Huron County's new ag agent

Swartzendruber is 'home on the farm'

By AMY HEIDEN

The newest face in the Huron County Cooperative Extension Service Office in Bad Axe belongs to a Pigeon native.

Roger Swartzendruber, son of Leon and Edith Swartzendruber of Pigeon, officially started his duties this week as Huron County Extension Agricultural Agent -- the first Pigeon resident ever named to such a post.

In his new position, the 25-year-old will act as a "bridge" for information from Michigan State University's ag resources to local farmers.

HISTORY: A 1981 Laker High School graduate, Swartzendruber attended Heston College in Kansas for two years, studying agribusiness. He transferred to MSU, where he earned his degree in agribusiness and natural resources education.

Since graduating from college, he has taught vocational agriculture at Vicksburg High in Vicksburg, Mich.

LIFETIME FARMER: In one way or another, Swartzendruber has spent most of his life around farms and farm animals.

"My dad used to farm years ago, and a lot of my relatives

are farmers or raise livestock," he says. His work at Thumb Swine Enterprises and at Active Feed during high school helped finance his college education.

VERSATILE: Dairy cattle will be Swartzendruber's primary focus at the Extension Office, but he also expects to field questions about other aspects of farming, too.

During the past few days, for example, he has been busy sampling corn silage for nitrate levels.

Swartzendruber and his wife Kristina are now living near Caseville, and he says they are quite excited about

HURON COUNTY'S NEW AG AGENT, ROGER SWARTZENDRUBER

"coming home" to the western Thumb Area.

"I always thought I'd like to do this sort of job somewhere down the line, but the opportunity came up before

I thought it would," he says.

"Being able to come back home to this area was one of the biggest draws of the job. I'm here to help out anyway I can, to help farmers get the

information they need from Michigan State or anywhere else we can find it."

He replaces Amy Duffield, who has taken another Extension job elsewhere.

Out of debt...

Laker District pays off original '59 bonds

By AMY HEIDEN

The Laker School Board of Education has had to deal with falling land values, decreased revenues and ever-rising expenditures in recent years -- not very happy topics.

But this year's thoughts are in somewhat different directions. First, the 16.77-mill operational request was

passed on the first try this spring.

And at Monday's regular Board of Education meeting, members learned the Laker secondary school complex is now free and clear of any debt -- it's totally owned by local taxpayers.

Supt. Robert Drury told the Board the last payment has been made on the \$1.25

million in bonds sold in 1959 as the district began its consolidated existence.

WHAT THEY DID: Drury said the bonds had been issued then to finance building the high school complex, after the three separate school districts of Bay Port, Pigeon and Elkton had agreed to consolidate.

SALLY RUMMEL theme "It's a Good Life in Small Town" has followed Dave and Tammy Kretzschmer, former Pigeon tzschners now residing in Hubbard Lake, a small community situated about 20 miles south of Alpena. The young couple, entering their fourth year of membership at Mt. Mariah, a ski lodge, has been working to turn their winter am into a year-round art.

their community, causing lightning to burn down their rental building and all their ski rental equipment, plus ski patrol uniforms and many personal belongings. Estimates put their loss at approximately \$60,000, not entirely covered by insurance. "It has been real hard watching the kids go through several almost snow-less winters and now this," says Dave's father Vern Kretzschmer. **GOOD NEIGHBORS:** But there is a bright spot to the story. The residents of Hubbard

Lake and other nearby communities are banding together to get the young Kretzschmers back into business before winter. They are planning a "FUNraiser" for Mt. Mariah Ski Rental this Sunday, Sept. 18 with a day-long event featuring a benefit auction, food, live music, etc., with all proceeds going to replace the fire loss. Members of the ski patrol are also planning a pig roast. **POPULAR:** Mt. Mariah is a familiar name locally with Blue Water Youth For Christ members, who venture up there each winter for a weekend of skiing. It is approxi-

mately 2 1/2 to 3 hours away from Pigeon, according to Vern and June Kretzschmer of Bay Port, who venture up there frequently to visit Dave and Tammy, plus grandchildren Nathan, age 22 months and Nicole, four months. **MANY IDEAS:** The Kretzschmers have big plans for Mt. Mariah, including the placement of a trout pond,

miniature golf course and a restaurant/bar.

They moved up there permanently one year ago, and it appears they took Pigeon hospitality with them! They may be reached by contacting Mt. Mariah Ski Lodge, 575 Nemode Road, Spruce, MI 48762 or by calling (517) 736-8377.

Kelly Jo Kimmel, daughter of Charles and June Kimmel of Caseville, has received a scholarship from the Michigan County Social Services Association, as she continues her studies at Saginaw Valley State University.

Kimmel was awarded the \$300 scholarship during a special presentation by the MCSSA and the Michigan Department of Social Services on Aug. 24 at the Stouffer Hotel in Battle Creek.

In order to be eligible for the scholarship, a recipient must be working towards a social work degree and be a child of a state employee. Mrs. Kimmel is employed by the Huron County Department of Social Services in Bad Axe.

In addition to her degree work, Kimmel has done many hours of volunteer work, working as a candy stripper at Scheurer Hospital, Pigeon, the Salvation Army Day Care Center in Saginaw and as a senior this year, plans to do her field placement with the Michigan Association for Retarded Citizens in Saginaw.

Wheelchair clinic set Saturday at Scheurer Hospital

PIGEON ROTARY HELPS EASTER SEALS: This weekend's wheelchair clinic is being provided by Easter Seals to aid Western Thumb "riders," partly in thanks to more than five years of donations by the Pigeon Rotary Club amounting to \$2,500.

HERE, Pigeon Rotary's Community Services Director Kent Shelter, left, makes minor adjustments on Paul Prutchick's wheelchair. The Caseville resident has been wheelchair-bound for two years. Standing behind is Rotary Club President Butch Miller to lend a hand, while Scheurer Hospital Nursing Director Janice Hyzer Foster opens the door.

A wheelchair clinic will be held from 10-2 Saturday, September 17, at Scheurer Hospital, Pigeon, co-sponsored by Easter Seal Society and Pigeon Rotary Club.

There is no charge for the clinic, and refreshments will be served. For more information, interested persons may call George Desmarais at 453-3223, or Easter Seals at 754-4840.

Participants may pre-register with either number, but

walk-ins are welcome on the day of the clinic, officials said.

"Our purpose is to give each standard unpowered wheelchair a thorough cleaning and safety check. Some minor repairs will be done on-site," said Easter Seal Eastern Regional Director Karen Delbosque. More difficult problems will be noted so the owner can see that those repairs are made, she concluded.

Here are some final Elkton facts & figures

By AMY HEIDEN

Although rains during the weekend threatened some of the events, Elkton's Autumnfest celebration was "the best ever," according to Chamber of Commerce President Phyllis Podlaskowski.

"Actually the rain probably helped us because people might have stayed closer to home instead of going to the lake or up north," she said.

FIREWORKS: Crowds for the first-ever fireworks display, sponsored by AIV

Local 628, were estimated at around 4,000 persons.

More than 100 cars were displayed during the Antique Auto Show, which was cut short by the torrential rains.

MORE RAIN: Only the availability of a tent saved the inaugural chainsaw competition, which a small but very appreciative and vocal crowd attended.

Highlight of the weekend was the crowning of Elkton's Teen Queen, Elyse Champagne, the daughter of Roger and Jan Champagne of Elkton.

First runner-up is Davijo Ferris, daughter of David Ferris and the late Mary Ferris, and second runner-up is Connie Lorkowski, daughter of Fred and Connie Lorkowski of Elkton.

OBSERVATIONS BY CO-PUBLISHER MARK RUMMEL AND ANYBODY ELSE HE CAN GET TO WRITE 'EM!

MUSINGS: NOT JUST FOR KIDS ANYMORE: Ralston-Purina is giving away 10 red Chevy Corvettes worth \$29,000 each in boxes of its cereals — Cookie Crisp, Fruit Islands, Honey Graham Chex and Ghost Busters.

"Parents actually buy the cereal, and we wanted to reward both parents and children," the company says. "We're trying to appeal to everyone in the family." They say 60% of all cereal choices are made right there in the store, so offering something for kids and adults may increase their chances for sales...

NOT YOU OR ME: The winners of that \$16 million Michigan State Lottery prize were Frank and Helen Tansy of Lexington, who didn't come up to claim their prize in the Aug. 20 drawing until they formed "Tansy Investments," to help reduce their tax burden. Smart...

GOOD BEANS: With the present \$32 price, dry beans as a crop may be as good as gold this year... finally! Average to good yields are being seen, even after this year's long drought, and since about one-third fewer acres of beans were planted in Michigan this year, prices should be higher, hopefully...

SPEAKING OF CROPS: Have you noticed how much sorghum is being planted locally? I never even knew what it was, until this year, and now it seems we can observe it growing in several local spots... Looks like tightly-planted corn rows...

SPEAKING OF FOOD: Our next town to the south, Cass City, joins "the big time" this year. Construction is beginning on a Hardee's restaurant, bringing a new kind of "fast food" to another locality...

CAN IT BE 25 YEARS? Yes, it's a quarter-century since John F. Kennedy was shot in Dallas, Texas, and you can bet there will be dozens of books, TV specials, newspaper articles and other events commemorating the tragic Nov. 22, 1963 date. If you're 30 or older, I'll bet you can remember what you were doing when you heard "President Kennedy has been shot..."

SPEAKING OF DEATH: I'm sorry, but I just don't think it's right that our nation consider the death penalty for people who kill police. It's not proper, because aren't all lives equal and as important as one another? Why single out police, or why exclude everyone else?

THUFFFERIN' THUCCOTASH! One of our very favorite movie and cartoon folks is celebrating his 80th birthday by writing his autobiography. Mel Blanc, the voice behind Bugs Bunny, Daffy Duck, Tweety Bird & Sylvester, Porky Pig and dozens of other cartoon stars has written "That's Not All Folks: My Life in the Golden Age of Cartoons and Radio." His is an incredibly unique voice and it's hard to imagine he's been doing Bugs Bunny's voice since the late 1930s... and he still sounds the same.

His son Noel is learning how, too, and perhaps the phrases "What's up, Doc?" and "I tawt I taw a puddy-lat" will go on through many more generations...

