He's a local celebrity!

Milliken Mills will be the site of Mr. McClung's new headquarters in Bed Area as of next Thursday, when the Warrenville Youth Football Unit makes its TV debut on the "If They're Crazy, They'll Wear It" TV show on the "Fischer's Right" cable TV system. Milliken Mills, which is also the site of Milliken Mills High School, will be the location of a new television station, which will be a new "Fischer's Right" cable channel. Milliken Mills has been operating as an independent station for years, but it will now be part of a new network. Milliken Mills has been operating as an independent station for years, but it will now be part of a new network.

Raisin oked in Unionville

Unionville Village employees will get a pay raise April 1. The Village Council approved the 3.0% per hour wage increase during their meeting last week. The increase covers the village's two FPW employees and the police officer. The increase is in line with the United States government's proposed 1994-95 budget that Passed into effect April 1. Unionville Village Manager Willard will report the budget to the Village Council for its approval.

Owendale water bills rising

Owendale Village residents will see a rise in their water bills. The Village Council approved a 10.0% per year rise in the rates last week. The increase is due to the cost of the water treatment.

Accurate, Caring, and...
Czarbachowski is local leader for religious sightings group

By MARY OBER
A new worldwide movement among people to find God is underway, according to Czarbachowski, who has been invited to speak in 300 reported sightings of the Virgin Mary throughout the world. Since 1996, he has been investigating these reports and has been selected as the leader of the movement.

His organization, the Virgin Mary Research Institute, is headquartered in the United States and has offices in other countries. The Institute is working to bring together all information related to sightings of the Virgin Mary, as well as to promote the study of religious phenomena.

Czarbachowski believes that these sightings are a sign of the times, and that they are a message from God to humanity. He encourages people to keep an open mind and to seek out the truth about these events.

The movement has received support from religious leaders around the world, and Czarbachowski is eager to continue his work in spreading the message of love and peace.

PUBLIC NOTICE

LAKE TOWNSHIP REGULAR MEETING

The regular meeting of the Village of Indian Township will be held on Tuesday, April 2, 2023, at 7:00 PM at the Village Hall, 907 Indian Township Road, Indian Township, Michigan. The meeting will be preceded by a public hearing on the matter of the Village's current financial status.

The agenda for the meeting is as follows:

- Approval of minutes from the last meeting
- Approval of financial statements
- Discussion of Village Hall maintenance
- Discussion of Village Hall rental agreements
- Discussion of Village Hall security

Any member of the public is welcome to attend the meeting. If you have any questions, please contact the Village Hall at (517) 956-2122.
U.S. Consumer Product Safety Commission Poison Lookout Checklist

The home areas listed below are the most common sites of accidental poisonings. Follow this checklist to learn how to correct situations that may lead to poisonings. If you answer "no" to any questions, fix the situations quickly. Your goal is to have all your answers "yes."

The Kitchen...

Q. Do all harmful products in the cabinets have child-resistant caps?
A. Products like furniture polishes, drain cleaners, and soaps that children should not be able to open should have safety packaging to keep little children from accidentally opening the packages.

Q. Are all potentially harmful products stored in their original containers?
A. There are two dangers if products aren't stored in their original containers. Labels on the original containers often give first aid information if someone should swallow the product. And if products are stored in containers like drinking glasses or pop bottles, someone may think it is food and ingest it.

Q. Are harmful products stored away from food?
A. If harmful products are placed near food, someone may accidentally get a food and a poison mixed up and ingest the poison.

Q. Have all potentially harmful products been put up high and out of reach of children?
A. The best way to prevent poisoning is to make sure that it's impossible to find and get at the poisons. Locking all cabinets that hold dangerous products is the best poison prevention method.

Don't Let Child's Play Become A Dangerous Game. Make Poison Prevention Your Daily Aim!

The Bathroom...

