A "CLASSY" TURKEY! There was a new bird in school last week, so Lakew Elementary Plays, 811 Tawasheh Deb Stein brought a full-grown turkey to Elton Elementary School.

She raised four turkeys this year, and brought one to show children the bird up close. Most youngsters only see such birds on the center of Thanksgiving tables, not alive.

The turkey predicted its own fate for Thursday, when it said, "Gobble, gobble, gobble." It and its other three fellow birds will be "feastread" at Thanksgiving meals at the Stein house and others.

Here, kindergarteners in Trudy King's class are fascinated as they "meet" the bird.

THE ICEMAN COMETH: Where boaters and swimmers and skaters ramp only weeks ago, Old Man Winter is now leaving his mark.

Where green grass, farm crops and bright leaves were visible, now only brown, still earth remains.

Recent freezing temperatures created this natural sculpture at the Caseville Harbor entrance, with the breakwall visible behind. The picture was taken just before this week's sudden (and early) snowfall.

Soon, ice fishermen will be busy on spots such as this, then spring will follow, and the cycle continues...
Pilgrims and Indians share holiday table

Area obituaries

LEON BIXLER
1931-1995
Leon Bixler, age 64, of Chicago, Illinois, formerly of Detroit, died April 27, 1995. He is survived by his mother, Lou Bixler, of Detroit, and by two brothers, Robert and James. Mr. Bixler was a member of the Detroit Symphony Orchestra. He was a graduate of the University of Michigan and received his bachelor's degree in music. He was also a member of the Michigan State University Alumni Association.

As we see it editorially

Terrorism must stop, but how?

Every editorial offers solutions to problems of small and large scale. It may seem to look over a situation, analyze it for several paragraphs and then determine a course of action sure to solve any difficulty. We must pin point the problem and we must come up with a solution to lighten the problem to some extent. When it comes to fighting terrorism worldwide, as the hijackers of the hijacked planes last month and now the "Malta jetliner" prove, they have plenty attacking unsuspecting, unarmed citizens of any country. Let's face it, these innocent residents are being singled out for terror and often murder. Vacations and special occasions are all changed when such an event happens.

How can rational people react? What can be done to stop terrorism? In short, WHAT CAN WE DO TO RETALIATE?

Most of the Libyans and from displaced Palestinians, lately, they've picked out Americans and Europeans for special treatment. And the airport in Athens, Greece should be cleared from all foreign flights since Greece is proving it cannot properly guarantee safe passage for innocent travelers. Israel showed last month how it retaliates, after three Israeli citizens were killed in Cyprus. Israel bombed Palestinian Liberation Organization headquarters in Tunisia, killing 73 people. And, this past Sunday, Egyptian community caught a handful of terrorists or 12 died, most of them innocent passengers.

Reconstruction of the scene, but perhaps the pretense of speedy "paybacks" would help. Terrorists must know they'll be hunted and hunted hard. They should never be allowed to live in any sanctuary they may find. More than 60 innocent lives were lost, but those terrorists didn't get what they wanted, either: losing their lives in the process.

Our response must include cooperation with other countries tired of the treatment we receive. We must all work together to fight terrorism and to bring such madness to a stop. We must act firmly and quickly, and legally.

Coping terrorist acts is not better the passive approach. We cannot afford to be passive, we must actively stop the terrorists. But we HAVE TO SOMETHING.

THANKSGIVING Celebrate With Thanks

May the bounty of good food and the company of close friends and cherished loved ones that you enjoy this Thanksgiving Day remember your heartburn abundance in the coming years.

So that our employees may enjoy this special day of thanks with their family and friends, we will be closed on Thanksgiving Day, Thursday, November 28, 1985. We will resume normal banking hours on Friday, November 29, 1985.
ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY AND EVERY SUNDAY

LET'S GIVE THANKS FOR ALL THE BLESSINGS THAT WE HAVE

He don't appreciate our health
Until it's here no more!
And when being known as wealth
We manage to ignore.
We take advantage of our friends
Who have stolen our heart.
But now we try to make amends
In every way that's apart.
And when it comes to loved ones near,
Whom we've relieved of care.
We wish we could have been there
While they are gone and fare.
So let's be thankful for the blessings
That the Lord saw fit to give.
As long as we shall live.

— Gloria Nobles

Elkton UM hosts speaker

Rev. Karl Wolfe, pastor of the "Vikings" speaker series, spoke on "Great Thoughts of the Christmas Story" in the Elkton United Methodist Church on Sunday, November 25. The series begins at 8:30 a.m. and includes Bible study and coffee and fellowship.

Thanksgiving Service event unites three Pigeon churches

A Community Thanksgiving Church Service will be conducted at First United Methodist Church in Pigeon on Sunday, November 26, at 8:30 a.m. The service will be directed by Rev. Ralph Wolfe, pastor of the "Vikings" speaker series. The service will include Bible study, coffee and fellowship, and a special message from Rev. Wolfe.

A Thanksgiving Dinner will be held at the American Legion Post 17 in Pigeon, beginning at 6 p.m. The dinner will include a full course meal and beverages. There will be a cost of $15 per person.

A special Thanksgiving gift will be given to the first person who attends the service. The gift will consist of a basket filled with homemade cakes, pies, and other treats.

The service will begin at 8:30 a.m. and conclude at 10:00 a.m. The church is located at 201 South Main Street in Pigeon. The church provides a warm and welcoming environment for all who wish to join in the celebration of Thanksgiving.

Please feel free to join us in this special community event and enjoy the festivities of Thanksgiving.

— Rev. Ralph Wolfe

A Thanksgiving Message

Today is the day of miracles, the day of hope. The day when angels walked among the people, and the heavens opened as they sang praises to the Lord. The day when the poor became rich, and the rich became poor, through the love and sacrifice of the Cross. The day when the world was saved through the power of salvation, the love of God.