SOUND-OFF COMMENTS: We've been analyzing more than 120 written and verbal comments about that column some folks love to hate, SOUND-OFF, and we plan to share some of the observations with you next week.

We sincerely appreciate all the time and interest people have taken in all this, and we'll be announcing what will happen regarding the SOUND-OFF "situation" soon...

Thumb Weekly News Round-Up

'88 TOURISM UP AS SUMMER ENDS
The torrid summer weather across Michigan and the Midwest was good news for tourist-related businesses, officials say. Statewide tourism spending is up 7% over last summer, when Michigan drew a record-breaking 23 million tourists who spent more than \$1 billion while vacationing, according to the Michigan Travel Bureau.

As of Labor Day weekend, 89,180 campers used Sleeper State Park facilities this year, up from 84,947 in the 1987 season, park officials say. Day-use numbers found 152,069 persons using Sleeper.

In the most-recently available tourism figures, the East Michigan Tourist Association says Huron County receives \$25.1 million in tourism income annually, as of 1987.

WANT MORE CARPOOL PARKING LOTS?
The East Central Michigan Planning and Development Region is currently studying carpool parking lots throughout its 12-county area, and is seeking input for establishing potential new locations.

Currently, one carpool parking site exists in Huron and two in Tuscola Counties. In Huron County, the location is at the corner of M-142 and Ruth Road, west of Harbor Beach, for workers primarily heading south from there.

In Tuscola, one carpool lot is located at M-46 and Hurds Corner Road west of Kingston and the other is at M-24 and Treasurer Road, south of Mayville, both for Saginaw and Pontiac area workers.

Two possible Tuscola sites are now being studied by the ECOMPDR. One is at M-81 at Caro State Hospital and the other at M-46 and M-24, both west and south of Caro, for Saginaw and Pontiac area workers. Persons interested in commenting on these or other carpool parking sites should contact the ECOMPDR at 1-800 322-0207, or by writing P.O. Box 930, 500 Federal Street, Saginaw, MI 48606.

THE REGIONAL AGENCY says between 100 and 499 persons travel from Huron to Tuscola and Saginaw Counties in daily commuter travel, while 500 to 999 persons travel from Tuscola to Saginaw County. Between 1000 and 1999 persons work in Genesee County and live in Tuscola, while up to 499 travel to Bay County from their homes in Tuscola County.

M-25 ROADWORK COMING
Fifty-seven miles of upgrading M-25 from the Tuscola-Huron County line, south of Sebawaing, all the way to Port Austin, is one of 36 highway projects which will be bid by the Michigan Department of Transportation at an estimated cost of \$16.6 million.

Bids will be taken by MDOT starting at 10:30 a.m. at the Clarion Hotel in Lansing, Wednesday, Sept. 14. Estimated completion date will be May, 1989.

Another Thumb project to be bid is in Tuscola County, and will include replacing the approach pavement at the C&O railroad crossing on M-138 in Fairgrove Village. That project is to be completed in November, 1988.

COURT PROCEEDINGS
In Huron County District Court, Judge John Schubel recently heard the pleas of or passed judgment on:

James H. Weber, 38 of Unionville, pled guilty to assault and battery, following an Aug. 13 incident involving a punch to the mouth of another man in front of a tavern in Caseville as investigated by Caseville Village Police; ordered to pay fines and costs of \$150 plus to make restitution, as determined in the future for dental work replacement;

Neil C. Champagne, 36 of Caseville, pled guilty to failure to report an accident, following a May 14 incident in Lake Township; \$100 fines and costs;

Luke L. Deming, 20 of Bay Port, pled guilty to impaired driving; \$450 fines and costs and loss of driver's license for 90 days;

Darren A. Prill, 17 of Kinde, was found guilty of driving with license suspended; \$100 fines and costs, and;

Gerald L. Langley, 18 of Caseville, pled guilty to entry without permission, following a June 25 incident investigated by Caseville Township Police involving a summer house on Point Charity Drive; \$100 fines and costs.

In Huron County Circuit Court, Judge M. Richard Knoblock recently passed judgment on or heard the pleas of:

Stephen M. Grenier, 18 of Oscoda, was sentenced to six months in the Huron County Jail, on a charge of attempted breaking and entering a building with intent to commit larceny, following a June break-in at Don's Sport Shop, Sebawaing, where a boat and truck were among merchandise missing. Grenier also must pay \$500 in fines and costs and complete three years of probation.

Tony Fong Woo, 19 of St. Clair Shores, pled guilty to breaking and entering an unoccupied building to commit larceny, following a March break-in at USA Middle School, Sebawaing. Sentencing is set on the charge, plus another charge of being a habitual offender, on Sept. 23, with maximum sentence possible of 10 years in prison.

In Tuscola County Circuit Court, Judge Patrick Joslyn recently passed judgment on or heard the pleas of:

Joseph H. Brady, 22 of Akron, was sentenced to 93 days in the Tuscola County Jail and 32 to 60 months in prison on

Lakers topple Broncos

By HARRY BRUNET
This past Friday night's Laker/North Branch football game had the usual ingredients found whenever these two Thumb B rivals meet in athletic competition. The Bronco marching band was impressive as ever, as was the halftime show — complete with fireworks, flares, fire batons and patriotic music. Both football teams were undefeated, one a perennial challenger and the other the perennial Thumb B champion. With all these attractions, plus perfect playing conditions, we had another one of those hard-hitting Laker/Bronco football

others — the same basic offense North Branch has been running for years. **LAKER POINTS:** The Lakers came right back on the next two possessions to score with relative ease. First, Vince Gentile hauled in a well-executed 24-yard pass from quarterback Bill McLellan, Jr., to put the Lakers on the scoreboard, 7-6. The PAT failed. Then, Mike Kosinski rammed into the end zone on a 19-yard power sweep for the second EPBP score. This play had excellent blocking. Again, the PAT wasn't successful. At halftime, it appeared that our Lakers were in complete control of the game with a 12-7 edge. This, however, was not to be the case. **STRUGGLING:** North Branch picked up a Laker fumble early in the third period and once again maneuvered in and around the Laker defense, for a go-ahead touchdown. They further added to their lead by successfully completing a two-point conversion, moving ahead to take a 15-12 lead.

From this point in the ballgame, it was all Lakers. We scored two more touchdowns and shut the North Branch offense down to a trickle. First, quarterback McLellan tossed a 36-yarder to Kevin Wolfram to near the zero-line. Then Shawn Parrish carried it in from the two for the Laker lead. Then, the Lakers iced away the game in the final quarter, when Vince Gentile streaked 65 yards for a touchdown, for the 24-15 final score. He picked up 105 yards on the night. As the game ended, there was no doubt as to which team deserved to win. **NOSE COUNTING:** In candid observations, for the first time in many, many years the Laker crowd was outnumbered by its opponent. The Lakers showed character when they came back from being behind on two occasions. Our offense and defensive linemen are starting to show signs of being consistent, especially the defensive crew, as was seen in the latter stages of Friday's game. **LOOKING AHEAD:** This Friday, the Lakers will be playing their first home game against the Cass City Redhawks. Cass City was upended this past Friday by a very good Vassar football team. The Redhawks are definitely a better ball team than was fielded a year ago. Let's hope the weather will continue to favor us, and that this year's Laker football team will have a huge home crowd cheering them on to a Thumb B victory.

Laker golf update

The Laker Golf Team played its first match of the season on Wednesday, Sept. 7 at Century Oaks, hosting Caseville. Lakers won the match 187-222.

Low medalist for the day was Jeff Rosenthal, who shot a 44. The next match was to be played on Monday, Sept. 12 at North Branch.

Laker girls start season with loss to North Branch

North Branch handed the Laker girls their second loss of the young season last Tuesday night, with a 66-49 victory over Coach Beachy's team on the road. The Broncos took a 19-10 lead in the first quarter and upped it to 41-19 at the half. North Branch, now 3-0, was led by Stacy Lamphere's 25 points. Connie Schulz scored 19 points for the Lakers. The Laker Ladies were to play Uby at home Tuesday, then host Cass City tomorrow (Thursday) night and also hosting Inlay City next Thursday, Sept. 22.

"LIFE at LAKERS"

By AMI CSANYI
Bay Port Elementary. That's where I visited this week. Good 'ole Bay Port. It's also where I went to school, so I didn't have too far to go to get there. I spoke with teachers Gail Schmuck, Jan Keena and Joanne Rummel. We spoke on three subjects: 1) What special things their classes will be doing this year; 2) Why they want to teach at the elementary level and 3) If they could leave their students with one thought, what would it be? **Third grade teacher Gail Schmuck** had the children in her class interview each other and wrote a story about what they learned about the other person, then the class composited a newspaper with the stories they wrote. Mrs. Schmuck explains that the class will try to put out a newspaper once a month. Her third graders will also put on a play and talent show at the end of the school year. She likes working at the elementary level because she

says, "There's never a dull moment" and she loves children. If she could teach the children just one thing throughout the year she says it would be "to treat each other with respect." What a nice thought. **Jan Keena, who teaches kindergarten** in the morning and fourth grade in the afternoon, says both her classes will do a play this year, although they haven't picked the play yet. Mrs. Keena likes the eagerness, enthusiasm and loving attitude of the elementary-age children. In four graders, she likes their independence. "Always do your best and don't give up for anything" is the one thing she hopes to teach her classes this year. **First grade teacher Joanne Rummel** is very enthusiastic about the class' new science centers. She describes them as centers where the children read and do activities with different things in science.

She also adds that "Miss Elvira Snoop" is back! Miss Snoop is a puppet that at night sleeps in a child's desk and leaves a candy if the desk is clean. Miss Snoop can say things Mrs. Rummel can't. For example, Miss Snoop can say to the children that "their O's need to go on a diet" (if the students are writing their letters too wide.) Mrs. Rummel likes the elementary level because she likes being creative, having formerly been an art teacher. Like Mrs. Keena, she likes the eagerness and enthusiasm of the children. She adds that another good quality is what the children give back in return. She wants to leave the children with a couple of thoughts. She wants to instill a good feeling about school and oneself. She wants to teach the children to love reading and books. I hope Mrs. Schmuck, Mrs. Keena and Mrs. Rummel can teach the children what they want to this year and can enjoy the fun of teaching the age group they have!

