They're District B-ball champs!

By AMY HEIDEN

Midway through the season, nobody much gave the Lakersa chance at snaring a fourth straight district basketball title.

Then Coach Bill McLellan started tinkering with his team, moving people around while hoping for the best.

while hoping for the best.
The best did happen, as the
Lakers waltzed through the
playoffs, and added another
district trophy to their already-stuffed trophy case,
with a 70-59 win over Harbor
Beach Friday night.

The district win means they'll move on to regional action at Sandusky Wednesday, where they'll meet Flint Hamady at 7:30 p.m.

The Cass City Redhawks and the Brown City Green Devils match up on Tuesday night, and the winners will meet on

Friday for the regional title.

The Lakers struggled a bit during the season, McLellan

said, but put everthing together at the right time. "Just before we started winning some ballgames, I told my wife I'd like to get it right

one time," he said.
"That was just before we played Cass City (and beat them) and we got it right and we've been getting it right

ever since."

They started their playoff quest right, by defeating Ubly in the district opener 75-64, getting their first win of the season over the Bearcats.

Although the Bearcats are known as three-point sheeting team and made a flurry of them inthe first half, the Lakers still held a 35-29 advantage going into the third quarter.

And despite a late rally by Ubly that cut a 19-point deficit to six, a sure touch at the free throw line helped the Lakers hang on for the win, as they made 15 of 23 shots from the line in the final period.

"It was one of those games where you hang on," McLellan said. "You just hope you can keep scoring enough to hang on a win it.

"I think we were patient enough to get the ball to the right people."

Elkton oks license transfer

Diners enjoying a meal at the Hitching Post Inn will soon be able to order a mixed drink or beer with their meals.

Elkton Village Council approved a resolution last week approving the transfer of ownership of a liquor license from Barb Wills, former owner of Ty's Bowling Lounge, to Hitching Post owners Frank and Lottie Podczerviensky.

The couple has been trying to get a license for several years for their restaurant, but only two licenses were available for the village. When ownership of Ty's and the liquor license reverted back to Wills, who now lives in Nevada, the license became available.

Elkton's summer recreation program may be in jeopardy this summer.

Village officials have asked the Huron Youth Center to take over the six-week program, but Youth Center officials may be reluctant to do so because of the time involved. The center is staffed entirely with volunteers and those volunteers are in short supply, plus they have little experience in running a recreation program, officials say.

Discussion on the matter was tabled until the April meeting, and a decision could be made whether or not to scrap the summer rec program entirely.

Clark Street and Drettman Drive will be getting facelifts this year, after Council accepted the low bid of PTI, Inc. to rebuild and pave the streets, near Active Industries.

The bid of \$32,124 includes paving those two streets, and paving from York Street 400 ft. into the industrial park, as well as the parking lot around the village's storage shed on Mullen Street.

In other business, Elkton Council:

Maccepted a bid of \$15,276 from McCormick Motors of Pigeon for a new one-ton truck for the Department of Public Works.

Approved entering into a maintenance project with Lane Northern, Inc. for yearly maintenance of the village's four wells. One well a year will be thouroughly checked and repaired at a cost of \$5,000 to \$10,000 a year.

SCIENCE PROJECTS: Immanuel Lutheran School of Sebewaing hosted a Science Fair Wednesday which included several working projects.

Here 13-year-old Brandon Lupp demonstrates a how a

marble through a maze can produce a chain reaction to turn on a light bulb at the base of the experiment. Lupp was assisted in his experiment by fellow classmates John Kemp and Kristy Kramer. All are seventh

graders at Immanuel. Even though the experiment didn't work the first time, it was still a learning experience to figure out what caused the flaw, they said.

GOODBYE TO TWO NICE PEOPLE: I've always felt fortunate that I could grow up as a youth in Sebewaing, and enjoyed more security and safety in Western Thumb small towns than in many places. That's partly why Sally and I chose a similar small town here in which to raise our own family, as this next generation continues.

Two of the friendly faces I recall vividly from my childhood have passed away in the past two weeks, and both make me sad for what we've lost.

The recent death of longtime Sebewaing leader Vic Gre and this past week's death of Wilbert Bauer remind me of the sad loss of two decent, church-going family men. Each had a ready smile, a twinkle in their eye... and each was a gentleman to "youngsters" such as me, as I remember them.

I went to school with children of both men, and those children (like me) are now parents ourselves. For Terry and Gail, Wayne, Sandy and Gary, we have words of sorrow, but there should also be joy in the memory of Vic and Wilbert, because of the legacies they've left behind as individuals.

