General Election is this Monday

By MARY DRIER

Voters in the Thumb will go to the polls next Monday, March 14 for General Elections to decide on village po-

ELKTON: It's an all-Republican ticket in the unopposed village elections.

Incumbents seeking re-election are Barbara Thompson as president, Janet Santos as

clerk, Max McKenzie as treasurer and Phyllis Tamblyn as assessor.

Incumbents James Jaworski and Frank Kolar, and newcomer Ivan "Bud" Robertson are seeking the three council seats.

Jim Wilson is not seeking reelection.

All are two-year terms. **SEBEWAING:** Candidates include: Republican Dave Wineman for president, Maxine Kauffold, for clerk and Sharron Edler for trea-

Lloyd Adam is not seeking re-election as president.

Candidates for the three trustee seats are incumbents Fredrick Sharpsteen, Donald Beers, and newcomer John Pitcher.

All candidates are Republicans and all seats are for two vears.

UNIONVILLE: The contested race here is for trustee.

Unopposed Republican incumbents are Ted Balzer for president, Harvey Niedrich for clerk and assessor, and Robert Balzer for treasurer.

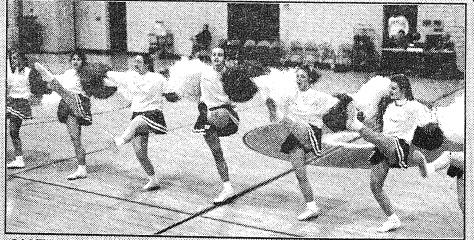

Those vying for three trustee positions include incumbent Democrat John Katnik, Democrat Elias (Lee) Mascorro, Republicans Fred Gardner, Thomas Koepfand newcomer Lynette Eremia.

Mascorro was appointed last year to replace Gardner who recently decided to return to office to fill the vacancy created when Robert Schmuck resigned earlier this year.

PIGEON: It's an all-Republican ticket, as all incumbents seek re-election unopposed. On the ballot are David Geiger as president, Janet Heckman as clerk, Frances Armbruster as treasurer and Clayton Esch as assessor.

Seeking council seats are John Smith, Ken Licht and

Proposal 'A' vote is

By AMY HEIDEN

Michigan voters face two choices when they go to the polls next Tuesday, March 15 that will change the way education is funded.

The so-called "Ballot" plan will reduce property taxes for schools to six mills and cap assessments at 5% or the rate of inflation — while the "Statutory" plan reduces taxes to 12 mills with no assessment cap. (See graph for further details on the two plans.)

The ballot plan would also reduce the income tax rate to 4.4% from 4.6% and increase the sales tax to 6%.

The statutory plan would raise the income tax rate to 6% while the sales tax would have no change.

If the ballot plan is defeated, the statutory plan would go into effect. Therefore, a "no' vote on the ballot plan is a "yes" vote on the statutory (back-up) plan.

A mill is the tax rate calling for \$1 in tax per thousand dollars of assessed valuation.

For example, with a millage rate of five mills on property worth \$50,000 and assessed at \$25,000, a property owner would pay \$125 a year in taxes.

While an individual's overall taxes go up or down depends on his or her personal circumstances, the effect of either proposal on local schools will vary.

In the Elkton-Pigeon-Bay Port School District, passage of either proposal won't have much of an effect on per-pupil spending, according to Supt. Robert Drury.

The state will pay a foundation grant of \$4,386 per pupil and the district will receive money from the state based on student enrollment.

The Laker District spends \$4,391 per student in the 1993-94 school year and in 1994-95 plans to spend \$4,634 per pupil with a school operating tax of 28.94 mills. But school officials must pay teachers' Social Security and retirement pay from the 94-95 figure, Drury said.

"Under either plan, we'll get the same amount of money," Drury said. "It just comes from different pots.

In the USA School District, Supt. William Dodge says passage of the ballot plan will hurt schools.

Currently the district spends \$4,690 perpupil, and in 1994-95, plans to spend \$5,009 per student, with an operating millage rate of 34.5 mills.

"Districts that haven't been receiving state aid, such as our district, will have a shortfall in revenue," Dodge said.

"We think we'll have a \$200,000 shortfall under the ballot plan."