United in marriage

Schooley - Bolda

An engaged Bay Port couple recited wedding vows on Aug. 27 at Holy Family Catholic Church, Sebawaing.

Lori Bolda, daughter of Michael and Betty Bolda and Mark Schooley, son of Al and Colleen Allred united their lives in a ceremony conducted by Father Stan Surman.

Special musical selections included "The New Wedding Song" and "Nobody Loves You Like I Do." Organist was Michelle Kamrad

of Sherry Leppardt of Caseville.

The altar was decorated with peach bows and baskets of flowers consisting of peach and mint carnations with white daisies.

Offered in marriage by her father, the bride wore an off-the-shoulder taffeta and lace gown with a detailed close-fitting bodice with sequins and Venice lace trim. The dress featured a sweetheart neckline and elasticized shoulders and sleeves. The basque waistline with rows

of chantilly lace formed the full chapel-length train.

Completing her bridal attire was a satin hat with an overlay of Venice lace which matched her dress, trimmed with a flower and pearl spray and a blushing veil accented with a bow.

The bride carried a cascading bouquet of peach and yellow roses, mint and peach carnations, baby's breath, stephanotis and ivy with lace and ribbon.

She chose a friend, Pam Sears of Bay Port, to precede her down the bridal aisle as maid of honor. Bridesmaids were Eileen Allred, sister of the groom and Cindy Bolda, sister of the bride, both of Bay Port. They each wore a southern belle-style gown in rainbow colors of mint, lemon and apricot, featuring a full skirt and double layer of white chantilly lace and a Bertha neckline with a drop shoulder. They carried white lace fans decorated with a nosegay of flowers which matched the bride's bouquet.

Flower girl was Kristi Sears of Bay Port, daughter of the honor attendant. She was dressed in all white.

The groom asked a friend, Barney Bartlett of Livonia, to be his best man, assisted by groomsmen Tim Brown and Dale Thick, both of Bay Port, friends of the groom.

Ushers were two brothers of the groom, Alan Schooley of Otto, N.C. and Garth Schooley of Bay Port.

Ringbearer was Billy Thick of Bay Port, son of groomsmen Dale Thick.

The bride's mother wore a tea-length two-piece champagne cocktail dress with Venice lace trim around the

neckline and hem. She wore a wrist corsage of roses and carnations in complementary colors to match the bridal bouquet.

Three-hundred guests feted the newlyweds at a reception at the Caseville Rod and Gun Club following the ceremony. Guests attended from Illinois, North Carolina, Detroit and the surrounding local area.

The bride is a 1981 graduate of Laker High School and is employed at Walbro Corp., Caro. Her husband, a 1974 graduate of Laker High School, is employed as a construction worker.

After a week-long honeymoon trip to Toronto and Niagara Falls, the newlyweds are residing in Bay Port.

McBride-Elenbaum

Salem United Methodist Church of Pigeon was the site of a wedding ceremony that united Kris Marie Elenbaum of Sebawaing and James Peter McBride of Pigeon, on Saturday, September 3.

Rev. Jeff Maxwell officiated the 3 p.m. double-ring ceremony for the daughter of Roger and Janice Elenbaum of Sebawaing and the son of F. James and Margaret McBride of Pigeon.

Pam Dubey played the organ, and Sondra Bush and Susan Kersten sang.

Given in marriage by her father, the bride wore a white organza, embroidered Venice gown with a full princess skirt. The puffed sleeves were elbow-length, and the Queen Anne neckline flowed into a fitted bodice with a low basque. Her cathedral-length train ended in a scalloped hem edged in lace. The gown was enhanced with pearls and sequins throughout.

The bride carried a cascade of cymbidium orchids and white bridal roses accented with dark mauve alstroemeria, soft pink leptospermum, periwinkle statice, and trimmed with

mixed greens and white satin picot ribbon.

Miss Wendy Fisher of Elkton was maid of honor. She wore a periwinkle, tea-length taffeta gown styled with an off-the-shoulder neckline and "pouffant" sleeves. The dropped waistline was accented with a bow at the hip, and she carried a floral bouquet similar to that of the bride.

Gowned identically with the maid of honor were the bridesmaids: Carrie Dibble of Plymouth, cousin of the bride; Lisa Neilson of Franklin, Tina Pobanz of Alma, cousin of the bride; and Sherry Elenbaum of Sebawaing, sister of the bride. Kimberly Elenbaum of Sebawaing, also a sister of the bride, was a junior bridesmaid.

Best man was James Warren of Pigeon, and groomsmen were Alan McBride of Pigeon, brother of the groom; Paul Elenbaum of Sebawaing, brother of the bride; Charlie Edington of Pigeon, and Dan McBride of Pigeon, brother of groom.

Flower girl was Miss Laura Dubey, and ring bearer was John Pobanz.

Something To Think About

JOHN A. CHAMPAGNE
— DIRECTOR —

WHEN HOME CARE IS NOT ADVISABLE

In many cases, home care for the terminally ill is a reasonable alternative to prolonged hospitalization. However, there are situations where it is not advisable.

If the relationship between the patient and the family is conflicted and the family objects to having the patient at home, this is a primary reason for NOT having home care. If home care is to work it must, by definition, be a team effort. Without this effort home care may end up driving both the family and the patient to distraction, and will ultimately make the patient's last days miserable.

There are a number of practical considerations as well. There may not be enough space in the house for home care; working conditions may force family members to be absent from the home during the day; the family may not be able to afford a visiting nurse service and may feel incompetent to take on the job themselves; the patient may prefer hospital care or insurance may demand it.

The rates authorized herein shall be subject to increase from time to time in amounts which do not cause the total rate to exceed fees and charges permitted by the State Waterways Commission, if applicable, and then only upon approval by the Township Board and publication of the new rates in a newspaper of general circulation within the Township of Caseville.

TOWNSHIP OF CASEVILLE, MICHIGAN
ORDINANCE NO. 88-2

B. Miscellaneous charges:
(1) Subject to approval of the Township Board a schedule of charges for services may be placed into effect by the Marina Manager to include but not be limited to such items as ice sales, sanitary pumpouts, transient or monthly rates for off season dockage, and boat launching charges.

(2) Gasoline and related commodities shall be sold at an appropriate mark up as determined by the Marina Manager, but not to exceed 50 cents per gallon profit in the case of gasoline.

(3) All miscellaneous charges shall be conspicuously posted in the office of the Marina Manager.

SECTION 4. The Township Board shall appoint a Marina Manager who shall have general supervision and control of Marina activities.

SECTION 5. Rules and Regulations.
The Township has previously organized a joint Harbor Commission with the Village of Caseville which shall promulgate such rules and regulations as may be deemed appropriate to insure the health and safety of the residents of the Township and users of the Township's Marina Facility. The Township Board shall approve such rules and regulations as submitted by the Harbor Commission or with such amendments as may be deemed proper by the Board. Rules and regulations shall be conspicuously posted in the office of the Harbormaster. The Harbormaster shall adopt such emergency rules and regulations as he may deem necessary to protect the health and safety of the Township's residents and users of the Facility, provided the same shall not be effective for longer than thirty (30) days without approval of the Township Board.

SECTION 6. No Free Service.
No free service shall be furnished by said Facility to an individual, firm or corporation, public or private, or to any public agency or instrumentality.

SECTION 7. Any charge not paid within twenty (20) days of date of mailing shall be subject to a ten (10%) percent late payment penalty.

SECTION 8. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 9. This ordinance shall be published once in the Progress Advance, a newspaper of general circulation in the Township of Caseville, such publication to be made promptly after its adoption, and this ordinance shall take effect immediately upon publication.

MARINA FACILITY IMPROVEMENT
REVENUE BONDS
ORDINANCE NO. 88-2

AN ORDINANCE AUTHORIZING THE ISSUANCE OF MARINA FACILITY BONDS BY THE TOWNSHIP OF CASEVILLE, HURON COUNTY, MICHIGAN FOR THE PURPOSE OF DEFRAYING A PART OF THE COST OF IMPROVING AND ENLARGING THE PUBLIC MARINA FACILITY LOCATED IN CASEVILLE HARBOR TOGETHER WITH THE NECESSARY RIGHTS IN LAND AND APPURTENANCES THERETO FOR SAID TOWNSHIP, PRESCRIBING THE FORM OF BONDS; PROVIDING FOR THE COLLECTION OF REVENUE FROM SAID FACILITY SUFFICIENT FOR THE PURPOSE OF PAYING THE COST OF OPERATION AND MAINTENANCE THEREOF, PROVIDING AN ADEQUATE RESERVE FUND THEREFOR, AND PROVIDING FOR THE PAYMENT OF SAID BONDS AND FURTHER PROVIDING FOR THE SEGREGATION AND DISTRIBUTION OF SAID REVENUE; AND PROVIDING FOR THE RIGHTS OF THE HOLDERS OF SAID BONDS AND ENFORCEMENT THEREOF AND PROVIDING FOR OTHER MATTERS RELATIVE TO SAID BONDS AND SAID FACILITY.

WHEREAS, it has been determined by the Township Board of Trustees (the "Board") that it is necessary for the public health and welfare of the Township of Caseville (the "Township") to improve and enlarge the public marina facility located in Caseville Harbor in the Township in order to serve the needs of its population, consisting of paving, floating docks, shoreline lighting, curbing and shore protection together with necessary rights in land, appurtenance and equipment related thereto; (the "Project").

AND WHEREAS, the total cost of the Project, including incidental expenses as set forth in Section 2 of this Ordinance, has been estimated by T.R. Valentine & Associates, Inc., Port Huron, Michigan, to be \$1,650,000;

AND WHEREAS, State grants in the amounts of \$742,000 administered by the State of Michigan, Department of Natural Resources, Waterways Division, \$100,000 from Michigan Equities and \$400,000 from the Michigan Land Grant Trust Fund are anticipated to defray a portion of the costs of the project;

AND WHEREAS, the Township has advanced the sum of not less than \$100,000;

AND WHEREAS, the remainder of estimated project costs may be defrayed by the issuance of revenue bonds in the amount of \$325,000;

AND WHEREAS, in order to maintain reasonable rates and charges and continue to provide sufficient funds for operation and maintenance, and provide for the acquisition and construction of the marina facility improvements, the Township is authorized and does determine it to be in the best interests of the Township to issue revenue bonds secured by a statutory lien against the marina facility revenues as provided by 1933 PA 94, as amended and to be further secured by the pledge of full faith and credit of the Township;

AND WHEREAS, the Michigan Department of Treasury has, on August 26, 1988, issued an order providing for exemption from prior approval of its Municipal Finance Division with respect to this issue;

AND WHEREAS, all things necessary to the authorization and issuance of revenue bonds under the Constitution and laws of the State of Michigan and Ordinances of the Township, and particularly 1933 PA 94, as amended, have been done, and the Township is now empowered and desires to authorize the issuance of said bonds.

