Kohr to head Bean Shipper’s board

RE-ELECTED: John McGuill of Saginaw was elected to another term as executive vice-president and treasurer of the bean shippers, an office he has held since 1969.

Other members of the MBA board include Gerald Geiger, general manager of Huron and Gratiot Counties of Michigan’s largest bean and grain producers—among 49 counties nationwide selected by USDA for a pilot program to maximize farmers’ returns through improved marketing skills.

Huron and Gratiot Extension and Ag Services will be involved in the USDA program, which will teach farmers how to protect their commodities and derive most profit through trading in futures and options.

Commodities included are corn, wheat and soybeans across the country, and also cotton in the South.

FROM FARM BILL: The plan is being developed as a result of a provision in the 1985 Farm Bill. That requires the Secretary of Agriculture to determine the manner in which commodity futures and options markets may be used.

While educational programs have been offered for years, this program will include the Commodity Credit Corporation. Through CCC, participants will be guaranteed that they will receive at least as much as they would get from county and state government programs.

“Those will be the guarantees from USDA at no cost to the farmer. It is an incentive to bring producers into participating, the one of the officials explains.

“A method to involve farmers in their own marketing,” he continued.

MUCH PLANS: The pilot program has been in the discussion and running stages for a long time, he continued. Guidelines will be announced in early March.

Practicing President: Pigeon Chamber of Commerce President Dave Jarvis practices up on card games. In preparation for the Chamber’s annual “Las Vegas Night” on Saturday, March 13.

All types of games are played – just for fun – and the evening starts with a happy hour at 6:30. Games start at 7:30 and tables are available to advance only, from Pigeon Chamber members.

More than $1500 in available prizes will be awarded off about 11 p.m., Jarvis says.

Pigeon High School in 1949, where he worked at various jobs in the area before joining the Naval Air Corp and serving as a radioman on a torpedo bomber during World War II.

He married Alice Richardson in 1945, and together they had three children, Carol, Janet, and Alan.

In 1967, Luedtke went to work for Pigeon Lumber and was employed there until he was laid off in the mid-1970s. Luedtke opened a cash crop farm north of Pigeon in 1952 that he sold in 1969, when he sold the operation.

He is a past President of the Pigeon Chamber of Commerce, and the Pigeon Lions Club, where he has been a member for over 35 years. Luedtke also was elected to the Pigeon Village Council in 1999, and was elected Village President in 1961, serving until 1977.

A lifelong member of St. John’s Lutheran Church in Berne, he served on the Church Council for 35 years.

How do you build your IRA on experience rather than gimmicks?

No problem.

It seems everyone's very interested in your individual Retirement Account - with hard-earned dollars escalating from infancy onward.

Perhaps you'd like to build your IRA as your financial retirement expectations. If so, Auto-Owen's has drawn tremendous interest from every financial firm in the nation.

Take a look at what Auto-Owen has done for such a great success in these years, and you'll find it is a retirement account that is essentially a personal savings plan.

Auto-Owen has been widely recognized for its simplicity, its ease of use, and its cost effectiveness. It's a personal retirement plan, yet it's a personal retirement plan you can choose from a variety of investments. And it's something that will give you peace of mind for your retirement years. It's also something you can purchase or sell at any time with no restrictions. It's a personal retirement plan you can purchase or sell at any time with no restrictions.

Here's the cover of the magazine you sent me. It's a great way to keep track of your investments. You'll lose weight and start planning for your future.

ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

A woman was driving along on a very hot day last summer. Suddenly, her car refused to budge another inch. No matter how much she tried, the engine would not start. She accepted the fact that her car was broken down. However, the woman did not let this deter her. She walked to the nearest church and entered.

The first service was a turning point in her life. She found a sense of peace and comfort in the presence of God. She decided to attend the church on a regular basis.

Reducing exercise ENHANCE LIFE 08:42

I am nothing more than a number on the increasing world of statistics. But, God has a plan for me, Lord. Ponder 2:39.

About a year ago, I decided to lose weight. I joined a gym, started eating healthier, and made exercise a part of my daily routine. I noticed a "reducing" effect in my life as I started to lose weight.

Now, I am more confident and healthy. I want to continue this process and have a better life.

This is my story. What is your story? Do you have a special "reducing" effect in your life?
