USA SOFTBALL TEAM WINS DISTRICTS
It's been quite a while since a USA Softball Team won a championship, but they got a district trophy Friday by defeating Cass City in the finals 8-7. Cass City, with a 22-9 record, looked to be the favorite, but the Patriots (12-17) had the winning touch at the right time, said USA Coach Carol Sattler. "I've said all along we were district material. We played an excellent game."
Angie Davilla got the win on the mound, allowing eight hits, six walks and striking out five, in the eight-inning match-up. But USA's Kris Betson connected with a Dave Monroe hit in the ninth inning to get a two-out hit to give USA the win. Betson had three singles and two ribbies, while sister Kim matched her with three singles and two ribbies. Jamie Collon had three singles and one RBI.
USA had the game tied in the seventh inning on an RBI single by Kristi Messing. But they also left runners on second and third when the inning finished.

USA advanced to the finals by defeating Lakers 18-7 earlier Friday. Dawn Diebel was the winner, scattering eight Cass City hits and four walks. Kim Betson belted a triple and four singles to knock in two runs. Jenny Schwart and Kris Betson each hit three singles.
Angie Davilla had three RBIs and Mari Knoll had two hits.

LAKERS' KIM STURM LEADS LOCAL ATHLETES AT STATE FINALS
Laker senior Kim Sturm hasn't been beaten in the shot put and discus very often this spring. She's set school records and then broken her own records with regularity.
So it was no surprise when she capped off her high school career with a win in the shot put at the Class C state finals at Bay City Western Saturday.
Sturm threw the shot 69'6'' for the win — and set her own personal record in the process — then competed in the discus, where she placed second with a haul of 137'9''.
Of the shot put figure, Sturm said, "I felt strong today and was in the right frame of mind. Once I reached 60 feet, it really didn't matter to me how I finished," she said, of beating her personal goal. "I was satisfied."

The only other placement for Laker trackers competing at the state level was Angie Weidman, who finished eighth in the high jump (5'2'').

Sturm is one of 80 girls who will represent Michigan at the Midwest Meet of Champions Track Meet Saturday at the Olympic Trials Track in Indianapolis.
The meet presents the finest scholastic track and field athletes from the Midwest, pitting them against each other on a team basis, to determine a Midwest team champion.

USA'S CHRISTIE ACHENBACH TAKES STATE FIRST, SECOND
USA's Christie Achenbach led Thumb Area runners, earning two top spots in Saturday's Class C state finals Saturday at Bay City Western.
She won the 3,200m run event with an 11:32.23 time, nearly five seconds faster than the second-place finisher.
Then she came back with a second-place finish in the highly competitive 1,600m run with a time of 5:12.75. That time just barely beat her all-time area record set last year.
Achenbach says the 1,600 is her best event, so she was surprised to find how well she had done in the 3,200. She said she was dead the first lap, but gained time and confidence while leading all runners.

"I didn't even think I'd medal," she said after the race. "Then I can never toll if I have enough left. That's why I keep on leading the whole way."

"It hasn't really sunk in yet," Achenbach said of her win.
In the Class D state finals in Bay City, Cassville's Jamie Jensen finished her high school career with a fourth place finish in the high jump, clearing a 5'9'' bar.

USA BASEBALL FALLS TO BAD AXE
The USA Patriots Baseball Team outlasted the Lakers in the opening game of the district playoffs 8-7, then were shut out by Bad Axe in the finals, 7-0.
In the opening game, Tony Sokol pitched all the way for the win, giving up nine hits, fanning three and allowing no walks. Brad Heckman had two hits, including a double, Matt Kohl and Kurt Vermes each hit doubles, and Steve Harris had two hits with a triple.
Josh Prime and Sokol each had two singles. For the Lakers, Brian Gebauer had two hits including a homer. Jeff Talaski had two hits and Todd Tate had a double.
In the final game, Aaron Batch pitched the entire game, allowing eight hits, striking out two, and walking three. Matt Kohl had two hits and Harris had a triple.
They finished their season with a 12-18 overall, 4-8 league record.

Meet your 1994 School Board candidates

Amy Heiden and Mary Dyer of The Newsweekly asked each candidate for local School Board at the Fair Grove Community School on Monday. These questions, nearly all responded. Following are brief responses:

1. Why should you be elected to the laker, or CASEVILLE, or school?

STEVEN J. SUTTLED

OCCUPATION: Attorney

1. I believe that school board members should seek to improve both the quality and the value of the educational experience for all students. I believe that school board members should work to ensure that the education given to all students is adequately funded, and that the school district is adequately staffed.

2. My family and I have been actively involved in the local schools, serving on various committees and volunteering at school events. I have firsthand experience with the challenges faced by our schools and the importance of ensuring a quality education for all students.

3. As a resident of the district, I have a vested interest in ensuring that the schools are able to meet the needs of all students.

4. I believe that school board members should be responsive to the needs of the community, and that they should work to ensure that the schools are able to meet the needs of all students.

