Town improvements on Elkhorn City Council agenda

By RICH

DAVIS

A FOUR-MEMBER

IMPROVEMENTS in the six town parks to be undertaken in Elkhorn City are under way.

The Elkhorn City Council at its regular monthly meeting, held recently, voted to approve a $1,000 bond issue to raise funds for these improvements. The bond issue will be paid off over a four-year period.

The council also voted to approve a grant of $1,000 for the improvement of the town's water system. The grant will be used to replace old water lines and to install new ones in the town.

In other business, the council voted to approve a resolution calling for a referendum on the issue of a sales tax for the improvement of the town's schools.

Springs Concert set by Lake Music Department

Spring Concerts by the Lake Music Department will be held on Tuesday and Thursday at the Lake High School auditorium. The concerts are free and open to the public.

JUNE DAYS: In honor of the June Days celebration, the Lake Music Department will present a special concert on Tuesday, June 7th. The concert will feature the Lake High School choir, the Lake High School orchestra, and the Lake Junior High School band.

The Junior High School band will present a special concert on Thursday, June 9th. The concert will feature the Lake High School orchestra and the Lake Junior High School choir.

In other business, the council voted to approve a resolution calling for a referendum on the issue of a sales tax for the improvement of the town's schools.

Port City

A KEEN INTEREST in the Port City is evident as the new port facility nears completion. The new port will be opened to the public in June.

The Port City is a new development near the Port of Galveston. The site was chosen because of its location near the Gulf of Mexico and its proximity to the Port of Houston. The Port City will provide a new gateway for trade between the United States and the Caribbean.

The Port City will be open to the public on June 1st. The opening ceremony will feature speeches by local officials and representatives of the Port of Galveston.

Forty years ago, the Port of Galveston was a small town with a population of less than 10,000. Today, the Port of Galveston is one of the busiest ports in the world, handling more than 25 million tons of cargo each year.

Q.A.

How do you obtain a license bond from someone who knows a lot about protection?

No problem.

When you need a bond for your business, or any employee — who you quote? Auto-Owners. They know you're honest. Just ask for a quote and you're covered.