Q. Did you ever stop to think that medicine can poison if they are used improperly?
A. Many children are poisoned each year by overdoses of aspirin. If aspirin can poison, just think of how many other poisons might be in your medicine cabinet.

Q. Do your aspirins and other potentially dangerous products have child-resistant closures?
A. Check to see that medicines get old, the chemicals inside them can change. So what once was a good medicine may now be a dangerous poison. Flush all old drugs down the toilet. Rinse the container well, then discard it.

Q. Are all medicines in their original containers with the original labels?
A. Prescription medicine may or may not list the ingredients. The prescription number on the label will, however, allow rapid identification by the pharmacist of the ingredients should they not be listed. Even without the original label and container, you can't be sure of what you're taking. After all, aspirin looks a lot like poisonous nitrates.

The Garage or Storage Area...

Q. Did you know that many things in your garage or storage area that can be swallowed are terrible poisons?
A. Paint thinner and remover and anti-freeze and turpentine.

Q. Do all these poisons have child-resistant caps?
A. If not, store them in a place where children can't get to them.

Q. Are they stored in the original container?
A. In a place where children can't get to them.

Q. Are the original labels on the containers?
A. Do you know where your medicine is kept?

Q. Have you made sure that no poisons are stored in drinking glasses or pop bottles?
A. Do you know where your medicine is kept?

Q. Are all these harmful products locked up and out of sight and reach?
A. When all your answers are "yes," then continue this level of poison protection by making sure that, wherever you buy potentially harmful products, they have child-resistant closures and are kept out of sight and reach.

We thank local pharmacists for these poison prevention guidelines.
USA okays summer SFA

USA School Districts Board of Education approved fund-
ing of the Future Farmers of America (FFA) Summer Pro-
gram for the next near and in the future. Each year ag teacher and FFA Advisor Carl Kissel had to request funding for the summer program. However, the Board last week approved including the summer program as part of the regular ag funding, ending the yearly request. In other concerns, the district's annual school election is set for June 14. The board five-year seat of Ray Bauer is expiring and so it the district's operational millage. He has not announced if he will seek re-election. Also, Board President Bauer was selected as the district's "Friend of Youth" for the Thumb Meet of Champions. King Houtchbcld was hired as junior high girl's track coach and Fred Lucht as J.V. girls' softball coach.

New Laker gym lighting

Next fall, when fans attend basketball games in the Laker High School gym, they'll be seeing the action under new lighting. The Laker School Board last week approved seeking bids to install the energy-efficient single lighting fixtures, to replace the present fixtures. "The new lights will provide the same amount of illumination as the present ones, but will pay for themselves over a three-year period, according to Suppt. Robert Drury. Detroit Edison offers incentives for schools to switch to more energy-efficient single lighting systems, to replace the present fixtures. The new lighting will provide the same amount of illumination as the present ones, but will pay for themselves over a three-year period, according to Suppt. Robert Drury."

The School Board set June 14 as the date of the annual school election. Two board seats expire and current board members Jane Christianson and Kurt Kestler have yet to say if they'll run for another term. Two separate millage questions may be on the ballot. Drury said, "Our will have a request for funds for technology, building and site improvements. The board will decide at the April meeting if voters will be asked to approve a second millage question. The board members will be studying how much money we need to maintain current operations next year," Drury said. "We're still waiting for figures from the boards of review."

The district currently is authorized to levy 20.02 mills, but was forced to roll back that rate because of the Headlines Amendment which forces schools to reduce taxes when increases in property values rise faster than the rate of inflation. — By Amy Heiden

LAKER VOLLEYBALL BASKETBALL SQUAD LOSES TO STATE CHAMPS (again) For the second straight year, the Burrell-Belle Vernon Volleyball team has lost to either the Stewarts or Westmoreland in the semistate of the Class AA tournament. This year, the Class AA Championship trophy was won by Deerfield. The final score of the game was 11-25, 15-25, 15-25, 25-21, 15-9, which is still in the pages of the Burrell-Belle Vernon volleyball program. The team is looking forward to playing in the PIAA state tournament next year.

