pay dirt on a two-yard run. Dan Osentoski concluded the scoring on a one-yard scamper late in the third quarter. Wayne Simmons led the Eagles offensive attack, rushing for 119 yards in 21 carries. He also caught two passes for another 18 yards. Jerry Winkler added another 76 yards in 15 carries. Carsonville put together 88 yards rushing and 35 yards

in the air. Jason Lechnyr led the Tigers with 47 yards. John Lapka led the Eagle defense with 13 tackles, followed by Dan Murdoch with nine. Caseville has allowed its opponents only 21 points this year. Caseville will travel to Deckerville this Friday where they will take on the Deckerville Eagles at 7:30 p.m.

**CASEVILLE GIRLS LOSE TWO**  
The Caseville Eagles lost two tough basketball games to the top NCTL teams this week. In the first contest, the Carsonville-Port Sanilac Tigers edged the Eagles 40-37 in a very close ballgame. At the end of the first quarter, both teams were tied at 8, but the Tigers outscored the Eagles 11-9 in the second quarter and went into half-time leading 19-7. Through the rest of the game the lead periodically changed hands. At the end of the fourth period the Tigers capitalized on key rebounds and hung onto the ball as the final seconds ticked off. Leading scorers for Caseville were Aileen Simet with 12 points and 14 re-

bounds, Michelle Stahl with 10 points and 14 rebounds and Sandy Johnson with seven points. The JV squad lost to Carsonville-Pt. Sanilac 37-21. Tina Bieri led the Eagle offense with 10 points. In the second game, Caseville lost to the visiting Deckerville Eagles, 61-45. Caseville gave a good effort but sharpshooters Kim Davis and Kim Slater, who scored a combined total of 43 points, were virtually impossible to stop. Leading the offense for Caseville was Michelle Stahl with 13 points and a career-high 22 rebounds. Also helping out offensively were Aileen Simet with 11 points and 10 rebounds, Sandy Johnson with eight points

and Michelle Simet with seven points. "We played the two best teams, and we played them well," said Coach Randy Bingham. The JV squad led a very close contest 31-27 to the Deckerville Eagles. Tina Bieri was high scorer with 11 points and Melissa Henne chipped in six points.

**3 ATTEND FHA WORKSHOP**  
The Caseville Chapter of the Future Homemakers of America was represented at the FHA-HERO officer leadership training workshop at Delta College on Sept. 17. Attending the one-day conference was President Wendi Cile, Secretary Chris Schultz, Treasurer Robin Bond and Advisor Mrs. Debra Fritz. The workshop is conducted by the state FHA-HERO officers. During the workshop the officers learned leadership skills and skills needed for each particular office. They also picked up new ideas to spark interest within the local chapter. The state officers initiated their state goals which are concerned with peer pressure and educating people to learn how to protect themselves from physical attack. Upcoming projects for the Caseville chapter include: Christmas card sale in November, babysitting service for Friday night boys basketball games, carnation sale for Valentine's Day and other meeting plans.

# Lakers in first place, despite non-conference loss

By RICH SWARTZENDRUBER  
Despite dropping a 38-31 decision to state-ranked Harbor Beach on the road last Tuesday, the Laker Girls Basketball Team came home to defeat North Branch 39-38 in a crucial Thumb B contest on Thursday.  
Coach Paul Beachy's Lakers now lead the Thumb B with a perfect 3-0 mark, and a 4-2 overall record.  
The one-point setback at the hands of Lakers is the second such league decision for the Broncos, picked by many to win the Thumb B championship.  
After falling six points behind, Lakers applied an aggressive full-court press early in game, forcing three North Branch turnovers before the Broncos got off a

shot. As a result the game tightened up and Lakers took a 19-17 lead at halftime.  
The victory was literally "a dream come true" for Laker coach Beachy. When school was canceled due to fog on the day of the game, Beachy said he took an afternoon nap and dreamed his team won the game. After the game, he said it seemed as though Lakers had won the game twice.  
Lakers held a slim lead throughout the third and early fourth quarters, and widened the lead to 36-30 with under five minutes remaining in the game. In four minutes, the Broncos managed to whittle the lead to 39-35, as Lakers attempted to run out the clock.  
North Branch narrowed the score to 39-37 at 45

seconds left when Kelly Marston scored on an offensive rebound. She missed a chance to tie the game 10 seconds later when a Laker foul during a scramble for a loose ball sent her to the free throw line in a bonus situation. Marston's first shot fell through, but her shot to tie the game was off the mark.  
The Broncos retained possession by pulling down the rebound and ran the clock down to 11 seconds left, before calling a time-out to get organized.  
A tight Laker zone defense knocked the ball out of bounds at the six second mark. After rebounding the ball, Janel Neilenbach threw up a desperation air ball as the clock ran out.  
Sue Kohr tossed in 16 Laker points to lead all

scorers. Roxanne Repic led the Bronco attack with 11 points.  
Julia Sturm canned 11 points to lead the Laker JV's to a 35-28 victory over North Branch.  
Earlier in the week, Beachy instructed his team to slow the pace of the game with Harbor Beach in an effort to rein in the scoring of Pirate star Mary Beth Osentoski. The style of play was reflected in the 2-2 score at the end of the first quarter.  
Harbor Beach pulled away in the second quarter to take a 15-8 lead at halftime.  
Lakers came back to narrow the margin to four points at the end of three periods, but saw the Pirates pull away again in the final period to claim the win.

