WORK FOR A PREMIUM.

How to do it.

Many people believe that, however easily others may succeed in raising a club, they cannot do so when they get about it in earnest. They are surprised at the good success they meet with.

Look over the list carefully and pick out what you desire. See how many subscribers it will take to secure the prize. Then go to work systematically and secure the requisite number.

Take a subscription paper, head the list with your name and address and put down the name of the desired prize. If you have friends living at a distance put their names down or write to them to do so.

Do not let up until you have secured every name and filled the list up to the top. Do not let up until you have secured every name and filled the list up to the top.