THE TOWNSHIP OF CASEVILLE ORDAINS:

Section 1. Necessity, Cost Estimate, Useful Life. It is hereby determined and declared to be necessary for the public health and welfare of the residents of the Township of Caseville to improve and enlarge the public marina facility located in Caseville Harbor in the Township of Caseville (hereinafter referred to as "the Facility") referred to and described in the preamble hereto, and the Board of Trustees determines the estimated cost of said improvements, including the incidental expenses as set forth in Section 2 of this Ordinance to be \$1,842,000 and the period of usefulness of said improvements to be not less than twenty (20) years.

Section 2. Payment of Cost. To pay a part of the cost of acquiring and constructing the Facility, including payment of engineering, financial, legal and incidental expenses, including capitalized interest for a period of seven (7) months, it is hereby determined that there be borrowed upon the credit of the income and revenues of the Facility, the sum of \$325,000 and that revenue bonds be issued therefor under the provisions of Act 94, Public Acts of Michigan, 1933, as amended, the balance of the project cost to be defrayed by state grants as set forth in the preamble.

Section 3. Bond Data. Said revenue bonds shall be designated TOWNSHIP OF CASEVILLE MARINA FACILITY REVENUE BONDS, SERIES 1988 (the "Bond" or "Bonds") and which revenue bonds payable out of the net revenues of the Facility, and shall consist of a registered bond or bonds of the denomination of multiples of \$5,000 numbered consecutively in direct order of maturity from 1 upwards, dated and maturing November 1 of each year as follows:

Year	Amount
1990	\$15,000
1991	25,000
1992	25,000
1993	25,000
1994	25,000
1995	25,000
1996	25,000
1997	25,000
1998	25,000
1999	25,000
2000	35,000
2001	50,000

The Bond or Bonds will bear interest not exceeding twelve percent (12%) per annum, interest to be payable on May 1, 1989, and semiannually thereafter on November 1 and May 1 of each year until payment of the principal amount of such Bonds. Said Bond or Bonds shall be numbered in direct order of maturity from 1 upward and shall mature serially.

The interest on any one Bond shall be at one rate only and all Bonds maturing in any one year must carry the same interest rate. The difference between the highest and lowest interest rate on the Bonds shall not exceed three percent (3%) per annum and no bid will be considered for a price less than 100% of their par value.

The principal of the Bonds and the interest thereon shall be payable in lawful money of the United States of America at a bank or trust company authorized to do business in Michigan, which bank shall also act as the bond registrar (the "Bond Registrar"), or such successor bond registrar-paying agent as may be approved by the Township, on each semiannual interest payment date and the date of each principal maturity but only to persons whose names are in the register of the Bond Registrar as of the close of business on the 15th day of the month preceding any interest payment date. The Township may designate additional co-paying agents within or without the State of Michigan as deemed desirable by the Township.

Bonds of this issue maturing in the years 1990-1998, inclusive, shall not be subject to redemption prior to maturity. Bonds or portions of Bonds in multiples of \$5,000 of this issue maturing in the years 1999 through 2001, shall be subject to redemption prior to maturity, at the option of the Township, in such order as the Township may determine and by lot within any maturity, on any interest payment date on or after May 1, 1998, at par and accrued interest to the date fixed for redemption, plus a premium expressed as a percentage of par, as follows:

1.0% of the par value of each Bond or portion thereof called for redemption on or after May 1, 1998, but prior to May 1, 2000;

.5% of the par value of each Bond or portion thereof called for redemption on or after May 1, 2000, but prior to maturity.

Any Bond may be transferred upon the books required to be kept pursuant to this resolution by the person in whose name it is registered, in person or by the registered holder's duly authorized agent, upon surrender of the Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Bond Registrar. Whenever any Bond or Bonds shall be surrendered for transfer, the Township shall cause a new Bond or Bonds to be executed and the Bond Registrar shall authenticate and deliver said Bond or Bonds for like aggregate principal amount. The Bond Registrar shall require the payment of any tax or other governmental charge required to be paid with respect to the transfer to be made by the bondholder requesting the transfer.

The Bond Registrar shall keep or cause to be kept, at its principal office, sufficient books for the registration and transfer of the Bonds, which shall at all times during normal business hours be open to inspection by the Township; and, upon presentation and surrender for such purpose, the Bond Registrar shall, under such reasonable regulations as it may prescribe, transfer or cause to be transferred on said books, Bonds as herein provided.

Section 4. Bond Form. The form and tenor of the Bonds shall be substantially as follows:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF HURON
TOWNSHIP OF CASEVILLE
MARINA FACILITY REVENUE BONDS, SERIES 1988
(FULL FAITH AND CREDIT—TAX LIMITED)
No. _____ Maturity _____ Principal Amount \$ _____ Rate _____ Date of Original Issue _____
Registered Owner: _____

The Township of Caseville (the "Township"), County of Huron, State of Michigan, for value received, hereby promises to pay, but only out of the revenues of the Caseville Harbor Marina Facility of the Township, including all appurtenances, additions, extensions and improvements thereto to the registered holder specified above the principal amount specified above in lawful money of the United States of America on the date of maturity specified above, with interest thereon from the date hereof until paid at the rate specified above, payable on May 1, 1989 and semiannually thereafter on the first day of November and May of each year (the "Bond" or "Bonds"). Principal on this Bond is payable at the principal office of _____, MICHIGAN, (the "Bond Registrar"). Both principal of and interest on this Bond are payable by check or draft mailed to the registered holder at the address shown on the registration books of the Township kept by the Bond Registrar as of the close of business on the 15th day of the month preceding any interest payment date and for the prompt payment thereof, the gross revenues of the Caseville Harbor Marina Facility of the Township, including all appurtenances, additions, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance, are hereby irrevocably pledged and a statutory first lien thereon is hereby created. As additional security for payment of the Bonds, the Township has pledged its full faith and credit for the prompt payment of the principal and interest thereon subject to existing constitutional, statutory and charter tax rate limitations.

This Bond is one of a series of bonds of even date and like tenor, except as to the denomination, date of maturity, aggregating the principal sum of \$325,000 numbered consecutively in direct order of maturity from one (1) upwards, issued pursuant to Ordinance No. 88-2 duly adopted by the Township on September 9, 1988, and under and in substantial compliance with the constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan 1933, as amended, for the purpose of defraying a part of the cost of improving and enlarging the public marina facility located in Caseville Harbor. For a complete statement of the revenues from which, and the conditions under which this Bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this Bond is issued, reference is made to the above described Ordinance.

Bonds of this issue maturing in the years 1990 to 1998, inclusive, shall not be subject to redemption prior to maturity. Bonds or portions of bonds in multiples of \$5,000 of this issue maturing in the years 1999 through 2001, shall be subject to redemption prior to maturity, at the option of the Township, in such order as the Township may determine and by lot within any maturity, on any interest payment date on or after May 1, 1998, at par and accrued interest to the date fixed for redemption, plus a premium expressed as a percentage of par, as follows:

1.0% of the par value of each Bond or portion thereof called for redemption on or after May 1, 1998, but prior to May 1, 2000;

.5% of the par value of each Bond or portion thereof called for redemption on or after May 1, 2000, but prior to maturity.

This Bond is registered as to principal and interest and is transferable as provided in the ordinance authorizing their issuance, as

adopted September 9, 1988, only upon the books of the Township kept for that purpose by the Bond Registrar by the registered owner hereof in person or by an agent duly authorized in writing upon surrender of this Bond together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or agent thereof and thereupon a new Bond or Bonds in the same aggregate principal amount and of same maturity shall be issued to the transferee in exchange therefor, as provided in the ordinance authorizing the Bonds and upon payment of the charges, if any, therein provided. Bonds are issuable in denominations of \$5,000 or any integral multiple thereof.

The Township hereby covenants and agrees to fix and maintain at all times while any of such bonds shall be outstanding, such rates rentals and charges for space and service furnished by said Marina Facility as shall be sufficient to provide for payment of the interest on and the principal of all such Bonds as and when the same become due and payable, and to create a Bond and interest redemption fund (including a bond reserve account) therefore, to provide for the payment of expenses of administration and operation and such expenses for maintenance of said Marina Facility as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for said Facility as are required by said Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of Bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the Township of Caseville, County of Huron, State of Michigan, by its Board of Trustees has caused this Bond to be signed in the name of the Township by its Supervisor and to be countersigned by its Clerk, and its corporate seal to be hereunto impressed all as of the date and year below written.

Section 5. Security for Bonds. The Bonds hereby authorized, together with interest thereon, are payable primarily from the net income and revenues to be derived from the operation of the Facility. To pay such principal and interest as and when the same shall become due, there is hereby created a statutory first lien upon the whole of the net revenues of the Facility to continue until the payment in full of the principal and interest on said Bonds and said revenues shall be set aside for that purpose and identified as the "Marina Facility Revenue Bond and Interest Redemption Fund Account" as hereinafter specified. Pursuant to the provisions of Act 94, Public Acts of Michigan, 1933, as amended, the full faith and credit of the Township is pledged as additional security for the payment of the Bonds when due subject to existing constitutional, statutory and charter tax rate limitations. In the event the revenues received from the operation of the Facility are insufficient to pay principal and interest on the Bonds when due, the Township will advance funds therefor from general funds of the Township and will, if necessary, levy taxes within applicable tax rate limitations for the prompt payment of principal and interest on the Bonds. Should the Township advance funds at any time for payment of the Bonds, it is entitled to be reimbursed from the first funds thereafter available for such purpose.