We are gathered here today, as we gather every year, to remember and celebrate the miracle of the Cross. We gather to remember the sacrifice of Jesus Christ, and the sacrifice of those who follow in his footsteps. We gather to remember the love and compassion of the Lord, and the love and compassion of those who follow in his footsteps.

Let us pledge to carry on the work of the Cross, to carry on the love and compassion of Jesus Christ, and to carry on the love and compassion of those who follow in his footsteps. Let us pledge to be the hands and feet of the Lord, to be the light of the world, and to be the love of God. Let us pledge to be the love of God, and to spread the love of God throughout the world.

Amen.

In the course, students were taught to maintain and manage a digital automated computer system in a field and civilian environment.
FARMERS – YOU NEED CHIROPRACTIC, TOO!

Farmers, just as it is important to maintain your equipment during the off-season, it is just as important to see that you, too, are running smoothly and efficiently.

Driving up and down on tractor seats all day long with your head continually turned toward one side, improper lifting, jolts, jars and falls can produce spinal misalignments which may cause stiffness in the neck, pain in the low back or legs, numbness of the arms or legs, headaches, painful and uneven joints or pain between the shoulders. In the winter, you don't neglect your equipment -- don't neglect yourself either. If you're suffering after a long, hard farming season, call our office today for a consultation, examination and X-rays.

FARMERS call 883-3950

Happy Holidays to all and all!
Lakers sink Pirates in third clash

By Rich Swartzendruber

The Los Angeles Lakers defeated the Detroit Pistons, 112-101, in the third meeting of the season. The Lakers' 21-point victory over the Pistons improved their record to 28-18 for the season. The Pistons fell to 23-23.

TBA, NCTDL select All-Conference hoosters

Laker junior center Alex Kissman joined a select group of forwards on the TBA and NCTDL All-Conference Team. Kissman was named to the second team in both conferences. He was one of seven Lakers named to the All-Conference team. The other six were forwards: Alex Leavitt, Chris Roman, Mark Miller, and Timmy Tolman. The forwards were named to the first team in both conferences.

LOOSE BALL

Eagle County and Warren County played for the championship of the district tournament. The Eagles won, 87-74, and advanced to the regional tournament. The Eagles will face the winner of the regional tournament. The winner will advance to the state tournament. The Eagles are favored to win the state tournament.

Thumbs National ties for hoop title

The local teams remained undefeated in the regional tournament. The Eagles and the Warriors are both undefeated. The Eagles will face the Warriors in the regional championship game. The winner will advance to the state tournament. The Eagles are favored to win the state tournament.

Bowler of the week

The local Bowler of the week is Chris Brink, who won his first tournament of the season. Brink has been a consistent performer throughout the season and is expected to win more tournaments in the coming weeks.

Ill-health is the direct result of careless neglect to take time to have a physical checkup.

Prostate Cancer is the most common cancer among men. When did you last have your prostate check? Now a new ultrasound examination of the prostate is available. If interested, please call 517-673-2169 for an appointment.

Pigeon folks visit

BY DOROTHY GUBER

THANKSGIVING MEANING

Thanksgiving is a Day of meaning. A day to thank the Lord for all His blessings. May we be more thankful, humbler, and sincerer. This year, the West Central Minnesota Chapter of the National Pigeon Association is celebrating Thanksgiving. Co-chairman Floyd Greer of Slayton welcomed their fifty-six members to the annual dinner. The meal that evening included a turkey. The Chapter is also sponsored by the Slayton Legion, the Day of Thanksgiving was celebrated with family, partners and friends.

By the way, the hostess committee for the dinner consisted of Mrs. Richard and Arlene Slayton, Mrs. Charles Beier, Mrs. Albert Duda, Mrs. Ray Skaggs, Mrs. Dorothy Lehman, Mr. and Mrs. Leroy Schall, Mr. and Mrs. Ralph Darby, Mr. and Mrs. Robert Olson, Mr. and Mrs. Robert Guber, Mr. and Mrs. Richard Krink and Mr. and Mrs. Donald Lee. One thing is for sure, Thanksgiving is a time for giving thanks. Now a non-technical term for thanksgiving is "giving thanks."

We've seen the end of another football season. Our local schools have surpassed it and their games were most impressive. Our local schools have won the biggest games of the season so far. Congratulations to all the locals who have a great season and to all those who have a great season so far. We wish you all the best of luck for the rest of the season and for the rest of the school year. Don't forget to thank them for all their hard work.

Barbara Peck, Anoka, MN

WIN A TURKEY!

For the first time this holiday season, we will be participating in the Turkey Oven Giveaway. We are giving away a turkey to one lucky winner. To enter, you must be a resident of Minnesota, and you must be at least 18 years old. The winner will be announced on December 24, 2005. To enter, please visit our website and fill out the entry form. The winner will be randomly selected from all eligible entries. Good luck! We look forward to seeing you there!
**DOE WITH HORNS:** Bill Hutchinson of Cassville, right, shot this 10½-spike doe last Saturday in the local area, and the animal is a rare "freak of nature." Michigan Deer Officer Cliff Robinson of the Sturgis DNR Office said horns on does occur "only once in several, several thousand times." He's inspected more than 800 deer this year and has never seen one, and had seen just one other in the past three or four years.

Brian Henry, left, helps display the 150-lb. doe, which Hutchinson says he'll have mounted. DHQ Officer Robinson said does develop horns usually because of a hormones imbalance in their endocrine system, possibly because of a natural injury. He noted Michigan's one-million-dollar deer herd will be thinned by about 100,000 creatures when the season ends this weekend. Any deer with spikes three inches or longer qualifies as an antler, he added.
