Cook 1 quart of tomatoes and strain. Add ¼ teaspoon soda to tomato. Season with salt, pepper and celery salt and some butter. Scald 1 quart milk and add to mixture. A few rolled crackers may be added for thickening if desired. Mrs. A. D. Brown, Tower.

CREAM OF CELERY SOUP
4 small heads celery, 1 pint water, 1 tablespoon butter 1 teaspoon salt, 1 small onion, 1 quart milk, 3 tablespoons flour, 1 bay leaf, pepper. FISH
“Fishie, fishie in the brook,
Papa catch him with a hook,
Mama fry him in a pan,
Baby eat him like a man.”

Fish to scale readily should be dipped in boiling water for a second only.

Heat salt that you rub on fish and it will penetrate to the bone.

Allow 10 minutes for the first pound of fish, and 5 minutes for each additional pound. Thus for 5 pounds allow 30 minutes. By pulling out a fin you can tell when a fish is done. If it comes out easily and is opaque white, the fish is done.

Do not leave fried fish in the spider in which it has been cooked, as it will destroy the flavor and absorb the fat.

Salt mackerel should be soaked in plenty of water for 10 to 12 hours before using. Put the flesh side of fish down, and, if possible, raised from the bottom of the vessel, so that the water can circulate freely.
BROILED MACKEREL

Freshen the fish. Drain and wipe dry, being careful not to break it. Lay it between the bars of a double broiler, well greased with salt pork. Broil over a clear fire until a light brown. Place on a platter and pour over Tartare sauce.

Sauce.—1 tablespoon vinegar, 1 teaspoon lemon juice, 1 salt spoon salt, 1 tablespoon Worcestershire sauce and 1 3 cup butter. Mix in the order given, place in a dish in hot water and stir until well blended.

C. E. Spens.

FISH HASH

Use 1 cup of picked codfish to 2 cups of potatoes. Freshen fish and then slowly boil fish and potatoes together until potatoes are soft. Drain and mash. Add 1 tablespoon butter, 1 salt spoon pepper, and ¼ cup or more of hot milk. Mold neatly on platter, make a depression in center and fill with hot cream sauce sprinkled with parsley. They may be browned in spider with a little butter or baked in the oven.

C. S. Goddard, Ill.

SALMON LOAF

1 can salmon. Pick out bones and break up quite fine. Leave on the liquor. Add 3 eggs beaten light, 4 tablespoons melted butter, ¾ cup bread or cracker crumbs. A little red pepper and salt. Steam 1 hour in a buttered mold. Serve hot with dressing.

Dressing—1 cup milk (large cup), 1 tablespoon butter, 1 tablespoon Kingford’s cornstarch, yolk of 1 egg, little salt. Cook like any cream sauce.

R. Hilliard.

Take 1 1/2 cups water to 2 3/4 milk and let come to a boil. To each cup allow 1/2 teaspoon of grated chocolate or cocoa. Mix enough granulated sugar with this to form a dry mass and stir into boiling milk and allow 2 minutes or more for boiling.

RASPBERRY SHRUB
Place the berries in a jar with enough vinegar to cover them. Let them stand in refrigerator or cellar 3 days. Let them drain in slv-e or jelly bag, but do not squeeze out the pulp. To every pint of juice add 1 pound white sugar. Boil, skim, let cool and bottle. Blackberries may be used in the same way.

HOW TO PACK EGGS THAT WILL KEEP FRESH SEVERAL MONTHS.

(Contributed by E. A. Sepull of The Sepull Pharmacy.)

Mix nine parts water that has previously been boiled and allowed to cool, with one pine water glass. This will make enough liquid to partially fill a 2 gallon crock and is now ready for use. Pack eggs that are strictly fresh by simply laying them in the crock. Do not drop them in as they may crack when settling to the bottom. Be sure all of the eggs are covered with the liquid. Water glass is inexpensive and can be procured at any good drug store.

TO BLANCH NUTS—Cover nuts with boiling water and let stand 2 minutes, drain, put into cold water and rub off the skins then put between towels to dry.

Put a few grains of rice in your SALT SHAKER to keep salt from clogging.

FISH are scaled easier if dipped in hot water for a minute.

To CLARIFY BUTTER—Melt in a saucepan. The salt will settle to the bottom and the butter is then clarified.

To Remove MILDEW—rub over the spots with a piece of raw tomato, sprinkle with salt and lay in the sun. Repeat the process if necessary two or three times.

To remove STAINS from hands use lemon juice.

An excellent TOOTHWASH is to use a dash of lemon in water.

To cure a NERVOUS HEADACHE use two or three slices of lemon in a cup of strong tea.

To kill INSECTS ON ROSES cook 1 lb. of tobacco in five gallons of hot water and spray when cool.

FRUIT STAINS ON LINEN—Stretch the spattered part over a bowl and pour boiling water on the stain. Repeat treatment several times in order to remove stain entirely. Tea, coffee and wine stains may be eradicated by the same method. The sooner they are taken out the better.

TO REMOVE IRON RUST—Iron rust may be removed from white fabrics by boiling in water to which has been added several teaspoons of cream or tartar.

TO SET COLOR—For lavender use 1 tablespoon sugar of lead to 1 gallon of water; for blue, 1/2 cup vinegar to 1 gallon of water. For black or pink 2 cups of salt to 1 gallon of water.

LAUNDERING LACES—In laundering laces or thin white waist or children’s thin dresses, rinse in a solution of borax which will give them just the required stiffness. 2 heaping tablespoons borax to 5 quarts of water. Better than starch.

WHEN GREASE IS SPILLED—if grease is spilled on the stove, sprinkle it with dry salt and all odor is avoided.

A TIME SAVER—Glycerine applied to glass stoppers will prevent them from sticking.

TO PREVENT ODOR AND SMOKE from frying griddle cakes—Use a little bag of dry salt on griddle pan instead of greasing the pan. The cakes will not stick and will brown beautifully if griddle is hot enough.

AN UNFAILING REMEDY

On Sunday morning rise at six; use plenty of cold water on the face; eat a plain hearty breakfast; then mix up and take internally the following ingredients: Will, push, energy, determination, self-respect, respect for God’s day, respect for God’s house, a desire to be somebody; stir well; add a little love just to make it sweet; repeat the dose every three minutes until church time, till Bible school time, unless relief comes sooner. If the day is stormy, an external application of overshoes, raincoats and umbrellas will be beneficial. We shall confidently look for wonderful cures.