Section 6. Custodian of Funds. The Treasurer of the Township shall be custodian of all funds belonging to and/or associated with the

Facility and such funds shall be deposited at First of America, Caseville, Michigan, which bank is a member of the Federal Deposit Insurance Corporation. The Township Treasurer is hereby directed to create the following funds and accounts into which the bond proceeds and the revenues and income from the Facility shall be deposited, which accounts shall be established and maintained, except as otherwise provided, so long as any of the Bonds hereby authorized remain unpaid.

A. CONSTRUCTION ACCOUNT. The proceeds of the Bonds hereby authorized shall be deposited in the construction Account in First of America, Caseville, Michigan, a bank insured by the Federal Deposit Insurance Corporation. Said moneys shall be used solely for the purposes for which the Bonds were issued.

Any unexpected balance of the proceeds of sale remaining after completion of the Project herein authorized may, in the discretion of the Board, to the extent of fifteen percent (15%) of the amount of the bonds authorized by this Ordinance, be used for further improvements, enlargements and extensions to the Facility, provided that at the time of such expenditure such use be approved by the Municipal Finance Division, Department of Treasury of the State of Michigan or successor agency. Any remaining balance after such expenditure shall be paid into the Bond and Interest Redemption Fund and shall be used for such purposes as allowed by law.

After completion of the Project and disposition of remaining bond proceeds, if any, pursuant to the provisions of this section, the Construction Account shall be closed.

B. MARINA FACILITY RECEIVING FUND ACCOUNT.

The gross income and revenue of the Facility shall hereafter be set aside into a separate account to be designated the Marina Facility Receiving Fund Account, and monies so deposited therein shall be expended and used only in the manner and order as follows:

1) **Operation and Maintenance Account.** Prior to the beginning of each fiscal year the Township will prepare an annual budget of the Facility for the ensuing fiscal year itemized on the basis of monthly requirements, two copies of which budget shall be mailed without request to the Farmers Home administration as long as the Government is holder of any of said Bonds prior to adoption for review and upon written request to any other bond holders. When the Facility becomes revenue producing, there shall be set aside and deposited each quarter pursuant to the budget a sufficient portion of the income and revenue in the Operation and Maintenance Account to pay the reasonable and necessary current expenses of administering, operating and maintaining the Facility for the ensuing quarter.

2) **Marina Facility and Interest Redemption Fund.** After the transfer required in (1) above, there shall be transferred each quarter from the Marina Facility Receiving Fund Account, before any other expenditures or transfer therefrom, and deposited in the Marina Facility Revenue Bond and Interest Redemption Fund Account (hereinafter called "Bond and Interest Redemption Fund"), for payment of principal and interest on the Bonds a sum equal to at least one-half (1/2) of the amount equal to the interest due on the next ensuing interest due date and not less than one-fourth (1/4) of the principal maturing on November 1, 1990, and November 1 of each year thereafter. If for any reason there is a failure to make such quarterly deposit, then an amount equal to the deficiency shall be set aside and deposited in the Bond and Interest Redemption Fund Account of the net revenues in the ensuing quarter or quarters, which amount shall be in addition to the regular quarterly deposit required during such succeeding quarter or quarters.

There is hereby established in the Bond and Interest Redemption Fund a separate account to be known as the Bond Reserve Account, into which there shall be paid in equal quarterly installments from the revenues of the Facility, after provision has been made for the Operation and Maintenance Fund and the current requirements of the Bond and Interest Redemption Fund, the sum of \$10,000 or more annually on or before November 1 of each year until there is accumulated in such fund the sum of \$40,000. Except as hereinafter provided, no further deposits need be made into the Bond and Interest Redemption Fund for the purposes of the Bond Reserve Account once the sum of \$40,000 has been deposited therein. The monies in the Bond Reserve Account shall be used solely for the payment of the principal and interest on said Bonds as to which there would otherwise be default.

If at any time it shall be necessary to use monies in the Bond Reserve Account for such payment, then the monies so used shall be replaced from the net revenues first received thereafter which are not required by this Ordinance to be used for operation and maintenance or for current principal and interest requirements.

No further payments need be made into the Bond and Interest Redemption Fund after enough of the Bonds have been retired so that the amount then held in said Fund (including the Bond Reserve Account), is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the Bonds then remaining outstanding.

3) **General Purpose Account.** The balance of income and revenue after the transfers required in (1) and (2) above have been made, shall be deposited to a General Purpose Account which Account shall be used and disbursed only for the purpose of paying the cost of repairing or replacing any damage to the Facility, which may be caused by an unforeseen catastrophe, for making extensions or improvements to the Facility, and when necessary, for the purpose of

making payments of principal and interest on the Bonds hereby authorized if the amount in the Redemption Fund Account and Bond Reserve Account is not sufficient to meet such payments, then these funds shall be transferred to the Redemption Fund. The total of such deposits to the General Purpose Account and balance of said account need not exceed the sum of \$20,000. The funds in the General Purpose Account may be invested in obligations of the United States or such other obligations as are permitted by law. Any such investment will be a part of the General Purpose Account.

4) **Surplus Monies.** Whenever there shall accumulate in the Redemption Fund Account amounts in excess of the requirements during the next eighteen (18) months for paying the principal of Bonds falling due and interest on outstanding Bonds and in excess of the requirements of the Operation and Maintenance Account Reserve Account hereinbefore established, such excess may be used by the Township for redemption of bonds in the manner set out below or for any lawful purpose of the Township provided that the General Purpose Account is also fully funded and the Township Board determines that such funds will not be required for extraordinary maintenance expenses.

All monies remaining in the Marina Facility Receiving Fund at the end of any operating year after satisfying the above requirements shall be transferred to the Bond and Interest Redemption Fund and used to call Bonds for redemption, or at the option of the Township transferred to the General Purpose Account and used for the purpose for which said Account was established: Provided, however, that if there should be a deficit in the Operation and Maintenance Fund, Bond and Interest Redemption Fund or the General Purpose Account, on account of defaults in setting aside therein the amount hereinbefore required, then transfers shall be made from such funds remaining in the Marina Facility Receiving Fund to such funds in the priority and order named, to the extent of such deficits.

Section 7. Rates and Charges. Prior to the issuance of the Bonds, rates and charges for the services of said Facility will be fixed in an amount sufficient to pay the costs of operating and maintaining the Facility and to leave an amount of revenues adequate for the principal and interest, debt service, reserve, replacement and improvement requirements and all other requirements provided herein, and otherwise comply with the covenants herein provided. The rates and charges for all services and facilities rendered by the Facility shall be reasonable and just, taking into consideration the costs and value of said Facility and the cost of maintaining, repairing and operating the same and the amounts necessary for the retirement of all Bonds and accruing interest on the Bonds and such amounts as may be necessary to meet the requirements of the preceding section.

Section 8. No Free Service. No free service shall be furnished by the Facility to any individual, firm or corporation, public or private, or to any public agency or instrumentality.

Section 9. Covenants. The Township covenants and agrees that so long as any of the Bonds hereby authorized remain unpaid as follows:

- It will comply with applicable State laws and regulations and continually operate and maintain the Facility in good condition.
- It will cause to be maintained and kept proper books of record and account, separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the Facility. Not later than sixty (60) days after the close of each operating year, the Township Board will cause to be prepared, on forms furnished by the Municipal Finance Division, if such forms be available, a statement in reasonable detail, sworn to by its Chief Accounting Officer, showing the cash income and disbursements of the Facility during each operating year, the assets and liabilities of the Facility at the beginning and close of the fiscal year, and such other information as is necessary to enable any taxpayer of the Township, user of the service furnished, or any holder or owner of the Bonds, or anyone acting in their interest, to be fully informed as to all matters pertaining to the financial operation of the Facility during such year. Such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the Township, user of the service or holder or owners of any Bonds or anyone acting in their interest. The Township Board will also cause an annual audit of such books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will mail such audit to the manager of the account or syndicate purchasing the Bonds. Such audit shall be completed and so made available not later than six (6) months after the close of each operating year.
- The Township will maintain and carry, for the benefit of the holders of the bonds, insurance on all physical properties of the Facility of the kind and in the amounts normally carried by municipalities engaged in the operation of marina facilities. All monies received from losses under any such insurance policies shall be applied solely to the replacement and restoration of property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling Bonds.
- It will not voluntarily dispose of or transfer its title to the Facility or any part thereof, including lands and interest in lands, by sale, mortgage, lease or other encumbrances, without obtaining the prior written consent of at least 51% of the Bond holders of the then outstanding Bonds.
- Any extensions or improvements of the Facility shall be made according to sound engineering principals and plans.

Section 10. Additional Bonds. The Township may issue additional bonds of equal standing for the following purposes and on the following conditions:

- To complete construction of the Project according to the plans set forth in Section 1, bonds in the amount necessary may be issued.
- For the purpose of making reasonable repair, replacement or extension to the Facility additional bonds of equal standing may be issued if:
 - The Net Revenues of the Facility for the fiscal year preceding the year in which such additional bonds are to be issued were one hundred twenty percent (120%) of the average annual debt service requirements on all Bonds then outstanding and those proposed to be issued; or
 - The holders of at least seventy-five percent (75%) of the then outstanding indebtedness consent to such issue in writing.

The funds herein established shall be applied to all additional bonds issued pursuant to this section as if said bonds were part of the original bond issue and all revenue from any such extension or replacement constructed by the proceeds of an additional bond issue shall be paid to the Marina Facility Receiving Fund Account mentioned in this Ordinance.

Except as otherwise specifically provided, so long as any of the Bonds herein authorized are outstanding, no additional bonds or other obligations pledging any portion of the revenues of the Facility shall be incurred or issued by the Township unless the same shall be junior and subordinate in all respects to the Bonds herein authorized.

Section 11. Ordinance Shall Constitute Contract. The provisions of the Ordinance shall constitute a contract between the Township and the bondholders and after the issuance of such Bonds this Ordinance shall not be repealed or amended in any respect which will adversely affect the rights and interests of the holders nor shall the Township adopt any law, ordinance or resolution in anyway adversely affecting the rights of the holders so long as said Bonds or interest thereon remains unpaid.

Section 12. Default of the Township. If there shall be default in the Redemption Fund, provisions of this Ordinance or in the payment of principal or interest of any of the Bonds, upon the filing of a suit by twenty percent (20%) of the holders of the bonds, any court having jurisdiction of the action may appoint a receiver to administer said Facility on behalf of the Township with power to charge and collect rates sufficient to provide for the payment of the Bonds and for the payment of operation expenses and to apply income and revenues in accordance with this Ordinance and the laws of Michigan.