The USA District would receive \$4,509 from the state's foundation grants, he said, which is far less than the district is spending now. That shortfall could mean program

Caseville Supt. James Stahl wasn't available for comment, but figures show that the district currently spends \$5,919 perpupil while levying 14.76

Under the ballot plan, district property owners will pay six mills, while non-homestead property owners will pay 20.76 mills.

Under the new school financing law, every child in the state would receive funding at no less than \$4,200 per pupil.

For those districts that already receive more than \$4,200, the funding formula guarantees an increase for next year that is at least \$160 per pupil over this year's funding.

School officials say they realize voters are confused by the school funding reforms and the ballot proposals.

"I just spent two days in Lansing and I came away not knowing any more," Drury said. "Even at this late date, they're still arguing over it."

Mar. 28 Unionville hearing

Unionville Village Council will host a 7 p.m. public hearing Monday, March 28, to adopt the village's 1994-95 budget. The new budget will go into effect April 1.

"We are working on the budget right now and don't know how it compares to this year's," said village Clerk Harvey Niedrich. Council members are expected to work on the budget during the 7 p.m. Monday, March 21 meeting.

TASC start times to change

Class time for the Tuscola Area Skill Center in Caro will change with the beginning of the 1994-95 school year.

In the fall, morning classes will begin at 8:45 a.m. instead of 9 a.m., and afternoon classes will begin at 12 noon instead of 12:15 p.m.

"Local districts requested the change as being more convenient to fit with their programs," said TASC Supt. John Moore. We are serving local district needs and that's our role. If they want to start earlier that is fine with us."

The Skill Center provides technical hands-on training in a specific occupations to over 800 students from the county's nine school districts.

SAVING SMOKING LIVES: No matter what your personal views are on State Proposal A, which will be decided in next Tuesday's Special Election, the American Lung Association says its passage would save 1,517 lives in Huron, Tuscola, Sanilac and Lapeer Counties. The ALA says the 50-cent tobacco tax increase will cause more people to quit smoking, resulting in these statistics, if Prop. A is approved:

New A-F Principal sought

Akron-Fairgrove School District officials are seeking a new Junior/Senior High School Principal to replace Jim Ross. Ross is resigning from the school district at the end of the school year, and has been with the district about three years.

A-F needs new buildings

Akron-Fairgrove School officials are considering holding a bond election to replace aging buildings, most more than a half-century old.

The Fairgrove Elementary building is about 50 years old, while the Akron Middle School building is 57 years old. Even the consolidated High School building is over 30 years old.

'The district has a terrible need to do a preventative maintenance program and rehabilitation on its facilities," said Supt. Kenneth Tafts. "Repairs, especially, in our heating plants, are

USA play on target for Mar. 25-27

In spite of several snow days cancelling play practices, the cast of the melodrama "Deadwood Dick" is still shooting for performances 7:30 p.m. Friday and Saturday, March 25 and 26 and 2 p.m. Sunday, March 27, at the USA Middle School in Sebewaing.

"Melodrama was originally a type of theatre with a view of life that was over simplified," said Joan Hofmeister, drama director.

"Good and evil were clearly defined and the results of ei $ther\,behavior\,are\,obvious\,and$ expected."

"Deadwood Dick" is set in the Cheyenne hills at the turn of the century, and the style is a departure from anything the USA actors have done before — and promises to be "something the audience will have much fun with as the actors have in practice."

The public is encouraged to take advantage of this opportunity to see high school youth doing their best.

Hofmeister is assisted by musical director Bryan Latimer. Tickets are available at the door.

ON STRIKE: Union workers at Pigeon Manufacturing Co. walk the picket lines, after

contract negotiations between United Paperworkers International Local 7320 and com-

pany management reached a stalemate. The workers are striking over company demands

A month of contract negotiations broke down between the management and union workers at Pigeon Manufacturing, sending 65 workers to the picket lines last week.

The workers, members of United Paperworkers International Local 7320, walked out at midnight Tuesday after their contract expired Monday.

The contract offered by management included a 10% pay cut, elimination of cost-ofliving allowances and changes in vacation eligibility, according to union officials. Management also asked employes to pay 20 percent of their monthly health insurance premiums and switch health insurance carriers, union officials said.

Company officials also want to pay new workers \$6 an hour, with a 25-cent per hour pay raise after 90 days. After one year, those employes would earn a \$1 an hourraise. Under the old contract, new hires were paid \$1 an hour less than standard classification pay rates.