We in the newspaper business deal with obituaries for all types of people. Normally we don't know everyone listed, but more and more we find we've had some contact with many. And it seems more and more of those people are too young to die, too young to leave us behind. There were still trips to

take, laughs to make, things to do. Yet, if you realize both these men have enjoyed watching their own children grow up, enjoyed the love of wives and have even had the chance to bounce grandchildren on their knees — things could be worse.

The fact that a person like me can mourn their passing who didn't know each man intimately yet has great respect for them because of their overall goodness — that's commend-

Political reforms should start with honest ads

As these words are written, we're in that odd period between when Tuesday's Proposal A voting takes place and when everyone knows the results. It's too early to laud or criticize the results, and likewise it's difficult to make predictions or estimates of how great (or terrible, choose one) things will be, now that Proposal A has passed (or is defeated.)

However, there's one prediction and estimate which CAN be made right now, no matter how today's vote turns out. We've never seen lower, more dishonest and less truthful advertisements in the past 30 years — and both sides are guilty of irrational, unfair charges.

Michigan should require complete truth in political advertising beginning with next year's elections, to require persons making claims to at least represent their views honestly. A \$100 fine per incident, whether it be newspaper ad, TV or radio spot, would be assessed when one "side" or the other overtly lies intentionally.

We've certainly seen these intentional mistruths in

abundance during this Proposal A voting.

Ads for one side (it barely matters which) will sav: "Passing Proposal A will raise your sales taxes, and you'll STILL have property taxes, too." That's true, but there will still be property taxes if Proposal A is defeated, too, since the back-up "Statutory Plan" maintains a 12-mill property tax, too.

These untruths aren't just "mistakes" or "oversights." The professionals who dreamed up these ads knew exactly what they were saying and they are deliberately muddying the water, probably to turn uncommitted voters toward their own views.

A ballot proposal should win or lose based on its merits. Mass media, performing properly, should tell us honest and complete information and allow voters to make up their own minds.

Michigan residents deserve facts, not fiction, when making important decisions through the ballot box.

"We are troubled on every side, yet not distressed; we are perplexed, but not in despair; persecuted, but not forsaken; cast down, but not destroyed." Il Cor. 4:8-9.

Trouble. Sickness. Pain. All afflicted the young, healthyappearing farmer. Unaccustomed to medical tests, surgeries and treatments, the young man cried out to his pastor, "My load is too heavy; I just can't take it anymore!"

The minister told him that Paul, who wrote the letters to the Corinthians, had similar problems, plus being pursued, beaten, imprisoned and persecuted. Then the pastor explained that God sometimes uses a heavy load to exercise the Christian's faith. "Pain and trouble build character," he continued.

For Pat's sake!

What can be said about the traditional mid-March holiday of St. Patrick's Day? It's a time for the wearin' o' the green as they say, and it's also a time that we begin lookin' for the green to be commin' outa the ground as well.

We like to celebrate Christian holidays, but tend to forget about the saints who inspired them. Very few people actually reflect on the life and times of St. Patrick, come March 17. We like to over-indulge, instead, in tankards of green beer.

I'm not preaching, mind you - I can't really tell you what the day is all about myself (Potatoes and snakes or something)! But I just find it intriguing how quick we are to celebrate any old day the calendar maker denotes. For instance, Valentine's Day wasn't enough, so now we have Sweetest Day, too.
Mother's Day and Father's Day weren't enough, so now we have Grandparents' Day as well. And one little day just was not enough for our secretaries, so now we have Secretary's

There is Bosses Day and President's Day, Ground Hog Day and Memorial Day. There's Labor Day, Flag Day, Veteran's Day and May Day . . . but what floats my boat is that nowhere on the calendar do I see Crabby Old Spinster Day! (I don't think Hallmark would run with that one, do you?)

Oh well, guess I'll just have to buy a button that says: "kiss me, I'm one-eighth Irish" and leave it at that. Here's green beer in your eye . . . Happy St. Patrick's Day!

My waders need patching again. A leak developed at one of the many stress points and it became noticeable only after I was waist-deep in a freezing river.

It was small at first and tolerable by fishing standards. A tiny wet spot on my long underwear indicated its approximate location and later that night, while searching the black neoprene, I located the weak spot and filled it with a urethane adhesive called Aquaseal.

my upstairs bedroom closet. They were big, black, ugly things that weigh a ton dry and would have taken me to the bottom of the Wiscoggin Drain, had they become filled with water.

