Sebewaing's "no-bombing" rules in force

Sebewaing Village Council's new Law Enforcement Committee is already making its mark, with "no-bombing" rules for residents and anyone anticipating firework displays.

"Possibly the village police will have to enforce a shooting curfew, but it hasn't been decided yet," Village President Lloyd Adams.

The village has purchased a noise meter, which will be used to pick up loud noises from fireworks, possibly on weekends.

Those with large groups or loud displays are reminded that loud music or fireworks are regulated to avoid disturbing neighbors.

Another problem involves "cap" or "paper" rockets, which are unlit, empty casings that are used to straighten trees.

Through the help of the Village Police, neighbors will be notified of the unlit "cap" rockets, which are a nuisance because they cause smoke and noise, and tickets will be issued.

With the holidays rapidly approaching, the Sebewaing Food Pantry is asking for donations of food items for those less fortunate.

Fifty-six baskets were prepared for Sebewaing residents, and the holiday need will be exaggerated this season.

"The need is higher this year than last year, and the need is higher in the city than on the outskirts." 

"It is a very serious problem, and the need is increasing. We have been seeing an increase in the need for food, and we are anticipating a need for more.

The Sebewaing Food Pantry is located at 150 E. Michigan Ave., and they are open Monday through Friday from 9 a.m. to 4 p.m.

Letters from readers

That’s the way I see it...

By DIANA SCHAEFER, old Board of Education

Sometimes when you have been in the public sector for an undetermined period of time, you start to wonder what the purpose of your job is. You start to ask yourself, “Why do we do this?”

I believe that the answer is simple: to serve the community.

We are all employed by the community, and we are responsible for providing the best possible education for all students.

This means that we need to be accountable to the community, and we need to listen to their concerns.

As teachers, we need to be creative and innovative in our teaching methods, and we need to be willing to try new things.

As administrators, we need to be fair and just, and we need to be willing to listen to the concerns of our teachers and students.

As parents, we need to be involved in our children’s education, and we need to support our teachers and schools.

It is the responsibility of all of us to ensure that our children receive the best possible education, and we need to work together to make that happen.

That’s the way I see it...

DRUM MAJORS "STEP UP!"

The month of October is one of the major testing months for Lakeview High School. The beginning of this month is also the time for our students to take the AP Calculus test. Be sure to understand the purpose of such tests and what and what the tests will cover.

October is... STUDENT TESTING TIME!

The ACT test is a scheduled test for all senior students in the high school. The test is a four-hour exam which will be held on the last day of the school year. Students are encouraged to take the ACT test to ensure they are prepared for college. The ACT consists of four sections: English, Reading, Math, and Science.

The ACT test is an 8-hour exam which will be held on the last day of the school year. Students are encouraged to take the ACT test to ensure they are prepared for college. The ACT consists of four sections: English, Reading, Math, and Science.

The test begins at 8:00 a.m. on October 25th in the school's main auditorium. The test will last from 8:30 a.m. to 12:30 p.m. and will be administered by the school's ACT test administrator.

FRIENDS AGAIN - Elston students Nicole Voelkel and Emily Goodrich renew their friendship on another school season.

GOTCHA!

A New Step Towards Positive Recognition

At this time, the test will be administered by the school's ACT test administrator.

Laker Secondary Principals' Reports

By LISA DIALMELLO

Lakers are pleased to announce an open meeting during the first week of school for parents and students of all grades. This is an opportunity to learn more about the school and how it operates. We encourage all parents to attend this meeting, as it will provide valuable information and insights into their child's education.

By RICHARD PAUL

Laker Junior High Principal

We are working hard to create a safe and inclusive learning environment for all students. I encourage all parents to talk to their children about the importance of school and to support their academic success.

MISSING MAGAZINES

It appears that some magazines were not delivered to Laker High School. We are working to rectify this issue as soon as possible.

Laker Homecoming is Friday, Oct. 1

Parade is in Downtown Pigeon at 5:30 p.m., and Game time is 7:30 p.m.

Half-time Show will include Queen Crowing.

By KATHY DICKENS

Laker Junior High Counselor

We are here to support our students and help them reach their full potential. If you have any concerns about your child's behavior or academic performance, please don't hesitate to reach out to me.

Elkton specialty plant to end feed production

By ANDY HEIDEN

Elkton has been a part of the cooperative movement since 1946, when the town’s elevator was purchased by the community. The mill has been a source of pride for the town and its residents, providing a livelihood for many people. The Elkton plant is one of the oldest and most well-respected elevators in the area, and its closure marks the end of an era.

During the past several years, the cooperative has faced increasing challenges, including declining grain production and changes in the market for flour and feed. As a result, the cooperative decided to sell the Elkton plant to a private investor, who plans to convert the facility into a distribution center for feed and animal health products.

The sale of the Elkton plant is expected to generate significant revenue for the cooperative, which can be used to support other projects and initiatives. This is a difficult decision for the cooperative, but it is necessary to ensure the long-term viability of the organization.

The Elkton plant has been a symbol of community pride and a vital part of the local economy. Despite its closure, the cooperative will continue to support the town and its residents in other ways.

The cooperative thanks the community for its support over the years and looks forward to continuing its efforts to support the local economy and improve the quality of life for its members.