The Township hereby agrees to transfer to any bona fide receiver or other subsequent operator of the Facility, pursuant to any valid court order in a proceeding brought to enforce collection or payment of the Township obligations, all contracts and other rights of the Township conditionally, for such time only as such receiver or operator shall operate by authority of the court.

The holders of twenty percent (20%) of the Bonds in the event of default may require by mandatory injunction the raising of rates in a reasonable amount.

Section 13. Fiscal Year of System. The fiscal year for operating the Facility shall be from January 1 to the last day of December of each year.

Section 14. Sale of Bonds. The Township Clerk is authorized and hereby ordered to publish notice of sale of the Bonds herein authorized in THE BOND BUYER, New York New York, or the DETROIT LEGAL NEWS, Detroit, Michigan, which notice of sale shall be in substantially the form attached hereto as Exhibit A and made a part of this ordinance by reference. As an alternative to a public sale, the Bonds are hereby authorized to be sold to the Michigan Municipal Bond Authority pursuant to Act No. 227 of the Public Acts of 1985, Act 202 of the Public Acts of 1943, and other applicable statutory provisions, and to bear an original issue date, be payable in the amounts and on the dates, bear interest at the rates and be subject to redemption as shall be determined in the resolution awarding Bonds to the Michigan Municipal Bond Authority.

Section 15. Tax Matters. In the opinion of bond counsel, assuming continued compliance by the Township with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Bonds is excluded from gross income for federal income tax purposes, as described in the opinion, and the Bonds and interest thereon are exempt from all taxation in the State of Michigan except inheritance taxes and taxes on gains realized from the sale, payment or other disposition thereof. The Township has designated the Bonds as "QUALIFIED TAX-EXEMPT OBLIGATIONS" within the meaning of the Code, and has covenanted to comply with those requirements of the Code necessary to continue the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 16. Conflict and Severability. All ordinances, resolutions and orders or parts thereof in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed, and each section of this Ordinance and each subdivision of any section thereof is hereby declared to be independent, and the finding or holding of any section or subdivision thereof to be invalid or void

shall not be deemed to affect the validity of any other section or subdivision of this Ordinance.

Section 17. Paragraph Headings. The paragraph headings in this Ordinance are furnished for convenience of reference only and shall not be considered to be a part of this Ordinance.

Section 18. Publication and Recordation. This Ordinance shall be published in full in *The Progress-Advance, Pigeon, MI.*, a newspaper of general circulation within the corporate limits of the Township, qualified under State law to publish the legal notice, promptly after its adoption, and the same shall be recorded in the Ordinance Book of the Township and such recording authenticated by the signatures of the President and Township Clerk.

Section 19. Effective Date. This Ordinance is hereby determined by the Board to be immediately necessary for the preservation of the public health and safety of the Township and shall be in full force and effect from and after its passage and publication as required by law.

Passed and adopted by the Board of Trustees of the Township of Caseville, County of Huron, Michigan on the 9th day of September, 1988, upon the following roll call vote:

OFFICIAL NOTICE OF SALE
\$325,000

TOWNSHIP OF CASEVILLE
COUNTY OF HURON, STATE OF MICHIGAN
MARINA FACILITY REVENUE BONDS
SERIES 1988
(FULL FAITH AND CREDIT — TAX LIMITED)

SEALED BIDS for the purchase of the above bonds will be received by the undersigned at the Township Hall, Caseville, Michigan on _____, the _____ day of _____, 1988, until _____ o'clock, _____ m., Eastern _____ Time, at which time and place said bids will be publicly opened and read. **SEALED BIDS** will also be received, in the alternative, on the same date and until the same hour by an agent of the undersigned at the Municipal Advisory Council of Michigan, 1158 First National Bank Building, Detroit, Michigan 48226, where the bids will simultaneously be publicly opened and read. Bidders may choose either location to present bids and good faith checks, but not at both locations. Bids will be awarded by the Township Board at _____ o'clock, _____ m. the same day.

BOND DETAILS: Said Bonds will be fully registered bonds of the denomination of \$5,000 each or multiples thereof, issued October 1, 1988, numbered in order of authentication from 1 upwards and will bear interest from their date payable on May 1, 1989, and semiannually thereafter.

Said bonds will mature on the 1st day of November, as follows:

YEAR	AMOUNT	YEAR	AMOUNT
1990	\$15,000	1996	\$25,000
1991	25,000	1997	25,000
1992	25,000	1998	25,000
1993	25,000	1999	25,000
1994	25,000	2000	35,000
1995	25,000	2001	50,000

PRIOR REDEMPTION: Bonds of this issue maturing in the years 1990 to 1998, inclusive shall not be subject to redemption prior to maturity. Bonds or portions of Bonds in multiples of \$5,000 of this issue maturing in the years 1999 through 2001, shall be subject to redemption prior to maturity, at the option of the Township, in such order as the Township may determine and by lot within any maturity, on any interest payment date on or after May 1, 1998, at par and accrued interest to the date fixed for redemption, plus a premium expressed as a percentage of par, as follows:

1.0% of the par value of each Bond or portion thereof called for redemption on or after May 1, 1998, but prior to May 1, 2000;

.5% of the par value of each Bond or portion thereof called for redemption on or after May 1, 2000, but prior to maturity.

Thirty days notice of redemption shall be given by mail to the registered holder at the registered address. Bonds called for redemption shall not bear interest after the redemption date, provided funds are on hand with the paying agent to redeem the same.

INTEREST RATE AND BIDDING DETAILS: The Bonds shall bear interest at a rate or rates not exceeding 10% per annum, to be fixed by the bids therefor, expressed in multiples of 1/8 or 1/20 of 1%, or both. The interest on any one bond shall be at one rate only. All bonds maturing in any one year must carry the same interest rate. The difference between the highest and lowest interest rates bid shall not exceed 3% per annum. No proposal for the purchase of less than all of the Bonds or at a price less than 100% of their par value will be considered.

PAYING AGENT-REGISTRAR: Both principal and interest shall be payable at a bank or trust company located in Michigan qualified to act as paying agent-registrar under State or United States Law, to be designated by the Township Board or such successor paying agent-registrar as may be designated upon 60 days notice to the registered holder. Interest shall be paid by check or draft mailed to the owner of the bonds as shown by the registration books of the Township as of the close of business on the 15th day of the month preceding any interest payment date. The bonds will be transferable only on the books of the Township kept by the paying agent-registrar.

PURPOSE AND SECURITY: The bonds are issued under the provisions of Act 94, Public Acts of Michigan, 1933, as amended, Ordinance No. 88-2 of the Township of Caseville, dated September 9, 1988, for the purpose of defraying apart of the cost of improving and enlarging the public marina facility located in Caseville Harbor in the Township of Caseville. The bonds are payable primarily from the net revenues of the Marina Facility of the Township of Caseville and any additions thereto, and a statutory first lien on said revenues has been established by said Ordinance. The Township has covenanted and agreed to fix and maintain at all times while any of such Bonds shall be outstanding such rates for services furnished by the Marina Facility as shall be sufficient to provide for payment of the necessary expenses of operation, maintenance and administration of said Facility, of the principal and interest on said bonds when due, to create a bond reserve account to provide for payment, and to provide for such other expenditures and funds for said Facility as are required by said Ordinance.

SECURITY: The bonds, together with interest thereon, are payable primarily from the net income and revenues to be derived from the operation of the Facility. A statutory first lien upon the whole of the net revenues of the Facility continues until the payment in full of the principal and interest on said Bonds. Pursuant to the provisions of Act 94, Public Acts of Michigan, 1933, as amended, the full faith and credit of the Township is pledged as additional security for the prompt payment of the principal of and interest on the Bonds when due subject to existing constitutional, statutory and charter tax rate limitations. In the event the revenues received from the operation of the Facility are insufficient to pay principal and interest on the Bonds when due, the Township will advance funds therefor from general funds of the Township and will if necessary, levy taxes within applicable tax rate limitations for the prompt payment of principal and interest on the Bonds. Should the Township advance funds at any time for payment of the bonds, it is entitled to be reimbursed from the first funds thereafter available for such purpose.

The rights or remedies of bond holders may be affected by bankruptcy laws or other creditor's rights legislation now existing or hereafter enacted.

ADDITIONAL BONDS: For the terms upon which additional bonds of equal standing as to revenues of said Facility may be issued, reference is made to the above-described Ordinance.

GOOD FAITH: A certified or cashier's check in the amount of \$6,500, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Township of Caseville

must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail. The good faith check of the successful bidder will be immediately cashed and payment of the balance of the purchase price of bonds shall be made at the closing.

AWARD OF BONDS: The bonds will be awarded to the bidder whose bid produces the lowest interest cost computed by determining, at the rate or rates specified in the bid, the total dollar value of all interest on the bonds from _____, 1988 to their maturity, deducting there from any premium or adding to any discount.

LEGAL OPINION: Bids shall be conditioned upon the unqualified approving opinion of Thrun, Maatsch and Nordberg, P.C., attorneys of Lansing, Michigan, a copy of which opinion will be printed on the reverse side of each bond, and the original of which will be furnished without expense to the purchaser of the bonds at the delivery thereof.

DELIVERY OF BONDS: The Township of Caseville will furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser. The usual closing documents, including a certificate that no litigation is pending affecting the issuance of the bonds will be delivered at the time of the delivery of the bonds. If the bonds are not tendered for delivery by twelve o'clock, noon, Eastern _____ Time, on the 45th day following the date sale, or the first business day, thereafter if the 45th day is not a business day, the successful bidder may on that day, or any thereafter until delivery of the bonds, withdraw his proposal by serving notice of cancellation, in writing, on the undersigned, in which event the Township shall promptly return the good faith deposit. Accrued interest to the date of delivery of the bonds shall be paid by the purchaser at the time of delivery.