One warm, spring evening, I was lumbering along the banks of a local ditch in fast pursuit of some fleeing fish. After clearing and dodging several bankside obstacles, I came in contact with a leaning fence post hidden in a profuse of dead grass.

The post wouldn't have been so bad, but the jagged nails it sprouted were too much for the waders and, for that matter, the soft, white flesh which lay beneath.

I bled like a stuck hog, and even though I made a makeshift bandage from my handkerchief, my foot sloshed in a blood-water foot bath all the way home. The knee was patched quickly and efficiently by a loving, but scolding mother. It was the waders I was worried about. The next morning I made a

"We had a bad third quarter just like we've had almost all year," Patriot Coach John

"We told them to expect (the Lakers) to come out hot in the third. It's really a shame because we played so well de-fensively in the first half and then got off to such a bad start in the second.

"It's not so much letting down as the Lakers stepped up and we got depressed.

They got frustrated and that's unusual for them, but this was a big game for them and I really felt that they felt they were confident enough to win, but you've still got to play ball.

The Patriots started off

with back-to-back triples by Ion Harder before the Lakers came back with buckets by Maust and Andy Mitin. Jody Nitz tied the game at 12-all at the end of the first quarter. Brian Hofmeister and Harder

teamed up to give the Patriots a 16-12 lead in the second before the Lakers came back. Jantzi and Mitin added four points to lift the Lakers to a 22-19 halftime lead. The Lakers came out hot in

Village Council's Monday evening meeting concerned the future, as the 1994-95 budget was approved, and the new marina and summer parks programs were considered with resulting votes.

In the total budget for 1994-95, anticipated revenue is \$5,483 higher in the new year than it was last year, but expenditures are down \$28,983, making the total financial picture improved by \$34,465. Last year the budget reached into earlier fund balances as expenditures were \$12,393 greater than revenues. This

LLOYD KUHL OF SEBEWAING retired recently after a 39 1/2-year career at Gettel 8 Company's Sebewaing store. He was guest of honor at an all-day open house and reception in the store when friends and fellow employes feted him. At the time of retirement, he was General Manager of the Sebewaing store. Shown on the photo are Lloyd at left, his wife Belva plus Kent and Mark Gettel, company

owners, and Lloyd Adam, who succeeded Kuhl as General Manager. The Gettels presented the retiree with an etched mirror showing his name and a John Deere tractor. The John Deere Company presented him with a watch and a gold 80-Series Model John

The Kuhls will vacation in Florida in March and will spend a week with Herb and Doris Gettel, parents of Kent and Mark. Even though retired officially, Kuhl continues to meet with John Deere customers, representing Gettel & Company.

The Kuhls have three sons and two daughters, Melvin of Sebewaing, Rodney of Chesaning, Susanne Niedrich of Frankenmuth, Sheila Gallow of Hillman and Philip of Sebewaing, and 11 grandchildren.

WE SALUTE THE **AMERICAN** FARMER ON THE OCCASION OF AGRICULTURE DAY. MARCH 20.

Look around America. We're an abundant and prosperous land. And just about everything we need to live and eat starts on the farms! Our American farmers are the world's greatest providers of food and fiber. Feed, fertilizer, chemicals, machinery and men...all join to make us "Number One" in the field of agriculture!

That's why we set aside this day to say "thank you" to farmers, and all people involved in this fine industry.

R.H. "Ike" Walton, Caseville was one of three state agricultural leaders named by MSU to receive the 1974 Distinguished Service to Agriculture award. He served as general manager of the Michigan Livestock Exchange for more

than 25 years. Susan Press, Pigeon and Deborah Wissner, Owendale, students at U of M, were recognized at the 51st annual Honors Convocation March 29 in Ann Arbor.

Laker Band Boosters estimate they will net \$900 from their two performances of "Down Home Harmonies" held March 28 and 31 at the school. Profits will be added to the fund to purchase new band uniforms.

10 YEARS AGO MARCH 21, 1984

A local era ends with the March 18 death of E.I. Clabuesch, longtime Chairman of the Board of Thumb National Bank & Trust Co.

Pigeon Lions Club Bowling Team took first place in the group's State Lion Bowling Tournament finals last weekend in Lansing. They took top honors with a 2991 series and each of the 10 members

received a plaque. Search for a replacement for Pigeon Village Clerk-Administrator Joseph McArdle will get underway in the next 10 days, following his departure at the Pigeon Village Coun-Kenneth (Red) Kohl and Vic cil's meeting last Wednesday. Janice Prill was sworn in as Caseville mayor at Monday Pigeon Rotarians and Rotary evening's Council meeting. She begins a two-year term, replacing outgoing Mayor

John Parr. State Senator John Engler, majority leader in the Senate, will be featured speaker at the March 29 kickoff dinner sponsored by the Republican Party of Huron County at the numbers, accompanied by Franklin Inn, Bad Axe.

