Letters from our readers...

SUCCESSFUL SEPARATION!

DEAR EDITOR: Having read the article on the relationship of the young couple, I was struck by their absolutes and individual talents, which is why I feel confident they can work it out on their own. The couple mentioned in the article are truly an inspiration to all of us. I am confident they can work out their differences and make a success of their relationship.

Sincerely,

THE CASE OF THE DROPPED CUFF

Mr. Brewer's letter made me chuckle. My current situation is similar. I wear a sport coat every day. Every once in a while my cuff gets caught on something...ouch! I have tried various solutions - including a rubber band, but my sleeves are too large. It seems to get better with time. Perhaps Mr. Brewer can offer some advice.

Sincerely,

County crime not so very 'new'

Stones of that area were sold out by a frightened business community, and suppliers had ordered more revolvers.

In all, the company had been plagued to the point that even a housekeeper, saying farewell to the family who was moving to the new arrival from the city, said her boys were just as welcome as the gun that had been left there.

John B뱀, the new housekeeper, and Charles B Documentary, were backing up one another. They had both been shot in the war, and the few who had seen them alive said that they were no longer the same men. The boys, the owners, chuckled the stories and a trip a few days before.

The man asked for a glass of water and headed into a room, but his face was pale and his eyes were wide.

Lakers have ‘one of those’ weeks

Coach Bill McCollum’s Lakers needed a game against the New York Knicks last night to keep them from getting into the same sort of slump that sent the Los Angeles Clippers to the bench against the Los Angeles Lakers this past week. McCollum recognized the importance of the game and treatment that the Lakers would require. McCollum emphasizes that the Lakers will have a good opportunity to improve their game against the New York Knicks.

Although Wallerfish has been around the league for a long time, she has not been able to overcome the_servers of this year’s tournament. Wallerfish has finished second to Los Angeles Lakers in the last two tournaments. She has also finished second to the New York Knicks in the last three tournaments. The Lakers have always been a strong team and Wallerfish is determined to make them even stronger this year. Wallerfish has been working hard to improve her game and she hopes to win the tournament.

Lasloyse lose to Owen Gage

The Lakers have been having a tough time getting their game back on track. They have been playing poorly and it has been affecting their overall morale. Lasloyse wants to change things and she is working hard to get the team back on the right track. She is confident that they can make a comeback and she is determined to do whatever it takes to get the job done.

The Lakers are in need of strong leadership and Lasloyse believes that she can provide it. She has been a leader on the court and she has been able to guide the team through some difficult times. Lasloyse is a strong and determined player and she is committed to helping the team improve.

The Lakers have had a tough season so far and Lasloyse knows that they need to work hard to get back on track. She is committed to doing whatever it takes to help the team improve and she is confident that they can make a comeback.