As we see it

Proposal A is best option; deserves support

As in the case of so many recent votes and public decisions, it's finally time to hear the end of the "pros" and "cons" in TV and print ads. And it couldn't be coming too soon.

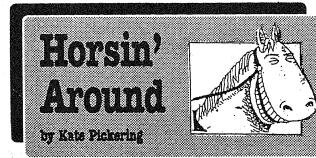

We'll all finally be voting on State Proposal "A" in next Tuesday's Special State Election. That's not to be confused with Monday's General Election... but both are important dates to be sure you're among those who cast ballots.

In a nutshell, Proposal A will restructure how we pay for public education in Michigan and it's by far the best possible alternative to the unfair, inequitable system based on property ownership which has been the Michigan norm for half a century.

Part of the problem with Proposal A and similar plans is how complex they seem. Proposal A can't be easily described in 20 words or less. But basically, we Michigan voters have the choice of providing \$10.2 billion in school funding by raising our current 4% sales tax figure to 6%, and restructuring several other tax rates. The alternative is business as usual — taxation based on property

Our Legislature is keeping our noses to the grindstone because failure to adopt Proposal A will put into existence the "backup" plan, which raises state income tax levels from the current 4.6% to a flat 6%. Either way, whether or not Proposal A is approved, we WILL have a new financing method for schools on the morning of March 16.

No one wants tax increases, obviously. While our current 4% sales tax rate is among the lowest in the U.S., a 6% rate puts us into the "middle" ground nationally. But in reality, our property tax rates are even more unfair. And, since all consumers pay sales taxes, the school financing burden will be spread more evenly, as it should be.

EXPLAINING

Sometimes, when you're a "horse person," there are moments when you feel kind of different, or alone, as if your hobby were akin to raising dinosaurs or something.

You see, it is sometimes difficult to explain to lay-persons that you have no money, when in your living room sits a fullyloaded silver show saddle. People don't always understand that you can't afford go to out for lunch, when they know your horses are eating the best feeds and supplements available for

It's just difficult sometimes to explain why everything in life comes second to your passion, when he or she to whom you are explaining doesn't share that passion. And sometimes, too, even our family and friends don't understand why all our money and free time are spent on those "damn horses" (as I've often heard them referred to.)

Well, fellow horse enthusiasts, take heart. There is a place you can go where you don't have to explain. There is a place you can go where they all understand. There is a place you can go that is teaming with thousands of people just like you, who put all their time, money, hopes and dreams on the back of a

On March 11,12 and 13, these people will converge under the roof of the Lansing Civic Arena to talk to trailer salesmen, dicker with fencing dealers, question feed representatives, meet other horse enthusiasts, set up breeding programs, and learn learn learn about a variety of horse related topics. These people will share, talk, buy, trade, exchange, sell, hope and dream... but not once will any of them be expected to explain.

It all takes place at The Michigan Horse Council's 11th Annual Horse Expo, Trade Show and Stallion Exhibition, and if you're a lonely horseperson who has known any of the feelings described above, you owe it to yourself to enjoy the really major group therapy that comes from wandering around a huge enclosure with thousands of people who all share your

I'll certainly be there . . . and I know I don't have to explain

Yes, cigarette taxes will go up when Propsal A is approved. Yes, interstate long distance phone calls will cost more, too, and yes, some educators feel they'll have less control than they now enjoy.

But Proposal A is much more fair and reasonable than is the backup plan. It deserves support, because our children need better funding assurance — and equity — in the future than they've had in

And, hopefully, the unfair and misleading TV ads will stop as of Tuesday, too, which is another blessing for us all...

■ We've heard now that some of the wild turkeys released several weeks ago between Sebewaing and Rose Island are being seen. Some suggestions are that they've split into two groups, and that some are moving south several miles, but generally return to the vicinity where they were released. Some "turkey boosters" have installed feeders and they're being used by the big birds. Any information concerning them will be appreciated.

Incidentally, a turkey workshop is planned for Sebewaing on Saturday, April 9, with instructions in calling, camo, turkey habits, etc. Release of the wild birds in this area will surely heighten interest and bring larger numbers of hunters (and watchers) to events like the turkey workshop. . .

