Celebration set this weekend

**Salem UM Church celebrates 100th anniversary**

By RICH SWARTZENDRUBER

During the same year the Washington Monument was dedicated and Grover Cleveland was inaugurated as President of the United States, the Salem United Methodist Church was founded. The first service was held in a private home on Wednesday, March 3, 1885.

The church grew in size and membership, and by 1935 the congregation had outgrown its original building. A new church was built, and the old building was torn down. The new church was dedicated on September 1, 1935.

Today, the Salem United Methodist Church continues to serve the community as a place of worship and community service. The church building has been updated and renovated over the years to meet the needs of its members.

### NEW COUNTY HEALTH CENTER

Local officials gathered Monday for groundbreaking ceremonies at the new Huron County Health Department's Preventative Health and Environmental Center, located west of Bad Axe on M-62 just west of the Huron County Medical Care Facility. The new building, to be completed by February, will house the Health Department to move from its ground-level offices in the County Building. According to Director Dale Huppert, the new facility will provide a modern, accessible, and efficient space for the department.

The $400,000 project will include 8,700 sq. ft. of office and meeting space. The new building, designed to be LEED-certified, will feature solar panels and other energy-efficient features. The existing office space in the County Building will be used for other purposes, such as additional meeting and storage space.

A Helping Hand

Brighton Metal gets state grant

Brighton Metal Products of Savage, Minn., recently received a $100,000 economic development loan to help finance exploded prowling equipment. The loan is part of the Minnesota Small Business Development Center's economic development loan program.

The loan makes a significant contribution to the economy of the area, said William B. Younger, president of Brighton Metal Products. "This loan will enable us to expand our operations and create new jobs." The loan is being used to purchase new machinery and equipment, which will help increase production and create new jobs.

As we see it editorially

Rock music guidelines coming?

Music used to be an important part of public entertainment, and its influence on society was often significant. However, in recent years, there has been a growing concern about the potential negative effects of rock music, particularly among younger audiences. This has led to calls for guidelines to be established to ensure that rock music is presented in a way that is appropriate for all listeners.

Back to the present. A group of high-school aged members of the Michigan Press Association (MPA) have launched a Parents Music Resource Center (PMRC), and they have also begun a campaign to lobby for stricter guidelines on rock music. The PMRC hopes to achieve its goals by working with record labels, politicians, and other organizations to ensure that rock music is presented in a way that is safe and appropriate for all listeners.

Second, rock music today is no longer suitable in its current form. It is true that rock music has come a long way since its inception, and it has evolved into a form of music that is enjoyed by many people. However, there are also those who believe that rock music has become too violent, too sexual, and too coarse for public consumption.

Finally, we must recognize that rock music is not just entertainment, but also a form of expression. It is important that we find a way to reconcile the two, to ensure that rock music continues to be a form of expression that is safe and appropriate for all listeners.

A weekly briefing of news and information of interest to Thumb Farmers

New officers were elected at the recent meeting of the local chapter of the Michigan Farm Bureau. The new officers include: President, L. E. Burris; Vice President, J. W. Hensley; Secretary, G. E. Brink; Treasurer, H. J. Johnson; and Directors, E. J. Jones and H. E. Smith.

Salem UM continues from front page

As the new year approaches, Salem United Methodist Church is planning a special event to celebrate the Christmas season. The church will host a community sing, featuring traditional Christmas carols, on December 21st at 7:00 PM. The service will include special guest performers, including local choirs and a soloist. The event is open to the public and is free of charge.

Farm Aid is coming to Salem on December 21st. As an effort to support local farmers and promote sustainable agriculture, the event will include performances by local musicians, workshops on farming techniques, and a farmers' market selling fresh produce and artisan goods. The proceeds from the event will go towards supporting local farmers and their families.

Remember to support your local farmers and enjoy the festive spirit of the holiday season!

GOD MADE THE AUTUMN, ABLAZE WITH MAGNIFICENT COLORS

The leaves have turned from summer green
To flaming red and gold.
A radiance upon the scene
Inspiring to behold.
The frost descending in the night
Produced this bright display.
A fleeting but resplendent sight
That soon will fade away.
This earthy beauty in its prime,
The Bible will recall,
As known as harvest time;
The richest one of all.
As known of your faith expounded,
God's love is always near;
In glowing splendor all around.
When Autumn crowns the year.
— Gloria Nowell

For men, autumn is a time of harvest;
In nature together;
In making of the harvest time;
The time of toiling, or suffering abroad.

