Armbruster puts poisoning behind

January, 1988

DAVID LEE KRETZSCHMER, son of MICHELLE KRETZSCHMER of Caseville, was Burden County’s first baby of 1988. He was born at 2:19 p.m. at Scheurer Hospital, Bad Axe. THUMB QUALITY FARMING was granted a special use permit by the Oliver Township Zoning Board, ending three months of debate and negotiations. The project is valued at $70,000 and will be utilized on the northeast corner of M-148 and M-46 in the southwest area of the township.

Pigeon resident DAVID ARMSTRONG lost 100 steers in what state police investigators called an intentional poising. The suspect was charged with theft and two others were charged with conspiracy to steal. The steers were valued at $40,000. The investigation continues.

YEAR AGO: On Sunday night, Jan. 10, 1988, Armbruster fed his cattle about 7 p.m. Later that night, a scene of distress was noticed by the feedlot as the cattle went to the feedlot to check on them. What was found was a deprivation of a farmer’s worst nightmares. Locals said 50 and 60 of the cattle were dead and the rest were in serious distress. The fire department was called to the scene to assist with the cattle. The investigation continues.

REMEMBERING 1988: Armbruster looks over his new herd.

By AMY HEIDEN

Nearly a year after the mysterious poisoning of 100 feeder cattle killed by Armbruster, the farmer is still puzzled by the tragedy. He wonders why he was singled out, what could have happened or what someone told him to make him angry enough to seek revenge on him.

It still bothers me. A lot of other people around here have livestock, why do they have to send it in? But it’s a lot bigger than that. I never thought of him as a farmer; I thought of him as a cattle raiser.

SPREADING CHEER: For at least 60 years, the Pigeon Flavours have been making the Christmas holidays a little brighter for needy families in our area.

This year, the flames were made up and delivered to 21 families in our community. It was a joyous occasion, and as the families opened their gifts, they were filled with joy and gratitude. It was a heartwarming experience to see the smiles on their faces as theyas received the gifts, knowing that they were able to have a warm and wonderful Christmas.
Go ahead...tie one on!

MADD and Michigan law enforcement want you to “tie one on” this holiday season. But let’s change the meaning. Tie a bright red ribbon on your door handle, antenna or outside mirror. Let your car serve as a sign that you want to help stop drunk driving in Michigan.

Local students compete in academic contest

The contest was run on Apple II computers at secondary schools in 49 states, Canada and the Pacific Basin. The competition included 1,416 schools.

Huron County Public School System
The competition was sponsored by the Huron County Public School System, and the contest is one of the most popular academic contests in the area.

Laker Library important to students and staff

The library is an integral part of the school system to support students and teachers in achieving the learning goals of the curriculum. This year our curriculum includes a social studies class for junior high students. Therefore, it's especially important that our library collection and resources are up to date and that all students are able to access the information they need to succeed.

Buses are vital in large EPBP School District

Each morning, 15 yellow school buses roll out on the highway and head for various points within the 23 district schools that make up the Huron County Public School System. These buses transport hundreds of students each day, providing a safe and convenient way for students to get to school. The buses are vital in transporting students to and from school, ensuring that students have access to a quality education.

A prosperous new year!

THE NEW YEAR CAN BEGIN A NEW CHAPTER IN OUR LIVES

We will be hanging up a new calendar on the wall very soon, even as we celebrate the arrival of the new year with friends and relatives. This is also the beginning of a new chapter in our lives, and even if we are fortunate enough to have acquired any bad personal habits, there is always some room for improvement. Perhaps we could do more for the poor; even if it’s just by giving them those clothes that we expect to wear some day but haven’t worn in years. In fact, this would reward us with more room in our closets. Also, we should plan to attend our House of Worship regularly, whether we have been doing this or not. Whatever our faith, this year needs to make us happier and better adjusted, and eliminates the need of that long list of New Year’s resolutions that we probably wouldn’t have kept in any case.