The Laker Basketball team is also preparing for the upcoming season. The team has been working hard over the summer months, and is looking forward to a successful year. The team is led by head coach Jeff Quick, and is returning many key players from last year's team. The team is excited to see what the season brings.

NCI names All-Conference sports teams

The NCI All-Conference Sports Teams were announced recently. The team includes all the top performers from the Northside School District, including the Northside All-Stars and the Northside High School All-Stars. The team is comprised of players from both boys and girls teams, and includes players from a variety of sports, including basketball, volleyball, and soccer.

The team includes: Northside All-Stars - Jordan Smith, Northside High School All-Stars - Jordan Smith, Northside High School All-Stars - Jordan Smith, Northside High School All-Stars - Jordan Smith, Northside High School All-Stars - Jordan Smith, Northside High School All-Stars - Jordan Smith.

The team is coached by offseason practice coordinator, Mr. Tim Harman. The team has been working hard over the summer months, and is looking forward to a successful season. The team is excited to see what the season brings.

Lions join this week’s Gary Lefflorey Tournament

At least one of the teams in the Lion’s basketball tournament is ready to go. The Northside Lions are ready to go. The Lions, led by head coach Jeff Quick, are looking forward to a successful season. The team is led by senior point guard Jordan Smith, and is returning many key players from last year’s team.

The team includes: Northside Lions - Jordan Smith, Northside Lions - Jordan Smith, Northside Lions - Jordan Smith, Northside Lions - Jordan Smith, Northside Lions - Jordan Smith, Northside Lions - Jordan Smith.

Weather Update...

FIX-UP...CLEAN-UP...PAINT-UP...SWING INTO SPRING! FIX-UP...CLEAN-UP...PAINT-UP...SWING INTO SPRING! -- Special Newsweekly Section --

Last-minute spring tax tips

(Penned by The Michigan Public Accounting Association)

If your income tax return for 1992 yielded larger tax refunds for you, you may want to review your tax strategies for 1993. With the economy in a depressed state, tax refunds may be lower. For this reason, you should consider whether you can use your tax savings to your advantage. Before deciding on the amount of your tax savings to invest, you should calculate your timing needs and risk tolerance.

Set up a SEP
If self-employed, you have until April 15 (2012) to establish a SEP for self-employed individuals. A SEP is a simple, cost-effective way to fund Roth IRAs, deductible traditional IRAs, and qualified plans. The SEP is for those who work for themselves. The SEP is a popular retirement plan for self-employed individuals.

Calculate child care expenses
You may qualify for a child care tax credit or a paid day care tax credit if you incurred child care expenses to keep your child out of school. To qualify, your child must meet the definition of a qualifying child and the tax credits and deductions are limited to federal tax laws.

Check your mortgage expenses
If you plan to refinance a mortgage, you may consider refinancing to lower your monthly payments or to reduce your tax liability. Refinancing your mortgage can also save you money on your monthly payments, especially if you have a lower interest rate.

Pigmen Lumber offers new program

This specialized services area is designed to be an on-site location for our customers to view and purchase new construction or replacement projects with windows, patios, doors and other home improvement needs.

WORKS BEST late last year in Bay Port and a new extension, one of the centerpieces of the annual Bay Port Chamber of Commerce’s Blue Ribbon Days in June. You want to place the Pavilion and Sunday’s second annual “Night-out on the Town” benefit Party at Fishing assembled to provide funds for this project. The $120,000, at Bay Port, was located at the door or available at the Bay Port City Hall.

It’s my job

Sally Nicholas - UPS Driver
Sally Nicholas of Bay Port, has been a United Parcel Service driver for the past five years. Nicholas has been with UPS for 14 years. One of the job’s requirements is being a weekend package. She enjoys meeting people and visiting the people on her route.