Huron Farm Bureau says 'yes' to Proposal A on March 15

ARMBRUSTER,

President, Huron County Farm Bureau, Inc. The Huron County Farm

Bureau strongly supports ap-

proval of Proposal A on the larch 15 ballot. Under Proposal A, nearly all farmers will pay a six-mill homestead tax on their land. The back up statutory plan

will put a 12-mill tax on the land immediately adjacent to farm homes and 24-mills on rented and noncontiguous farmland. The substantial reduction in

property taxes under Proposal A will put Michigan's property tax bill more in line with other states, and make Michigan agriculture more competitive.

Under Proposal A, Michthe national average.

> No matter how smoothly and happily our lives move along, someday we will face grief and pain. Some people seem to have much more than others, but all of us will face it someday, one way or another.

> When that day comes, when we feel crushed and alone, we can take comfort that God will never give us more burden than we can carry. He is always with us, watching over us.

Most of us are fortunate enough so when we are pained and grieved by death, we will be comforted and strengthened by amily and friends. In the weeks and months after the funeral they will be with us, but in time they will return to their own private lives and we will be on our own.

Then we will realize that there is One who will always stand beside us, and it will be Jesus, who is there by night as well as by day, in sad times and in better days.

With His promise, we should put our trust in the Savior who

bore all our griefs, for He will comfort us always.

Laker girls fall to Bad Axe Pats split in final week

Stunned disbelief spread throughout the Laker High gym Saturday, as the realization sunk in that - for the first time in 11 years — the Lady Lakers didn't win a dis-

Their season ended early with a semi-final loss to the hot Bad Axe Hatchets 15-13, 13-15, 15-10.

The Hatchets went on to defeat an outclassed Harbor Beach 15-3, 15-4 in the finals for their first district title. They'll move on to regional play next Saturday on their home floor.

Laker Coach Sue Frederiksen worried about that district match more than any other, as she looked down the state playoff road.

"I knew districts would be tougher than regionals," Frederiksen said. "Iknew Bad Axe would be tough. I wasn't pleased with the way we warmed up.

"I can usually tell how we're going to play by the way we warm up, and the warmup was not clean and that had me worried right away."

The Hatchets had lost four previous matches to the Lakers, the last one just the previous week. On Saturday, they played as if they had nothing to lose as the Lakers succumbed to the pressure of being the favorite.

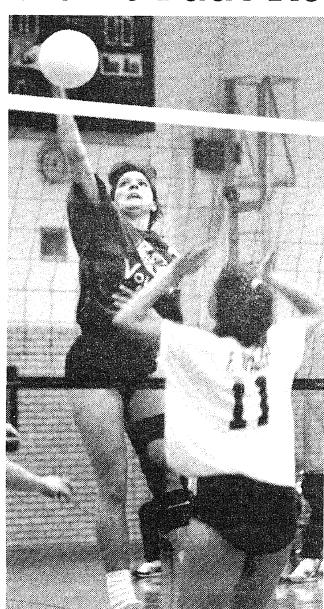

They made some small adjustments to their defense and that, plus some mental adjustments, made all the difference, Hatchet Coach Mindy Breault said.

"We knew if we could keep our heads in the game we could keep it close and it would be a biggame and that's what it turned out to be."

After falling behind 7-0 to start game one, the Lakers battled back behind Jenny Murdoch's and Lora Picklo's strong serving to grab a 9-7 lead. But the pesky Hatchets came right back to lead 11-10 before Picklo got a kill and Shelly McCain served two service points to put the Lakers back up 13-11.

Bad Axe never let down and lead 8-2 in the deciding game to hold a slim 10-9 lead with Kolar getting four ser-vice points and McCain serving four points.

But it would be the last point of the season for the Lakers as the Hatchets' relentless defensive blocking and short tips finally ended the playoff road for the Lakers, 15-10.

