They're seeing less and less of Pastor Miller!

By SALLY RUMMEL
The teachers of St. Mary's Lutheran Church in Elgin are noticing less of their pastor than they did when he was in charge of the congregation just one year ago.

But the professors are congratulating Rev. Steve Miller for "Focusing more on his vocation and less on his past." The entire congregation has noticed the change in Pastor Miller, whom everyone refers to respectfully as "the Reverend." He has been known to run errands, buy groceries and fill oil tanks.

But he is quick to point out that there is only one belief he's gained - that he's no longer the one who weighs 329 lbs. at his baptism.

"It's not that I felt different," he says. "I just had a change in attitude. I'm the same person, I'm just living a healthier lifestyle." He adds that the support from the congregation has been essential in his journey to a healthier lifestyle.

"They were very supportive," he says. "When I first started to make changes, I didn't have a lot of friends. But now, everyone is very encouraging." He admits that it has been a struggle at times, but he is determined to stay on track.

Miller's weight loss journey began with a simple decision to make healthier choices. He started with small changes, like packing healthier meals and choosing more nutritious snacks.

"I started with small changes," he says. "I would pack healthier meals and choose more nutritious snacks." He credits his success to a combination of diet and exercise.

"I have worked with a dietitian and exercise specialist," he says. "They have been instrumental in helping me reach my goal." He adds that the support from his family and friends has been crucial to his success.

"They have been very supportive," he says. "They have helped me stay on track and continue to make progress." He is proud of how far he has come and is looking forward to the future.

"I am very proud of how far I have come," he says. "I am looking forward to the future and the journey ahead." He adds that he is grateful for the support of his congregation and looks forward to continuing to make progress.

As we see it

To tell the truth, we Americans LIVE...

To tell you the truth, we Americans are a nation of liars. And it's getting worse.

A new survey as published in a national book says 95% of Americans say they routinely, perhaps the big question is: were the other 5% telling the truth when THEY were surveyed, or...?

So far, those 9 of 10 Americans admitted to telling different lies – such as paying taxes, compliments about a friend's new clothing outfit, a dinner on the 2nd – and, to be fair, with 9 of 10 almost everyone would likely admit to "stretching the truth" every now and then – such as to a salesperson on the phone, a store clerk or even your own parent or priest...

But, surveys analyzed and published in the book "The Day America Told Truth" give us cause to be more than a little concerned about some disturbing trends in our society. The survey
vors made special efforts to give respondents the ability to answer honestly – since more than one public analysis before an election has been wrong trying to accurately predict the outcome, when folks really don't want to share their views. So, the book's co-author James Patterson explains that by this truth: "People say what others want to hear."

PIGEON DISTRICT LIBRARY
News and Notes

Weirdos from another planet.

That's the title of a short story by Philip K. Dick, which has already been made into a movie and a television series. The book tells the story of a group of aliens who arrive on Earth and begin to interact with humans. The aliens are described as being strange and mysterious, with a mix of friendly and hostile behaviors. The book explores themes of alienation and the difficulty of understanding another culture or species.

CIRCULATION

Circulation for the month of March 1950 was 15,895. The total circulation for the year was 183,500.

QUILT SHOW

The annual Pigeon Quilt Show was held on March 25, 1950. The show featured over 100 quilts, including traditional and modern designs. The quilts were displayed in the library's main reading room, and visitors were able to view and purchase them. The show was well-attended, with over 1,000 people in attendance.

RECYCLES

By Gone Days

DEAR EDITOR:

I was encouraged to write this letter because I think it is important that people are reminded of the importance of recycling. Recycling is a crucial aspect of sustainable living and helps to reduce waste and preserve natural resources. By recycling, we can reduce the amount of waste that ends up in landfills and recycling centers, and we can also conserve resources such as water and energy. It is essential that we continue to promote recycling and encourage others to do the same.

ELEANOR PEACE

Horsin' Around

By Shoe Pickering

ELLSWY PEACE

As the sun sets on another day, I thought to myself,...

"I've been watching you."

A bit eerie, but also intriguing. It was almost as if someone was observing me from a distance, watching my every move...

Silly girl - unconfident

Silly girl - so much...

Pain comes not with a whistle, & night

I stood now, my mind re-directed:

"Horses come, please listen!"

FLIES AWAY!

Agencies celebrating Auto-Owners 75th

Auto-Owners Insurance and the 120 agents in Michigan are celebrating the company's 75th anniversary this year. In recognition of this milestone, Auto-Owners is hosting a series of events and activities throughout the year to celebrate the company's history and its dedication to customer service.

DEAR READER: Perhaps other columnists think that the street group of readers in the world, know little or nothing. But while I was at a dinner party, I talked to a woman who was told to read a book by her mother, who has never owned a book. She said she could not read the book, but she could read the book to 300 people at 60 cents an hour. And then she said, "Give life, give blood."

GIVE LIFE, GIVE BLOOD

Volunteer Work
You Can Do Lying Down.

MONDAY JULY 15
3:00 P.M.
TO 7:45 P.M.
At The PIGEON VFW HALL

- It's peaceful... harassment. It takes about an hour from registration to cartons.
- YOU CAN GIVE: lyo between 17 and 60 and it good health... a Red Cross nurse & doctor team will do this.