**BATTLING:** Holly Greyerbiehl for the Lakers fights Bronco Kelly Marston for a loose ball, as Sue Kohr (30) and Jill Krohn (14) signal a jump ball for Lakers.

In the low-scoring game Osentoski took scoring honors with 13 points.  
Shelly Ginter tallied eight points to lead the Laker attack.  
The Laker JV's were also defeated by a 33-10 score. Lakers were scheduled for a rematch with Unionville-Sebewaing Tuesday night on the Patriot's home court.

# Lakers are solid #1 after corralling Broncos

By RICH SWARTZENDRUBER  
Friday night's foggy conditions provided a dream-like setting for the showdown between two contenders for the Thumb B football championship - but it turned out to be a nightmare for North Branch.  
Coach Bill McLellan's Elkton - Pigeon - Bay Port Lakers disposed of the previously undefeated Broncos 35-18.  
"Catch me if you can," seemed to be John Rathje's theme song for the game, with plenty of harmony from his teammates. He set the tone of the game with a 15 yard run on Laker's first offensive play.  
Rathje accounted for all Laker scoring in the first half as he crossed the goal line three times on runs of 11, 3 and 40 yards. Ed Gentile booted the PATs to give the Green Machine a 21-0 lead at the midpoint.  
A case of leg cramps was able to do what the North Branch defense could not - slow Rathje down. Laker coaches attended to the Laker running back on the field when leg muscles knotted up on two occasions. Bronco coach Don Smeznik vented his frustration on the sidelines by complaining that Rathje was just taking a

breather and Lakers should be charged with a time out.  
The Broncos desperately attempted to get back in the game as Bob Griffin capped a 47-yard drive with a three-yard touchdown plunge.  
Laker fullback Rob MacDowall added two touchdowns on three-yard runs in the final period to round out the Laker scoring. Gentile was perfect on both PAT kicks.  
Two Bronco touchdowns were also scored in the final quarter on a seven-yard run by Chris Davis and a 15-yard scamper by Griffin.  
The Laker defense held the highly-touted North Branch running backs to just 181 yards on 32 carries.  
The Laker rushing attack piled up 343 yards, with Rathje accounting for 148 yards himself. Dave Wisenbaugh carried for 63 yards, Jim Binder rushed for 61 and Rob MacDowall gained 50 yards, with many earned in short yardage situations.  
Laker quarterback Dave Cunningham was 3-5 for 53 yards in the passing department.  
Coach Don Smeznik provided plenty of motivation to the Laker gridders with comments he made earlier in the week regarding his team's preparation and abilities.

McLellan didn't respond to the comments, choosing instead to concentrate his efforts on preparing his team for the game. "We take the attitude that you respect your opponents and play the game on the field," the Laker coach said after the game.  
The 4-0 Laker record is good for high standings in the Associated Press state poll - and first-place in Class C in the Detroit Free Press weekly survey. Last year's state champs, Detroit St. Martin dePorres fell to fourth place in the Free Press poll after their first loss of the season two weeks ago.  
The Laker JV's also won their contest with the junior Broncos Thursday night by a 26-13 score. Chris Eby scored two touchdowns and Chad

**SUCCESSFUL FOOT:** Dave Cunningham (12) positions the ball for another Ed Gentile PAT kick for Lakers, as the Broncos' Allen Manville (99) attempts the block.

**Engelhardt busy at SVSC**  
Larry Engelhardt, a 1983 Laker High School graduate, was impressive in Saginaw Valley State College's 56-0 junior varsity football victory over Alma College on Monday, according to college spokesmen.  
Engelhardt, a freshman halfback, carried the football three times for 29 yards and a touchdown in helping the Cardinals roll up 502 total yards.  
The Cardinal JV squad put its five-game win streak on the line when they hosted Northwood on Monday. Other upcoming games include trips to Hillsdale on Oct. 10 and Grand Valley on Oct. 24.  
Engelhardt hopes to help the varsity improve their 2-1 record next Saturday when they take on the NAIA #-ranked Hillsdale Chargers at Hillsdale. The game begins at 2 p.m.  
Engelhardt was medalist with 43. Other Port Hope scorers were 56 by both Tim Murphy and Mark Gust and 57 by Shane Gahlau.  
On Thursday the Lakers entertained the Marlette Red Raiders. The host team won the close match, 181-185.

Laker golfers win two matches  
The Laker golf team had a good week, winning two matches.  
On Monday the team played Port Hope at Verona Hills and came home a winner, 198-212. Brian Elston and Ron Souva each shot 48 to lead the Lakers. Mike Hazard had 50 and Rod Wertz shot 52. Pat Murphy of Port Hope was medalist with 43. Other Port Hope scorers were 56 by both Tim Murphy and Mark Gust and 57 by Shane Gahlau.  
On Thursday the Lakers entertained the Marlette Red Raiders. The host team won the close match, 181-185.

# Scenic ladies end year, pick leaders

Scenic Golf and Country Club Ladies Division closed out the season by giving prizes for the low gross score in each flight.  
The Championship Flight had no winner, as all players had won the allotted number of prizes. Bertha Eget won in First Flight, Rita Gogola in Second Flight and Evelyn Stomp in Third Flight. Dody Yahn had a chip-in and a birdie. Others registering chips were Bea Anklam and Bertha Eget.  
Twelve ladies gathered for bridge in the afternoon. Winners on the final day of play were Ruth Speelman, Evelyn Stomp and Peggie Hunt.  
The Ladies Division extends sympathy to the families of Viola Leslie and Dorothy Potere, card players who have passed away recently.