No election surprises

Voter turnout during Feb. 21 Primary Elections in Tuscola County were very light and held no surprises. GAGETOWN: Incumbent Democrat Elery Sontag, received 15 votes for clerk and 14 votes for treasurer while Republican

newcomer George Wilson received 9 votes for clerk and 8 votes for treasurer. Final decision for this post will come during the March General Election. For Village Council, incumbent Democrat Eugene Comment

got 18 votes, incumbent Democrat David Abbe got 18 votes, Republican incumbent Mary Ann Tenczer got seven votes, and newcomer Democrat Paul Hunter got 18 votes. Not earning nominations were other newcomer Democrats Frederick Periso with 3 votes, Cherri DeCatur with 3 votes,

and Robert DeCatur with 3 votes. Decision for the trustee seats will come in March as incumbents Comment, Abbe, Tenczer and newcomer Hunter vie for the three seats. Incumbent Republican Charles Wright was unopposed for

president and received 9 votes. All seats are for four years. There were 42 votes cast with 10 spoiled ballots.

FAIRGROVE: Incumbent Republican President Lynn Cramer got 24 votes for president to edge out G.O.P. challenger Lyle Hall, who received 19 votes Incumbent Republican Clerk Ann Marie Ball was unop-

posed and received 36 votes. Incumbent Democrat Deborah ng was unopposed for assessor and received 1 vote Incumbent Democrat Treasurer Deborah Ewald received 4 votes and will square offagainst Republican newcomer Patricia Wilson who received 25 votes. March elections will decide this post. Those seats are two-year terms.

For the three four-year trustee seats, incumbent Democrats Raymond Cragg received 2 votes, Ronald Thomas got 3 votes and Republican Carolyn Hall had 30 votes Of the village's 350 registered voters, 52 ballots were cast with four spoiled.

Akron office shut Mar. 4-14

The Akron Village Hall will close from Friday, March 4, to Monday, March 14, for the Clerk Raylene Reder's vacation. The office will reopen on Tuesday, March 15, and Council members will hold a budget hearing at 7:30 p.m. that night on the 1994-95 budget, which goes into effect April 1.

Amounts of next year's proposed budget were not available, but Reder said she expects some trimming to get the new budget lower than the current budget of \$152,000.

Proposed Thumb central dispatch may cover 4 counties

A proposal to change dispatch operations in the Thumb is moving ahead. Several advisory boards are studying the feasibility of a

regional dispatch system involving Counties of Huron, Tuscola, Sanilac and possibly Lapeer.

The Tuscola County Central Dispatch Advisory Board conducted a poll of area police, fire and ambulance services, seeking input about a regional dispatch center and whether it should be independently run.

The advisory board is also studying the possibility of relocating the dispatch center and using an independent firm, even if the effort to regionalize operations fail.

"All of the service groups are in favor of seeking an independent dispatch center that is not run by the sheriff's department," said Caro's State Police Post Commander Douglas Lautner, who also serves on the Tuscola Central

Dispatch Advisory Board. "The board took the information under advisement and is exploring the possibility of moving Tuscola County's Dispatch Center out of the basement of the Sheriff's Department and relocating it to the basement of better," said Gage. the Tuscola Road Commission building on M-24.

However, Tuscola Sheriff Tom Kern and Huron Sheriff Mike Gage are both skeptical about the proposal.

"Personally, I don't like the regional concept. The State Police have been pushing for it for a long time and I don't like it for the same reasons they don't like consolidating their posts," said Kern. He also serves on the advisory

"I think it will make dispatching its own little monster, and as far as cost savings goes, there is the added cost of administering it."

Despite his personal feelings Kern said he wouldn't stand in the way if officials approved the change - and if doing so wasn't costly.

"I'm not against moving dispatching out of here if we don't have to buy a new building. I won't back it if it will take a new building, but if it

Pigeon resident marks 90 years

ALBERT SCHUETTE

Albert Schuette of Pigeon was guest of honor at a 90th birthday celebration hosted by his family on Feb. 19 at the Elkton Civic Center.

Special well-wishers included Pastor Raymond Orth, brothers Walter and Carl Schuette, sisters Hulda Baur and Olga Renn, brother-inlaw Fred Renn and sisters-inlaw Gladys Schuette and Viola Schuette.

Surrounded by a birthday banner, balloons, colorful table settings and flowers, guests enjoyed a buffet style turkey and ham dinner prepared by the guest of honor's children and grandchildren.

Family in attendance included his children, Elmer

of Hemlock, Clare and Donna Schuette of Cass City, Willson and Bea Marsh of Imlay City and Cary and Alice Marsh of Stevensville.

Sixteen out of 17 grandchildren were in attendance, having traveled from as far as Illinois and North Carolina. Six of 10 great-grandchildren also added their youthful glee. according to family members.