5. I have the experience and the skills necessary to serve on the school board.

2. What areas do you believe the board of education must stress in the coming years?

LAURIE DECKER

OCCUPATION: Customer Service Representative

1. The most important area that the school board must stress is the quality of education. I believe that every student deserves a quality education, and that the school board should work to ensure that this is the case.

2. The school board should also focus on the importance of extracurricular activities, and the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

3. What are the biggest challenges facing the board and the district in the near future?

KURT EWA

OCCUPATION: Farmer

1. One of the biggest challenges facing the board and the district is the need to address the needs of all students, including those who may be struggling in school.

2. The school board must also focus on the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

4. What shortcomings do you think your district has and how would you change those shortcomings?

GEORGE "AL" PATTERSON

OCCUPATION: Farmer, People's Credit Union

1. One of the biggest shortcomings in our district is the lack of funding for essential programs and services. I believe that the school board should work to ensure that the schools are adequately funded, and that the district has the resources necessary to provide a quality education for all students.

2. The school board must also focus on the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

5. How would you participate in the decision-making process of the school board?

DAN REYNOLDS

OCCUPATION: Secondary Teacher

1. I believe that the school board should be open and transparent, and that the board should be willing to listen to the concerns of all stakeholders.

2. The school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

5. How would you address the needs of all students?

LISA McVIE

OCCUPATION: United States Postal Worker

1. I believe that the school board should be open and transparent, and that the board should be willing to listen to the concerns of all stakeholders.

2. The school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

5. How would you address the needs of all students?

6. Challenges for the short term and long term?

MICHAEL DECKER

OCCUPATION: Detroit Edition Home Owner

1. One of the biggest challenges facing the school district is the need to address the needs of all students, including those who may be struggling in school.

2. The school board must also focus on the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

5. How would you address the needs of all students?

7. Prior to education, the board of education?

JANICE WILLIAMS

OCCUPATION: Licensed Practical Nurse

1. I believe that the school board should be open and transparent, and that the board should be willing to listen to the concerns of all stakeholders.

2. The school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

3. I believe that the school board should also focus on the importance of providing students with a safe and supportive learning environment.

4. I believe that the school board should also focus on the importance of providing students with opportunities to develop their skills and interests.

5. How would you address the needs of all students?

**FIRE ADRN’S DINNER SWAGING SUCCESS!**

"The Fire Arts dinner has not only been successful, but has truly sparked at Laker," their spokesperson reported.

"These works came from an enthusiastic group in the 5th annual Fire Arts Dinner," the spokesperson clarified.

Over the evening of May 19, the Laker High School Auditorium, gym, and Turkey Center were illuminated by the creative artists on display. A total of 45 artists, including students, professional artists, and community members, showcased their unique creations.

In addition, the program featured an interesting variety of performances by various groups, adding to the evening's atmosphere.

The event went off without a hitch, and the audience was left enthralled by the display of talent on display. The Laker High School Auditorium and Turkey Center were transformed into a haven for creativity and artistic expression.

The Fire Arts dinner was attended by a large number of people, and the event exceeded expectations in every way.

Special thanks must be given to the Fire Arts Council, school board, and all participants who made this event a success.

This year, the Fire Arts dinner will recognize the hard work and dedication of all those involved.

"We are especially grateful to the community for their support and involvement," the spokesperson emphasized.

Thanks to the collaboration of the Fire Arts Council, school board, and local artists, another successful Fire Arts dinner is now in the books.

**CONTEST WINNERS PAINT PIGEON PTO CONCESSION WAGON!**

"In our contest, we have a winner!" the spokesperson announced.

"The winner of our painting contest was a loyal patron named Sarah," the spokesperson revealed.

"Sarah painted a beautiful picture of a pigeon, and we are so proud of her work," the spokesperson stated.

"It was a close contest, but Sarah’s artwork truly stood out," the spokesperson remarked.

"We are excited to see our new PTO concession wagon adorned with Sarah’s artwork," the spokesperson concluded.

"Thank you to everyone who participated in our contest," the spokesperson expressed.

"We could not have done it without your support."

1994 LAKER VALEDICTORY ADDRESS

By BILL SMITH, Valedictorian Editor - Pigeon Bay Port High School

Good afternoon parents, friends, faculty, board members, honored guests and fellow graduates of the Class of 1994.

Three years ago, we ventured into this incredible journey. Today we are sitting here with a combination of emotions. Most of us are excited, happy, and perhaps a bit nervous. It's hard to believe that we are finally here. We learned many new things and shared new experiences together. In the past, we have learned to read, write, think, and read. In third grade, we learned how to practice. In fourth grade, we explored science and in fifth grade, we participated in organized basketball for the first time. In junior high school, the kids competed against each other for honors, awards, and prizes, but now we have a larger sense of purpose.

This has been the high school - the four high school years - and maybe it has been the best year of our lives. Now, we are facing the next step in our lives, our college. It is an exciting time for all of us. The college years will be full of opportunities, friendships, and good times ahead. It is the time of our lives that we will always remember. This is the beginning of our adult lives.

Congratulations to you all!!