"THE POWER TO PASS THAT'S DIXIE GAS" was the slogan of Newman and Haist Gas

Station in Sebewaing back in 1936 when this photo was taken. The partners were Albert

Neuman, left, and Elmer Haist, both deceased. The car had been decorated for a parade,

possibly for one of the Farmers' Festivals which were regular events in those years. The

men's service station was located at the intersection of North Center and Beck Street (M-

25) at the north side of Sebewaing. The station operated for many years as Haist's Service.

The building is now occupied by a pizza shop. The photo was loaned to The Newsweekly

ANNUAL TAX SALE

INTHECIRCUIT COURT FOR THE COUNTY OF HURON.

In the Matter of the Petition of the State Treasurer of Michigan, in behalf of said State, for the sale of certain lands for taxes assessed thereon.

I reviewed the petition of the State Treasurer who is requesting a judgement in favor of the State, against each parcel of land therein described, for the amounts claimed to be due for taxes, interest and charges on each parcel of land, and that the lands be sold for the amounts claimed by the State.

It is ordered that the petition be brought on for hearing and judgement at the April term of this Court, to be held at Bad Axe, in the County of Huron, State of Michigan on the 4th day of April, 1994. At the opening of Court on that day, all persons who have an interest in the lands or any part thereof, who wish to contest the lien claimed by the State, shall appear in this court and file their objections with the clerk on or before the first day of the term of this Court mentioned above, and a judgement will be made as requested in the petition if the amounts due are not

It is further ordered that the lands described in the petition, will be sold for the sold for the taxes, interest and charges on the first Tuesday in May thereafter, beginning at 10:00 A.M. on that day or days after, that are necessary to complete the sale of each parcel, at the office of the County Treasurer, or at a location selected by the Treasurer, at the County seat of the County mentioned above.

This sale will be open to the public and each parcel described in the judgement shall be separately offered for sale and sold to the person who pays the full amount charged against the parcel and accepts the smallest undivided interest in the property. Any parcel of land that is not sold on the first offering shall be reoffered on the succeeding day, or before the close of the sale. If not sold on the second offering the County Treasurer shall bid off the parcel in the name of the State.

Witness the Hon. M. Richard Knoblock, Circuit Judge, and the seal of the said Circuit Court of Huron County this 9th day of February, 1994 Countersigned, s/Helen M. Lemanski, Clerk, s/ M. Richard Knoblock, Circuit Judge.

STATE OF MICHIGAN

In the matter of the Petition of the State Treasurer of the State of Michigan, in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Huron: Douglas B. Roberts, State Treasurer of Michigan, shows unto the court

1. That he is the State Treasurer and files this petition under the provisions of P.A. 206 of 1893, as amended, and P.A. 380 of 1965, as amended.

2. That the attached Schedule A is the tax record required by the act and contains the description of all lands in the above county upon which taxes were assessed for the years mentioned therein and have remained unpaid for more than one year after they were returned delinquent.

3. That the amounts opposite each description of land are (a) the total amount of delinquent taxes which may lawfully be sold at the next annual tax sale, (b) interest calculated as provided by law to the first day of May, (c) a county property tax administration fee of four percent, with a minimum of \$1.00, and \$10.00 for expenses, all in accordance with the act men-

4. That all of the taxes, interest and charges are valid and have remained delinquent for sufficient time to require the sale of the lands against which they were assessed at the next annual tax sale, and constitute a valid lien upon each of the parcels of land, and that a judgement be issued in favor of the State against the land for the payment of the amounts specified, and if

not paid, that the lands be sold. Therefore your plaintiff requests:

a. That within the time provided by law this court determines that the aforesaid taxes, interest, and charges are valid and constitute a valid lien upon each of the parcels of land described in Schedule A;

b. That within the time provided by law this court makes a final judgement in favor of the State of Michigan against each parcel of land for the payment of the taxes, interest, and charges in Schedule A, and that the amounts listed in the column headed "Aggregate" shall constitute the amounts adjudged against the lands, unless so amended by this court;

c. That if the amounts in the schedule are not paid, the lands, or the portion that is necessary to satisfy the amount adjudged against the lands, shall be offered separately at the tax sale as the law provided;

d. That your plaintiff may have such other and further relief that this court finds just and equitable.

Date: February 8, 1994