TAX MATTERS: In the opinion of bond counsel, assuming continued compliance by the Township with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Bonds is excluded from gross income for federal income tax purposes, as described in the opinion, and the Bonds and interest thereon are exempt from all taxation in the State of Michigan except inheritance taxes and taxes on gains realized from the sale, payment or other disposition thereof. The Township has designated the Bonds as "QUALIFIED TAX-EXEMPT OBLIGATIONS" within the meaning of the Code, and has covenanted to comply with those requirements of the Code necessary to continue the exclusion of interest on the Bonds from gross income for federal income tax purposes.

REOFFERING PRICE: The successful bidder will be required, prior to delivery of the Bonds, to furnish to the Township a certificate acceptable to bond counsel stating the amount of initial offering price to the public (excluding bond houses and brokers) at which a substantial portion (at least 10%) of the Bonds of each maturity will be sold and that there was a bona fide public offering made of each maturity. The certificate shall state that it is made on the best knowledge, information and belief of the successful bidder after appropriate investigation.

CUSIP NUMBERS will be imprinted on the bonds at the expense of the Purchaser and upon the request of the Purchaser made in the bid for the purchase of the bonds. An improperly imprinted number or failure to print CUSIP numbers shall not constitute basis for the purchaser to refuse to accept delivery of the bond issue.

THE RIGHT IS RESERVED TO REJECT ANY OR ALL BIDS.

ENVELOPES containing the bids should be plainly marked "Proposal for Bonds."

Be sure to treat silage corn with AA this year

Corn to be used for silage this fall should be treated with anhydrous ammonia, and that's a change in recommendations by MSU dairy nutritionists. Rains have altered the situation dramatically, said Herb Bucholtz, Extension dairy nutritionist. "Any nitrates

that had accumulated in the corn plant should have metabolized by the time of normal corn silage harvest," he stated.

Add anhydrous ammonia to corn silage at a rate of 8 pounds per ton of silage—about 30% dry matter—or add 10 pounds of feed grade urea per ton.

Anhydrous ammonia added at these rates will raise the protein content of corn silage from about 8% to 12%.

Because of projected costs of protein supplements and the increased amounts of silage that will be fed, the anhydrous ammonia practice makes excellent economic sense this year, Bucholtz says.

charges of retail fraud, second degree, and probation violation, following his Aug. 10 conviction. He was also ordered to pay \$8000 in restitution, following a July 26 incident involving stolen property from a Caro store.

POLICE BLOTTER NEWS

Two Hazel Park residents clung to their capsized boat for 13 hours off Port Austin Sept. 4, after the boat was turned over by 12-foot waves, according to Huron County Sheriff's deputies. Alisa Hagopian, 22, and Kevin Hill, 25 of Hazel Park, were rescued Sunday morning about five miles off Port Austin after leaving shore Saturday morning. They were unable to return to shore when the boat's engine would not start. They were rescued after a Coast Guard helicopter spotted the pair about 10:15 a.m. Sunday.

BAD AXE LIONS DONATE

Bad Axe Lions Club members recently donated \$2,500 to the Committee for Krissy Heilig Cochlear Implant Fund. Krissy, a five-year-old Port Austin resident and daughter of Jeff and Brenda Heilig, has a total hearing loss due to an illness beginning in January, 1987.

The Heilig family learned of cochlear implant systems this spring, after many tests — sometimes referred to as "a bionic ear." The electronic implant can restore some hearing to deaf persons.

The Bad Axe Lions' recent golf scramble at Verona Hills Golf Course raised \$880 toward the goal, and the Lions Board added the additional monies to reach the \$2,500 goal.

Total cost of the surgery is \$25,000. Other donations may be sent to the Port Austin Conservation Club / Krissy Heilig Cochlear Implant Fund, Port Austin, MI 48467.

It was raining when we rendezvoused with Edwin and the car. We welcomed the early morning sandwiches and made one stop for drinks and chips before rolling down I-75 South.

I have a feeling we'll do the Labor Day Bridge Walk again. The bracing Straits air, five miles of strolling and a sense of history happening under your feet gets into the blood.

SPEAKING OF THE GREAT LAKES, the sunset over Lake Huron's Saginaw Bay at Caseville Beach was fantastic on Sunday night. The smoky upper atmosphere caused by the fires at Yellowstone and other places out West is bringing colors to our sunsets that we don't usually see. Lower water levels and clear air meant that we could see the other side of the Bay, something I hadn't noticed from the shoreline before.

I was just thinking today of the despair we all felt when the Thumb went through the flooding in '85. Imagine the sense of loss that people in the West are experiencing as their forests burn! We know that emotion only too well, those of us who live in rural areas of the U.S.

Smokey or cloudy skies, we know, too, that beyond the smoke and fires and rains and clouds lie better days. That we know and that we can say to our stalwart friends in the West, we survivors here in the Thumb!

You make a lot of promises to your family. . . Universal Life helps you keep them

A paid-off mortgage, college for the kids, an income for your family. You can keep these promises — even if you die — with a Universal Life policy from Farm Bureau Life Insurance Company of Michigan. SOME GRANDPARENTS STAY YOUNG BUT THEY ALL NEED LOVE

Grandparents, as well as other members of the older generation, come in many forms today. The traditional image of Grandma knitting in her rocking chair and Grandpa with a long white beard and a cane may still be in effect, but it's rapidly being replaced by their going to the senior citizen's center for lunch every day, playing bingo, doing aerobics and getting involved in political issues. In any case, our House of Worship reminds us that they deserve our attention and respect. Our children should be taught at an early age to be kind and considerate to all older people, whether related to them or not, and to listen to them. Sharing ideas and activities with them is the best way to bridge the generation gap, and it can be a very rewarding experience all around. Love has no age limitation, and this is one of the finest ways of showing it.

Nobody can do for little children what grandparents do.

Keim daughter bridges miles between Holland, home

In 1966, Mary Keim left her Huron County home to spend a year in Holland as part of a "Bridge Building program," a Mennonite effort to extend church fellowship across the sea.

She has lived in Holland for 22 years now, and the particular bridge she built has become permanent.

"About half-way through that year, I thought 'I like this country, so why don't I stay another year?'" remembered the former farm girl from South Bay Port Road. She did stay, relocating to another part of Holland for the second term.

Sometime during that second year, Mary attended a World Conference in Amsterdam where she other young people interested in international fellowship. There she met Jan (pronounced YAN) Maarsen, a young Dutchman with a firm foothold in a well-established greenhouse and nursery business.

Over the next 2 years, more than flowers bloomed for Jan and Mary, but there were some hard facts to be faced.

Mary's home was in the States, Jan's was in Holland. His future lay in the family greenhouse business begun 3 generations earlier. If they were to share a future, Mary would have to adopt a new homeland.

"I went home for about 3 months in 1969 and thought it over," said Mary of that time. "It's one thing to be in another country on an exchange program, and quite another to spend the rest of your life there."

"I decided to go back to Holland on my own, living in the country as a normal citizen, and see if I could adjust to a new country and culture on a permanent basis."

Mary carried out her own test plan and after a period of time, decided to "take the

risk, leaving behind my family and all my root system." She and Jan married, settling into Aalsmere, a city of 21,000, 15 miles west of Amsterdam and known as the "flower capital of the world."

Nearly 20 years later, Mary easily affirms that her decision "was a good one." She has enjoyed the discipline and tradition of the Dutch culture, and feels that their 3 children have benefitted from a public education system that groups students according to ability and longterm goals.

Howard Maarsen, 17, has just finished high school and plans to attend horticulture college in preparation for entering the family business. His college expenses will amount to about \$500 plus books annually.

Daughter Saskie, now 15, has 2 more years of schooling before launching in her own direction, but feels she will eventually come to the US "to do something—maybe computers." Ten-year-old Carolien doesn't yet know what her future holds.

All 3 Maarsen children hold dual citizenship in the eyes of Holland, but will have to choose between American and Dutch status by the time they are 18.

Mary has chosen to retain her American citizenship, but possesses a permanent residency permit, a valuable asset in Holland. She has also been careful to teach her children the best of American traditions—Thanksgiving dinners, Christmas trees and presents, etc.

The Maarsen family has made many trips to visit Grandpa George Keim at his Bay Port farm, and George has traveled overseas at least 7 times to see how his Dutch family fares. The visits are long, full of good times and visits to loved ones. Parting

is difficult. The bonds are still sturdy and strong, Mary built a good bridge.

Prayer meal set at Elkton

The Elkton Prayer Breakfast will meet this Wednesday, Sept. 14 (today) at 9 a.m. at the Elkton Civic Center.

Speaker will be Ben Reyes of Port Austin. Praise and worship will be led by Debi Ackerman.

Child care is available at the Elkton United Methodist Church.

Bible study set for October

"It's in the Book" is the theme of a non-denominational, community-wide Bible Study starting Wednesday, Oct. 5 from 9 to 11 a.m. at the Farm Bureau Building in Bad Axe.

The seven-week series will focus on Ephesians, led by the Rev. David Stout.

Child care will be available at the Bad Axe Free Methodist Church.

For more information, persons may contact Jan Hutchinson or Barbara Kube at 269-8683.

Church notes

CHANDLER GUILD

The Chandler Presbyterian Guild members conducted their September meeting in the home of Mary McCarty on Wednesday. A one o'clock luncheon was served, and Alberta Nelson was co-hostess.

Marge McPhee presided at the business meeting, opening with the reading of a poem and prayer. Roll call response was "A summer experience." Ten members and one guest, Christine Conkey, were present.

Mrs. McCarty gave the least coin selection from Romans and read an article on life in New Zealand. Eleanor Wilson read an article "Budget Juggling by the GAC (General Assembly Council)."

Mrs. McPhee presented the lesson from the Book of John, Chap. 9, with all members responding. She also read a list of committee names for the 100th Anniversary of the Chandler Presbyterian Church. Committee Chairman is Christine Conkey, assisted by Alberta Nelson and Marge McPhee.

The October meeting will be in the home of Margaret Young.

God's unique resource

READ EPHESIANS 5:15-20
My times are in Thy hand. Psalm 31:15

Time is a unique resource given us by God. In sharp contrast to money, all of us get the same amount of time each day.

Unlike money or other goods, we can't take time and store it up for the future and, while saving it, draw interest.

Time is unique. We already have all we are going to get today—no more, no less.

Because of that, the stewardship of time has to do with managing ourselves with respect to time.

Time always ticks by at 60 seconds a minute, 60 minutes an hour, 24 hours a day, and 365 days a year.