Two local girls who attend Valley Lutheran High School in Saginaw were cast in the high school's winter program of "On the Streets of New York.'

The two plays were entitled, "The Cop and the Anthem" and "The High Window" and were under the direction of Karen (Krauss) Rummel, former Sebewaing resident.

Kristin Bolzman, daughter of Ron and Adelia Bolzman portrayed a Woman with Umbrella, and Jenny Deeg, daughter of Robert and Linda Deeg was a Street Cleaner in "The Cop and the Anthem" production

Both girls are sophomores at Valley Lutheran High.

ANNUAL TAX SALE

INTHECIRCUIT COURT FOR THE COUNTY

In the Matter of the Petition of the State

Treasurer of Michigan, in behalf of said State, for the sale of certain lands for taxes assessed

I reviewed the petition of the State Treasurer

who is requesting a judgement in favor of the State, against each parcel of land therein de-

scribed, for the amounts claimed to be due for

taxes, interest and charges on each parcel of

land, and that the lands be sold for the amounts

It is ordered that the petition be brought on for

hearing and judgement at the April term of this

Court, to be held at Bad Axe, in the County of

Huron, State of Michigan on the 4th day of April,

1994. At the opening of Court on that day, all

persons who have an interest in the lands or any

part thereof, who wish to contest the lien claimed

by the State, shall appear in this court and file

their objections with the clerk on or before the

first day of the term of this Court mentioned

above, and a judgement will be made as re-

quested in the petition if the amounts due are not

It is further ordered that the lands described in

the petition, will be sold for the sold for the taxes,

interest and charges on the first Tuesday in May

thereafter, beginning at 10:00 A.M. on that day

or days after, that are necessary to complete the

sale of each parcel, at the office of the County

Treasurer, or at a location selected by the Trea-

surer, at the County seat of the County men-

claimed by the State.

In the matter of the Petition of the State Treasurer of the State of Michigan, in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Huron: Douglas B. Roberts, State Treasurer of Michigan, shows unto the court:

1. That he is the State Treasurer and files this petition under the provisions of P.A. 206 of 1893, as amended, and P.A. 380 of 1965, as amended 2. That the attached Schedule A is the tax record required by the act and contains the description of all lands in the above county upon which taxes were assessed for the years mentioned therein and have remained unpaid for more than one year after they were returned

3. That the amounts opposite each description of land are (a) the total amount of delinquent taxes which may lawfully be sold at the next annual tax sale, (b) interest calculated as provided by law to the first day of May, (c) a county property tax administration fee of four percent, with a minimum of \$1.00, and \$10.00 for expenses, all in accordance with the act men-

4. That all of the taxes, interest and charges are valid and have remained delinquent for sufficient time to require the sale of the lands against which they were assessed at the next annual tax sale, and constitute a valid lien upon each of the parcels of land, and that a judgement be issued in favor of the State against the land for the payment of the amounts specified, and if id, that the lands be sold.

Therefore your plaintiff requests: a. That within the time provided by law this court determines that the aforesaid taxes, interest, and charges are valid and constitute a valid lien upon each of the parcels of land described

in Schedule A;
b. That within the time provided by law this court makes a final judgement in favor of the State of Michigan against each parcel of land for the payment of the taxes, interest, and charges in Schedule A, and that the amounts listed in the column headed "Aggregate" shall constitute the amounts adjudged against the lands, unless so amended by this court;

c. That if the amounts in the schedule are not paid, the lands, or the portion that is necessary to satisfy the amount adjudged against the lands, shall be offered separately at the tax sale as the

Wonderful memories he's left his wife Tried to make the best of pain and strife. They were sweethearts in school, don't forget Enchanting, inseparable, an awesome duet.

Three handsome sons joined the family tree Next was the move to the peaceful country. Steve skated with them on the frozen pond Enjoyed each day, didn't look "beyond".

Fate soon dealt Steve a nasty blow His good health started to go. He still found time for his family While suffering to a certain degree.

The Angels came and took Steve home Where pain and suffering never roam. A piece of our hearts went with him Absence will never make our love grow dim.

Our lives are richer, knowing Steve God will help us tho' we grieve. Time will help relieve the pain Because we know, we'll meet again. Until then, we'll settle with the memories Of your gentle smile, always trying to please.
