Kretzschmar named to Ag Commission

Vernon Kretzschmar of Bay Port was appointed to a four-year term on the Michigan Agricultural Commission by Governor James Blanchard.

Kretzschmar, 50, is a long-time farmer and local Ag businessperson, and will serve on the five-member board which oversees operations of the Michigan Department of Agriculture and Rural Culture. The Ag Commission establishes policies and appoints the director of the $50 million Ag Department.

He was named to the post Friday, to succeed Robert Chaffin of Ithaca, who did not seek reappointment. Also named by Gov. Blanchard on Friday was Dr. S. Leon Whitney of Detroit, who was re-appointed to another Ag Commission term.

Kretzschmar’s appointment is subject to State Senate confirmation, which is expected, according to the Governor’s office.

The Ag Commission meets monthly year-round to advise and sitting farmers about the state. The next meeting is next Thursday, Friday and Saturday at Laker DR.

Kretzschmar, a farmer, will serve as chairman.

The 1988 Pigeon Farmers’ Festival may be 10 months away, but planning is already in motion, following the Thursday night Pigeon Chamber of Commerce meeting at the Pigeon Library. The 198 Festival will be organized in a slightly different way, shifting much of the responsibility from the Chamber Board to a special Farmers’ Festival Committee, which will be headed by a new chairman every year.

“Since we’ve lost the Pigeon Jaycees and Pigeon Lions, and now the Pigeon Chamber’s Club, all of their projects have been taken over by the Pigeon Chamber of Commerce,” explains LePage. “We’ve found some Chamber members to be reluctant to serve on the Chamber Board because of the enormous workload that falls on the group at Farmers’ Festival time.”

The 1988 Pigeon Farmers’ Festival Committee will be headed by volunteer Linda Cibulski, who is already asking people to sign up to serve on the committee or to offer their help with various projects.

As we see it editorially

Local road quality is up to you!

Nearly every driver who drives an automobile has experienced the potholes that have the worst chuckholes, which are smoothed over the worst of the worst, and which are the best on which to drive. These observers have noted the potholes that are the worst, and which are the best on which to drive. This is the case for the worst of the worst, and which are the best on which to drive. This is the case for the worst of the worst, which are smoothed over the worst of the worst. Pothole maintenance is a job for the city, but the city has been slow to respond to the need for pothole maintenance. Local citizens are urged to help maintain their roads by reporting potholes to the city. The city will address potholes as soon as possible, but it is important that residents take responsibility for the maintenance of their own roads.

Questions Are Limited So Many To And Ever!
With the best of the summer beginning to wane And the sign of the year's growing old Comes a scene providing the frost and the rain While the leaves change to scarlet and gold, For a moment of glory before they turn brown And descend to the earth everywhere, As a cold gust of wind sends down the cimmon Where the brother smoke fills the air It's a time for the harvest of orchard and field, While the earth's brilliant colors appear; Then the Lord of the earth is brightly revealed When the season of autumn is here. —Gloria Nouk

Elkton Lions say farewell to Japanese exchange student

The Lions International Youth exchange program brought Japanese student Hideyuki Chuma to Elkton for the 1987-88 school year. Hideyuki enjoyed visiting many Michigan sites and Elkton and greatly enjoyed being with his host family, the second largest to host a student.

DEAR MR. K.: Should you find and buy a house, would you let me know? I would be interested in buying it so long as I am sure it is a sound investment.

DEAR MR. K.,

I am writing to you because I am interested in buying a house in Elkton. I have not yet found one that I would like, but I would be interested in hearing from you if you find one that meets my requirements.

DEAR MR. K.,

I would like to express my appreciation for your time and effort in helping me to find a house. I have been successful in finding a house that meets my needs and for which I am willing to pay a fair price.

GET LIFE INSURANCE THAT
"PAYS FOR ITSELF"
If you hate paying bills, especially life insurance premiums, you’ll like Quick Pay. Your policy can begin to "pay for itself" as soon as five years. That means no more out-of-pocket expenses.

The earning power and flexibility of universal life make Quick Pay possible. Your policy earns interest at the current interest rates on an income-tax deferred basis. When you’ve paid premiums for the number of years you select, the policy begins to pay for itself from the cash values your policy accumulates. Naturally, changes in interest and mortality rates will affect your policy’s cash value.

Look at some ways you could design your own Quick Pay program:

$100,000 Assured Life 5th Policy* (Male age 40, non-smoker)

NEIL BUSCH VISITS: Huron County Register of Deeds Don Holocaust shares a laugh with Vice President George Bush’s son, Neil Busch, during a campaign stop in Bad Axe Monday.

He told about SB Huron County voters why he thinks his father should be elected president next November. He praised his father’s experience, at the first Republican U.S. Rep. elected from Houston, Texas, and noted he has served as GA Director, and ambassador to the United Nations and China.

Neil Busch said his father will formally declare his candidacy on Oct. 12, and told the gathering, "You have two choices in Michigan - Bush and Pat Robertson." He feels Bush is the better choice, obviously.