It's not a renewable resource. The important thing is how we use time.

We are called to use it wisely as a precious resource from God.

We are His. And that includes time. As stewards, redeemed by the Lord Jesus Christ, we do three things:

First, we acknowledge Christ as the Lord of our time and decide how best to use it for the glory of God.

Second, we don't become so absorbed in making a living that we have no time for the making of a life.

Third, we organize our time with the understanding that we are always responsible to Him for the way we use it.

We draw power from Jesus Christ, who in the fullness of time used the time allotted Him to live, suffer and die for our salvation.

Dear Lord Jesus, make me a good steward of my time. Amen.

By PERCY ROSS

DEAR MR. ROSS:

For the past three years, I worked in a retail store under the promise of being put in charge of the books. What a laugh — my employer sold his business and I can't even collect unemployment.

My problem is that I have a stomach ulcer for which I'm taking medication. I only have a few pills left and would appreciate it if you could send me \$54.30 for a month's supply of Tagamet.

I realize this is a small problem, but it's very important to me. Sir, I have no

family so I thought I'd take a chance on asking you. Within a month, by God's grace, I should have found new employment. Thank you for extending any help my way. — Mr. E.R., Bronx, N.Y.

DEAR MR. R.:

I'm not sure what caused your stomach ulcer to start off with, but I'm sure being unemployed isn't helping any. So let me hand you some news that's easy to stomach. You'll have one less thing to worry about, on the outside chance you don't find employment in 30 days. My forthcoming check will cover

a three-month supply of medication. — \$\$\$\$\$\$—

DEAR MR. ROSS:

My husband and I own a small "Ma and Pa" business selling antiques. We hand strip, repair and restore old furniture. We do quality, guaranteed work. We've working so long and hard to get this far, but now we could lose our entire business. We were hard hit financially due to a siege in my health. Thank God I'm OK now.

Business has fallen off terribly this season. We were scheduled to do furniture work for several farm families, but they're now cancelling as they've been afflicted by this awful drought. We must pay our workshop rent or we'll lose our business. However, I'm not writing for rent money. If I had a typewriter, I could do typing for local, small businesses at home. I took a brush-up typing course at our high school, thinking that somehow we could save enough to buy a typewriter — but we just don't have the money to save. My teacher told me that I must have a quality machine so I can compete with others who do this at home. I was shocked to find that even on sale at discount stores, they cost \$300. We can't go to anyone else for help — so I'm asking you. We never, ever, want

to be in this terrifying bind again. We're already so embarrassed by being forced to ask your help. Should our name appear in the newspaper, it would add another blow to our self-esteem. So, I ask that you please keep our name confidential. — Mrs. S.O., Madison, Wis.

DEAR MRS. O.:

I respect your wish to remain anonymous. In fact, I even changed your initials and city. However, who is "forcing" you to ask for my help?

You're receiving a \$300 check in the mail for a new typewriter. When it arrives, it will be without fanfare, in a simple, white envelope. There will be no loss of self-esteem, and you'll see that asking for and receiving my help was easier than falling off a log. — \$\$\$\$\$\$—

DEAR MR. ROSS:

I'm not much on writing letters. It seems like a chore, because letters have to be more exact than conversation, but here goes: I'd like to go on a travel group tour to New Orleans to recover buried treasure

of \$500,000. What I need is money for transportation and three days lodging in order to retrieve it. I would appreciate anything you can do for me. — Mr. L.S., Kansas City, Kans.

DEAR MR. S.:

Then I hope you'll appreciate my assistance even though it comes in the form of advice. Don't Waste Your Time!

Think about it... If all it took to get \$500,000 was transportation and three days lodging, don't you think the rest of us would have already been there and back? — \$\$\$\$\$\$—

The Spine- YOUR BODY'S HIGHWAY TO HEALTH

The spinal column is indeed a super highway. Through the spinal cord, encased by the vertebrae, the brain sends messages everywhere in the body but that highway is not always a freeway: when vertebrae are out of alignment, the brain's messages (nerve energy) may face roadblocks or be forced to detour, placing stress on other parts of the body. Chiropractors spend years learning to read this spinal "road map" and are experts at correcting the vertebral displacements that affect the various organs, causing pain and disease, thus utilizing the marvelous ability the body has to restore itself.

ASTHMA, BREATHING IMPROVED

Our 9-year-old son, Warren Jr. was suffering with asthma, headaches, and couldn't sleep at night. Now with chiropractic care, he is breathing better and having almost no headaches. Although he has been on medication for asthma, with chiropractic adjustments, he hasn't had to use it much in the last few months.

EUCLID & WILDER **684-4600**
BAY CITY

Three members of the school administration who were instrumental in the merger were present Monday night.

MEMORIES UP CLOSE: Former Laker Supt. James Matteson and former School Board members Roland Henne and Wes Murdoch each spoke to the present board about how the consolidation came about.

Murdoch of Bay Port remembered that the first load of bricks delivered to the construction site was rejected by the Board because of defects. At first, the building was plagued by various electrical problems, which were eventually remedied.

"The thing that surprises me still today is the condition of the building after 30 years," Murdoch said. "Our athletic complex is about the best around. The taxpayers in this district should be very proud of it," Murdoch said.

Henne, also of Bay Port, agreed, saying that at the time, there was no doubt in his mind that the best interest of the children would be consolidation.

"I would certainly do it all over again. I have no regrets," Henne said.

"I'm proud of what I see today at this school."

THANKS GIVEN: All three former school officials expressed regret that the other three founding School Board members -- the late Dr. Clare Scheurer, Wager Clunis and Ken Ginter -- are not here to help celebrate the retirement of this original debt.

And current Board member Virginia Leipprandt thanked the former members and superintendent, saying, "You can sure see the results of your dedication to this district, as well as the support of so many taxpayers, parents and friends over the years."

MORE INSURANCE: Board approved purchase of a \$5-million umbrella liability insurance policy for the district at a cost of \$13,807.

Previously, the district had only been able to buy a \$1-million policy at a cost of \$7,957 last year.

Board member Sid Smith justified the purchase of the additional coverage, saying if the district had a lawsuit against it and didn't have the extra protection, the taxpayers would be footing the bill directly in the end.

GOOD SHAPE: The Board also heard the audit report from John Walsh, CPA of Pigeon, who explained the district is in excellent financial shape at present.

Currently, the district has nearly \$432,000 in its fund balance, with nearly \$235,000 of that carried over from last year.

But Walsh again cautioned the Board that projections over the next two years show the district needing that fund balance to cover expected deficits.

"It's like a good news, bad news sort of thing," Walsh said.

BUDGET CHANGES: Board also approved changes in its budget for the

'88-'89 school year. Revenues are shown as less than expected, at nearly \$4.7 million, while expenditures are projected at over \$4.65 million.

Budget committee chairman Yvonne Bushey said the district is now budgeting more for supplies and materials, as those items have been severely cut back in recent years. About \$2,000 more has been budgeted for textbook purchases, while almost \$5,000 more has been allotted for purchasing additional supplies and materials for classrooms.

"We're grateful to voters who allowed us to restore some of the things that were cut," Bushey said.

HANDBOOKS: Assistant Secondary Principal Lisa DiCamillo outlined changes in the junior high and high school student handbooks. The new dress code prohibiting shorts and sweatpants, the new closed building policy and the new

student vehicle registration policy were highlighted by DiCamillo.

She said implementation of the new policies has gone smoothly and few complaints are being heard about the changes.

"Our primary motivation in making these changes is the safety of all students, and I think everyone understands that," she said. The Board formally adopted the revised handbooks, along with the elementary handbook.

WATCH OUT: Board member Virginia Leipprandt also warned that a company in Southfield has been calling Laker District residents, seeking funds for an anti-drug campaign that supposedly is endorsed by the district.

Leipprandt said the Board has not authorized any such solicitation, and that any money sent to the company wouldn't necessarily be used in the Laker District.

She said residents who get such calls should "Say NO to Southfield."

Pigeon finds a place to park its 1928 fire engine

Pigeon Village Council has found a place for its 1928 fire truck to reside.

Council voted Monday night to pay Wayne Henne of Bay Port \$60 a year to house the truck in his warehouse in Pigeon, plus will pay Henne \$500 for storage of the American LaFrance model for the past eight years.

Winsor Township firemen had turned over ownership of the old engine to the Village several years ago, but the last time the antique was used seems to be in the 1978 Pigeon Diamond Jubilee Parade, according to Pigeon Village Supt./Clerk Janet Heckman.

CLEAN-UP HELP: Council approved a resolution from the state fire commission, which provides access to special funds if property owners don't clean up their own lands. The village will be able to make necessary cleaning, then withhold 15% of any settlement to help cover the costs.

CABLE BLUES: Council members agreed to invite officials of Pioneer Cable-

of Caseville to the October Council meeting, to seek answers to problems with poor reception, missing stations and slow response time by the company.

Council member Mike Gehrs has sought answers from Pioneer management on several occasions but has not been satisfied, and the number of local complaints are piling up, Heckman said.

Several citizens have complained they would like to receive the PASS sports channel, while others say more areas -- especially along Sturm Road -- should be wired for cable.

And, the company has often been late with its franchise payments and semi-annual reports, Heckman added.

OTHERBIZ: Resident Darvin asked Council to begin procedures to close the alley running north and south between Merrick and Hartley Streets. Council told him he must get 100% approval from landowners for partial or full closure, since several residents use ends of the alley for access to their rear lots.

American Legion hears boys & girls

The American Legion Auxiliary met Sept. 7 with a presentation by local students who attended Girls' State and Boys' State.

The meeting opened by President Marie Darby and Chaplain Mary Gardner offered a prayer poem. Members recited the Pledge of Allegiance and the Preamble of the Constitution.

Girls' State and Boys' State representatives Renee Simpson, Kelly Finley, Jim Steinman and Charlie Morden gave resumes of their nine days of studying gov-

ernment. The students said they enjoyed the competition of running for office, earning "votes," making new friends, etc.

It was noted that volunteers to visit Sunny Acres Nursing Center in September are Esther Lehman, Jeanne Muhme, Marge Demin, Norma Farver, Velma Mers and Frances Becker.

Members are urged to make, bake or donate items for the Holly Berry Festival which is being chaired by Marie Darby on Nov. 5.