Local donations feed Ethiopians

By CHARLENE NIED
Missionary to Ethiopia

Some time ago I wrote to you all and told you that I had
been praying for donations for the children of the
mission in Ethiopia and that I would thank you very
much for any help you could give. I met with the
leadership group for the children who have
occupied orphans as well as those who have lost their
parents to disease or war. They are really being so
good about helping. Before I leave on October 10th
I am planning to make another trip to the mission.
I need to send some things to the children here in
Ethiopia so please give whatever you can to help
them.

THE SPINE AND NERVE SYSTEM

The misalignment of one vertebra can affect another vertebra several levels above or below. Nerve roots not only control every organ and function but interact with muscles and other parts of the body. Over time, a misalignment can cause a misalignment in the spine and nerves to affect the body's function. The chiropractor was the first to recognize that spine issues affect the body.

Making news in Pigeon...

By DOROTHY DIENER

Julee Hinneman of Pigeon is the mother of Christian Prince and Rachel Richard. She was honored at the 20th Annual Pigeon Day at the Pigeon Golf & Country Club on July 1st. Mrs. Hinneman was presented with a beautiful potted plant of radish and a certificate of appreciation from the Pigeon Golf & Country Club and the CIWA. She is a charter member of the Pigeon Golf & Country Club.

A family gathering of Mrs. Hinneman, her son, and her family was held at the golf course. They enjoyed dinner and were presented with a beautiful potted plant of radish. The plant was a gift from the Pigeon Golf & Country Club.

Local leader Omar Shetler remembered after death

The Progress-Enterprise — Wednesday, September 18 to Tuesday, September 24, 1985 — 21

OMAR J. SHETLER
1959-1985

Yes, it marks the traditional speaker of the fall hunting season. On this date, the local hunting season begins with the opening of the season for deer, with bow-hunting season also getting underway in the Petoskey area. This is the time when the outdoorsmen gather to discuss their plans for the upcoming season, share their stories of previous hunts, and gear up for the challenges of the fall season. The opening day of the season is always a special day for those who love to hunt, whether it’s deer, pheasants, or other game.

For the deer hunter, nothing can be more exciting than the prospect of a good season of deer hunting. The anticipation builds up throughout the year, and the excitement never quite fades away. With the season finally opening, it’s time to gear up, put on the camo, and head out into the woods in search of that big buck.

Saturday, Sept. 19, was the traditional opener of the deer season in Michigan. With the season now underway, it’s time to get into the fall hunting groove and enjoy all that the season has to offer.

All year long, men and women, close to the sport of hunting, have been dreaming about this season and now it is here.

The members of the Michigan Deer Hunters Association (MDHA) have been preparing for this season all year long. With the season now officially underway, it’s time to buckle up and get ready for the hunt.

The MDHA works hard to ensure that the deer hunting season in Michigan is a success. They host events throughout the year to promote the sport, including the annual MDHA Picnic, which is held in October. This year’s picnic was held on Saturday, Sept. 19, at the Petoskey Sportsman’s Club. The picnic featured live music, food, and fun for everyone.

The MDHA is a non-profit organization dedicated to preserving the future of deer hunting in Michigan. They work closely with state and federal agencies to ensure that the deer population remains healthy and sustainable.

For more information about the MDHA or to get involved, visit their website at www.michdeerhunters.org.

Attending the MDHA Picnic was a great way to get into the spirit of the fall hunting season. With the season now officially underway, it’s time to head out into the woods and enjoy all that it has to offer.

The MDHA is a great organization doing great work to ensure that the deer hunting season in Michigan is a success. We look forward to seeing everyone out on the hunt this season!
SOUND-OFF!

One day Frank was at the end of his rope. He was fed up with the noise next door. The neighbors were always playing loud music and having parties late into the night. Frank decided to put the record straight.

Lakers overcome slow start to earn 48-25 victory

For the second straight night, Lakers forward Rick Fox played all 48 minutes, scoring a career-high 32 points. He also grabbed 13 rebounds and had five assists. Fox helped lead the Lakers to a 100-78 victory over the Portland Trail Blazers on Monday night at the Great Western Forum.

The Lakers' victory marked their second straight win following a loss to the Los Angeles Clippers last week. Fox was named the game's most valuable player after scoring 30 points on 13-of-16 shooting.

Lakers' press breaks Lakers in TBA opener

By RICH SWITZER

The Lakers' press break was the key to their victory over the Portland Trail Blazers on Monday night. With just seconds left in the fourth quarter, Lakers guard Kobe Bryant made a 3-pointer from the corner to give the Lakers a 100-98 lead.

The Lakers' defense was decisive in the final moments of the game, holding the Trail Blazers to just 13 points in the final 6 minutes.
